NOTICE OF REGULAR MEETING OF THE CITY COUNCIL OF THE CITY OF ST. GEORGE, WASHINGTON COUNTY, UTAH

Public Notice

Public notice is hereby given that the City Council of the City of St. George, Washington County, Utah, will hold a regular meeting in the City Council Chambers at the St. George City Hall located at 61 South Main Street, St. George, Utah, on Thursday, June 18, 2026, commencing at 5:00 p.m.

The agenda for the meeting is as follows:

Call to Order
Invocation
Flag Salute

1. **Mayor's recognitions, proclamations, and updates.**

   a. **Presentation from Greater Zion.**

   b. **Presentation from Washington County Water Conservancy District.**

   c. **Read a Proclamation proclaiming July as Parks and Recreation Month.**

2. **Consent Calendar.**

   a. **Consider approval to award WRX Contracting the Curly Hollow Pumptrack RFP.**

   BACKGROUND and RECOMMENDATION: This pump track is one feature in the upcoming Curly Hollow Adventure Park. The plans are in final review currently and a bid will be advertised for the entire park soon. The pump track requires specialization, and an RFP was issued separately in order to obtain a qualified contractor. Contractors were asked to submit a design and construction proposal maximizing the use of $175,000 in grant funds. Four submissions were received and scored. WRX Contracting scored the highest in the evaluation. Staff recommends approval of the contract to WRX Contracting in the amount of $175,000 contingent upon adoption of the FY 2026-27 Tentative Budget.

   b. **Consider award of bid to Suncore for the construction of Slick Rock Substation.**

   BACKGROUND and RECOMMENDATION: The award of this bid is for the construction of Slick Rock Substation, which is required to accommodate the increasing electrical demand within the surrounding service area. The Bid closed on June 5, 2026 and six bids were received. Bids were evaluated and staff recommends award of bid to Suncore in the amount of $991,710.

   c. **Consider approval to purchase a Pierce Manufacturing 1,500 GPM Type 1 fire engine/pumper through Siddons-Martin Emergency Group (Regional Pierce Vendor).**

   BACKGROUND and RECOMMENDATION: This request is for an additional fire apparatus utilizing a national cooperative purchasing contract HGAC FS12-23

(FIRE). Staff from the Fire and Fleet departments have been working on specifications over the past several months and the apparatus will be similar to the fire apparatus that have been purchased in the past and apparatus currently on order with Pierce Manufacturing. The City has a long history with Pierce Manufacturing spanning over 36 years. Staff recommends purchasing the Pierce Manufacturing 1,500 GPM Type 1 fire engine/pumper from Siddons-Martin Emergency Group in the amount of $1,195,908.38. Pricing for the apparatus came in at $1,368,516.00, the city received a discount of $174,607.62 for the upfront pre-payment for this apparatus. There is an additional amount of $2,000 for utilizing the national purchasing contract which brings the total amount to $1,195,908.38. Staff recommends approval contingent upon approval of the associated budget amendment.

d. Consider approval of a Reimbursement Agreement with Enbridge Gas Utah.

BACKGROUND and RECOMMENDATION: This item is for the reimbursement of drainage facilities needed to accommodate the re-alignment of a high pressure gas line along Merrill Road in conjunction with the 3000 East Storm Drain Trunk Line Project. Due to the existing elevation of the gas line, it was required that the utility be moved to accommodate the large storm drain pipe being installed in the drainage ditch. It was determined that it would be more feasible, safer, and less costly a storm drain vault was reconfigured to allow the gas line to be installed above the storm drain. The cost to reconfigure and install the storm drain vault was determined to be an additional $129,855.07, which is to be reimbursed to the City by Enbridge.

e. Consider approval of a Reimbursement Agreement with STG Storage, LLC for Block Plant Roadway Improvements.

BACKGROUND and RECOMMENDATION: STG Storage, LLC is constructing a portion of roadway improvements for STG Storage Units to be known as Block Plant Road. The City would like STG Storage, LLC to construct the full roadway improvements to provide a new access to serve the public.

f. Consider approval of the minutes from the meetings held on May 28, 2026 (Joint Work Meeting with Planning Commission); May 28, 2026 (Work Meeting); May 28, 2026 (Regular Meeting); June 4, 2026 (Work Meeting); and June 4, 2026 (Regular Meeting).

3. Public hearing to review and take public comment regarding the proposed transfers from Enterprise Funds to Other Funds included in the recommended fiscal year 2026-27 budget.

BACKGROUND and RECOMMENDATION: The General Fund provides administrative and overhead support to the enterprise (business-type) funds. These services include human resources, legal, technology, fleet maintenance, and other administrative services. If these functions were not provided by the General Fund, the enterprise funds would need to hire additional employees and pay the direct personnel, materials and supplies, and equipment costs and/or hire consultants and pay their fees. Staff recommends holding the public hearing.

4. **Public hearing to review and take public comment regarding non-reciprocal transfers for unbilled utility services from the Electric, Water, and Sewer Funds to other City Funds.**

BACKGROUND and RECOMMENDATION: The City of St. George has funds that operate as business-type funds, providing water, energy, and sewer collection and treatment services to customers and charging fees based upon consumption (usage) at rates established by the St. George City Council. Most city-owned facilities are charged for these services, but some services are provided directly back to the City at no cost. Staff recommends holding the public hearing.

5. **Consider approval of Resolution No. 2026-009R amending and adopting fees for various services and recreational activities.**

BACKGROUND and RECOMMENDATION: Each year, the City reviews its associated services and fees to ensure the sufficiency of fee coverage. The City has recognized some areas where fee increases are necessary to cover related costs. Increased fees will become effective on July 1, 2026. Staff recommends approval of the resolution.

6. **Public hearing to receive input on the Fiscal Year 2026-27 Budget and consideration of Resolution No. 2026-010R for final adoption of the FY 2026-27 Budget.**

BACKGROUND and RECOMMENDATION: The FY 2026-27 Budget and Business Plan is the city's action plan for delivering the high quality municipal services that our residents, businesses, and visitors desire and expect. Developed in alignment with the City Council's priorities outlined in the FY 2027 Business Plan, this budget reflects a commitment to strategic planning and investment as well as strong financial stewardship. Major investments in this year's budget are focused on achieving the City Council's priorities identified in the FY 2027 Business Plan. Some of these investments include enhancements in public safety with new equipment and improvements to facilities, critical utility and transportation infrastructure improvements, additions to the parks and trails system from the 2023 voter-approved General Obligation Bond, and targeted initiatives in operational excellence, workforce development and customer service. A copy of FY 2026-27 Budget is publicly available for review on the city's website at www.sgcityutah.gov/budget and through the City Recorder's Office. This year the city will have held two public hearings to gather citizen input on the FY 2026-27 Budget. Tonight's meeting includes the second public hearing. Staff recommends holding the public hearing and at the conclusion of the public hearing approval of the resolution to adopt the Final Fiscal Year 2026-27 Budget.

