Strategic Plan Minute: Customer Experience - S-Line Extension Phase 2

AGENDA ITEM TYPE:
Report

RECOMMENDATION:
Informational report for discussion.

BACKGROUND:
At the end of 2022, UTA adopted its 2022-2030 Strategic Goals and Objectives. The strategic minute provides an update on one of the five UTA strategic priorities - Quality of Life, Customer Experience, Organizational Excellence, Community Support, and Economic Return.

DISCUSSION:
This strategic plan minute highlights our Customer Experience strategic priority. The Capital Service Office owns this strategic initiative of executing Phase 2 of the S-Line Street Car Extension. This is a multi-year strategic initiative. The report will highlight key milestones achieved thus far in 2026.

Financial Report - March 2026

AGENDA ITEM TYPE:
Discussion

RECOMMENDATION:
Informational report for discussion

BACKGROUND:

The Board of Trustees Policy No. 2.1, Financial Management, directs the Chief Financial Officer to present monthly financial statements stating the Authority's financial position, revenues, and expenses to the Board of Trustees as soon as practical with monthly and year-to-date budget versus actual reports to be included in the monthly financial report. The March 2026 Monthly Financial Statements have been prepared in accordance with the Financial Management Policy and will be presented to the Board. Also provided is the monthly Board Dashboard which summarizes key information from the March 2026 Monthly Financial Statements.

DISCUSSION:

At the May 13, 2026, meeting, the Chief Financial Officer will review the Board Dashboard key items, passenger revenues, sales tax collections, operating expense variances, and capital budget status. The Chief Financial Officer will also present key metrics in Accounting, Supply Chain, and Fares and receive questions from the Board of Trustees.

Board of Trustees

Date: 5/13/2026

TO: Board of Trustees
FROM: Jay Fox, Executive Director
PRESENTER(S): Viola Miller, Chief Financial Officer and Treasurer
Brian Reeves, Associate Chief Financial Officer

TITLE:
Investment Report - First Quarter 2026

AGENDA ITEM TYPE:
Report

RECOMMENDATION:
Informational report for discussion

BACKGROUND:

The Board of Trustees Policy No. 2.1, Financial Management, authorizes the Treasurer to manage the investment of all non-retirement Authority funds in compliance with applicable laws and requires the Chief Financial Officer to prepare and present to the Board a summary of investments, investment activity, and investment performance compared to benchmarks as soon as practical after the end of each calendar quarter. The investment report has been prepared in accordance with the Financial Management Policy and is being presented to the Board.

DISCUSSION:

As of March 31, 2026, the benchmark return (greater of the average return of three-month U.S. Treasury bills or the average return of Federal Funds rate) was 3.64% for the quarter. Investment returns for the State of Utah's Public Treasurer's Investment Fund (PTIF) and Zions Corporate Trust were 3.81%, and for Chandler Asset Management were 3.66% which all exceeded the benchmark return. Investment returns for the overnight account at Zions Bank were 3.13%, which did not exceed the benchmark return.

The blended portfolio return rate for the quarter was 3.72%, which was above the benchmark rate due to long term investment strategy and the lower interest rate environment for the short end of the yield curve.

Note, all returns are reported on an annualized basis.

All investments are in accordance with the Utah State Money Management Act, Section 51, Chapter 7, Utah Code annotated.

FISCAL IMPACT:

Investment earnings for UTA in the first quarter of 2026 were \$5,708,063.

PRESENTER(S): Paul Drake, Director of Real Estate & TOD
Spencer Burgoyne, Manager of Property Administration

TITLE:
UDOT Property Acquisition Report - Q1 2026

AGENDA ITEM TYPE:
Report

RECOMMENDATION:
Informational report for discussion

BACKGROUND:
UDOT is the lead agency purchasing land to accommodate double tracking of the FrontRunner system in 11 strategic locations.

Board Resolution R2025-09-07 authorized the Executive Director to oversee the acceptance of real property interests purchased by UDOT that have a value less than \$1,000,000 and have received UTA environmental clearance for FR2X.

Board Resolution R2025-09-07 requires staff to report quarterly on the parcels acquired in UTA's name during the previous quarter.

DISCUSSION:
UDOT acquired 10 parcels in UTA's name during the first quarter of 2026. Nine of the parcels are associated with the FrontRunner 2X Project. One is associated with the FrontRunner Point Project. Staff will discuss the details of the acquisition report.

UDOT Property Acquisition Report – Q1 2026

The Utah Department of Transportation (UDOT) is acquiring land and other property interests for certain fixed-guideway capital projects on behalf of the Utah Transit Authority (UTA).

UTA Board Resolution R2025-09-07 authorizes the Executive Director to oversee the acceptance of real property interests acquired by UDOT that (i) have a value less than \$1,000,000 and (ii) have UTA environmental clearance for the FrontRunner Strategic Double Track (FR2X) and the FrontRunner Point Improvement Projects (FPI). The resolution further requires staff to provide quarterly reports on parcels acquired in UTA's name during the preceding quarter.

TITLE:
R2026-05-01 - Resolution Accepting the Conveyance of UDOT Parcel 123:Z for the Sharp/Tintic Connection Project

AGENDA ITEM TYPE:
Resolution

RECOMMENDATION:
Approve Resolution R2026-05-01 to accept ownership of property acquired by the Utah Department of Transportation (UDOT) for the Sharp/Tintic Connection Project valued at \$3,582,095.

