Tina and Melanie,

The UCA PSAP Advisory Committee recommends moving forward with Layton PD's PSAP's request to reallocate five VESTA and six L3 Harris radio positions from Davis County Sheriff's Office to Layton, as part of ongoing PSAP consolidation. The committee also recommends moving forward with adding one additional VESTA phone console for Springville Public Safety's PSAP, with the expectation of a future request for an L3 Harris radio console if staffing is added.

Thank you for your consideration,