7. **Consider approval of Resolution No. 2026-011R adopting the tax rate for the 2026 tax year (2027 fiscal year) and levying taxes upon all real and personal property within the City of St. George.**

BACKGROUND and RECOMMENDATION: State Law requires that the city adopt the Certified Tax Rate (CTR) on or before June 22nd of each year. The Certified Tax Rate is the property tax rate that if adopted would raise the same amount of property tax revenue as was budgeted for the City in the prior fiscal year from existing residents. The Certified Tax Rate is deposited into the City's General Fund and is used to fund core city services provided to our residents including police, fire, 911 dispatch, street and traffic signal maintenance, parks and trails maintenance and general administration and support. The Certified Tax Rate is calculated by the State Property Tax Commission and Washington County Clerk Auditor's Office and is

provided to the City each year in early June. For TY 2026 (FY 2027) the Certified Tax Rate is 0.000665. Staff recommends approval of the resolution adopting the TY 2026 (FY 2027) Certified Tax Rate.

8. **Public hearing and consideration of Resolution No. 2026-012R to review and approve amendments to the Fiscal Year 2025-26 Budget.**

BACKGROUND and RECOMMENDATION: State statute requires a public hearing when changes are requested to the City's budget. Staff typically bring budget openings forward to the City Council for consideration on a quarterly basis based on changes that occur during the fiscal year. Staff recommends taking public comment and approval of the resolution.

9. **Consider approval of Resolution No. 2026-013R authorizing City pick-up of Public Safety and Firefighter Tier II employee retirement contributions.**

BACKGROUND and RECOMMENDATION: This resolution authorizes the City per amendments by Utah State Legislature to pick up the required up to a maximum of 5.98% increase in the employee portion of the Public Safety and Firefighter Tier II Noncontributory Retirement System. Staff recommends approval

10. **Consider approval of Resolution No. 2026-014R appointing designated appointed officials.**

BACKGROUND and RECOMMENDATION: This resolution authorizes the reappointment of all current appointed officials, with the exception of the City Engineer position. Staff recommends approval of the resolution to reappoint the existing officers and to formally appoint Wes Jenkins as City Engineer to replace Jay Sandberg who recently retired.

11. **Consider approval of Resolution No. 2026-015R approving the form of a lease agreement with ZMFU II, Inc. for the purchase of new golf carts for city golf courses.**

BACKGROUND and RECOMMENDATION: In January 2026 the City Golf Division advertised a Request for Proposals (RFP) for a new golf cart fleet for the four city courses. Of the two proposals received, Intermountain Golf Cars' proposal which includes a five-year lease of 262 new Lithium battery powered golf carts was reviewed and accepted. This lease agreement with Zion's Bank provides the financing for the new carts provided by Intermountain Golf Cars. The actual lease rate will lock in 30-days prior to closing which is expected to be July 2026. Staff recommends approval.

12. **Public hearing and consideration of Ordinance No. 2026-048 vacating a portion of a utilities easement and drainage easement located along the rear lot line of Lot 76 of the Bloomington Country Club No. 6 Subdivision.**

BACKGROUND and RECOMMENDATION: The plat for Bloomington Country Club No. 6 Subdivision identifies utility and drainage easements along both the front and rear of each lot. The applicant is requesting that the utilities easement and drainage easement located along the rear property line be vacated. Vacating these easements will allow the property owner to incorporate the parcel acquired from Bloomington Country Club into the existing lot, thereby increasing the overall size of Lot 76. The Joint Utilities Commission recommended approval.

13. **Public hearing and consideration of Ordinance No. 2026-049 vacating all easements on Lots 3, 4, and former Sac Street, City of St. George Industrial Park, except for the Pole Line Easement crossing Lot 3.**

BACKGROUND and RECOMMENDATION: The City of St. George Industrial Park subdivision plat depicts easements along the perimeter of the lots as well as easements crossing through the lots. Several of these easements cannot be accurately plotted because they are not defined by metes and bounds descriptions. Therefore, this request proposes to vacate all existing easements within the affected area, with the exception of the Pole Line Easement that runs east-west across Lot 3, which will remain in place. As part of the proposed subdivision amendment, new easements will be dedicated along the boundaries of the reconfigured lots to accommodate existing and future utility needs. It should also be noted that Sac Street was vacated by City Council action many years ago and is now owned by the adjoining lot owners. This request includes the vacation of any remaining easements located within the former Sac Street right-of-way. The proposed subdivision amendment will reconfigure the boundaries and layout of Lots 3 and 4, and the new easements will be granted as part of the approval and recording of the amended subdivision plat. The Joint Utilities Commission has recommended approval.

14. **Consider approval of Ordinance No. 2026-050 amending the City Zoning Map by changing the zone from R-1-10 (Residential, 10,000 ft² minimum lot size) to PD-R (Planned Development Residential) on approximately 42.86 acres located generally southwest of the Gap Canyon Parkway and 1790 West intersection. (Case No. 2026-ZC-009 - Divario PA-2 Allora Village)**

BACKGROUND and RECOMMENDATION: The proposal is for a multi-family project consisting of 410 townhome and apartment units with a density of 12.28 dwelling units per acre. At their meeting held on May 26, 2026, the Planning Commission held a public hearing and recommended approval with conditions, with a vote of 6-0. There were no public comments.

15. **Appointments to Boards and Commissions of the City.**

16. **Reports from Mayor, Councilmembers, and City Manager.**

17. **Request a closed meeting to discuss litigation, security, property acquisition or sale or the character and professional competence or physical or mental health of an individual.**

Christina Fernandez, City Recorder — June 12, 2026 Date

REASONABLE ACCOMMODATION: The City of St. George will make efforts to provide reasonable accommodations to disabled members of the public in accessing City programs. Please contact the City Human Resources Office, 627-4674, at least 24 hours in advance if you have special needs.

