Issue Updates

RDA and MBA: Nothing new to report at this time.

Affordable Workforce Housing: The roofs have been completed. They are working on the wraps and windows Saturday. They could always use more volunteers.

EMS/EMT, Sheriff's Office Updates, Airports, Code Enforcement: Nothing new to report at this time.

Airports: Bret Reynolds has not heard anything about rescheduling the meeting for the Dutch John Airport. He has also talked to the State and they should be sending information on moving forward with the work for Dutch John Airport.

Clinic: The broken waterline from Friday has been repaired. The rest of the waterline will be installed on Saturday the 31st. The Construction Meeting is at 10:00 am Thursday.

Roads: Time was allotted to Sean Hughes. The Rainbow Way street sign needs to be reinstalled. We need to confirm who is responsible for the installation and fees. Sean went ahead and installed the Rainbow Way street sign. Bret Reynolds will also be helping get the parts to install the Daggett County Welcome Signs. In order for the bike trail to move forward, Bret Reynolds stated that we need to find someone that will be willing to sell or donate 5 acres of wetland and/or land that can be converted into a wetland. There was some discussion. There will be a meeting scheduled to work through this new hurdle.

Recess for the MBA Meeting at 9:38 am. Back From recess at 9:54 am.

Larinda,

The Bureau of Reclamation has received your request to renew the DC water service contract.

As we are rather short on time, could we set up a meeting in mid-February to come out to Manila and work together on the renewal contract?

Thank you,

Jeff Hearty

FS Agreement No. 26-LE-11040100-005

Cooperator Agreement No. _____

COOPERATIVE LAW ENFORCEMENT AGREEMENT
Between The
COUNTY OF DAGGETT
And The
USDA, FOREST SERVICE
ASHLEY NATIONAL FOREST

This COOPERATIVE LAW ENFORCEMENT AGREEMENT ('Agreement') is entered into by and between the County of Daggett, hereinafter referred to as "Cooperator," and the United States Department of Agriculture (USDA), Forest Service, Ashley National Forest, hereinafter referred to as the "U.S. Forest Service," under the provisions of the Cooperative Law Enforcement Act of August 10, 1971, Pub. L. 92-82, 16 U.S.C. 551a.

Background: The parties to this agreement recognize that public use of National Forest System lands (NFS lands) is usually located in areas that are remote or sparsely populated. The parties also recognize that the enforcement of State and local law is related to the administration and regulation of NFS lands and Cooperator has/have a limited amount of financing to meet their responsibility of enforcing these laws.

Title: Daggett County Patrols

I. PURPOSE:

The purpose of this agreement is to document a cooperative effort between the parties to enhance State and local law enforcement in connection with activities on NFS lands and provide for reimbursement to Cooperator for the intensified portion of this effort.

In consideration of the above premises, the parties agree as follows:

II. COOPERATOR SHALL:

- A. Perform in accordance with the approved and hereby incorporated Financial and Operating Plan (Operating Plan) attached as Exhibit A. *See related Provision IV-E.*
- B. Ensure that the officers/agents of Cooperator performing law enforcement activities under this agreement meet the same standards of training required of the officers/agents in their jurisdiction, or the State Peace Officers Standards of Training where they exist.

- C. Provide uniformed officers/agents with marked vehicles to perform all activities unless agreed to otherwise in the Operating Plan.
- D. Advise the U.S. Forest Service Principal Contact, listed in Provision IV-B, of any suspected criminal activities in connection with activities on NFS lands.
- E. Upon the request of the U.S. Forest Service, dispatch additional deputies within manpower capabilities during extraordinary situations as described in Provision IV-J.
- F. Complete and furnish annually the U.S. Forest Service with Form FS-5300-5, Cooperative Law Enforcement Activity Report, identifying the number of crimes occurring on NFS lands. The report shall follow the FBI Uniform Crime Reporting groupings, Part I and Part II offenses. Offenses and arrest information shall be combined and reported for each crime. This report shall separate the crimes handled under this agreement from those handled during regular duties.
- G. Provide the U.S. Forest Service Principal Contact, listed in Provision IV-B, with case reports and timely information relating to incidents/crimes in connection with activities on NFS lands.
- H. Bill the U.S. Forest Service for Cooperator's actual costs incurred to date, displayed by separate cost elements, excluding any previous U.S. Forest Service payment(s) made to the date of the invoice, not to exceed the cumulative funds obligated hereunder and as specified on the Operating Plan. Billing frequency will be as specified in the Operating Plan. See related Provisions III-B, IV-I, and IV-P.
- I. Give the U.S. Forest Service or Comptroller General, through any authorized representative, access to and the right to examine all records related to this agreement. As used in this provision, "records" include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.
- J. Comply with all Federal statutes relating to nondiscrimination and all applicable requirements of all other Federal laws, Executive Orders, regulations, and policies. These include, but are not limited to Sections 119 and 504 of the Rehabilitation Act of 1973 as amended, which prohibits discrimination on the basis of race, color, religion, sex, age, national origin, marital status, familial status, sexual orientation, participation in any public assistance program, or disability.
- K. Maintain current information in the System for Award Management (SAM) until receipt of final payment. This requires review and update to the information at least annually after the initial registration, and more frequently if required by changes in information or agreement term(s). For purposes of this agreement, System for Award Management (SAM) the cooperator shall maintain current organizational information and the original Unique Entity Identifier (UEI) provided for this agreement in the System for Award Management (SAM) until receipt of final payment. This requires

annual review and updates, when needed, of organizational information after the initial registration. More frequent review and updates may be required for changes in organizational information or agreement term(s). Any change to the original UEI provided in this agreement will result in termination of this agreement and de-obligation of any remaining funds. For purposes of this agreement, System for Award Management (SAM) means the Federal repository into which an entity must provide information required for the conduct of business as a Cooperative. Additional information about registration procedures may be found at the SAM Internet site at www.sam.gov.

