Hi Niall,

This is Jenny, you came to my house in Canyon Springs last year to talk about a shed we were thinking of putting on the side of our house. I was so sorry to later hear about your car accident with your daughter. I hope you and your family are on the uphill side of recovery.

I wanted to let you know that I'm in favor of the proposed tiered landscape requirements in Village Commercial. Of course, I love landscaping if you remember my home, but I do think it seems a reasonable way to help smaller properties in the downtown area.

All my best,

Jenny
