Work Session 4:00 pm

1. Call to Order

2. Discussion Topics

- a. Property Tax Impact Schedule for Fiscal Year 2027
- b. Discussion of the Fiscal Year 2027 Tentative Budget

3. Administrative Items

Topics not included on the agenda, brought up for discussion to address matters of importance or items needing prompt attention. Final action on these topics will not be taken at this meeting.

4. Adjourn

Please note at the conclusion of this meeting, the Council will convene for its Regular Council meeting.

Upcoming Meetings

- Tuesday, June 23, 2026 – Committee of the Whole (4:00p) – Regular City Council (7:00p)
- Tuesday, June 30, 2026 – Committee of the Whole (6:00p)
- Tuesday, July 14, 2026 – Committee of the Whole (4:00p) – Regular City Council (7:00p)
- Tuesday, July 28, 2026 – Committee of the Whole (4:00p) – Regular City Council (7:00p)

Certificate of Posting

I certify that the foregoing agenda was posted at the principal office of the public body, on the Utah Public Notice website <https://www.utah.gov/pmn/>, on West Jordan City's website <https://westjordan.primegov.com/public/portal>, and notification was sent to the Salt Lake Tribune and Valley Journal.

REQUEST FOR COUNCIL ACTION

Action: Other

Meeting Date Requested : 06/09/2026

Presenter: Danyce Steck, Administrative Services Director

Deadline of item : 06/09/2026

Applicant:

Department Sponsor: Admin. Services

Agenda Type: DISCUSSION TOPICS

Presentation Time: 1 Minutes

(Council may elect to provide more or less time)

1. AGENDA SUBJECT

Property Tax Impact Schedule for Fiscal Year 2027

2. EXECUTIVE SUMMARY

As a best practice for public transparency and guided by Utah State Code 59-2-924 8(a)(ii), we are publishing the Property Tax Impact Schedule at every meeting where the budget is discussed. This schedule will change throughout the budget process if Council majority makes a change to the proposed property tax increase.

3. TIME SENSITIVITY / URGENCY

The Property Tax Impact Schedule will be shown at every meeting in which the budget is discussed, including work sessions.

4. FISCAL NOTE

See the Schedule for details

5. STAFF ANALYSIS

Staff supports showing the Property Tax Impact Schedule at every meeting in which the budget is discussed.

6. MAYOR RECOMMENDATION

The Mayor supports showing the Property Tax Impact Schedule at every meeting in which the budget is discussed.

7. COUNCIL STAFF ANALYSIS

This item is procedural in nature and is intended to satisfy requirements of the budget process. Future budget hearings will provide additional opportunities for public input and Council discussion regarding the proposed budget.

8. POSSIBLE COUNCIL ACTION

No action needed

9. ATTACHMENTS

Property Tax Impact Schedule

PROPERTY TAX IMPACT SCHEDULE

West Jordan City will consider an increase to its property tax rate to generate an additional \$500,418. The following information is intended to provide decision makers and the public with an explanation of how the City's operations would be affected if the property tax rate changes.

Proposed Revenue with Tax Change	\$22,667,562
West Jordan City's Current Property Tax Revenue	<u>\$22,167,144</u>
Additional Property Tax Revenue to West Jordan City	\$500,418

West Jordan City's Current Property Tax Rate	.001328
--	---------

Estimated Increase to West Jordan City's Property Tax Revenue	2.26%
---	-------

Estimated Increase to a primary residence of \$549,800	\$8.96
Estimated Increase to a business of \$549,800	\$16.30

<u>Affected Department</u>	<u>Budget without Tax Change</u>	<u>Interim Budget</u>	<u>Budget Change</u>
Parks	\$6,348,421	\$6,500,876	\$152,455

Impact of Tax Increase

The Parks Department will hire one (1) full-time parks maintenance worker, and one (1) full-time parks planner. If the parks planner is approved, the Department will eliminate three (3) seasonal laborer positions to assist in funding the position (\$61,794).

Request Detail

Parks Maintenance Worker: \$90,781 (wages, benefits)

As the City grows its network of parks and trails, additional staffing is needed to maintain these new amenities.

Parks Planner: \$61,674 (wages, benefits, less seasonal hours)

As the City continues to grow and invest in new parks, trails, and recreational amenities, the need for dedicated planning support has become essential. A Parks Planner will provide professional expertise in project planning, design, public engagement, and long-term parks system development. This position will ensure that new facilities are thoughtfully designed, meet community needs, comply with safety and accessibility standards, and align with the City's strategic goals. Adding a Parks Planner will also improve coordination across departments, accelerate project timelines, and enhance the overall quality and sustainability of the City's parks and open spaces. The Department is willing to reduce its seasonal maintenance hours to offset a portion of the cost of this position (savings of \$61,794).

(continued on next page)

PROPERTY TAX IMPACT SCHEDULE

<u>Affected Department</u>	<u>Budget without Tax Change</u>	<u>Interim Budget</u>	<u>Budget Change</u>
Crossing Guards	\$828,625	\$929,418	\$100,793

Impact of Tax Increase

The Police Department will hire one (1) full-time Crossing Guard Supervisor.

Request Detail

The Police Department currently manages a civilian crossing guard program that supports over 200 school and pedestrian crossings daily, encompassing more than 100 individual crossing guard positions citywide. This program is critical to public safety, particularly for school-aged children, and requires consistent oversight to ensure operational effectiveness, accountability, and continuity. At present, supervisory responsibilities—including recruitment and hiring coordination, scheduling, training oversight, performance monitoring, and compliance with safety standards—are distributed among sworn personnel whose primary responsibilities are law enforcement and emergency response. This structure limits efficiency and diverts sworn resources from core policing functions.

The creation of a Civilian Crossing Guard Supervisor position would centralize management of the program and provide dedicated oversight of daily operations. This position would be responsible for staffing and deployment, coordination of hiring processes, timekeeping, payroll coordination, and ongoing training, as well as budget tracking, equipment management, and resource allocation related to the crossing guard program.

Establishing this civilian supervisory role will improve operational consistency, strengthen accountability, and enhance public safety while allowing sworn personnel to focus on mission-critical duties. From a fiscal perspective, a civilian supervisor provides a cost-effective management solution for a large, labor-intensive program and supports responsible stewardship of departmental resources.

<u>Affected Department</u>	<u>Budget without Tax Change</u>	<u>Interim Budget</u>	<u>Budget Change</u>
Events	\$1,335,538	\$1,435,538	\$100,000

Impact of Tax Increase

The City will establish an annual summer event titled, "Beet Days".

Request Detail

The City's continued growth creates a unique opportunity to establish a signature annual summer event that builds community pride and celebrates local heritage. "Beet Days" would provide family-friendly entertainment, support local businesses, and create a unifying tradition for residents throughout the City. Launching this event will strengthen community connections, enhance civic engagement, and contribute to a vibrant local culture.

(continued on next page)

PROPERTY TAX IMPACT SCHEDULE

<u>Affected Department</u>	<u>Budget without Tax Change</u>	<u>Interim Budget</u>	<u>Budget Change</u>
Police	\$31,566,556	\$31,640,270	\$73,714

Impact of Tax Increase

The Police Department will upgrade a Police Officer I position to a Police Lieutenant.

Request Detail

To improve supervision, operational efficiency, and span-of-control within the Police Department, adding a Police Lieutenant position is necessary. The department's current structure places significant supervisory and administrative demands on existing command staff, which limits their capacity for oversight, training, and strategic planning. Reallocating one Police Officer position to create a Lieutenant role will strengthen leadership on each shift, enhance accountability, and support more effective deployment of existing patrol resources. This adjustment improves overall service delivery without increasing total staffing levels.

<u>Affected Department</u>	<u>Budget without Tax Change</u>	<u>Interim Budget</u>	<u>Budget Change</u>
Passports	\$229,650	\$271,911	\$42,261

Impact of Tax Increase

The Passport Office will hire one (1) full-time passport agent and eliminate two (2) part-time positions to assist in funding the position (\$50,000).

Request Detail

The Passport Office generates over \$500,000 in revenue for the City. This request would transition two (2) part-time employees into one (1) full-time employee to increase retention and provide greater consistency for the services.

<u>Affected Department</u>	<u>Budget without Tax Change</u>	<u>Interim Budget</u>	<u>Budget Change</u>
City Recorder & Customer Service	\$268,117	\$299,312	\$31,195

Impact of Tax Increase

The City Recorder's Office will hire one new customer service representative to serve the west side of the City at the Public Works Building. The full cost of this position is split between the General Fund and the utility funds. The total cost is \$89,128.

Request Detail

As the west side of the City continues to grow, demand for in-person customer support has increased significantly. Adding a Customer Service Representative to serve at the Public Works Building will ensure residents have convenient access to essential services, including receiving utility payments, scheduling dumpsters, and answering inquiries. This position will improve service delivery, reduce wait times, and provide consistent support to the expanding west-side community.

REQUEST FOR COUNCIL ACTION

Action: Request Feedback from Council

Meeting Date Requested : 06/09/2026

Presenter: Danyce Steck, Administrative Services Director

Deadline of item : 06/09/2026

Applicant:

Department Sponsor: Admin. Services

Agenda Type: DISCUSSION TOPICS

Presentation Time: 90 Minutes

(Council may elect to provide more or less time)

1. AGENDA SUBJECT

Discussion of the Fiscal Year 2027 Tentative Budget

2. EXECUTIVE SUMMARY

This work session is to facilitate open discussions in preparation for the adoption of the FY2027 Tentative Budget using the budget accepted by the Council on May 5, 2026 as a baseline. The work session is intended to address Council inquiries and gather feedback.

As part of this process, staff is specifically requesting a determination of what tax increase the Council majority supports. The state mandated date to adopt a proposed property tax rate is June 22, 2026 (Utah Code 59-2-912). Given the timing of scheduled City Council meetings, we have received approval from the State Property Tax Division to formally adopt the amounts during the June 23rd meeting. However, staff will need to enter the amounts supported by Council majority into the state system before June 22 and then adopt those exact amounts the following day. Staff would need to know this amount during the June 9 work session in order to prepare the necessary resolution for June 23.

Additional discussion can occur on both the budget and the tax increase, with amendments being adopted as part of the final budget in August. The tax rate determined before June 22 would need to be a **maximum** rate not to be exceeded but could be lowered in August with council majority support.

3. TIME SENSITIVITY / URGENCY

Council will need to hold a public hearing to adopt a Tentative Budget. The proposed date for this step of the budget process is June 9, 2026 during the regular council meeting. The Tentative Budget can then be amended with support of Council majority, adopting an Interim Budget (in the case of a tax increase) or a Final Budget (no tax increase) before June 30, 2026.

The Mayor's Proposed Budget includes a recommendation for a 2.26% property tax increase.

- If Council supports a tax increase, Council has until June 30, 2026 to hold a public hearing on the Tentative Budget and adopt an Interim Budget (proposed for June 23). This is then followed by a public hearing on the tax increase (August 11, 2026), with adoption of a Final Budget no later than August 31, 2026.
- If Council does not support an increase, Council will need to hold a public hearing on the Tentative Budget and adopt a Final Budget before June 30, 2026

4. FISCAL NOTE

Fiscal impact is dependent on any amendments adopted by a majority of the Council.

5. STAFF ANALYSIS

Work sessions to discuss the budget are scheduled for the following dates:

- May 12, 2026 – Revenues and Summaries, General Fund departments
- May 26, 2026 – General Fund departments continued, Community Development & Development Services, Economic Development
- June 2, 2026 – Public Services, Parks Capital Projects and General Capital Projects, Highlands, Risk, Public Works, Fleet, Roads Capital, Public Utilities Operations and Capital, IT
- June 9, 2026 – Departments as needed, further Council questions and discussion
- June 23, 2026 – Departments as needed, further Council questions and discussion

6. MAYOR RECOMMENDATION

The Mayor supports discussion of the FY 2027 budget in advance of adoption.

7. COUNCIL STAFF ANALYSIS

Timeline & Background Information

This item represents the second step in the budget process. It provides the Council opportunity to review the proposed budget, ask questions, and provide feedback prior to formal adoption.

Step 1 – Receive the Mayor’s Proposed Budget

The Council accepted the Mayor’s Proposed Budget on [May 5, 2026](#).

Step 2 – Conduct Budget Work Sessions and Discussions

- Budget discussions are scheduled throughout May and June 2026.
- [May 12, 2026 Committee of the Whole](#) staff & Council discussed Revenues and Summaries, General Fund Departments: Fire, Police, Administrative Services, Mayor’s Office, Council Office, City Attorney, and Justice Court
- [May 26, 2026 Committee of the Whole](#) staff and Council discussed General Fund departments continued, Community Development & Development Services, Economic Development & RDA
- [June 2, 2026 Committee of the Whole](#) staff and Council discussed Public Services, Parks Capital Projects and General Capital Projects, Highlands, Risk, Public Works, Fleet, Roads Capital, Public Utilities Operations and Capital, and IT
- Scheduled discussion include:
 - o June 9, 2026 – Departments as needed, further Council questions
 - o June 23, 2026 – Departments as needed, further Council questions

Step 3 – Adopt the Tentative Budget

- Council is anticipated to hold a public hearing and consider adoption of the Tentative Budget on June 9, 2026.
- The Mayor’s Proposed Budget includes a recommended 2.26% property tax increase.

Step 4 – Adopt Interim or Final Budget Depending on Tax Increase

If the Council supports a tax increase:

- An Interim Budget must be adopted before June 30, 2026.
- Additional public hearings on the tax increase would be required.

- A Final Budget must be adopted no later than August 31, 2026.

If the Council does not support a tax increase:

- The Final Budget must be adopted before June 30, 2026.

8. POSSIBLE COUNCIL ACTION

None needed. The next opportunity to discuss the budget is scheduled for June 23, 2026 if needed.

BUDGET AWARD

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of West Jordan
Utah**

For the Fiscal Year Beginning

July 01, 2025A handwritten signature in black ink that reads "Christopher P. Morill".**Executive Director**

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to City of West Jordan, Utah, for its Annual Budget for the fiscal year beginning July 1, 2025. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Mayor Dirk Burton

tel: 801.569.5000

info@westjordan.utah.gov

8000 South Redwood Road

West Jordan, UT 84088

May 2026

In April, I ride my bicycle across our great state of Utah to St. George for the Utah League of Cities and Towns Conference. Along the way, I see different communities, meet people from all walks of life, and am reminded that progress doesn't always come from staying on the same road. Although I do this every year, it is different every time. I plan for contingencies, yet something always happens differently that could not be planned for. When that happens, I review my options, then decide with the information at hand. As I learn more, my options may change. I often seek other people to help supply me with ideas to choose from.

That perspective helped shape this year's budget.

The City of West Jordan is in a strong position because we've spent years planning carefully and staying disciplined. That steady approach continues this year. We're keeping our revenue expectations realistic and making small, manageable property-tax adjustments now, so we don't face large jumps later. (Details of the property tax adjustment can be found in the proposed property tax impact schedule.)

We're also closely watching the trends that shape our budget, like slower sales-tax growth and declining court revenues. These shifts are real, but they're manageable. Some things we cannot predict; however, because we've been cautious in past years, we can adjust while keeping the services residents rely on running smoothly. Often, we seek from staff and others to help supply us with ideas to choose from.

With that in mind, this budget focuses on the services residents use every day. Our priority is maintaining strong service levels and supporting the employees who keep the city running. As we grow, we need to increase staff in a few key positions, including a parks maintenance worker, a crossing-guard supervisor, and a customer-service representative at the Public Works building; and we're updating a few roles to better meet the needs of our growing community.

