## Monticello City Council Meeting

### 1. Call to Order

#### Minutes:

Mayor Dunn called the Monticello City Council meeting to order at 7:00 pm. The following visitors were present: Tom Wigginton, Doug Allen, Gordon Kelley (SJCPAC Prevention Specialist), Roddy Kelley, Wandalyn Kelley, Shauna Sherrow (SJCPAC), Jon Nielson (Monticello City Volunteer Fire Department Chief), Chris Baird (Public Works Director), Renee McDonald (SJCPAC), Karen Whipple, Kelsi Ketron

### 2. Invocation/Opening Remarks/Pledge of Allegiance

#### Minutes:

Mayor Dunn invited any members of the audience or Council to offer an invocation. An invocation was given by Councilmember Chamberlain. Mayor Dunn led all present in the Pledge of Allegiance.

### 3. Consider Minutes Review / Approval (action)

#### Minutes:

MOTION to approve the minutes of 01/13/2026, 01/20/2026, 01/27/2026 101, 01/27/2026 with the correction of Joe Russell being changed to Josi Russell in the 01/13/2026 minutes was made by Councilmember Chamberlain and seconded by Councilmember Skinner. The motion passed unanimously.

#### Vote results:

Ayes: 5 / Nays: 0 / Abstains: 0

### 4. Consider Payment of Bills (action)

#### Minutes:

Questions were asked by the Council for clarification of the bills paid. MOTION to approve the bills as presented was made by Councilmember Crowley and seconded by

Councilmember Chamberlain. The motion passed unanimously.

**Vote results:**

Ayes: 5 / Nays: 0 / Abstains: 0

**5. Public Comment (discussion)**

**Minutes:**

Tom Wigginton presented to the Council. He stated that the water pressure at his home had been fixed and he appreciated the work done. He further asked that the lights along Main and Center be fixed.

**6. SJCPAC Presentation**

**Minutes:**

Gordon Kelley, Renee McDonald, and Shauna Sherrow presented special recognition to Karen Whipple for volunteering and providing services above and beyond with SJCPAC.

Shauna Sherrow presented the results from the SHARPS Survey that was conducted with the Monticello City students grades 6-12. The survey was included in the agenda packet for review.

Renee McDonald requested the Council encourage more neighborhood activities along with city events stating that engaging youth was the best way to aid in suicide prevention and creating stronger community members.

**7. Fire Risk Update (discussion)**

**Minutes:**

Monticello City Volunteer Fire Chief, Jon Nielson, presented an assessment of future fire risks in and around Monticello city limits. City Manager Kulow informed the Council that discussions were beginning because an announcement of any fire or firework restrictions must be made to the County before May 1, 2026. There was a great deal of discussion regarding fire mitigation including the possibility of canceling fireworks for the 24th of July celebrations. Kulow suggested the City take a staged approach for restrictions with stage 1 as “anything goes”, stage 2 limiting fireworks that go no higher than 30-35 ft in the air, and stage 3 being a complete firework and fire ban. Stage 2 would also require a permit being obtained if they wished to burn any areas.

**8. Current Water Status/Rates (discussion/action)**

**Minutes:**

Public Works Director Chris Baird presented an update on the current status of snow pack, amount of water being collected from the mountain, and amount of water being stored in Lloyds Lake.

**a. Golf Course Irrigation Water Meter (discussion/action)**

**Minutes:**

MOTION to approve the purchase of a golf course irrigation water meter with the dollar amount max of \$7,243.14 was made by Councilmember Westcott and seconded by Councilmember Brewer. The motion passed unanimously. MOTION to move agenda item 11 before agenda item 9 was made by

Councilmember Crowley and seconded by Councilmember Skinner. The motion passed unanimously.

