Re: Summit CWMA Application for 910 Ranch Weed Management - CWC Short-Term Grants

To the Central Wasatch Commission,

I am writing to express the Morgan Conservation District's support for the collaborative noxious and invasive weed management efforts led by the Summit Cooperative Weed Management Area (CWMA), in partnership with Summit County, Morgan County, and other local partners, as proposed in their 2026 Central Wasatch Commission Short-Term Projects Grant application.

The Morgan Conservation District supports coordinated, landscape-scale weed management that helps landowners meet their responsibilities under the Utah Noxious Weed Act and prevent spread across property boundaries. In support, the District will provide participating Morgan County landowners herbicide through their existing reimbursement program as well as facilitate communication with Morgan County residents within the project area.

Our support reflects the Morgan Conservation District's commitment to continued collaboration with Summit CWMA, Summit County, Morgan County, and local landowners to improve landscape-scale stewardship and protect shared resources in the Central Wasatch. We value this cooperative, cross-county approach and appreciate the opportunity to partner on this important initiative.

Sincerely,

Jason Morgan, Morgan Conservation District Chairman

A handwritten signature in black ink that reads "Jason Morgan". The signature is written in a cursive, flowing style with a large initial 'J'.
