

Utah Boating Recreation Grant (UBRG)

Outdoor Recreation

GRANT DETAILS

What is UBRG?

The Utah Boating Recreation Grant provides funding to improve public boating access, safety, and infrastructure across the state. This program is funded through boating-related fees and state funding dedicated to improving Utah's waterways. As boating recreation continues to grow and water levels fluctuate, this grant helps communities maintain safe and reliable access to Utah's waterways.

Eligible Applicants: Counties, cities & towns, state agencies, and water conservancy districts.

GRANT OVERVIEW

Funding may be used for the following:

Boating Facilities

Supports the construction, repair, or replacement of public boating infrastructure, including boat ramps, courtesy docks, and parking areas.

Waterway Protection

Focuses on protecting shoreline resources by preventing or minimizing erosion caused by vessel wave action.

Access Improvements

Addresses drought-related access challenges and expanding non-motorized access points to reduce congestion, conflicts, and safety concerns at launch areas.

Search & Rescue Equipment

Includes the purchase of search and rescue equipment to strengthen on-the-water safety and response efforts.

Important Dates

Opens: September 1, 2026
Deadline: October 15, 2026 (5:00 PM MST)

Funding Information

Maximum Request: \$500,000
Match Requirement: 25%

BAC Presentation Required:
• Over \$300K; SAR over \$100K