It is also important for us to continue to invest in the infrastructure that keeps our city functioning, such as roads, water lines, sewer treatment, and stormwater improvements. These projects strengthen the backbone of our city and help reduce costly unplanned repairs in the future.

Mayor Dirk Burton

tel: 801.569.5000

info@westjordan.utah.gov

8000 South Redwood Road
West Jordan, UT 84088

Residents will see minor increases in sewer, solid waste, and streetlight fees this year. Water and stormwater fees remain the same. These modest adjustments help us maintain essential services and keep our systems reliable while reducing unpredictable increases in the future.

Water conservation is a key focus for our community. We are keeping an eye on water use to help us plan wisely for the years ahead.

Like any good ride, this budget is about reading the road in front of us and making smart, steady choices. It keeps West Jordan stable, prepared, and moving forward with confidence.

Dirk Burton

Mayor of West Jordan, Utah

PROPERTY TAX IMPACT SCHEDULE

West Jordan City will consider an increase to its property tax rate to generate an additional \$500,418. The following information is intended to provide decision makers and the public with an explanation of how the City's operations would be affected if the property tax rate changes.

Proposed Revenue with Tax Change	\$22,667,562
West Jordan City's Current Property Tax Revenue	<u>\$22,167,144</u>
Additional Property Tax Revenue to West Jordan City	\$500,418
West Jordan City's Current Property Tax Rate	.001328
Estimated Increase to West Jordan City's Property Tax Revenue	2.26%
Estimated Increase to a primary residence of \$549,800	\$8.96
Estimated Increase to a business of \$549,800	\$16.30

<u>Affected Department</u>	<u>Budget without Tax Change</u>	<u>Interim Budget</u>	<u>Budget Change</u>
Parks	\$6,348,421	\$6,500,876	\$152,455

Impact of Tax Increase

The Parks Department will hire one (1) full-time parks maintenance worker, and one (1) full-time parks planner. If the parks planner is approved, the Department will eliminate three (3) seasonal laborer positions to assist in funding the position (\$61,794).

Request Detail

Parks Maintenance Worker: \$90,781 (wages, benefits)

As the City grows its network of parks and trails, additional staffing is needed to maintain these new amenities.

Parks Planner: \$61,674 (wages, benefits, less seasonal hours)

As the City continues to grow and invest in new parks, trails, and recreational amenities, the need for dedicated planning support has become essential. A Parks Planner will provide professional expertise in project planning, design, public engagement, and long-term parks system development. This position will ensure that new facilities are thoughtfully designed, meet community needs, comply with safety and accessibility standards, and align with the City's strategic goals. Adding a Parks Planner will also improve coordination across departments, accelerate project timelines, and enhance the overall quality and sustainability of the City's parks and open spaces. The Department is willing to reduce its seasonal maintenance hours to offset a portion of the cost of this position (savings of \$61,794).

The Passport Office generates over \$500,000 in revenue for the City. This request would transition two (2) part-time employees into one (1) full-time employee to increase retention and provide greater consistency for the services.

<u>Affected Department</u>	<u>Budget without Tax Change</u>	<u>Interim Budget</u>	<u>Budget Change</u>
City Recorder & Customer Service	\$268,117	\$299,312	\$31,195

Impact of Tax Increase

The City Recorder's Office will hire one new customer service representative to serve the west side of the City at the Public Works Building. The full cost of this position is split between the General Fund and the utility funds. The total cost is \$89,128.

Request Detail

As the west side of the City continues to grow, demand for in-person customer support has increased significantly. Adding a Customer Service Representative to serve at the Public Works Building will ensure residents have convenient access to essential services, including receiving utility payments, scheduling dumpsters, and answering inquiries. This position will improve service delivery, reduce wait times, and provide consistent support to the expanding west-side community.

GUIDING PRIORITIES

CORRELATION BETWEEN BUDGET AND LONG-TERM OBJECTIVES

RESIDENT FOCUSED

Tailor core services, policies, and initiatives to directly address concerns of the residents and enhance quality of life in West Jordan.

SENSE OF COMMUNITY AND CITY IDENTITY

Facilitate an emotional connection to the community through diverse opportunities, initiatives, events, and gathering spaces.

CITY AESTHETICS

Enhance the City's physical environment through thoughtful design, development, and improvements of public spaces, green spaces, and transportation corridors.

ECONOMIC DEVELOPMENT

Cultivate commercial development, innovation, employment, and entrepreneurship to enhance prosperity and opportunity within the City.

EMPLOYEE SATISFACTION

Maintain a work environment where employees feel engaged and supported, resulting in heightened productivity and morale, reduced turnover, and enhanced overall well-being.

Economic Development Director	Jim Grover
Fire Chief	Derek Maxfield
Municipal Court Judge	Ryan Holtan
Police Chief	Jeremy Robertson
Public Services Director	Cory Fralick
Public Utilities Director	Gregory Davenport
Public Works Director	Brian Clegg

Appointed Positions

Budget Officer	Mayor Dirk Burton
City Attorney	Josh Chandler
City Engineer	Nate Nelson
City Recorder	Tangee Sloan
City Treasurer	Tyler Aitken
Human Resources Manager	Michael Wilkey
IT Director	Robert Allred

¹ As required by Utah State Code

BUDGET CALENDAR AND PROCESS

Jan 2026	• Council priorities meeting • Mayor's budget retreat • Departments receive budget preparation documents
Feb 2026	• Mayor's Budget Committee meetings • Council Budget & Audit Committee meeting
Mar 2026	• Department budget requests are reviewed by the Mayor's Budget Committee • New personnel requests are evaluated by the Mayor's Budget Committee • Capital projects are evaluated by the Mayor's Budget Committee
Apr 2026	• Mayor's budget is prepared and a recommended tax levy is complete. • Council Budget & Audit Committee meeting
May 2026	• Council accepts the Mayor's Budget • Initial notice of intent to increase property tax rate is given (if needed) • Council reviews the budget
Jun 2026	• Council holds a public hearing and adopts the Tentative Budget • Council reviews the budget further • On or before June 22, property tax rate is declared (Truth in Taxation if needed) • Council holds a public hearing on the Tentative Budget • An Interim Budget (in the case of a tax increase) is adopted for the fiscal year beginning July 1, or a Final Budget is adopted for the fiscal year beginning July 1
Jul 2026	<i>Truth in Taxation Process (if needed)</i> • 1st Notice: At least 14 days in advance of the hearing. The public hearing date is set by the Salt Lake County Auditor's Office. • Tax notices are mailed out
Aug 2026	<i>Truth in Taxation Process (if needed)</i> • 2nd Notice: at least 7 days in advance of the hearing. The public hearing date is set by the Salt Lake County Auditor's Office. The City will continue public outreach meetings. The City will host the public hearing and adopt a tax levy after receiving comment. • Council holds a public hearing on the tax increase • Council amends the Interim Budget / adopts a Final Budget and adopts the tax rate

BUDGET NARRATIVES

COMMUNITY PROFILE

CITY BACKGROUND

The City of West Jordan was one of the earliest pioneer settlements after the founding of Salt Lake City. Early settlements formed to the west along the prominent Jordan riverside as early as 1849. Since the City lies on the western banks of the Jordan River, it was named West Jordan. As the years went on the area began to grow at a rapid rate. Farms, mills, and infrastructure were built as a haven for all who wished to settle the area. The residents of West Jordan petitioned the Salt Lake County Commission for incorporation as a town on January 10, 1941. It became a third-class city in 1967 and grew to a first-class city by 2006.

West Jordan is now the state's 3rd largest city with an estimated 2025 population of 120,000. At build-out, the City is projected to have a population of 175,000. It is located within the Salt Lake metropolitan area and is approximately 32.02 square miles in size.

With the largest contiguous acreage of undeveloped land in Salt Lake County, West Jordan is one of only two areas remaining in the County where new large-scale industrial development can take place. In addition, the City's resident labor force represents just over 10% of Salt Lake County's which has proven to be a major asset in attracting commercial and industrial development. The diversification of the City's retail businesses has provided a strong foundation for sustainability even in the most challenging of environments.

The City provides a full range of services to its businesses and residents. These include police and fire protection, community events and celebrations, culinary water, wastewater (sewer), garbage and recycling collection and disposal, and stormwater management, as well as the construction and maintenance of roads, parks, recreation facilities, and street lighting.

The City of West Jordan operates under a Council-Mayor form of government, also known as a strong mayor form. The City Council operates as the legislative body and the Mayor as Chief Executive Officer. All work together to make the City of West Jordan a wonderful place to live, shop, and work.

LOCATION

West Jordan is located in the center of the Salt Lake Valley, extending westward from the Jordan River toward the Oquirrh Mountains, where slopes increase significantly, gaining more than 1,000 feet in elevation at its higher points. It shares borders with Taylorsville, Kearns, West Valley City, Copperton, South Jordan, Sandy, Midvale, and Murray.

KEY FISCAL MANAGEMENT PRACTICES

The following statements are presented as principles that will govern the budget, accounting, and financial reporting for fiscal year 2027.

GENERAL FINANCIAL GOALS

- Provide a financial base sufficient to sustain municipal services to maintain the social well-being and physical conditions of the City.
- Provide financial sustainability using sound financial principles and transparency.
- Be able to respond to unexpected and dramatic changes in the local and regional economy, service level requirements, and other changes as they affect the community.
- Seek to use a portion of ongoing revenue for one-time expenditures, thereby mitigating the effects of a change in ongoing revenues.

BUDGET POLICIES

Balanced Operating Budget: The City shall annually adopt a balanced budget where operating revenues are equal to, or exceed, operating expenditures. Any increase in expenses, decrease in revenues, or combination of the two would result in a budget imbalance and will require budget revision rather than spending unappropriated surpluses or designated reserves to support ongoing operations. If the budget imbalance is positive, no budget revision is required. Any year-end operating surpluses will revert to unappropriated balances for use in maintaining reserve levels set by policy, and the balance will be available for capital projects and/or “one-time only” General Fund expenditures, as approved by the City Council.

Budget Document: The operating budget is the annual financial plan for the City. It will serve as the policy document of the City Council for implementing Council goals and objectives. The budget shall provide the staff with the resources necessary to accomplish Council-determined service levels. The Mayor shall present a balanced operating budget for the following fiscal year to the City Council by the first regularly scheduled council meeting in May, to be adopted no later than the statutory deadline of June 30th of each year.

Budget Adjustments

- Budget transfers between departments, but within the same fund, require approval from the Mayor or his authorized designee.
- Budget transfers between funds require Council approval which is obtained through the budget amendment process.

Capital Improvement Plan: The Capital Improvement Plan and the base operating budget will be reviewed at the same time to ensure the City’s capital and operating needs are balanced with each other and the Capital Improvement Program is aligned with the City’s other long-range plans.

Expansion Requests: Expansion requests will be considered during the budget process as a result of the availability of new revenue and will be evaluated and prioritized as a whole. Expansion requests submitted after the original budget is adopted will be considered as a result of the availability of new revenues (such as unanticipated grants) and the request’s impact on the City’s current and future resources.

Reserve Level: The City will maintain a General Fund reserve of between 10% - 35% of the General Fund budgeted revenues excluding any transfers in and/or use of reserves. In enterprise funds, the City will maintain a minimum reserve of 12% of budgeted revenues. These reserves shall be created and maintained to provide sufficient cash flow to meet daily financial needs and to sustain services in the event of a catastrophic event such as a natural/man-made disaster or a major downturn in the economy. Any funds in excess of the 35% maximum reserve balance will be available for capital projects and/or “one-time” General Fund expenditures, as approved by the City Council.

Use of Reserves: Reserves will only be used for one-time (nonrecurring) expenditures or to fill an emergency shortfall while a permanent solution is identified. This gap fill solution should not occur in more than one fiscal year. If reserves are used, the City will begin to replenish these reserves as surplus exists, but no later than 3 years.

KEY FISCAL MANAGEMENT PRACTICES

REVENUE POLICIES

To reduce the risk of changes in the economy, the City will use the following guidance in the preparation of revenue estimates for the budget.

Fees (Governmental): Fees (user charges) will be reviewed on an annual basis during the budget process and be included with the budget for adoption by the City Council. Fees will reflect the targeted level of cost recovery and may include long-term rate adjustments to address inflation.

One-time Revenue: One-time (or temporary) revenue will be used to obtain capital assets or to make other nonrecurring purchases. The City will avoid using this resource to provide ongoing services.

Revenue Diversification: The City will strive to maintain a diversified and stable revenue system to reduce the effects of fluctuations in any one revenue source, as well as avoid an over-dependence on any single revenue source.

Revenue Projection: All revenue estimates shall be conservative (slightly understated) to reduce the probability of a revenue shortfall. Previous year trend analysis, current economic conditions, and growth will be guiding factors in these estimates.

EXPENDITURE POLICIES

Cost Allocation: A cost allocation plan will be developed and incorporated into the annual budget. The cost allocation plan will be the basis for distribution of general government and administrative costs to other funds or capital projects (indirect costs).

Expenditure Projections: Expenditure estimates should be based on known demand and service levels along with historical trend analysis, current economic conditions, and growth as guiding factors in these estimates.

Long-term Forecast: The City will prepare and present a five-year forecast with the annual budget.

One-time Expenditure: One-time expenditures may be purchased with either ongoing or one-time revenues.

Service Levels: The City will structure service levels in the context of financial sustainability.

CAPITAL INVESTMENT POLICIES

To protect the City's investment in capital assets and ensure systems and equipment are available to meet expected service levels.

Capital Assets: The City will maintain all its assets at a level to protect the City's capital investment and minimize future maintenance and replacement costs.

Capital Improvement Plan: The City will make capital improvements in accordance with an adopted capital improvement plan.

Equipment Maintenance and Replacement: The City will maintain an equipment replacement and maintenance needs analysis for the life cycle of equipment and will update this projection consistent with budget development.

Financing: Each project will identify the least costly financing method(s) and will be only undertaken once financing is secured.

Funding Source: Funding sources for each capital project will be identified prior to submittal to the Council for approval. The City will use intergovernmental assistance and other outside resources whenever possible.

Long-term Forecast: The City will prepare and present a five-year Capital Improvement Plan and include discussions on the impact to operations and maintenance each year. The Capital Improvement Plan includes elements from the various Master Plans adopted by the City Council and helps establish priorities for consideration by the City Council.

KEY FISCAL MANAGEMENT PRACTICES

DEBT POLICIES

The City will utilize long-term borrowing for capital improvements that cannot reasonably be financed on a pay-as-you-go basis from anticipated cash flows.

Bond Rating

- The City will maintain or improve the City's bond rating to reduce the cost of financing options.
- The City will maintain good communications with bond rating agencies about its financial condition. The City will follow a policy of full disclosure on every financial report and bond prospectus including proactive compliance with disclosure to the secondary market.

Cost-efficient Financing: The City should seek the most practical and cost-efficient financing available.

Generational Cost-Sharing: When considering long-term borrowing versus pay-as-you-go, the City will consider the improvement and the future users of the improvement over its useful life. This consideration will value the benefit to future generations and the equity of sharing that cost over time.

Lease Options: Lease financing may be used when the cost of borrowing or other factors makes it in the City's best interest.

