**Milford City Council Meeting
Tuesday, January 20, 2026 4:00 PM
Milford City Hall, 26 South 100 West
Milford, Utah 84751**

Members Present: Mayor Nolan Davis, Council Members Russell Smith, Les Whitney, Ian Spaulding, and Tayson Willis.

Absent: Scott Symond

Staff: City Administrator Makayla Bealer, City Recorder Monica Seifers, Attorney Leo Kanell, Foreman Benjamin Stewart.

Visitors (Official Roster): Terry Wiseman, Matt Sterzer

Call to Order

Mayor Davis called the meeting to order at 4:02 p.m. followed by the Pledge of Allegiance.

Presentation of appreciation to former Council Member

Terry Wiseman for his years of service to the community. Mayor Davis thanked Terry for his years of service to the community and presented him with an appreciation gift. Terry thanked the members of the council and the staff for the opportunity to work together over the years.

Visitors

Trish Stewart – Provide ideas for the America250 Utah

Mrs. Stewart was not in attendance. Administrator Bealer read the email from Trish for the council:

Hi, This is a quick email and I am sorry if it seems abrupt. The main proposal I have is to have a live band for the 4th of July festivities, not just for the dance. Is there a band for the 4th of July dance? What are the exact dates for the 250th celebration? What are the plans? I am fairly certain the High School Auditorium will not be available. Could we do something similar to what y'all did for the 150th, with a bunch of vendors and live entertainment, etc.? A play would be fun if we could find a place. It would be older students, college kids and adults. --Patricia Stewart

Mayor Davis's response was that Mrs. Stewart sounded pretty ambitious. He expressed his concern with the lack of manpower with the current volunteer base with the committees we have in place. At one time there were many, but they are kind of small right now. He would like to first see what direction we take as a city with the celebrations. A lot of cities do not oversee the celebrations; there are committees that do it. The problem we have had in the years past, we have lost all of our organizations except for the Lions Club and they are already doing their part. He does not know where the manpower will come from. Before making a commitment on what we want to do on it, it needs to be determined who is going to be a part of making sure it gets done. When the city was first approached by the UPEC they came to the city and asked if we would get

45 involved. The city was not in a position to take on the 4th of July but could help, and there were
46 several organizations involved at the time. The city was just a small part of the volunteer base. We
47 have lost a lot of volunteers with these organizations no longer active. He doesn't know what the
48 right direction is but we need to be thinking about it. Council Member Spaulding suggested the
49 consideration of creating a director position to oversee the events, stating that the county has
50 experienced this same issue in the past so they now have a director. He suggested maybe doing
51 the same over the 4th, offering a stipend, and do it on a trial basis for the next two years and see
52 how it works out. If nobody puts in for it, then we have our answer that there is no interest. We
53 have been begging for people to get involved, maybe this is the direction we need to take.

54
55 Administrator Bealer circled back to the America250 stating that the City Council has been
56 appointed as the board for that event and the city been granted \$1500. Previously there was a
57 discussion about the possibility of purchasing a PA system that could be used for this as well as
58 other patriotic events, like Veterans Day, Does Milford City want to add anything to the 4th
59 celebration or go in with the county on the celebration they will be putting together on July 5th.
60 Commissioner Pearson contacted the city last month and they are planning a potluck at the
61 reservoir with a big fireworks show. Commissioner Pearson did not have many details at that time.
62 Council Member Whitney revisited the July 4th committee and volunteers stating that it has
63 dwindled a lot over the recent years and it has been difficult getting new interest. He volunteered
64 to oversee it. Administrator Bealer stated that the council stated they would oversee the
65 American250. Council Member Spaulding cited that he did not feel the members of the council,
66 nor the July 4th committee members, had the time to take more on. Mayor Davis asked, are we
67 going to combine it with what the 4th of July committee has in place or separating it stating some
68 communities are separating it. Council Member Spaulding felt that if the city went back with the
69 idea of purchasing a PA system, the city could have a brief flag ceremony or something at the park
70 while we are already there. We would need to specify a time. One thing we have always tried to do
71 in the past with the 4th is have fun things, like the Ping Pong Raffle. This led to everyone rushing to
72 the park right away and we have struggled getting a program back in place. He suggested having a
73 short program with an acknowledgement of the American 250 acknowledging it. He felt that would
74 be sufficient. This PA system could be used for other local events such as the Christmas Light
75 Parade, the Veterans Day program, which is patriotic. We just don't have the capacity and
76 volunteers to do much more than a small program for the America250. Mayor Davis supported
77 Council Member Spaulding's ideas with the American250 and asked the council if they want to
78 pursue his suggestion of trying to find a Director to take on the task of overseeing the 4th
79 celebration and getting volunteers. If we can't get the volunteers, can we look at having a parade,
80 the luncheon at the park, and fireworks? Council Member Spaulding thought that was an easy,
81 definable, quantifiable thing. We could put the specs of what we want organized and then
82 advertise the position. If we don't get anyone by that date then we move forward with what we
83 have and anything that is lacking does not happen. Council Member Whitney asked for clarification
84 of the funding for the American250. Administrator Bealer explained that the city applied for and
85 obtained the \$1500 and entered into a MOU; the city can add it to the celebration but it needs to
86 be earmarked. We have been given the approval to use it toward the purchase of the PA system.
87 Mayor Davis summarized that the council will do a program for the 4th that highlights the

88 American250 and then the city needs to identify a way of steering the committee and recruiting
89 new volunteers.

90
91 Administrator Bealer asked the council if it was their intent to let Mrs. Stewart know that the city
92 will be using the funds to purchase a PA system and direct her to the county celebration where she
93 may be able to coordinate with their committee toward something at the reservoir on the 5th? The
94 council agreed and committed to line up the program for the America250. Administrator Bealer
95 will contact Trish. Council Member Smith asked if there was a band lined up for the 4th? City
96 Recorder Seifers reported that Council Member Symond has lined up Muddy Boots we just don't
97 know for sure on the date yet, Makayla had emailed about it but there was no date provided. She
98 continued explaining that the parade and the luncheon at the park were not an issue, the biggest
99 concern with lack of volunteer is with the carnival. There is a lot that goes into the carnival, and we
100 need lots of volunteers. The prizes for the park are getting more expensive, and they are getting a
101 lot smaller and poorly made at the same time. It is not a huge money maker, but it does offer
102 something fun for the kids to do at the park. She also suggested that the committee discussed the
103 fireworks vendors. She cited that she is not opposed to what Councilmember Spaulding suggested
104 about the Director but pointed out that when the city was asked to come aboard and help form
105 the committee, it was kind of a Chamber of Commerce, which we don't have here anymore, it was
106 formed all by a volunteers. With exception of the fire department, who got a donation for setting
107 off the fireworks, none of the organizations or volunteers were compensated. Over time, different
108 groups requested or the committee determined that there should be donations made. As the
109 committee lost organizations and volunteers, there were few willing to get involved and it fell back
110 on the city. It didn't take long to see that most volunteers were not going to donate their time for
111 nothing in return and were okay with letting the city take it on under the assumption that we were
112 getting paid for it. It is something to think about, if you are compensating someone to oversee it,
113 they will be assuming the responsibility of getting it done, regardless of support from volunteers or
114 lack thereof. Council Member Smith suggested advertising that we need volunteers or we will not
115 be able to put on the carnival this year. Monica replied that she has been doing that for the past
116 two years. Administrator Bealer understood Monica's perspective but agreed that if there was a
117 director, it would be that person's job to oversee it and follow up with people to line things out.
118 She suggested that it be taken to the 4th of July Committee for discussion it where they are the
119 ones who raised the funds for the celebration.

120
121 **CONFLICTS OF INTEREST**
122 Mayor Davis explained that there will be a new agenda item where members of the council may
123 make a declaration of any potential conflicts of interest relating to agenda items for that meeting.

