Thanks for filling out this form: [Full MWPP Survey - 2026](#)

You're receiving this email because you filled out the following form using your email address. **This form is owned by State of Utah.** Make sure you recognize and trust this form before copying or clicking on any links. If it looks suspicious, **report it.**

Here's what was received.

Full MWPP Survey - 2026

Municipal Wastewater Planning Program survey for the year 2025.

Email *

tclegg@kamascityut.gov

Section I: General Information

Note: This questionnaire has been compiled for your benefit to assist you in evaluating the technical and financial needs of your wastewater systems. If you received financial assistance from the Water Quality Board, annual submittal of this report is a condition of the assistance.

Please answer questions as accurately as possible to give the best evaluation of your facility. If you need assistance please send an email to wqinfodata@utah.gov and we will contact you as soon as possible. You may also visit our Frequently Asked Questions page

What is the name of the Facility? *

Kamas City

What is the Name of the person responsible for this organization?

*

Matt McCormick

What is the Title of the person responsible for this organization? *

Mayor

What is the Email Address for the person responsible for this organization? *

mmccormick@kamascityut.gov

What is the Phone number for the person responsible for this organization? *

4356401948

Please identify the Facility Location? *

Please provide either Longitude and Latitude, address, or a written description of the location (with area or point).

170 N Main st. Kamas city, Utah, 84036

Are you a federal facility?

A federal facility is a military base, a national park, or a facility associated with a federal government organization (e.g., BLM, Forest Service, etc.)

- Yes
- No

Financial Evaluation Section

As you begin this survey you must keep in mind which part of the wastewater system that you represent, unless you represent it all (e.g., collections, treatment, or both). If you only represent the collection system please respond to each question thinking only of collection system data as you proceed through this survey. The same goes for treatment and both. If you get a question that does not apply to the part of the system which you represent then leave it unanswered. However, please try to answer as many questions as you possibly can.

This section is completed by:

Mason Gines

Are sewer revenues maintained in a dedicated purpose enterprise/district account?

- Yes
- No

Are you collecting 95% or more of your anticipated sewer revenue?

- Yes
- No

Are
Debt Service Reserve Fund requirements being met?

- Yes
- No

Where are sewer revenues maintained?

- General Fund
- Combined Utilities Fund
- Other

What
was the average MONTHLY User Charge for 2025?

38

Do
you have a water and/or sewer customer assistance program (CAP)?

- Yes
- No

Are property taxes or other assessments applied to the sewer systems?

- Yes
- No

What is the yearly amount of revenue that you receive from these taxes?

N/A

Are sewer revenues sufficient to cover operations & maintenance costs, and repair & replacement costs (OM&R) at this time?

- Yes
- No

Are projected sewer revenues sufficient to cover operation & maintenance, and repair and replacement costs for the next five years?

- Yes
- No

Does the sewer system have sufficient staff to provide proper operation & maintenance, and repair and replacement?

- Yes
- No

Has a repair and replacement sinking fund been established for the sewer system?

- Yes
- No

Is the repair & replacement sinking fund sufficient to meet anticipated needs?

Yes

No

Are sewer revenues sufficient to cover all costs of current capital improvements projects?

Yes

No

Has a Capital Improvements Reserve Fund been established to provide for anticipated capital improvement projects?

Yes

No

Are projected Capital Improvements Reserve Funds sufficient for the next five years?

Yes

No

Are projected Capital Improvements Reserve Funds sufficient for the next ten years?

Yes

No

Are projected Capital Improvements Reserve Funds sufficient for the next twenty years?

- Yes
- No

Have you completed a rate study within the last five years?

- Yes
- No

Do you charge Impact fees?

- Yes
- No

If you charged Impact Fees, how much were they? =

If not a flat fee, use total collected impact fees for the year divided by the total number of entities who paid fees that year.

2200

Have you completed an impact fee study in accordance with UCA 11-36a-3 within the last five years?

- Yes
- No

Do you maintain a Plan of Operations?

Yes

No

Have you updated your Capital Facility Plan within the last five years?

Yes

No

In what year was the Capital Facility Plan last updated?

2025

Do you use an Asset Management system for your sewer systems?

Yes

No

Do you know the total replacement cost of your total sewer system capital assets?

Yes

No

Replacement Cost =

Do you fund sewer system capital improvements annually with sewer revenues at 2% or more of the total replacement cost?