Strategy

- The City will approach debt cautiously and manage its debt well below debt limits as outlined by the Utah state law.
- The City should combine pay-as-you-go strategies with long-term financing to keep the debt burden low.
- The City will not use long-term debt for current operations.
- Acceptable uses of bond proceeds are items which can be capitalized and depreciated. Refunding bond issues designed to restructure currently outstanding debt is also an acceptable use of bond proceeds provided that the net present value of savings is at least four percent (4%).
- Bonds shall not be issued for a longer maturity schedule than a conservative estimate of the useful life of the asset.
- The City will determine whether self-supporting bonds (such as special assessment bonds) are in the City's best interest when planning to incur debt to finance capital improvements.

ENTERPRISE FUND POLICIES

Fees (Enterprise): Fees and user charges in enterprise funds will be set at a level that fully supports the total direct and indirect cost of the activity including the cost of annual depreciation of capital assets. For analysis and rate modeling purposes, the proposed rates shall consider debt service coverage commitments made by the City of 1.2 times annual debt service.

Self-Sufficiency: Enterprise funds should be self-sufficient if the benefits largely accrue to the users of the service, a fee from the end user is administratively feasible, and the service can effectively be priced at its full cost without detracting from the purpose of the fund.

Subsidization: The General Fund may subsidize enterprise funds with the permission of the City Council. Such subsidization should be limited and should represent services which benefit the City as a whole.

KEY FISCAL MANAGEMENT PRACTICES

INTER-FUND POLICIES

Indirect Costs: Costs for administrative and project management services are assessed to other funds from the General Fund. This activity is recorded as allocated wages and operations and credit expense in the General Fund per direction of the Utah State Auditor.

Cash Management Tool: Interfund borrowing may occur during the budget year as a cash management measure. It allows a surplus in one fund to be used to offset a shortfall in another. Any fund transfer from an enterprise fund to the General Fund requires authorization of the City Council by resolution.

Interfund Borrowing: Interfund borrowing shall only occur in an emergency status situation where reserves are insufficient to meet projected needs. Interfund borrowing must be approved by the City Council by resolution.

ACCOUNTING, AUDITING, AND FINANCIAL REPORTING POLICIES

Compliance: The budget process complies with the Utah Fiscal Procedures Act and Generally Accepted Accounting Principles (GAAP).

Comprehensive Annual Financial Report: In coordination with the independent audit, the City will prepare a comprehensive annual financial report. The City will consistently seek to qualify for the Government Finance Officers Association Certificate of Achievement for Excellence in Financial Reporting.

Financial Reporting and Monitoring: The Finance Department will provide monthly financial reports reflecting the operations of individual funds. These reports will be provided to the Council and will be available on the City's website.

Fund Accounting: The City follows principles of fund accounting for all governmental funds where each fund is defined as a separate accounting entity. Each fund is a self-balancing set of accounts established for the purpose of carrying out specific activities in accordance with clearly defined restrictions and/or limitations. For enterprise funds, the City follows principles of full accrual accounting as required by GAAP.

Independent Audit: State statutes require an annual audit by independent certified public accountants. Generally accepted auditing standards and the standards set forth in the General Accounting Office's Governmental Auditing Standards will be used by auditors in conducting the engagement.

Investment of Funds: The City's investment policy is to secure its assets by collateralizing investment and money on deposit. In its investments, the City also seeks to maintain a sufficiently liquid position so that cash is available as needed for operating expenses. Within the framework of these two policies, the City seeks to maximize its yield from investments. All investments are made in strict conformance with the Utah Money Management Act, which governs the investment of public funds. City funds will be managed in a prudent and diligent manner with emphasis on safety, liquidity, and yield, in that order.

Modified Accrual Basis: The City's budget is based on the modified accrual basis of budgeting for all its fund types. Under the modified accrual basis of accounting, revenues are recognized when they become measurable, available, and qualify as current assets. Expenses are recorded when the related liability is incurred.

FINANCIAL STRUCTURE

FUND ORGANIZATION

FUND TYPES

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City of West Jordan, like any other state and local government, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the City can be divided into two categories: governmental funds or proprietary funds (business-type funds). These funds are appropriated by the City Council.

Governmental activities are principally supported by taxes and intergovernmental revenues, while business-type activities are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of the City include general government, community development, public safety, highways and public improvements, and parks and recreation. The business-type activities of the City include utilities (water, sewer, solid waste, storm water, and streetlights). The City has also established Internal Service Funds to account for goods or services that are provided by one department to another department on a cost reimbursement basis.

FUND DESCRIPTIONS

General Fund - The General Fund serves as the chief operating fund of the City and provides the resources necessary to sustain the day-to-day activities of a governmental entity. The principal sources of revenue for the General Fund are taxes, charges for services, and fines and forfeitures. Expenditures are for general government, community and economic development, public safety, streets, parks, recreation, and other public services. This fund records all assets and liabilities of the City that are not assigned to other funds.

FINANCIAL STRUCTURE

Capital Projects Fund - This fund is reserved for long-term capital investment projects such as the acquisition, construction, or renovation of buildings and roads. The financial resources of West Jordan's capital projects fund come from several different sources, including impact fees, intergovernmental monies, interfund payments from the water and sewer funds, and appropriations from the General Fund as well as special revenue funds such as the Class C Roads Fund.

The *Road Impact Fee Fund* accounts for road-related impact fees derived from new development and the need for related capital assets.

The *Police Impact Fee Fund* accounts for police-related impact fees derived from new development and the need for related capital assets.

The *Parks Impact Fee Fund* accounts for park-related impact fees derived from new development and the need for related capital assets.

The *Fire Impact Fee Fund* accounts for fire related impact fees derived from new development and the need for related capital assets.

The **Class C Roads Fund** accounts for state allocated road funds which are used for road maintenance and capital improvements.

The **Development Services Fund** was established to account for revenues received from developers for permits and inspection fees related to new development within the city. These revenues are used to pay the directly-related personnel and operational costs of the Planning and Building divisions of the Community Development Department.

The **Community Development Block Grant (CDBG) Fund** accounts for the CDBG Program. The City receives a direct distribution of funds from the federal Department of Housing and Urban Development. This program provides annual grants on a formula basis to states, cities, and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons.

Grants Fund – This is an additional fund used to account for other grants and distribution of revenues from governmental agencies that are earmarked for specific spending purposes.

Special Improvement Districts (SID) – These are geographic areas of the city where the property owners incur the costs of making special improvements to the area. West Jordan has two funds associated with these to account for the financial activities specific to the SID.

The **Highlands Special Improvement District** was approved to provide service in excess of normal city-provided levels specifically regarding landscaping and snow removal in the area.

The **KraftMaid Special Improvement District** was created to manage the taxable portion of debt service on the Series 2008 Tax Increment Bonds issued for improvements in this area.

Other Governmental Agencies – These agencies are separate legal entities managed by a Governing Board of seven trustees which consists of the members of the West Jordan City Council. They have separately adopted budgets and associated funds to account for their specific organizations.

The **Redevelopment Agency Fund** accounts for property taxes dedicated to the economic redevelopment of blighted areas within the City and the associated improvements in those areas.

The **Municipal Building Authority Fund** accounts for lease revenue fees paid by the General Fund for government buildings and the related debt service payments for those buildings.

The **Fairway Estates Special Recreation District** is a separate taxing entity created to provide park strip landscaping services to the area within the district. The service demand is in excess of normal city-provided services.

FINANCIAL STRUCTURE

Enterprise Funds – Enterprise funds are proprietary funds used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the government's council is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

The **Water Fund** is used to report revenue and expenses of providing water services to the residents of the City. In addition, this fund accounts for water impact fees and related capital improvement projects.

The **Wastewater (Sewer) Fund** is used to report revenue and expenses of providing sewer and wastewater services to the residents of the City. In addition, this fund accounts for sewer impact fees and related capital improvement projects.

The **Stormwater Fund** is used to report revenue and expenses of providing storm water drainage and management services to the residents of the City. In addition, this fund accounts for storm water impact fees and related capital improvement projects.

The **Solid Waste Fund** is used to report revenue and expenses of providing garbage and recycling collection and disposal services to the residents of the City.

The **Transportation Utility Fund** (formerly called the **Streetlight Fund**) provides improvements, maintenance, and operations specifically for the City's streetlight system. A flat monthly fee is currently charged to each residential/commercial unit. In accordance with recent changes at the state auditor's office, a study will be conducted during FY2027 to evaluate the appropriate adjustment to the transportation utility fee and to determine what rate will be assessed to each property owner.

Internal Service Funds – Internal service funds are a proprietary fund type that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, on a cost-reimbursement basis.

The **Fleet Management Fund** is used to properly allocate fleet vehicle purchases, maintenance, administrative, and shared equipment costs into each department or fund within the City. Its revenues are based on allocating operating costs as a fleet operation & maintenance (O&M) charge and capital costs as a fleet replacement charge to those departments using vehicles or large equipment.

The **Risk Management Fund** centralizes the management of all liability insurance and claims for the City. The revenues are the result of charging other funds an allocated portion of the personnel and operating costs of the Risk Management division along with their portion of the claims, property insurance, and liability insurance costs for the City.

The **Information Technology Management Fund** is used to account for the costs associated with technology, network, information security, data backup, and technical support. The revenues come from allocations to other departments/funds based upon the usage of the City-wide systems, the specific business systems, and capital replacement. The basis is cost recovery as well as cash funding for infrastructure replacement and enhancement.

The **Benefits Management Fund** centralizes the management of the City's self-funded health insurance. The revenues are the result of both employer and employee contributions as determined annually. The basis is cost recovery as well as an allowance for health care cost increases.

FINANCIAL STRUCTURE

FUND AND DEPARTMENT RELATIONSHIP

To understand the relationship between the City departments and the various City funds, this matrix provides an overview of the responsibilities and involvement of each department with each fund.

REVENUE SOURCES

REVENUES

The City of West Jordan is funded through two categories of revenue: taxes and fees. Tax revenue is primarily used to pay for services provided to the public in general such as police, fire, streets, and parks. The City also provides services that benefit specific groups of citizens for which a specific fee is charged. These fees are intended to pay for all or part of the costs incurred to provide that service, such as water and sewer. The City's revenue policies can be found in the Key Fiscal Management Practices section of this budget document.

FY 2027 General Fund Revenue

Sales Tax

Sales tax is the largest source of revenue for the City of West Jordan, contributing 41% of overall General Fund revenues (43.5% of the overall General Fund revenues excluding transfers in from other funds). This is a tax imposed on the sale or consumption of goods and/or services, and it is paid by the general public as an addition to the sale price of retail purchases. All such sales tax collected by the retail merchants are remitted to the State Tax Commission, which in turn re-allocates the taxes to the governmental units participating. The overall sales tax rate in West Jordan is 7.25%. One percent (1%) is dedicated to local governments, like West Jordan. Of this one percent (1%), half is paid directly to the local government where the sale occurred, and the other half is contributed into a state pool and distributed to the cities based on population.

Beginning July 1, 2025, an additional 0.2% sales tax was added to the Salt Lake County local option sales tax rate, with one-quarter of that revenue being distributed to cities throughout the county. This sales tax was implemented by the County to fund transportation and transit-related projects, and as such the City is budgeting any transportation-related sales tax received (known as the 5th of the 5th) to the Class C Roads Fund for road maintenance projects. In FY 2027 it is budgeted at \$1.45 million.

In March 2020, the City noticed consumer behavior changing in response to the pandemic. This change was dramatically outside of the normal growth pattern previously experienced over the past decade. In response to this change, the City established a best practice of using sales tax collection from FY 2019 as a baseline year for

Sales Tax Revenue

normal performance and applying a year-over-year growth of 5%. This amount is established each year to support on-going operations. Any revenue received in excess of this amount is considered one-time revenue and best used to support one-time purchases such as capital (vehicles, equipment, improvements, etc). This practice continues for FY 2027, and the budget presents these revenues separately.

REVENUE SOURCES

This best practice has protected the City from relying on revenues that may not be available during economic changes. Over the past fiscal year, this practice has served the City well as we experience a leveling of consumer spending.

The budget for sales tax revenue for FY 2027 is based on FY 2025 actual collection and FY 2026 estimated collection. The City's best practice described above allows the City to continue to project growth to support on-going operations, however a leveling of sales tax revenue beginning in FY 2025 indicates less available one-time sales tax revenue. The accompanying chart illustrates how one-time revenues have grown and declined over the last several fiscal years.

Property Tax

At 29% of General Fund revenues, property tax is the City's second largest General Fund revenue source. To understand property tax in Utah, it is necessary to understand a section of Utah law known as "Truth in Taxation." The county is responsible for administering property taxes and each June it submits to the cities a certified tax rate that would generate the same amount of revenue as the previous year plus any new growth. The certified tax rate does not provide additional tax revenue due to increased valuation of existing property. If the City adopts a tax rate higher than the certified rate, state law has very specific requirements for noticing and public hearings, from which the name "Truth in Taxation" is derived.

The property tax rate refers to the ad valorem taxes levied on an assessed valuation of the real and personal property each year. The City's tax rate is only a small portion of the total property tax rate. In FY 2026, the City collected property tax for calendar year 2025, also known as tax year 2025. Property tax for the calendar year is due in November. It is collected by the Salt Lake County Treasurer and remitted to the City as it is collected.

The property tax rate for tax year 2025 was .001328. This is the 5th lowest in Salt Lake County and below many of our surrounding cities.

A tax increase for tax year 2026 has been proposed, and details can be found in the Property Tax Impact Schedule earlier in this document.

Tax Year 2025 Property Tax Rates

¹ Includes tax rate from contracted police and fire services.

² Includes tax rate from contracted fire services only.

REVENUE SOURCES

Property Tax Distribution

The City receives approximately 15% of the total assessed property tax. Using an average home with a market value of \$550,000 which translates to a taxable value of \$302,500, the following compares the property tax for each city using their 2025 property tax rate.

Bluffdale	\$ 262
Draper	\$ 283
Sandy	\$ 317
South Jordan	\$ 397
West Jordan	\$ 402
Holladay	\$ 404
Cottonwood Heights	\$ 456

West Valley City	\$ 801
Midvale ¹	\$ 852
Millcreek ¹	\$ 882
Herriman ²	\$ 899
SLC	\$ 962
Brighton ²	\$ 1,179

Franchise Tax

Franchise tax revenues account for approximately 15% of General Fund revenues and are projected based on historic trends and economic information. Franchise tax acts as a 'lease' for the business to use the City's right-of-way to locate infrastructure or use its roads. For instance, in exchange for allowing the electrical company to locate its power poles in the City's right-of-way, the electrical company agrees to pay the City 6% of all sales.

This category of revenues includes utility (electricity and natural gas), cable, telecommunications, vehicle registration, and transient room (hotel) tax. With the exception of utility, these sources have been in decline or leveling. As streaming services continue to affect traditional cable services, landline phone services are replaced with cellular services, and vehicle sales are being affected by high borrowing rates, these revenue sources are negatively affected.

Other Taxes

REVENUE SOURCES

Utility Franchise Tax

On a positive note, the utility franchise tax of 6% on all sales of electricity and natural gas continues to generate steady revenues as rates and usage increases.

Utilities and User Fees

The Water, Sewer, Solid Waste, Stormwater, and Transportation Utility (Streetlight) Funds obtain revenues from fees. Metered water sales are the largest portion of those revenues. Revenue projections for these various funds are based on historic use, development growth and economic forecasts, along with rate information for the various funds.

DEBT

LONG-TERM DEBT

The City of West Jordan has three outstanding bond issuances:

- Series 2016 Municipal Building Authority Lease Revenue Bonds (MBA)
- Series 2021 Water Revenue Bonds
- Series 2024 Sales Tax Revenue Bonds

The FY 2025 budget includes a total of \$4,375,825 in debt service payments (principal, interest, and agent fees) for all issued bonds, none of which is paid from the General Fund. However, the General Fund makes payments to the MBA as building rent for proportional space used by general fund departments in the Public Works building.

