

NOTICE OF INTENT TO PREPARE AMENDMENT TO SALT LAKE COUNTY RESOURCE MANAGEMENT PLAN

NOTICE IS HEREBY GIVEN that Salt Lake County intends to amend its Resource Management Plan to add chapters addressing renewable energy; critical minerals and rare earth elements; utility corridors; and pipelines and infrastructure. The amended Resource Management Plan will apply to the unincorporated areas of Salt Lake County. A map of the unincorporated areas within Salt Lake County is attached to this Notice. All affected entities are invited to provide information for Salt Lake County to consider in the process of preparing, adopting and implementing this amendment to the Resource Management Plan concerning: (i) impacts that the use of land proposed in the proposed Resource Management Plan amendment may have; and (ii) uses of land within unincorporated Salt Lake County that affected entities are considering that may conflict with the proposed Resource Management Plan amendment. Additional information about this proposed Resource Management Plan amendment may be found on the following website: www.saltlakecounty.gov/regional-development/Canyons-Management/, or by contacting the following person: Claudia Wiese, 385-468-4907, CWiese@saltlakecounty.gov.
