Mr. Reed welcomed everyone and called the hearing to order at 5:00 PM. The public hearing is to obtain public comments regarding a water conservation plan to be adopted into the Daggett County General plan as required by state code 17-27a-403 (now 17-79-403). Mr. Reed opened the hearing to public comments. Mrs. Poulsen stated that there is a draft of the plan on the Daggett County website for review. Mr. Brown of Tri-County Health spoke regarding grey water systems and encouraging people to install them and would like there to be a way for people to apply for a permit from Tri-County. Mr. Reed suggested that this idea be put in the County Newsletter. There was discussion on collecting rainwater and that is the Division or water rights jurisdiction. Ms. Twitchell asked if there is anything that Mr. Brown has that could be put in the newsletter. He said he could write something up. Mayor Knight asked if there are any programs offering any incentives in regards to xeriscaping and Mr. Brown stated there is not anything he is aware of in the Tri-County area.

Ms. Twitchell motioned to close the hearing, Mr. Wood seconded. All were in favor, motion carried. Meeting adjourned at 5:10 PM
