Town Hearing for discussion for increase in water user rates: Last month town meeting Janell Braithwaite @ RWAU Rural Water Assoc. of Utah gave a presentation regarding the town needed to increase the water rates for the town in order to obtain funding if the town had an emergency. The town would qualify for Rural Water but not for USDA. The town does not qualify for USDA funding because they want the property owners to pay a high monthly water rate. Janell suggested the base rate to be \$35.00 and then 2.5% on the base cost for the next seven years, the tier rates to go up .25 every year for the next seven years. This will provide for the town to get funding. The base rate is now \$23.00. Mayor Jim suggested the town may be able to put some of this money away in a separate fund that is separate from water and sewer utility fund. Most of the towns' water lines are over 40 years old. A discussion ensued regarding increase of dollar amount.

Ordinance 02-2026 signed. Council will pass with amendment at a later date.

Meliss Holloway made a motion to close the hearing. Ralph Brinkerhoff seconded it. All were in favor. 6:55 p.m.