The City issued sales tax revenue bonds in FY 2025 for the purpose of constructing multi-purpose sports fields and parks projects. Debt service on those bonds will be paid by park impact fees. The bond rating is AAA from both Fitch and Standard & Poor's for those sales tax revenue bonds. The City's bond rating is Aa3 from Moody's for its lease revenue bonds; and the City's bond rating is AA- from Standard & Poor's for its water revenue bonds.

The City of West Jordan has also entered into lease agreements to finance the acquisition or use of heavy equipment in the Fleet Fund, with \$400,000 due in FY 2026.

Bond Debt Payment Schedules

Series 2016 Municipal Building Authority Lease Revenue Bonds (Municipal Building Authority)

Construction of the Public Works Building

Year ending June 30	Principal	Interest	Total

	<u>\$ 11,085,000</u>	<u>\$ 5,982,250</u>	<u>\$ 17,067,250</u>

Debt Limit

State statutes limit the amount of general obligation debt a governmental entity may issue to 8% of the "reasonable fair cash value" of property within the City. Of this percent, a maximum of 4% may be used for general purposes. The remaining 4 percent and any unused portion of the 4 percent available for general purposes, up to the maximum of 8 percent total, may be utilized for water and sewer projects.

The current general purposes limitation for the City of West Jordan is \$890,366,972. As there is no current general obligation debt, that full amount would be available for any future debt issuance. The current limitation for all debt, including that used for water and sewer projects, is \$1,780,733,944 which again significantly exceeds the outstanding city-wide debt.

Estimated Market Valuation \$ 22,259,174,295

Debt Limit (4% of market valuation) \$ 890,366,972

Less Outstanding GO Bonds --

Legal Debt Margin \$ 890,336,972

FUND BALANCES / ENDING RESERVES

Fund balance, also called ending reserves, refers to a government's total financial resources at a given point in time resulting from accumulated surpluses or shortfalls from previous years. The beginning balance for FY2027 is the same as the estimated ending balance for FY2026. Changes in fund balances are discussed here.

GENERAL FUND

The **General Fund** reserve balance remains constant with expenditures equal to revenues in FY2027. The reserve amount is equal to 28.6% of general fund revenues to allow the City to sustain services and maintain a plan of action in case of a major shift in the economy or other unforeseen circumstances.

UTILITY FUNDS (ENTERPRISE FUNDS)

Four (4) of the five utility funds are budgeted for declining fund balances in FY2027. In all these funds, reserves are intended to support infrastructure maintenance and improvements. As such, reserves often fluctuate from year to year based on demand, capital project completion, and the availability of funds.

The ending fund balance in the **Water Fund** drops by 19% as funds are being used for capital projects and maintenance, including the Zone 5 North tank and transmission lines as well as a pond and Well 8 at Ron Wood Park. There is no water rate increase proposed this fiscal year.

The **Sewer Fund** and **Stormwater Fund** both have large capital projects underway which will result in expenditures exceeding revenues in FY2027. Sewer rates have a proposed 5% increase to cover increasing costs from South Valley Water Reclamation District and to maintain long-term health of the fund balance. Stormwater fees will hold steady this year with no increase in rates.

The **Solid Waste Fund** continues to be challenged with the rising costs of collection and processing of garbage and recycling. These challenges are being managed with gradual rate increases to balance this fund over the next 4-5 years (5.5% in FY2027). While there is a 6.6%

increase in fund balance for FY2027, gradual rate increases will continue over the next several years in preparation for the imminent change from a local landfill to the utilization of a transfer station to transport waste to a landfill located in Utah County.

Due to recent changes by the state auditor's office, the **Streetlight Fund** will be converted to the **Transportation Utility Fund**. A study will be conducted during FY2027 to evaluate the appropriate adjustment to the transportation utility fee and to determine what rate will be assessed to each property owner. This fund had been collecting reserves for several years in anticipation of large energy efficiency and streetlight expansion projects. These projects were started in FY2022 and continued through FY2026 funded by reserves. The FY2027 decline in fund balance is less than the decline in previous years as a majority of those projects have been completed. With proposed rate increases over the next five years, the fund balance decline will begin to level off.

SPECIAL REVENUE FUNDS

The **Development Services Fund** is intended to account for the difference between the cost of providing development services and development-related fees collected. It is expected for this fund to experience surpluses and shortfalls over time. In years when fee revenue does not exceed costs, the General Fund will provide a temporary subsidy in the form of a transfer. It is intended that this subsidy will be paid back in years when fees exceed costs. This is the case for FY2026 with a transfer from the General Fund to cover the deficit estimated for this year. An additional transfer from the

General Fund is budgeted for FY2027 to help maintain a minimal fund balance until development revenues are again sufficient to cover the full costs.

The **Capital Projects Fund** is budgeted to use reserves in FY2027 as the City continues its capital projects programs. This fund supports needed infrastructure maintenance and improvements. As such, reserves often fluctuate from year to year based on demand, capital project completion, and financial ability.

FUND BALANCES / ENDING RESERVES

Class C Roads is budgeted to report a decrease of 30% in ending fund balance for FY2027. This is primarily related to a FY2026 one-time transfer in from the roads capital projects fund to assist with road maintenance projects planned over the next 3-5 years. The current high fund balance will continue to decline over the next several years as those projects are completed.

The reserve balance for the **Highlands Special Improvement District** is budgeted to increase minimally as assessment rates are expected to be sufficient to cover the costs of the district. In FY2024, the District transitioned from an outsourced contract to in-house services in order to control costs as well as improve the quality and consistency of provided services. This change has helped stabilize the reserve levels. While there is no rate increase proposed for FY2027, future rate increases

over the next 3-5 years will assist in building a fund balance that will then be used for a larger project to enhance the area amenities.

The **Community Development Block Grant Fund** is a reimbursement grant. Reserves represent funds to be reinvested into the housing rehabilitation and downpayment assistance programs. Due to the timing of the budget process and the current uncertainty of federal funding, there is no proposed budget for CDBG in FY2027. A budget will be proposed to the Council for consideration as soon as more information is available.

The **KraftMaid Special Improvement District Fund** and **Grants Fund** are both inactive in FY2027 and therefore the changes in ending reserve balances remain flat.

INTERNAL SERVICE FUNDS

The **Fleet Management Fund** reserves are used for the replacement of vehicles and equipment. The changes in reserves fluctuate somewhat from year to year based on the vehicle replacement schedule. With rising costs in replacement vehicles as well as recent fuel prices, the ending fund balance will drop for FY2027. A portion of reserves are dedicated to the future purchase of a fire tiller truck.

The **IT Management Fund's** ending reserves are also being drawn down by 31%. This is partially due to the purchase and implementation of large software products scheduled for FY2026 and FY2027.

The **Benefits Management Fund's** ending reserve balance is budgeted to increase by nearly 17% as the city strives to maintain a fund balance with which to absorb the fluctuating cost of self-insured claims for both medical care and unemployment.

The ending fund balance in the **Risk Management Fund** decreases by 31%. This is an intentional use of accumulated reserves to pay claims budgeted in FY2027, bringing reserve levels down to a more appropriate level.

ENDING RESERVE BALANCES

	Prior Year Actual FY 2025	Adopted Budget FY 2026	Estimated Actual FY 2026	Annual Budget FY 2027	FY 2027 change from FY 2026 estimate

GENERAL FUND 5-YEAR PLAN

ASSUMPTIONS

Reserve Balance Assumptions:

The City will maintain a reserve balance of approximately 25% of revenue.

Revenue Assumptions:

6.5% property tax revenue increase per year to maintain service levels

3.5% sales tax year-over-year growth

Expenditure Assumptions:

4% cost inflation factor for personnel

3% cost inflation factor for operations

Debt service at actual

Transfer out to Highlands Special District, RDA, CIP

Service Expansion Assumptions:

40% of the property tax new growth is dedicated towards increased services

Add \$100k per year for new police officer

Add \$125,000 per year for new firefighter. Budgeted as a transfer to the CIP until new station is built. Future construction timeline to be determined.

Add \$75k (plus 3%) each year for new parks/events workers

GENERAL FUND REVENUES

ADDITIONAL DETAILS

Property Tax

The budget assumes a 2.25% property tax increase (line 3). According to the US Bureau of Labor Statistics for the Mountain-West Region, inflation for calendar year 2025 was 2.03%. Details regarding the tax increase is located in the Property Tax Impact Schedule which can be found in this budget document as well as on the City's website.

The average home in West Jordan paid \$402 in property tax to the City for tax year 2025. The proposed property tax for tax year 2026 will increase the average home's property tax bill by \$9 per year, or \$0.75 per month. This tax increase will generate an additional \$500,418 in property tax revenue from both residential and commercial properties.

Line 1 represents the certified tax revenue which is the revenue the City is expected to collect without a property tax increase. Line 2 is the anticipated property tax revenue from new development in the City. Line 3 is the property tax revenue anticipated if the proposed property tax increase is approved (see the City's Property Tax Impact Schedule). Line 4 is the estimated amount the City may receive from delinquent property tax payments.

Sales Tax

Total sales tax revenue only realized a 2.46% increase between FY 2024 and FY 2025, and is estimated to realize less than half of that in FY 2026 (1.06%). As such, FY 2027 is budgeted using the same 'no change' assumption. The one-time sales tax revenue (line 31) is budgeted at a decrease of -31% as revenue is transitioned from one-time to on-going using the previously discussed 5% year-over-year methodology.

The City anticipates a slowdown in consumer spending over the coming fiscal year, which is expected to place downward pressure on sales tax revenues. Several economic indicators at the state and regional level point to a period of moderated household purchasing behavior. Higher interest rates, combined with persistent inflation in essential goods and services, have reduced the discretionary income available to many Utah families. As households redirect more of their budgets toward housing, utilities, and other non discretionary expenses, less spending is occurring in retail sectors that generate local sales tax.

In addition, Utah's economy—while still comparatively strong—is experiencing slower job growth than in prior years, particularly in sectors that historically drive consumer confidence. This softening in employment expansion has contributed to more cautious spending patterns. National consumer sentiment trends also suggest that households are becoming more conservative with major purchases, further signaling potential reductions in taxable transactions.

Finally, continued growth in online commerce, while still taxable, can be unpredictable and tends to shift revenues across jurisdictions in ways that are difficult to forecast precisely. As a result, the City is approaching its revenue projections with prudence to ensure long term fiscal stability.

The budget for ongoing sales tax revenue (lines 6-7) assumes the 5% year-over-year growth pattern. Prior to the pandemic, the City's normalized growth pattern for sales tax was 5% for the prior 10 years. In an effort to avoid the City's reliance on sales tax revenue that may be reactive to changing economics due to temporary factors such as the pandemic or hyper-inflation, the City uses a normalized growth pattern for revenue considered on-going (or sustainable) versus one-time. As a conservative approach, the City uses FY 2019 as a baseline year and applies a 5% year over year growth rate to support as on-going revenue. Any amount in excess of this amount is considered one-time revenue (line 31).

GENERAL FUND REVENUES

ADDITIONAL DETAILS (continued)

Vehicles Fee-In-Lieu

This assumption considers no increase in vehicle sales as economic indicators show consumers as being further in debt with higher interest rates. As such, this revenue is based on annual registrations which are based on the age or fair market value of vehicles. As consumers keep their vehicles longer, this fee decreases.

Cable Tax

The budget assumes cable franchise tax as static from the prior year's budget and slightly less than the estimated revenue for FY2026 since a portion of that revenue is from a delinquent payment of fees from FY2025.

Telecommunications Tax

Telecommunications tax is collected by the State Tax Commission and distributed to the City. The City receives limited information related to this tax. The budget was prepared using historical trends.

Utility Tax

The budget reflects anticipated increases in electricity and natural gas costs, as well as expected growth in energy consumption from industrial users.

Other Revenue

Fines & Forfeitures - In July 2025, the City's Justice Court was consolidated with the Taylorsville Justice Court. Revenue for FY2026 was estimated based on this transition, and the result was an overestimation. The FY2027 budget reflects actual revenue collections.

ONE-TIME REVENUE

The budget treats revenue which is not expected on an ongoing basis as 'one-time' revenue. The items included in this budget include \$100,000 for estimated insurance reimbursements from damages, \$90,000 from the sale of materials such as metal recycling and electronic recycling, and \$281,666 in public safety grants (COPS, JORCU, EMPG).

CITY COUNCIL

CITY COUNCIL

PURPOSE

The City of West Jordan operates under a Council-Mayor form of government. This form has two separate, independent, and equal branches of municipal government consisting of a legislative branch—a council composed of seven members; and an executive branch—the mayor and, under the mayor's supervision, any executive or administrative departments, divisions, and offices and any executive or administrative officers provided for by statute or municipal ordinance.

Under this form of government, the Council is the legislative body of the City and by ordinance or resolution determines the broad policy for the City and some specific policies such as the manner in which municipal property is bought, sold, traded, encumbered, or otherwise transferred; and a subdivision or annexation is approved, disapproved, or otherwise regulated.

The council enacts laws, appropriates funds, and reviews municipal administration. The council elects one of its members to be the chair of the council. The council may make suggestions or recommendations to the mayor or mayor's subordinates and investigate any officer, department, or agency of the city municipality, but it may not direct or request, other than in writing, the appointment of a person to or the removal of a person from an executive municipal office; interfere in any way with an executive officer's performance of the officer's duties; or publicly or privately give orders to a subordinate of the mayor.

Council Members serve staggered four-year terms. Four Council Members are elected to serve over districts representing specific areas of the City; and three Council Members are elected at-large representing the entire City. The City Council Office also includes staff to support the City Council.

GOALS & OBJECTIVES

Publish public notices according to legal requirements 100% of the time.	<i>Resident Focused</i>
Publish the Council meeting agenda a week in advance 95% of the time.	<i>Resident Focused</i>
Post the Council meeting minutes ahead of the legal requirement deadline 85% of the time (while posting 100% of the time by the legal deadline).	<i>Resident Focused</i>

ECONOMIC DEVELOPMENT

PURPOSE

The economic development department creates policies and programs, and engages in activities that seek to improve the economic well-being and quality of life for the community. We accomplish this by focusing on creating and retaining jobs, maintaining a strong business climate, working with land owners and developers to create new commercial and industrial opportunities, and strategic planning for future success. Another priority is creating a diverse retail base that allows residents to shop in their own community, generating taxes that can be used for city services allowing property taxes to remain low.

GOALS & OBJECTIVES

Targeted industry recruitment of high-value businesses Attract high-value tenants to the Southwest Quadrant	<i>Economic Development</i>
Create retail options for the west-side of the City Targeted retail recruitment	<i>Economic Development Resident Focused</i>
Redevelopment of the east-side commercial areas Begin marketing City Center Project	<i>Economic Development Resident Focused</i>

PUBLIC AFFAIRS

PURPOSE

Public Affairs provides innovative communications solutions and government affairs services designed to promote the City's core services, initiatives, and mission to residents and stakeholders. The Department provides strategic communications and government affairs support to each of the City's businesses through media strategy and response, marketing, graphic design, print production, social media, web management, video production, and relationship building and development.

GOALS & OBJECTIVES

Maintain average email marketing open rate and read-receipts at a minimum of 2x the national average of 18%.

*Resident Focused
Sense of Community & City Identity*

Implement and manage text message push email alert programming.

Resident Focused

Develop and implement strategic print campaign, focused on households not receiving email, social, or text updates.