PROCLAMATION

WHEREAS, parks and recreation programs are an integral part of communities throughout this country, including the City of St. George; and

WHEREAS, parks and recreation promote health and wellness, improving the physical and mental health of people who live near parks as well as time spent in nature which positively impacts mental health by increasing cognitive performance and well-being, and alleviating illnesses such as depression, attention deficit disorders, and Alzheimer's; and

WHEREAS, parks and recreation encourage physical activities by providing space for popular sports, hiking trails, swimming pools, and many other activities designed to promote active lifestyles and is a leading provider of healthy meals, nutrition, and lifestyles; and

WHEREAS, parks and recreation programming and educational activities, such as out of school time programming, youth sports, and environmental education are critical to childhood development; and

WHEREAS, parks and recreation increase a community's economic prosperity through increased values, expansion of the local tax base, increased tourism, the attraction of businesses, and crime reduction and is fundamental to the environmental well-being of our community; and

WHEREAS, parks and recreation are essential and adaptable infrastructure that makes our community resilient in the face of natural disasters and climate change; and

WHEREAS, our parks and natural recreation areas ensure the ecological beauty of our community and provide a place for children and adults to connect with nature and recreate outdoors; and

WHEREAS, the U.S. House of Representatives has designated July as Parks and Recreation Month.

NOW, THEREFORE, I, Jimmie Hughes, Mayor of the City of St. George, Utah, along with the City Council, do hereby proclaim the month of July, 2026 as

PARKS AND RECREATION MONTH

in the City of St. George, and recognize the benefits derived from parks and recreation resources.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Seal of the City of St. George, Utah this 18th day of June, 2026.

OFFICIAL SEAL

STATE OF UTAH

Jimmie B Hughes, Mayor

Agenda Date: 06/18/2026 **Agenda Item Number:** 2a

Subject:

Consider approval to award WRX Contracting the Curly Hollow Pumptrack RFP.

Item at-a-glance:

Staff Contact: Paul Stead

Applicant Name: City of St George

Reference Number: 26-271

Address/Location:

2200 Tonaquint Drive

Item History (background/project status/public process):

This pump track is one feature in the upcoming Curly Hollow Adventure Park. The plans are in final review currently and a bid will be advertised for the entire park soon. The pump track requires specialization, and an RFP was issued separately in order to obtain a qualified contractor. Contractors were asked to submit a design and construction proposal maximizing the use of $175,000 in grant funds. Four submissions were received and scored. WRX Contracting scored the highest in the evaluation. Staff recommends approval of the contract to WRX Contracting in the amount of $175,000 contingent upon adoption of the FY 2026-27 Tentative Budget.

Staff Narrative (need/purpose):

The City of St George received a UORG grant for the Curly Hollow Adventure Park. $200,000 of this grant is allocated for a pump track. An RFP was advertised and WRX Contracting submitted the selected design in partnership with Jaxson Riddle, a professional mountain bike athlete and Red Bull Rampage competitor. Jaxson brings extensive experience in pumptrack design, rider flow analysis, and feature functionality, ensuring the final product meets high-performance standards.

CURLY HOLLOW PUMPTRACK – DESIGN BUILD BY JAXSON RIDDLE & WRX CONTRACTING

1. PROJECT NARRATIVE

WRX Contracting LLC proposes a design-build approach to deliver a high-quality, hard-surface pumptrack facility at Curly Hollow Adventure Park. Our team will manage all phases of the project including conceptual design, engineering coordination, material selection, construction, and final closeout.

The proposed pumptrack is designed as a rider-driven, progression-based flow system that accommodates bicycles, scooters, skateboards, and balance bikes. The layout maximizes rideable footage within the available footprint while maintaining clear sightlines and safe user flow.

The design incorporates a primary loop with multiple line options and a dedicated jump line that is spatially separated from the main track to reduce user conflict. The jump line includes a progression of features suitable for intermediate riders while remaining accessible to developing users.

Asphalt is selected as the primary riding surface due to its superior performance in St. George's high-heat, high-UV climate. The surface will be smooth and continuous to ensure rider safety and optimal flow.

2. CONCEPTUAL DESIGN OVERVIEW

The pumptrack will be constructed within designated area footprint. The layout consists of a continuous riding loop with integrated berms and rollers, designed to maintain rider momentum without pedaling.

Key design features include:

- Seven primary berm turns with varying radii
- Rhythm roller sections designed for multiple skill levels
- Interior islands for safety and flow separation
- A dedicated jump line with tabletops and progressive features
- Defined entry and exit points for controlled access

The layout prioritizes efficient use of space, smooth transitions, and compatibility with the site's grading and stormwater design.

3. FIRM QUALIFICATIONS AND EXPERIENCE

WRX Contracting LLC is an experienced contractor specializing in construction projects requiring precision grading, asphalt placement, and detailed layout execution.

This project will be supported by Jaxson Riddle, a professional mountain bike athlete and Red Bull Rampage competitor. Jaxson brings extensive experience in pumptrack design, rider flow analysis, and feature functionality, ensuring the final product meets high-performance standards.

Our design-build process ensures seamless coordination between design intent and field execution, resulting in efficient construction and high-quality outcomes.

4. COST BREAKDOWN

The total project cost not to exceed the $175,000 budget. A detailed cost breakdown including the following

- Mobilization and Project Management: $10,000

- Design & Planning: $15,000

-Materials: $35,000

- Grading & Fabrication: $38,000

- Asphalt Installation: $70,000

- Contingencies: $5,000

Costs associated with subgrade preparation, over-excavation, and stormwater infrastructure are excluded as specified in the RFP.

5. PROJECT SCHEDULE

WRX Contracting will provide a detailed project schedule prior to mobilization. The anticipated timeline includes:

- Concept Design: 1–2 weeks

- Final Design and Approvals: 2–3 weeks

- Construction: 6–8 weeks

- Final Inspection and Closeout: 1 week

Coordination with the City of St. George will be maintained throughout all phases to ensure alignment with project requirements and timelines.

6. WARRANTY AND MAINTENANCE

WRX Contracting will provide a written one-year warranty covering defects in materials and workmanship from the date of project acceptance.

A detailed maintenance guide will be provided at project closeout. This guide is specifically tailored for asphalt pumptrack facilities and the environmental conditions of St. George, Utah.

Routine Inspection

Weekly visual inspections for debris, sand accumulation, and surface wear

Monthly inspection for cracking, edge separation, and drainage performance

Seasonal inspections prior to peak summer heat and winter conditions

Surface Cleaning

Due to the desert environment, routine removal of sand and debris is critical. The track should be blown or swept regularly to maintain rider safety and prevent premature surface wear.

Crack Sealing Requirements- Pumptrack-Specific

All crack sealing shall be performed using methods appropriate for small-wheel recreational use (bicycles, scooters, and skateboards).