124
125 **Consent Issues**
126 a. **Consent issues including bills and payroll, Financial Reports November 2025 and December**
127 **2025, and minutes of the November 18, 2025 Regular Council Meeting.**

128
129 ➤ ***MOTION: Council Member Russell Smith moved to approve the consent issues as***
130 ***presented. The motion was seconded by Council Member Les Whitney. The motion***
131 ***carried with the following votes:***

132 Yes: *Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*
133 No: *None*
134 Absent: *Scott Symond*

135

136 **New Business**

137 **a. Conflict of Interest Disclosure Forms**

138 Administrator Bealer presented the members of the council and staff with conflict of interest
139 disclosure forms that need to be returned immediately. The city is required to post these on our
140 website.

141

142 **b. Library Board Appointment**

143 Administrator Bealer reported the board has recommended Malorie White to fill the vacancy.

144

145 ➤ *MOTION: Council Member Les Whitney moved to the appointment of Malorie White to*
146 *the Library Board. The motion was seconded by Council Member Ian Spaulding. The*
147 *motion carried with the following votes:*

148 Yes: *Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*
149 No: *None*
150 Absent: *Scott Symond*

151

152 **c. 2026 Appointments and Committee Review**

153 Administrator Bealer presented the appointments for 2026. Mayor Davis and Administrator
154 Bealer invited and encouraged the council members to provide reports each month for the
155 departments they oversee.

156

157 ➤ *MOTION: Council Member Ian Spaulding moved to approve the 2026 Appointments and*
158 *Committees. The motion was seconded by Council Member Les Whitney. The motion*
159 *carried with the following votes:*

160 Yes: *Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*
161 No: *None*
162 Absent: *Scott Symond*

163

164 **d. Presentation for consideration: Approval of bids – Old Fire Station; Map Printer**

165 Administrator Bealer reported the Old Fire Station bid has been completed and looked great –
166 the council needs to ratify the approval of the bid. There were not any bids received for the map
167 printer, staff would like to dispose of the printer using the landfill.

168

169 ➤ *MOTION: Council Member Les Whitney moved to ratify the approval of the old fire*
170 *station bid from Strauch Construction in the amount of \$7350.00 and to approve the*
171 *disposal of the map copier. The motion was seconded by Council Member Russell Smith.*
172 *The motion carried with the following votes:*

173 Yes: *Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*
174 No: *None*
175 Absent: *Scott Symond*

176
177 **e. Presentation for consideration: Approval of Lease Agreement for vehicle parking at Milford**
178 **Airport – I Got Poop**

179 Administrator Bealer reported that this company has multiple services they provide. They are
180 currently hauling metal, and construction waste for McCarthy. They have been parking at the
181 airport because they have a pilot fly in weekly to haul it. Mayor Davis, Airport Operator Smith,
182 and Airport Manager Bealer discussed designating an area where they could park and enter into
183 a lease agreement with a use fee. This lease has been implemented, and they have been paying
184 the fee. Council needs to ratify the agreement.

185
186 ➤ ***MOTION: Council Member Les Whitney moved to ratify the agreement that Mayor Davis***
187 ***has signed for the vehicle parking lease agreement. The motion was seconded by Council***
188 ***Member Russell Smith. The motion carried with the following votes:***
189 *Yes: Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*
190 *No: None*
191 *Absent: Scott Symond*

192
193 **f. Presentation for consideration: Approval of State Treasury Withdrawal for Library Bond**
194 **payment**

195 Administrator Bealer reported the Library Bond payment was made in December. This action
196 needs to be ratified.

197
198 ➤ ***MOTION: Council Member Russell Smith moved to approve and ratify the treasury***
199 ***withdrawal of \$10,000 for the Library Bond payment. The motion was seconded by***
200 ***Council Member Les Whitney. The motion carried with the following votes:***
201 *Yes: Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*
202 *No: None*
203 *Absent: Scott Symond*

204
205 **g. Presentation for consideration: Temporary Change Applications with Christiansen Farms and**
206 **Lary Carter's Farm**

207 Administrator Bealer reported these farms were interested in continuing. The cost is \$50 per acre
208 foot, with the farms paying \$12.5K up front when they pick up the application to file with Water
209 Rights Division. Lary Carter Farms will be transferred under the current agreement with
210 Williams/Netto; this water is metered at the well and charged on the actual use. This transfer is
211 expected to generate \$25K in revenues. Council Member Spaulding asked what trigger is in place
212 for proofing up Milford City's water rights. Attorney Kanell stated he is tracking the water rights.
213 In the event the water is needed for municipal use, it would revert back to the city.

214
215 ➤ ***MOTION: Council Member Ian Spaulding moved to approve the mayor to sign the***
216 ***temporary change applications. The motion was seconded by Council Member Russell***
217 ***Smith. The motion carried with the following votes:***
218 *Yes: Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*
219 *No: None*

220 *Absent: Scott Symond*

221

222 **h. Approval of Corrective Action Plan – State Auditor's Office**

223 Administrator Bealer revisited the letter from the State Auditor. They want a more descriptive
224 plan for how the city will alleviate the excess balance in the General Fund. In years past we have
225 just had to write a letter to the State Auditor. This year they are requiring more details for why
226 we are holding those funds and the plan for action. She provided options (in the packet) which
227 included the creation of a capital improvement fund. The city has been fortunate to have the
228 excess funds, we have been able to replace the roof at the swimming pool and purchase a new
229 one-ton and backhoe. We are in a good position, we just need to explain to the auditor's office
230 why we have that extra funding. Council Member Spaulding supported a capital improvement
231 fund that could be used in the future. Mayor Davis thanked Administrator Bealer for her work on
232 the plan.

233

234 ➤ *MOTION: Council Member Ian Spaulding moved to approve the corrective action plan
235 for the State Auditor's Office. The motion was seconded by Council Member Les
236 Whitney. The motion carried with the following votes:*

237 *Yes: Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*

238 *No: None*

239 *Absent: Scott Symond*

240

241 **i. Discussion: Long Term Plan for Backhoe equipment**

242 We have a few options with trading in the 2020, or an outright purchase. As of today, there have
243 not been any issues with the backhoe. The 2003 backhoe is on borrowed time. We usually keep
244 two operating backhoes in the fleet. The question now is do we trade in the 2020 Cat and buy the
245 2026 backhoe and keep the 2003, but probably in a year or two we will looking to buy another
246 backhoe. Ben reported the Case 2003 is starting to present a few issues. Council Member Smith's
247 opinion was to keep the 2020 backhoe. Council Member Spaulding asked if there was any value
248 in selling the 2003 in its current state. Ben doesn't have a quote for the cost of repairs to know if
249 it is worth it, he would like to keep it for the time being. Administrator Bealer cited that the price
250 of equipment has increased considerably. She suggested to keep all three backhoes in the fleet at
251 this time.

252

253 ➤ *MOTION: Council Member Ian Spaulding moved to approve the purchase of the 2026
254 backhoe and keep the other two in the fleet. The motion was seconded by Council
255 Member Russell Smith. The motion carried with the following votes:*

256 *Yes: Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*

257 *No: None*

258 *Absent: Scott Symond*

259

260 **j. Presentation for consideration: Accounting Software**

261 Administrator Bealer presented the proposal for moving the city's software program from Caselle
262 to Pelorus. She provided an Accounting Software Comparison. Pelorus has a number of options
263 that the current software does not offer in their current package, including online timekeeping,

264 purchase orders, and fixed assets management. Upfront cost to migrate is \$17K and would move
265 10 years' worth of data to the new system. The timekeeping would allow employees to clock in
266 on their phone as well as itemize where their time was spent. The employees will have a profile
267 they can log in to where paystubs and W2's will be available. Another benefit is direct email
268 billing through the software. There are a few key features that appear to be more efficient as well
269 as there is a cost saving with Pelorus that equates to \$1,425 annually. There is money in the
270 budget that can be used for the migration cost. Council Member Spaulding was impressed with
271 the cost savings along with the overall efficiency of the new system. Makayla reported that if
272 approved, the conversion will be scheduled for the week of February 9 – 13. Additionally, Caselle
273 has notified the city that the full annual payment will be due up front beginning in July, which
274 would lock the city in for that full year. Mayor Davis reported he had reviewed the proposal with
275 Administrator Bealer as well as has spoken with a few people at Five County who say it was the
276 best thing they have done; it has proven to be efficient once they got through the conversion.
277