Resident Focused

Develop and maintain a complete tracker for legislative initiatives.

*Resident Focused
Economic Development*

CITY RECORDER & CUSTOMER SERVICE

PURPOSE

The purpose of this division is to maintain and preserve the official records of the City of West Jordan, including but not limited to all ordinances and resolutions as well as the municipal code. This division also manages customer service. Passport services was moved to its own division beginning FY 2026.

GOALS & OBJECTIVES

Provide a positive and outwardly-focused customer service experience.

Resident Focused

Acknowledge customers arriving at customer service within the first 30 seconds.

Set hours of operation focused on the customer and not regular business hours.

Digitize records for more efficient access and management.

Resident Focused

Convert records management into digital format.

Manage elections to ensure compliance.

Resident Focused

Provide policy and processes to support the declaration of candidacy.

UTILITY BILLING

PURPOSE

The utility billing division works under the direction of the City Treasurer in the Administrative Services Department. This division is responsible for the monthly billing of water, sewer, solid waste, stormwater, streetlight, and special assessments.

GOALS & OBJECTIVES

Increase the number of customers who pay their utility bill online by 5% year over year.

Resident Focused

Increase the number of customers who receive their utility bill electronically by 2% year over year.

Resident Focused

Provide excellent customer service to our customers and residents.

LEGAL SERVICES

CITY ATTORNEY

PURPOSE

The City Attorney is the chief municipal corporate legal advisor to the City of West Jordan. The City Attorney's Office is comprised of four divisions: General Counsel & Civil Litigation Division, Prosecution Division, Victim Advocate Division, and Risk Management Division. The General Counsel & Civil Litigation Division provides services to West Jordan City, a Utah municipal corporation, similar to services provided by general counsel in a private corporation. Services include legal advice & consultation, negotiation, document preparation, training, claims/litigation representation, representation of the City to outside entities, and legislative advocacy. Such services are provided relative to the entire spectrum of local government operations and issues. The General Counsel & Civil Litigation Division does not provide legal counsel or legal services to the public.

DIVISIONS

Legal Counsel

Risk Management ¹

Civil Litigation

¹ These divisions have separate budgets.

GOALS & OBJECTIVES

Develop stronger relationships and communication with elected officials, appointed officials, and employees by quickly responding to work requests.

*Resident Focused
Employee Satisfaction*

New legal work requests emailed or sent to the responsible lawyer by elected officials, appointed officials, and employees will acknowledge receipt of communication and establish expectations of completion with the client within 2 business days of the work request.

Responsible lawyer will create a FileVine project case file for the work request within 2 business days.

Legal Department will generate and email a FileVine report of all active projects or those on hold to the Mayor, Council Staff, and Appointed Officials once every two weeks.

Increase education of elected officials, appointed officials, and employees to reduce and prevent costs and expenses for the City. Provide preventative measures in addition to reactionary measures.

*Employee Satisfaction
Resident Focused*

Each responsible lawyer will provide three (3) internal trainings per year regarding legal issues related to his/her area(s) of practice.

PERFORMANCE & WORKLOAD MEASURES

	FY 2024 Actual	FY 2025 Actual	FY 2026 Estimate	FY 2027 Forecast

PROPERTY ADMINISTRATION

PURPOSE

Acquire, sell, lease, contract, and manage all real property interests the City desires to acquire, retain, or dispose of in the course of its day-to-day operations. The Property Administration division was moved from Community Development to Legal Services in FY 2026.

GOALS & OBJECTIVES

Collaborate with GIS to maintain a complete inventory of City-owned property.

*Resident Focused
Employee Satisfaction*

Provide professional services for the acquisition of property and right-of-ways.

*Resident Focused
City Aesthetics*

Collaborate with other departments on property-related services (i.e. liens, special assessments, tenant management, etc)

PROSECUTION

PURPOSE

The mission of the West Jordan City Prosecution staff is to promote the fair administration of justice by ethically and effectively prosecuting all classes of misdemeanors and infractions under our jurisdiction while preserving the rights of the accused to a fair trial. The Prosecutor's Office is committed to protecting and advocating the rights of crime victims and witnesses.

GOALS & OBJECTIVES

Ensure that all cases are prosecuted in a fair and timely manner
Close cases within 6 months of the file date

Resident Focused

Ensure both law enforcement and prosecutors have adequate training and work efficiently together

Resident Focused

Employee Satisfaction

Develop trainings between law enforcement and the prosecutors office in addition to standard CLE

Ensure that each victim of domestic violence is heard and has a voice

Resident Focused

Consult with victims about their cases and allow them to give input into the outcome

VICTIM ADVOCATE

PURPOSE

Victim advocates are trained to support victims of crime. They offer emotional support, victim's rights information, help in finding needed resources, and assistance in filling out crime victim-related forms. Advocates frequently accompany victims and their family members through the criminal justice proceedings. Advocates work with other organizations, such as criminal justice or social service agencies to provide help or information for the victims. Advocates are on-call 24 hours a day, 7 days a week to deal with all crises, including death. A significant percentage of the Victim Advocate program is VOCA (Victims of Crime Act) grant-funded.

GOALS & OBJECTIVES

Ensure that all victims of crime have a voice and that their needs are met.
 Reach out to each victim of crime assigned to the victim advocate team.
 Provide a wide variety of services to victims of crime.

JUSTICE COURT

JUSTICE COURT

PURPOSE

The Justice Court is a limited jurisdiction court responsible for the adjudication of criminal matters classified as Class B and C misdemeanors, violations of city ordinances, infractions, and small claims actions not to exceed \$15,000 in value. The mission of the Utah Justice Courts is to improve the quality of life in our communities. The West Jordan Justice Court strives to treat all individuals courteously and with respect, and to apply the law in a fair and impartial manner.

Beginning in FY2026, the West Jordan Justice Court and the Taylorsville Justice Court combined to a single location, with staffing, support services, and facilities being provided by West Jordan. The courts maintain their respective judges and process cases based on the city to which they belong. West Jordan receives compensation from Taylorsville based on the contracted agreement between the two courts.

REVENUE POLICY STATEMENT

The Justice Court is funded by the City's General Fund without regard to the revenue generated by court fines. Court fines and the bail schedule are established by state law. The intent of court decisions, fines, and enforcement activities is to change behavior and not solely to generate revenue. Those who violate criminal, traffic, zoning, and animal-related laws should primarily bear the costs of enforcement rather than the general public. The court will make every effort to collect all revenue due and handle funds collected in compliance with city policy and the State Money Management Act.

GOALS & OBJECTIVES

Provide fair and impartial judicial services to the citizens of West Jordan City and hold offenders accountable for unlawful behavior.

Resident Focused

Set delinquent cases for an Order to Show Cause within 60 days of becoming delinquent on fine payments.

Resident Focused

Complete yearly warrant validation within 90 days of list receipt.

Resident Focused

COMMUNITY DEVELOPMENT

COMMUNITY PRESERVATION

PURPOSE

Community Preservation is a division of Community Development and assists in providing the citizens and businesses a friendly and attractive community in which to live and conduct business. This is done through enforcement of the City ordinances including enforcement, business licensing, and management of the Good Landlord Program and the Administrative Law Judge Program.

GOALS & OBJECTIVES

Code Enforcement:

Continue to complete inspections within 7 calendar days of receipt of the complaint or request.

*Resident Focused
City Aesthetics*

Attempt in-person contact upon initial inspection on 90% of cases.

*Resident Focused
City Aesthetics*

Neighborhood Improvement:

Complete two existing wall projects and continue with wall caps

*Resident Focused
City Aesthetics*

Continue with CUP cases / compliance

*Resident Focused
City Aesthetics*

Business Licensing:

Update all licenses with current personal information that CityWorks requires in order to function properly.

*Resident Focused
Economic Development*

Improve customer service with the online application and payment system.

*Resident Focused
Economic Development*

Forward licenses to other departments for review within 7 days of application completion.

*Resident Focused
Economic Development*

PUBLIC WORKS

PUBLIC WORKS ADMINISTRATION

PURPOSE

Provide professional, effective and timely direction, leadership, and support to all Public Works divisions, managers, and programs. Provide professional and timely customer service.

GOALS & OBJECTIVES

Invest in staff - building on employee morale and encouraging continuous growth and improvement, fostering a sense of personal worth for each employee assisting with employee retention, succession planning, and increased efficiency and service to the residents.

Employee Satisfaction

Resident Focused

Continue to support and provide training opportunities for job enhancement, customer service training, leadership training, and higher education reimbursement for employee growth within the city.

Strengthen partnerships with external stakeholders, residents, developers, businesses - continue the contribution of Public Works personnel to the overall process of city functions and provide excellent customer service to all stakeholders.

Resident Focused

Employee Satisfaction

Economic Development

Provide the vision along with leadership and administrative support for achieving stewardship of Public Works with internal divisions and the residents of West Jordan.

Improve stakeholder collaboration in building stronger relationships.

Resident Focused

Foster stronger collaboration and communication among the various stakeholders, including government agencies, developers, contractors, and the community to align objectives, share resources, and address concerns promptly.

ENGINEERING

PURPOSE

Engineering is a division of Public Works. The purpose of the Engineering Division is to provide professional engineering and surveying services for the City to ensure that public street improvements related to the City's rights-of-way are constructed to City standards. In addition, this division issues permits and inspection services for improvements within the public right-of-way. The key means of providing quality roads is through development and capital investment.

GOALS & OBJECTIVES

Increase emphasis among staff and management for improved customer service and efficiency in the review and processing of new development projects by improving the efficiency of plan review, bond reductions and releases, and inspections.

Resident Focused
Economic Development
City Aesthetics
Employee Satisfaction

Using the new development processing procedures, comply with State laws and City policies to expedite new development projects throughout the City.

Revise, update, and improve City standard engineering plans and specifications for streets and transportation by the end of 2026.

Resident Focused
City Aesthetics

Complete timely transportation projects through capital investment and private development.

Resident Focused
City Aesthetics

Move projects from design stage to construction and completion, including the 9000 South New Bingham Highway connection, Sugar Factory Road improvements project, Canal Road stabilization project, Jordan River Bridge project, 1300 West Phase 2, 8600 South Extension, 7000 South pedestrian bridge, and complete property acquisition and design for 1300 West Phase 3 widening project.

Improve transportation safety through master planning, new construction projects, management and traffic calming.

Resident Focused
City Aesthetics

A new updated Transportation Master Plan is now complete. During 2025 we updated the five-year transportation improvement plan, updated transportation impact fees, completed the Safe Streets Improvements and Implementation Study, and finalized the new neighborhood traffic calming program.

GEOGRAPHIC INFORMATION SYSTEM (GIS)

PURPOSE

The mission of the GIS Division is to maintain high-quality geographic data and deliver accurate analysis, mapping, and reporting to support informed decision-making. The division is focused on expanding access to GIS resources, so they are user-friendly, readily available, and actionable for all city departments, divisions, and residents. As a shared enterprise resource, GIS serves the entire city by improving data accessibility, enhancing web-based tools, and streamlining workflows to support functions such as planning, public safety, infrastructure management, and community services.

GOALS & OBJECTIVES

Continue to maintain an accurate, comprehensive, and up-to-date geographic information system.

*Resident Focused
Employee Satisfaction*

Implement Street sweeper App using Velocity

Provide quick and easy access to GIS information.

Employee Satisfaction

Optimize Granite Net Technology to integrate with the GIS system

Promote the use of GIS to expedite work process.

STREETS

PURPOSE

At the West Jordan City Streets Division, our purpose is to uphold the highest standards of public safety, cleanliness, and accessibility throughout our community. Through diligent street maintenance, efficient solid waste disposal, timely snow removal, and vigilant graffiti eradication, we are dedicated to enhancing the quality of life for all residents and visitors. By fostering a culture of excellence, innovation, and collaboration, we strive to create well-maintained, safe, and inviting streets that reflect the pride and vitality of West Jordan City.

GOALS & OBJECTIVES

Preserve transportation system infrastructure investments, protect the environment, and utilize resources in a responsible manner. Modernize and enhance the maintenance operation to improve efficiency.

*Resident Focused
City Aesthetics*

Provide the highest quality integrated transportation infrastructure maintenance for economic benefit and improved quality of life.

Establish sidewalk replacement policy and district mapping.

*Resident Focused
City Aesthetics*

Reduce liabilities due to sidewalk trip and fall accidents, and improve aesthetics in neighborhoods throughout the city.

PUBLIC SERVICES

PUBLIC SERVICES ADMINISTRATION

PURPOSE

Our purpose is to enhance the quality of life for all residents by providing efficient, reliable, and sustainable public services. We are committed to fostering a safe, vibrant, and inclusive community through the delivery of essential services that meet the diverse needs of our residents. Driven by a dedication to excellence, innovation, and environmental responsibility, we strive to maintain and improve city-owned parks, facilities, public spaces, and community events. We are dedicated to creating an environment that fosters community engagement, promotes well-being, and contributes to the overall vibrancy of our city.

GOALS & OBJECTIVES

Administer, manage, and coordinate professional services to provide clean, safe, and well-maintained parks, facilities, cemeteries, streetscapes, and parkstrips that promote the City in a positive manner. These services result in an improved quality of life for residents and visitors of the City.

Resident Focused

City Aesthetics

Sense of Community & City Identity

Response Time - Provide quality customer service by effectively communicating with all inquiries.

Prioritize Safety - Ensure the safety and security of all users of City Parks and Facilities through rigorous adherence to safety standards, proactive maintenance, and continuous improvement of emergency preparedness measures.

CEMETERY

PURPOSE

The Cemetery Division is committed to providing professional and empathetic services to the patrons that visit the cemetery as well as providing proper maintenance of the cemetery grounds. The City of West Jordan maintains two cemeteries. Customer service responsibilities include meeting with patrons to arrange interment and disinterment services, selling burial plots, performing plot transfers, and assisting with any other patron needs. Maintenance responsibilities include turf maintenance, grave repair, performing interment and disinterment services, managing and repairing irrigation systems, etc.

GOALS & OBJECTIVES

Maintain the cemetery grounds at a high service level.

Resident Focused

Cemetery Maintenance

City Aesthetics

Mowing maintenance weekly during the growing season

Sense of Community & City Identity

Check irrigation systems three times per season

Fertilize turf areas twice annually

Turf weed control twice annually

Complete grave repairs each spring

Service planter beds monthly during the growing season

Clean up grave decorations as per schedule and policy

Provide exceptional and empathetic customer service to patrons who visit the cemetery.

Resident Focused

Sense of Community & City Identity

Keep accurate records of plot sales and burials.

Resident Focused

Maintain updated fee schedules and policies.

Resident Focused

City Aesthetics

Investigate options to provide cemetery services in the future.

Resident Focused

Explore options to optimize space and balance the use of natural resources.

City Aesthetics

The following provides detail related to the budget category and the percent change from the prior year's budget.

Personnel 8%	Qualifying employees receive a cost of living adjustment of 2% and a merit increase. Turnover change in experience and benefit status.
Operations 1%	Building and grounds maintenance including irrigation repair and weed abatement, water and other utilities Service/maintenance and purchase of small equipment for the cemetery, uniforms, dept supplies and materials, memberships, training and certifications
Indirect Costs 79%	Services provided to this department by other funds. IT services, software cost recovery, risk assessment, fleet management Increase from CemSites software, risk assessment (\$11,000)

EVENTS

PURPOSE

The Events Division is responsible for planning, coordinating, and implementing all aspects of city and community events in West Jordan. These events increase the quality of life by building a sense of community and belonging. We strive to create high quality and more frequent events that provide easy and affordable ways for our community to engage and connect with each other or with content. Events is a division of the Public Services Department.

