

Woodland Hills Quarterly Public Safety Committee Meeting Agenda Notes 4.16.26

- I. Location: City Council Prep Room 5:00-6:00 PM
- II. Attendance

☐• Steve Johns

☐• Aaron Gilbert

☐• Ted Micklesen

☐• Ben Hillyard

☐• Rachel Wallace

☐• Garrett Dutson

☐• Dorel Kynaston

☐• Public/Visitors
- III. Agenda/Discussion Items

1. Identify the resources within the city

a. CWPP - (Community Wildfire Protection Plan). Pre-disaster Mitigation Plan

b. Siren

c. City Evacuation Plan

d. Communication Methods?

i. Can we have a new Resident Packet?

e. Do we have a large scale disaster simulation? Worth pursuing?

f. Community Emergency Management Plan - 2024

2. Identify the risks within the city

a. Events - How do we handle? - What EMS, Police, management is needed for each?

i. Do we have a procedure?

ii. Identify the traditions

1) Woodland Hills Days

2) Maple Days

3) Fire Expo

4) Santa Parade

3. Involvement

a. Recruiting

b. Certifications/Records

IV. Assignments

Status	Action Items	Ball In Court	Due Date
New	Give list for people for Council vote (on citizen members)	Steve	
New	Gather Resource List and Certifications There is a desire to get resources collected to PPPP private public partnership, is a system outside of government to support communities during disasters. We want to gather that information. SOC2 - encryption requirement	Aaron	
New	Review the city Escape Plan to present to the Council for review	Ben/All	
New	Public Safety vs. Emergency response? Keep as is. Police, Fire, EMS and EM. Review the CMP to see the structure - understand it, but leave it alone.	All	
New	Review the CEMP 2024 for the high level plan. Get more specific amendments to the plan for our case by case basis.	Steve/All	
Info	Wildfire risk is high in the city...the city does pretty good. We are a WUI.		
New	Stick with hard keys for the building. Need to rekey the building.	Ben	
New	Writeup or video training for the training on the siren. Aaron and Steve to be added to the trainee for 6 people.	Dorel	
New	Tim Shanto doesn't want the emergency route out of town through his driveway. Like the current thing. Give us feedback. Good for the next council agenda Add Evacuation Centers? High school doesn't want us...but they can't tell us no Disasterville - is a format for disaster preparedness. The great shakeup -	Ben/Aaron	
New	Everbridge is for the siren - Is this a viable communication plan? - Residents can change settings for the communications. Ben has Dan working on another viable option. Yappify is an app for communication.	Ted/Ben	
New	Begin working on the Resident information packet.	Ben	
New	Aaron is working on a large scale disaster simulation They are beneficial - End of April, Sunday Evening. Swat team goes through hell week. At SF Jr. High.	Aaron	
New	What are the risks within the city? • Earthquakes, with fault lines - • Wildfires/Structure fires • Loss of water - Fault/poisoning, • Infrastructure ◦ Water ◦ Roads • Extreme cold weather • Avalanche • Power Outages • Food Loss	All	
New	Is there a better solution for the barricade at the bottom of oak.	Ted	
New	Door hanger program per the RDAP	Aaron/ Garrett	
New	Consistent numbering pattern. With the post and the reflector. Need something on the street	Steve/Ted	
New	RDAP App for disaster control - Fee structure is based on the size of the city Roughly \$1000/year for the service, which is normally \$4000. Do we pay the county directly for Everbridge. Mesh radios - the repeater is on the water tower. City now has 4-5 of them now. Use meshcore app for the use of the system.	Steve/Aar on	

Add blue for evacuated? Maybe not for privacy and security?