278 ➤ *MOTION: Council Member Russell Smith moved to approve the conversion of the city's
279 accounting software program to Pelorus. The motion was seconded by Council Member
280 Ian Spaulding. The motion carried with the following votes:*

281 *Yes: Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*

282 *No: None*

283 *Absent: Scott Symond*

284 k. Discussion: Update on Housing in Milford

285 Mayor Davis addressed his concerns with comments that have been made by the general public
286 about the city council and the administrative staff in regards to addressing the housing problem.
287 Mayor Davis has attended several meetings on a county level as well as state level, and it is a
288 slow, hard process. He provided the following update:
289

290 Milford City has been actively working with multiple developers to bring new housing options to
291 our community. While there are challenges, such as undeveloped land and the city being
292 somewhat landlocked, progress is being made in the right direction. Currently, we are working on
293 two different housing projects and are actively collaborating with the Utah Inland Port to explore
294 additional opportunities. These challenges are not unique to Milford City but we are committed
295 to finding solutions. Some positive developments include our work on the General Plan which
296 provides the framework for growth, land use and zoning in the city. The General Plan is now 98%
297 complete and we are planning on moving into the zoning code update in early April 2026 to align
298 our regulations with this plan. We are grateful to FERVO for their generous donation of \$30K to
299 support this effort. Additionally, Milford was recently selected for the Utah Blueprint Program for
300 recognition that highlights our proactive planning efforts and commitment to sustainable growth.
301 Milford City staff are working diligently to accommodate and thoughtfully consider all land use
302 requests. We remain proactive, collaborative, and solution-focused on addressing the city's
303 housing needs. Our goal is to ensure that Milford continues to grow thoughtfully while meeting
304 the needs of our residents and potential new neighbors.
305

307 Mayor Davis continued citing that it has not been due to a lack of effort. We live in a unique
308 situation where there is not a lot of transition housing in Milford. Families often remain in the
309 home they started out in. There are not starter homes, per se. We need developers that will
310 come in and invest in the community. We have worked with developers in the past and about the
311 time we think something is going to happen, the mine would close down, and then Smithfield
312 closed down. The developers were apprehensive about developing in unsecure situations with
313 the workforce. It is a tough situation, but he takes exception to what the people in the
314 community are saying that nothing is being done here at Milford City when we are doing what we
315 can right now. Matt (Sterzer – Beaver County Economic Development) is working hard with the
316 state. We are in a situation we have never been in before. It will take some time be we are going
317 to get there.

318
319 Zoning Administrator Thompson asked to add a few additional comments. Over the past few
320 weeks, there has been a great deal of conversation on social media about housing in Milford, and
321 while we recognize that these discussions come from a place of care for our community, I also
322 feel it is important to provide some additional context on how the City is approaching growth and
323 development. Milford City is currently in the process of updating our General Plan, which is a
324 long-range document that outlines the vision, goals, and policies for how our community plans to
325 grow and develop over the next 10 to 20 years. To help guide this effort, a steering committee
326 was formed that included a diverse group of residents, representing both younger and older
327 generations. In addition, a community-wide survey was conducted to gather broader public input.
328 We received feedback from 145 residents, and much of that input focused on beautification and
329 maintaining the character of our community. The feedback from the steering committee and the
330 survey provided the foundation for developing the goals within the General Plan. An open house
331 was held on August 4th to give the community an opportunity to review those goals and offer
332 additional input. Aside from elected officials and city staff, there were only about 8 community
333 members that attended this open house, but the plan continues to reflect the priorities that were
334 shared throughout the public engagement process. Beautification is a key component of the plan,
335 and as it moves toward completion, staff will also be working on updating ordinances and
336 processes to support those goals. Many of the recent comments we have seen on social media
337 relate to development requirements and the perception that Milford City is difficult to work with.
338 I would like to emphasize that when developers reach out to the City, I am typically the first point
339 of contact, and our goal is always to provide clear guidance and work together. On smaller
340 developments, the City has shown flexibility by working with developers on timelines and, when
341 appropriate, granting extensions for completing required improvements. Development
342 requirements, particularly for infrastructure, are in place to ensure that growth occurs in a way
343 that is sustainable and fair to existing residents. Requiring developers to install necessary
344 infrastructure—such as streets, water, sewer, sidewalks, curb, and gutter—helps ensure that new
345 development pays its own way and does not place an additional financial burden on current
346 taxpayers. This approach is consistent with neighboring communities, including Beaver City,
347 which has the same requirements. At the same time, Milford City has taken steps to be
348 thoughtful and practical where possible. In 2024, the city adopted zoning code amendments that
349 provide exemptions for street improvements in certain older subdivisions. These changes were
350 made to encourage development on single vacant parcels where infrastructure costs had been a

351 barrier, with the long-term plan of incorporating these streets into the City's maintenance
352 program in the future. Milford's small boundaries and limited developable land can make
353 development more complex, but the City remains committed to working positively with property
354 owners and developers. She felt like the staff really does try to work with them. We sit down with
355 them and try to come up with a plan that works for everybody.

356
357 Council Member Spaulding – He cited the city does not really have as much power on what land is
358 available or what those private property owners sell their property for as what some people
359 would make it seem. He was much younger when Smithfield first came but he read the
360 newspaper articles. He recalls that some of the out of the box things the city did in the past trying
361 to accommodate development didn't really work out that well. The city doesn't have the
362 resources to give things away. Until things line up the way they should line up, he doesn't know
363 what else can be done other than having a plan, having a fair policy, having ordinances, and a
364 willingness to work with people. He felt that the city had done a fantastic job at that. Mayor Davis
365 asked Matt if he had anything to add. Matt Sterzer started off by saying that hope is not a
366 strategy. The General Plan update is a good thing. It is good that Milford City is open to
367 development. He will be bringing some information to the city, he has been having some really
368 really promising conversations. There is going to be a lot of work that this council will be
369 instrumental in answering the housing crisis that is here in Milford. We have an opportunity to be
370 an example to the state in making things affordable for developers to come in and have good
371 partners with the city to get things done. The numbers he has been analyzing shows that there
372 are large numbers of people that desire to locate here that would be tax-paying and bring value.
373 Milford community buzz eludes that they want to keep things small town, so the question is can
374 we add 200-300 people and stay small? He believes we can. He feels the new residents would
375 conform to how we do things and add to our community. We stand to be in a really great spot.
376 There will be a lot of work the council needs to do. Matt will be working with the city on various
377 ways to bring in more housing. Modular Home opportunities can bring down the cost of homes
378 substantially and they are beautiful homes. There is a lot of worthwhile dialogue coming within
379 the next year.

380
381 **I. Discussion: Utah Local Governments Trust (TRUST) Integrity Promise Program update**

382 The Utah Local Governments Trust (TRUST) has updated the Integrity Promise Program, which
383 impacts our workers' compensation and liability premium discount. The program continues to
384 offer a 5% annual discount, but several new participation requirements have been added.
385 Enclosed in the packets was a flyer outlining all required items. New requirements include:
386 Franklin Covey 360 Diagnostic; Franklin Covey "7 Habits" Training; and 100% of our full-time
387 employees must complete the 8-hour class. In addition, each employee will be required to attend
388 the TRUST Legal Brief Series with each employee being assigned a specific month to attend a
389 briefing, so will be given two months.

