

# UTAH STATE BOARD OF EDUCATION

**Subject:**

INFORMATION: General Financial Literacy Standards Update

**Agenda item type:**

Information Item

**Recommended Action:****Purpose of Memo:**

Other

**Background:**

It is time to initiate the review and revision of the standards of the [General Financial Literacy](#) (GFL) course in preparation for the 2027–2028 school year. In accordance with [53E-3-505](#) and [R277-704](#), the state board is required to convene the GFL Task Force at least once every three years to examine and recommend adjustments to the strands and standards of the GFL course. The GFL strands and standards were most recently updated in 2023.

We will be following the USBE Single Course Standards Revision Process (attached). Step one of this process specifies that board members are notified via consent calendar and email. Board members will have 30 days to submit initial suggestions to the writing committee. Please submit feedback through the [General Financial Literacy Course Revision](#) survey - the link will be provided in the email sent to board members today. Please submit the survey by Friday, April 10th.

Please direct questions to April Painter at [april.painter@schools.utah.gov](mailto:april.painter@schools.utah.gov).
