3. Discussion

3.1 Summit County Vaccine Clinics

7

Phil Bondurant, Director Summit County Health Department, and Derek Moss, Nursing Director, discussed the success of their coordinated vaccine efforts between the Summit County Health Department and Park City School District. For public health to be successful, we have to have strong partnerships and Phil thanked Superintendent Huntsman for her support of the Health Department. Setting up a clinic where they can access parents, such as parent-teacher conferences, or other school events, is very beneficial and a time savings to families. These clinics are not just for vaccines, it is an opportunity to provide information to families. [Presentation](#)

Parley's Park ensures that all staff members have an inclusive opportunity to participate in the established shared leadership structure. Committed to continuously delivering efficient, effective, and transparent communication. Kim believes that transparent communication is a game-changer.

As a leader, Kim has had the privilege of watching a school transform. With the implementation of Conscious Discipline, we are aligned, and we are cohesive as a team. With these changes, Kim has seen fewer conflicts and behavior issues with students.
