Describe how the requested PARC funds will be used.	We will use these funds along with additional general funds to replace the playground in Memorial Park. The original playground is old and outdated and requiring extensive maintenance and parts, which are becoming harder to find. This will give the community a modern park play feature that will be a huge attraction. This area caters to the community as a whole as well as for many visitors. We hope to get an iconic playground in this area. Once funded we will get several concepts to choose from. Project would potentially start spring of 2026.