**Vote results:**

Ayes: 5 / Nays: 0 / Abstains: 0

**9. Water Projects Update (discussion)**

**Minutes:**

Kulow presented a detailed document outlining the current water projects in operation (Included in packet). The Council asked clarifying questions about the document. Kulow further stated that Monticello City had purchased 445.7 acre feet so far with the 3 water rights purchased.

There was further discussion about increasing the size of the pipeline to Lloyds Lake along with the issue of storage of the water gained. Kulow stated he would consult with Jones & DeMille regarding a high-level estimate for the cost of increasing the pipeline size.

**10. Monticello City Wells (discussion/action)**

**Minutes:**

Baird presented estimates for refurbishing all wells currently owned by the City of Monticello stating that earlier in the month he and Councilmember Westcott met with Jeremy Redshaw to review each well. Each estimate was discussed in detail, along with the capacity to move the water gained, by Baird and the Council. It was confirmed that all water gained could be pumped through the 24 and secondary line. It would not be used for culinary purposes.

The estimated repair of each well was discussed in detail. Kulow stated he would feel comfortable allocating fifty thousand dollars for refurbishment of the Circle Park and Ballfield wells. He further informed the Council that two citizens donated a combined total of \$450.00 for the project which would cover the entire cost of estimate 364, Ball Park South Well.

MOTION to approve estimates 366, Ball Park South Well in the amount of \$25,867.50, 364, Ball Park South Well in the amount of \$400.00 and 363, Circle Park Well in the amount of \$20,940.66 was made by Councilmember Westcott. Councilmember Crowley amended the motion requesting the motion not be limited to specific dollar amounts. There was discussion among the Council regarding the amendment.

MOTION to approve the original motion with the removal of specific dollar amounts was made by Councilmember Crowley and seconded by Councilmember Skinner. The motion passed unanimously.

**Vote results:**

Ayes: 5 / Nays: 0 / Abstains: 0

**11. Building Permit/Nuisance Violation 617 W Oak Crest Dr. (discussion/action)**

**Minutes:**

Assistant City Manager/Building Director Gallegos reported that the agenda item was a continuation of previous meetings due to the property owner being in default of the established progress timelines. She reviewed the enforcement options previously presented by the City's attorney, noting that the least aggressive approach would be to

allow the situation to continue as is, while the most aggressive approach would be to abate the nuisance. Additional options included imposing daily fines until a Certificate of Occupancy was issued, with fines held in abeyance and forgiven upon meeting required goals, or requiring the property owner to post a bond that the City could cash to hire a contractor if the project was not completed by September.

Gallegos stated she had met with the property owner the previous day and recommended adjusting the monthly progress schedule. Councilmember Crowley acknowledged that although progress had been made, it was not consistent with the agreed-upon timeline. The homeowner cited cost and timing challenges, including equipment rental needs, and expressed uncertainty despite originally agreeing to the plan. In response to Councilmember Brewer's question about when additional help would be brought in, the homeowner stated it would occur once financing paperwork was finalized, noting he had been approved.

Gallegos recognized the progress made and recommended establishing a firm timeline with monthly fines held in abeyance upon completion. City Manager Kulow emphasized the need for a clear Council directive, noting the homeowner had not completed the goals established in the Council's previous motion. Crowley reminded the homeowner that his neighbors also have rights that needed to be acknowledged and protected.

Mayor Dunn asked whether daily fines would expedite the work, to which the homeowner responded no.

## 12. Truth in Taxation Process (discussion)

### Minutes:

Kulow presented the annual property tax revenues from 2016–2026 and explained that those funds supported all public safety services. He noted that the truth-in-taxation process was lengthy and required a specific justification for any proposed tax increase. With the expiration of the ZAP tax and decreased revenues from the Justice Court, he stated there may be a need for a slight property tax increase to meet community needs. He further explained that many cities tied increases to specific projects. He explained that a public hearing must be scheduled before June 1 to present the proposed amount and rationale, followed by a second hearing in August for County and State approval. The current property tax rate is 0.232% and has not increased since 2010.