III. THE U.S. FOREST SERVICE SHALL:

- A. Perform in accordance with the Operating Plan attached as Exhibit A.
- B. Reimburse Cooperator for actual expenses incurred, not to exceed the estimated amount shown in the Operating Plan. The U.S. Forest Service will make payment for project costs upon receipt of an invoice. Each correct invoice shall display Cooperator's actual expenditures to date of the invoice, displayed by separate cost elements as documented in the Operating Plan, less any previous U.S. Forest Service payments. See related Provisions II-H and IV-I. The invoice should be forwarded as follows:

**Submit original invoice(s) for

IV. IT IS MUTUALLY UNDERSTOOD AND AGREED UPON BY AND BETWEEN THE PARTIES THAT:

- A. The parties will make themselves available, when necessary to provide for continuing consultation, exchange information, aid in training and mutual support, discuss the conditions covered by this agreement and agree to actions essential to fulfill its purposes.
- B. The principal contacts for this agreement are:

Principal Cooperator Contacts:

Cooperator Program Contact	Cooperator Administrative Contact

- C. An Operating Plan will be negotiated on a fiscal year basis. At the end of the year, funds not spent may be carried forward to the next year, or deobligated at the request of the U.S. Forest Service. Upon expiration of the Cooperative Law Enforcement Agreement, funds not spent will be deobligated.
- D. This agreement has no effect upon Cooperator's right to exercise civil and criminal jurisdiction on NFS lands nor does this agreement have any effect upon the responsibility of the U.S. Forest Service for the enforcement of federal laws and regulations relative to NFS lands.
- E. Any Operating Plan added to this agreement will be jointly prepared and agreed to by the parties. The Operating Plan shall at a minimum contain:
 1. Specific language stating that the Operating Plan is being added to this agreement thereby subjecting it to the terms of this agreement.
 2. Specific beginning and ending dates.
 3. Bilateral execution prior to any purchase or the performance of any work for which reimbursement is to be made.

4. Specify any training, equipment purchases, and enforcement activities to be provided and agreed rates for reimbursement including the maximum total amount(s) for reimbursement.
 5. An estimate of the useful life of any equipment purchased under this agreement as required by Provision IV-K.
 6. Billing frequency requirement(s). *See related Provisions II-H and III-B.*
 7. Designation of specific individuals and alternate(s) to make or receive requests for enforcement activities under this agreement.
 8. A review and signature of a U.S. Forest Service Agreements Coordinator.
- F. Nothing in this agreement obligates either party to accept or offer any Operating Plan under this agreement.
- G. The officers/agents of Cooperator performing law enforcement activities under this agreement are, and shall remain, under the supervision, authority, and responsibility of Cooperator. Law enforcement provided by Cooperator and its employees shall not be considered as coming within the scope of federal employment and none of the benefits of federal employment shall be conferred under this agreement.
- H. PAID SICK LEAVE REQUIREMENTS. Executive Order 13706, Establishing Paid Sick Leave for Federal Contractors, and its implementing regulations, including the federal contractor paid sick leave clause at 29 CFR Part 13, Appendix A, apply to the Cooperator and any subcontractors under this agreement. These regulatory requirements are incorporated by reference into this agreement as if fully set forth in this agreement
- I. Federal Communication Commission procedures will be followed when operating radio(s) on either party's frequency.
- J. Cooperator's reimbursable expenses must be: listed in an approved Operating Plan; expended in connection with activities on NFS lands; and expenses beyond those which are normally able to provide.
- K. During extraordinary situations such as, but not limited to: fire emergency, drug enforcement activities, or certain group gatherings, the U.S. Forest Service may request to provide additional special enforcement activities. The U.S. Forest Service will reimburse Cooperator for only the additional activities requested and not for activities that are regularly performed by Cooperator.
- L. Reimbursement may include the costs incurred by Cooperator in equipping or training its officers/agents to perform the additional law enforcement activities authorized by this agreement. Unless specified otherwise in the Operating Plan,

reimbursement for equipment and training will be limited to a pro rata share based on the percentage of time an officer/agent spends or equipment is used under this agreement.

- M. When reimbursement for items such as radios, radar equipment, and boats is being contemplated, reimbursement for leasing of such equipment should be considered. If the U.S. Forest Service's equipment purchases are approved in the Operating Plan, an estimate of the useful life of such equipment shall be included. When purchased, equipment use rates shall include only operation and maintenance costs and will exclude depreciation and replacement costs. Whether Cooperator is/are reimbursed for lease/purchase costs, or the U.S. Forest Service purchases and transfers the equipment, the total cost for the equipment cannot exceed the major portion of the total cost of the Operating Plan unless approved by all parties in the agreement and shown in the Operating Plan.
- N. When the U.S. Forest Service provides equipment, the transfer shall be documented on an approved property transfer form (AD-107) or equivalent. Title shall remain with the U.S. Forest Service, however; Cooperator shall ensure adequate safeguards and controls exist to protect loss or theft. Cooperator shall be financially responsible for any loss at original acquisition cost less depreciation at the termination of the agreement. Cooperator is/are responsible for all operating and maintenance costs for equipment that the U.S. Forest Service has reimbursed Cooperator for and/or transferred to Cooperator under the AD-107 process or equivalent.
- O. Equipment and supplies approved for purchase under this agreement are available only for use as authorized. The U.S. Forest Service reserves the right to transfer title to the U.S. Forest Service of equipment and supplies, with a current per-unit fair market value in excess of \$10,000.00, purchased by Cooperator using any Federal funding. Upon expiration of this agreement Cooperator shall forward an equipment and supply inventory to the U.S. Forest Service, listing all equipment purchased throughout the life of the project and unused supplies. The U.S. Forest Service will issue disposition instructions within 120 calendar days, in accordance with equipment regulations contained in 7 CFR 3016.32.
- P. When no equipment or supplies are approved for purchase under an Operating Plan, U.S. Forest Service funding under this agreement is not available for reimbursement of Cooperator's purchase of equipment or supplies.
- Q. When State conservation agencies have the responsibility for public protection in addition to their normal enforcement responsibility, their public protection enforcement activities may be included in Operating Plans and are then eligible for reimbursement. Reimbursement is not authorized to State Conservation Agencies for enforcement of fish and game laws in connection with activities on NFS lands.
- R. Pursuant to 31 U.S.C. 3716 and 7 CFR, Part 3, Subpart B, any funds paid to Cooperator in excess of the amount to which Cooperator is/are finally determined to

be entitled under the terms and conditions of the award constitute a debt to the federal Government. If not paid within a reasonable period after the demand for payment, the Federal awarding agency may reduce the debt by:

1. Making an administrative offset against other requests for reimbursements.
2. Withholding advance payments otherwise due to Cooperator.
3. Taking other action permitted by statute.

Except as otherwise provided by law, the Federal awarding agency shall charge interest on an overdue debt in accordance with 4 CFR, Chapter II "Federal Claims Collection Standards" and 31 U.S.C. Chapter 37.

- S. Modifications within the scope of the agreement shall be made by mutual consent of the parties, by the issuance of a written modification, signed and dated by both parties, prior to any changes being performed. The U.S. Forest Service is not obligated to fund any changes not properly approved in advance.
- T. Either party, in writing, may terminate this agreement in whole, or in part, at any time before the date of expiration. Neither party shall incur any new obligations for the terminated portion of this agreement after the effective date and shall cancel as many obligations as is possible. Full credit shall be allowed for each party's expenses and all noncancelable obligations properly incurred up to the effective date of termination.
- U. PROHIBITION AGAINST INTERNAL CONFIDENTIAL AGREEMENTS. All non federal government entities working on this agreement will adhere to the below provisions found in the Consolidated Appropriations Act, 2016, Pub. L. 114-113, relating to reporting fraud, waste and abuse to authorities:
- (a) The recipient may not require its employees, contractors, or subrecipients seeking to report fraud, waste, or abuse to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting them from lawfully reporting that waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.
 - (b) The recipient must notify its employees, contractors, or subrecipients that the prohibitions and restrictions of any internal confidentiality agreements inconsistent with paragraph (a) of this award provision are no longer in effect.
 - (c) The prohibition in paragraph (a) of this award provision does not contravene requirements applicable to any other form issued by a

Federal department or agency governing the nondisclosure of classified information.

(d) If the Government determines that the recipient is not in compliance with this award provision, it:

(1) Will prohibit the recipient's use of funds under this award, in accordance with sections 743, 744 of Division E of the Consolidated Appropriations Act, 2016, (Pub. L. 114-113) or any successor provision of law; and

(2) May pursue other remedies available for the recipient's material failure to comply with award terms and conditions.

- V. Federal wage provisions (Davis-Bacon or Service Contract Act) are applicable to any contract developed and awarded under this agreement where all or part of the funding is provided with Federal funds. Davis-Bacon wage rates apply on all public works contracts in excess of \$2,000 and Service Contract Act wage provisions apply to service contracts in excess of \$2,500. The U.S. Forest Service will award contracts in all situations where their contribution exceeds 50 percent of the cost of the contract. If Cooperator is/are approved to issue a contract, it shall be awarded on a competitive basis.
- W. This agreement in no way restricts the U.S. Forest Service or Cooperator from participating in similar activities with other public or private agencies, organizations, and individuals.
- X. In accordance with Executive Order (EO) 13513, "Federal Leadership on Reducing Text Messaging While Driving," any and all text messaging by Federal employees is banned: a) while driving a Government owned vehicle (GOV) or driving a privately owned vehicle (POV) while on official Government business; or b) using any electronic equipment supplied by the Government when driving any vehicle at any time. All cooperators, their employees, volunteers, and contractors are encouraged to adopt and enforce policies that ban text messaging when driving company owned, leased or rented vehicles, POVs or GOVs when driving while on official Government business or when performing any work for or on behalf of the Government.
- Y. Any information furnished to the U.S. Forest Service under this agreement is subject to the Freedom of Information Act (5 U.S.C. 552).
- Z. This agreement is executed as of the date of the last signature and, unless sooner terminated, shall be effective for a period of five years through 09/30/2030.
- AA. By signature below, each party certifies that the individuals listed in this document as representatives of the individual parties are authorized to act in their respective areas

for matters related to this agreement. In witness whereof, the parties hereto have executed this agreement as of the last date written below.

Daggett County Commission and Town of Dutch John Work Session
December 9 & 10, 2025
August Granath

Notes from the work sessions and resulting revisions are described below:

- During our Dutch John meeting, there was a question asked about the Department of Workforce Services FirmFind data and whether or not that data includes contractors.
 - Our GOEO Data Manager reached out to the DWS staffer that manages this data set and confirmed that this dataset only includes W-2 employees.
- During our meeting with Daggett County, there was a discussion about the role that ranching plays in the local economy. Specifically, commissioners felt like the sentence about ranching in the “Key Industries” paragraph under Strengths needed to be re-worked. The new sentence is below and can be found on page 8
 - “Agriculture and ranching activity provides a strong base of cultural heritage and ongoing economic activity that contributes substantial property tax and employment in Daggett County.”
- In both meetings, elected officials mentioned that the improvements to water and sewer treatment facilities should be included in the “Infrastructure Investment” section under Opportunities. The below sentence was added to page 10:
 - “Additionally, improvements to water treatment facilities are nearing completion and improvements to sewer treatment facilities are scheduled to start soon.”
- Commissioner Lytle made a comment regarding the “External Land and Regulatory Control” paragraph under the “Threats / Barriers to Progress” section and requested specific land ownership numbers as well as a reference to Payment in Lieu of Taxes and Secure Rural School programs. Our Data Manager reached out to staff at the Utah Geospatial Resource Center to get exact numbers. The revised paragraph below can be found on page 11:
 - “Of the 460,078 acres in Daggett County, 370,377 acres are federally owned (80.5%), 40,188 are state owned (8.7%), and the remaining 49,513 acres (10.8%) are privately held. While Payment in Lieu of Taxes (PILT) and Secure Rural School (SRS) programs provide needed resources, the quantity of federal land severely limits the county's tax base, complicates development, and makes the local economy vulnerable to regulation that affect the local economy.”
- Commissioner Lytle had asked a question about declining school enrollment numbers as described in the “Demographic Challenges” section under Threats/Barriers to Progress

and requested that we provide exact numbers if at all possible. I reached out to Bruce Northcott, the Daggett School District Superintendent, who provided statistics. The revised paragraph below can be found on page 11:

- “School enrollment is "declining pretty significantly", dropping from a district wide enrollment high of 210 in 2020-2021 to 174 in 2025-26 and a forecasted enrollment of 150 in 2030. This threatens the long-term viability of the community and its ability to retain young families. This is compounded and potentially driven by the availability of affordable housing and limited full time head of household job opportunities.”
- During the meeting in Dutch John, there was a discussion regarding a paragraph describing “Community Resistance to Change” in the Threats / Barriers to Progress section. The title was re-written to “Community Hesitant to Change” and the paragraph was re-written as below and can be found on page 11:
 - “A segment of the existing population is concerned that additional development or growth will alter the unique character of their community. Unless developers or government entities get buy-in from the community, proposals may face entitlement risk.”
- Commissioner Lytle had flagged a Goal 4 - Strategy 3 - Project 3 that discussed working with the Division of Wildlife Resources on hunting quality related policy. It was agreed to revise this project to slightly more general language. The revised project description is below and can be found on page 17.
 - “Work with the Division of Wildlife Resources to maintain and improve hunt quality”
- Commissioner Lytle had flagged the image used on page 18 and questioned if it was actually in Daggett County. I replaced this image with another that is definitely in Daggett County.

Overview of the Rural Economic Blueprint Program Process

The Rural Economic Blueprint Program offers Utah’s rural communities an opportunity to leverage state–provided technical support to advance their economic development goals. The program is no cost, community–driven, and provides a simple yet effective economic development strategic plan. With an economic development strategic plan in place, communities will be better positioned to communicate their goals to funders, get buy–in from residents, acquire capital, and deploy resources towards target projects.

The program is in its first year and is working with nine communities during this pilot period. Daggett County and Dutch John were among the applicants that were selected to participate in the first round of the program. The working team first met in October 2025 and then met twice in November of 2025. In that time, GOEO staff performed one–on–one interviews with 13 key stakeholders, compiled economic data from various sources, and reviewed the community’s general plans. Individual stakeholder contributions to this report have been kept anonymous.

The following report is the result of a collaborative effort led and facilitated by GOEO staff with direction from Daggett County and Dutch John stakeholders. The goal of this program is to ensure that this effort represents the desires of the community as a whole.

Daggett County Economic Data Snapshot

Population: 956

According to the Census Bureau, Daggett County has grown by 20 people (.5% annualized) from April 1, 2020, to July 1, 2024, since the last decennial census in 2020¹. This is about half of the 1.2 annual growth rate for the preceding 30-year period from 1990 – 2020.² Comparing the same periods, statewide population growth has dropped from 3% to 1.8% annual growth, while nationwide growth has slowed from 1.1% to 0.7% annual growth³. Meanwhile, Dutch John’s population has remained flat while Manila’s population has not fluctuated much since it increased by 100 between 1990 and 2000.

Major Industries

In Daggett County, the majority of employment is owed to the top four industries in the community, according to proprietary data provided by ESRI’s Civilian Labor Force Profile⁹. Public Administration, Agriculture/Forestry/Fishing, Educational Services, and Transportation/Warehousing all provide an equal amount of jobs (roughly 14% – 16% each). In terms of location quotients¹⁰, Agriculture/Forestry/Fishing stands out relative to the rest of the United States with a score of 13.9, as does extractive industries with a score of 6.8, Public Administration with a score of 3.2, and Transportation/Warehousing with a score of 2.8.

⁹ ESRI. (2025). *Daggett County, Utah: Civilian labor force profile* [Report generated from ArcGIS Business Analyst].

¹⁰ The location quotient is found by dividing the share of employment for an industry in one area by the same number for the same industry in another area. For Daggett, 93 people are employed in public administration, representing 16.2% of all jobs. Nationwide, jobs in this industry make up 5% of all jobs. $16.2/5 = 3.2$ which allows us to say that, in Daggett, 3.2 times as many people have public administration jobs than the national average.

Initial Assessment

Strengths, Weaknesses, Opportunities, and Threats Analysis

A review of relevant economic statistics (see Daggett County Economic Data Snapshot), in conjunction with conversations with stakeholders, led to the development of a SWOT analysis that provided an initial assessment of economic conditions in Daggett County.

Strengths

Natural Assets

- The county's primary strength is its unique natural setting, defined by the Flaming Gorge Reservoir, the Green River, and the Uinta Mountains. The Green River is widely considered a world class Blue Ribbon tailwater fishery, and the reservoir is a major draw for boating and fishing for Kokanee salmon and trophy lake trout.

Quality of Life

- Stakeholders consistently describe the area as beautiful, safe, and remote, with a strong sense of community. There is a strong sense of pride and intergenerational engagement in local matters. Community members are quick to help each other in times of need.

Key Industries

- The economy is anchored by several established industries. Tourism related businesses leverage the area's unique natural assets and provide the main economic driver for the county. The energy and extraction industry in southwest Wyoming provides jobs that Daggett County residents commute to. The Clay Basin natural gas storage facility is one of the only large industrial private operations in the county that provides a source of property tax. Agriculture and ranching activity provides a strong base of cultural heritage and ongoing economic activity that contributes substantial property tax and employment in Daggett County.