GOALS & OBJECTIVES

Increase the number of events offered

Sense of Community & City Identity

Add Crafts & Cravings, Wellness Wednesdays, Connecting Cultures, Splash Paw-ty, Skate camps, Farmers Market

Increase number of event days

Sense of Community & City Identity

Continue First Fridays events, adding in Crafts & Cravings and Wellness Wednesdays. Both are monthly events. Skate camps and the Farmers Markets add 11 days each.

Increase gross revenue from events

Resident Focused

Adjust fees to more closely match cost of providing service: Increase Western Stampede ticket and beverage prices. Add "Platinum Pass" to the Stampede. Resume paid parking at Arena events.

POLICE DEPARTMENT

POLICE DEPARTMENT

PURPOSE

Through innovative leadership, the West Jordan Police Department provides professional and dependable public safety services promoting a safe community and encouraging growth, development, and quality of life. We provide these services through community cooperation, accountability, and appropriate transparency.

GOALS & OBJECTIVES

Create a department culture focused on outwardness, employee wellness, and job satisfaction - Teaching, practicing, and encouraging the philosophy that "you matter like I matter." Providing resources to help employees achieve mental and physical well being and resilience. Fostering an environment of support for each other.	<i>Employee Satisfaction</i>
Community Involvement and Engagement - Members of the police department, through their professional assignments, will be involved in community events, create opportunities to interact with the public, and seek input and feedback from the public concerning police operations.	<i>Resident Focused</i>
Focus on Customer Service - Department members, by understanding the needs of others, will provide outstanding service in an appropriate, professional, and ethical way. We apply our philosophy that "you matter like I matter" across the spectrum of policing services.	<i>Resident Focused</i>
Innovative Policing Progression - The West Jordan Police Department is committed to continued development of policies and procedures and to remain on the cutting edge of police progression in response to changing societal expectations.	<i>Employee Satisfaction</i> <i>Resident Focused</i>
Having a Community-Represented Police Department: In order for the department to match the diversity of the community, the West Jordan Police Department will practice hiring and recruitment strategies to increase the diversity of the Police Department workforce to better reflect the diversity of the community and foster community connection. The Department will utilize approaches and techniques found in the city's Equal Employment Opportunity Plan to attract and keep qualified diverse applicants.	<i>Sense of Community & City Identity</i> <i>Resident Focused</i> <i>Employee Satisfaction</i>
Public Trust and Community Relationships: In order to increase public trust and community relationships, the West Jordan Police Department will increase community outreach to develop partnerships, build public trust, and promote authentic engagement with a focus on underserved communities. The West Jordan Police Department has developed a tool to better monitor community engagement activities and public perception. This tool has helped to collect information to evaluate community interactions. Some of the statistics gathered from this tool are included below.	<i>Sense of Community & City Identity</i> <i>Resident Focused</i>
Accreditation: The department will maintain accreditation through the Utah Chiefs of Police Association. This prestigious achievement will provide independent verification that the police department meets the highest professional standards related to providing police service to the community, including current best practice policies on the use of force, duty to intervene, avoiding bias-based policing, and fair labor practices. The department will maintain these standards in future years by seeking reaccreditation.	<i>Employee Satisfaction</i>

(continued on next page)

POLICE DEPARTMENT

GOALS & OBJECTIVES (continued)

Positive Relationship with Youth: The Juvenile Division of the Police Department has seen approximately 1,900 students graduate from the DARE program this year. The DARE program and our school resource detectives remain our primary contacts with youth in our community. The police department will implement a training program for school district personnel and maintain regular communication with them regarding the services and support these detectives provide. Through these interactions, the Police Department will better determine the impacts on the youth and officials in our schools. The Department maintains a Police Explorer Post with approximately 20 members.

Resident Focused

Active Bystandership for Law Enforcement (ABLE) program: The ABLE program teaches officers how and when to effectively intervene if they see another officer about to make a mistake, particularly critical mistakes in high liability areas. ABLE also has a wellness component and is a significant part of our officer wellness program. The department will continue to train new and existing officers in this program to keep at least 90% of the department trained during the year.

ANIMAL SERVICES

PURPOSE

Animal Services is a division of the West Jordan Police Department that enforces ordinances related to animals and ensures the humane treatment of pets and domestic animals in the City. This division provides adoption, spay/neuter, vaccination, animal licensing, and public education services.

GOALS & OBJECTIVES

Create a department culture focused on outwardness, employee wellness, and job satisfaction.

Employee Satisfaction

Encourage the philosophy that "you matter like I matter." Provide resources to help employees achieve mental and physical well being. Foster an environment of professionalism and support for each other. Provide mindset training and engage with employees on a regular basis.

Increase public engagement to encourage adoption and increase animal-to-owner reuniting efforts.

Resident Focused

Sense of Community & City Identity

Operate as a socially conscious shelter and increase number of animals adopted and sent to rescue organizations.

Increase the number of followers on Facebook to help meet the goals of more community interaction, increasing the number of pet licenses, and improving adoption rates.

Increase the number of pet licenses issued by the city through providing an online resource for residents to obtain their licenses.

Resident Focused

Sense of Community & City Identity

Advertise and encourage the use of online pet licensing service to increase efficiency and encourage more participation / compliance with pet licensing statutes.

Increase the number of followers on Facebook to help meet the goals of more community interaction, increasing the number of pet licenses, and improving adoption rates.

CROSSING GUARDS

PURPOSE

Protect pedestrians, primarily school children, when they cross high-traffic roadways while walking to or from school.

GOALS & OBJECTIVES

Provide safe routes for pedestrian travel to and from schools in West Jordan.

Resident Focused

Number of Crossings: The police department and the West Jordan City Traffic Engineer, in cooperation with school district personnel, will meet to coordinate safe walking routes to schools. The department will strive to staff crossing guards at locations where a crossing guard is statutorily required, where a guard is determined to be needed during the safe routes meeting, or where an unusual hazard has been identified.

Sense of Community & City Identity

Improve communication within the unit and increase efficiency in tracking and reporting crossings.

Employee Satisfaction

Bi-annual Training: The police department will conduct two crossing guard trainings sessions, one each during the fall and spring semesters of the school year. The training will include wellness, and injury and accident prevention information in addition to the physical ability assessment and vision test. The trainings will also include an opportunity to foster open communication and proactively address challenges.

Personnel Management Software Integration: Fully implement software integration that allows simplified communication, crossing tracking, and timecard reporting.

PERFORMANCE & WORKLOAD MEASURES

	FY 2024 Actual	FY 2025 Actual	FY 2026 Estimate	FY 2027 Forecast

SWAT

PURPOSE

The SWAT division specializes in high-risk search warrants, apprehension of violent offenders, barricaded subjects, and hostage rescue. SWAT is staffed with police officers as a secondary assignment as needed.

GOALS & OBJECTIVES

Focus on new technologies that will improve management of equipment and personnel.	<i>Employee Satisfaction</i>
Improve processes to help with the integration of dual assignments.	<i>Employee Satisfaction</i>
Focus on the core function of supporting patrol and investigations in tactical/high risk situations through quality training, planning, and professionalism.	<i>Resident Focused Employee Satisfaction</i>
Continuity of supervision - Clear protocols established for approvals of team operations between SWAT team leaders and the primary supervisors of team members.	<i>Employee Satisfaction</i>
Fitness and Firearms Standards - 100% success rate of team members with department and team fitness and firearms testing.	<i>Resident Focused</i>
Specialty teams with current instructor certifications - Specialty elements will have at least one current certified instructor to ensure the practices of that specialty are maintained and taught to other members.	<i>Resident Focused Employee Satisfaction</i>

FIRE DEPARTMENT

FIRE DEPARTMENT

PURPOSE

Provide professional and efficient service to mitigate fire, medical, and other risks to life and property, while enhancing public awareness and education through inspections and prevention programs.

GOALS & OBJECTIVES

Follow best practices for all-hazards service delivery	<i>Resident Focused</i>
Continuously evaluate Fire, EMS, HazMat and Heavy Rescue programs for effectiveness and efficiency	
Identify and address gaps in coverage and response	
Improve data collection and records storage through prudent use of technology	
Track maintenance of small tools, hydrants, and other equipment	
Equip reserve apparatus with tools necessary to be used as front-line when needed	
Improve wildland capabilities to meet EMAC and Fire Rates Agreement (FRA) standards	
Create and maintain culture of fiscal responsibility	<i>Resident Focused</i>
Ensure budget projections are thorough and accurate	
Be judicious in use of overtime spending and compensatory time	
Seek out and explore grant opportunities to support department programs and enhance use of taxpayer funds	
Build upon existing culture of health and safety of firefighters	<i>Resident Focused</i>
Maintain and take pride in clean, functional physical training (PT) equipment	<i>Employee Satisfaction</i>
Reduce short and long-term health and safety risks to all employees	
Promote healthy and resilient workforce through fitness programs and annual evaluations, including physicals and mental health check-ins	
Develop robust community outreach and education program	<i>Resident Focused</i>
Further develop existing public education and outreach opportunities	<i>Sense of Community & City Identity</i>
Ensure professional communication with residents through social media, city website, and face-to-face interactions with the public	
Maintain clean, functional facilities and reliable apparatus	<i>Resident Focused</i>
Ensure functional apparatus through long-term equipment maintenance and replacement schedule	<i>Employee Satisfaction</i>
Have pride in and maintain fire stations and landscaping	
Proactively prepare for future growth and needs	
Assist in personal and professional development of all employees	<i>Employee Satisfaction</i>
Emphasize continuous education through policy and incentives to seek higher education	
Maintain competitive pay and benefits through annual salary surveys	
Support employees in advancing and developing their careers (career ladder, recertifications)	
Provide ongoing, applicable training, both in the classroom and on the drill-ground	
Recognize and celebrate accomplishments of employees through awards and annual banquet

EMERGENCY MANAGEMENT

PURPOSE

The division of Emergency Management provides a comprehensive, risk-based, all-hazards program to enhance the City's preparedness, response, recovery, and mitigation capabilities. The Division supports City employees, residents, businesses, and community partners through planning, training, coordination, and public education efforts aimed at reducing loss of life and human suffering, minimizing property damage, and protecting environmentally sensitive areas from the impacts of disasters.

GOALS & OBJECTIVES

Oversee the City's Comprehensive Emergency Management Plan (CEMP)	<i>Resident Focused</i>
Ensure the City's compliance with the National Incident Management System (NIMS)	
Oversee the maintenance and distribution of the CEMP	
Develop hazard specific annexes to the CEMP	
Oversee the City's Emergency Communications Plan for employees, residents, and businesses	
Develop training and exercise plans for the Emergency Management Team	<i>Resident Focused</i>
Provide organizational leadership and direction during EOC exercises and actual disaster events	<i>Employee Satisfaction</i>
Provide emergency management guidance and training to the City's Emergency Management Team and employees	
Update three-year Integrated Preparedness Plan - Training & Exercises	
Maintain and equip the City's Emergency Operations Center (EOC) for activation readiness	<i>Resident Focused</i>
Establish Memorandums of Understanding (MOUs) with outside agencies to prepare for, respond to, recover from, and mitigate emergency/disaster events	
Develop a five-year plan to identify EOC needs at the three designated locations, as well as an EOC suitable for outside locations	
Support the efforts of state, county, and local organizations which focus on emergency management	
Establish and direct resident and employee emergency preparedness outreach programs	<i>Resident Focused</i>
Conduct 10 meetings of the City Citizen Readiness Corps	<i>Employee Satisfaction</i>
Continue to improve upon the Employee Emergency Preparedness Series to assist employees and their families with personal and family emergency preparedness	<i>Sense of Community & City Identity</i>
Attend and present on West Jordan Emergency Management at public and private organizational activities and events

CLASS C ROADS FUND

CLASS C ROADS FUND

PURPOSE

The Class B & C road system with a funding program was established by the Utah Legislature in 1937 as a means of providing assistance to counties and incorporated municipalities for the improvement of roads and streets throughout the State. Class B roads are owned by a county and Class C roads are owned by a municipality.

The funding for this program comes directly from fuel tax and is distributed to cities and counties based on the following formula:

- 50% is based on the percentage that the population of the county or municipality bears to the total population of the State, and
- 50% is based on the percentage that the B and C Road weighted mileage of the county or municipality bears to the total Class B and Class C Road total weighted mileage (UCA 72-2-108).

GOALS & OBJECTIVES

Pavement Condition Index (PCI) is a rating system from 0 to 100 of the severity and extent of pavement distresses, with 100 being a new asphalt surface. PCI is generally grouped into ranges: 100-86 (Good), 85-71 (Satisfactory), 70-56 (Fair), 55-41 (Poor), 40-26 (Very Poor), 25-11 (Serious), and 10-0 (Failed). Continual routine maintenance and preventative maintenance can elongate an asphalt's lifespan by many years. Pavements within the 70-100 range usually only need preventative maintenance and routine maintenance. Once an asphalt pavement PCI drops below 70, the pavement will begin to need rehabilitation efforts. If a pavement drops below a PCI of 40, the pavement will require reconstructive or reclamation work.

Keep asphalt pavement conditions out of the reconstructive zone and maintain existing roadway infrastructure such as curb, sidewalks, and ADA ramps.

Resident Focused

City Aesthetics

Maintain a 5-year plan on asphalt maintenance based on PCI.

Sense of Community & City Identity

Perform preventative maintenance on good and satisfactory asphalts, and rehabilitate very poor and failed asphalts.

Update ADA ramps and reconstruct curb and sidewalk in pavement management zones.

Perform striping and signage maintenance items on roadways.

PERFORMANCE & WORKLOAD MEASURES

	FY 2024 Actual	FY 2025 Actual	FY 2026 Estimate	FY 2027 Forecast
% of state's total population	3.36%	3.40%	3.40%	3.40%
Actual road miles ¹	353.50	355.50	357.50	367.36
Total weighted miles ²	1,767.32	1,782.00	1,797.00	1,836.62
PCI for arterial & collector roads	52.00	51.48	52.58	54.41
PCI for local roads	48.41	46.32	43.80	48.84
Maintenance \$ per road miles	\$11,056	\$16,959	\$28,132	\$27,887
5-yr average maintenance \$ per road miles	\$10,995	\$12,143	\$16,486	\$20,026

¹ Road miles are measured as the centerline length of a road, regardless of number of lanes or width of asphalt. Road miles include paved, gravel, and dirt.

² Total weighted miles are defined in UCA 72-2-108.

DEVELOPMENT SERVICES FUND

DEVELOPMENT SERVICES FUND

FUND SUMMARY

PURPOSE

As of FY 2023, the Utah State Auditor will require an annual accounting of all development-related fees and their associated costs. Any balance of fees in excess of costs will be required to be held in a restricted reserve. In years when fees do not exceed costs, the General Fund will provide a temporary subsidy in the form of a transfer. It is intended this subsidy will be paid back in years when fees exceed costs.

Survey Results (0-100):

DEVELOPMENT SERVICES FUND

PLANNING DIVISION

PURPOSE

Prepares and coordinates comprehensive planning activities to meet the demand for future growth in West Jordan. Facilitates the review of construction plans and zoning permits for compliance with adopted plans and codes. Assists residents and developers with development applications and supports zoning enforcement. Planning is a division of Community Development.

GOALS & OBJECTIVES

Maintain and update the City's General Plan

Resident Focused

Plan for updates at least every 5 years (Last Comprehensive Plan 06/2023)

Sense of Community & City Identity

Assign planning staff to monitor and implement adopted goals and strategies of the plan as required.