BACKGROUND:
The Sharp/Tintic Connection project will construct a section of the future FrontRunner alignment to connect the Sharp Subdivision to the Tintic Industrial Lead. This will connect property owned by UTA in the Sharp alignment and the Tintic alignment. The work includes new track within the cities of Springville and Spanish Fork. This connection allows over 2 miles of active freight traffic on the Tintic line to be closed. The project will eliminate 7 existing crossings and simplify construction of a grade-separated crossing of the Sharp Line, to be built by the Springville/Spanish Fork Interchange project. Additionally, the project connects UTA-owned rail corridors, enabling FrontRunner to be extended to Payson in the future.

UDOT and UTA have assigned the following identifiers to the project:

- Sharp/Tintic Connection: (UDOT) PIN 14988_Project No. F-LC49(169); (UTA) MSP215

Pursuant to the agreement approved by the Board of Trustees on May 22, 2024 titled HB 322 Fund Transfers and Work Designation Agreement Between Utah Department of Transportation and Utah Transit Authority (UTA Contract 24-P00350), the management of the Sharp/Tintic project was transferred to UDOT. The project is advancing through design and UDOT is preparing to acquire the needed right of way.

DISCUSSION:

UTA and UDOT recommend that parcels for the Sharp/Tintic Connection be purchased directly in UTA's name to avoid duplicating cost, time, effort, and documentation. It also ensures that UTA receives the properties in a timely manner and is covered under title insurance. That process also simplifies ownership, access rights, and maintenance responsibilities.

Consolidating the corridor properties in UTA's name enhances property management efficiency and consolidates environmental and reporting responsibilities.

In accordance with UTA Board of Trustees Policy No. 5.2 (III.A.2), Board approval by resolution is required for all real property transactions of \$1,000,000 or more. Additionally, under the recently enacted Utah Code § 57-1-48, a public entity must sign an affidavit accepting ownership at the time the property is recorded in its name. The UTA Board of Trustees issued a resolution on February 25th, 2026, to accept real property interests associated with the Sharp/Tintic Connection that have a value of less than \$1,000,000. Properties over \$1 million require additional approval from the Board of Trustees by resolution.

UDOT is working to acquire 247,041 square feet from Ray's Valley Development LLC for the Sharp/Tintic Connection Project. The subject property is located in unincorporated Utah County between the communities of Springville and Spanish Fork. The appraised value of this property is \$3,582,095. (UDOT Parcel 123:Z).

ALTERNATIVES:

UDOT could purchase the property in its name and then transfer it to UTA later. However, this would be a more cumbersome process.

FISCAL IMPACT:

UDOT is acquiring the right-of-way for the Sharp/Tintic Connection on UTA's behalf using UDOT project funds, and as such UTA will not contribute any capital funding toward the purchase of the property. Following the construction of the new rail connection, UTA will assume the maintenance obligations, which are expected to be minimal and will be incorporated into the maintenance support team's annual operating budget.

TITLE:
International Travel to Valencia, Spain and Basel, Switzerland for Light Rail Vehicle Manufacturing Inspections

AGENDA ITEM TYPE:
Other Approval

RECOMMENDATION:
To approve of the proposed international travel as presented.

BACKGROUND:

On October 23, 2024, the board of trustees approved a contract with Stadler US to procure new light rail vehicles for UTA's TRAX system. According to the agreement with Stadler, First Article Inspections (FAI) are the best practice step in the Design Review process of all major light rail vehicle systems and subsystems and are mentioned in this contract to be conducted by both UTA and Stadler representatives. As such, the First Article Inspections of the Carbody and Truck Frames are scheduled to be conducted at Stadler's manufacturing facility in Valencia, Spain, sometime between July 19 and August 5, 2026.

This project represents the first time Stadler light-rail vehicles will be manufactured specifically for the U.S. market. Adapting their designs and processes to the U.S. regulatory and safety framework introduces critical technical considerations. Ensuring compliance with Federal Railroad Administration (FRA) and Federal Transit Administration (FTA) requirements demands a high level of scrutiny.

A successful review requires multiple areas of specialized expertise, including vehicle engineering, systems integration, safety certification, manufacturing quality, and regulatory compliance. A multidisciplinary team is essential to prevent costly redesigns or delays later in the program. The four employees recommended for this trip have been carefully selected to blend the necessary technical experience and skillsets for a successful inspection.

We are sending employees who have experience delivering rail vehicles. When the car bodies arrive at the

facility in Utah, the work will continue. Fleet engineering and maintenance teams will be on site to review the assembly process and ensure the technical work aligns with the contract requirements.

DISCUSSION:

During this visit, the Light Rail Vehicle (LRV) carbody and truck frames will be inspected to confirm manufacturing readiness and compliance with contractual requirements and applicable standards. The inspections will also verify dimensional accuracy, documentation completeness, finish quality, and overall preparedness prior to production release.

In addition to the inspections in Valencia, Spain, the trip will include a short technical visit to Basel, Switzerland to review carborne safety systems relevant to UTA vehicles and support alignment with current industry practices.

Specific inspections / evaluations to include the following:

- FAI Kickoff & Raw Carbody Inspection with confirmation of weld quality and structural readiness baseline
- Dimensional Verification of as-built geometric compliance
- Primer, Paint & Configuration with validation of finish quality and configuration control
- Structural Integrity, Mass & Packaging with confirmation of structural compliance and shipment readiness
- Documentation Review & UTA Sign Off for FAI completion and authorization to proceed
- Communication-Based Train Control (CBTC) Benchmark Review
- CBTC Evaluation and Closeout
- Firm dates for the FAI are currently being finalized by Stadler and will be provided to UTA once confirmed.