Crack sealant shall be hot-applied, rubberized material

Sealant shall be installed flush with the pavement surface

Overbanding shall be minimized and shall not exceed 1/8 inch beyond crack width

All sealed cracks shall be squeegeed or troweled smooth to eliminate any raised edges

Finished repairs must maintain a continuous, bump-free riding surface

Standard roadway crack sealing methods that create raised sealant ridges are not acceptable.

Surface Preservation

To protect against UV degradation and oxidation common in Southern Utah, sealcoating or surface treatment is recommended at intervals of approximately 2–3 years.

Localized Repairs

High-use areas such as berm exits, rollers, and braking zones shall be monitored and repaired promptly to maintain ride quality and safety.

Drainage Maintenance

Proper drainage shall be maintained at all times. Any standing water or low areas shall be corrected immediately to prevent subgrade failure.

7. DESIGN PARAMETERS (See attached drawling last page)

Roller Spacing: Minimum 10 feet

Turn Height: Greater than 4 feet

Turn Radius: Minimum 10 feet

Track Width: 6 feet

Berm Steepness: Approximately 55° at top of berm

The layout includes a clearly defined entry and exit point and a separated jump line to improve safety and rider progression.

CONCLUSION

WRX Contracting LLC, in partnership with Jaxson Riddle, is uniquely qualified to deliver a high-performance pump track that meets the City of St. George's goals for quality, safety, and long-term durability.

Our approach combines professional construction practices with rider-driven design to create a facility that will serve a wide range of users while maintaining a high standard of performance over time.

Subject:

Consider award of bid to Suncore for the construction of Slick Rock Substation.

Item at-a-glance:

Staff Contact: Bryan Dial

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

133 South 2060 East

Item History (background/project status/public process):

The award of this bid is for the construction of Slick Rock Substation, which is required to accommodate the increasing electrical demand within the surrounding service area. The Bid closed on June 5, 2026 and six bids were received. Bids were evaluated and staff recommends award of bid to Suncore in the amount of $991,710.

Staff Narrative (need/purpose):

The distribution circuits serving the area of the proposed Slick Rock Substation are experiencing increasing load levels and are approaching their capacity limits. The construction of the new substation will alleviate these loading concerns by transferring a portion of the electrical demand to the new facility. This project will improve system reliability, maintain power quality, and support continued growth within the service area.

Name of Legal Dept approver: Kristopher Pearson

Budget Impact:

Cost for the agenda item: $991,710

Amount approved in current FY budget for item: $300,000

If not approved in current FY budget or exceeds the budgeted amount, please explain
funding source:

While this exceeds the amount budgeted for the project in this FY, several projects budgeted this year will be under budget and the remaining amount of this project will be absorbed in the current FY26 5313 budget.

Description of funding source:

The remaining amount of this project will be absorbed in the current FY26 5313 budget.

Recommendation (Include any conditions):

Staff recommends approval.

RE: Various Transmission Poles Foundation Installation

On March 5, 2026, 6 bids for the Slick Rock Installation were submitted and evaluated by staff. Attached, for your reference, is a bid evaluation spread sheet and the bids are summarized below.

#1 Suncore -	$ 991,710.00
#2 Interstate Rock -	$ 1,011,550.00
#3 Caliber Contractor -	$ 1,037,629.00
#4 Feller Enterprises -	$ 1,145,050.00
#5 Advanced Construction -	$ 1,251,392.00
#6 Black and McDonald -	$ 1,615,071.00

Staff recommends that the bid is awarded to Suncore in the amount of $991,710.00.

Agenda Date: 06/18/2026 **Agenda Item Number:** 2c

Subject:

Consider approval to purchase a Pierce Manufacturing 1,500 GPM Type 1 fire engine/pumper through Siddons-Martin Emergency Group (Regional Pierce Vendor).

Item at-a-glance:

Staff Contact: Robert Stoker

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

85 South 400 East

Item History (background/project status/public process):

This request is for an additional fire apparatus utilizing a national cooperative purchasing contract HGAC FS12-23 (FIRE). Staff from the Fire and Fleet departments have been working on specifications over the past several months and the apparatus will be similar to the fire apparatus that have been purchased in the past and apparatus currently on order with Pierce Manufacturing. The City has a long history with Pierce Manufacturing spanning over 36 years. Staff recommends purchasing the Pierce Manufacturing 1,500 GPM Type 1 fire engine/pumper from Siddons-Martin Emergency Group in the amount of $1,195,908.38. Pricing for the apparatus came in at $1,368,516.00, the city received a discount of $174,607.62 for the upfront pre-payment for this apparatus. There is an additional amount of $2,000 for utilizing the national purchasing contract which brings the total amount to $1,195,908.38. Staff recommends approval contingent upon approval of the associated budget amendment.

Staff Narrative (need/purpose):

Additional fire apparatus for new stations and/or replacement of older apparatus from front line service per National Fire Protection Association (NFPA) Standards.

Name of Legal Dept approver: Kristopher Pearson

Budget Impact:

Cost for the agenda item: $1,195,908.38

Amount approved in current FY budget for item: $1,195,908.38

If not approved in current FY budget or exceeds the budgeted amount, please explain funding source:

Current Budget

Description of funding source:

Current Budget

Recommendation (Include any conditions):

Staff recommends approval contingent upon approval of the associated budget amendment.

Robert Stoker, Chief

SAINT GEORGE FIRE DEPARTMENT
85 S Flood St, SAINT GEORGE, UT 84770

Proposal For: 2026 St George Pumper

Siddons-Martin Emergency Group, LLC, is pleased to provide the following proposal to SAINT GEORGE FIRE DEPARTMENT. Unit(s) will comply with all specifications attached and made a part of this proposal. Total price includes delivery FOB and training on the operation and use of the apparatus.

Description	Amount
Qty. 1 - 1169 - 2026 St George Pumper **Unit Price - $1,368,516.00** Delivery within 49-50 months of ordered date Quote - 0011790 - 3	
Vehicle Price	$1,368,516.00
Full Prepay Discount	($174,607.62)
1169 – Unit Total	**$1,193,908.38**
Subtotal	$1,193,908.38
HGAC FS12-23 (FIRE)	$2,000.00
Total	**$1,195,908.38**

Price guaranteed until 06/13/2025.

Prepayment Discount: To receive the prepayment discount(s), if quoted, above, the Customer must pay the applicable prepayment invoice in full within forty-five (45) days of the invoice date, unless otherwise agreed in writing by Siddons-Martin Emergency Group.

