

1 **Resolution Commemorating America's 250th Birthday and Her Guiding**
2 **Foundational Principles**

3 **WHEREAS**, celebrating 250 years since America's founding, the Utah State Board of
4 Education acknowledges and remembers the guiding and foundational principles and
5 truths that have established and given birth to America's freedom and success as a nation.
6 A people cannot remain free without a thorough knowledge of those principles;

7 **WHEREAS**, the Declaration of Independence boldly and clearly identified the political
8 philosophy of America when it stated, "We hold these truths to be self-evident, that all men
9 are created equal, that they are endowed by their Creator with certain unalienable Rights,
10 that among these are Life, Liberty and the pursuit of Happiness," and that government's
11 sole legitimate purpose is to protect those pre-existing rights;

12 **WHEREAS**, the core political beliefs of the Founding Fathers included: ordered liberty;
13 equality; natural rights, including defense of self, community, and nation; freedom of
14 speech and press; and the free exercise of religion;

15 **WHEREAS**, the Founding Fathers recognized historical events and texts—such as the
16 Ten Commandments, the Mosaic Law, the New Testament, and the experiences of the
17 ancient Hebrews, Greeks, and Romans, the English Common Law, the Magna Carta, and
18 the English Bill of Rights—as a basis for American law and public policy;

19 **WHEREAS**, America was founded as a Constitutional Republic, establishing separation of
20 powers and federalism under a written constitution, and thereby avoiding the fatal
21 tendencies of a democracy. The stability of our Republic relies upon self-governance, a
22 principle requiring that citizens govern their own conduct according to moral virtue and
23 internal conscience—a "moral and religious people" being, as the Founders noted, the
24 only people capable of sustaining a free Constitution;

25 **WHEREAS**, historical primary sources—including the Northwest Ordinance of 1787—
26 record that "religion, morality, and knowledge" are "necessary to good government and the
27 happiness of mankind," and therefore must be encouraged through our schools;

28 **WHEREAS**, the American system is built upon the "consent of the governed," wherein the
29 people are the principals of their government and elected officials are their agents,
30 necessitating that students understand their role as the ultimate sovereign authority in our
31 land;

32 **WHEREAS**, public education plays a vital role in preparing students to be informed,
33 responsible, and engaged citizens, capable of understanding the nation's history,
34 respecting right of conscience, and participating thoughtfully in civic responsibilities;

35 **WHEREAS**, America's history from the past 250 years has been marked by the
36 prevalence of faith and Divine Providence, and her history affirms a clear and firm reliance
37 on God and the Bible.

38 **NOW, THEREFORE, BE IT RESOLVED**, that this Utah State Board of Education reaffirms
39 its commitment to the principles upheld in the Declaration of Independence that we are
40 endowed by the Creator with inalienable rights, and it is with a firm reliance on the
41 protection of divine providence that we mutually pledge together our lives and fortunes and
42 sacred honor in preservation of America and her next 250 years.
