Independent Auditors' Report in Accordance with the State Compliance Audit Guide .....	67-69
Schedule of Findings .....	70

## INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council of  
West Bountiful City

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of West Bountiful City as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise West Bountiful City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of West Bountiful City, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of West Bountiful City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about West Bountiful City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of West Bountiful City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about West Bountiful City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the proportionate share of net pension liability, and the schedule of contributions on pages 4-1 and 54-62 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise West Bountiful City's basic financial statements. The accompanying combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 12, 2026, on our consideration of West Bountiful City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of West Bountiful City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering West Bountiful City's internal control over financial reporting and compliance.

## Management's Discussion and Analysis For The Fiscal Year Ended June 30, 2025

---

West Bountiful City's management team presents the following overview and analysis of the financial statements for the twelve months ended June 30, 2025.

### **FINANCIAL HIGHLIGHTS**

- Total assets exceeded liabilities by \$49,397,125 (net position) at the end of the fiscal year, an increase of \$818,451 from the previous fiscal year.
- Total governmental funds ended the year with a balance of \$9,801,577. This represents a decrease of \$926,537.
- The unassigned fund balance of the General Fund totaled \$1,912,283, with total expenditures of \$5,761,059.
- Proprietary funds (business-type) increased in net position by \$468,461, with continued strong performance in the Golf Fund.
- Total bond debt for West Bountiful City decreased by \$568,000.
- The results of the above highlights along with the financial statements illustrate the strong financial position of the City.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis serve as an introduction to West Bountiful City's basic financial statements. The following documents also contain information in addition to the basic financial statements that will help the reader gain a more in-depth understanding of the City, such as budgetary comparisons and independent auditor reports.

#### **Government-wide Financial Statements**

These statements are designed to provide a broad overview of the City's finances similar to consolidated financial statements for a private-sector business. These statements consist of the Statement of Net Position and the Statement of Activities.

- The *Statement of Net Position* presents information on all the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. However, you will also need to consider other non-financial factors.
- The *Statement of Activities* presents information showing how the City's net position changed during the fiscal year reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, all of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

Both government-wide financial statements distinguish between activities that are largely supported by taxes and intergovernmental revenue and those whose operations are entirely or largely financed by user charges and fees. The governmental activities for West Bountiful City include general government, streets, public safety, parks, and redevelopment departments. The business-type activities include culinary water, golf course, solid waste, and storm drain operations.

# WEST BOUNTIFUL CITY

## Management's Discussion and Analysis For The Fiscal Year Ended June 30, 2025

---

The government-wide financial statements include only the financial statements of West Bountiful City. The City Redevelopment Agency is a blended component unit. The Redevelopment Agency is a legally separate entity governed by a board appointed by the City Council, consisting of the City Council members. For financial reporting purposes, the Redevelopment Agency is reported as if it was a part of the City's operations because its governing board is the City Council. Therefore, the City Council is financially accountable and has significant influence over the programs, projects, activities, and level of services performed or provided by the Redevelopment Agency.

The government-wide financial statements are found immediately following this discussion and analysis.

### **Fund Financial Statements**

A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the City can be divided into two categories: governmental funds and proprietary funds.

*Governmental funds:* These funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditure, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

West Bountiful City has four funds reported as major government funds, which are the General Fund, Redevelopment Agency Fund, RAP Tax Fund, and Capital Projects Fund. The information on these funds is shown separately. The City has several non-major funds which include Police Impact Fee Fund, Park Impact Fee Fund, Street Impact Fee Fund, Street Capital Improvement Fund, Jesse Meadows Special Revenue Fund. The City adopts an annual appropriated budget for all its governmental funds. Budgetary comparison schedules have been provided to demonstrate compliance with these budgets.

*Proprietary funds:* These funds are commonly known as enterprise funds. The enterprise funds report the same functions as the business-type activities in the government-wide financial statements. The enterprise funds maintained by West Bountiful City are culinary water, golf course, solid waste, and storm drain.

Proprietary funds present the same information as in the government-wide statements, but in more detail. All of the proprietary funds are considered to be major funds of West Bountiful City.

# WEST BOUNTIFUL CITY

## Management's Discussion and Analysis For The Fiscal Year Ended June 30, 2025

---

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Notes to the financial statements are located after the statements for major funds as listed in the table of contents.

### ***Other Information***

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found as listed in the table of contents.

### **Government-wide Financial Analysis**

By far, the largest component of West Bountiful City's net position is its investment in capital assets. The City's investments in fixed assets include infrastructure such as roads, culinary water lines, parks, improvements, maintenance, and machinery/equipment, less any related outstanding debt that was used to acquire these assets. West Bountiful City uses these capital assets to provide services to citizens who live, work, pass through, or benefit in other ways from the City. By their nature, these assets are not available for future spending. Further, even though these capital assets are reported net of any related debt, resources needed to repay the debt must come from other sources, as the assets themselves cannot be used to satisfy the related obligations. Restricted net position represents 6% of total net position. The majority of the restricted net position is from dedicated sources for capital needs in recreation, roads, and other capital needs. An estimated 23% of net position can be used to meet the City's ongoing obligations to its creditors and to citizens.

At the end of the current fiscal year, West Bountiful City is able to report positive balances in all three categories of net position for governmental and business-type activities.

### GOVERNMENTAL AND BUSINESS-TYPE ACTIVITIES

Governmental activities' net position increased by \$349,990 for the year ended June 30, 2025, with much of this increase from the completion of capital projects.

As indicated in the charts, government activities in the General Fund are largely dependent on tax revenue, with additional revenue received from grants and service fees. Overall, General Fund activity is not intended to be a "for profit" operation, and the City is specifically restricted from assessing or collecting revenue in excess of the cost of providing services to its citizens.

# WEST BOUNTIFUL CITY

## Management's Discussion and Analysis For The Fiscal Year Ended June 30, 2025

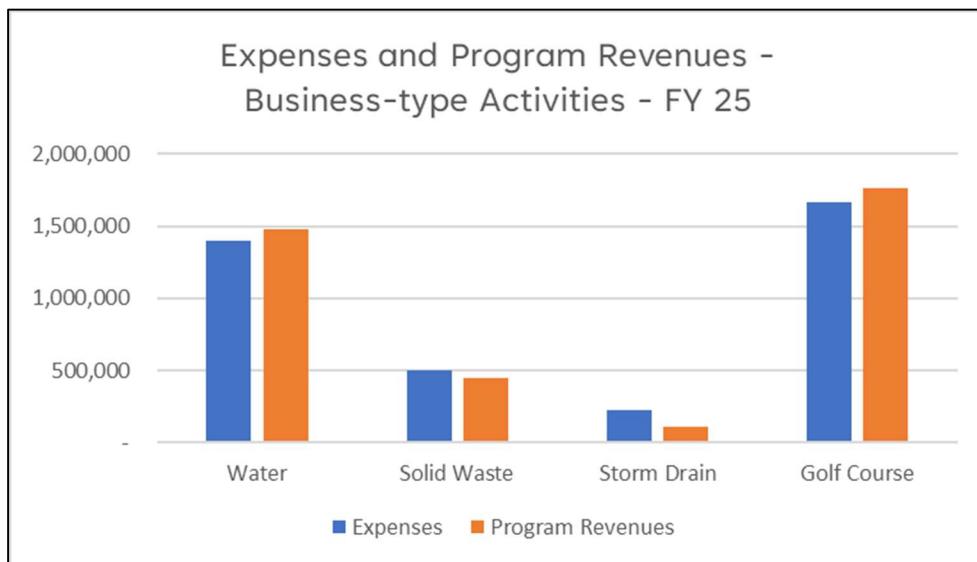

Business-type activities increased West Bountiful City's net position by \$468,461 which is largely related to growth in golf course revenues and decreases in liabilities in the Water Fund.

As of the end of the current fiscal year, all the City's business-type funds reported positive net position. Key elements of this increase are as follows:

- Total operating revenues increased by \$149,864, largely due to a strong performance of Lakeside Golf Course, which saw a 7% growth.
- Total expenses increased by \$463,895. This increase is attributed to higher personnel costs, utility increases, and general inflation.

# WEST BOUNTIFUL CITY

## Management's Discussion and Analysis For The Fiscal Year Ended June 30, 2025

### **Financial Analysis of the Government's Funds**

As noted earlier, West Bountiful City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

**Governmental funds.** The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of government's net resources available for spending at the end of the fiscal year. As of the end of the most recent fiscal year, West Bountiful City's governmental funds reported combined ending fund balances of \$9,801,577. The combined unassigned fund balance was \$1,912,283. Of the restricted and committed fund balances are assigned to capital projects funds and special revenues assigned to transportation and road maintenance.

**General Fund:** The General Fund is the chief operating fund of West Bountiful City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$1,912,283, while total fund balance was \$2,695,155. As a measure of the fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The total General Fund balance increased by \$195,659 during the current fiscal year.