Participants:

- Kyle Stockley, General Manager of Maintenance
 - Bryan Sawyer, Director of Fleet Engineering
 - Ryan Gardner, Fleet Engineering Supervisor
 - Sharanjit Saini, Director of Capital Vehicles
-

ALTERNATIVES:

1. Delaying the inspection: This could potentially cause significant changes to the production schedule and ultimately delay the receipt of the finished vehicles.
2. Waiving or altering the Contract requirement: Besides skipping one of the most critical steps in the design process, waiving the FAI requirement or not conducting it at the manufacturer's location could

increase the risk of expensive rework effort, that could result in schedule delays and cost increase.

FISCAL IMPACT:

Planned expense as part of the project - approximately \$6,000/person - includes airfare, hotel, per diem and ground transportation - \$24,000 approximate total.

ATTACHMENTS:

- FAI Agenda 2026

FIRST ARTICLE INSPECTIONS FOR STADLER TRAINS

As part of the First Article Inspections (FAI), Carbody and Truck Frames are planned to be inspected jointly by UTA and Stadler at the point of manufacture, Valencia, Spain between July 19th and August 5th, 2026. During this visit, the Light Rail Vehicle carbody will be inspected to confirm manufacturing readiness, compliance to contractual and applicable standards, dimensional accuracy, documentation, finish quality, and preparedness prior to production release. This trip also includes a short technical visit to Basel, Switzerland for review of their carborne safety systems relevant to UTA vehicles. Firm dates for the FAI are currently being validated by Stadler and will be submitted to UTA as they become available.

Agenda:

Day 1 and 2:

Travel from SLC, United States to Valencia, Spain

Day 3:

FAI Kickoff & Raw Carbody Inspection (Valencia)

- Program kickoff, safety briefing, and agenda confirmation
- Overview of manufacturing process and quality approach
- Raw carbody post welding inspection
 - o Visual weld inspection
 - o Weld map and NDT verification
 - o Material traceability confirmation

Outcome: Confirmation of weld quality and structural readiness baseline

Day 4:

Dimensional Verification (Valencia)

- Datum structure confirmation
- Laser tracker dimensional measurements
- Interface, access, and drainage feature verification
- Review of preliminary dimensional compliance results

Outcome: Verification of as-built geometric compliance

Day 5:

Primer, Paint & Configuration Alignment (Valencia)

- Surface preparation and environmental controls review
- Primer and paint application verification
- Coating thickness, color, gloss, adhesion checks
- Configuration baseline alignment (approved vs. as built)

Outcome: Validation of finish quality and configuration control

Day 6:

Structural Integrity, Mass & Packaging (Valencia)

- Review of structural analysis references and standards compliance
- As built weight and center of gravity verification
- Packaging, corrosion protection, and transport readiness review

Outcome: Confirmation of structural compliance and shipment readiness

Day 7:

Documentation Review & UTA Sign Off (Valencia)

- FAI documentation package review (measurements, certificates, photos)
- Nonconformance review and corrective action alignment (if applicable)
- Configuration baseline approval
- Formal UTA First Article Inspection sign off

Outcome: FAI completion and authorization to proceed

Day 8:

Travel to Basel, Switzerland

Day 9:

CBTC Benchmark Evaluation (Basel)

- Basel Transit CBTC system overview
- Architecture, subsystem interfaces, and operational concept review

Day 10:

CBTC Evaluation & Close Out (Basel)

- Control center visit
- On vehicle CBTC equipment review
- Lessons learned applicable to the UTA program

Day 11:

Return Travel

- Basel → Salt Lake City

FAI participants to include:

1. Kyle Stockley
2. Bryan Sawyer
3. Ryan Gardner
4. Sharanjit Saini

TITLE:
Change Order: On-Call Infrastructure Maintenance Contract Task Order #26-009: Yellowstone Interlocking Construction (Stacy and Witbeck, Inc.)

AGENDA ITEM TYPE:
Procurement Contract/Change Order

RECOMMENDATION:
Approve and authorize the Executive Director to execute Task Order 26-009 and associated disbursements on the on-call infrastructure maintenance task ordering contract with Stacy and Witbeck, Inc. in the amount of \$538,549 to replace the Yellowstone Interlocking on the North/South TRAX line as part of the state of good repair plan.

BACKGROUND:
In December 2023, UTA released a request for procurement (RFP) for an on-call maintenance contractor focused specifically on infrastructure assets. Bids were received and evaluated, and Stacy and Witbeck, Inc. was selected as the winner based on overall scoring using the best value format. The UTA Board of Trustees approved the contract and authorized the Executive Director to execute the master task ordering agreement (MTOA) with Stacy and Witbeck Inc. on April 18, 2024. The MTOA is for three years, plus two one-year options, with a total 5-year not-to-exceed value of \$45,000,000.

Tamping and regulating a rail line are essential maintenance activities that ensure the stability, safety, and smooth operation of a railway track. Tamping involves compacting and adjusting the ballast (the layer of crushed stones beneath and around the ties) to ensure the track is level and properly supported. Regulating involves redistributing and shaping the ballast to maintain the proper profile and ensure it is evenly distributed around the ties. Together, tamping and regulating maintain the integrity and geometry of the rail line, ensuring:

1. Smooth and safe train operations
2. Reduced long-term maintenance costs

3. Prolonged track life

DISCUSSION:

UTA Staff is requesting approval of Task Order 26-009 with Stacy Witbeck, Inc. to complete the removal and replacement of the Yellowstone interlocking in the amount of \$538,549.