Maintain and update the City's Moderate-Income Housing Plan

Resident Focused

Keep track of housing numbers and values.

Sense of Community & City Identity

Update the Plan and ordinance as required by State law.

Complete and submit annual required MIH report by deadline.

Assign planners MIH strategies to implement according to MIH plan implementation plan.

Maintain and update the City Code as it relates to planning and development

Resident Focused

Collaborate with the Council Office to identify and adopt code changes as needed.

Regularly review and update the Code to repair incorrect and inconsistent code.

Have all code changes as required by new legislation adopted by stated timeframe in the law or within 6 months of the new law.

Fully implement Cityworks software

Employee Satisfaction

Train staff to efficiently and effectively use software.

Resident Focused

Require the use of the software as the primary tracking system for projects.

PERFORMANCE & WORKLOAD MEASURES

DEVELOPMENT SERVICES FUND

BUILDING DIVISION

PURPOSE

Enforces minimum standards to provide a reasonable level of safety, public health, and general welfare by regulating and reviewing the design, construction, quality of materials, use, occupancy, location, and maintenance of all buildings and structures. Applies city ordinances by competent review, enforcement, permitting, and inspection of all building construction, demolition, renovation, or remodeling in the City. Building is a division of Community Development.

GOALS & OBJECTIVES

Provide courteous, prompt, professional, and accurate customer service to residents, builders, developers, and design professionals

*Resident Focused
Economic Development*

Provide accurate record keeping and archiving in compliance with state and city policies

Resident Focused

Automate parcel data

Review parcel and owner information for permits and certificates of occupancy

Automate the DOPL contractor database

HIGHLANDS SPECIAL DISTRICT

HIGHLANDS SPECIAL IMPROVEMENT DISTRICT

PURPOSE

The Highlands Special Improvement District was approved to provide landscaping and snow removal services to the area within the district. The service demand is in excess of normal City-provided services.

The Highlands Special Improvement District consists of the following area:

	2026 Budget ERU's	2026 Estimate ERU's	2027 Forecast ERU's	
Residential (Includes both Single-family and Multi-family)	1,686	1,686	1,808	1 ERU = Residential unit
Commercial	179	220	220	1 ERU = 1/4 acre
Undeveloped	120	298	298	1 ERU = 1/4 acre
Exempt	178	178	178	1 ERU = 1/4 acre
	<u>2,163</u>	<u>2,381</u>	<u>2,503</u>	

ERU is defined as equivalent residential unit. One (1) ERU in the District is calculated as 0.25 acres per the agreement.

GOALS & OBJECTIVES

Properly maintain the parks, trails, and open space to enhance the quality of life and safety of the residents that reside in the Highlands SID area. In addition, provide exceptional and friendly customer service to the residents of the Highlands SID area with whom all staff members come in contact. The Highlands SID area is set at a higher service level due to the fees paid by the residents for the enhanced services they receive.

Maintain the parks, trails, and open spaces to meet the following metrics for the Highlands SID area:

*Resident Focused
City Aesthetics*

- Mowing maintenance of all assigned properties weekly during the growing season
- Check irrigation systems three times per season
- Service native areas bi-monthly for weed control during the growing season and mow once annually in November
- Enhanced services include: bi-weekly planter bed maintenance, bush pruning twice annually, one spring clean, one fall clean, turf weed control twice annually, turf fertilization four times annually, and aeration twice annually

Provide safety to the residents of the Highland SID area by conducting safety inspections as well as servicing garbage cans routinely:

*Resident Focused
Sense of Community & City Identity*

- Inspect playgrounds two times per month from April - October and one time per month from November - March
- Service garbage cans weekly

Provide exceptional and friendly customer service to the residents of the Highlands SID area with whom all staff members come in contact

*Resident Focused
Sense of Community & City Identity*

- 48-hour response to customer service work requests during operational hours
- Sidewalk snow removal completed within 24 hours after the storm event stops

(continued on next page)

KRAFTMAID SPECIAL DISTRICT

KRAFTMAID SPECIAL IMPROVEMENT DISTRICT

FUND PURPOSE

The KraftMaid Special Improvement District was created to manage the taxable portion of debt service on the Series 2008 Tax Increment Bonds issued for improvements in this area per the KraftMaid Participation Agreement. The bonds were issued to fund infrastructure on behalf of the development in the RDA area. This portion of the bonds was paid in full in FY 2019. The tax-exempt portion of these bonds is managed by the Redevelopment Agency (RDA). The balance of this fund will be invested in infrastructure to improve the area.

COMMUNITY DEVELOPMENT BLOCK GRANT FUND

COMMUNITY DEVELOPMENT BLOCK GRANT

Due to the timing of the budget process and the uncertainty of federal funding, the Mayor's Budget will not include a proposed budget for CDBG. A budget will be proposed to the Council for consideration as soon as more information is available.

FUND PURPOSE

The Community Development Block Grant Program provides annual grants on a formula basis to states, cities, and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons. The program is authorized under Title 1 of the Housing and Community Development Act of 1974.

The City of West Jordan is considered an entitlement city which means it directly reports to the federal Department of Housing and Urban Development and receives a direct distribution of funds, and is administered by the City's Community Development Department.

COMMUNITY DEVELOPMENT BLOCK GRANT

Due to the timing of the budget process and the uncertainty of federal funding, the Mayor's Budget will not include a proposed budget for CDBG. A budget will be proposed to the Council for consideration as soon as more information is available.

WATER FUND

WATER FUND

FUND PURPOSE

The Water Fund is used to account for the revenues generated from operating and maintenance activities related to the delivery of culinary water to its customers. Fees and rates are designed to fully recover the cost of providing this product and service. Expenses include operating costs, debt service payments, capital costs, and transfer out to the General Fund which represents the value to the taxpayers of owning the right-of-ways where the water system is located.

GOALS & OBJECTIVES

Plan for future by keeping master plan and conservation plan updated every four years.	<i>Resident Focused</i>
Provide monthly water quality testing of current system.	<i>Resident Focused</i>
Repair leaks and breaks in the system within a 24 hour period to mitigate residents' water being off for long periods.	<i>Resident Focused</i>
Plan and prioritize aged pipe that can be replaced in house.	<i>Resident Focused</i>

PERFORMANCE & WORKLOAD MEASURES

	FY2024 Actual	FY2025 Estimate	FY2026 Forecast	FY2027 Forecast
Service disruptions longer than 6 hours	2	1	1	1

WATER FUND

ADDITIONAL DETAILS

The following provides detail related to the budget category and the percent change from the prior year's budget.

Personnel 5%	Qualifying employees receive a cost of living adjustment of 2% and a merit increase. Market adjustment per the compensation study. Qualifying employees will receive career advancement as approved. Add seasonal for lead/copper pipe replacement identification program; add'l water breaks	
Overtime 36%	To provide staff 24/7 to respond to water emergencies. As infrastructure ages, there is a natural increase in water breaks.	
Operations 46%	Treatment supplies, parts, small equipment, outsourced services, training, certifications, sampling, SCADA, GPS mapping, building rent, credit card fees for payments from customers. Master plan update \$200,000 Drinking Water Source Protection Update Study \$30,000	
Water 0%	Cost increase from Jordan Valley Water Conservancy District (3.9%) for water purchases	
Utilities 22%	Electricity for wells, booster pump stations, and other water facilities, SCADA, RTUs, etc Fuel for generators Rate increases for electricity	
Vehicles & Equipment -43%	Fleet maintenance and replacement program Decreased by one-time purchases from prior year's budget (hydro-excavator, 10-wheel dump truck) Increased by \$50,000 for incentives to assist in lead/copper identification program	
Indirect Costs -3%	Allocated costs for services such as IT, risk management, safety, liability insurance, project management, financial management, legislative management, and other administrative and technical support.	
Transfer 12%	5% of water sales in lieu of franchise tax for lease of utilities located in ROW	
Debt Service 0%	Series 2021 Water Bond	\$872,600
	Loan 2022 CIP Fund	\$466,640
		<u>\$1,339,240</u>
Construction Projects 69%	Zone 2 - Booster Station Pump	\$150,000
	Zone 3 - Booster Station Pump #1	\$150,000
	Zone 5 North - 3MG Reservoir and system	\$9,000,000
	Zone 5 South - Booster Station #1	\$100,000
	Well 8 (Ron Wood Park)	\$1,150,000
	Ron Wood Park Pond	\$1,100,000
	Replacement and maintenance	\$3,000,000
	Zone 4 OBH replacement	\$400,000
	Developer reimbursement	<u>\$1,000,000</u>
		<u>\$16,050,000</u>

SEWER FUND

SEWER FUND

FUND PURPOSE

Our purpose is to provide the residents and businesses of West Jordan City with uninterrupted removal of wastewater from their homes and businesses; to dedicate ourselves to preparing the sewer system for future upgrades so the system will remain sufficient for the foreseeable future.

The sewer utility performs the sanitary sewer collection and treatment services required by the State of Utah. Treatment and disposal are performed at the South Valley Water Reclamation Facility, of which the City owns 36.44%. The City is responsible for the collection and delivery of the wastewater to this Facility. This service is critical to providing a proper quality of life for West Jordan citizens and businesses. This is accomplished by maintaining the system in a way to maximize infrastructure functionality and longevity, to assess system needs and make improvements where necessary, and to respond to demand in a timely and proactive manner.

GOALS & OBJECTIVES

Have zero service disruptions or sewer plugs lasting longer than 12 hours	<i>Resident Focused</i>
Maintain 33% of the City sewer system each year through our jetting operation	<i>Resident Focused</i>
Inspect 20% of the City sewer system each year through our CCTV operation	<i>Resident Focused</i>

PERFORMANCE & WORKLOAD MEASURES

	FY2024 Actual	FY2025 Actual	FY2026 Estimate	FY2027 Forecast
Linear feet of sewer main citywide	1,715,696	1,727,857	1,739,952	1,740,000
Feet of pipeline per operator	114,380	115,190	115,997	116,000
Feet of pipeline maintained per year	577,420	595,560	560,000	575,000
% of pipeline cleaned	34.0%	34.0%	32.0%	33.0%
Feet of pipeline inspected per year	409,825	408,795	400,000	400,000
% of pipeline inspected by video	24%	24%	23%	23%
Service disruptions longer than 12 hours	0	0	0	0
# of sewer accounts	25,090	25,389	25,680	25,850

SEWER FUND

FEES

SEWER RATES

Rates become effective on the first billing following the effective date.

All customers are charged a base charge plus volume rate on a monthly basis. Base charge is a flat rate. Volume is charged per 1,000 gallons as recalculated in October of each year based on the average water use during the previous November - January of the account holder.

SEWER RATES

Effective October 1, 2026 - 5% increase for FY2027

	Single Family Residential	Multi-family Residential (per unit)	Commercial	Industrial
FEES PER MONTH				
Treatment Facility Cost Recovery Fee	\$27.27	\$33.48	\$35.33	\$3,997.25
City Base Rate	\$1.43	\$1.76	\$1.86	\$210.38
Total Fixed Rate	\$28.70	\$35.24	\$37.19	\$4,207.63
Volume Rate (per 1,000 gallons)	\$2.68	N/A	\$2.68	\$2.68

OTHER FEES

Dye test	\$75.00
Nose-on Connection	\$165.00
Stoppage Inspection (waived if caused by city infrastructure)	\$375.00

SEWER FUND

ADDITIONAL DETAILS

The following provides detail related to the budget category and the percent change from the prior year's budget.

Personnel 4%	Qualifying employees receive a cost of living adjustment of 2% and a merit increase. Market adjustment per the compensation study. Qualifying employees will receive career advancement as approved.	
Overtime 11%	To provide staff 24/7 to respond to water emergencies. As infrastructure ages, there is a natural increase in breaks.	
Operations -3%	Supplies for maintenance and repairs of the system, uniforms, training, licensing, outsourced testing, consulting, survey, blue stake services, traffic control, certifications, credit card fees, etc	
Indirect Costs 8%	Allocated costs for services such as IT, risk management, safety, liability insurance, project management, financial management, legislative management, and other administrative and technical support. Add new utility billing software and implementation	
Vehicles & Equipment -34%	Equipment for the maintenance and repair of the system, survey equipment, etc <i>Note: Vehicle and equipment replacement plan inflator of 10% to compensate for increased replacement cost.</i>	
Debt Service -12%	Loan 2022 CIP Fund - SWQ sewer line expansion <i>Variable interest rate</i>	
Construction Projects 21%	System Maintenance - Pipelines System Maintenance - Manholes 7800 South SR 154 replacement Developer Reimbursement	\$400,000 \$100,000 \$800,000 \$400,000 \$1,700,000
Transfer -2%	5% of water sales in lieu of franchise tax for lease of utilities located in ROW Changes with revenue projections, revenue changes with volume recalculation each year	
Sewer Treatment & Disposal 0%	Cost increase from South Valley Water Reclamation District for sewer treatment	
SVWRF Related-Party 0%	SVWRF Series 2008 Bond (end FY2031) SVWRF Series 2014 Bond (end FY2031) SVWRF Series 2018 Bond (end FY2028) SVWRF DEQ SVWRF bond fees	\$441,274 \$1,213,185 \$1,179,750 \$11,004 \$3,500 \$2,848,713

SOLID WASTE FUND

SOLID WASTE FUND

FUND PURPOSE

The solid waste utility performs the residential collection and processing of garbage and recyclable materials for the City from all single family homes. In addition, this utility manages the residential dumpster rental program and maintains the City's collection can inventory. Commercial collection services are not provided by the City.

GOALS & OBJECTIVES

Reduce and work to eliminate adverse impacts of waste materials on human health and the environment.

*Resident Focused
City Aesthetics*

Manage the collection and proper disposal of solid waste for all single family homes in West Jordan, while protecting the environment and utilizing resources in a responsible manner.

PERFORMANCE & WORKLOAD MEASURES

	FY2024 Actual	FY2025 Actual	FY2026 Estimate	FY2027 Forecast
Trans-Jordan tipping fee	\$22.00	\$24.00	\$26.00	\$28.00
Ace Disposal contract increase	5.00%	3.60%	6.80%	2.90%
# of cans serviced (garbage, recycling, green waste)	83,709	83,939	84,685	85,785
Cans delivered, replaced, or repaired (garbage, recycling, seasonal)			3,395	3,500
# of accounts	26,099	26,119	26,321	26,665
% of workorders completed within 7 days	100%	99%	99%	99%
# of dumpster rentals	2,852	1,750	1,812	2,000
Dumpsters hauled by city staff (city facility dumpsters, tire recycling, metal recycling)			106	110

Survey Results (0-100):

SOLID WASTE FUND

SOLID WASTE FEES

COLLECTION FEES

Basic service includes one (1) can each for garbage, recycling, and green waste. Fee is per month, and rates become effective on the first billing following the effective date.

5.5% increase for FY2027

Effective Oct 1, 2025

Effective Oct 1, 2026

Basic service	\$23.43	\$24.72
2nd garbage can	\$14.40	\$15.19
Additional cans after 2	\$20.19	\$21.30
Additional recycling can	\$7.21	\$7.61

DUMPSTER RENTAL

Per calendar year

Effective Jan 1, 2024

1st rental	\$75.00
Each rental after the 1st	\$250.00
Cancellation fee	\$20.00

All rentals are first come, first serve.

No utility account will be able to schedule more than one reservation at a time, to increase availability.

Clean-up projects that include city-owned property may be eligible for no fee. The dumpster must be located on public property and is subject to availability and clean-up need as determined by the City.

