

To: Mayor and Town Council Members

From: Mark C. Meyers, Town Manager

Date: May 7, 2026

Subject: Pocketville Road Charrette Report

### **Background**

The concept of closing Pocketville Road as a through street has been discussed for some time since Kolob Terrace Road was constructed north from SR 9. Town Council referred the concept of creating a cul-de-sac (see attached draft design) at the intersection of Kolob Terrace Road and, perhaps, other design elements, to the Planning Commission. The road is no longer required as a major street and a cul-de-sac would reduce traffic, noise and wear and tear, making it a local road. The Commission held a charrette in February to listen to residents and other stakeholder's opinions about the road (see attached flier).

Planning Commission Chair Darlene Pope will present the findings of the charrette at the May 13, 2026, Town Council work meeting.

### **Recommendation**

After listening to the report from the charrette, Town Council should discuss whether to pursue implementation of a cul-de-sac and maybe other design changes to Pocketville Road.