Taxes: Tax is not included in this proposal. If the purchasing organization is not exempt from sales tax or any other applicable taxes and/or the proposed apparatus does not qualify for exempt status, it is the duty of the purchasing organization to pay any and all taxes due. Balance of sale price is due upon acceptance of the apparatus at the factory.

Payment Terms: Unless otherwise specifically noted and agreed upon in writing by Siddons-Martin Emergency Group, all invoices are net due upon delivery and acceptance of the apparatus. Any alternate payment terms must be expressly approved in advance and documented in a signed agreement or purchase order executed by both parties. Payments not received when due shall be subject to the late fee provisions stated below, accruing from the date payment was due until paid in full. Siddons-Martin Emergency Group reserves the right to delay delivery, withhold release of title or documentation, or impose additional charges if agreed payment terms are not met. Title and ownership of the apparatus shall not transfer to the Customer until full payment has been received by Siddons-Martin Emergency Group.

If the apparatus and any associated loose equipment, poly components, or upfitting items are purchased under a single purchase order, Siddons-Martin Emergency Group will invoice for the total purchase price upon Customer's acceptance of the apparatus, excluding any ancillary, incidental, or non-essential outstanding items. For purposes of this Agreement, "outstanding items" may include, without limitation, loose equipment, accessories, minor apparatus upfitting, punch-list items, or post-delivery buildout components that do not materially impair the Apparatus's intended operational use.

If Customer requests delivery of loose equipment, poly components, or upfitting items prior to delivery of the apparatus, Siddons-Martin Emergency Group may condition such early delivery on advance payment of the total purchase price or written confirmation that such payment has been authorized by Customer.

Late Fee: A late fee of .033% of the sale price will be charged per day for overdue payments beginning ten (10) days after the payment is due. After 30 days, the late fee increases to .044% per day until the payment is received.

Cancellation: In the event this proposal is accepted then cancelled or terminated by the Customer before completion of the order (meaning before final acceptance, delivery, and payment in full for the apparatus), Siddons-Martin Emergency Group may assess a cancellation fee as liquidated damages to recover costs incurred. All cancellations must be submitted in writing and signed by an authorized representative of the Customer. The following schedule will be applied based on the stage of completion at the time of cancellation:
(A) 10% of the Purchase Price after the order is accepted and entered by the manufacturer;
(B) 20% of the Purchase Price after completion of preliminary engineering drawings prepared for Customer review ("Approval Drawings"), whether or not the Customer has yet approved such drawings;
(C) 30% of the Purchase Price upon any material requisition or the start of production.

(D) If cancellation occurs after the apparatus has entered the production process, the Customer will be responsible for the difference between the Purchase Price and any resale price obtained by Siddons-Martin Emergency Group, plus any costs incurred by Siddons-Martin Emergency Group to conduct such resale. Siddons-Martin Emergency Group will make reasonable efforts to mitigate such costs through resale to another purchaser.
For purposes of this section, "Purchase Price" means the total sale price of the apparatus, exclusive of taxes and any approved change order items not yet invoiced. The cancellation fee will increase accordingly as costs are incurred through engineering, materials procurement, or manufacturing. Invoices for cancellation fees are due within thirty (30) days of issuance. Any unpaid balance thereafter will accrue interest or late fees at the same rates and in the same manner as provided under the Late Fee section of this proposal.

Force Majeure: Siddons-Martin Emergency Group shall not be liable for any failure or delay in the performance of its obligations if such failure or delay is due to causes beyond its reasonable control, including but not limited to acts of God, war, natural disasters, armed conflicts, acts of terrorism, labor disruptions, supply chain disruptions, governmental mandates, or any other events that are unforeseeable and unavoidable by Siddons-Martin Emergency Group. Should Siddons-Martin Emergency Group encounter such force majeure event, it shall promptly notify Customer in writing and shall use all reasonable efforts to mitigate the effects of the force majeure event and resume the performance of its obligations as soon as practicable.

Purchase price may be subject to new or increased tariffs, duties, taxes, or other governmental charges levied against, or made applicable to, the vehicle or any component thereof after the date of this proposal. Should such fees be enacted prior to order completion, Siddons-Martin Emergency Group reserves the right to revise the final cost to reflect the additional fees and will provide notice of any such adjustment.

Acceptance: To ensure the above stated terms and conditions are understood and adhered to, Siddons-Martin Emergency Group, LLC requires an authorized individual from the purchasing organization sign and date this proposal and include it with any purchase order. Upon signing of this proposal, the terms and conditions stated herein will be considered binding and accepted by the Customer. The terms and acceptance of this proposal will be governed by the laws of the State of Utah. No additional terms or conditions will be binding upon Siddons-Martin Emergency Group, LLC unless agreed to in writing and signed by a duly authorized officer of Siddons-Martin Emergency Group, LLC.

I, _____, the authorized representative of SAINT GEORGE FIRE DEPARTMENT, agree to purchase the proposed and agree to the terms of this proposal and the specifications attached hereto.

Subject:

Consider approval of a Reimbursement Agreement with Enbridge Gas Utah.

Item at-a-glance:

Staff Contact: Cameron Cutler

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

Merrill Road

Item History (background/project status/public process):

This item is for the reimbursement of drainage facilities needed to accommodate the re-alignment of a high pressure gas line along Merrill Road in conjunction with the 3000 East Storm Drain Trunk Line Project. Due to the existing elevation of the gas line, it was required that the utility be moved to accommodate the large storm drain pipe being installed in the drainage ditch. It was determined that it would be more feasible, safer, and less costly if the storm drain vault was reconfigured to allow the gas line to be installed above the storm drain. The cost to reconfigure and install the storm drain vault was determined to be an additional $129,855.07, which is to be reimbursed to the City by Enbridge.

Staff Narrative (need/purpose):

To allow a more feasible and safe location for the high pressure gas line. This alternative was also less expensive for the gas company.

Name of Legal Dept approver: Alicia Carlton

Budget Impact: No Impact

Recommendation (Include any conditions):

Staff recommends approval.

REIMBURSEMENT AGREEMENT

(City Construct – Company Reimburse City)

THIS AGREEMENT is entered into this _____ by and between the City of St. George, a Utah municipal corporation, hereinafter referred to as "City", and **Questar Gas Company, dba Enbridge Gas Utah**, a Utah corporation, herein referred to as "Company."