- Yes
- No

What is the sewer/treatment system annual asset renewal cost as a percentage of its total replacement cost?

2%

Describe the Asset Management System. Check all that apply:

- Spreadsheet
- GPS
- Accounting Software
- Specialized Software

What is the 2025 Capital Assets Cumulative Depreciation for your facility?

2,204,000

What is the 2025 Capital Assets Book Value?

Book Value = (total cost) - (accumulated depreciation)

2,494,891
.....

Cost
of projected capital improvements - Please enter a valid numerical value -
2025?

500,000
.....

Cost
of projected capital improvements - Please enter a valid numerical value -
2026 through 2030?

1,000,000
.....

Cost of projected capital improvements -
Please enter a valid numerical value - 2031 through 2035?

0
.....

Cost
of projected capital improvements - Please enter a valid numerical value -
2036 through 2040?

0
.....

Cost
of projected capital improvements - Please enter a valid numerical value -
2041 through 2045?

0
.....

Purpose of Capital Improvements - 2025? Check all that apply.

- Replace/Restore
- New Technology
- Increased Capacity

Purpose of projected Capital Improvements - 2026 through 2030? - Check all that apply.

- Replace/Restore
- New Technology
- Increased Capacity

Purpose of projected Capital Improvements - 2031 through 2035 Check all that apply.?

- Replace/Restore
- New Technology
- Increased Capacity

Purpose of projected Capital Improvements - 2036 through 2040? - Check all that apply.

- Replace/Restore
- New Technology
- Increased Capacity

Purpose of projected Capital Improvements from 2041 through 2045? - Check all that apply.

- Replace/Restore
- New Technology
- Increased Capacity

To the best of my knowledge, the Financial Evaluation section is completed and accurate.

- True
- False

Do you have a collection system? *

- Yes
- No

Collection System

Including piping and lift stations.

This form is completed by [name]?

The person completing this form may receive Continuing Education Units (CEUs).

Mason Gines

Part I: SYSTEM DESCRIPTION

Please answer the following questions regarding SYSTEM DESCRIPTION.

What is the largest diameter pipe in the collection system?

Please enter the diameter in inches.

18"

What is the average depth of the collection system?

Please enter the depth in feet.

8'

What is the total length of sewer pipe in the collection system?

Please enter the length in miles.

18 miles

How many lift/pump stations are there in the collection system?

1

What is the largest capacity lift/pump station in the collection system?

Please enter the design capacity in gpm.

210

Do seasonal daily peak flows exceed the average peak daily flow by 100 percent or more?

Yes

No

What year was your collection system first constructed?

This can be an approximate guess if you really are not sure.

1969

In what year was the largest diameter sewer pipe in the collection system constructed, replaced or renewed?

If more than one, cite the oldest.

2025

Part II: DISCHARGES

Please answer the following questions regarding DISCHARGES.

How many days last year was there a sewage bypass, overflow or basement flooding in the system due to rain or snowmelt?

0

How many days last year was there a sewage bypass, overflow or basement flooding due to equipment failure, except plugged laterals?

0

Sanitary Sewer Overflow (SSO)

Class 1 - a Significant SSO means a SSO backup that is not caused by a private lateral obstruction or problem that:

- (a) affects more than five private structures;
- (b) affects one or more public, commercial or industrial structure(s);
- (c) may result in a public health risk to the general public;
- (d) has a spill volume that exceeds 5,000 gallons, excluding those in single private structures; or
- (e) discharges to Waters of the State.

Class 2 - a Non-Significant SSO means a SSO or backup that is not caused by a private lateral obstruction or problem that does not meet the Class 1 SSO criteria

How many Class 1 SSOs were there in Calendar year 2025?

0

How many Class 2 SSOs were there in Calendar year 2025?

0

Please indicate what caused the SSO(s) in the previous 2 questions.

0

Please specify whether the SSOs were caused by contract or tributary community, etc.

0

Part III: NEW DEVELOPMENT

Please answer the following questions regarding NEW DEVELOPMENT.

Did an industry or other development enter the community or expand production in the past two years, such that flow or wastewater loadings to the sewerage system increased by 10% or more?

Yes

No

Are new developments (industrial, commercial, or residential) anticipated in the next 2 - 3 years that will increase flow or BOD5 loadings to the sewerage system by 25% or more?

