I. INTRODUCTION

A. Purpose and Intent.

The Districts are independent units of local government, separate and distinct from the Town, and, except as may otherwise be provided for by State or local law or this Governing Document, their activities are subject to review by the Town only if they deviate in a material matter from the requirements of the Governing Document. It is intended that the Districts will levy taxes to finance part or all of the Public Improvements that will serve the anticipated inhabitants and taxpayers in the Project. The Districts may, at their option, pledge tax revenues to an interlocal entity that provides part or all of the Public Improvements. The primary purpose of the Districts will be to finance or help finance the construction of the Public Improvements. The Districts are not being created to provide any ongoing operations and maintenance services.

B. Need for the Districts.

There are currently no other governmental entities, including the Town, that consider it desirable, feasible, or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the Districts is therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the Town Regarding Districts' Governing Document.

The Town's objective in approving the Governing Document for the Districts is to authorize the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the Districts or an entity to which the Districts have pledged tax revenues. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Assessments. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Governing Document is intended to establish a limited purpose for the Districts and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide the Public Improvements associated with Project and regional needs. Although the Districts have authority to directly provide the Public Improvements, the Districts also have authority to pledge tax revenues to an interlocal entity that provides the Public Improvements.

It is the intent of the Districts to dissolve upon payment or defeasance of all Debt incurred or upon a court determination that adequate provision has been made for the payment of all Debt.

The Districts are hereby authorized to finance the Public Improvements that can be funded from Debt to be repaid from Assessments, or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on taxable properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on taxable properties. It is the intent of this Governing Document to assure to the extent possible that no taxable property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no taxable property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts.

The Annexation Area of each District is the area depicted in **Exhibit B** hereto. IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Initial Boundaries together consist of approximately 203.91 acres of undeveloped land. The current assessed valuation of the Initial District Boundaries at build out is expected to be sufficient to reasonably discharge the Debt under the Financial Plan.

Approval of this Governing Document by the Town does not imply approval of the development of a specific area within the District, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Governing Document or any of the exhibits attached thereto.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the Districts and Governing Document Amendment.

Each District shall have the power and authority to provide the Public Improvements within and without the boundaries of that District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to any limitations set forth herein. Each District shall further have all power and authority as a “public agency” under the Interlocal Cooperation Act to enter into any interlocal agreement and to create any interlocal entity that may exercise any powers that may be exercised by a District.

1. Operations and Maintenance Limitation. The purpose of each District is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. Each District shall dedicate the Public Improvements to the Town or other appropriate public entity or owners association in a manner consistent with the applicable provisions of the Town Code.

2. Construction Standards Limitation. Each District will design and construct the Public Improvements in accordance with the standards and specifications of the Town. Each District will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

3. Procurement. Each District shall be subject to the Utah Procurement Code, Title 63G, Chapter 6a. Notwithstanding this requirement, a District may acquire completed or partially completed improvements for fair market value as reasonably determined by a surveyor or engineer that the District employs or engages to perform the necessary engineering services for and to supervise the construction or installation of the improvements (which may be a Town surveyor or engineer).

4. Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, a District shall obtain the certification of a Municipal Advisor substantially as follows:

We are [I am] a Municipal Advisor within the meaning of the District’s Governing Document.

We [I] certify that (1) the net effective interest rate to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.]

5. Annexation and Withdrawal.

(a) Neither District shall include within any of its boundaries any property outside the District Area without the prior written consent of the Town. The Town, by resolution, has consented to each District's annexation of any area within the Annexation Area Boundaries into the District. A District may, by resolution, and without the prior written consent of the Town, annex any property within the District Area if the District has the consent of all property owners and registered voters, if any, within the area to be annexed.

(b) The Town, by resolution, has consented to the withdrawal of any area within the District Boundaries from a District. Such area may only be withdrawn upon the District obtaining consent of all property owners and registered voters, if any, within the area proposed to be withdrawn and the passage of a resolution of the Board approving such withdrawal.

(c) Any annexation or withdrawal shall be in accordance with the requirements of the PID Act.

(d) Upon any annexation or withdrawal, the District shall provide the Town a description of the revised District Boundaries.

(e) Annexation or withdrawal of any area in accordance with V.A.5(a) and (b) shall not constitute an amendment of this Governing Document.

6. Overlap Limitation. No District shall consent to the organization of any other public infrastructure district organized under the PID Act within the District Area which will overlap the boundaries of that District unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the Districts. A District may annex an area that is a part of another public infrastructure district only if the aggregate mill levy for payment of Debt of the overlapping area would not exceed the Maximum Debt Mill Levy of the Districts.