Land and Water for Development in Dutch John

- Daggett County possesses significant land surrounding Dutch John through a Redevelopment Agency and also owns sufficient water rights to develop that land.

Weaknesses

Extremely Seasonal Economy

- The economy is heavily reliant on seasonal visitation. Businesses report being incredibly busy from April through October with a “huge dry spell” in the winter. This makes year-round business operations extremely difficult, especially for restaurant and retail businesses, with many closing or operating with a skeleton crew through the off-season.

Workforce and Housing Constraints

- Businesses report difficulty finding talented and reliable workforce. Additionally, there is a critical lack of quality affordable housing which is driven in part by high rates of second homeownership. This has made it difficult for young families to succeed economically on locally available jobs and housing, as costs often exceed wages. Due to the seasonal nature of the economy, and a lack of available or affordable housing, many businesses provide employee housing and recognize this as a key operating expense.

Lack of Commercial and Community Amenities

- Many stakeholders identified a lack of certain amenities, most notably a full-service grocery store, as a difficulty that comes with living in the area. Residents drive to Vernal, Rock Springs, or Green River, WY to do most of their shopping. There are also no banks or credit unions, there is no library, and there are few community gathering spaces, especially for indoor events in the winter time.

Infrastructure Issues

- In Manila, maintaining and updating water and sewer infrastructure was noted as a significant barrier to growth. In Dutch John, access to high speed internet is not as good and providers are currently competing to expand those services.

Political and Regulatory Friction

- The process of Dutch John’s privatization, incorporation, and long term management has created historical friction between county and town leadership in the past. It was noted that this relationship seems to be improving and that working together is key to

the area's future success. Additionally, business owners have cited a desire to improve the ease of doing business in the County, and emphasized that essential regulations are important but felt that some components of compliance felt burdensome and unnecessary.

Opportunities

Residential and Commercial Development in Dutch John

- The County's RDA owns approximately 2,000 acres of developable land in and around Dutch John. Several large-scale, long-term private residential developments are in the planning process which could significantly increase tax base and rooftops for the area.

Developing Additional Tourism Assets

- Several local stakeholders identified the improvement of services to reservoir oriented visitation as a priority. Namely, expanding and potentially privatizing the Lucerne Marina and developing a state park at Antelope Flats were noted as opportunities. Additionally, developing trail systems that attract trail running, mountain biking and OHV users off the water could increase and diversify visitation to the area and potentially grow the shoulder seasons. The development of a ski resort on Forest Land could expand the tourism season into the winter. Lastly, the County has identified developing agri-tourism and astro-tourism as an opportunity for growth.

Infrastructure Investment

- In Manila, the Daggett County Health, Business, and Community Center is anticipated to open in June of 2026. It will provide a new clinic, mental health services, exercise space, and a 120-person conference room, which could help attract off-season events. A new in-town bike path is also funded and set for construction.
- In Dutch John, improved broadband is reportedly on its way, and proposals to further develop the airport and build a clinic are being worked on. Additionally, improvements to water treatment facilities are nearing completion and improvements to sewer treatment facilities are scheduled to start soon.

Second Homeowners Turned Primary Residents and Remote Workforce Attraction

- The area's high quality of life makes it an ideal location to attract second homeowners who then become primary residents and contribute to the local workforce and

community. Additionally, attracting remote workers who “export their labor” via online economies, brings in household income to the community that isn’t available through local jobs.

Threats / Barriers to Progress

External Land & Regulatory Control

- Of the 460,078 acres in Daggett County, 370,377 acres are federally owned (80.5%), 40,188 are state owned (8.7%), and the remaining 49,513 acres (10.8%) are privately held. While Payment in Lieu of Taxes (PILT) and Secure Rural School (SRS) programs provide needed resources, the quantity of federal land severely limits the county’s tax base, complicates development, and makes the local economy vulnerable to regulation that affect the local economy.

Demographic Challenges

- School enrollment is “declining pretty significantly”, dropping from a district wide enrollment high of 210 in 2020–2021 to 174 in 2025–26 and is forecasted to drop to 150 by 2030. This threatens the long-term viability of the community and its ability to retain young families. This is compounded and potentially driven by the availability of affordable housing and limited full time head of household job opportunities.

Community Hesitant to Change

- A segment of the existing population is concerned that additional development or growth will alter the unique character of their community. Unless developers or government entities get buy-in from the community, proposals may face entitlement risk.

Geographic Isolation

- The community is an hour or more from major service hubs like Vernal and Rock Springs, creating challenges for transphealthcare access, local retail business success, and supply chain weaknesses for prospective commercial or industrial business. Access is further threatened in winter by limited snow plowing on the Wyoming side of the border.

Ideal Vision for a Future Economy

Through one-on-one conversations with stakeholders and a review of survey responses, the following themes were identified as guideposts for the future of economic development in Daggett County and Dutch John.

Strategic Investment in New Recreation and Tourism Assets

- The vision includes strategic investments to create new reasons for people to visit and stay. This means developing new trail systems to attract different types of visitors and developing key infrastructure like the marinas.

A Diverse, Year-Round, and Entrepreneurial Economy

- There is a desire to break the extreme seasonal cycle and diversify beyond tourism. This includes developing new industries, such as light manufacturing, industrial support business for the mining sector, or supporting main street business growth.

Progress that Preserves Character and Prioritizes Quality Growth

- Any economic change and planning for the future should be managed to protect the characteristics that make the area special while adding amenities and economic progress.

A Pro-Business Environment that Minimizes Barriers

- The ideal future includes local and county governments that act as partners for, not barriers to, business. Stakeholders want a streamlined, commonsense regulatory environment that encourages local entrepreneurship and removes unnecessary burdens that hinder progress.