Yes

No

What is the number of new commercial/industrial connections in 2025?

0

What is the number of new residential sewer connections added in 2025?

2

How many equivalent residential connections are served?

855

Part IV: OPERATOR CERTIFICATION

Please answer the following questions regarding OPERATOR CERTIFICATION.

How many collection system operators do you employ?

3

What is the approximate population served?

2,541

State of Utah Administrative Rules requires all public system operators considered to be in Direct Responsible Charge (DRC) to be appropriately certified at least at the Facility's Grade. List the designated Chief Operator/DRC for the Collection System by: First and Last Name, Grade, and email.

Grades:
SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

Darrel Thomas, Grade SLS

Please list all other wastewater collection system operators with DRC responsibilities in the field, by name and certification grade. Please separate names and certification grade for each operator by commas.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

Trevor Clegg, Grade SLS, Mason Gines, Grade SLS

Please list all other wastewater collection system operators by name and certification grade. Please separate names and certification grades for each operator by commas.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

Trevor Clegg, Grade SLS, Mason Gines, Grade SLS

Is/are your collection DRC operator(s) currently certified at the appropriate grade for this facility?

Yes

No

Part V: FACILITY MAINTENANCE

Please answer the following questions regarding FACILITY MAINTENANCE.

Have you implemented a preventative maintenance program for your collection system?

Yes

No

Have you updated the collection system operations and maintenance manual within the past 5 years?

- Yes
- No

Do you have a written emergency response plan for sewer systems?

- Yes
- No

Do you have a written safety plan for sewer systems?

- Yes
- No

Is the entire collections system TV inspected at least every 5 years?

- Yes
- No

Is at least 85% of the collections system mapped in GIS?

- Yes
- No

Part VI: SSMP EVALUATION

Please answer the following questions regarding SSMP EVALUATION.

Have you completed a Sewer System Management Plan (SSMP)?

Yes

No

Has the SSMP been adopted by the permittees governing body at a public meeting?

Yes

No

Has the completed SSMP been public noticed?

Yes

No

When USMP to be PNed

When will the USMP be Public Noticed?

MM DD YYYY

12 / 31 / 2026

Continue 1

During the annual assessment of the SSMP, were any adjustments needed based on the performance of the plan?

Yes

No

What adjustments were made to the SSMP (i.e. line cleaning, CCTV inspections, manhole inspections, and/or SSO events)?

.....

During 2025, was any part of the SSMP audited as part of the five year audit?

- Yes
- No

If yes, what part of the SSMP was audited and were changes made to the SSMP as a result of the audit?

.....

Have you completed a System Evaluation and Capacity Assurance Plan (SECAP) as defined by the Utah Sewer Management Plan?

- Yes
- No

Does the collection system have more than 2,000 connections?

- Yes
- No

Has a fats, oil, and grease (FOG) or fats, oil, sand, and grease program been developed by the collection system?

- Yes
- No

Part VII: NARRATIVE EVALUATION

Please answer the following questions regarding NARRATIVE EVALUATION.

Describe the physical condition of the sewerage system: (lift stations, etc. included)

fair to good

What sewerage system capital improvements does the utility need to implement in the next 10 years?

possible sprinkling discharge

What sewerage system problems, other than plugging, have you had over the last year?

none

Is your utility currently preparing or updating its capital facilities plan?

Yes

No

Does the municipality/district pay for the continuing education expenses of operators?

100%

Partially

Does not pay

Is there a written policy regarding continued education and training for wastewater operators?

Yes

No

Do you have any additional comments?

none

To the best of my knowledge, the Collections System section is completed and accurate

True

False

Wastewater Treatment Options

You have either just completed or just bypassed questions about a Collection System. If this section was bypassed by mistake, in the next question you will have the option to return to the questions on a Collection System. If you are good with the progress up to now, next you will determine what kind of Wastewater Treatment you have, or you can choose NO Wastewater Treatment.

What kind of wastewater treatment do you have in your wastewater treatment system?

Mechanical Plant

Discharging Lagoon

Non-Discharging Lagoon

No Treatment of Wastewater

Collections (go back to Collections)

Discharging Lagoon

This form is completed by [name]?

The person completing this form may receive Continuing Education Units (CEUs).

Mason Gines

Part I: Influent Information

Please answer the following questions regarding INFLUENT into your lagoon.

