Saving Your Work:

- **Most sections autosave:** After completing a section, click on a blank screen area to save.
- **Some sections require manual save:** For the "Action Plan Steps and Expenditures" sections, you must click "Save."
- **Best practice:** Save your work in a separate document as a backup.

Important:

- Each goal needs at least one trust land expenditure.
- Clearly describe how funds will achieve each goal. Unclear or misaligned expenses will result in the plan being returned for edits.

At least one goal is required.

Goal #1

Goal Statement

close

Councils will formulate concise and impactful student-centered, data-driven, and evidence-based goal statements. A goal statement should answer the question "*What specific academic outcomes will students achieve by the end of the upcoming school year as a direct result of the Land Trust Plan?*"

Example: *By the end of the school year, we will have 60% of K-6 students achieve Typical or Better growth in literacy skills as measured by the Acadience Reading EOY Pathways of Progress composite score.*

The goal is to have 70% of K - 2nd grade students on their predicted Pathway of Progress on Acadience Reading and/or exceed grade-level 95% Core Phonics with 70% accuracy on fluency and comprehension, along with 70% on 95% Core Phonics assessments by the end of the 2026-2027 school year.

Academic Area

close

Refer to ~~R277-4.77-4~~ for a list of priority academic areas. A council may, supported by a council's data discussion, include goals in other areas if priorities have been addressed, or another area is a priority of the local board.

Please **select only** the priority area/s that your data determines as an area of most critical academic need. For each academic priority selected, there **must** be a corresponding assessment or data tool in the Measurements section. *If academic areas are selected that don't have a corresponding measurement, the plan may be sent back for edits.*

Priorities

- College and Career Readiness
(*secondary schools only*)
- English/Language Arts
- Graduation Rate Increase (*secondary schools only*)
- Mathematics
- Science

Other Academic Areas in Core Standards

- CTE (Career and Technical Education)
- Educational Technology/Library/Media
- Financial Literacy
- Fine Arts
- Health
- Physical Education
- Social Studies
- Technology
- World Languages

Describe the data and/or other relevant indicators supporting the decision of the council to identify this academic area as a "most critical academic need."

What measurements will be used to indicate success? Limit the data sources to meaningful tools so that progress may be gauged. Please remember, for each academic area selected above, there must be a corresponding measurement.

Reading is the most critical academic skill that K - 2nd grade students need to master. Measurement: Acadience Reading Benchmark tests will indicate that 70% of Navigator Pointe Academy's K - 2nd grade students are on their predicted Pathway of Progress. The 95% Core Phonics monitoring tool will also indicate that 70% of K - 2nd grade students are proficient.

Action Plan Steps and Expenditures

Action plan steps should be specific and clear on what is being purchased with School LAND Trust funds and how the steps support the goal. Please:

- List and number the specific steps.
- Write the School LAND Trust funding amount in parentheses at the end of each action step.

If implementing cross-curricular methods (using art to support a math goal) that do not have an assessment or data tool, explain how the method will be implemented in the action plan steps.

Example:

1. We will hire a paraprofessional for reading groups. (\$10,000)
2. The paraprofessional will work with small groups of students to provide structured support in areas of reading that the students are struggling with.
3. We will purchase reading software to complement classroom literacy instruction. (\$5,000)

1. Reading Paraprofessional(s) will be hired by Navigator Pointe Academy (NPA) and trained by NPA mentor teachers to work with students in small groups to provide

structured support in areas of phonics and reading in which the students need additional help.

2. All materials, tools, etc. have been or will be purchased with other funds and will be available to teachers and students for training during the summer inservice time. Additional designated trainings as needed throughout the school year.

3. Should there be any remaining funds at the end of the year, grade-level books will be purchased and added to the Kindergarten and First Grade classrooms.