7. Initial Debt Limitation. On or before the effective date of approval by the Town of the Interlocal Agreement provided in **Exhibit C**, the Districts shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any Assessments used for the purpose of repayment of Debt.

8. Total Debt Issuance Limitation. There shall be no limit to the amount of Debt that may be issued by the Districts, except as may be limited by the Maximum Debt Mill Levy set forth herein. There is no limit to the amount of Assessment Debt or C-PACE Bonds the Districts may issue so long as such issuances are in accordance with the provisions of the applicable Assessment Act.

9. Bankruptcy Limitation. All of the limitations contained in this Governing Document, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the Town to approve a Governing Document with conditions pursuant to Section 17D-4-201(5), Utah Code. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Governing Document Amendment; and

(b) Are, together with all other requirements of Utah law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Governing Document and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the Town as part of a Governing Document Amendment.

10. Eminent Domain. The Districts shall not exercise eminent domain or utilize any funds of the Districts to support any eminent domain action or proceeding unless (i) the public improvements for which eminent domain is proposed are specifically approved under the Interlocal Agreement or a Development Agreement, or a separate agreement of the Town and (ii) their location complies with a master infrastructure plan or similar plan of the Town or the applicable service provider.

11. Governing Document Amendment Requirement.

(a) This Governing Document has been designed with sufficient flexibility to enable each District to provide required improvements and facilities under evolving circumstances without the need for amendments. Actions of a District which clearly violate the limitations set forth in V.A.1-9 above or in VIII.B-G. shall be deemed to be material violations of this Governing Document and the Town shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

(b) Subject to the limitations and exceptions contained herein, this Governing Document may be amended by passage of resolutions of the Town and each District affected by such amendment.

B. Preliminary Engineering Survey.

Each District shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance, and financing of the Public Improvements within and without the boundaries of the District. An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed will be prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the District Area.

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the Town and/or any other

applicable public entity. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

VI. THE BOARD OF TRUSTEES

A. Board Composition. The Board of each District shall be composed of 3 Trustees who shall be appointed by the Town Council pursuant to the PID Act. Trustees 1, 2, and 3 shall be at large seats. Trustee terms shall be staggered with initial terms as follows: Trustees 1 and 2 shall serve an initial term of six years; Trustee 3 shall serve an initial term of four years. In accordance with the PID Act, appointed Trustees shall not be required to be residents of the District.

B. Reappointment. Upon the expiration of a Trustee's respective term, the seat shall be appointed by the Town Council pursuant to the PID Act. If a Trustee's term will expire within two years of the District's first annexation, the Town Council will re-appoint the Trustee(s) for an additional term. In the event that no qualified candidate files to be considered for appointment for a seat, such seat may be filled in accordance with the Local District Act.

C. Transition to Elected Board. For each District in which Anticipated Units are developed, respective board seats shall transition from appointed to elected seats according to the following milestones:

1. Trustee 1. Trustee 1 shall transition to an elected seat after the end of a full term during which 50% of the Anticipated Units have received certificates of occupancy.
2. Trustee 2. Trustee 2 shall transition to an elected seat after the end of a full term during which 70% of the Anticipated Units have received certificates of occupancy.
3. Trustee 3. Trustee 3 shall transition to an elected seat after the end of a full term during which 90% of the Anticipated Units have received certificates of occupancy.

No transition pursuant to this Section on the basis of the number of building permits issued shall become effective until the next scheduled regular election of the District. Seats set to transition on January 1 of a given year shall hold an election for such seats at the regular election immediately preceding such January 1. In the event that a District has no Anticipated Units, the Trustees shall continue to be appointed.

D. Vacancy. Any vacancy on a Board shall be filled pursuant to the Special District Act and in accordance with the PID Act.

E. Compensation. Only Trustees who are residents of a District may be compensated for services as Trustee. Such compensation shall be in accordance with State Law.

F. Conflicts of Interest. Trustees shall disclose all conflicts of interest. Any Trustee who discloses such conflicts in accordance with 17D-4-202(9) and 67-16-9, Utah Code, shall be entitled to vote on such matters.

VII. REGIONAL IMPROVEMENTS

The District shall be authorized to facilitate or provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements. Regional Improvements may include roadways, utility connections in said roadways, and any other such public improvements.