The scope of this request includes all time, labor, and other items needed to remove the old #10 turnout and replace it with a new turnout procured under a separate task order.

The work will include changing old wood ties that are susceptible to rot to new concrete ties.

This task order is within the scope of the master task ordering agreement. The task order pricing has been determined to be fair and reasonable based on both a UTA independent cost estimate and performance of a price analysis.

CONTRACT SUMMARY:

Contractor Name	Stacy and Witbeck, Inc.
Contract Number	23-03811-26-009
Existing Contract Start/End Dates	4/18/2024 - 4/30/2027
New Contract Start/End Dates	N/A - N/A
Current Contract Value to Date	\$31,398,823.64
Change/Task Order Amount	\$538,549.00
New Total Contract Value	\$31,937,372.64
Procurement Method	RFP Best Value
Budget Authority	Approved 2026 Capital Budget

ALTERNATIVES

By not replacing the interlocking, the results would be unsafe movement due to deteriorating wood ties. This would expedite track fatigue and failure.

FISCAL IMPACT:

The 2026-2030 approved Five Year Capital Plan includes \$538,549 for this task order. This work will occur in 2026 under the Rail Replacement project (SGR385). These costs will be offset by using federal formula grant funds. These funds are part of UTA's yearly apportionment.

- 2026 Task Order Total: \$538,549.00 (Account # 20-2502.55000.122403)

Total Master Task Ordering Agreement not-to-exceed \$45,000,000

Total Master Task Ordering Agreement remaining balance: \$13,062,627.36

The 2026 approved budget for SGR385 includes \$10,562,000.00 for UTA's Rail Replacement Projects.

Current remaining 2026 approved budget for SGR385: \$2,537,220.47

SCOPE & DELIVERABLES

Federally Funded Contract? Yes

UTA Scope Letter	To whom it may concern, This document describes the scope of work that is being requested for the following task within the contract:
Background (Provide a brief background to the project.)	The Yellowstone Interlocking on the North/South TRAX Line has reached the end of its useful service life and requires full replacement to maintain safe and reliable operations. Inspections have identified ongoing condition and performance issues within the interlocking that impact track geometry, switch functionality, and long-term maintainability. This project is included in the FTA-mandated Transit Asset Management (TAM) Plan and supports a state of good repair by replacing aging interlocking components with modern, compliant infrastructure. The replacement will improve operational reliability, reduce maintenance-related service disruptions, and enhance overall system safety. In addition to rail operations, the interlocking replacement will improve ride quality and passenger comfort by correcting surface irregularities and alignment issues. Completion of this work will extend the service life of the interlocking, reduce lifecycle maintenance costs, and ensure continued safe operation of rail users along the N/S TRAX Line.
Scope of Work (Clearly identify expectations and deliverables)	Remove the current Interlocking and wood ties and replace with new double interlocking with Concrete tie package from Nortack that was ordered under a separate task order.
Project Exclusions	Power down. Signals
Define Contractor Responsibilities	The Contractor shall furnish all labor, materials, equipment, supervision, and coordination necessary to complete the replacement of the Yellowstone Interlocking in accordance with UTA standards, FRA/FTA requirements, and applicable local codes. 1. Pre-Construction & Coordination - Review contract documents, plans, specifications, and applicable standards. - Attend pre-construction meetings and coordinate work activities with UTA Rail Operations, Signals, Traction Power, and Maintenance of Way. - Develop and submit work plans, schedules, phasing, and outage requests for approval. - Prepare and submit site-specific safety plans, job hazard analyses (JHAs), and traffic control plans as required. 2. Site Preparation & Demolition - Perform utility locating and field verification prior to construction. - Remove and properly dispose of existing interlocking components, including trackwork, special trackwork, signal/switch components, foundations, and appurtenances designated for replacement. - Protect adjacent track, OCS, signals, roadway infrastructure, and third-party utilities throughout construction. 3. Civil & Trackwork - Excavate and prepare subgrade; place and compact sub ballast and ballast in accordance with specifications. - Install new interlocking trackwork, special trackwork, ties, fasteners, rail, and turnout components. - Perform rail installation, welding, anchoring, surfacing, lining, and tamping to achieve final geometry. - Restore track to design alignment, profile, and cross-level suitable for revenue service.

Asset Tracking:If applicable, a provisional UTA Asset List has been included in the Attachments of this Scope. **Note: Contractor will ultimately be responsible for providing asset information to UTA, including part number, serial number, and cost.**

Subject: 26-617 – Yellowstone Interlocking Replacement (TO 26-009)

Dear Jake:

We are pleased to provide the attached cost estimate to perform the removal and replacement of the current Yellowstone Interlocking with a new double interlocking with the concrete tie package from Nortrak ordered under a separate task order. Work includes transportation and assembly of the interlocking, removal of the existing trackwork, turnout material distribution, welding and the related destress and tamping and regulating of the new trackwork and related approaches.

Inclusions:

The Contractor shall furnish all labor, materials, equipment, supervision, and coordination necessary to complete the replacement of the Yellowstone Interlocking in accordance with UTA standards, FRA/FTA requirements, and applicable local codes.

1. Pre-Construction & Coordination

- Review contract documents, plans, specifications, and applicable standards.
- Attend pre-construction meetings and coordinate work activities with UTA Rail Operations, Signals, Traction Power, and Maintenance of Way.
- Develop and submit work plans, schedules, phasing, and outage requests for approval.
- Prepare and submit site-specific safety plans, job hazard analyses (JHAs), and traffic control plans as required.

