Erin Diamond gave some background information. When they applied for a zone change, they understood that they were applying for the entire parcel to be neighborhood commercial. They agreed that a 10-foot berm around the developed portion only would suffice because the other property is grazing land. They have powerlines that go through the parcel. Part of it is already zoned neighborhood commercial. The bank doesn't like that the home and the barn are not all on one parcel. They want to combine it as one parcel for value. The land use won't change. He showed where the sewer line runs.

**Commissioner Poulson made a motion to set a public hearing for January 13, 2026 regarding a zone change request from rural residential (R-R-1) to neighborhood commercial (N-C), parcel A-0827-0006-0000. Commissioner Losee seconded and all voted in favor.**
