## EPHRAIM CITY COUNCIL

MEETING DATE: January 21, 2026

**TO:** MAYOR AND COUNCIL  
**FROM:** Katie Witt, City Manager, Administration  
**SUBJECT:** Vehicle Policy Update  
**AGENDA TYPE:** ACTION

### **EXECUTIVE SUMMARY**

The addition of this section is to bring the City Vehicle Policy in the Employee Handbook in line with current city practice. It clarifies that essential service employees may park vehicles at their residences, that vehicles must remain in city limits during work hours, and that vehicles should not leave city limits for breaks or lunches unless authorized by department head in writing. This section does not apply to public safety vehicles. Staff recommends adoption of this section.

### **BACKGROUND**

It is common practice for essential service employees to keep city vehicles at their homes. Whether it is running to check the hydro plant up the canyon, monitoring overnight watering, or being on call, these employees frequently have need of their vehicles outside of normal work hours. At times, city vehicles must be taken out of city limits during work hours in the course of work, which is permissible.

### **FISCAL REVIEW**

Additional wear and fuel costs have been taken into consideration in creating this policy. Staff feels that these are within an acceptable range in exchange for faster response times.

## **LEGAL REVIEW**

The City Attorney has approved this as to form.

## **ALTERNATIVES**

An alternative to this policy would be to not allow essential service employees to keep their vehicles at their residences during off hours. The positive of this would be that it would save incidental wear and fuel, but it would also increase response time in emergencies.

The alternative to not allowing city vehicles to be driven outside city limits on breaks and at lunch would be to authorize employees to do so. Staff believes leaving city limits for breaks and lunch is unnecessary, but if employees wish to do so they will use their own vehicles.

## **CONCLUSION**

This change clarifies current city policy which allows essential service employees to take vehicles to their residences in off-hours, and that city vehicles should stay in the city during work hours. Vehicles may leave the city as approved by the department head. Staff recommends approval of this section.