MOTION to table agenda items 12, 14, 15 and move to agenda item 16 was made by Councilmember Crowley and seconded by Councilmember Brewer. The motion passed unanimously.

### Vote results:

Ayes: 5 / Nays: 0 / Abstains: 0

### Monticello City Council Meeting

**Meeting Location: Hideout Community Center 648 S Hideout Way**

#### 1. Call to Order

**Minutes:**

Mayor Dunn called the Monticello City Council meeting to order at 7:01 pm. The following visitors were present: George Rice (Monticello City Public Works), Ian Montgomery (Utah Division of Wildlife Resources, (UDWR) District Wildlife Biologist), Casey Olsen (UDWR Landowner Assistance Biologist), David Ketron (UDWR Local Representative), Geoffrey McIntyre, Pat Cadenhead, and Mike Miles with Aycock, Miles, and Associates, CPAs, P.C. (via teams)

#### 2. Invocation/Opening Remarks/Pledge of Allegiance

**Minutes:**

Mayor Dunn invited any members of the audience or Council to offer an invocation. An invocation was given by Councilmember Brewer. Mayor Dunn wished to express to all present or listening to the audio how honored he was to work with the members of Monticello City staff. He invited all citizens to stop by the office and get to know the members of the staff. Mayor Dunn led all present in the Pledge of Allegiance.

#### 3. Public Comment

**Minutes:**

Geoffrey McIntyre shared his thoughts regarding a possible increase in Monticello City property taxes. He felt the citizens would have very little tolerance for a significant tax increase citing the large population of fixed income individuals.

#### 4. Consider for Approval: Resolution 2026-05 Municipal Wastewater Planning Program Resolution (discussion/action)

Roll Call Vote

**Minutes:**

George Rice, Monticello City Public Works, presented the full MWPP Survey for 2026 to

the Council. He clarified that the stated monthly user charge for 2025 was input as the yearly user charge. He corrected the amount to \$22.91 monthly. All Councilmembers asked clarifying questions regarding the report. MOTION to approve Resolution 2026-05 Municipal Wastewater Planning Program Resolution was made by Councilmember Chamberlain and seconded by Councilmember Skinner. Roll Call Vote: Councilmember Brewer, Aye Councilmember Westcott, Aye Councilmember Crowley, Aye Councilmember Chamberlain, Aye Councilmember Skinner, Aye  
The motion passed Unanimously.

**Vote results:**

Ayes: 5 / Nays: 0 / Abstains: 0

**5. Utah Division of Wildlife Resources Presentation (discussion)**

**Minutes:**

Ian Montgomery with the Utah Division of Wildlife Resources presented to the Council. He was joined by Casey Olsen and David Ketron. They presented various avenues for the removal of resident deer that are damaging private property or threatening public safety within the city. He outlined the application process to creating and administering an urban deer control plan. The PowerPoint Presentation was included in the agenda packet. There was a great deal of discussion regarding the process of creating an Urban Deer Control Plan (R657-65-5) and what that plan would address. Olsen stressed that once it was created, the plan would be a four-year plan with reapplication on the fourth year. He further stated that the City could also decide to stop the plan within 60-90 days of notification. Both Montgomery and Olsen affirmed to the Council that they would be present for discussions of the plan and that the City would be able to set rules and regulations regarding all aspects of the plan. The goal would be to lower the resident deer population, not to damage the migratory deer population.

**a. City Limits Deer Population (discussion/action)**

**Minutes:**

Councilmember Chamberlain inquired as to what the first action of the City should be. Olsen stated the City must pass an Ordinance prohibiting the feeding of wildlife within the Monticello City limits. It was determined that the City would begin the process immediately. City Manager Kulow confirmed that the City was insured to the extent required by the Division of Wildlife Resources.

