COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) SECOND PUBLIC HEARING:

Claudia Saldana opened the second public hearing for the CDBG program and stated that the hearing was called to allow all citizens to provide input concerning the project applied for under the 2026 Community Development Block Grant Small Cities Program.

It was explained that MAG has applied for **\$50,000** in total funding to the Utah Department of Workforce Services, Housing and Community Development Division (HCD). The funding request is split into two primary categories:

- **Planning (\$15,000):** This portion includes conducting one-on-one and group trainings for eligible entities, improving capital improvement lists, and producing the regional portion of the Annual Action and Consolidated Plans to meet HUD and state requirements.
- **Administration (\$35,000):** This portion includes creating program awareness among local governments, conducting "How-to-Apply" workshops, providing applicant income eligibility and technical assistance, and administering the regional Rating and Ranking process.

It was noted that Administration and Planning efforts have historically assisted member jurisdictions in completing vital infrastructure projects.

The floor was opened for public comments. It was noted for the record that no public comments were made during the hearing, and no comments were received prior to the meeting via phone, email, or mail.

**Claudia Saldana then asked for any final comments, questions, or concerns from the audience; hearing none, the public hearing was closed.**

**The hearing was adjourned at 1:40 PM.**