Actual expenditures in the General Fund were \$194,941 less than the final budgeted amount. Actual revenues were \$273,681 higher than the final budgeted amount. These figures represent significant effort to control costs and accurately project tax revenues.

**Proprietary funds.** West Bountiful City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Below is a summary of unrestricted net position in the city's proprietary funds:

- Water Utility Fund: \$3,783,608
- Solid Waste Utility Fund: \$349,271
- Storm Drain Fund: \$333,629
- Golf Course Fund: \$618,391

# WEST BOUNTIFUL CITY

## Management's Discussion and Analysis For The Fiscal Year Ended June 30, 2025

### Capital Assets and Debt Administration

West Bountiful City's investment in capital assets for its combined governmental and business type activities totaled \$41,176,260 (net of accumulated depreciation) at June 30, 2025. Types of assets included in this category are land, buildings, related improvements, vehicles, machinery and equipment, roads (including curb and gutter), street lights, culinary water distribution, and storm water collection systems.

West Bountiful City's Capital Assets (Net of Depreciation)						
	Governmental Activities		Business-Type Activities		Total

Total	24,104,543	25,182,909	16,033,210	15,993,351	40,137,753	41,176,260

Additional information on the City's capital assets can be found in Note 5.

**Long-term debt.** At the end of the current year, the City had total debt outstanding of \$7,798,863, of which \$6,308,526 is made up of capital bonds and leases. The majority of West Bountiful City's debt represents bonds secured solely by specified revenue sources (i.e. water revenue and sales tax bonds). The remaining debt consists of net pension liability (as calculated by the Utah Retirement System), paid leave accrued by city employees, and capital leases on equipment, such as golf carts.

Of note in the year ending June 30, 2025, a change was made regarding the calculation of compensated absences – beginning this year, all possible absences are shown.

West Bountiful City's Outstanding Debt						
	Governmental Activities		Business-Type Activities		Total	
	2024	2025	2024	2025	2024	2025
Sales Tax Bonds	5,163,000	4,890,000	-	-	5,163,000	4,890,000
Revenue Bonds	-	-	1,553,000	1,258,000	1,553,000	1,258,000
Compensated Absences	246,762	595,958	108,212	251,860	354,974	847,818
Net Pension Liability	350,736	502,214	218,086	140,305	568,822	642,519
Capital Leases	-	-	121,171	160,526	121,171	160,526
Total	5,760,498	5,988,172	2,000,469	1,810,691	7,760,967	7,798,863

Additional information on the City's long-term debt can be found in Notes 6,7, and 8.

### Economic Factors and Next Year's Budgets and Rates

West Bountiful City continues to improve long term capital planning, including preventive maintenance and replacement plans for streets and water systems. The City anticipates very modest growth in sales and use taxes.

Long term, the City's plan for financial stability includes, (1) minimizing and using debt conservatively, (2) investing wisely in infrastructure and infrastructure maintenance to prolong the life of streets, water

## **Management's Discussion and Analysis For The Fiscal Year Ended June 30, 2025**

---

lines, storm drains and equipment, (3) appropriately matching service expenses with available revenue, (5) maintaining appropriate reserves, (6) and planning capital projects to stay within budget for revenue sources available.

### **Request for Information**

This financial report is designed to give its readers a general overview of the West Bountiful City's finances. Questions regarding any information contained in this report or requests for additional financial information should be addressed to West Bountiful City, Attn: City Administrator, 550 North 800 West, West Bountiful City, Utah 84087.

**WEST BOUNTIFUL CITY**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND**  
**CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE**  
**STATEMENT OF ACTIVITIES**  
**FOR THE YEAR ENDED JUNE 30, 2025**

---

Amounts reported for governmental activities in the Statement of

Activities are different because:

Net changes in fund balances - total governmental funds	\$ (793,386)
---	--------------

Governmental funds report capital outlays as expenditures.

However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital additions exceeded depreciation in the current period.

Capital outlays	2,092,737
Depreciation expense	<u>(951,708)</u>
	1,141,029

Donations of capital assets increase net position in the Statement of

Activities, but do not appear in the governmental funds because they are not financial resources.

Infrastructure

The Statement of Activities includes the net pension benefit (expense from the adoption of GASB 68, which is not included in the fund financial statements).	(56,043)
--	----------

The disposition of capital assets results in the reporting of proceeds in the fund financial statements, but the net book value of the asset is reduced in the statement of activities.

(62,762)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items is as follows:

Bond principal from cost allocation	109,200
Repayment of bond principal	<u>163,800</u>
	273,000

Some expenses reported in the Statement of Activities do not require use of current financial resources and therefore, are not reported as expenditures in governmental funds.

3,444

Change in net position of governmental activities	\$ 505,282
---	------------

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of West Bountiful, Utah conform in all material respects to generally accepted accounting principles (GAAP) as applicable to governments. The City has adopted the provisions of the Governmental Accounting Standards Board (GASB). Preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements.

The following is a summary of the more significant policies and is presented to assist the reader in interpreting the financial statements and other data in this report. These policies, as presented, should be viewed as an integral part of the accompanying financial statements.

**A. Reporting Entity**

West Bountiful City was incorporated January 28, 1949. The City operates under a six-member Council form of Government and provides the following services authorized by State law: Public Safety, Highways and Streets, Parks, Recreation, Planning and Zoning, and Administrative Services. The City also provides water, solid waste, storm drain, and golf course services which are reported as proprietary enterprise funds.

The criteria set forth by generally accepted accounting principles (GAAP) was used to determine which entities to include in this report. GASB Concepts Statement-1 (Objectives of Financial Reporting) concludes that the basic foundation for governmental financial reporting is accountability. The Concepts Statement asserts that accountability requires governments to answer to the citizenry - to justify the raising of public resources and the purposes for which they are used. In turn, the concept of accountability becomes the basis for defining the financial reporting entity.

In defining the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth by the Governmental Accounting Standards board (GASB). Under GASB Statement No. 61, *The Financial Reporting Entity*, the financial reporting entity consists of the primary government and the following component units:

**Blended component units:** Blended component units, although legally separate entities, are in substance part of the government's operations. They are reported as part of the primary government and blended with the appropriate funds. The City has the following component units.

The City established a Redevelopment Agency (RDA) pursuance to State code and designated the City Council and the Mayor as the Redevelopment Agency Board. The financial statements of the RDA are included as part of the basic financial statements of the City (by blended presentation) and are included as a major governmental fund. Separate financial statements are not issued for the RDA.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Government-wide and Fund Financial Statements**

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The City has adopted GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance*. Accordingly, the City has elected to apply all applicable GASB pronouncements and codified accounting standards issued by GASB. The more significant accounting policies established in GAAP and used by the City are discussed below.

The City's basic financial statements consist of both government-wide statements and fund statements. The government-wide statements focus on the City as a whole, while the fund statements focus on individual funds.

***Government-wide Financial Statements***

The government-wide statements present information on all non-fiduciary activities of the primary government. Primary government activities are distinguished between *governmental* and *business-type* activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The *Statement of Net Position* presents the City's non-fiduciary assets and liabilities, with the difference reported as net position. Net positions are restricted when constraints placed upon them are either externally imposed or are imposed by constitutional provisions or enabling legislation. The *Statement of Activities* demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. The City does not allocate general government (indirect) expenses to other functions. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other revenues not meeting the definition of program revenues are reported as general revenues.

***Fund Financial Statements***

The financial transactions of the City are recorded in individual funds. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is used to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. Statements are provided for *governmental funds* and for *proprietary funds*. For governmental and proprietary funds, the emphasis is on *major funds*, with each displayed in a separate column.

The City reports the following major governmental funds:

**General Fund** - This fund is the principal operating fund of the City. It is used to account for all financial resources not required to be accounted for in another fund.

**Capital Improvements Fund** - The Capital Improvements fund accounts for the accumulation of resources to be used in capital projects of the City, which usually extend beyond one year.

**Streets Capital Improvements Fund** - The Streets Capital Improvements fund accounts for the accumulation of resources to be used in capital projects for the roads of the City, which usually extend beyond one year.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Government-wide and Fund Financial Statements (Continued)**

**RDA Fund** - The RDA Fund provides redevelopment activities located within City limits and is accounted for as a special revenue fund.

**RAP Tax Fund** - The RAP Tax Fund accounts for activity funded by recreational, arts, and parks sales tax collections.

The City reports the following major proprietary funds:

**Water Fund** - The sewer fund is used to account for operations of the water system, (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**Solid Waste Fund** - The solid waste fund is used to account for operations of the solid waste system, (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**Storm Water Fund** - The storm water fund is used to account for operations of the storm water system, (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**Golf Course Fund** - The golf course fund is used to account for operations of a golf course (a) that is financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Measurement Focus and Basis of Accounting**

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the related liability is incurred, regardless of the timing of the cash flows. Taxes and fees are recognized in the year in which the related sales or other activity has occurred. Grants and similar items are recognized as revenue when all eligibility requirements have been met.

