Full Name Matthew Earlywine

E-mail

Address

Payson, UT, 84651

Phone Number

Are you 18 or older?

Yes

Are you a Payson resident?

Yes

Where did you hear about us?

Social Media

What is your motivation for service on the committee?

I use the Forebay trails often and truly admire the community's dedication to keeping this area natural and well cared for. I want to give back by contributing to that effort and helping sustain the vision that makes the Forebay such a special place.

How does your background, training, and experience lend itself to service on the committee?

I use the Forebay trails often and have a firsthand understanding of the area's needs and strengths. In my profession as a Software Tester, I'm trained to identify areas for improvement, streamline processes, and enhance communication and transparency within teams. I naturally apply that same mindset when I'm out on the trails—always looking for ways to improve the experience while respecting and preserving the natural environment.

I believe my attention to detail, problem-solving skills, and collaborative approach would be valuable to the committee. Most importantly, I'm passionate about keeping our outdoor spaces as pure and sustainable as possible for the community and future generations.

Please list any relevant areas of expertise, education, or training you possess that will be helpful for service.

I assisted during the development of the Noah Trail, which gave me firsthand experience with community collaboration and the work involved in maintaining local outdoor spaces. I hold a bachelor's degree in History, which has strengthened my abilities in research, communication, and project coordination. These skills have carried through my professional career and allow me to take initiative, work well with others, and follow through on responsibilities. I'm eager to apply these abilities to my passion

for outdoor recreation and contribute to maintaining and improving our local trails and parks.