**6. Monticello City 2025 FY Audit Review (discussion)**

**Minutes:**

Mike Miles with Aycock, Miles, and Associates, CPAs, P.C. joined the City Council meeting via teams to present the Monticello City 2025 FY Audit Review to the Council.

**7. Airport Fuel System Update (discussion/action)**

**Minutes:**

Kulow provided an update on the airport fuel system. He stated that currently there were two tanks at the airport. One holds 100 low lead with the fuel being tested 6 days a week. The 100 low lead was fully functional however the credit card system is beginning to fail and will need to be replaced before too long. The other tank at the

airport was installed in 2015 and holds Jet A fuel. The fuel in the tank, which has been sitting for two years, was tested by an independent corporation. No microorganisms grew so it was assumed the fuel was clean. Kulow recommended a fuel sample be sent to an aviation company out of Salt Lake for testing to ensure it was clean and safe for distribution. Kulow reported the issues with the Jet A tank were suspected to be due to fuel filters which had gone bad. That would prevent the pump from pressurizing so the fuel would be able to pull through. He has ordered new filters (enough for three to four years). They will be here from the middle to end of April.

## 8. General Plan Discussion

### Minutes:

Assistant City Manager Gallegos reminded the Council that at the Special Meeting of the Governing Body in January they were tasked with reviewing the current objectives of Monticello City and determining if they felt any additional objectives needed to be considered or any current ones removed from the list. She requested the members of the council bring their thoughts to the city office before the end of the week so they could be compiled before the next combined General Plan meeting in April.

## 9. Consolidated Fee Schedule Update (discussion)

### Minutes:

Kulow presented the current Consolidated Fee Schedule to each member of the Council. He requested the Council review the list and provide their thoughts on the fees listed. He stated a few fees and user rates would be added in the update. He will provide the updates at the next council meeting for review.

## 10. Upcoming Capital Projects/Capital Financial Review (discussion)

### Minutes:

Kulow provided a breakdown of all upcoming capital projects along with a capital financial review of how the funds held in reserve will be used.

## 11. Follow Up Items (discussion)

### Minutes:

There were no follow up items.

## 12. Administrative Communications

### Minutes:

March 21, 2026, Monticello 101 8 am – 5 pm If Council would like a Monticello City shirt contact Kaeden and he will order them one. Kulow informed the Council that the golf course water meter quote that was approved at a former council meeting was for two meters instead of one. The cost of the water meter was less than originally reported.

## 13. Consider Upcoming Agenda Items (action)

### Minutes:

Monticello City  
17 North 100 East  
Monticello, Utah 84535

Dear City Officials and Staff:

I appreciate the recent work on various city sidewalks to bevel raised portions of certain sections of sidewalks. Not only has this made walking on sidewalks safer but has improved the appearance of older sidewalks and facilitated snow and debris removal.

Thanks for your efforts in maintaining city infrastructure and making Monticello a better place to live.

Sincerely,

  
Nick Sandberg

## Staff Report

**To:** City of Monticello

**From:** Jeremy Hoggard, EMS Director

**Date:** March 9th 2026

**Subject:** Annual Rural Ambulance Service Volumes Report and Request for Support of a Dedicated Sales Tax Initiative for Sustainable EMS Funding

## Executive Summary

San Juan County EMS provides essential emergency medical services (EMS) to approximately 5000 square miles of rural and remote areas, serving a population of 7000 residents. In 2025, the service responded to 591 calls for service, with 449 resulting in patient transports.

While call volumes remain steady or modestly increasing, rural operations face structural challenges: low call density spreads fixed costs thinly, response times average 5.7 minutes to leave the station. Reimbursement from Medicare/Medicaid covers only a fraction of costs.

Current funding relies on a mix of transport billing, limited local appropriations, grants, and **volunteer contributions**. This model is increasingly unsustainable amid rising costs for personnel, equipment, training, and other operational costs.