390 It is important that we complete these items. The TRUST Integrity Promise is designed to
391 strengthen workplace safety and organizational culture while also returning premium dollars to
392 the city. This will be a ten-year program and the city will receive the financial benefits as follows:
393 Years 1-5: Milford City receives an annual payment equal to 5% of our liability premium and 5%

394 of our workers' comp premium; Years 6–10: Milford City receives an annual payment equal to
395 20% of our fifth-year liability premium, as long as we remain in the program. Based on our
396 current premiums, this equals approximately \$20,000 returned to Milford City over ten years—so
397 it is worth the effort, which is not small but will have a huge benefit both to the employees and to
398 the financial kickbacks to the city.

399 **Old Business**

400 **a. IOOF Cemetery Plot Policy Draft review**

401 Administrator Bealer revisited the November meeting for drafting a policy for the use of IOOF
402 Plots. The draft was presented for review and if council approves the policy, it will be
403 presented as an ordinance in the next meeting.

404
405 ➤ *MOTION: Council Member Les Whitney moved to approve the Cemetery Plot Policy to be*
406 *placed as an ordinance for approval in February. The motion was seconded by Council*
407 *Member Les Whitney. The motion carried with the following votes:*

408 *Yes: Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*

409 *No: None*

410 *Absent: Scott Symond*

411
412 **b. Discussion: America250 Funding options**

413 Administrator Bealer reported that Council Member Spaulding had given an estimate of \$2400
414 for the PA System alone. She suggested that the \$1500 the city has received for the America250
415 could be applied to that with the city picking up the rest.

416
417 *Matt Sterzer left the meeting at 5:34 PM.*

418
419 She continued explaining that Council Member Spaulding had spoken with a few people who
420 are familiar with trailers and instead of having a deck trailer, it was suggested we have a fully
421 enclosed trailer for maximum storage capacity. All inclusive, we are looking at a total of about
422 \$14K which includes the platforms (that could be taken out and setup as a stage, stairs for the
423 platform, the trailer, the speakers, a table, mixer, mic stand, and microphones. She thought for
424 \$14K the city could get a nice system. She suggested that the 150th Celebration Fund had some
425 excess funds, she could reach out to the committee to see if they would want to donate as it
426 would fall into the community fund. The 4th of July Committee may also donate. Mayor Davis
427 was in support. There are many community events that could be improved by having this
428 system available. Makayla added that vinyl wraps could be applied to the trailer to show the
429 sponsors of the system. Council Member Smith agreed with the mayor that this system was
430 needed. Administrator Bealer will reach out to the committees.

431
432 **c. Declaration of Surplus: scrap metal at maintenance shed**

433 Foreman Stewart reported the crew have piled up the scrap at the city maintenance shed so it
434 can be put out for surplus sale. These items include: the well wire and submersible motors
435 pulled from the Mineral Mountain Well, the old bay doors from the old fire house and the
436 maintenance shop, heaters removed from the maintenance shop, brass meters pulled during

437 the water project, and a dumpster full of assorted scrap metal. Anything not removed through
438 the sale will be disposed of by taking to Robinson Scrap.

439
440 ➤ ***MOTION: Council Member Ian Spaulding moved to approve the surplus of the items presented***
441 ***with no minimum bid required, council will consider the highest bids; if no bids are received the***
442 ***items are to be hauled to Robinson Scrap. The motion was seconded by Council Member Russell***
443 ***Smith. The motion carried with the following votes:***

444 Yes: *Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*

445 No: *None*

446 Absent: *Scott Symond*

447
448 Mayor Davis asked that comparison prices are obtained by Foreman Stewart.

449
450 **Ordinances and Resolutions**

451 **a. Resolution 1-2026 “Setting Penalty on Past Due Accounts Receivables Balances”**

452 ➤ ***MOTION: Council Member Les Whitney moved to adopt Resolution 1-2026 “Setting Penalty***
453 ***on Past Due Accounts Receivables Balances”. The motion was seconded by Council Member***
454 ***Ian Spaulding. The motion carried with the following votes:***

455 Yes: *Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*

456 No: *None*

457 Absent: *Scott Symond*

458
459 **b. Ordinance 1-2026 “Vacating Alley”**

460 Establishes a formal process for requests to vacate an alley when there are established utility
461 easements or lines located within the alleyway or if the alleyway provides access to an existing
462 utility or infrastructure.

463 ➤ ***MOTION: Council Member Russell Smith moved to adopt Ordinance 1-2026 “Vacating***
464 ***Alley”. The motion was seconded by Council Member Les Whitney. The motion carried with***
465 ***the following votes:***

466 Yes: *Tayson Willis, Les Whitney, Russell Smith, Ian Spaulding*

467 No: *None*

468 Absent: *Scott Symond*

469
470 **Staff and Council Reports**

471
472 **Administrator Bealer**

473 ➤ As Lisa mentioned, beautification is a main concern, it was heavily mentioned in the General
474 Plan Survey. As you are aware, our current beautification code has not been as effective as
475 we had hoped in keeping our town clean and visually appealing. In the past, we had a
476 dedicated Beautification Board; unfortunately, over time—and with changing community
477 dynamics including social media—these members became inactive. Office staff, in
478 collaboration with the mayor, have brainstormed ideas to reinvigorate our beautification
479 efforts. This is a hard ask, but we would like to propose that the Milford City Council serve

480 as the Beautification Committee, assisting in efforts to clean up and maintain our
481 community. Proposed Process: form a small committee, similar to the cemetery and
482 personnel committees, to improve and update the code. The code could be structured to
483 allow the sheriff's office to serve property owners initially, helping to ensure compliance
484 and momentum. Each council member would oversee an area of town, for example from
485 Center Street (north side) from 700 West to 300 West. The council member would report 1
486 property per week in violation (May through September). During the months of October -
487 April the submission would be 1 property per month. Members would take photos and
488 provide descriptions of observed code violations, which would be submitted to the city
489 office for processing. On the deadline, the council member would revisit the property, take
490 updated photos, and provide an update indicating whether progress has been made, the
491 violation corrected, or no action taken.

492 Beautification is one of the most challenging areas for the city, but it was also the #1 priority
493 in the General Plan Survey. This approach would allow the council to be directly involved,
494 provide oversight, and help ensure visible progress in our community.

495 We would like input from the Council so that we can develop a game plan and move
496 forward with a structured, effective beautification effort. Council Member Spaulding asked
497 if there could be a point of emphasis to focus on the key things to achieve the goal. Makayla
498 explained that weeds over 6 inches, abandoned vehicles, trailers on the streets are the
499 highest concern. She is suggesting that a small committee is formed to review the code and
500 identify a process. She agrees that the key elements of concern should be the focus.

501 ➤ **Discuss Drainage at 800 South and 100 West: Dave and Angie Myers**

502 No progress has been made since the November meeting. Council Member Smith reported
503 that they have brought in a few truck loads of base.

504
505 ➤ **Wastewater Project Update:**

506 The rehabilitation of Cell 2 in the sewer lagoon is being postponed. After reviewing
507 options—including splitting the cell in half—it was determined that this approach would be
508 an expensive, short-term solution, likely only providing 6–9 years of additional capacity
509 depending on growth. Historical water use trends show a steady decrease over the past 30
510 years, which aligns with the projected water levels needed in Cell 2. For now, the liner
511 rehabilitation work for Cell 2 will be removed from the current project scope. The lift station
512 design will proceed, including flow metering to better track sewer flows into the lagoon. As
513 part of this approach, the city crew will remove the stop boards from Cell 1 to see if more
514 water can flow into Cell 2 and maintain levels. This will also help facilitate work on the
515 headworks box, which will continue as planned. Bidding for the lift station replacement will
516 proceed as soon as possible after approval from DEQ, the plans are currently sitting at DEQ
517 for review and we are hoping to hear by the end of the week. Delaying Cell 2 rehabilitation

518 allows the city to prioritize immediate needs while making more informed decisions for the
519 long-term use of the lagoon.