The governmental fund financial statements are prepared and reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Expenditures are generally recorded when the related liability is incurred.

Proprietary funds separate operating and non-operating revenues and expenses. Operating revenues and expenses normally arise from providing goods and services in connection with the fund's normal ongoing operations. The principal sources of operating revenues for the proprietary funds are charges to customers for goods and services. Operating expenses include the cost of sales and services, administrative overhead expenses and depreciation on capital assets. All other revenues or expenses are recorded as non-operating.

**D. Assets, Liabilities, and Fund Balances/Net Position**

The following are the City's significant policies regarding recognition and reporting of certain assets, liabilities, and equity.

***Pooled Cash and Temporary Investments***

Cash and Cash Equivalents are generally considered short-term, highly liquid investments with a maturity of three months or less from the purchase date.

Investments are recorded at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

***Inventories***

The city reported inventories in the amount of \$338,668 for the year ended June 30, 2025.

***Restricted Assets***

Certain resources set aside as reserves in accordance with council resolutions and State statutes are classified as restricted assets on the balance sheet because their use is limited.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Assets, Liabilities, and Fund Balances/Net Position (Continued)**

***Capital Assets***

General capital assets are not capitalized in the governmental funds used to acquire or construct them. Instead, capital acquisition and construction are reflected as expenditures.

Capital assets are reported in the governmental column in the government-wide financial statements. All purchased fixed assets are valued at cost or estimated historical cost. Donated fixed assets are valued at their estimated fair market value on the date received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Capital assets are defined as assets with an initial, individual cost of more than \$5,000.

Infrastructure capital assets which are newly constructed are capitalized. The City currently has infrastructure assets recorded.

Depreciation of all exhaustible capital assets is charged as an expense in the related program. Accumulated depreciation is reported on the Statement of Net Position. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Buildings	30 years
Improvements	20-50 years
Infrastructure	20-50 years
Equipment	7 years
Vehicles	7 years

***Deferred Outflows/Inflows of Resources***

In addition to assets, financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

***Pensions***

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Assets, Liabilities, and Fund Balances/Net Position (Continued)**

***Long-term Obligations***

In the government-wide statements, long-term debt obligations are reported as liabilities.

The face amount of debt issued is reported as other financing sources in the governmental fund financial statements.

***Equity***

**Fund financial statements**

In February 2009, GASB issued Statement No. 54 on Fund Balance Reporting and Governmental Fund Type Definitions. The statement is effective for years beginning after June 15, 2010. The statement applies only to governmental fund financial statements and not to government-wide statements or proprietary fund statements. Proprietary fund equity is classified the same as in the government-wide statements. The governmental fund balances may be classified as follows:

- a. Non-spendable - Fund balances that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.
- b. Restricted fund balance - Fund balances are reported as restricted when they are constrained by externally imposed legal restrictions, by law through constitutional provision or enabling legislation, or restrictions set by creditors, grantors, or contributors.
- c. Committed fund balance - Fund balances are reported as committed when the Council formally designates the use of resources by ordinance or resolution for a specific purpose and cannot be used for any other purpose unless the City Council likewise formally changes the use.
- d. Assigned fund balance - Fund balances are reported as assigned when the City Council or Management intends to use funds for a specific purpose. Normally funds are assigned by the appropriation process of setting the budget. Additionally, funds in special revenue, debt service, and capital project funds are by their nature assigned to the purpose of those respective funds.
- e. Unassigned fund balance - Fund balances in the general fund are reported as unassigned when they are neither restricted, committed, nor assigned. They may be used for any governmental purpose.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed unless City Council has provided otherwise in its commitment or assignment actions.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Assets, Liabilities, and Fund Balances/Net Position (Continued)**

Government-wide statements:

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

It is City's policy to first apply restricted resources when the expense is incurred for purposes for which both restricted and unrestricted net position are available.

**E. Revenues and Expenditures**

The following are the City's significant policies related to recognition and reporting of certain revenues, expenditures, and interfund activity.

***Revenue Availability***

Under the modified accrual basis of accounting, revenues are considered to be "available" when they are collected within the current period or expected to be collected soon enough thereafter to pay liabilities of the current period. The City considers property tax revenues to be available if they are collected within 60 days after the end of the current year. Grants and similar items are recognized as revenue when all eligibility requirements have been met. All other revenues are considered to be available if they are collected within 60 days after year-end.

Statement of Governmental Accounting Standards (SGAS) No. 33, *Accounting and Financial Reporting for Non-exchange Transactions*, defines a non-exchange transaction as one in which "a government either gives value to another party without directly receiving equal value in exchange or receives value from another party without directly giving equal value in exchange." For property taxes, at January 1 of each year (the assessment date), the City has the legal right to collect the taxes, and in accordance with the provisions of the new statement, has now recorded a receivable and a corresponding deferred inflows or resources for the assessed amount of those property taxes as of January 1 of the current year.

***Expenditure Recognition***

In governmental funds, expenditures are generally recorded when the related liability is incurred. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due. Capital asset acquisitions are reported as expenditures, and proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**F. Budgets and Budgetary Accounting**

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for all governmental funds. Budgets for the General Fund, Capital Projects Funds and Special Revenue Funds are prepared on the modified accrual basis of accounting. All annual appropriations lapse at the fiscal year end. Encumbrance accounting is not used by the City. Summary of City Budget Procedures and Calendar:

1. The City Council can amend the budget to any extent, provided the budgeted expenditures do not exceed budgeted revenues and appropriated fund balance.
2. Budgets are required by the State of Utah for both the General and Special Revenue Funds.
3. Each year the City publishes a separate budget document prepared according to this legal level of control.
4. The City's budget is a Financial Plan of all estimated revenues and all appropriations for expenditures. Revenues and Expenditures must balance for the funds required by the State Code as indicated in item 2 above.
5. A tentative budget is presented by the Mayor to the City Council by the first regularly scheduled council meeting in May. The tentative budget is reviewed and tentatively adopted by the Council no later than June 22.
6. The tentative budget is a public record and is available for inspection at the City offices for at least ten days prior to adoption of the final budget.
7. Notice of public hearing on adoption of the final budget is published seven days prior to the public hearing.
8. The public hearing on the tentatively adopted budget is held no later than June 22. Final adjustments are made to the tentative budget by the Council after the public hearing.
9. Occasionally the City Council will exercise their option to open the budget to indicate additional financing sources that become available.
10. The final budget is adopted by ordinance before June 22 and a copy of the budget certified by the Budget Officer is filed with the State Auditor within thirty days of adoption.
11. In connection with budget adoption:
  - a. An annual tax ordinance establishing the property tax rate is adopted before June 22.
  - b. The City Treasurer is to certify the property tax rate to the County Auditor before June 22.
12. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

**Summary of Action Required for Budget Changes:**

The Council may, by resolution, transfer unexpended appropriations from one department to another department within the same fund. The budget appropriation for any department may be reduced by resolution.

Fund budgets may be increased by resolution after a public hearing.

**G. Contributions**

Certain proprietary fund types receive contributions for aid in construction from various sources. With the adoption of GASB No. 33, these contributions that were formerly credited directly to contributed capital accounts are now reflected as non-operating revenue.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**H. Compensated Absences**

City policy provides for vested or accumulated vacation leave. All compensated absences are accrued when incurred in the government-wide and proprietary financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

**I. Use of Estimates**

The preparation of the accompanying financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**J. Restricted Resources**

The City's policy is to use restricted resources first to fund appropriations when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

**NOTE 2 - DEPOSITS AND INVESTMENTS**

The City maintains a cash and investment pool that is available for use by all funds. Cash includes amounts in demand deposits as well as time deposits. Investments are stated at cost or amortized cost, which approximates fair value. Each fund's portion of this pool is displayed as "Cash and Cash Equivalents" which also includes cash accounts that are separately held by some of the City's funds. Deposits are not collateralized nor are they required to be by State statute.

The City follows the requirements of the Utah Money Management Act (*Utah Code, Section 51, Chapter 7*) in handling its depository and investment transactions. This Act requires the depositing of City funds in a "qualified depository".

The Act defines a "qualified depository" as any financial institution whose deposits are insured by an agency of the Federal government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

**Deposits**

**Custodial Credit Risk**

Custodial credit risk is the risk that, in the event of a bank failure, the City deposits may not be returned to it. The City does not have a formal deposit policy for custodial credit risk. As of June 30, 2025, \$550,956 of the City's bank balances of \$1,079,725 was uninsured and uncollateralized.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)**

**Investments**

The State of Utah Money Management Council has the responsibility to advise the State Treasurer about investment policies, promote measures and rules that will assist in strengthening the banking and credit structure of the state, and review the rules adopted under the authority of the State of Utah Money Management Act that relate to the deposit and investment of public funds.