VIII. FINANCIAL PLAN

A. General.

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the District or an interlocal entity to which the District has pledged its revenues. The Financial Plan for the District shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy, Assessments and other legally available revenues, or in the alternative, at the District's option, to pledge revenues derived from the Maximum Debt Mill Levy, Assessments and other legally available revenues to an interlocal entity that will issue such Debt as can be reasonably be paid. If the District issues Debt, the total Debt that the District issues shall be issued on a schedule and in such year or years as the District determine shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. Any portion of bonds issued to refund a prior issuance of debt by the District shall not count against the permitted total Debt. All bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes to be imposed upon all Taxable Property within the District and Assessments. The District may also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, penalties, or charges, including as provided in Section 17D-4-302, Utah Code, as amended from time to time.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, if issued by the District, will comply with all relevant requirements of this Governing Document, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy.

(a) The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the taxable property within the District for payment of Limited Tax Debt shall be **0.010 per dollar or ten (10) mills**; provided that such levy shall be subject to adjustment as provided in Section 17D-4-301(8), Utah Code.

(b) Such Maximum Debt Mill Levy may only be amended pursuant to a Governing Document Amendment and as provided in Section 17D-4-202, Utah Code.

D. Maximum Debt Mill Levy Imposition Term.

Any bond issued by the District shall mature within thirty (30) years from the date of issuance of such bond. In addition, no mill levy may be imposed for the repayment of a series of the District's bonds after a period exceeding forty (40) years from the date of issuance of such bond (the "Maximum Debt Mill Levy Imposition Term").

E. Debt Repayment Sources.

The District may impose a mill levy on taxable property within its boundaries as a primary source of revenue for repayment of debt service. The District may also rely upon various other revenue sources authorized by law. At the District's discretion, these may include the power to assess Assessments, penalties, or charges, including as provided in Section 17D-4-203, Utah Code, as amended from time to time. Except as described in Section VIII.C(a), the debt service mill levy in the District shall not exceed the Maximum Debt Mill Levy or, the Maximum Debt Mill Levy Imposition Term, except for repayment of General Obligation Debt.

The District shall not be permitted to charge an End User the costs of any portion of a Public Improvement for which such End User has already paid or is presently obligated to pay through any combination of mill levy, Assessment, or impact fee. This provision shall not prohibit the division of costs between mill levies, Assessments, or impact fees, but is intended to prevent double taxation of End Users for the costs of Public Improvements.

F. Debt Instrument Disclosure Requirement.

In the text of any Bond and any other instrument representing and constituting Debt, the District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Governing Document for creation of the District.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Governing Document shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

G. Security for Debt.

The District shall not pledge any revenue or property of the Town as security for the indebtedness set forth in this Governing Document. Approval of this Governing Document shall not be construed as a guarantee by the Town of payment of any of the District's obligations;

nor shall anything in the Governing Document be construed so as to create any responsibility or liability on the part of the Town in the event of default by the District in the payment of any such obligation.

H. District's Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated costs of the District's organization and initial operations, are anticipated to be Seventy-five Thousand Dollars (\$75,000), which will be eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and to plan and cause the Public Improvements to be constructed. The first year's operating budget is estimated to be approximately Sixty-five Thousand Dollars (\$65,000) which is anticipated to be derived from property taxes and other revenues.

In no event shall a dissolution occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes. INTERLOCAL AGREEMENT BETWEEN
TOWN OF APPLE VALLEY, UTAH
AND
OCULTA ROCA PUBLIC INFRASTRUCTURE DISTRICT NO. 1 & 2

THIS AGREEMENT is made and entered into as of this 9th day of October, 2024, by and between the Town of Apple Valley, Utah, a municipal corporation of the State of Utah (“Town”), and OCULTA ROCA PUBLIC INFRASTRUCTURE DISTRICT NO. 1 & 2, a political subdivision of the State of Utah (the “District”). The Town and the District are collectively referred to as the Parties.

RECITALS

WHEREAS, the District was organized to provide to exercise powers as are more specifically set forth in the District’s Governing Document approved by the Town on August 28, 2024 (“Governing Document”); and

WHEREAS, the Governing Document makes reference to the execution of an Interlocal Agreement between the Town and the District; and

WHEREAS, the Town and the District have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Interlocal Agreement (“Agreement”).

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The District shall dedicate the Public Improvements (as defined in the Governing Document) to the Town or other appropriate jurisdiction in a manner consistent with the applicable provisions of the Town Code. The District shall be authorized, but not obligated, to own Public Improvements not otherwise required to be dedicated to the Town or other public entity, and all necessary equipment and appurtenances incident thereto.