To ensure reliable, high-quality EMS for our rural communities—preventing further lengthening of response times and potential service disruptions—staff recommends the Board support placing a **dedicated sales tax initiative** of 1% on the upcoming election ballot. This would generate an estimated \$1.2 million annually for EMS operations, capital needs, and workforce stability, without increasing property taxes.

## 1. Annual Ambulance/EMS Volumes (2025 Summary)

Key metrics for San Juan County EMS in 2025:

- **Total calls for service:** 591 up slightly from 2024, aligning with national EMS growth trends).
- **Transports to hospital:** 449 transported, remainder treated on scene, refusals, or no transport needed. (no billing for the 142 non transport)
- **High-acuity calls** (cardiac arrest, stroke, severe trauma): — higher proportion than national averages due to rural risk factors (longer distances, higher vehicle crash severity, aging population).
- **Average response time:** 5.7 minutes time for the ambulance to leave the station. 10-20 minutes arrival on scene; total call time (dispatch to clear) often exceeds 90–200 minutes due to transport distances.
- **Service area:** Approximately 5000 square miles, rural with sparse population density; multiple stations/volunteer responders needed for coverage.

- **Workforce:** 5 full-time/advanced providers, 35 part-time (mix of advanced and EMT); reliance on volunteer time remains high as recruitment/retention is challenging.

These volumes are typical for rural EMS agencies, where low population density results in fewer runs per unit compared to urban areas.

## 2. Key Challenges Facing Rural EMS in San Juan County

Rural ambulance services nationwide—and in San Juan County—face systemic issues:

- **Low call volume relative to fixed costs** — Standby readiness, vehicle maintenance, and staffing must be maintained 24/7 regardless of run volume, leading to higher per-transport costs. (\$1671.74)
- **Inadequate reimbursement** — Medicare/Medicaid account for 64% of our calls and often cover only 30-40% of costs; many transports result in partial or no payment.
- **Workforce shortages** — Difficulty recruiting/retaining paid staff and volunteers due to competing jobs, training requirements, and burnout; national rural turnover is high.
- **Extended response and transport times** — Distances to hospitals average longer than urban areas. Interfacility transfers for San Juan County are the longest transports of anyone in the state of Utah, often 6-10 hours round trip.
- **Rising costs** — Fuel, equipment, ambulances ~\$300-350k each, cardiac monitors 40-50k each, supplies, training, continue to increase faster than revenue.

Without stable, dedicated funding, risks include reduced coverage hours, longer response times, or—in extreme cases—service interruptions.

## 3. Funding Recommendation: Dedicated Sales Tax Initiative

To address these challenges sustainably, staff proposes pursuing a **countywide dedicated sales tax increase of 1%** on taxable sales (does not include non prepared food or fuel) to be used exclusively for EMS/ambulance services.

### Rationale and Precedents:

- Sales tax initiatives have successfully funded EMS, fire, and public safety in various rural and county settings.
- Unlike property taxes, sales tax spreads the burden across residents and visitors/transients.
- Estimated revenue: Based on current county sales tax collections, a 1% dedicated sales tax could generate approximately \$1.2 million annually.
- Funds would support: Personnel including additional full time staff, competitive wages/benefits to reduce turnover, establish an ambulance replacement schedule, equipment replacement, training and station improvements.

## Recommendation

### Staff recommends

1. Support creation of an EMS health care coalition to champion the sales tax initiative.
2. Authorize engagement with stakeholders (EMS providers, incorporated cities and towns, hospitals, community groups) for input and support.

This investment will help maintain and strengthen lifesaving EMS for San Juan County's rural residents, visitors, and workforce.

Respectfully submitted,

Jeremy Hoggard

San Juan County EMS Director

My recommendation would be for the Toro; it is a more versatile piece of equipment, and I would be able to utilize it on the fields and trails for maintenance purposes.

