Marcus K. Arbuckle, CPA  
Steven M. Rowley, CPA

Board of Trustees and Management  
Davis-Salt Lake Aerial Spray Authority  
2215 N. 2200 W.  
Salt Lake City, UT

We are engaged to audit the financial statements of the governmental activities, and each major fund of Davis-Salt Lake Aerial Spray Authority (the Authority) for the year ended December 31, 2025. Professional standards require that we provide you with the following information related to our audit. We would also appreciate the opportunity to meet with you to discuss this information further since a two-way dialogue can provide valuable information for the audit process.

Our Responsibilities under U.S. Generally Accepted Auditing Standards and *Government Auditing Standards*

As stated in our engagement letter dated January 20, 2026, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we will consider the internal control of the Authority. Such considerations are solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will also perform tests of the Authority's compliance with certain provisions of laws, regulations, contracts, and grants. However, providing an opinion on compliance with those provisions is not an objective of our audit.

Generally accepted accounting principles provide for certain required supplementary information (RSI) to supplement the basic financial statements. Our responsibility with respect to management's discussion and analysis, schedule of revenues, expenditures, and changes in fund balance – general fund – budget and actual, which supplement the basic financial statements, is to apply certain limited procedures in accordance with generally accepted auditing standards. However, the RSI will not be audited and, because the limited procedures do not provide us with sufficient appropriate evidence to express an opinion or provide any assurance, we will not express an opinion or provide any assurance on the RSI.

Planned Scope, Timing of the Audit, Significant Risks, and Other

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. We will generally communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

We have identified the following significant risks of material misstatement as part of our audit planning:

- Improper revenue recognition (assumed always) – this is the risk that revenue may not be recognized in accordance with GAAP.
- Management override of controls (assumed always) – this is the risk that management may override internal controls through pressure on subordinates or other methods.

We began our audit in February with preliminary compliance testing, and plan to issue our reports on approximately June 10, 2026. Steven Rowley is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

This information is intended solely for the use of the Board of Trustees and management of Davis-Salt Lake Aerial Spray Authority and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

*K&C, CPAs*