520 ➤ **Western Rock Products: Proposed Lease for Temporary Batch Plant at Milford Airport**

521 Western Rock has determined they would like to lease land at the Milford Airport for the
522 temporary batch plant. The proposed location is on the north end of the airport property.
523 As a reminder, the city council approved a monthly lease payment of \$2,000.00 at the
524 October 28, 2025 Council meeting. Current status: Lochner, the city's airport engineering
525 firm, is conducting an airspace study. Western Rock has submitted a Conditional Use Permit
526 (CUP) application to Beaver County, the CUP is scheduled to be heard at the Beaver County
527 Planning Commission meeting tonight. She is expecting an update from Western Rock in the
528 morning.

529 ➤ **Budgeting Update – Timing for FY Budget Preparation**

530 We are approximately 5.5 months away from the start of the next budget year. During
531 previous discussions, the city council expressed interest in beginning employee evaluations
532 and wage considerations earlier than the typical March–April timeframe. To support that
533 goal, I would like to ask whether the council would like to begin scheduling budget work
534 meetings in February. Starting earlier would allow more time for employee evaluations and
535 compensation planning, department budget review, and thoughtful discussion prior to
536 formal budget adoption. I would appreciate the council's input and brainstorming on how
537 you would like to proceed and whether you would like staff to begin coordinating February
538 work sessions.

539 Mayor Davis recommended starting next month for budget work sessions. Friday mornings
540 at 8 AM would work best, he suggested monthly on the first Friday. Council Member
541 Spaulding agreed adding that it will be beneficial to start earlier. Scheduled February 6th @
542 8 AM for Budget Work Session.

543
544 ➤ **Blueprint Program**

545 The Blueprint Program is a straightforward, community-driven planning process in which
546 the State provides a consultant to assist the city in forming and developing a strategic plan.
547 Staff has brainstormed and submitted a list of local community stakeholders to participate
548 in the process. The state will be reaching out to these individuals to either schedule a one-
549 on-one interview, or distribute a survey to gather input. Some participants will also be
550 selected to serve on a Steering Committee, which will attend a strategic meeting to develop
551 a vision for an ideal local economy and identify goals and priorities. Our assigned
552 consultant, August, will be reaching out to all city council members to schedule individual
553 interviews. Please watch for an email or phone call from him. All information gathered
554 through the surveys and interviews will be reviewed, analyzed, and incorporated into the
555 plan where applicable. A draft plan will then be provided to the city council for review,

556 modification, and approval. The project is expected to be completed by the end of March
557 2026. Once finalized, this plan will position the city to pursue additional economic
558 development funding opportunities. It is an honor that Milford City was selected as one of
559 the two for the first quarter.

560 **Zoning Administrator Thompson**

561 ➤ Circling back to the beautification code review committee – did the council decide? Mayor
562 Davis felt that the council needs to get involved and be unified. Administrator Thompson
563 cited that Beautification is a hard committee to get volunteers for, it involves inspecting
564 yards, taking photographs, and then turning in violations; no one wants to do that anymore
565 than the office staff wants to send out the violation notices. She has started outlining an
566 ordinance for the committee. Administrator Bealer asked who wanted to serve on the
567 review committee. Council Member Whitney, and Mayor Davis volunteered.

568 **Mayor Davis**

569 ➤ Five County adopted a resolution to delay HB48 on the Fire Mitigation Program. Some of
570 the areas designated caused some concern and questions.
571 ➤ Water issue – Iron County grab. Council Members Smith and Symond and the mayor
572 attended a meeting with Utah State University; it appears it is going to be an ongoing
573 battle. They will keep everyone updated.
574 ➤ Beginning this Spring landfill visitors with uncovered loads will be an automatic \$10 fine.
575 The state implemented this as a means to collect funds to go to the state highway coffers
576 to be used for shoulder work. The local landfill staff will be using common sense in this
577 matter but be aware of this change.
578 ➤ Met with the head driller of Rodatherm last week who reported that they started their
579 project on 15th. They have 118 days to drill three holes. The project will use 372K gallons of
580 water during the entire 118-day project. This will be the first of 5 projects. He received an
581 email from George Protopappas, who is the Director of Engineering for Rodatherm, who
582 will be coming in the next few weeks with plans for the power plants that will be put on the
583 wells. It will be a loop system, different from FERVO.
584

585 **586 Meeting Adjournment** ~ *as there was no further business the meeting adjourned at 6:10 PM.*

**Milford City Council Special Work Session
Friday, February 6, 2026 8:00 AM
Milford City Hall, 26 South 100 West
Milford, Utah 84751**

Members Present: Mayor Nolan Davis, Council Members Russell Smith, Scott Symond, Ian Spaulding, and Tayson Willis

Absent: Council Member Les Whitney

Staff: City Administrator Bealer, City Recorder Seifers, Zoning Administrator Thompson, Foreman Benjamin Stewart, Crew Member Jordan Carter

Call to Order

Mayor Davis called the special meeting to order at 8:06 AM.

Special Meeting

Presentation of Spot Awards

Administrator Bealer presented Jordan Carter with a spot award commending him for his exceptional attitude and willingness to step in and ensure that the Zenner system is running at full capacity. Jordan has gone above and beyond in coordinating and completing meter change outs, diligently following up on issues and ensuring they are corrected promptly and working thoroughly. What sets Jordan apart is he does not just identify problems but he actively looks for ways to improve processes and offer thoughtful and practical suggestions to increase efficiency. His communication skills are top notch and he is consistently approaching his work with kindness, professionalism, and a positive attitude. In the short time he has been on board Jordan has already demonstrated outstanding work ethics and strong leadership qualities. He has proven to be a valuable asset to Milford City as a public works employee bringing the Zenner system to full operation while continuously seeking opportunities to improve efficiency. His impact has been immediate and meaningful and his leadership and communication skills greatly benefit the department and Milford City as a whole. Administrator Bealer thanked Jordan and emphasized for the council the impact Jordan has had on bringing the system fully online. When he started he had somewhere in the vicinity of 56 meters that were having issues. As of yesterday, the system was running at 100%, every meter in the system was working. Additionally, he had suggested putting a Google Spreadsheet together to capture the issues and work done to correct them into a database and has been actively entering into the document data. This information will be valuable as we move forward. She thanked him for his contributions.

Mayor Davis thanked Jordan for his efforts and reported that he has heard nothing but positive feedback from his fellow employees, his attitude and kindness noted. He is a great fit for the city.

Recorder Seifers wanted to echo the appreciation to Jordan for being forward thinking in attacking the issues. His goal is to have the system running at 100% all the time so it is not an issue again. The value she receives from what he has brought to the table is that she is learning from the feedback she is receiving. She thanked Jordan for his efforts and communication.

44 Foreman Stewart felt that the meters kind of got dumped on Jordan when he started and he thought he
45 did a good job bringing them online. He added that he logs on every morning and is monitoring the
46 system.

47
48 Mayor Davis expressed his appreciation to Jordan for helping Foreman Stewart setup the work log, it is
49 providing a lot of good information.

50
51 **Discuss ATV's, golf carts, and side by side operations on city streets – Council Member Spaulding**
52 Council Member Spaulding had safety concerns about kids on side by sides, golf carts, and even electric
53 scooters. He was clear that it was not a desire to remove any way of life that we have come to enjoy here
54 in rural Utah, but he wants to find a way to maximize the fact that we get to enjoy the outdoors in a safe
55 manner. He felt that there are a number of kids, and even adults, who are unaware of policies to keep
56 them safe and many that if they are aware are not following them.

57
58 Council Member Spaulding made a few suggestions including updating the city code relating to off
59 highway vehicle use, adjusting the routes that are designated for use, getting involved with Beaver and
60 Minersville to come up with a county wide plan, and implementing a registration process for such
61 vehicles. The council discussed these ideas with a few voicing concerns with the requirement of major
62 involvement of law enforcement which has been lacking in the past. Council Member Spaulding
63 suggested getting the discussion going to identify a plan for moving forward in an effort to keep safety
64 at the forefront while working with the other communities and the sheriff for an enforceable plan that
65 law enforcement would support. Mayor Davis asked Council Member Spaulding for a write up that he
66 can take to the sheriff.

