This brief ceremony will cover the swearing in of Sheriff's Deputies. The TAP approval process will consider any potential recommendations at a future date.

Presentation to the council on a proposed statue of Chief Tabby
Councilmember Nelson introduced Marvin Rust. Marvin Rust presented on behalf of Wasatch Community Foundation and Sons of Utah Pioneers. This is regarding Chief Tabby's son, Tom Tabby, and the graveside in Heber City cemetery. The Sons of Utah Pioneers in 1986 put up a marker, and it has deteriorated over the years, and the Wasatch Community Foundation and Sons of Utah Pioneers are putting in a new marker and a new monument and would like to invite the County Council on May 2nd at 1:00 PM. for this event.

Council/Board Reports

Summary: Councilmember Nelson reported on a meeting from earlier that was the working group that did the feasibility study on the trail from Deer Creek Dam to Soldier Hollow. There is a conflicting priority within the State of Utah: two parts of the state of Utah. The Utah trail, which is under UDOT, is responsible and has a mandate to build this trail. By definition, a 12' paved trail is, by definition, open, and it's free to all users. The trail runs through the state park and other parts of the trail and other parts of Utah also run through the state park, and the state park mandate is a fee per use and those two things are conflicting. There are issues with maintenance and determining who is responsible for those things.

Councilmember Nelson also reported on the UDOT quarterly meeting that discussed the different projects like the bypass issues and also the construction project on 189 and the costs associated with the project.

Councilmember McMillan reported that NRCS came through with the money for Alan Giles Conservation.

Councilmember Crittenden reminded Council it is that time of the year that they will deliver meals on wheels to the Senior Citizens some time in the month of March. The Council decided on the 20th at noon. Crittenden also reported that MAG and Wasatch County does not have the problem of a shortage because we will cover the short fall if that occurs. There was a suggestion to put something out to the public to be able to make private donations in addition to the local restaurant donation program.

Councilmember Crittenden reminded about Issues Conference tonight at 6:30 PM

Councilmember Crittenden had a question about HB 457 for County Manager Grabau. Will it affect Wasatch County?

Councilmember Crittenden mentioned County news from NACO report from Utah, Summit County recently launched a nightly rental concerns hotline for residents in neighborhoods with short-term rentals. Crittenden suggested that it may be something worth discussing for our County.

Councilmember Searle reported that this is the last week of the legislative session and a good number of bills have died. Most of the bills we were concerned about have been pulled. There is another bill that will make us whole as a state as we do the DMV for the state. The Library board meeting is doing good things working on the initiative walk with 250. The library lecture series is trying to get involved in celebrating our country turning 250 years old.

Councilmember Nelson added an item about our Heritage Day event. He met again with Ted Caldwell, one of the founders and keeper of the flame for cowboy poetry, and discussed being able to do some soft events at no cost to the county. Nelson will update as information is available.

Manager's Report