The City follows the requirements of the Utah Money Management Act (*Utah Code*, Title 51, Chapter 7) in handling its depository and investment transactions. The Act requires the depositing of City funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

The Money Management Act defines the types of securities authorized as appropriate investments for the City's funds and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities.

Statutes authorize the City to invest in negotiable or nonnegotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations; bankers' acceptances; obligations of the United States Treasury including bills, notes, and bonds; obligations, other than mortgage derivative products, issued by U.S. government sponsored enterprises (U.S. Agencies) such as the Federal Home Loan Bank System, Federal Home Loan Mortgage Corporation (Freddie Mac), and Federal National Mortgage Association (Fannie Mae); bonds, notes, and other evidence of indebtedness of political subdivisions of the State; fixed rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Money Management Act; and the Utah State Public Treasurers' Investment Fund.

The Utah State Treasurer's Office operates the Public Treasurers' Investment Fund (PTIF). The PTIF is available for investment of funds administered by any Utah public treasurer and is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Money Management Act (*Utah Code*, Title 51, Chapter 7). The Act established the Money Management Council which oversees the activities of the State Treasurer and the PTIF and details the types of authorized investments. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments.

The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses of the PTIF, net of administration fees, are allocated based upon the participant's average daily balance. The fair value of the PTIF investment pool is approximately equal to the value of the pool shares.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)**

**Investments, continued**

*Fair Value of Investments*

The City measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- *Level 1:* Quoted prices for identical investments in active markets;
- *Level 2:* Observable inputs other than quoted market prices; and,
- *Level 3:* Unobservable inputs.

At June 30, 2025, the City had the following recurring fair value measurements.

	<b>Fair Value Measurements Using</b>			
	<b>Total</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>
<b>Investments by fair value level</b>				
Debt securities:				
Utah Public Treasurer's Investment Fund	\$ 14,580,718	\$ -	\$ 14,580,718	\$ -
Total debt securities	<u>\$ 14,580,718</u>	<u>\$ -</u>	<u>\$ 14,580,718</u>	<u>\$ -</u>

Debt and equity securities classified in Level 1 are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 are valued using the following approaches:

- U.S. Treasuries, U.S. Agencies, and Commercial Paper: quoted prices for identical securities in markets that are not active;
- Utah Public Treasurers' Investment Fund: application of the June 30, 2025 fair value factor, as calculated by the Utah State Treasurer, to the City's average daily balance in the Fund.

*Interest Rate Risk*

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the State's Money Management Act. Section 51-7-11 of the Money Management Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. The Act further limits the remaining term to maturity on all investments in commercial paper, bankers' acceptances, fixed rate negotiable deposits, and fixed rate corporate obligations to 270 days - 15 months or less. The Act further limits the remaining term to maturity on all investments in obligations of the United States Treasury; obligations issued by U.S. government sponsored enterprises; and bonds, notes, and other evidence of indebtedness of political subdivisions of the State to 5 years. In addition, variable rate negotiable deposits and variable rate securities may not have a remaining term to final maturity exceeding 3 years.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)**

As of June 30, 2025, the City's investments had the following maturities:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	More than 10
PTIF Investments	\$ 14,580,718	\$ 14,580,718	-	-	-
	\$ 14,580,718	\$ 14,580,718	-	-	-

*Credit Risk*

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's policy for reducing its exposure to credit risk is to comply with the State's Money Management Act, as previously discussed.

At June 30, 2025, the City's investments had the following quality ratings:

Investment Type	Fair Value	Quality Ratings			
		AAA	AA	A	Unrated
PTIF Investments	\$ 14,580,718	-	-	-	\$ 14,580,718
	\$ 14,580,718	-	-	-	\$ 14,580,718

*Concentration of Credit Risk*

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's policy for reducing this risk of loss is to comply with the Rules of the Money Management Council. Rule 17 of the Money Management Council limits investments in a single issuer of commercial paper and corporate obligations to 5-10% depending upon the total dollar amount held in the portfolio.

Custodial credit risk (investments) – For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have a formal policy for custodial credit risk.

**NOTE 7 - LONG-TERM DEBT (Continued)**

**Governmental Activities**

Sales Tax Revenue Bonds, Series 2021: In August of 2021, the City issued \$6,000,000 in Sales Tax Revenue bonds. The bonds have an average interest rate of 1.84%. The City is required to make annual principal installments on May 1st of each year and semi-annual interest payments on May 1st and November 1st of each year. The bonds mature in May 2041.

The annual debt service requirements to maturity, including principal and interest for the Sales Tax Revenue Bonds are as follows:

Year Ending	Tax Revenue Bonds		
	Principal	Interest	Total
2026	\$ 275,000	\$ 83,383	\$ 358,383

**NOTE 7 - LONG-TERM DEBT (Continued)**

**Business-Type Activities**

Water Revenue Refunding Bonds, Series 2017: In March 2017, the City issued Water Revenue Refunding Bonds, Series 2017 with an original issue amount of \$3,011,000 for the purpose of refunding \$2,795,000 of the Series 2009 Water Revenue bonds. The Series 2017 bonds have an interest rate ranging from 3.25% to 4.45%. The City is required to make annual principal installments due on February 1st of each year. The City is also required to make semi-annual interest payments on February 1st and August 1st of each year. The City has pledged future water revenue to service the debt. The bonds mature in February 2029.

Upon the refunding of the Series 2009 Water Revenue Bonds, the City anticipates cash savings of \$162,065, which results in an economic gain of \$139,123. The refunding resulted in a deferred loss on defeasance of \$154,760 which is reported as a deferred outflow of resources, and will be amortized over the remaining life of the Series 2017 bonds. Significant events of default consist of (a) failure to pay principal or interest when due; (b) failure to fulfill all obligations; and (c) bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings. Upon the occurrence of an event of default, the trustee may pursue any available remedy by suit at law or in equity to enforce the payment of the principal of, premium, if any, and interest on the Bonds then Outstanding or to enforce any obligations of the Issuer hereunder.

The annual debt service requirements to maturity, including principal and interest for the Series 2017 Water Revenue Refunding Bonds are as follows:

Year Ending	2017 Water Revenue Bonds		
	Principal	Interest	Total
2026	\$ 300,000	\$ 28,433	\$ 328,433
2027	310,000	20,978	330,978
2028	320,000	13,274	333,274
2029	328,000	5,322	333,322
Total	<u>\$ 1,258,000</u>	<u>\$ 68,007</u>	<u>\$ 1,326,007</u>

**NOTE 8 - PENSION PLANS AND RETIREMENT BENEFITS**

General Information about the Pension Plan

**Plan Description:**

Eligible plan participants are provided with pensions through the Utah Retirement Systems. The Utah Retirement Systems are comprised of the following Pension Trust Funds:

**Defined Benefits Plans**

- Public Employees Noncontributory Retirement System (Noncontributory System) is a multiple-employer, cost sharing, retirement system.
- Public Employees Contributory Retirement System (Contributory System) is a multiple-employer, cost sharing, retirement system.
- Public Safety Retirement System (Public Safety System) is a mixed agent and cost-sharing, multiple-employer public employee retirement system.
- Firefighters Retirement System (Firefighters System) is a multiple-employer, cost sharing, retirement systems.
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System) is a multiple-employer cost sharing public employee retirement system.
- Tier 2 Public Safety and Firefighter Contributory Retirement System (Tier 2 Public Safety and Firefighters System) is a multiple employer, cost sharing, public employee retirement system.

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Utah State Retirement Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms. URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems, 560 E. 200 S., Salt Lake City, Utah 84102 or visiting the website: [www.urs.org](http://www.urs.org).

**NOTE 8 - PENSION PLANS AND RETIREMENT BENEFITS (CONTINUED)**

Benefits Provided: URS provides retirement, disability, and death benefits. Retirement benefits are as follows:

System	Final Average Salary	Years of service required and/or age eligible for benefit	Benefit percent per year of service	COLA**
Noncontributory System	Highest 3 years	30 years any age	2.0% per year all years	Up to 4%
		25 years any age*		
		20 years age 60*		
		10 years age 62*		
		4 years age 65		
Contributory System	Highest 5 years	35 years any age	1.5% per year to June 1975;	Up to 4%
		20 years age 60*	2.0% per year July 1975 to	
		10 years age 62*	present	
		4 years age 65		
Public Safety System	Highest 3 years	20 years any age	2.5% per year up to 20 years;	Up to 2.5% or 4%
		10 years age 60	2.0% per year over 20 years	depending
		4 years age 65		on employer
Tier 2 Public Employees System	Highest 5 years	35 years any age	1.5% per year all years	Up to 2.5%
		20 years age 60*		
		10 years age 62*		
		4 years age 65		
Tier 2 Public Safety and Firefighters System	Highest 5 years	25 years any age	1.5% per year to June 30, 2020;	Up to 2.5%
		20 years age 60*	2.00% per year July 1, 2020	
		10 years age 62*	to present	
		4 years age 65		

\* with actuarial reductions

\*\* All post-retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.