67
68 **Budget Work Session**
69 Mayor Davis wanted to change the process for budgeting for the salaries this year to avoid issues
70 experienced last year. He proposed meeting monthly to work on the budget and discuss how the council
71 wants to approach the employee evaluations and wage increases. Those decisions need to be made first
72 so the remainder of the budget can be balanced. The merit raises did not work out as the council had
73 intended for them to last year and it resulted in a lot of added work and having to reopen the budget to
74 adjust it as well as retroactive payroll adjustments. The council discussed the salary scale and concluded
75 that revisions do need to be made, and it may take an outside source to come in and do a study to give
76 the council a good picture of where it is and the direction it needs to go. In the meantime, the council
77 needs to make some decisions for the 2026-2027 Fiscal Year Budget so the operating budget and wish
78 lists can be reviewed and balanced for adoption.

79
80 The COLA for 2026 was set at 2.8%. The council typically rounds it to an even number for easier
81 budgeting, which would take it 3%. Administrator Bealer explained that the COLA was distributed to the
82 overall payroll (one big pie that is evenly distributed), so all full-time employees receive the same wage
83 increase per hour and the part-time employees receive the same wage increase per hour rather than
84 higher hourly rate employees receiving a higher increase. The council members supported the even
85 distribution of the COLA increase but felt that incentive increases should be applied to individual salaries.
86 Council Member Spaulding asked Administrator Bealer to provide three salary increase scenarios using
87 the 3% COLA payroll total distribution as follows: option 1 – with a 1.5% salary-based incentive increase;
88 option 2 – with a 2% salary-based incentive increase; and option 3 – with a 3% salary-based incentive
89 increase. These options can be reviewed and analyzed by the council in the next budget meeting. A

90 resolution will be prepared to amend the current salary scale once the Council determines its approach
91 to raises for FY 2026–2027, while we explore the opportunity to engage a consultant to conduct a study
92 that will provide guidance for updating the scale. Administrator Bealer will reach out to Collette Cox and
93 Jen Wakeland for direction on funding and consultant resources for conducting a salary scale study for
94 future budget year.

95
96 Mayor Davis requested the members of the council move into a closed session to discuss personnel.
97

98 ***MOTION: Council Member Scott Symond moved to close the open meeting and enter into an Executive
99 Session for the purpose of discussing personnel at 9:42 AM. The motion was seconded by Council Member
100 Tyson Willis. The motion carried with the following votes:***

101 Yes: Russell Smith, Scott Symond, Tyson Willis, Ian Spaulding

102 No: None

103 Absent: Les Whitney

104
105 *Present during closed session: Mayor Davis, Council Members Smith, Willis, Spaulding, and Symond.*

106
107 ***MOTION: Council Member Russell Smith moved to close the Executive Session and reconvene the regular
108 meeting at 10:06 AM. The motion was seconded by Council Member Scott Symond. The motion carried
109 with the following votes:***

110 Yes: Russell Smith, Scott Symond, Tyson Willis, Ian Spaulding

111 No: None

112 Absent: Les Whitney

113
114 Administrator Bealer will prepare the salary proposals for the council to review in the March meeting.
115 Due to scheduled conflicts the first Friday will not work. The next scheduled meeting will be held March
116 13 2026 at 8 AM.

117
118 Administrator Bealer reported that the conversion from Caselle to Pelorus will begin next week and we
119 will be training the following week. The week of the 16th we will be closed on the 16th for President's Day,
120 and the 17th and 18th for on-site Pelorus training. We will still hold city council on the 16th at 4 PM. Mayor
121 Davis does not want to rush the training, if there is additional time needed, he would like to extend it.
122 Council Member Spaulding was in support, historically our office is not closed that often during business
123 hours. Administrator Bealer felt there was a lot of value in moving over. She will also be keeping the
124 Caselle active until the end of March to ensure that the modules are available for an extra period. We
125 have been informed they are going to an annual up-front payment but that will not apply until July.

126
127 Zoning Administrator Thompson provided an update on a vacation of east/west alley on the west side of
128 the block between 485 South 700 West and 640 West 500 South. Taylor Burrows (485 S 700 W) had come
129 to the city in 2024 wanting to petition to vacate the alleyway between him and Ken Hussey (640 W 500
130 S). While researching Lisa discovered that there was an ordinance passed in 1987 vacating the alley way
131 all the way through, east to west. The property owners on the east side (434 South 600 West and 610
132 West 500 South) recorded their deeds to vacate that portion of the alley but the west side property
133 owners did not record their deeds. When Heidi Burrows spoke with the city in 2024, she was wanting
134 the full 15 feet of the alley. She was told then if she could get Ken Hussey to sign off on it that the city
135 would prepare the deed and they could have it recorded. Taylor Burrows came in to the city yesterday

136 to follow through. Where the city just adopted the ordinance on vacating alleyways, she wanted the
137 council to be aware of what they are proceeding with.

138

139 **Meeting Adjournment** ~ *as there was no further business the meeting adjourned at 10:14 AM.*

140

141

January 14, 2026

City Council and Management
City of Milford, Utah
26 South 100 West
Milford, Utah 84751

We are pleased to confirm our understanding of the services we are to provide City of Milford, Utah (the City).

We will audit the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of City of Milford, Utah as of June 30, 2026 and for the year then ended, and the related notes to the financial statements, which collectively comprise the City's basic financial statements.

We will also audit the City's compliance over major federal award programs, if needed, and state compliance requirements for the period ended June 30, 2026.

Our audits will be conducted with the objectives of expressing an opinion on each opinion unit and an opinion on compliance regarding the entity's major federal award programs and state compliance requirements. The objectives of our audit of the financial statements are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS), and in accordance with *Government Auditing Standards*, will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The objectives of our compliance audits are to obtain sufficient appropriate audit evidence to form an opinion and report at the level specified in the governmental audit requirement about whether the entity complied in all material respects with the applicable compliance requirements and identify audit and reporting requirements specified in the governmental audit requirement that are supplementary to GAAS and *Government Auditing Standards*, if any, and perform procedures to address those requirements.

Accounting principles generally accepted in the United States of America expect that required supplementary information (RSI) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation, and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by accounting principles generally accepted in the United States of America. This RSI will be subjected to certain limited procedures but will not be audited:

- Management's discussion and analysis
- Schedules of the City's proportionate share of the net pension liability
- Schedules of City's contributions
- Budgetary Comparison Schedules

Supplementary information other than RSI will accompany the City's basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and perform certain additional procedures, including comparing and reconciling such information to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. We intend to provide an opinion on the following supplementary information in relation to the financial statements as a whole:

- Schedule of expenditures of federal awards

As part of the financial audit, we will also provide the following nonaudit services:

- Propose adjustments and reclassifications
- Assist with the preparation of financial statements and related note disclosures
- Maintain the City's capital asset depreciation schedule

Data Collection Form

Prior to the completion of our engagement, we will complete the sections of the Data Collection Form that are our responsibility. The form will summarize our audit findings, amounts and conclusions. It is management's responsibility to submit a reporting package including financial statements, schedule of expenditure of federal awards, summary schedule of prior audit findings and corrective action plan along with the Data Collection Form to the federal audit clearinghouse. The financial reporting package must be text searchable, unencrypted, and unlocked. Otherwise, the reporting package will not be accepted by the federal audit clearinghouse. We will assist you in the electronic submission and certification. You may request from us copies of our report for you to include with the reporting package submitted to pass-through entities.

The Data Collection Form is required to be submitted within the *earlier* of 30 days after receipt of our auditors' reports or nine months after the end of the audit period, unless specifically waived by a federal cognizant or oversight agency for audits. Data Collection Forms submitted untimely are one of the factors in assessing programs at a higher risk.