All parks and trails owned by the District shall be open to the general public and Non-District Town residents, subject to the rules and regulations of the District as adopted from time to time. Trails which are interconnected with a Town or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of taxable property within the District.

2. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of other governmental entities having proper jurisdiction, as applicable. The District will obtain the Town’s approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

3. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of a Municipal Advisor substantially as follows:

We are [I am] a Municipal Advisor within the meaning of the District's Governing Document.

We [I] certify that (1) the net effective interest rate to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

4. Inclusion Limitation. The District shall not include within any of its boundaries any property outside the District Area without the prior written consent of the Town. The Town, by resolution, has consented to the District's annexation of any area within the Annexation Area Boundaries into the District. The District may, by resolution, and without the prior written consent of the Town, annex any property within the District Area if the District has the consent of all property owners and registered voters, if any, within the area to be annexed. The Town agrees that the intent of this Paragraph and the Governing Document is to allow the District to unilaterally annex any area within the Annexation Area Boundaries at the District's sole discretion, and the Town agrees that if the District's unilateral annexation fails or would be unsatisfactory in the District's opinion, the Town agrees to cooperate and perform all necessary actions to accomplish the District's intended annexation, including but not limited to adopting a resolution under 17D-4-201(3) that mirrors the District's resolution to annex the property within the Annexation Area Boundaries.

5. Overlap Limitation. The District shall not consent to the organization of any other public infrastructure district organized under the PID Act within the District Area which will overlap the boundaries of the District unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the District. The District may annex an area that is a part of another public infrastructure district only if the aggregate mill levy for payment of Debt of the overlapping area would not exceed the Maximum Debt Mill Levy of the District.

6. Initial Debt. On or before the effective date of approval by the Town of this Interlocal Agreement, the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any fees used for the purpose of repayment of Debt.

7. Bankruptcy. All of the limitations contained in the Governing Document, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the Town to approve a Governing Document with conditions pursuant to Section 17D-4-201(5), Utah Code. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Governing Document Amendment; and

(b) Are, together with all other requirements of Utah law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Governing Document and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the Town as part of a Governing Document Amendment.

8. Dissolution. Upon an independent determination of the Town Council that the purposes for which the District was created have been accomplished, the District agrees to file petitions in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes. Further, in no event shall a dissolution occur until the District has satisfied all contractual obligations, including but not limited to any pledge of tax revenues to an interlocal entity.

9. Disclosure to Purchasers. Within thirty (30) days of the Town adopting a resolution creating the District, the Board shall record a notice with the recorder of Washington County. Such notice shall (a) contain a description of the Initial Boundaries of the District, (b) state that a copy of this Governing Document is on file at the office of the Town, (c) state that the District may finance and repay infrastructure and other improvements through the levy of a property tax; (d) state the Maximum Debt Mill Levy of the District; and (d) if applicable, stating that the debt may convert to general obligation debt and outlining the provisions relating to conversion. Such notice shall further be filed with the Town.

10. Eminent Domain. The District shall not exercise eminent domain or utilize any funds of the District to support any eminent domain action or proceeding unless (i) the public improvements for which eminent domain is proposed are specifically approved under this Agreement, a Development Agreement, or separate agreement of the Town and (ii) their location complies with a master infrastructure plan or similar plan of the Town or the applicable service provider.

11. Governing Document Amendment Requirement. Actions of the District which violate the limitations set forth in V.A.1-9 or VIII.B-G of the Governing Document shall be deemed to be material violations of the Governing Document and the Town shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

12. Annual Report. The District shall be responsible for submitting an annual report to the Town Manager’s Office no later than 180 days following the end of each year, beginning the

year after the District was created, containing the information set forth in Section VIII of the Governing Document.

13. Regional Improvements. The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements.

14. Maximum Debt Mill Levy.

(a) The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the taxable property within the District for payment of Limited Tax Debt shall be ten (10) mills; provided that such levy shall be subject to adjustment as provided in Section 17D-4-301(8).

15. Maximum Debt Mill Levy Imposition Term. Each bond issued by the District shall mature within thirty (30) years from the date of issuance of such bond. In addition, no mill levy may be imposed for the repayment of a series of bonds after a period exceeding forty (40) years from the date of issuance of such bond (the "Maximum Debt Mill Levy Imposition Term").