A Community with the Foundational Amenities for Growth

- Stakeholders envision a future where residential growth is supported by, and followed by, critical commercial and social infrastructure. This includes not just housing, but grocery stores, clinics, and gathering spaces.

Strategic Plan

Economic Development in Local General Plans

Before setting forth the goals, strategies, tactics, and projects established in this plan, it is worth reviewing the previous economic development policy on file for Daggett County, Manila, and Dutch John. The economic development objectives described in these communities' general plans are described below. The new strategic plan builds on this existing plan and provides additional specificity and breadth.

Existing Objectives in Daggett County's General Plan (2008)

Objective 4.2.1: Leverage and tap into available funding sources to strengthen Daggett County's ability to improve and provide more services.

Objective 4.2.2: Study and provide appropriate assistance to areas in need of redevelopment or economic development assistance.

Objective 4.2.3: Eliminate blighted and unsightly areas within the county, while encouraging appropriate economic growth of these areas.

Objective 4.3.1: Develop an environment between existing businesses and the County which fosters growth and development and is mutually beneficial to the County and the businesses.

Objective 4.3.2: Expand the County's tax base by encouraging increased recreation and tourism calendar events.

Objective 4.3.3: Explore solutions to 1st and 4th quarter lows in business profitability.

Objective 4.4.1: Work with citizens and state/federal agencies to ensure controllable smart growth practices can be put in place for the County's future.

Existing Objectives in Dutch John's General Plan (2022)

Goal 1. Make the Town of Dutch John community an attractive environment for economic development by maintaining and improving the quality of life in the community.

Objective 1.1: Sustain, enhance and maintain the Town of Dutch John as an attractive community that creates a positive public image and encourages individuals, families, and businesses to locate and invest in the community.

Goal 2: Improve the quality of life for the Town of Dutch John residents through enhanced shopping opportunities, alternative housing options, year-round employment, high paying jobs, and increased local tax revenues as a result of expanding the community's economy.

Objective 2.1: Enhance and encourage the retention of existing businesses and establishment of new entrepreneurial businesses.

Objective 2.2: Encourage regional economic development and redevelopment which is dedicated to recruiting and attracting a balanced mix of professional, energy, light industrial, recreational, and retail jobs.

Objective 2.3: Encourage the development of "anchor" projects that encourage retail, commercial, and related mixed uses – including residential units, which will support the existing business and residential areas of the community.

Objective 2.4: Increase vocational, technological, recreational and entrepreneurial employment opportunities.

Existing Objectives in Manila's General Plan (2022)

Goal 4.1. Expand employment opportunities within the Town through effective planning and zoning that supports economic development activities.

Goal 4.2. Provide planning and zoning protections for business investments (i.e. preventing residential encroachment on business and manufacturing properties).

Goal 4.3. Support and expand the recreation and tourism base and provide the highest quality visitor experience through proper planning, zoning, and design.

Goal 4.4. Recognize economic opportunity areas identified by the County and prioritize them for long-term development.

New Goals, Strategies, and Projects

Goal 1 – Attract new business and support existing industry

Strategy Number	Strategy Description	Project Number	Project
1	Attract new businesses that are a good fit for the community	1	Attract additional commercial services to the area including vehicle maintenance services, improved grocery stores, and additional home maintenance services such as plumbing, and HVAC contractors

		7	Designate some of the County owned RDA property in Dutch John for commercial or industrial development
		8	Explore programs that can drive downtown revitalization efforts in Manila

Goal 4 – Improve quality of experience for visitors and quality of life for residents

Strategy Number	Strategy Description	Project Number	Project
1	Promote and grow community events	1	Continue to provide event coordination and marketing staff for existing special events in Daggett County, such as the Tower Rock Run, PRCA Rodeo, 4th of July celebration, and other events
		2	Grow new community events such as a polar plunge, concert series, and additional rodeos
2	Develop additional recreation and tourism infrastructure	1	Advocate for the development of an Antelope Flats State Park
		2	Develop a ski resort on Forest Service land
		3	Develop trail systems for hiking, mountain biking, OHV-ing, cross-country skiing, and snowmobiling to diversify the recreation economy
		4	Establish agri-tourism and astro-tourism amenities to diversify tourism offerings
3	Pursue policies that facilitate the healthy growth of the Daggett County tourism ecosystem	1	Pursue the designation of Daggett County as an International Dark Sky Place to support astro-tourism opportunities
		2	Work with the Bureau of Reclamation to optimize Flaming Gorge Dam releases to minimize business impacts to the fishing related tourism economy
		3	Work with the Division of Wildlife Resources to maintain and improve hunt quality
		4	Work with Summit County to develop an MOU or other solution to address the fact that Daggett County provides services to Spirit Lake Lodge but Summit County receives all tax receipts from the property
		5	Create a program to communicate with area second home owners, include them in the community, and encourage them to become full time community members
4	Develop programs that support quality of life to the community	1	Expand Uinta County library services to Manila and Dutch John

Goal 5 – Implement the Daggett County and Dutch John Rural Economic Blueprint

Strategy Number	Strategy Description	Project Number	Project
1	Create systems of accountability and support to ensure that the plan is implemented	1	Create or designate an implementation committee to oversee the completion of the plan
		2	Assign specific staff with the responsibility of implementing the plan
		3	Allocate sufficient funding to support staff and committees as they implement the plan

IV. EQUIPMENT:

See Cooperative Law Enforcement Agreement Provisions IV-K, IV-L, and IV-M for additional information.

Total reimbursement for this category shall not exceed the amount of: \$0.00

V. SPECIAL ENFORCEMENT SITUATIONS:

- A. Special Enforcement Situations include but are not limited to: Fire Emergencies, Drug Enforcement, and certain Group Gatherings.
- B. Funds available for special enforcement situations vary greatly from year to year and must be specifically requested and approved prior to any reimbursement being authorized. Requests for funds should be made to the U.S. Forest Service designated representative listed in Item I-A of this Operating Plan. The designated representative will then notify Cooperator whether funds will be authorized for reimbursement. If funds are authorized, the parties will then jointly prepare a revised Operating Plan.

