## **ACTION ITEMS**

- a. **Review and recommendation on an application for an Amended Commercial Site Plan, known as Built Bar Site Improvements, located at 713 S Utah Valley Dr, American Fork City. The Commercial Site Plan will be on approximately 10.81 acres and will be in the PI-1 zone.**

Cody Opperman presented background for an amended site plan request for the Built Bar development in American Fork. The proposed amendment includes installing a new dumpster enclosure on the east side of the building and adding new asphalt in the surrounding area. There are no conditions of approval.

Cody thanked the applicant for promptly providing updated site plan corrections requested by the project engineer.

Findings indicate the project meets the requirements of the Planned Industrial (PI-1) zone (Section 17.7.701) as well as the amended commercial site plan standards (Section 17.6.101). The dumpster enclosure deviates from the City's standard design; however, the Development Services Director approved the deviation as long as they have met certain conditions outlined in an email, which they have met.