What is the design basis or rated capacity for average daily flow in MGD?

1.7

What is the design basis or rated capacity for average daily BOD loading in lb/day?

1750

What is the design basis or rated capacity for average daily TSS loading in lb/day?

1500

What was the 2025 average daily flow in MGD?

..26

What was the 2025 average daily loading for BOD in lb/day?

442

What was the 2025 average daily loading for TSS in lb/day?

515

What is the percent of capacity used by the 2025 average daily flow?

15

What is the percent of capacity used by the 2025 average daily BOD load?

49

What is the percent of capacity used by the 2025 average daily TSS?

25

Part II: EFFLUENT INFORMATION.

Please answer the following questions regarding EFFLUENT.

How many notices of violation (NOV)s did you receive for this facility in 2025?

0

Part III: DISCHARGES

Please answer the following questions regarding DISCHARGES.

How many days in the past year was there a bypass or overflow of wastewater at the facility due to high flows?

0

How many days in the past year was there a bypass or overflow of wastewater at the facility due to equipment failure?

0

Part IV: FACILITY AGE

Please answer the following questions about FACILITY AGE. If your plant does not have the treatment unit please enter N/A.

In what year was your HEADWORKS evaluated?

2013

In what year was your HEADWORKS most recently constructed, upgraded, or renewed?

2013

What is the age of your HEADWORKS?

13

In what year was your LAGOON evaluated?

1991

In what year was your LAGOONS (including aeration) most recently constructed, upgraded, or renewed?

1991

What is the age of your LAGOONS (including aeration)?

35 years

In what year was your DISINFECTION SYSTEM evaluated?

1991

In what year was your DISINFECTION SYSTEM most recently constructed, upgraded, or renewed?

2022

What is the age of your DISINFECTION SYSTEM?

4

In what year was your LAND APPLICATION/DISPOSAL evaluated?

2017

In what year was your LAND APPLICATION/DISPOSAL most recently constructed, upgraded, or renewed?

2003

What is the age of your LAND APPLICATION/DISPOSAL?

23 years

Part V: NEW DEVELOPMENT

Please answer the following questions regarding NEW DEVELOPMENT.

How many commercial/industrial connections were added in 2025?

0

How many residential sewer connections were added in 2025?

2

How many equivalent residential connections did you serve in 2025?

855

Part VI: OPERATOR CERTIFICATION

Please answer the following questions regarding OPERATOR CERTIFICATION

How many treatment operators do you employ?

1

Utah administrative rules require all public system operators with Direct Responsible Charge (DRC) to be appropriately certified at least at the facility's grade. Please list the designated Chief Operator/DRC for the wastewater treatment system below. Please give their first and last name, grade level, and email address.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

Darrel Thomas, Grade SLS, t1

Please list all other wastewater treatment system operators with DRC responsibilities in the field, by name and certification grade. Please separate names and certification grade for each operator by commas.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

Trevor Clegg, Grade SLS

Please list all other wastewater treatment operators by name and certification grade. Please separate names and certification grades for each operator by commas.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV. Include operators with no certification.

Mason Gines, Grade SLS

Is/are all your DRC operators currently certified at the appropriate grade level for this facility?

Yes

No

Part VII: FACILITY MAINTENANCE

Please answer the following questions regarding FACILITY MAINTENANCE.

Have you implemented a preventative maintenance program for your treatment system?

Yes

No

Have you updated the treatment system operations and maintenance manual within the past five years?

- Yes
- No

Identify the types of treatment units at your facility.

- Screening
- Grit Removal
- Lagoon Variations
- Phosphorous Treatments
- Chlorine Disinfection
- UV Disinfection
- Land Application/Disposal

To the best of my knowledge I certify the discharging lagoon portion of the MWPP survey to be correct and accurate.

- True
- False

Adopt & Sign

I have reviewed this report and to the best of my knowledge the information provided in this report is correct. *

- True
- False

Has this been adopted by the City Council or District Board? *

yes

No

Not Adopted by Council

What date will it be presented to the City Council or District Board? *

MM DD YYYY

04 / 14 / 2026

End of Survey

This is the end of the survey. Please make sure you have submitted your responses for each section. Thank you for your participation.

Also, if you want a copy of your response to this survey you must click the button immediately below and you must do it before you submit the survey.
