Background:

CTE programs are approved annually through the consent calendar process as directed in R277-911-2 (attachment). CTE courses make up these approved CTE programs of study. Following the board-approved CTE course revision process, approximately one-fourth of the CTE courses are reviewed and updated annually (as needed) through a program rotation calendar. After working with subject-matter experts and business/industry partners, the standards of these courses are being submitted to the Board for approval. This item is for two Business/Marketing courses that were not presented at the November committee meeting.