Engagement Administration and Fees

The timing of our audit will be scheduled for performance beginning August 1, 2026. We plan to issue our reports by December 31, 2026.

Chad B. Atkinson, CPA is the engagement partner for the audit services specified in this letter. The engagement partner's responsibilities include supervising our services performed as part of this engagement and signing the audit reports.

We estimate that our fees for these services and related costs will be \$27,500 for the audit and 5,000 for the single audit. The fee estimate is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. Finance charges of 1½ percent per month will be assessed on unpaid balances over 30 days old.

We will schedule the engagement based in part on deadlines, working conditions, and the availability of your key personnel. We will plan the engagement based on the assumption that your personnel will cooperate and provide assistance by performing tasks such as preparing requested schedules, retrieving supporting documents, and preparing confirmations. If your personnel are unavailable to provide assistance in a timely manner, if your staff are unavailable during our scheduled fieldwork dates or requested information has not been prepared, it substantially increases the work we have to do to complete the engagement within the established deadlines. The following circumstances will result in additional fees:

- Delivery of the trial balance less than a week before the established fieldwork dates will result in a minimum increase in fees of 10% over our original fee estimate.
- New versions of the trial balance or more than 15 required audit adjustments will result in a minimum increase in fees of 10% over our original fee estimate.
- If the entity is unable to provide requested information before the final day of scheduled fieldwork or a mutually agreed upon date, inconveniences could create additional fees of 10% over our original fee estimate.

Fees requested or required for additional accounting, consultation and non-audit services beyond the above-mentioned circumstances will be billed in addition to the above fees and will be dependent on the level of service provided.

You may request that we perform additional services not addressed in this engagement letter. If this occurs, we will communicate with you regarding the scope of the additional services and the estimated fees. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting such additional services, our services will continue to be governed by the terms of this engagement letter.

If any difference arises between the City and our firm related to services performed by us that cannot be resolved, you and we agree first to try in good faith to settle the difference by mediation. Costs of any mediation proceeding shall be shared equally by all parties.

Audit of the Financial Statements

We will conduct our audits in accordance with GAAS, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America; the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). As part of an audit of financial statements in accordance with GAAS, and in accordance with *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements or noncompliance may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards* of the Comptroller General of the United States of America. Please note that the determination of abuse is subjective and *Government Auditing Standards* does not require auditors to detect abuse.

Although we are currently in the planning stage of our audit, we have identified the following significant risks during our audit to date that require special audit consideration:

- Management override of controls – a risk that is present in most audit engagements.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

Our firm may transmit confidential information that you provided us to third parties in order to facilitate delivering our services to you. We have obtained confidentiality agreements with all our service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have the appropriate procedures in place to prevent the unauthorized release of confidential information to others. We will remain responsible for the work provided by any third-party service providers used under this agreement. By your signature below, you consent to having confidential information transmitted to entities outside the firm. Please feel free to inquire if you would like additional information regarding the transmission of confidential information to entities outside the firm.

We will issue a written report upon completion of our audit of the City's basic financial statements. Our report will be addressed to the City Council and Management of City of Milford. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these

circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s) to our auditor's report, or if necessary, withdraw from the engagement. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

In accordance with the requirements of *Government Auditing Standards*, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance over financial reporting will not be an objective of the audit and, therefore, no such opinion will be expressed.

We also will issue a written report on City of Milford's basic financial statements upon completion of our audit.

Audits of Federal and State Compliance

Our audit of the City's major federal award program(s) compliance will be conducted in accordance with the requirements of the Single Audit Act, as amended; and the Uniform Guidance, and will include tests of accounting records, a determination of major programs in accordance with the Uniform Guidance and other procedures we consider necessary to enable us to express such an opinion on major federal award program compliance and to render the required reports. Our audit of the City's compliance over state compliance requirements will be conducted in accordance with the requirements of the *State Compliance Audit Guide* issued by the Office of the Utah State Auditor and will consist of performing the applicable procedures described in the *State Compliance Audit Guide* to enable us to express an opinion on compliance over state compliance requirements and to render the required reports. We cannot provide assurance that an unmodified opinion on compliance will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or withdraw from the engagement.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether material noncompliance with applicable laws and regulations, the provisions of contracts and grant agreements applicable to major federal award programs, and the applicable compliance requirements occurred, whether due to fraud or error, and express an opinion on the entity's compliance based on the audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the entity's compliance with the requirements of the federal programs as a whole.

As part of a compliance audit in accordance with GAAS and, if applicable, in accordance with Government Auditing Standards, and/or any state or regulatory audit requirements, we exercise professional judgment and maintain professional skepticism throughout the audit. We also identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Our procedures will consist of determining major federal programs and, performing the applicable procedures described in the U.S. Office of Management and Budget *OMB Compliance Supplement* for the types of compliance requirements

that could have a direct and material effect on each of the entity's major programs, and performing such other procedures as we consider necessary in the circumstances. The purpose of those procedures will be to express an opinion on the entity's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Also, as required by the Uniform Guidance, we will obtain an understanding of the entity's internal control over compliance relevant to the audit in order to design and perform tests of controls to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each of the entity's major federal award programs. Our tests will be less in scope than would be necessary to render an opinion on these controls and, accordingly, no opinion will be expressed in our report. However, we will communicate to you, regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we have identified during the audit.

We will issue reports on compliance that will include opinions or disclaimers of opinion regarding the City's compliance over major federal award programs and applicable state compliance requirements and reports on internal controls over compliance that will report any significant deficiencies and material weaknesses identified; however, such reports will not express opinions on internal control.

Management Responsibilities

Our audit will be conducted on the basis that management acknowledge and understand that they have responsibility for:

- The preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America;
- The design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error;
- Identifying, in its accounts, all federal awards received and expended during the period and the federal programs under which they were received;
- Maintaining records that adequately identify the source and application of funds for federally funded activities;
- Preparing the schedule of expenditures of federal awards (including notes and noncash assistance received) in accordance with the Uniform Guidance;
- Designing, implementing, and maintaining effective internal control over federal awards that provides reasonable assurance that the entity is managing federal awards in compliance with federal statutes, regulations, and the terms and conditions of the federal awards;
- Identifying and ensuring that the entity complies with federal laws, statutes, regulations, rules, provisions of contracts or grant agreements, and the terms and conditions of federal award programs, and implementing systems designed to achieve compliance with applicable federal statutes, regulations, and the terms and conditions of federal award programs;
- Disclosing accurately, currently, and completely the financial results of each federal award in accordance with the requirements of the award;
- Identifying and providing report copies of previous audits, attestation engagements, or other studies that directly relate to the objectives of the audit, including whether related recommendations have been implemented;
- Taking prompt action when instances of noncompliance are identified;

- Addressing the findings and recommendations of auditors, for establishing and maintaining a process to track the status of such findings and recommendations and taking corrective action on reported audit findings from prior periods and preparing a summary schedule of prior audit findings;
- Following up and taking corrective action on current year audit findings and preparing a corrective action plan for such findings;
- Submitting the reporting package and data collection form to the appropriate parties;
- Making the auditor aware of any significant contractor relationships where the contractor is responsible for program compliance;
- Providing us with:
 - Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements including the disclosures, and relevant to federal award programs, such as records, documentation, and other matters;
 - Additional information that we may request from management for the audit;
 - Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence;
- Adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the financial statements as a whole;
- Acceptance of nonattest services, including identifying the proper party to oversee nonattest work;
- Maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
- Informing us of any known or suspected fraud affecting the entity involving management, employees with significant role in internal control and others where fraud could have a material effect on compliance;
- The accuracy and completeness of all information provided;
- Taking reasonable measures to safeguard protected personally identifiable and other sensitive information; and
- Confirming your understanding of your responsibilities as defined in this letter to us in your management representation letter.