**NOTE 8 - PENSION PLANS AND RETIREMENT BENEFITS (CONTINUED)**

**Contributions Rate Summary**

As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the URS Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates as of June 30, 2025 are as follows:

Utah Retirement Systems	Employee	Employer	Employer 401(k)
Contributory System			
111 - Local Government Division Tier 2	0.70%	15.19%	-
Noncontributory System			
15 - Local Government Division Tier 1	-	16.97%	-
Public Safety System			
Contributory			
122 - Tier 2 DB Hybrid Public Safety	4.73%	25.33%	-
Noncontributory			
43 - Other Div A with 2.5% COLA	-	33.54%	-
Tier 2 DC Only			
211 - Local Government	-	5.19%	10.00%
222 - Public Safety	-	11.33%	14.00%

Tier 2 rates include a statutory required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

For fiscal year ended June 30, 2025, the employer and employee contributions to the Systems were as follows:

System	Employer Contributions	Employee Contributions
Noncontributory System	\$ 64,467	\$ -
Public Safety System	90,957	-
Tier 2 Public Employees System	108,122	4,975
Tier 2 Public Safety and Firefighter	154,637	28,876
Tier 2 DC Public Employees Plan	3,628	-
Total Contributions	\$ 421,811	\$ 33,851

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 8 - PENSION PLANS AND RETIREMENT BENEFITS (CONTINUED)**

Contributions reported are the URS Board approved required contributions by System. Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

**Combined Pension Assets, Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2025, we reported a net pension liability of \$668,118 and a net pension asset of \$0.

(Measurement Date): December 31, 2024				
	Net Pension Liability	Net Pension Asset	Proportionate Share	Proportionate Share December 31, 2023
Noncontributory System	\$ 174,116	\$ -	0.0549068%	0.0564957%
Public Safety System	361,681	-	0.2337496%	0.2314197%
Tier 2 Public Employees System	70,023	-	0.0234788%	0.0243867%
Tier 2 Public Safety and Firefighter	62,299	-	0.1377407%	0.1575401%
	<b>\$ 668,118</b>	<b>\$ -</b>		

The net pension asset and liability were measured as of December 31, 2024, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2024 and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended June 30, 2025, we recognized pension expense of \$555,696.

At June 30, 2025 we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 209,955	\$ 3,756
Changes in assumptions	72,728	986
Net difference between projected and actual earnings on pension plan investments	123,556	-
Changes in proportion and differences between contributions and proportionate share of contributions	22,420	3,866
Contributions subsequent to the measurement date	<u>207,054</u>	<u>-</u>
<b>Total</b>	<b>\$ 635,713</b>	<b>\$ 8,608</b>

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 8 - PENSION PLANS AND RETIREMENT BENEFITS (CONTINUED)**

\$207,054 reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2024.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31,	Net Deferred Outflows (Inflows) of Resources
2025	\$ 157,096
2026	208,553
2027	(36,950)
2028	4,005
2029	29,319
Thereafter	\$ 58,029

Noncontributory System Pension Expense, and Deferred Outflows and Inflows of Resources

For the year ended June 30, 2025, we recognized pension expense of \$159,095.

At June 30, 2025, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 103,748	\$ -
Changes in assumptions	14,403	-
Net difference between projected and actual earnings on pension plan investments	52,446	-
Changes in proportion and differences between contributions and proportionate share of contributions	-	364
Contributions subsequent to the measurement date	32,293	-
<b>Total</b>	<b>\$ 202,890</b>	<b>\$ 364</b>

\$32,293 reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2024.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

2028	5,948
2029	13,713
Thereafter	<u>\$ 38,532</u>

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 8 - PENSION PLANS AND RETIREMENT BENEFITS (CONTINUED)**

**Actuarial assumptions:**

The total pension liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	3.5 – 9.5 percent, average, including inflation
Investment rate of return	6.85 percent, net of pension plan investment expense, including inflation

Mortality rates were adopted from an actuarial experience study dated January 1, 2023. The retired mortality tables are developed using URS retiree experience and are based upon gender, occupation, and age as appropriate with projected improvement using 80% of the ultimate rates from the MP-2019 improvement assumption using a base year of 2020. The mortality assumption for active members is the PUB 2010 Employee Mortality Table for public employees, teachers, and public safety members, respectively.

The actuarial assumptions used in the January 1, 2023 valuation were based the results of an actuarial experience study for the period ending December 31, 2022.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Expected Return Arithmetic Basis		
	Target Asset Allocation	Real Return Arithmetic Basis	Long-term Expected Portfolio Real Rate of Return
Equity Securities	35%	7.01%	2.45%
Debt Securities	20%	2.54%	0.51%
Real Assets	18%	5.45%	0.98%
Private Equity	12%	10.05%	1.21%
Absolute Return	15%	4.36%	0.65%
Cash and Cash Equivalents	0%	0.49%	0.00%
Totals	100%		5.80%
	Inflation		2.50%
	Expected arithmetic nominal return		8.30%

The 6.85% assumed investment rate of return is comprised of an inflation rate of 2.50%, a real return of 4.35% that is net of investment expense.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE 8 - PENSION PLANS AND RETIREMENT BENEFITS (CONTINUED)**

**Discount Rate:**

The discount rate used to measure the total pension liability was 6.85 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate.

**Sensitivity of the Proportionate Share of the Net Pension Asset and Liability to Changes in the Discount Rate:**

The following presents the proportionate share of the net pension liability calculated using the discount rate of 6.85 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.85 percent) or 1-percentage-point higher (7.85 percent) than the current rate:

<b>System</b>	<b>1% Decrease (5.85%)</b>	<b>Discount Rate (6.85%)</b>	<b>1% Increase (7.85%)</b>
Noncontributory System	\$ 736,367	\$ 174,116	\$ (297,431)
Public Safety System	1,111,137	361,681	(249,863)
Tier 2 Public Employees System	209,141	70,023	(38,198)
Tier 2 Public Safety and Firefighter	212,432	62,299	(57,736)
<b>Total</b>	<b>\$ 2,269,078</b>	<b>\$ 668,118</b>	<b>\$ (643,227)</b>

Pension plan fiduciary net position: Detailed information about the fiduciary net position of the pension plans is available in the separately issued URS financial report.

**Defined Contribution Savings Plans:**

The Defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b) and 408 of the Internal Revenue Code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

**WEST BOUNTIFUL CITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

**NOTE 8 - PENSION PLANS AND RETIREMENT BENEFITS (CONTINUED)**

West Bountiful City participates in the following Defined Contribution Savings Plans with Utah Retirement Systems:

- 401(k) Plan
- 457(b) Plan
- Roth IRA Plan

Employee and employer contributions to the Utah Retirement Defined Contribution Savings Plans for fiscal year ended June 30<sup>th</sup> were as follows:

<b><u>401(k) Plan</u></b>	<b>2025</b>	<b>2024</b>	<b>2023</b>
Employer Contributions	\$ 35,637	\$ 38,923	\$ 35,689
Employee Contributions	51,247	53,461	46,882
<b><u>457 Plan</u></b>			
Employer Contributions	-	-	-
Employee Contributions	45,592	36,051	27,827
<b><u>Roth IRA Plan</u></b>			
Employer Contributions	N/A	N/A	N/A
Employee Contributions	18,897	16,417	15,642

**NOTE 9 - RISK MANAGEMENT**

West Bountiful City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. The City maintains comprehensive insurance coverage in aggregate amounts sufficient to protect against all reasonably foreseeable liability risks. Specific liability policies purchased include automobile, general liability, property, bond (employee dishonesty), treasurer, public officials and officers, excess liability, and workman's compensation. As of June 30, 2025, there is no anticipation of unpaid claims. Therefore, a liability is not accrued. Settlement amounts have not exceeded coverage for the current year or the three prior years.

**WEST BOUNTIFUL CITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

## NOTE 10 - INTER-FUND TRANSFERS AND BALANCES

Occasionally money is reallocated from one fund to another fund in order for the money to be used as it was originally intended. The transfers below took place for that very purpose and will not be repaid. Such amounts for the fiscal year ended June 30, 2025 were as follows:

Transfers Out	Transfers In				Total
	General	Streets Capital	Storm Water		
General	\$ -	\$ 212,500	\$ -	\$ 212,500	
RAP Tax	7,400	-	-	-	7,400
Capital Projects	-	-	300,000	300,000	
Totals	\$ 7,400	\$ 212,500	\$ 300,000	\$ 519,900	

## NOTE 11 - REDEVELOPMENT AGENCY

In accordance with Utah Code Section 17C-1-605(1), the City's Redevelopment Agency is required to disclose the following information for fiscal year 2025:

The tax increment collected and amounts expended by the Agency for the fiscal year ended June 30, 2025.

