The school posts lottery dates on its published calendar. Notifications regarding placement are sent via email according to posted dates. Applicants who have been accepted through the lottery must submit all State and school-required enrollment forms in accordance with posted instructions and deadlines in order to maintain their placement status. Students who do not submit required enrollment forms by the indicated deadline will be removed from the application pool.

Applications

Current students wishing to maintain their continued enrollment status at the school must indicate their intent to enroll according to dates provided by the administration each school year. The school accepts applications up through October 1st of any school year and admits students based on a timeline set forth and published by the administration on the school's website.

In accordance with Utah Code §53G-6-503, a parent of a student who is enrolled at the school or who has accepted an offer of admission may not duplicate enrollment for the student in another charter school or a school district without following withdrawal procedures outlined below.

Per Utah Admin. Code R277-438-3, a public school that is not the student's resident school, such as a charter school, may allow a private or homeschool student to enroll in

the charter school, including in a single course or program, as a dual enrollment student, at the discretion of the public school, and in accordance with Subsection 53G-6-703(2)(d). A charter school is **not** required to allow dual enrollment but may do so at its discretion.

Procedures

- The written request must provide a rationale for released time away from the school;

- The student must have a minimum attendance at the school of half of the weekly instructional time, including instruction in Math and English Language Arts; and,

Adjustment to Minimum Attendance and Instructional Requirements

The above-described minimum attendance and instruction requirements may be modified at the discretion of the Executive Director.

Limitations

If the dual enrollment does not allow the student to attend the school for at least half of the weekly instructional time, and the Executive Director has not made adjustments to that requirement, the parent/guardian shall withdraw the student from the school and either enroll that student in a private school or in another local school or district, or complete the procedures for formal homeschool status per Utah Code §53G-6-702.

Homeschooling and Parental Responsibility

- In accordance with Utah Code §53G-6-204, when a parent withdraws an enrolled, school-age child from the school for the purpose of homeschooling, or chooses not to enroll a school-age child, the parent must provide a one-time initial notification, that may include a letter of intent, to the local school board of the school-age child's school district of residence.
- CCID will notify the child's school district of residence as a professional courtesy.

- The child's school district of residence, not the charter school of enrollment, is responsible for maintaining a record of the notification and acknowledging the receipt of the notification to the parent within 30 days.
- Upon receipt of notification of a parent's choice to homeschool a child, neither the charter school of enrollment nor the child's school district of residence is liable for the education or services of the school-age child.