OTHER FEES

Late fee (interest)	1.5% of past due amount
Service fee due to non-payment	\$100.00

STORMWATER FUND

STORMWATER FUND

FUND PURPOSE

The stormwater utility performs the flood control services required by the State of Utah and Federal Clean Water Act. It provides the uninterrupted removal of stormwater from all impervious surfaces surrounding homes and businesses within the utility service area. This is accomplished by maintaining the system in a way to maximize infrastructure functionality and longevity, to assess system needs and make improvements where necessary, and to respond to demand in a timely and proactive manner.

To protect the residents of West Jordan from flooding during rainfall events.

GOALS & OBJECTIVES

Clean 15% / 179,688.15 feet of storm drain pipe yearly.	<i>Resident Focused</i>
Inspect 7.5% / 90,000.00 feet of the stormwater system yearly.	<i>Resident Focused</i>
Sweep all roads in the City a minimum of three times a year, with main roads being swept 5 times a year.	<i>Resident Focused City Aesthetics</i>
Inspect all city-owned stormwater basins at least once a year.	<i>Resident Focused</i>
Complete SWPPP inspections on all active construction sites monthly.	<i>Resident Focused</i>
Inspect all Post Construction Facilities "Private Businesses" once every five years.	<i>Resident Focused</i>
Remove excessive trees and complete weed abatement in some of the natural channels.	<i>City Aesthetics</i>

PERFORMANCE & WORKLOAD MEASURES

TRANSPORTATION UTILITY (STREETLIGHT) FUND

TRANSPORTATION UTILITY (STREETLIGHT) FUND

FUND PURPOSE

The streetlight utility provides improvements, maintenance, and operations of the City's streetlight system. A flat monthly fee is charged to each residential/commercial unit. This fee was created in FY 2017.

Our mission is to illuminate and enhance the safety, sustainability, and vibrancy of our community through the thoughtful and efficient management of street lighting infrastructure. We are dedicated to providing well-lit, secure, and welcoming public spaces that contribute to the overall well-being of residents and visitors.

GOALS & OBJECTIVES

Our goal is to foster a sense of pride and connectivity within our city by maintaining a reliable and responsive streetlight network. Through proactive maintenance, continuous improvement, and community engagement, we endeavor to build a safer and more aesthetically pleasing environment for all residents and visitors of the City of West Jordan.

Sense of Community & City Identity
Resident Focused
City Aesthetics

Streetlight Availability

Resident Focused

Ensure a high percentage of operational streetlights to enhance safety and visibility.

City Aesthetics

Technology Adoption

Resident Focused

Enhance efficiency and reduce long-term operational costs through the adoption of advanced lighting technologies.

City Aesthetics

Maintenance Response Time

Resident Focused

Minimize downtime by addressing maintenance needs promptly.

FLEET MANAGEMENT INTERNAL SERVICE FUND

FLEET MANAGEMENT FUND

FUND PURPOSE

The mission of the City of West Jordan Fleet Services department is to manage and maintain the City's fleet of vehicles and equipment in a responsible and sustainable way, supporting and providing our fellow City employees with a safe and efficient product for use in any emergency or non-emergency event.

GOALS & OBJECTIVES

Provide safe equipment that meets operational needs, is available to meet those needs, and be cost effective. Additionally, the fleet department is seeking ways to reduce fuel usage and greenhouse gas emissions through timely maintenance, proper utilization and right-sizing of the fleet, and integration of alternative fueled vehicles where possible.

*Resident Focused
Employee Satisfaction*

Optimize fleet efficiency and reliability

*Resident Focused
Employee Satisfaction*

Maintain asset availability of 95% or better

Meet preventative maintenance schedules within 10% of cycle completion 95% of the time

Assure that emergency repairs encumber 30% or less of total maintenance and repairs

INFORMATION TECHNOLOGY INTERNAL SERVICE FUND

INFORMATION TECHNOLOGY FUND

FUND PURPOSE

The Information Technology Fund provides the City with technology solutions, a reliable network, information security, data backup, and technical support. Cost allocations are charged to each department or fund. The basis is cost recovery as well as cash funding for infrastructure replacement and enhancement.

GOALS & OBJECTIVES

Maintain the City's information management systems in a secure and safe environment.

*Resident Focused
Employee Satisfaction*

Foster a collaborative, engaging, and innovative approach to meet the City's information system needs.

*Resident Focused
Employee Satisfaction*

RISK MANAGEMENT INTERNAL SERVICE FUND

RISK MANAGEMENT FUND

FUND PURPOSE

The Risk Management Fund is an internal service fund centralizing the management of all liability insurance and claims for the City. Additionally, this fund supports programming to increase safety within City departments. The Fund is managed by the Risk Manager under the general direction of the City Attorney. The risk management team is comprised of a professional risk manager and a professional risk management safety specialist, and works closely with the City's civil and prosecution attorneys.

GOALS & OBJECTIVES

Protect City employees and assets with adequate insurance coverage
(excluding employer-provided benefit plans)

*Resident Focused
Employee Satisfaction*

Secure insurance policies with coverage based on data analysis, expert consultation, and historical performance

Continue growing the City's culture of safety by supporting departments in safety training, programs, incentives, and consultations

*Resident Focused
Employee Satisfaction*

Decrease total at-fault internal accidents

Reduce the occurrence of workplace injuries and damage to City property

PERFORMANCE & WORKLOAD MEASURES

	FY 2024 Actual	FY 2025 Estimate	FY 2026 Estimate	FY 2027 Forecast
# of liability claims	34	35	38	40
# of at-fault accidents	59	69	51	50
% change in at-fault accidents	31.11%	16.95%	-26.09%	-1.96%
# of no-fault accidents	34	24	23	22
% change in no-fault accidents	54.55%	-29.41%	-4.17%	-4.35%
Worker's compensation claims as a % of the average total employees	4.42%	5.39%	5.93%	6.45%

GLOSSARY

GLOSSARY OF TERMS

AA- – A bond rating given by financial rating agencies as their professional opinion about the ability of a government or not-for-profit organization to repay a tax-exempt loan (bond). Bond ratings may range from AAA (prime rating) to D (default).

Accrual Basis of Accounting – A method of accounting that recognizes income when earned and expenses when incurred regardless of when cash is received or disbursed.

Ad Valorem Tax – Taxes levied on both real and personal property according to the property's valuation and the tax rate. Also known as Property Tax.

Adopted Budget – The annual budget approved by the City Council that establishes the legal authority for the expenditure of funds in the fiscal year.

Allocation – The assignment of one or more items of cost or revenue to one or more segments of an organization according to benefits received, responsibilities, or other logical measures of use.

Allocated Operations – Indirect operating costs that are assessed/charged from one fund to another.

Allocated Wages – Indirect personnel costs that are assessed/charged from one fund to another.

Appropriation – Legal authorization granted by the City Council to make expenditures and incur obligations for specific purposes.

Assessed Valuation – A valuation set upon real estate or other property by the Salt Lake County Assessor as a basis for levying property taxes.

Audit – A review performed by an independent certified public accountant to form an opinion regarding the legitimacy of transactions and internal controls.

Balanced Budget – A budget in which current revenues equal current expenditures.

Basis of Budgeting – Basis of budgeting refers to the timing of when revenues or expenditures are recognized in the accounts and reported in the financial statements.

Bond – A written promise to pay a specified sum of money, called the face value or principal, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

Bond Proceeds – Funds received from the sale or issuance of bonds.

Bond Refinancing – The payoff and re-issuance of bonds to obtain better interest rates and/or bond conditions.

Bond Refunding – The redemption of a bond with proceeds received from issuing lower-cost debt obligations.

Budget – A financial plan consisting of an estimate of proposed expenditures and their purposes for a given period and the proposed means of financing them.

Budgetary Control – The control of management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of authorized appropriations and available revenues.

Building Authority Bonds - Bonds secured by specified asset. CAFR – (see Comprehensive Annual Financial Report).

Call Date - Date on which a bond can be redeemed before maturity. Earliest date on which bonds can either be paid off or refinanced.

Capital Assets – Assets of significant value and having a useful life of several years.

Capital Carryovers – Any unspent appropriation for capital projects that are authorized by City Council to be reappropriated in the following year.

Capital Equipment - Equipment with an expected life of more than one year, such as automobiles, computers, and furniture.

Capital Improvement Program (CIP) – An annual, updated plan of capital expenditures for public facilities and infrastructure (buildings, streets, etc.), with estimated costs, sources of funding, and timing of work over a period of time.

Capital Outlay – Expenditures which result in the acquisition of capital assets.

Capital Project – Projects involving the purchase or construction of capital assets.

Career Ladder Increases - Career ladders are pay increases within a job series conditioned on obtaining required service experience and specified skills, training, and/or certification. They are typically used for jobs with critical or rapid learning curves to bring entry level employees to full productivity.

CDBG – (see Community Development Block Grant).

Certified Tax Rate – The tax rate that would generate the same amount of revenue as the previous year plus any new growth.

CIP – (see Capital Improvement Program).

Community Development Block Grant (CDBG) – The Housing and Community Development Act of 1974 provides funds to cities and counties to develop urban communities and expand economic opportunities principally for low- and moderate- income persons.

GLOSSARY OF TERMS

Comprehensive Annual Financial Report (CAFR) – The audited annual report of the City's financial condition at the conclusion of the fiscal year.

Consolidated Budget – City budget that includes all funds –governmental and proprietary.

Consumer Price Index (CPI) – A statistical description of price levels provided by the United States Department of Labor. The change in this index from year to year is used to measure the cost of living and economic inflation.

Contingency – An appropriation of funds to cover unforeseen expenditures which may occur during the budget year.

CPI – (see Consumer Price Index).

Debt Service – The payment of principal, interest, and service charges related to long-term debt.

Debt Service Fund – A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Deficit – An excess of expenditures or expenses over revenues.

Department – A major administrative division of the City that indicates overall management responsibility for an operation or group of related operations within a functional area.

Depreciation – Expiration in the service life of fixed assets, attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence.

Designated Fund Balance – The portion of a fund balance that has been set aside for a specific purpose.

Division – A sub-section within a department that provides specific services.

Encumbrances – Obligations or commitments in the form of purchase orders or contracts, the expenditure/expense of which has not yet occurred.

Enterprise Fund – A fund established to account for operations that are financed and operated in a manner similar to private business enterprises – the services are predominantly self-supported by user fees and charges. Examples are water and solid waste.

Expenditure – The actual spending of governmental funds set aside by an appropriation.

Expense – The actual spending of proprietary funds set aside by an appropriation.

Fiscal Year (FY) – The twelve-month period of time to which a budget applies. The City of West Jordan's fiscal year is July 1 through June 30.

Franchise Tax – A tax levied at the state level against businesses and partnerships chartered within that state.

Full Time Equivalent (FTE) – The hourly equivalent of a full-time employee. An FTE can be made up of either one full-time employee or two or more part-time employees whose total hours equal 2,080 per year.

Fund – A fiscal or accounting entity with a self-balancing set of accounts established for the purpose of carrying out specific activities in accordance with clearly defined restrictions and/or limitations.

Fund Balance – The difference between a fund's assets and its liabilities.

GAAP – (see Generally Accepted Accounting Principles).

GASB – (see Governmental Accounting Standards Board).

GFOA – (see Government Finance Officers Association)

General Fund – The primary fund of the City used to account for all financial resources except those identified for special purposes or required to be accounted for in another fund.

Generally Accepted Accounting Principles (GAAP) – Uniform minimum standards for financial accounting and recording.

Government Finance Officers Association – A professional association of approximately 19,000 state, provincial, and local government finance officers in the United States and Canada.

Governmental Accounting Standards Board (GASB) – The group that develops standardized reporting for government entities.

Governmental Fund – The category of fund that is used to account for activities primarily supported by taxes, grants, and similar revenue sources. Governmental funds are classified into five fund types: general, special revenue, capital projects, debt service, and permanent funds.

General Obligation Bonds – Bonds used for various purposes and repaid by the regular revenue raising powers of the City.

Grant – Contributions, gifts, or assets from another government entity to be used or expended for a specified purpose, activity, or facility.

Haircut Provision - Utah code related to redevelopment areas that allows portions of tax increment to be allocated and spent toward recreational purposes.

Impact Fees – Fees used to offset the additional burden on city infrastructure caused by new development within the city. The fees are collected and accounted for separately to

GLOSSARY OF TERMS

be used for projects relating to the impact of the additional development.

Infrastructure – Facilities or assets on which the continuance and growth of a community depend, such as streets, waterlines, etc.

Interfund Transfers – Monies transferred from one fund to another to either finance the operations of another fund or to reimburse the fund for certain expenditures/expenses.

Intergovernmental Revenue – Money collected by one level of government and distributed to another level of government.

Long-term Debt – Debt with a maturity of more than one year after the date of issuance.

Maturity – The date on which the principal or stated values of investments or debt obligations are due and may be reclaimed

Modified Accrual Basis of Accounting – A method of accounting in which revenues are recognized in the period in which they become available and measurable, and expenditures are recognized at the time a liability is incurred.

Motor Vehicle Fee – Fee imposed on passenger cars, light trucks, sport utility vehicles, vans, motorcycles, and recreational vehicles and are due at the time of registration.

Operating Expenditures – The cost for materials and equipment required for a department to perform its functions.

Operating Revenues – Funds received by the City as income to pay for ongoing operations.

Ordinance – A formal legislative enactment by the City Council. It has the full force and effect of law within City boundaries unless preempted by a higher form of law. An ordinance has a higher legal standing than a resolution.

Property Tax – An ad valorem (according to value) tax based on the fair market value of real property (land and buildings) and personal property (business equipment). Fair market value is determined by the county as of January 1 of each year.

Proprietary Fund – A type of fund used to account for activities that involve business-like interactions (water, sewer, streetlights, etc)

RDA – (see Redevelopment Agency).

Redevelopment Agency (RDA)– A separate entity established to revitalize blighted and economically depressed areas of a community and to promote economic growth.

Refunded - Refinanced to take advantage of lower interest rates.

Reserve – A portion of a fund balance which has been legally segregated for a specific use and is, therefore, not available for further appropriation or expenditure.

Resolution – A special order of the City Council that requires less legal formality and has a lower legal standing than an ordinance.

Revenues – Sources of income, such as taxes, used to finance the operation of government.

Revenue Bonds - Payable from specified revenues such as Sales Tax or User Fees.

Sales Tax – Tax imposed on the taxable sales of all final goods. West Jordan receives part of the sales tax percentage charged in Salt Lake County.

Special Assessment – A tax on property owners who receive a benefit not received by all other taxpayers.

Special Improvement District (SID) – An area of the city where the property owners come together and vote on incurring the costs of making special improvements to the area (such as putting in custom streetlights or enhanced landscape maintenance).

Tax Base – The total taxable value of property within the local government's legal boundaries.

Tax Increment – Property tax that is collected as a result of increased valuation within an RDA area.

Tax Rate – The amount of tax levied for each \$100 of assessed valuation.

Taxable Value – The assessed value of property less exemptions.

Taxes – Compulsory charges levied by a government for the purpose of financing services for the common benefit of the people.

Transfers – Legally authorized intra-city transfers of appropriations from one City fund to another City fund. Revenues and expenditures are accounted for in both funds.

Truth in Taxation – Legal requirement for Utah cities to hold public hearings in the event the city chooses to adopt a tax rate higher than the certified tax rate.

Undesignated Fund Balance – A portion of a fund balance that has not been designated or reserved for any specific use

User Fees – The payment of a fee for direct receipt of a public service by the party benefiting from the service.