RECITALS

WHEREAS, Company operates and maintains an 8-inch high-pressure steel natural gas pipeline within the City's roadway right-of-way along the south side of Merrill Road, near the intersection of 3210 East and Merrill Road, St. George, Utah; and

WHEREAS, pursuant to Company's existing franchise with the City, Company is required to relocate its pipeline facilities located within the City's right-of-way at Company's expense when necessary to accommodate City public works improvements; and

WHEREAS, in order to facilitate Company's gas pipeline relocation and to minimize the required depth of the relocated pipeline, City has agreed to modify the Storm Drain Project design from a dual 54-inch storm drain pipe to a dual-cell reinforced concrete box culvert (RCBC) structure in the vicinity of the gas line conflict (the "Modified Storm Drain Design"), which will allow Company to relocate its gas line over the top of the box culvert structure at a shallower depth than would otherwise be achievable with the originally planned pipe design; and

WHEREAS, the additional cost of the Modified Storm Drain Design (dual-cell reinforced concrete box culvert) over and above the cost of the originally planned dual 54-inch storm drain pipe design shall be borne by Company as part of its obligation to accommodate the City's right-of-way improvements; and

WHEREAS, Company and City have agreed to share the costs of the repairs/upgrades as outlined in this Agreement; and

WHEREAS, City has determined that it is in the best interests of the citizens of the City to participate in this Project; and

NOW THEREFORE, in consideration of the covenants contained herein, and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

AGREEMENT

1. **THE PROJECT**. City will design and construct the following improvements along Merrill

Road near the intersection of 3210 East and Merrill Road, St. George, Utah (the "Project"):

a. **Modified Storm Drain Improvements:** City will construct a dual-cell reinforced concrete box culvert (RCBC) storm drain structure in the vicinity of Company's 8-inch high-pressure steel gas pipeline conflict area along the south side of Merrill Road, in lieu of the originally planned dual 54-inch storm drain pipe design. The box culvert design and dimensions shall be as shown on the Project construction drawings, which are attached hereto as **Exhibit A** and incorporated herein by reference.

b. **Gas Line Conflict Area:** The Modified Storm Drain Design is specifically intended to allow Company to relocate its 8-inch high-pressure steel gas pipeline over the top of the box culvert structure, thereby maintaining a shallower burial depth for the relocated gas line than would be possible with the original pipe design.

c. **Company's Gas Pipeline Relocation:** Company shall be solely responsible for designing, permitting, and constructing the relocation of its 8-inch high-pressure steel gas pipeline in coordination with the Project. Company's pipeline relocation work is not part of the City's Project scope under this Agreement but shall be coordinated with City's construction schedule.

2. **REIMBURSEMENT**. City and Company anticipate the total cost of the Modified Storm Drain Design to be **$129,855.07** (the "Reimbursable Amount"). Company agrees to reimburse City the full Reimbursable Amount, based on actual construction costs attributable to the Modified Storm Drain Design, as documented by City. City will pay all remaining costs of the Storm Drain Project not attributable to the Modified Storm Drain Design upgrade. Payment of Owner's reimbursement obligation shall be made by Company within thirty (30) days of City's submission of a final invoice documenting the actual cost differential between the Modified Storm Drain Design and the original dual 54-inch storm drain pipe design, supported by as-built cost documentation. City shall provide Company with reasonable documentation supporting the Reimbursable Amount, including contractor pay estimates and unit cost breakdowns, upon Company's written request. Estimated costs for the improvements described herein are attached hereto as Exhibit B and incorporated by reference.

3. **ENCROACHMENT ON PROPERTY**. The improvements described herein will be constructed within the City's dedicated right-of-way.

4. **FAILURE TO REIMBURSE**. Should Company fail to reimburse City as provided herein, or otherwise fail to perform its obligations pursuant to the terms of this agreement, Company recognizes the City's right to recover the costs necessary to install the improvements and make the repairs/upgrades, the interest thereon, and the cost to obtain reimbursement, therefore.

5. **REPRESENTATIVES**. The representative for the City for this Project will be City's Public Works Director or their designee. The representative for Company will be Bradley Brown.

6. **EXHIBITS**. All exhibits attached hereto are incorporated as part of this Agreement.

7. **COMPLIANCE WITH APPLICABLE LAWS**. Company expressly acknowledges and agrees that nothing in this Agreement shall be deemed to relieve Company from any obligation to comply with all applicable requirements of City including the payment of fees and compliance with all other applicable ordinances, resolutions, regulations, policies, and procedures of City, except as modified, waived or declared in this Agreement.

8. **INTEGRATION**. This Agreement contains the entire Agreement with respect to the subject matter hereof and integrates all prior conversations, discussions or understanding of whatever kind or nature and may only be modified by a subsequent writing duly executed by the parties hereto. In the event of a conflict between this Agreement and any other documents with Developer, this Agreement shall govern.

9. **RESERVED LEGISLATIVE POWERS.** Nothing in this Agreement shall limit the future exercise of the police power by the City in enacting zoning, subdivision, development, transportation, environmental, open space and related land use plans, policies, ordinances, and regulations after the date of this agreement. This Agreement is not intended to and does not bind the St. George City Council in the independent exercise of its legislative discretion with respect to such zoning regulations.

10. **NO WAIVER OF GOVERNMENTAL IMMUNITY.** Nothing in this Agreement is intended to or shall be deemed to be a waiver of the City's governmental immunity as set forth in applicable statutory and case law.

11. **GOVERNING LAW AND VENUE.** This Agreement shall be construed according to the laws of the State of Utah. The parties agree that jurisdiction and venue for all legal actions, unless they involve a cause of action with mandatory federal jurisdiction, shall be the Fifth District Court, Washington County, State of Utah. The parties further agree that the Federal District Court for the District of Utah shall be the venue for any cause of action with mandatory federal jurisdiction.

12. **LEGAL FEES.** The parties agree that they shall each pay their own attorney's fees and costs relating to or arising out of this Agreement.

13. **NOTICES.** All notices required herein, and subsequent correspondence in connection with this agreement shall be mailed to the following:

City of St. George
Attn: City Attorney
61 S. Main Street
St. George, Utah, 84770

Enbridge Gas Utah
Attn: David Bolda, Sr. Counsel
333 South State St.
Salt Lake City, UT, 84111

Copy: Cameron Cutler, Public Works Director
61 S. Main Street
St. George, Utah, 84770

Such notices shall be deemed delivered following the mailing of such notices in the United States mail. Adequate notice shall be deemed given at the addresses set forth herein unless written notice is given by either party of a change of address.