## **Sand Pro Equipment Replacement**

The Parks & Recreation Department's Sand Pro, which was purchased in 2007 and currently showing approximately 9,357 hours of use, is in a significantly worn and declining condition due to its age and heavy workload maintaining baseball and softball infields. This equipment is relied upon to level and condition infield dirt, lightly grade loose soil or sand, and tow grooming attachments that help keep playing surfaces safe, even, and usable for the recreation programs, Pioneer Day Tournament and general community use.

In recent years, the unit has required increasingly frequent maintenance and has become less reliable, creating downtime for staff and raising concerns about consistent field conditions. Approximately \$4,000 has been spent on maintenance over the past three years, not including staff labor. Within the last year alone, spark plugs required replacement twice in a six-month period; the engine is nearing the end of its service life, and the hydraulic pump and carburetor both need replacement. The unit also experienced a fire that burned the throttle cable, adding to the list of necessary repairs. Compounding these issues, replacement parts for this aging equipment are becoming obsolete and more difficult to obtain, making continued operation increasingly challenging for daily field maintenance.

We are currently evaluating all options for the replacement of this equipment and hope to find something we can get another 15-20 years of life out of. This piece of equipment is essential to the proper care of the infields in creating safe playing conditions and is used 3-5 times a week on three fields from March through October.

CDBG Application Board  
C/O SERDA  
252 South Fairgrounds Road  
Price, Utah 84501

Dear CDBG Application Board,

I am writing to confirm that Monticello City recognizes the need for local funding to aid us in the purchasing of the much-needed Brush Truck for the Fire Department. For this purpose, we have been saving funds to meet our future needs of the Fire department and have administratively agreed that \$25,000 of those funds could be applied to the purchase of a brush truck. Due to the tight turnaround of the CDBG program the City Council will review this administrative recommendation and vote to amend the current budget to pull the \$25,000 from saving for this project. This vote will be held during the February 10, 2026 meeting to ensure the funds will be available as the City Council has already agreed that adding match funding would be in the City's best interest.

Thank you for your support and time reviewing these applications. Please feel free to reach out if you need additional information or clarification.

Sincerely,

Mayor Kevin Dunn

**FIRST CDBG PUBLIC HEARING MINUTES  
MONTICELLO CITY FIRST CDBY PUBLIC HEARING  
HEARING HELD HIDEOUT COMMUNITY CENTER, 648 S HIDEOUT WAY  
JANUARY 13, 2026, 7:09 PM**

Present: Mayor Dunn, Councilmember Brewer, Councilmember Westcott, Councilmember Crowley, Councilmember Chamberlain, Councilmember Skinner  
City Manager Kaeden Kulow, Assistant City Manager Megan Gallegos,  
Community Development Director Jasmine Nielson, Public Works Director Chris Baird  
Manike Pipkin, John Bucur, Doug Allen

City Recorder: Melissa Gill

City Clerk: N/A

City Attorney: Not Present

**COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PUBLIC HEARING:**

Mayor Dunn opened the public hearing for the CDBG program and stated that the purpose of the public hearing is to provide citizens with pertinent information about the Community Development Block grant program and to allow for discussion of possible applications for the 2026 funding cycle. It was explained that the grant money must be spent on projects benefiting primarily low and moderate-income persons. The Southeastern Region, in which Monticello City is a member, is expecting to receive approximately \$6,590,959.63 that was stated later corrected to \$778,287.00 in this new program year. All eligible activities that can be accomplished under this program are identified in the CDBG Application Policies and Procedures Manual and interested persons can review it at any time. Mayor Dunn read several of the eligible activities listed including examples, such as Construction of public works and facilities, e.g., water and sewer lines, fire stations, acquisition of real property, provision of public services such as food banks or homeless shelters. Mayor Dunn indicated that in the past Monticello City has received funding for a skate park in 2005 which is estimated to be \$220,000.00, and bathrooms for the pavilion at Veterans Park which is estimated to be \$300,000.00 The city has handed out its capital investment plan as part of the regional "Consolidated Plan". This list shows which projects the city has identified as being needed in the community. It was asked that anyone with questions, comments or suggestions during the hearing please identify themselves by name, before they speak. The clerk/recorder will include your names in the minutes and we would like to specifically respond to your questions and suggestions during the hearing. Megan Gallegos presented as a resident of Monticello. She suggested the purchase of a new brush truck for the volunteer fire department or other equipment the fire department may need. Mayor Dunn thanked her for her input. Councilmember Crowley asked how much the City could expect to