- 1. Drug Enforcement: This will be handled on a case-by-case basis. The request will normally come from the patrol Captain; however, it may come from the Special Agent in Charge or their designated representative. Reimbursement shall be made at the rates specified in Section I-B. Deputies assigned to the incident will

coordinate all of their activities with the designated officer in charge of the incident.

2. **Fire Emergency:** During emergency fire suppression situations and upon request by the U.S. Forest Service pursuant to an incident resource order, the Cooperator agrees to provide special services beyond those provided under Section II-A, within the Cooperator's resource capabilities, for the enforcement of State and local laws related to the protection of persons and their property. The Cooperator will be compensated at the rate specified in Section I-B; the U.S. Forest Service will specify times and schedules. Upon concurrence of the local patrol Captain or their designated representative, an official from the Incident Management Team managing the incident, Cooperator personnel assigned to an incident where meals are provided will be entitled to such meals.

3. **Group Gatherings:** This includes but is not limited to situations which are normally unanticipated, or which typically include very short notices, large group gatherings such as rock concerts, demonstrations, and organization rendezvous. Upon authorization by a U.S. Forest Service representative listed in Section I-A for requested services of this nature, reimbursement shall be made at the rates specified in Section I-B. Deputies assigned to this type of incident will normally coordinate their activities with the designated officer in charge of the incident.

This includes but is not limited to situations which are normally unanticipated, or which typically include very short notice, large group gatherings such as rock concerts, demonstrations, and organizational rendezvous.

VI. BILLING FREQUENCY:

See Cooperative Law Enforcement Agreement Provisions II-H and III-B for additional information.

- A. Reimburse Cooperator for actual expenses incurred, not to exceed the estimated amount shown in the Operating Plan. The U.S. Forest Service will make payment for project costs upon receipt of an invoice. Each correct invoice shall display Cooperator's actual expenditures to date of the invoice, displayed by separate cost elements as documented in the Operating Plan, less any previous U.S. Forest Service payments. See related Provisions II-H and IV-I. The invoice should be forwarded as follows:

Addendum A

U.S. Forest Service Fire Emergency Language & Billing Protocol Coop Law Enforcement Agreements / Operating & Financial Plan

Fire Emergencies:

During fire emergencies, the U.S. Forest Service will reimburse the County for actual costs incurred while the County is providing assistance requested by either the Agency Administrator or Incident Commander.

Reimbursement for personnel wages and services are based upon the information in the resource order and must identify the number of roadblocks, number of personnel required, hours and time frame required and must be ordered by the Incident Commander or Agency Administrator. A copy of the resource order generated for the request for assistance will be provided by the U.S. Forest Service dispatch to the County. It is critically important that the Incident Management Team, Agency Administrator, and the Sheriff /County Official agree to what emergency services are needed and listed in the Resource Order and Incident Action Plans for each day until this resource is no longer required.

Upon request of the Agency Administrator or Incident Commander, a County designated Liaison(s) to the fire incident(s) may be established. The liaison will be requested via an incident resource order. The liaison(s) primary duties, on behalf of the County Sheriff, will be to attend public meetings, planning and Incident Command meetings. Eligible costs for reimbursement will include personnel time.

If meals and lodging are required for county officials, authorization must be documented using the standard fire meals and lodging authorization forms provided by the host fire unit. Cooperator personnel directly assigned to the incident by a resource order will be entitled to meals that are provided on the incident.

Administrative support (e.g. posting incident time, delivering meals, bill preparation, etc.) will be reimbursed on an actual cost basis. The County will prepare and submit an itemized accounting of actual cost as part of the reimbursement request.

What is not eligible for reimbursement?

1. Law enforcement duties that are within the normal jurisdictional responsibilities such as enforcement, patrols, evacuation. 2. Automotive repairs, tires, and services are covered in the prevailing wage rate as identified in the OP Provision I. B.

Billing Protocol:

Documentation required to be submitted by the County to the FS for payment processing:

- Resource Order. Resource order will state what kind of assistance is ordered, how many people requested, and the time period for the services as ordered by the IC or Agency Administrator.
- Copy of Cooperative Law Enforcement Agreement and Operating & Financial Plan.
- UEI number.
- Active status in System for Award Management (SAM).
- Tax ID number.
- Breakout of actual costs:
 - Salary – Daily Crew Time Reports, Payroll summary by hours per day or timesheets of personnel.
 - Supplies – Copies of receipts with date and description of items purchased and FS authorization (S# or FS Signature) for purchase.
 - Mileage – Summary by day by vehicle and personnel using the vehicle.

- Incident Action Plans – copies of plans that document assignment to that incident.
- Map of roadblock locations.

BILLINGS ARE NOT TO BE SUBMITTED TO THE SM.FS.ASC_GA@USDA.GOV UNDER THE OBLIGATION ESTABLISHED THROUGH THE COOPERATIVE LAW ENFORCEMENT AGREEMENT.

Please coordinate remittance of billings to the Albuquerque Service Center, Incident Finance Branch through the local Fire Incident Business Specialist,

**Tamara Minnock

Dear Commissioner:

This past year has seen a great transition from a hostile Biden Administration to an energetic and supportive Trump Administration in terms of natural resources, environmental and public lands policies.

From livestock grazing, mining, oil, gas and all forms of energy development, the enthusiasm for sound development is unprecedented. Working closely with the Uranium Producers of America to promote domestic mining, I see the Administration's efforts to open up federal lands and to reform onerous environmental regulations, including NEPA, to be very encouraging.

In the midst of all this I have been fortunate to be able to form a personal relationship with David Copley, Deputy National Security Advisor and Director of the President's Energy Dominance Council. Together, we are working to rework or eliminate Clinton, Obama and Biden Antiquities Act abuses in the form of the Grand Staircase Escalante, Bears Ears and the Baaj Nwaavjo I'tah Kukveni Grand Canyon National Monuments...all of which harmfully impact the economy of southern Utah and the national security of this nation.