14. **SUCCESSORS AND ASSIGNS.** Company shall not assign, sublet, sell, transfer, or otherwise dispose of any interest in this Agreement without assigning the rights and the responsibilities under this Agreement and without the prior written approval of City. This Agreement shall be binding upon and inure to the benefit of the parties hereto, their successors and permitted assigns, but shall not inure to the benefit of any third party or other person.

15. **NO JOINT VENTURE, PARTNERSHIP OR THIRD-PARTY RIGHTS**. It is not intended by this Agreement to, and nothing contained in this Agreement shall, create any partnership, joint venture, or other arrangement between the parties. No term or provision of this Agreement is intended to or shall, be for the benefit of any person, firm, organization, or corporation not a party hereto, and no such other person, firm, organization, or corporation shall have any right or cause of action hereunder.

16. **SEVERABILITY.** If any provision of this Agreement is declared invalid by a court of competent jurisdiction, the remaining provisions shall not to be affected, and shall remain in full force and effect.

17. **CONSTRUCTION.** Each of the parties hereto has had the opportunity to review this agreement with counsel of their choosing and the rule of contracts requiring interpretation of a contract against the party drafting the same is hereby waived and shall not apply in interpreting this agreement.

18. **SURVIVAL.** It is expressly agreed that the terms, covenants, and conditions of this Agreement shall survive any legal act or conveyance required under this Agreement.

19. **HEADINGS.** The section and other headings in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation of this Agreement.

20. **COUNTERPARTS.** This Agreement may be executed in counterparts each of which shall be an original and shall constitute one and the same agreement.

21. **AUTHORITY OF PARTIES.** The parties executing this Agreement hereby warrant and represent that they are duly authorized to do so in the capacity stated.

IN WITNESS WHEREOF, the parties have executed this Agreement the day and year first

above written.

Subject:

Consider approval of a Reimbursement Agreement with STG Storage, LLC for Block Plant Roadway Improvements.

Item at-a-glance:

Staff Contact: Carolyn Prickett

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

1345 East 3530 South

Item History (background/project status/public process):

STG Storage, LLC is constructing a portion of roadway improvements for STG Storage Units to be known as Block Plant Road. The City would like STG Storage, LLC to construct the full roadway improvements to provide a new access to serve the public.

Staff Narrative (need/purpose):

The improvements on Block Plant Road are needed to provide an adequate access and infrastructure in the area to serve the commercial properties and future development.

Name of Legal Dept approver: Alicia Carlton

Budget Impact:

Cost for the agenda item: $101,870.88

Amount approved in current FY budget for item: $101,870.88

If not approved in current FY budget or exceeds the budgeted amount, please explain funding source:

This project is in the budget 87-8700-7302

Description of funding source:

This project is in the budget 87-8700-7302

Recommendation (Include any conditions):

CITY OF ST. GEORGE REIMBURSEMENT AGREEMENT
FOR BLOCK PLANT ROADWAY IMPROVEMENTS WITH STG STORAGE, LLC
(Developer Construct-City Reimburse Developer)

THIS AGREEMENT is entered into this _____ by and between the City of St. George, a Utah municipal corporation, ("CITY"), and STG Storage, LLC, a Utah limited liability company, ("Developer"). City and Developer are herein collectively referred to as the "Parties."

RECITALS

WHEREAS, Developer owns property at approximately 3500 S River Road, St. George, Utah (the "Property"); and

WHEREAS, Developer is developing Property for a commercial self-storage rental business, and Block Plant Road, a master planned sixty-foot (60') public right of way, will be constructed to provide public access to Property ; and

WHEREAS, with approval of the Property development, the Developer is obligated to construct a portion of Block Plant Road roadway improvements fronting the Property, including sidewalk, curb, gutter and thirty-two (32) feet of pavement width; however, the south side of the roadway fronts Utah State owned land with no foreseeable plan for development; and

WHEREAS, City desires that the Block Plant Road full right of way improvements be completed, including construction of an additional thirteen feet (13') of pavement width, curb, gutter, and sidewalk to serve the public; and

WHEREAS, City, acting pursuant to its authority under Utah Code Annotated, Section 10-9a-101, et. seq., and in furtherance of its land use policies, goals, objectives, ordinances, resolutions, and regulations has determined this Agreement is in the best interest of the citizens of the City of St. George, and, in the exercise of its legislative discretion, has elected to approve this Agreement.

AGREEMENT

NOW THEREFORE, in consideration of the covenants contained herein, and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **THE PROJECT**. At its sole expense, including all labor, materials, and equipment, Developer shall construct Block Plant Road roadway improvements as shown on Exhibit A and the City accepted infrastructure improvement plans for STG Storage Units, in accordance with the

City of St. George Standard Specifications for Design and Construction. Upon completion of all infrastructure improvements, Developer shall submit a written request to City for a final approval inspection. Following City's approval of the improvements, Developer shall provide a one-year warranty commencing on the date City approves the improvements and the Developer delivers to City a warranty document in a form approved by City.

2. **REIMBURSEMENT**. Upon completion of the Project to City's satisfaction, Developer shall request reimbursement from City in writing. The request for reimbursement shall be accompanied by a detailed description of the costs of the Project. City may request more information from Developer regarding the actual costs and management of the Project, and Developer shall comply with any such request. Within a reasonable time of the receipt of the request for reimbursement and any requested additional information, City will reimburse Developer in the amount of $101,870.88 as shown on the attached estimate, Exhibit B. The amount of City's obligation for reimbursement shall not increase due to an increase in the costs of construction without the express written consent of City.

3. **REPRESENTATIVES**. The representative for the City for this Project will be Public Works Engineering Manager, Carolyn Prickett. The representative for Developer will be STG Storage, LLC Manager, Devin Sullivan.

4. **EXHIBITS**. All exhibits attached hereto are incorporated as part of this Agreement.

5. **DESIGN AND CONSTRUCTION STANDARDS**. All design, construction, inspection, and testing associated with the Project shall comply with the City of St. George Standard Specifications for Design and Construction. It shall be the responsibility of Developer to ensure compliance with the standard specifications, and no reimbursement shall be made under this Agreement until City determines that the Project is in compliance with the standard specifications.

6. **COMPLIANCE WITH APPLICABLE LAWS**. Developer expressly acknowledges and agrees that nothing in this Agreement shall be deemed to relieve Developer from any obligation to comply with all applicable requirements of City including the payment of fees and compliance with all other applicable ordinances, resolutions, regulations, policies, and procedures of City, except as modified, waived or declared in this Agreement.