receive if awarded the grant. City Manager Kulow stated the total amount for the region would be split among all awarded. John Bucur asked if multiple applications could be submitted by Monticello City? Community Development Director, Jasmine Nielson, stated they could but there were stipulations. Kulow reported he has received a request from a citizen. Mark Colgan stated he would like to see a Monticello City Community Center built. Mayor Dunn thanked all present for their comments and asked if there were any more suggestions. Hearing no further comments, Mayor Dunn adjourned the public hearing at 7:13 pm

**ORDINANCE 2026-**

**AN ORDINANCE PROHIBITING THE UNAUTHORIZED FEEDING OF DEER, ELK, AND TURKEYS PROTECTED WILDLIFE**

WHEREAS, the attracting and feeding of deer, elk and turkey within the City limits results in the deposit of refuse, debris, fecal matter, and other offensive substance; attraction of predatory wildlife; and creates traffic hazards and property damage;

WHEREAS, Monticello City has within its limits urban deer population in such numbers that they are a threat to the health, safety, and wellbeing of its citizens;

WHEREAS, adoption of this ordinance is required by the Division of Wildlife Resources in order to initiate an urban deer management program; and

WHEREAS, the City Council has determined that the following ordinance is in the City's best interest;

NOW THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF MONTICELLO, UTAH, AS FOLLOWS:

SECTION 1: Title 4 is hereby amended to include Chapter 9 as follows:

**4-9-1 DEFINITIONS**

For the purpose of this title, unless it is evident from the context that a different meaning is intended, certain terms used in this chapter are defined as follows:

**DEER:** includes deer, elk, or turkeys.

**PERSON:** includes any individual, partnership, corporation, association, other legal entity.

**PROPERTY OWNER:** The actual owner, agent or custodian of the residence or business building, whether individual, partnership or corporation. The lessee shall also be construed as an "owner" for the purpose of this chapter.

**4-9-2 UNAUTHORIZED FEEDING OF DEER**

A. Unless otherwise expressly permitted by law, no person shall deposit, place, or distribute any fruit, grain, hay, vegetable, salt, or other food or material, of any kind of nature, with the intent to attract or feed deer on public or private lands.

B. It shall be presumed that the placement of fruit, grain, hay, vegetable, minerals, salt, or other food or material in aggregate volume of more than one-half gallon and

at height of less than six feet (6') off the ground, or in any drop feeder, automatic feed, or similar device regardless of height, is for the purpose of feeding deer in violation of this section. This presumption may be overcome through the presentation of reasonable evidence that the placement of such materials is for a purpose other than the feeding of deer. Naturally growing plants, gardens, residue maintained as a mulch pile, and bird feeders designed or placed to limit access to deer are not prohibited under this section.

C. The provisions of this Ordinance shall not apply to any resident or agent of the City authorized to implement a wildlife management program and who possesses the necessary permits from the State of Utah, nor shall it apply to any public officer or public employee in the performance of their duties.

D. An agent of Monticello City may authorize temporary feeding of deer for the purpose of counting the deer population, baiting traps, or other public purposes.

#### 4-9-3 VIOLATION AND PENALTY

City officials shall issue a written warning for the first offense under this section. Thereafter, further violation of this ordinance shall be \$100.00 fine for each infraction.

SECTION 2. If any provision of this ordinance is declared invalid by a court of competent jurisdiction, the remainder shall not be affected thereby.

