GRAY WOLF DELISTING RESOLUTION

Kaden Figgins, County Planner, presented Resolution 2025-5 Federal Delisting of the Gray Wolf in Utah.

GARFIELD COUNTY, UTAH RESOLUTION NO. 2025-5

FEDERAL DELISTING OF THE GRAY WOLF IN UTAH

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF GARFIELD COUNTY, UTAH, SUPPORTING THE FEDERAL DELISTING OF THE GRAY WOLF IN UTAH AND REQUESTING TRANSFER OF MANAGEMENT AUTHORITY TO THE STATE OF UTAH

WHEREAS, the Endangered Species Act (ESA) provides for the listing and delisting of species as threatened or endangered based on the best available scientific and commercial data; and

WHEREAS, the gray wolf (*Canis lupus*) has recovered to sustainable population levels in multiple regions of the western United States, including areas bordering Utah, due to successful conservation and management efforts; and

WHEREAS, portions of northern Utah have already been federally delisted, allowing for limited state management under Utah's approved Wolf Management Plan; however, the species remains federally listed as endangered in the remainder of the state; and

WHEREAS, this split-jurisdictional management complicates the ability of the State of Utah and local governments to effectively address conflicts that arise between wolves, livestock, and wildlife populations, including big game species that are vital to local economies and hunting opportunities; and

WHEREAS, neighboring states such as Colorado are actively reintroducing wolves near the Utah border, increasing the likelihood of wolf dispersal into southern and central Utah and the resulting management challenges; and

WHEREAS, Utah has developed a comprehensive and science-based Utah Wolf Management Plan, which provides for balanced conservation of wolf populations while also protecting livestock, wildlife, and the livelihoods of Utah citizens; and

WHEREAS, Utah's long-standing policy, supported by the Governor, Legislature, and Utah Association of Counties, is to advocate for full federal delisting of the gray wolf throughout the state and to return management authority to the State of Utah under state law; and

WHEREAS, local governments, agricultural producers, and wildlife managers in Garfield County are directly affected by federal management decisions that do not adequately account for local conditions or impacts; and

WHEREAS, the Garfield County Commission finds it in the best interest of the County, its citizens, and the State of Utah that wolf management be conducted by the State, which is better equipped to balance ecological goals with agricultural and wildlife management needs.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Garfield County, Utah, that the County hereby expresses its full support for the federal delisting of the gray wolf throughout the State of Utah and requests that management authority be transferred from the U.S. Fish and Wildlife Service to the State of Utah.

BE IT FURTHER RESOLVED that Garfield County urges the Utah Governor's Office, the Utah Department of Natural Resources, and the Utah congressional delegation to continue actively pursuing and supporting the complete delisting and transfer of management authority to the State.

BE IT FURTHER RESOLVED that copies of this Resolution be transmitted to the Governor of Utah, the Utah Division of Wildlife Resources, the Utah Department of Agriculture and Food, the Utah Association of Counties, and the members of Utah's congressional delegation.

APPROVED AND ADOPTED this ____ day of _____, 2025, by the Board of County Commissioners of Garfield County, Utah.

Garfield County Commission, Chair

Leland F. Pollock
