Are you 18 or older?

Yes

Are you a Payson resident?

Yes

Where did you hear about us?

Word of Mouth

What is your motivation for service on the committee?

I am an avid user of the Forebay trail system. My wife and I love the mountain bike trails, which are the best in the area. I have an extremely high interest in being a voice to not only improve upon it, but to preserve this very important Payson City asset for the benefit of Payson City residents.

How does your background, training, and experience lend itself to service on the committee?

I have lived in Payson since 2005 and have been mountain biking in Payson Canyon since 2008. I had been using the Forebay trail system for both mountain biking and trail running until about 2020. Since then, I have only been using the system for mountain biking. I hope to get back into trail running at some point as these trails are excellent for both activities. I've participated in at least 8 Spartan races and hope to get back into those races at some point. My experience with Forebay is that it offers me a place to exercise and improve my mental health.

Please list any relevant areas of expertise, education, or training you possess that will be helpful for service.

I am accountant which may be useful in looking at how the committee can be fiscally responsible for Forebay and its management. I have served as the treasurer on the board of a non-profit organization in the mental health industry. I believe that Forebay offers not only an opportunity for our residents to have access to outdoor exercise but I also a place that can improve their mental health. Being outdoors is both physically and mentally healthy and I believe that helps our community as a whole.