With regard to the schedule of expenditures of federal awards referred to above, you acknowledge and understand your responsibility (a) for the preparation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance, (b) to provide us with the appropriate written representations regarding the schedule of expenditures of federal awards, (c) to include our report on the schedule of expenditures of federal awards in any document that contains the schedule of expenditures of federal awards and that indicates that we have reported on such schedule, and (d) to present the schedule of expenditures of federal awards with the audited financial statements, or if the schedule will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the schedule of expenditures of federal awards no later than the date of issuance by you of the schedule and our report thereon.

Regarding the supplementary information referred to above, you acknowledge and understand your responsibility for:

- Preparing the supplementary information in accordance with the applicable criteria;
- Providing us with the appropriate written representations regarding supplementary information;
- Including our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information; and

- Presenting the supplementary information with the audited financial statements, or if the supplementary information will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon.

With respect to any nonaudit services we perform, management is responsible for:

- Assuming all management responsibilities;
- Designating an individual who possesses suitable skill, knowledge, and/or experience by overseeing the services;
- Evaluating the adequacy and results of the services performed;
- Accepting responsibility for the results of the services performed; and
- Establishing and maintaining internal controls, including monitoring ongoing activities.

We will also assist with the preparation of your financial statements and related notes. You are responsible for making all management decisions and performing all management functions relating to the financial statements and the related notes and for accepting full responsibility for such decisions. You will be required to acknowledge in the written representation letter our assistance with preparation of the financial statements and the related notes and that you have reviewed and approve the financial statements and the related notes prior to their issuance and have accepted responsibility for them.

As part of our audit process, we will request from management written confirmation concerning representations made to us in connection with the audit.

The procedures we will perform in our engagement and the conclusions we reach as a basis for our report will be heavily influenced by the written and oral representations that we receive from management. In view of the foregoing, you agree to release our firm and its personnel from any liability and costs relating to our services under this letter resulting from false or misleading representations made to us by any member of your management.

Other Audit Matters

Regarding the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

Professional standards prohibit us from being the sole host and/or the sole storage for your financial and non-financial data. As such, it is your responsibility to maintain your original data and records and we cannot be responsible to maintain such original information. By signing this engagement letter, you affirm that you have all the data and records required to make your books and records complete.

During the course of the engagement, we may communicate with you or your personnel via fax or e-mail, and you should be aware that communication in those mediums contains a risk of misdirected or intercepted communications.

We understand that you will assemble or prepare documents or support for any transactions we select for testing.

The audit documentation for this engagement is the property of Squire & Company, PC and constitutes confidential information. However, we may be requested to make certain audit documentation available to a federal or state agency providing direct or indirect funding, the Office of the Utah State Auditor, and the U.S. Government Accountability Office pursuant to authority given to them by law or regulation, or to peer reviewers. If requested, access to such audit documentation will be provided under the supervision of Squire & Company, PC's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to these agencies and regulators. The regulators and agencies may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

You agree to inform us of facts that may affect the financial statements of which you may become aware during the period from the date of the auditor's report to the date the financial statements are issued.

If you intend to publish or otherwise reproduce the financial statements and refer to our firm, you agree to provide us with printers' proofs or masters for our review and approval before printing. You also agree to provide us with a copy of the final reproduced material for our approval before it is distributed.

Further, we will be available during the year to consult with you on financial management and accounting matters of a routine nature.

During the audit, we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

We agree to retain our audit documentation or work papers for at least seven years from the date of our report.

At the end of our audit engagement, we will communicate to those charged with governance the following significant findings from the audit:

Our view about the qualitative aspects of the City's significant accounting practices;
Significant difficulties, if any, encountered during the audit;
Uncorrected misstatements, other than those we believe are trivial, if any;
Disagreements with management, if any;
Other findings or issues, if any, arising from the audit that are, in our professional judgment, significant and relevant to those charged with governance regarding their oversight of the financial reporting process;
Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;
Representations we requested from management;
Management's consultations with other accountants, if any; and
Significant issues, if any, arising from the audit that were discussed, or the subject of correspondence, with management.

In accordance with the requirements of *Government Auditing Standards*, our most recent external peer review report can be viewed in the public file at www.aicpa.com.

Please sign and return this letter to indicate your acknowledgment of, and agreement with, the arrangements for our audit of the financial statements and compliance over major federal award programs and state compliance requirements including our respective responsibilities.

**CITY OF MILFORD
ORDINANCE 02-2026**

IOOF CEMETERY PLOT USE POLICY

WHEREAS, the Milford IOOF Chapter No. 42 is no longer active, and have a limited number of plots that still remain under their ownership; and

WHEREAS, Milford City wants to ensure that these plots are continued to be used for their intended use; and

WHEREAS, the Milford City Council finds that it is in the best interest to formally establish procedures governing eligibility and approval for the use of the remaining IOOF plots.

NOW THEREFORE, be it ordained by the Council of the City of Milford, in the State of Utah, as follows:

SECTION 1: ADOPTION “2.15.046 IOOF Cemetery Plot Use” of the Milford Municipal Code is hereby *added* as follows:

BEFORE ADOPTION

2.15.046 IOOF Cemetery Plot Use (Non-existent)

AFTER ADOPTION

2.15.046 IOOF Cemetery Plot Use(*Added*)

Purpose:

The purpose of this Ordinance is to establish a formal policy governing the use of cemetery plots historically owned and managed by the Independent Order of Odd Fellows (IOOF) Chapter No. 42, located on the east side of the Milford City Cemetery, consisting of Lots 1 through 11 in Block 6 and Lots 1 through 10 in Block 10. This Ordinance ensures the continued appropriate use of these plots in accordance with the traditional practices of the IOOF while providing clear administrative authority to Milford City staff.

Background:

In 1933, the IOOF Chapter No. 42 of Milford obtained ownership of the designated area within the Milford City Cemetery.

These Plots were historically overseen by the IOOF President and primarily reserved for:

1. IOOF members;
2. The spouse of an IOOF member;
3. Veterans of the United States Military;
4. The spouse of a veteran.

The IOOF chapter in Milford is no longer active, with very few members surviving, and approximately twenty (20) IOOF plots remain under IOOF ownership.

Milford City Council finds it necessary to formalize the process for approving burials in these plots to preserve historical intent and ensure proper cemetery administration.

Authority:

The Milford City Office staff is hereby granted the authority to approve use or reserving of the IOOF cemetery plots in accordance with the eligibility requirements and procedures established by this Ordinance. All documentation required shall be retained in the Milford City Cemetery Records.

Eligibility Requirements:

1. IOOF Members
 - a. An individual requesting burial as an IOOF member must provide a written statement verifying membership in the Milford IOOF Chapter No. 42.
 - b. The written statement must include the members name, signature and date signed.
 - c. The statement shall be permanently filed in the cemetery records.
2. Spouse of an IOOF Member
 - a. The legally recognized spouse of an IOOF member shall be eligible for burial in an IOOF plot. Documentation confirming marital status may be required along with the IOOF Member providing a written statement.
3. Veteran of the United States Military
 - a. A United States Military Veteran shall be eligible for burial in an IOOF plot upon providing acceptable proof of service, including:
 - i. DD-214
 - ii. Veteran Identification Card (VIC);
 - iii. Any other official U.S. Government identification verifying military service.
 - b. A copy of the proof of military service shall be permanently filed in the cemetery records.
4. Spouse of a Veteran
 - a. The legally recognized spouse of a qualifying veteran shall be eligible for burial in an IOOF plot. Documentation confirming marital status may be

required along with a copy of acceptable proof of service for spouse.

Administrative Procedures:

1. City staff shall review documentation submitted to verify eligibility under this Ordinance.
2. Upon approval, staff shall assign an IOOF plot and record the burial in the Milford City Cemetery Records.
3. All supporting documentation shall be attached to the burial record and retained permanently.

SECTION 2: EFFECTIVE DATE This Ordinance shall be in full force and effect after the required approval from the Milford City Council and after notice of the ordinance has been published as required by law.

PASSED AND ADOPTED BY THE CITY OF MILFORD COUNCIL
