SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

On September 29, 2021, the City Council of Herriman, Utah (the City), adopted a creation resolution authorizing the creation of Olympia Public Infrastructure District (the District). The Office of the Lieutenant Governor of the State of Utah issued a Certificate of Creation for the District on October 21, 2021 and recorded in the real property records of the Salt Lake County County Recorder on January 11, 2022.

The District was established to provide financing for public infrastructure improvements to facilitate development within the boundaries of the District. The District has the power to issue bonds for the purpose of paying all or part of the costs of acquiring an interest in, improving, or extending certain public improvements, facilities, or property.

The District has no employees, and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.