2. Site Preparation & Demolition

- Perform utility locating and field verification prior to construction.
- Remove and properly dispose of existing interlocking components, including trackwork, special trackwork, signal/switch components, foundations, and appurtenances designated for replacement.

Board of Trustees

Date: 5/13/2026

TO: Board of Trustees
FROM: Jon Larsen, Chief Capital Services Officer
PRESENTER(S): Dave Osborn, Acting Director of Capital Design and Construction

TITLE:
Change Order: On-Call Infrastructure Maintenance Contract Task Order #26-010: Union Interlocking Construction (Stacy and Witbeck, Inc.)

AGENDA ITEM TYPE:
Procurement Contract/Change Order

RECOMMENDATION:
Approve and authorize the Executive Director to execute Task Order No. 26-010 and associated disbursements on the on-call infrastructure maintenance task ordering contract with Stacy and Witbeck, Inc. in the amount of \$507,175 to replace frogs, diamond and running rail at the Union Interlocking on the North/South TRAX line as part of the state of good repair plan.

BACKGROUND:
On April 17, 2024, the UTA Board of Trustees approved the contract and authorized the Executive Director to execute the master task ordering agreement (MTOA) with Stacy and Witbeck Inc. for on-call maintenance services focused specifically on infrastructure assets. The MTOA is contracted for a period of three years, plus two one-year options, with a total 5-year not-to-exceed amount of \$45,000,000.

Tamping and regulating a rail line are essential maintenance activities that ensure the stability, safety, and smooth operation of a railway track. Tamping involves compacting and adjusting the ballast (the layer of crushed stones beneath and around the ties) to ensure the track is level and properly supported. Regulating involves redistributing and shaping the ballast to maintain the proper profile and ensure it is evenly distributed around the ties. Together, tamping and regulating maintain the integrity and geometry of the rail line, ensuring:

1. Smooth and safe train operations
2. Reduced long-term maintenance costs
3. Prolonged track life

DISCUSSION:

UTA Staff is requesting approval of Task Order 26-010 with Stacy and Witbeck, Inc. to complete the removal and replacement of frogs, diamond and running/restraining rail at the Union Interlocking (2100 South at Central Pointe Station) in the amount of \$507,175.

The scope of this request includes all time, labor, and other items needed to remove the old diamond, frogs (4) and replace 200 track feet of running and restraining rail.

These are essential maintenance activities that ensure stability, safety, and smooth operation of railway cars through the interlocking. This task order is within the scope of the master task ordering agreement.

The task order pricing has been determined to be fair and reasonable based on both a UTA independent cost estimate and performance of a price analysis.

TITLE:

Change Order: On-Call Infrastructure Maintenance Contract Task Order #26-011: 2100 South Grade Crossing Replacement (Stacy and Witbeck, Inc.)

AGENDA ITEM TYPE:

Procurement Contract/Change Order

RECOMMENDATION:

Approve and authorize the Executive Director to execute Task Order 26-011 and associated disbursements on the On-Call Infrastructure Maintenance task ordering contract with Stacy and Witbeck, Inc. in the amount of \$410,462 to replace the 2100 South Grade Crossing on the North/South TRAX line as part of the state of good repair transit asset management plan.

BACKGROUND:

On April 17, 2024, the UTA Board of Trustees approved the contract and authorized the Executive Director to execute the master task ordering agreement (MTOA) with Stacy and Witbeck Inc. for on-call maintenance services focused specifically on infrastructure assets.

The MTOA is contracted for a period of three years, plus two one-year options, with a total 5-year not-to-exceed amount of \$45,000,000.

Tamping and regulating a rail line are essential maintenance activities that ensure the stability, safety, and smooth operation of a railway track. Tamping involves compacting and adjusting the ballast (the layer of crushed stones beneath and around the ties) to ensure the track is level and properly supported. Regulating involves redistributing and shaping the ballast to maintain the proper profile and ensure it is evenly distributed around the ties. Together, tamping and regulating maintain the integrity and geometry of the rail line, ensuring:

1. Smooth and safe train operations
2. Reduced long-term maintenance costs

3. Prolonged track life

DISCUSSION:

UTA Staff is requesting approval of Task Order 26-011 with Stacy Witbeck, Inc. to complete the removal and replacement of the 2100 South Grade Crossing on the North/South TRAX line in the amount of \$410,462.

The scope of this request includes all time, labor, and other items needed to remove the old crossing panels and replace with new embedded crossing. These are essential maintenance activities that ensure the stability, safety, and smooth operation of railway cars through the intersection as well as vehicles traveling across the crossing.

This task order is within the scope of the master task ordering agreement. The task order pricing has been determined to be fair and reasonable based on both a UTA independent cost estimate and performance of a price analysis.

On Call Services

Mr. Jake Wouden
Rail Infrastructure Project Manager
Utah Transit Authority
2264 South 900 West
South Salt Lake City, UT 84119

Reference: On-Call Transit Infrastructure Design, Construction, Maintenance and Repair
Project No: 23-03811VW

Subject: 26-615 – 2100 South Grade Crossing (TO 26-011)

Dear Jake:

We are pleased to provide the attached cost estimate to remove and replace the at-grade crossing at 2100 South on the Main Line in South Salt Lake with 230 TF of embedded track crossing. The existing rail will be replaced with new 115# rail provided by UTA. Stacy and Witbeck has assumed the replacement will take place during one continuous shutdown with no trains running, and a bus bridge in effect to service UTA riders. A complete power down of the overhead contact wires will be required to safely perform the demolition portion of work on both tracks. We look forward to constructing this project for UTA this year at a mutually agreed upon schedule.