Additionally, I am working closely with Karen Budd-Falen who serves as Associate Deputy Secretary of the Interior and Adam Suess, a former Sinclair Oil executive who serves in a key position for the public lands west as the Principal Deputy Assistant Secretary for Land and Minerals Management at the Department of the Interior.

I have opened up a solid relationship with Ned Mamula, who awaits Senate Confirmation as President Trump's Director of the U.S. Geological Survey (USGS). Ned is advising the Trump White House to make the boundary changes to the three primary National Monuments which are adversely impacting the counties of southern Utah and other public lands states.

My primary focus this year has been to gain Congressional approval of a three year (FY 2024, 2025, 2026) extension of the Secure Rural Schools (SRS)

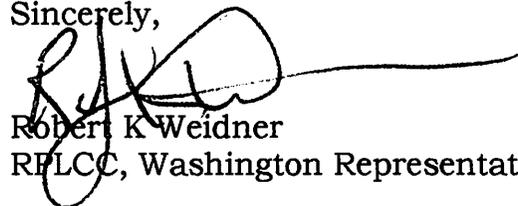

National Forest Payments program which originated in 1908 as a binding commitment when President Theodore Roosevelt signed the National Forest Act promising all public lands counties and schools 25% of the revenues generated from those National Forests. This covenant is still valid and keeps rural public lands counties financially flush so they can advocate for active National Forest management which, simply stated, means cutting trees at levels which prevent fires and protect the economic and environmental health of rural communities.

To this end I organized two fly-ins to the capital city with county and education officials from 17 states. In August, I flew to Madison, Wisconsin in to meet with leaders of the Freedom Caucus to gain their support to endorse to the Speaker of the House of Representatives Mike Johnson (R-LA) and Majority Leader Steve Scalise (R-LA) passing SRS this month before the end of the FY 2025 fiscal year. I had recent meetings with White House Natural Resources Director Jason Becker who oversees Secretary of Agriculture Brook Rollins, and Deputy Secretary of Agriculture for Natural Resources, Kristen Sleeper who directs Forest Service Chief, Tom Shultz. Essentially, on behalf of all of you and the National Forest Counties and Schools Coalition, I am asking the Trump Administration to encourage the House Republican leaders to pass the 3-year SRS extension either as a stand-alone bill (Senator Mike Lee and Senator Ron Wyden prevailed upon Senate leaders to bring up and pass S. 356, the 3-year SRS extension unanimously in July), or to attach it as part of the must-pass Continuing Resolution (C.R.) in September, before the end of the 2025 fiscal year. Because SRS impacts your PILT payment as well, I will not back off of these efforts until the issue is resolved favorably for your county.

In sum, it is up to Speaker Mike Johnson and the GOP House to pass SRS; to make payments retroactive to FY 2024 so public lands counties and school districts receive the payment which is owed them under the 1908 National Forest Act as amended by the Secure Rural Schools and Community Self Determination Act of 2000. Like PILT, this is a binding federal commitment.

I continue to be honored to represent you working full time in the National Capital City on your behalf and am grateful for your continued support.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Weidner', with a long horizontal flourish extending to the right.

**MEMORANDUM OF AGREEMENT
ON BEHALF OF DAGGETT COUNTY, A MEMBER
OF THE RURAL PUBLIC LANDS COUNTY COUNCIL
2026**

I. PARTIES

This Memorandum of Agreement is by and between Robert K. Weidner, hereinafter “Weidner”, with offices in the Washington, D.C. area and Daggett County, hereinafter “the County”.

II. RESPONSIBILITIES

Pursuant to the terms of this Memorandum of Agreement, Weidner will serve as Washington, D.C. government relation’s advisor to Daggett County and other counties of the Rural Public Lands County Council hereinafter “RPLCC”. In this role, Weidner will report to and receive guidance from the Council Members & Commissioners of participating counties in the RPLCC including:

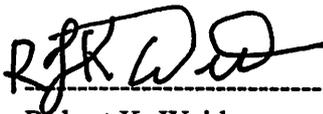

- A. Monitoring and information gathering with the Administration and Congress with respect to matters in which the counties may have interest. Specifically, Weidner will closely monitor and provide information on matters affecting public lands within member counties.
- B. Lobbying Congress and departments of the executive Branch of the government including the Department of the Interior, the Office of Management and Budget, the Department of Energy, the Environmental Protection Agency, and the Department of Agriculture with respect to matters, which affect member counties. This will involve arranging meetings for officials of the member counties with officials of these departments as necessary; the preparation of testimony and briefing papers; assisting in devising strategy; the implementation of that strategy with respect to House and Senate Committees; and liaison work with key committee members of the House and Senate Committees as well as Committee staff.
- C. In addition to those activities described in “B” above, this will include working with members and staffs of relevant Congressional Committees on an on-going basis on behalf of member counties.
- D. Providing regular briefings to the RPLCC Executive Committee and member counties following the guidelines set forth by the Executive Committee.
- E. Provide periodic updates on issues and activities, which affect RPLCC member counties.

III. DURATION

This Memorandum of Agreement shall remain in effect from January 1, 2026, until December 31, 2026. However, either party may cancel this contract on sixty days' notice without cause.

IV. FEES

PLEASE MAKE CHECK PAYABLE TO Robert K. Weidner. In consideration of the above-referenced services to be performed by Weidner, the County agrees to pay Weidner \$4,000.00 in January of 2026. Should this contract be terminated early, pursuant to the provision of III, above, and then compensation for Weidner's services shall be computed based upon the number of hours actually expended by Weidner multiplied by an hourly rate of \$250.00 per hour. Provided, however, that in no event shall the fees incurred exceed the total amount stated above unless agreed to by the two parties.