Tax increments received \$ 201,398

### Amounts expended for:

Administrative costs	\$ 97,878
Payments to developer	161,954
	\$ 259,832

## **NOTE 12 - CONTINGENT LIABILITIES**

Amounts received or receivables from grantor agencies are subject to audit and adjustment by those grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

**NOTE 14 – RESTATEMENT OF FUND BALANCE/NET POSITION**

The City has restated the beginning fund balances and net position. The prior year allocation of interest income among funds has been restated and has impacted nearly all funds. The City has also implemented GASB 101, which accounts for the compensated absences in a different manner than previously presented, the effect of this statement is retroactive and has necessitated a prior year adjustment. Additionally, some other associated payroll costs have been restated to report them in the appropriate time frame. The effect on the fund balances and net position are as follows:

	Beginning Balance, Original	Adjustments	Beginning Balance Restated
Governmental Activities	29,226,885	(155,292)	29,071,593
General Fund	2,624,923	(125,427)	2,499,496
RDA Fund	325,087	(298)	324,789
RAP Tax Fund	1,588,969	(1,469)	1,587,500
Capital Projects Fund	4,806,694	(5,170)	4,801,524
Streets Capital Fund	948,259	(373)	947,886
Streets Impact Fee Fund	225,541	(225)	225,316
Police Impact Fee Fund	405	-	405
Parks Impact Fee Fund	90,665	(84)	90,581
Jessi's Meadow Assessment	80,296	(69)	80,227
600 West Fund	37,275	(36)	37,239
Water	13,187,806	(22,031)	13,165,775
Solid Waste	389,515	(3,773)	385,742
Storm Drain	2,882,725	(14,070)	2,868,655
Golf Course	2,891,743	17,550	2,909,293

## **AUDITORS' REPORTS & FINDINGS**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Mayor and City Council of  
West Bountiful City

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of West Bountiful City, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise West Bountiful City's basic financial statements, and have issued our report thereon dated January 12, 2026.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered West Bountiful City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of West Bountiful City's internal control. Accordingly, we do not express an opinion on the effectiveness of West Bountiful City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether West Bountiful City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Child Richards CPAs & Advisors*

Ogden, Utah  
January 12, 2026

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND  
REPORT ON INTERNAL CONTROL OVER COMPLIANCE  
AS REQUIRED BY THE STATE COMPLIANCE AUDIT GUIDE**

To the Mayor and City Council of  
West Bountiful City

**Report On Compliance**

We have audited West Bountiful City's compliance with the applicable state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the State Auditor, for the year ended June 30, 2025.

State compliance requirements were tested for the year ended June 30, 2025 in the following areas:

- Budgetary Compliance
- Fund Balance
- Restricted Taxes and Related Restricted Revenue
- Fraud Risk Assessment
- Governmental Fees
- Enterprise Fund Transfers, Reimbursements, Loans, and Services
- Tax Levy Revenue Recognition
- Utah Retirement Systems
- Crime Insurance for Public Treasurers

***Opinion on Compliance***

In our opinion, West Bountiful City complied, in all material respects, with the state compliance requirements referred to above for the year ended June 30, 2025.

***Basis for Opinion***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards); and the *State Compliance Audit Guide* (Guide). Our responsibilities under those standards and the *State Compliance Audit Guide* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of West Bountiful City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of West Bountiful City's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to West Bountiful City's government programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on West Bountiful City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Guide will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about West Bountiful City's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding West Bountiful City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the West Bountiful City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide* but not for the purpose of expressing an opinion on the effectiveness of West Bountiful City's internal control over compliance. Accordingly, no such opinion is expressed.
- We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Other Matters**

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Guide and which is described in the accompanying schedule of findings and recommendations as item 2025-001. Our opinion on compliance is not modified with respect to this matter.

*Government Auditing Standards* require the auditor to perform limited procedures on the City's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and recommendations. The City's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

## **Report On Internal Control over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses or significant deficiencies, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified. We noted other matters that we reported to management of the City in a separate letter dated January 12, 2026.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or to detect and correct noncompliance with a state compliance requirement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a state compliance requirement will not be prevented or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the Guide. Accordingly, this report is not suitable for any other purpose.

Ogden, Utah  
January 12, 2026

**WEST BOUNTIFUL CITY  
SCHEDULE OF FINDINGS  
JUNE 30, 2025**

---

**2025-001: Budgetary Compliance**

Criteria: Per state compliance, total expenditures by fund or department should not exceed the amounts appropriated in the final adopted budget.

Condition: Total expenditures in the Golf, Solid Waste, and RDA funds exceeded final budgeted amounts.

Causes:

- Solid Waste Fund: Unanticipated costs from Solid Waste District.
- Golf Fund: Increases in volume of merchandise acquisition and sale, and new operation of cafe.
- RDA Fund: Incorrect budget estimation of personnel costs.

Effect: There is no effect on the financial statements. The City is noncompliant with the Utah Code.

Recommendation: We recommend the City inspect and monitor the budget to identify any issues that may necessitate authorization from the mayor and council through a budget hearing to accommodate those budgetary needs.

Management's Response: West Bountiful City is committed to continued improvement in the budget process. While these expenditures over the budgeted amount represent a very small percentage of overall expenditures, the City recognizes the importance of keeping expenditures at or under the limits adopted. For future budgets, staff and the city council will closely watch these funds, as well as all other major funds of the City, to ensure that the budget is in line with the policies and goals of the city, and that expenditures are in line with the budget.

# MEMORANDUM

**TO:** Mayor and City Council

**DATE:** January 16, 2026

**FROM:** Duane Huffman, City Administrator

**RE:** **Planning Commission Appointments**

---

This memo introduces the proposed appointments to the Planning Commission made by Mayor Romney. The Council may now advise and consent to these appointments by way of the accompanying resolution.

## **Background**

Utah code requires that the city have a planning commission to advise the city council on the creation/amendments of land use general plan and land use ordinances. West Bountiful Municipal Code 2.36 establishes a 5-member commission (plus potential alternates), with the members and the chair appointed by the Mayor with the advice and consent of the Council.

The current commission is constituted as follows:

<b>Member</b>	<b>Term Began</b>	<b>Expires</b>
Alan Malan (chair since 2021)	2008	2025
Laura Mitchell	2012	2027
Corey Sweat	2014	2026
Dennis Vest	2018	2025
Robert Merrick	2024	2027
Tyler Payne (Alternate)	2024	2027

## **2026 Appointments**

Mayor Romney recommends the following appointments:

- Dennis Vest be re-appointed to a term ending Dec. 31, 2028.
- Tyler Payne be appointed as a voting member with a term ending Dec. 31, 2027.
- Richmond Thornley be appointed as an alternate member with a term ending Dec. 31, 2029.
- Robert Merrick be appointed as Chair.

The commission would then look as follows:

<b>Member</b>	<b>Term Began</b>	<b>Expires</b>
Laura Mitchell	2012	2027
Corey Sweat	2014	2026
Dennis Vest	2018	2028
Robert Merrick (Chair)	2024	2027
Tyler Payne (Alternate)	2024	2027
Richmond Thornley (Alternate)	2026	2029

# WEST BOUNTIFUL CITY

RESOLUTION #584-26

## A RESOLUTION MAKING APPOINTMENTS TO THE WEST BOUNTIFUL CITY PLANNING COMMISSION

**WHEREAS**, the West Bountiful Municipal Code (“WBMC”) Chapter 2.36 creates a planning commission and requires that members, including a chair, be appointed by the Mayor, with the advice and consent of the City Council; and

**WHEREAS**, vacancies now exist on the planning commission for commissioners.

**NOW THEREFORE, BE IT RESOLVED** by the City Council of West Bountiful that it consents to the mayor’s appointment of the following:

- A. Dennis Vest – Voting Member – Term Ending December 31, 2028.
- B. Tyler Payne – Voting Member - Term Ending December 31, 2027.
- C. Robert Merrick -Voting Chair - Term Ending December 31, 2027.
- D. Richmond Thornley – Alternate Member - Term Ending December 31, 2029.

**EFFECTIVE DATE.** This Resolution shall take effect immediately upon passing.

Passed and approved by the City Council of West Bountiful City this 20<sup>th</sup> day of January 2026.

# MEMORANDUM

**TO:** Mayor and City Council

**DATE:** January 16, 2026

**FROM:** Duane Huffman, City Administrator

**RE:** **Selection of Mayor Pro Tempore**

---

This memo introduces Mayor Romney's recommendation that Councilmember James Ahlstrom be elected by the council to serve as Mayor Pro Tempore. The Council may make this election by way of the accompanying resolution.

## **Background**

Utah code §10-3b-302 allows the council to elect a mayor pro tempore in cases where the mayor "is absent or unable or refuses to act" to:

- Preside at a council meeting; and
- Perform, during the mayor's absence, disability, or refusal to act, the duties and functions of mayor.

