

UDAF AGVIP APPLICATION 2025				
QUESTION		SCORING	NOTES	
Section 1: Contact Information				
Application Name (unique identifier)		Unscored		
Entity Name		Unscored		
Entity Owner(s)		Unscored		
Entity Mailing Street Address Line 1		Unscored		
Entity Mailing Street Address Line 2 (Apt or Suite Number)		Unscored		
City		Unscored		
State		Unscored		
Zip Code		Unscored		
County		Unscored		
Entity Phone Number		Unscored		
Entity Email		Unscored		
Are the listed owners the best point of contact for this entity?				
Yes		Unscored		
No		Unscored		
If no:				
Please list the name and title of the best point of contact for the entity		Unscored		
Phone for point of contact		Unscored		
Email address for point of contact		Unscored		
Section 2: Land Use & Livestock Information				
Number of acres of irrigated cropland		Unscored	Please make sure that the number of acres is accurate for each agricultural system - this will be used for contracting if the application is funded. Range acres can be approximate since we are not currently enrolling rangeland (still asking to avoid these acres being lumped with pasture).	
Number of acres of dryland		Unscored		
Number of acres of pasture		Unscored		
Number of acres of range		Unscored		
What type of livestock do you have?				
Dairy		Unscored		
Beef		Unscored		
Swine		Unscored		
Poultry		Unscored		
Sheep/goats		Unscored		
Horses		Unscored		
Other		Unscored		
I don't own livestock		Unscored		
If you selected "other", please describe		Unscored		
Have you been awarded an AgVIP contract before?				
Yes		0 pts		
No		10 pts		
What resource concerns or goals are you hoping to address by applying to AgVIP? (Open ended format)		Unscored		
Section 3: Location Information				
Which UDAF conservation planner assisted you with this application?		Unscored	You must consult with a planner. Insert directions for how to collaborate. If any portion of the operation falls in a priority watershed, or any portion of the operation borders any of these types of surface waters, choose "yes". Please check all that apply for questions in this section. If fields border multiple water bodies, the highest multiplier will be used.	
Upload a Google Earth (.kml or .kmz) file of your operation (include headquarters and crop fields. Do not include rangeland).		Unscored		
Is the project adjacent to a waterbody that is currently implementing a TMDL, or that is 303(d) listed?		Yes 5 pts, No 0 pts		
Are any of the fields located in a surface water protection area?		Yes 5 pts, No 0 pts		
Do any of your crop fields or pastures border the following? Check all that apply. Multiply total score by this value.				
Irrigation canal or delivery ditch		1.05 MULT		
Intermittent/ephemeral river or stream		1.05 MULT		
Perennial river or stream		1.15 MULT		
Lake or reservoir		1.15 MULT		
None of the above		1.0 MULT		
Section 4: Management Information				
Do you apply manure or compost to fields via grazing or mechanical application?				Manure, compost, or fertilizer does not have to be applied each year in order to check "yes", so long as it is incorporated at some point within the crop rotation.
No		0 pts		
Yes		Go to next question		
How do you apply manure or compost to fields? Check all that apply				
Grazing		0 pts		
Solid or liquid manure spreader (box spreader, honey wagon, etc)		10 pts		
Do you apply synthetic fertilizer to fields?			Please limit selections to what producers are currently implementing. Do not select practices the producer is planning to try in a future crop year.	
No		0 pts		
Yes		5 pts		
What soil health practices are you CURRENTLY implementing within your crop rotation? Check all that apply (5 points max)				
Reduced tillage, strip tillage, or no-till		1 pt		
Controlled traffic farming		1 pt		
Strictly non-chemical pest control		1 pt		
Cover crops		1 pt		
Interseeding		1 pt		
Overseeding into established perennials		1 pt		
Double cropping		1 pt		
Residue management		1 pt		
Pollinator habitat		1 pt		
Biological inputs (seed treatments, biologics, inoculants, biostimulants)		1 pt		
Grazing (basic, nonadaptive grazing)		1 pt		
Grazing (adaptive, high intensity grazing)		1 pt		
Bale or swath grazing		1 pt		
Mobile grazing shelters (ex chicken tractors)		1 pt		
Stacked livestock grazing (grazing multiple livestock species on one pasture)		1 pt		
Carbon amendments (compost, manure, biochar, etc)		1 pt		
Comprehensive nutrient management plan		1 pt		

UDAF AGVIP APPLICATION 2025		
QUESTION	SCORING	NOTES
I do not currently implement any of these practices	0 pts	
How many NEW conservation practices from the list above would you be willing to try that you are NOT currently implementing?		
0 practices	0 pts	
1 practice	5 pts	
2 practices	10 pts	
3 practices	15 pts	
4 practices	20 pts	
5 practices	25 pts	
Section 5: Applicant Attestation		
I understand the number and type of practices required in order to successfully complete the program	Required	
I am willing to implement a comprehensive nutrient management plan for the duration of your AgVIP contract if I am selected for funding	Required	
I confirm that all fields included in this application are located within the State of Utah and are under my management control (can be owned or leased)?	Required	
By signing this application, I verify that the information provided is correct and accurate to the best of my knowledge	Required	
Section 6: Other		
How did you hear about the program?		
My local conservation district	Unscored	
A UDAF or Soil Health Partnership newsletter	Unscored	
Soil Health in the West Conference	Unscored	
UDAF staff	Unscored	
Social media	Unscored	
UDAF website	Unscored	
A friend, neighbor, or family member	Unscored	
Other	Unscored	
Total points available	74.75
