

To our distinguished school board members,

11/21/2025

This letter is to request \$1200 in funds from our TSSA account to be allocated to Employee Travel from Contracted Services. In our PEERS goal of "75% of students making typical or above typical growth on academic reading and math", our action step #6 states that "we will provide reading training for science of reading". The employee travel indicated was to a Wilson Reading Training that our Learning Coach and Reading Interventionist attended. This will directly affect our classrooms as we can implement the training into our reading instruction.

Best regards,