SECTION 3. This ordinance shall become effective immediately upon passage and approval.

**PASSED, ADOPTED, AND APPROVED** by the Monticello City Council, Monticello, Utah, this \_\_\_\_\_ day of \_\_\_\_\_ 2026.

### 1. Locate your meter box

Locations of Secondary water meters on properties vary throughout town. They are housed in a plastic yard box

with a 14" x 20" green lid. If you need assistance locating your meter box, please contact the City.

### 2. Remove cover

Remove the cover of the meter box. Insert a screwdriver or similar tool into one of the small holes in the cover and pry it up carefully.

Never attempt to open your meter box by hand. Snakes, rodents and insects and other dangerous animals have been known to nest inside.

### 3. Read your meter

DISPLAYED NUMBER:

**0278528.79**

Notice the dashmark above the 4 most left digits, this indicates the digits read for billing:

**0278528.79**

This meter shows a reading of two hundred seventy eight thousand five hundred and twenty eight point seven nine gallons:

**278,528.79**

You are billed in 1000 gallon units so when your meter is read by the city it is read as:

**0278**

- If you water your lawn, please follow the monthly watering schedule in front of the post office.

- Avoid watering on windy and hot days.

- **Water in the morning or late in the evening** to minimize evaporation.

- **Water no more than a half inch per square foot for each scheduled watering.** The City will be renting out sprinkler catch cups to help you determine how long to water your lawn.

- Raise your lawnmower blades to 2-3 inches high. Longer grass shades soil to improve moisture retention.

- **Do not overwater in anticipation of a shortage.** Soil that is adequately saturated will not store extra water.

- Set sprinklers to water plants, not your driveway, sidewalk, patio, or buildings
- Xeriscape or plant drought-resistant vegetation

## What the City is doing:

The City is actively pursuing grant and loan opportunities for water security. If funded, these grant/loan programs would allow the City to increase its water rights by 50% and install infrastructure to direct that water to the treatment facility.

The Hideout Golf Club will be allocated a set amount of water this season and will reduce water use at the golf course by:

- Implementing soil cultivation techniques to improve water infiltration and minimize runoff.
- Tracking soil nutrient levels to maximize water efficiency.
- Early morning watering to reduce evaporation.
- Cycling irrigation sessions to minimize runoff.
- Adjusting mower heights to better retain moisture.

Congressman Mike Kennedy, M.D (UT-03)  
1626 Longworth House Office Building  
Washington, DC 20515

Dear Rep. Mike Kennedy,

On behalf of Monticello City located in San Juan County of the State of Utah, we are pleased to provide this letter of support and confirmation of public interest for funding of Phase 1 - Reservoir Purchase as part of our Water Storage Expansion Project.

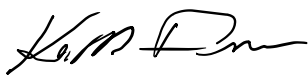

Monticello City provides drinking water to residents but also provides water fill stations for many of those living outside of the City limits. These service provides those in San Juan County the ability to have clean drinking water and reduces the financial barrier of locating and drilling a productive well on each property. Beyond the resident use, some of the surrounding businesses also use these services to provide drinking water to guests, livestock, and other projects that may not have access to a clean source of water.

By expanding the current City's water storage, it will allow for further economic growth in both expansion of housing and local business. Current needs for additional housing would be greatly impacted by expanding the water storage and businesses would be able to expand or enter the market that previously was infeasible. Water is required for any growth to occur and expanding this resource will allow that growth to occur beyond the current limits of the system.

We recognized that by receiving this funding the project costs will remain lower ensuring that water rates remain within a reasonable cost for the residents and business of Monticello City. Current projects are working to increase our water supply, but weather conditions change each year and providing additional storage will ensure water is available for our local economy.

We strongly support this request and believe that this project will have an impact on all those within Monticello's current service area and the future needs of the water system.

Sincerely,

Mayor Kevin Dunn  
City of Monticello