Exclusions:

- Railroad Flagging
- Track to Earth Testing
- Sales Tax on Permanent Materials
- OSC power down
- Taking crossings and signals out of service
- Any signal or comm related work items
- Grade Stabilization outside of Trackway
- Other Track Materials (Rail Boot, Steel Ties & Hardware)

Clarifications:

- Please see detailed list of each bid item below.
- 115# rail to be provided by UTA.
- SWI has assumed the replacement will take place during one continuous shutdown with no trains running, and a bus bridge in affect to service UTA riders
- The unit costs for each bid item includes the costs of insurance, bond, and risk at the agreed upon rates.
- We are excluding all utility relocations and conflicts from our pricing. Any conflicts or relocations will need to be addressed as a change of condition.
- The scope of work is inclusive of only the items and scope that are listed below. Any other items of work or changes to the below scope will need to be repriced.

TITLE:

Change Order: On-Call Infrastructure Maintenance Contract Task Order #26-012: 2026 FrontRunner and TRAX Tamping (Stacy and Witbeck, Inc.)

AGENDA ITEM TYPE:

Procurement Contract/Change Order

RECOMMENDATION:

Approve and authorize the Executive Director to execute Task Order No. 26-012, including associated disbursements, on the on-call infrastructure maintenance task ordering contract with Stacy and Witbeck, Inc. in an amount not-to exceed \$500,000, for tamping and regulating the TRAX and FrontRunner lines in 2026.

BACKGROUND:

On April 17, 2024, the UTA Board of Trustees approved and authorized the Executive Director to execute the master task ordering agreement (MTOA) with Stacy and Witbeck Inc. for on-call maintenance services focused specifically on infrastructure assets.

The MTOA is contracted for a period of three years, plus two one-year options, with a total 5-year not-to-exceed amount of \$45,000,000.

Tamping and regulating a rail line are essential maintenance activities that ensure the stability, safety, and smooth operation of a railway track. Tamping involves compacting and adjusting the ballast (the layer of crushed stones beneath and around the ties) to ensure the track is level and properly supported. Regulating involves redistributing and shaping the ballast to maintain the proper profile and ensure it is evenly distributed around the ties. Together, tamping and regulating maintain the integrity and geometry of the rail line, ensuring:

1. Smooth and safe train operations.
2. Reduced long-term maintenance costs.

3. Prolonged track life.

DISCUSSION:

UTA Staff is requesting approval of Task Order No. 26-012 with Stacy and Witbeck, Inc. to complete continual tamping/regulating on the Frontrunner and Trax rail lines for a not-to-exceed amount of \$500,000. The scope of this request includes all time, labor, and other items needed to reestablish ballast structure as described above.

This task order is within the scope of the master task ordering agreement. Additionally, the pricing was determined to be fair and reasonable based on both a UTA independent cost estimate and performance of a price analysis.

Dear Jake:

We are pleased to provide the attached T&M Rates for year 2026 to tamp and regulate various locations along the FrontRunner and TRAX alignments. SWI will provide all necessary equipment and labor to complete all tamping and regulating work. Other signals, systems, or track related work is not included. All rates have the agreed to fees included and will be billed only as used. This proposal is not to exceed a total of \$500,000.00.

SWI plans to perform this work on Sunday's and nights when trains are not in service.

Exclusions:

- Railroad Flagging
- Sales Tax on Permanent Materials
- Taking crossings and signals out of service
- Any signal or comm related work items
- Grade Stabilization
- Any track work other than tamping and regulating
- Removal of any switch heaters or switch heater covers

Clarifications:

- Please see detailed list of each bid item below.
- SWI assumes the work window to be a continues shutdown with a full road closure for the duration of the project, with no train movement or vehicular traffic in the area
- The unit costs for each bid item includes the costs of insurance, bond, risk, and fee at the agreed upon rates.
- We are excluding all utility relocations and conflicts from our pricing. Any conflicts or relocations will need to be addressed as a change of condition.
- The scope of work is inclusive of only the items and scope that are listed below. Any other items of work or changes to the below scope will need to be repriced.

Board of Trustees

Date: 5/13/2026

TO: Board of Trustees
THROUGH: Jay Fox, Executive Director
FROM: Viola Miller, Chief Financial Officer
PRESENTER(S): Brian Reeves, Associate Chief Financial Officer
Jordan Eves, Manager of Fare Strategy

TITLE:

Fare Agreement: Special Events Agreement for Western Stampede Rodeo (City of West Jordan)

AGENDA ITEM TYPE:

Service or Fare Approval

RECOMMENDATION:

Approve and authorize the Executive Director to enter a Special Events Agreement (UTA contract # 26-F28354) with the City of West Jordan.

BACKGROUND:

UTA has historically partnered with events to allow attendees to use their event ticket-as-fare on the UTA system. Event tickets are printed with the UTA logo and specific wording that identifies the ticket as valid transit fare for the date identified on the event ticket. This partnership is formalized through an Event Pass Agreement that is negotiated by the Fares team and approved by the Board of Trustees.

Utah Transit Authority is partnering with the City of West Jordan to allow event attendees to use their ticket-as-fare for the following events taking place at the West Jordan Rodeo Grounds from July 2-4: Western Stampede Rodeo and Carnival. Valid services include all Local Bus Routes, TRAX Light Rail Routes, Streetcar Light Rail, FrontRunner Commuter Rail Routes, and BRT Routes on the day of the event. Paratransit eligibility applies. Both the City of West Jordan and UTA desire to partner together to offer ticket-as-fare to the event's ticket holders.