West Bountiful Municipal Code includes similar language, and clarifies that the council member serving as mayor pro tempore retains his or her right to vote on all issues before the council.

Notably, the city has designated the mayor pro tempore as a signatory on the city's bank accounts. It is also important to note that the mayor pro tempore has significant responsibilities in the event of an emergency if the mayor is absent or unable to serve.

## **Council Election**

Per state and city law, the city council elects a member to serve. Mayor Romney recommends that the council consider electing James Ahlstrom to serve as Mayor Pro Tempore until the end of his current term on the council.

# WEST BOUNTIFUL CITY

RESOLUTION #585-26

## A RESOLUTION APPOINTING A MAYOR PRO TEMPORE TO THE WEST BOUNTIFUL CITY COUNCIL

**WHEREAS**, the Utah Code §10-3b-302 allows the council to elect a member to serve as mayor pro tempore to act in the mayor's absence; and,

**WHEREAS**, the West Bountiful Municipal Code Chapter 2.08 also allows the council to elect a mayor pro tempore; and,

**WHEREAS**, the West Bountiful City Resolution 315-13 designates the mayor, mayor pro tempore, City Treasurer, and City Administrator as signatories on all applicable city banking accounts; and,

**WHEREAS**, no council member is currently elected as mayor pro tempore.

**NOW THEREFORE, BE IT RESOLVED** by the City Council of West Bountiful that it elects James Ahlstrom to serve as Mayor Pro Tempore until January 2<sup>nd</sup>, 2028.

**EFFECTIVE DATE.** This Resolution shall take effect immediately upon passing.

Passed and approved by the City Council of West Bountiful City this 20<sup>th</sup> day of January 2026.

# MEMORANDUM

**TO:** City Council

**DATE:** January 16<sup>th</sup>, 2026

**FROM:** City Staff

**RE:** Land Use Code Amendment – New or Unlisted Business Classification Process

---

This memo introduces a proposed code change that was drafted under the direction of the planning commission and forwarded to the city council with a positive recommendation.

## Background

Senate Bill 179 from 2025 (Exhibit A) requires cities to adopt a formal process for addressing proposed businesses that are not currently listed as permitted businesses within the city. The intent is to provide a consistent method for addressing business activities that do not exactly match the code as new types of businesses and technologies are developed.

The new process must be adopted into the land use code and include:

- How an applicant must submit a classification request.
- A set of defined criteria on how the city will review the request.
- Allowing the proposed use to proceed if it “aligns with an existing use”.
- If the proposed use is determined to be “new”, define how the city council will review the request and provide a timeline.
- An appeal process if the applicant disagrees with the classification determined by the land use authority.

## Planning Commission Review and Recommendation

On June 4, October 28, December 9, 2025, and January 9, 2026, the planning commission reviewed Senate Bill 179 and an example ordinance from another city. A public hearing was held on January 9, 2026. During these meetings, the planning commission directed staff to draft the attached code proposal. After a public hearing on January 9, 2026 meeting, the planning commission voted to forward a positive recommendation to the City Council. The proposed code fulfills the requirements of SB 179 and ensures that new and emerging business types may continue to be considered within West Bountiful City.

The Planning Commission's recommendation for approval was based on several priorities, including:

- The simplicity of the process between the Planning Commission and City Council.
- The ability to consider and add business uses that meet the general intent of commercial zones but are not specifically listed in the West Bountiful Municipal Code.
- The flexibility to adapt to evolving technologies and emerging business types that were not previously anticipated.

## Proposed Code

As drafted, the proposed code (Exhibit B) would allow new/unlisted businesses to be considered.

Highlights include:

- Creates a classification request process and a procedure for evaluating new or unlisted business uses.
- Requires applicants to submit a New/Unlisted Business Use Application, including detailed information about the proposed business.
- Designates the planning commission as the land use authority responsible for determining whether a proposed business use aligns with an existing land use classification.
- Requires the planning commission to decide within 60 days of a complete application.
- Established clear criteria for planning commission review.
- Allows the planning commission to issue a written decision permitting the business to proceed under an existing use classification when alignment is found.
- Requires a public hearing when the planning commission finds that the proposed business is a new or unlisted use.
- Provides for the planning commission to recommend (approval or denial) to be forwarded to the city council for consideration of adding a new business use to the land use code.
- Establishes an appeal process for applicants who disagree with the planning commission's classification or denial, consistent with Chapter 17.08.120 of city code.
- Confirms the city council's role in reviewing new or unlisted business uses as legislative land use decisions.

## Staff Questions for Council Consideration

When considering the planning commission's proposal, staff recommend that the council pay particular attention to the following two issues:

1. Does the council want the planning commission to act as the land use authority for the determination of whether a new business aligns with an existing land use classification?
  - a. The designation of a land use authority is at the discretion of the council. Options that the council could consider include: the city council, the planning commission, a staff position, or another alternative.
2. Does the proposal retain duplicative/conflicting language in the land use code?
  - a. In the city's commercial and industrial zones, each conditional use section includes entitlement language when it lists as a conditional use: "Other [businesses] which are similar to those listed in this section [...] as determined by the planning commission."
  - b. Staff strongly believe that the existing code is problematic and that the newly proposed code creates a process that removes the need for these sections of in the conditional use section.

## Council Action

With the planning commission recommendation in hand, the council may now adopt, modify, or return the proposal to the commission for additional work. Staff will proceed with any of these options as directed.

## Utah Code Sections Affected:

## ENACTS:

**10-9a-507.5, Utah Code Annotated 1953**

17-27a-506.5, Utah Code Annotated 1953

*Be it enacted by the Legislature of the state of Utah:*

Section 1. Section **10-9a-507.5** is enacted to read:

### **10-9a-507.5 . Classification of new and unlisted business uses.**

(1) As used in this section:

- (a) "Classification request" means a request to determine whether a proposed business use aligns with an existing land use specified in a municipality's land use ordinances.
- (b) "New or unlisted business use" means a business activity that does not align with an existing land use specified in a municipality's land use ordinances.

29 (2)(a) Each municipality shall incorporate into the municipality's land use ordinances a  
30 process for reviewing and approving a new or unlisted business use and designating  
31 an appropriate zone or zones for an approved use.

32 (b) The process described in Subsection (2)(a) shall:

33 (i) detail how an applicant may submit a classification request;  
34 (ii) establish a procedure for the municipality to review a classification request,  
35 including:

36 (A) providing a land use authority with criteria to determine whether a proposed  
37 use aligns with an existing use; and  
38 (B) allowing an applicant to proceed under the regulations of an existing use if a  
39 land use authority determines a proposed use aligns with that existing use;

40 (iii) provide that if a use is determined to be a new or unlisted business use:

41 (A) the applicant shall submit an application for approval of the new or unlisted  
42 business use to the legislative body for review;  
43 (B) the legislative body shall consider and determine whether to approve or deny  
44 the new or unlisted business use; and  
45 (C) the legislative body shall approve or deny the new or unlisted business use,  
46 within a time frame the legislative body establishes by ordinance, if the  
47 applicant responds to requests for additional information within a time frame  
48 established by the municipality and appears at required hearings;

49 (iv) provide that if the legislative body approves a proposed new or unlisted business  
50 use, the legislative body shall designate an appropriate zone or zones for the  
51 approved use; and

52 (v) provide that if the legislative body denies a proposed new or unlisted business  
53 use, or if an applicant disagrees with the land use authority's classification of the  
54 proposed use, the legislative body shall:

55 (A) notify the applicant in writing of each reason for the classification or denial;  
56 and  
57 (B) offer the applicant an opportunity to challenge the classification or denial  
58 through an administrative appeal process established by the municipality.

59 (3) Each municipality shall amend each land use ordinance that contains a list of approved  
60 or prohibited business uses to include a reference to the process for petitioning to  
61 approve a new or unlisted business use, as described in Subsection (2).