DISCUSSION:

Staff recommends partnering with the City of West Jordan as described above for the upcoming rodeo and carnival taking place July 2-4, 2026. In exchange for the transit fare, the City of West Jordan agrees to pay the base purchase price of \$3,938. This pricing is calculated based on a standard formula which uses historical trip

data obtained from the automated passenger counter system. The trip count from historical data, and other variables such as event location and time of day, are used to forecast trips for the event. The fare rate (\$3.75 group pass rate) is multiplied by the forecasted trips.

ALTERNATIVES:

Do not enter an agreement with the City of West Jordan for ticket-as-fare, requiring attendees to utilize other fare alternatives.

FISCAL IMPACT:

The contract value is \$3,938 for the special event and provides access for up to 30,000 authorized users.

SPECIAL EVENTS AGREEMENT**Tickets for Fare**

This Special Events Agreement-Tickets for Transit ("Agreement") is entered into on July 1, 2026, by and between the City of West Jordan, a municipal corporation and a political subdivision of the state of Utah ("Sponsor"), and Utah Transit Authority, a public transit district organized under the laws of the State of Utah ("UTA"). Sponsor and UTA hereafter collectively referred to as the "parties" and either of the foregoing may be individually referred to as "party," all as governed by the context in which such words are used.

RECITALS

WHEREAS Sponsor will host a Western Stampede Rodeo and Carnival July 2, 3, and 4 in 2026 at the West Jordan Fairgrounds which is located 1985 W. 7800 S. West Jordan, UT ("Venue"); and

WHEREAS Sponsor desires to procure transit passes for transportation to its Special Event using UTA's transit system; and

WHEREAS the parties desire to establish a program whereby Sponsor is authorized to procure transit passes by providing a lump sum payment for an anticipated number of tickets.

AGREEMENT

NOW THEREFORE, on the stated Recitals, which are incorporated herein by reference, and for and in consideration of the mutual covenants herein and in the Agreement, the mutual benefits to the parties to be derived here from, and for other valuable consideration, the receipt and sufficiency of which the parties acknowledge, it is hereby agreed as follows:

SECTION I: DEFINITIONS

1. The term "**Base Service**" means public transit service as produced in UTA's ordinary operations and published at www.rideuta.com.
2. The term "**Effective Date**" shall mean July 2, 2026, unless the parties agree otherwise above.
3. The term "**Special Event**" shall mean an event sponsored by West Jordan City and held at the Venue stated above.

SECTION II: TERMS AND CONDITIONS

1. **Tickets for Transit Program.** The parties agree to establish a Tickets for Transit Program (the "Program"), whereby the Sponsor procures transit passes for ticket holders to its Special Event (the "Tickets for Transit Pass").
2. **Authorized Users.** Upon the terms and conditions contained herein, UTA agrees to allow Sponsor to provide a Tickets for Transit Pass to ticket holders ("Authorized Users") attending the Special Event at the Venue.
3. **Payment.**
 - a. Sponsor shall pay to UTA the base purchase price of \$3,938 for the Special Event and 30,000 authorized users.
 - b. On or before July 1, 2026, UTA shall invoice Sponsor for the amount owed as described

in Paragraph 3. Sponsor shall pay the invoiced amount within thirty (30) days of its receipt of the invoice. Sponsor shall pay a one percent (1%) late fee on balances due under this Agreement which remain unpaid within thirty (30) days from the due date indicated on the invoice.

4. **Term of Agreement.** The term of this Agreement shall be from the Effective Date and runs through July 4, 2026.
5. **Pass Recognized as Fare Payment.** An Authorized User's Special Event ticket shall also serve as a transit pass when: (1) printed with the wording "Valid as UTA fare on the date indicated" or similar wording approved by UTA; (2) used for fare payment on the date of the event stated on the ticket (Tickets for Transit Pass shall be recognized by UTA as fare payment on all Local Bus Routes, TRAX Light Rail Routes, Streetcar Light Rail, FrontRunner Commuter Rail Routes, and BRT Routes on the day of the event, paratransit eligibility applies); and (3) issued to event attendees via email, home delivery, or through an app. Attendees using transit to get to/from the Special Event present acceptable fare media upon boarding the bus or upon rail inspection. Acceptable fare media for events includes: a printed copy of the Sponsor-issued email displaying the attendee's ticket, a Sponsor-issued ticket, electronic ticket, or a mobile app with the ticket displayed. Fare media that is not accepted includes: generic download from the vendor's website, a form of ticket not provided to UTA as an acceptable ticket type, a camera image of the ticket, or any other form not listed as acceptable. Sponsor must provide UTA with images of all the different ticket types. UTA will use the images to verify the logo is printed and distribute to operators and fare collectors, so they are aware of them prior to the event.
6. **Use of the UTA Logo.**
 - a. The UTA Logo, which is attached hereto as Exhibit A, is the sole and exclusive property of UTA. UTA hereby grants Sponsor, so long as it is not in breach of this Agreement a limited and revocable license to use or print the UTA logo as specified herein. The interpretation and enforcement (or lack thereof) of these terms and conditions, and compliance therewith, shall be in UTA's sole discretion. The UTA Logo may not be altered in any way and must be displayed in the same form as produced by UTA. The UTA Logo must be printed in either black or in the official color of blue and red.
 - b. If and when Sponsor chooses to use the UTA Logo, the UTA Logo shall be used in a professional manner.
 - c. Notwithstanding the foregoing, the UTA Logo may not be used in any manner that, in the sole discretion of UTA: discredits UTA or tarnishes its reputation and goodwill; is false or misleading; violates the rights of others, violates any law, regulation or other public policy; or mischaracterizes the relationship between UTA and the user, including but not limited to any use of the UTA Logo that might be reasonably construed as an endorsement, approval, sponsorship or certification by UTA of Sponsor, Sponsor's organization, or Sponsor's products or services or that might be reasonably construed as support or encouragement to utilize Sponsor's services.
 - d. Use of the UTA Logo shall create no rights for Sponsor in or to the UTA Logo or their use beyond the terms and conditions of this limited and revocable license. The UTA Logo shall remain at all times the sole and exclusive intellectual property of UTA. UTA

shall have the right, from time to time, to request samples of use of the UTA Logo from which it may determine compliance with these terms and conditions. Without further notice, UTA reserves the right to prohibit use of the UTA Logo if it determines, in its sole discretion, that Sponsor's UTA Logo usage, whether willful or negligent, is not in strict accordance with the terms and conditions of this license, otherwise could discredit UTA or tarnish its reputation and goodwill, or Sponsor is otherwise in breach of this Agreement.

7. **Pass Distribution.** Sponsor shall be solely responsible for issuing Tickets for Transit Passes to Authorized Users.
8. **Public Transit Services.** The Parties understand that the transit services being used under this Agreement are public transit services. As such, Authorized Users must comply with all UTA rider rules and rules governing the use of public transit services. Authorized Users must present their Tickets for Transit Passes as proof of fare payment to UTA bus operators and fare inspectors. Authorized Users who do not have possession of a Tickets for Transit Pass must pay the regular fare for the transit service they use. UTA reserves the right to modify its service and schedules as it deems appropriate in its sole discretion.
9. **Waiver and Release.** The Parties hereby agree that Sponsor shall not be responsible or liable for the actions; omissions; negligent, intentional, or reckless conduct; or behavior of any Authorized User. All Authorized Users shall be deemed and treated as if they had paid their own fare and subject to the same terms and conditions applicable to any other UTA rider who has not benefitted from the Program. The Parties agree that Authorized User will not be deemed an agent, representative, or licensee of Sponsor. UTA hereby expressly waives and releases Sponsor from any liability, damage, expense, cause of action, suit, claim, judgment, or other action arising from or related to the actions; omissions; negligent, intentional, or reckless conduct; or behavior of any Authorized User.
10. **Indemnification.** Each party hereby agrees to be responsible and assume liability for its own negligent or wrongful acts or omissions or those of its officers, agents or employees to the full extent required by law from participation in this Agreement and agrees to indemnify and hold the other party harmless from any such liability, damage, expense, cause of action, suit, claim, judgment, or other action arising from such negligent or wrongful acts or omissions. Except as set forth herein, neither party waives any legal defenses or benefits available to them under applicable law, and both agree to cooperate in good faith in resolving any disputes that may arise under this Agreement.
11. **Termination.** This Agreement shall continue in full force and effect during the term of this Agreement unless it is terminated earlier by either party. Sponsor may terminate all or part of this agreement in the event of a pandemic (as specified by the World Health Organization) preventing all or part of the Event from taking place. Sponsor shall only be responsible to pay UTA a pro-rated amount owed under this Agreement for the portions of the Event that occurred.
12. **Nondiscrimination.** Sponsor and UTA shall not exclude any individual from participation in or deny any individual the benefits of this Agreement, based on race, color, national origin, creed, sex, or age in accordance with the requirements of 49 U.S.C. §5332.
13. **Third Party Interests.** No person not a party to this Agreement shall have any rights or entitlements of any nature under it.

14. **Entire Agreement.** This Agreement contains the entire agreement between the parties hereto for the term stated and cannot be modified except by written agreement signed by both parties. Neither party shall be bound by any oral agreements or special arrangements contrary to or in addition to the terms and conditions as stated herein.
15. **Dispute Resolution.** In the event there is a dispute arising under this Agreement it shall be referred to successive levels of leadership for resolution, beginning with the UTA Fares Director and her equivalent in Sponsor's organization and culminating with the Executive Director of UTA and the Managing Director of Sponsor's Headquarters' Facilities. If resolution is not achieved as the Executive Director/Managing Director level, either Party may bring the issue to litigation in a court of competent jurisdiction within Salt Lake County, Utah.
16. **Costs and Attorney's Fees.** If either party pursues legal action to enforce any covenant of this Agreement, the parties agree that all costs and expenses of the prevailing party incident to such legal action, including reasonable attorney fees and court costs shall be paid by the non-prevailing party.
17. **Governing Law.** This Agreement will be construed as a whole in accordance with its fair meaning and in accordance with the laws of the state of Utah. The Parties acknowledge that they have read this Agreement and are fully aware of its content and its legal effect. The terms of this Agreement have been negotiated by the Parties and their respective legal counsel. Accordingly, the terms of this Agreement may not be construed in favor of or against any Party. The headings used in this Agreement are for reference only and may not affect the construction of this Agreement.
18. **Counterparts.** This Agreement may be executed simultaneously in two or more counterparts, all of which together shall constitute one and the same instrument. Any copy, facsimile, electronic, or other non-original duplication of an original signature of this Agreement shall be deemed an original for purposes of the enforcement or establishment of the validity or authenticity of this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first set forth herein.