62 Section 2. Section **17-27a-506.5** is enacted to read:

63           **17-27a-506.5 . Classification of new and unlisted business uses.**

64           **(1) As used in this section:**

65           **(a) "Classification request" means a request to determine whether a proposed business**  
66           **use aligns with an existing land use specified in a county's land use ordinances.**

67           **(b) "New or unlisted business use" means a business activity that does not align with an**  
68           **existing land use specified in a county's land use ordinances.**

69           **(2)(a) Each county shall incorporate into the county's land use ordinances a process for**  
70           **reviewing and approving a new or unlisted business use and designating an**  
71           **appropriate zone or zones for an approved use.**

72           **(b) The process described in Subsection (2)(a) shall:**

73           **(i) detail how an applicant may submit a classification request;**

74           **(ii) establish a procedure for the county to review a classification request, including:**

75           **(A) providing a land use authority with criteria to determine whether a proposed**  
76           **use aligns with an existing use; and**

77           **(B) allowing an applicant to proceed under the regulations of an existing use if a**  
78           **land use authority determines a proposed use aligns with that existing use;**

79           **(iii) provide that if a use is determined to be a new or unlisted business use:**

80           **(A) the applicant shall submit an application for approval of the new or unlisted**  
81           **business use to the legislative body for review;**

82           **(B) the legislative body shall consider and determine whether to approve or deny**  
83           **the new or unlisted business use; and**

84           **(C) the legislative body shall approve or deny the new or unlisted business use,**  
85           **within a time frame the legislative body establishes by ordinance, if the**  
86           **applicant responds to requests for additional information within a time frame**  
87           **established by the county and appears at required hearings;**

88           **(iv) provide that if the legislative body approves a proposed new or unlisted business**  
89           **use, the legislative body shall designate an appropriate zone or zones for the**  
90           **approved use; and**

91           **(v) provide that if the legislative body denies a proposed new or unlisted business**  
92           **use, or if an applicant disagrees with a land use authority's classification of the**  
93           **proposed use, the legislative body shall:**

94           **(A) notify the applicant in writing of each reason for the classification or denial;**  
95           **and**

96           **(B) offer the applicant an opportunity to challenge the classification or denial**

97                   through an administrative appeal process established by the county.

98       (3) Each county shall amend each land use ordinance that contains a list of approved or  
99                   prohibited business uses to include a reference to the process for petitioning to approve a  
100                  new or unlisted business use, as described in Subsection (2).

101                  **Section 3. Effective Date.**

102                  This bill takes effect on May 7, 2025.

# EXHIBIT B

## New or Unlisted Business Use Process

### A. Purpose

The purpose of this section is to establish a clear process for evaluating proposed business uses that are new, unlisted, or not clearly classified in the City's land use code.

### B. Application Required

1. Applicants proposing a new or unlisted business use shall submit a New/Unlisted Business Use Application on a form provided by the City.
2. The application shall include:
  - i. A detailed description of the proposed business and its operations;
  - ii. Hours of operation and number of employees;
  - iii. Description of materials, used or stored, including hazardous materials;
  - iv. Site plan or floor plan, if applicable;
  - v. Description of which listed use the proposed use best aligns and why;
  - vi. Any other information required on the form or requested by staff that relates to the business.

### C. Staff and Planning Commission Review

1. Once the city determines an application is complete, staff shall review the application. Staff shall present the application to the planning commission at the next available planning commission meeting.
2. The planning commission is the land use authority for determining whether a proposed new or unlisted business use aligns with an existing land use category.
3. The planning commission will make its decision based on the following criteria:
  - i. Similarity of Primary Activities
  - ii. Operational Characteristics
  - iii. Impact of Public Infrastructure
  - iv. Environmental and Nuisance Impacts
  - v. Hazardous Materials and Safety Considerations
  - vi. Compatibility with surrounding land uses
  - vii. Purpose and Intent of the Zoning District

The decision must be made within 60 days after a complete application is submitted.

4. If the planning commission determines that the proposed use aligns with an existing use, it will issue a written decision allowing the proposed use to proceed under the regulations of the existing use.
5. If the planning commission determines that the proposed use is a new or unlisted business use:
  - i. The planning commission shall schedule a public hearing for the next available planning commission meeting.
  - ii. Following the public hearing, the planning commission shall treat the application as an application for a land use code amendment, including any necessary text additions or modifications.

- iii. The planning commission will then forward the application and either a positive or negative recommendation to the city council for a potential new business use.
6. If the planning commission denies an application for a proposed new or unlisted business use, or if an applicant disagrees with planning commission's classification of the proposed use, the planning commission shall notify the applicant in writing of each reason for the classification or denial, and offer the applicant an opportunity to challenge the classification or denial through the appeal process as outlined in Chapter 17.08.120 of City Code.

D. City Council Review

1. The city council shall review recommendations from the planning commission involving new businesses as legislative land use decisions.
2. The city council shall determine whether the new or unlisted business use should be added to the land use code.

## PENDING – Not Yet Approved

Minutes of the West Bountiful City Council meeting held on **Tuesday, January 6<sup>th</sup>, 2026**, at West Bountiful City Hall, 550 N 800 West, Davis County, Utah.

### Those in attendance:

**MEMBERS:** Mayor Kenneth Romney, Council members James Ahlstrom, Dell Butterfield, Kelly Enquist, Jenn Nielsen and Julie Thompson

**STAFF:** Duane Huffman (City Administrator), Brandon Erikson (Chief of Police), Steve Maughan (Public Works Director), Steve Doxey (City Attorney), and Remington Whiting (City Recorder)

**PUBLIC:** Alan Malan, Lucille Eastman, Eric Eastman, Jacqueline Romney, Simon Mortenson, Tiffany Sowby

**EXCUSED:** Kris Nielsen (City Engineer)

## Regular Meeting

Mayor Romney called the meeting to order at 7:30 pm. Jenn Nielsen shared an inspirational thought, and the Pledge of Allegiance was led by Dell Butterfield.

## **1. Swearing in of Mayor Kenneth Romney and Council Members Kelly Enquist and Julie Thompson.**

Remington Whiting swore in incumbent Mayor Kenneth Romney, Council member Kelly Enquist and new elected Council member Julie Thompson.

## 2. Approve Agenda

**MOTION:** *Dell Butterfield made a motion to approve the agenda. Kelly Enquist seconded the Motion which PASSED by unanimous vote of all members present.*

### 3. Public Comment

### No Comment

#### 4. Legislative Report – Representative Raymond P. Ward and Senator Todd Weiler.

Representative Raymond P. Ward – Representative Ward thanked the Council for the opportunity to present. He provided an overview of topics that may be discussed during the upcoming legislative session, including the state budget and issues related to judicial and legislative powers. Councilmember Butterfield asked for Representative Ward’s opinion on the state’s redistricting process. Representative Ward also discussed potential approaches to addressing affordable housing. Funding to support the Great Salt Lake was also discussed.

48 Senator Todd Weiler – Senator Weiler presented his priorities for the legislative session and  
49 explained that he expects to sponsor several bills this year. Councilmember Butterfield asked  
50 for Senator Weiler’s opinion on redistricting and on legislative disagreements.

51 Councilmember Nielsen shared her concerns regarding the volume of bills being passed by  
52 the legislature. Mayor Romney asked about the state’s approach to energy policy, and Senator  
53 Weiler discussed the possibility of nuclear energy.

Jenn Nielsen – Aye

## 10. Meeting Minutes from December 16<sup>th</sup>, 2025.

**MOTION:** *Dell Butterfield made a motion to approve the meeting minutes from December 16<sup>th</sup>, 2025. Kelly Enquist seconded the motion which PASSED by unanimous vote of all members present.*

## 11. Staff Reports

## Police Department – Brandon Erekson

- New crossing guard begun today on 1000 N and 700 W.

## Public Works – Steve Maughan

- The department is working on taking down holiday decorations.
- The full-time position in the parks department was filled by Cole Arbon.

## Administration/Community Development – Duane Huffman

- Most of the traffic control has been removed from 500 S. Staff's understanding is that Enbridge had not completed their project, and they will most likely be back in the spring.
- First draft of the audit has been received – the final will be presented at the next council meeting.

142     • Next meeting will include a first draft of the budget amendment.  
143     • Asked the council to consider somebody who would serve as the Mayor Pro-temp.  
144     • Will be sending out questions for the city council retreat.  
145     • Looking for feedback from the council on the USU wellbeing survey.  
146     • There will be 2 new commercial businesses in the city. A personal trainer and a Vietnamese  
147     restaurant.

148  
149     **12. Mayor/Council Reports**  
150

151     Kenneth Romney:

152     • Shared his appreciation for staff's work during the holidays.  
153     • Shared his appreciation for the public works department and the police department.  
154     • There will be some changes to the planning commission, and they will be taken care of  
155     during the next city council meeting. He also shared his appreciation for Chairman Alan  
156     Malan.

157     Dell Butterfield:

158     • Shared his appreciation for Alan Malan, the chair of the planning commission.

159     James Ahlstrom:

160     • Asked if we should consider eliminating a section in the city's rules of order that states that  
161     councilmembers ask permission to discuss issues on the Thursday before.

162     Kelly Enquist:

163     • Mosquito Abatement had a meeting on Thursday with the new officers.  
164     • The position for the director of the Mosquito abatement is still open.  
165     • Arts Council concert will take place on Friday at 7:00pm. It will feature Andy Leger.

166     Jenn Nielsen:

167     • Youth City Council has not met since Christmas on Onion Street.

168  
169     **13. Adjourn**  
170

171       **MOTION:** *Jenn Nielsen made a motion to adjourn the meeting of the West Bountiful  
172       City Council. Julie Thompson seconded the motion which PASSED by  
173       unanimous vote of all members present.*

---

174  
175  
176     *The foregoing was approved by the West Bountiful City Council by unanimous vote of all members  
177     present on January 20<sup>th</sup>, 2026.*