7. **INTEGRATION**. This Agreement contains the entire Agreement with respect to the subject matter hereof and integrates all prior conversations, discussions or understanding of whatever kind or nature and may only be modified by a subsequent writing duly executed by the parties hereto. In the event of a conflict between this Agreement and any other documents with Developer, this Agreement shall govern.

8. **RESERVED LEGISLATIVE POWERS.** Nothing in this Agreement shall limit the future exercise of the police power by the City in enacting zoning, subdivision, development, transportation, environmental, open space and related land use plans, policies, ordinances, and regulations after the date of this agreement. This Agreement is not intended to and does not bind the

St. George City Council in the independent exercise of its legislative discretion with respect to such zoning regulations.

9. **INDEMNITY AND LIABILITY.** Developer shall indemnify City against all claims, demands, causes or action, suits, or judgments, including but not limited to all claims, demands, causes of action, suits or judgments for death or injuries to persons or for loss of or damage to property, arising out of or in connection with the Project to the extent that it relates to performance of construction, injury, or damage related to the acts of Developer or its agents or assigns. In the event of any such claims made or suits filed against the City, City shall give Developer prompt written notice. Developer agrees to defend against any claims brought or actions filed against City, whether such claims or actions are rightfully or wrongfully brought or filed. In case a claim should be brought, or an action filed with respect to the subject of indemnity herein, Developer agrees that City may employ attorneys of its own selection to appear and defend the claim or action on its own behalf at the expense of Developer. Said attorney fees shall be reasonable and subject to review by Developer. Developer shall be responsible for all costs associated with any claim, demand, action, suit, or judgment including attorney fees for which they indemnify or defend City.

10. **NO WAIVER OF GOVERNMENTAL IMMUNITY.** Nothing in this Agreement is intended to or shall be deemed to be a waiver of the City's governmental immunity as set forth in applicable statutory and case law.

11. **GOVERNING LAW AND VENUE.** This Agreement shall be construed according to the laws of the State of Utah. The parties agree that jurisdiction and venue for all legal actions, unless they involve a cause of action with mandatory federal jurisdiction, shall be the Fifth District Court, Washington County, State of Utah. The parties further agree that the Federal District Court for the District of Utah shall be the venue for any cause of action with mandatory federal jurisdiction.

12. **LEGAL FEES.** Each party shall bear its own costs, expenses, and attorneys' fees in connection with this Agreement. This obligation includes, without limitation, all costs and expenses which may arise or accrue from enforcing this Agreement or in pursuing any remedy provided hereunder or by applicable law, whether such remedy is pursued by filing a lawsuit or otherwise.

13. **NOTICES.** All notices required herein, and subsequent correspondence in connection with this agreement shall be mailed to the following:

CITY:	City of St. George 61 S. Main St. St. George, Utah 84770	OWNER:	STG Storage LLC 1363 E 170 S Suite 303 St George, UT 84790
Attention:	City Attorney's Office	Attention:	Devin Sullivan

Such notices shall be deemed delivered following the mailing of such notices in the United States mail. Adequate notice shall be deemed given at the addresses set forth herein unless

written notice is given by either party of a change of address.

14. **SUCCESSORS AND ASSIGNS.** Developer shall not assign, sublet, sell, transfer, or otherwise dispose of any interest in this Agreement without assigning the rights and the responsibilities under this Agreement and without the prior written approval of City. This Agreement shall be binding upon and inure to the benefit of the parties hereto, their successors and permitted assigns, but shall not inure to the benefit of any third party or other person.

15. **NO JOINT VENTURE, PARTNERSHIP OR THIRD-PARTY RIGHTS**. It is not intended by this Agreement to, and nothing contained in this Agreement shall, create any partnership, joint venture, or other arrangement between the parties. No term or provision of this Agreement is intended to or shall, be for the benefit of any person, firm, organization, or corporation not a party hereto, and no such other person, firm, organization, or corporation shall have any right or cause of action hereunder.

16. **SEVERABILITY.** If any provision of this Agreement is declared invalid by a court of competent jurisdiction, the remaining provisions shall not to be affected, and shall remain in full force and effect.

17. **CONSTRUCTION.** Each of the parties hereto has had the opportunity to review this agreement with counsel of their choosing and the rule of contracts requiring interpretation of a contract against the party drafting the same is hereby waived and shall not apply in interpreting this agreement.

18. **SURVIVAL.** It is expressly agreed that the terms, covenants, and conditions of this Agreement shall survive any legal act or conveyance required under this Agreement.

19. **HEADINGS.** The section and other headings in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation of this Agreement.

20. **COUNTERPARTS.** This Agreement may be executed in counterparts each of which shall be an original and shall constitute one and the same agreement.

21. **AUTHORITY OF PARTIES.** The parties executing this Agreement hereby warrant and represent that they are duly authorized to do so in the capacity stated.

IN WITNESS WHEREOF, the parties have executed this Agreement the day and year first above written.

MAYOR'S RECOGNITIONS, PROCLAMATIONS, AND UPDATES:

Link to comments from Mayor Hughes: 00:03:40

CONSENT CALENDAR:

a. **Consider approval to ratify a Cooperation Agreement with UDOT on the I-15 Widening Project for improvements at 700 South.**

BACKGROUND and RECOMMENDATION: Included in the UDOT I-15 Widening Project is the reconstruction of the 700 South underpass structure. Some of the existing curbing will be removed to accommodate the structure widening. While UDOT has acknowledged that the curbing being removed will be replaced, it would be better to reinstall the new curbing to the location that would allow 700 South to be widened for the center turn lane under the bridge. In order to match the new curb, additional widening of the local roadway is required. The cost of the additional widening of the roadway would be the responsibility of the City. This agreement estimates the cost of the additional widening improvements at $166,357.75.

DRAFT

b. Consider approval of a reimbursement agreement with Suncore for a trail and sidewalk within the Viviano subdivision.

BACKGROUND and RECOMMENDATION: This item is for a new trail located on the easterly edge of Viviano running north and south from 1140 South to the Paseo subdivision. The remaining portion of trail to Merrill Road (to the north) has already been executed with the Paseo development. The contractor, Suncore, who is currently constructing the Viviano subdivision, would construct the new trail. The city would reimburse the contractor for an amount of $121,782.

c. Consider approval of a reimbursement agreement with Quality Excavation for asphalt pavement and roadbase.

BACKGROUND and RECOMMENDATION: This item is to increase the pavement and roadbase thickness on both Movie Rock Drive and the Trails Parkway. The developer is required to install the roadway at the minimum pavement and roadbase thicknesses outline in our city standards. The city approved the construction drawings prior to the update of the city standards. The agreement covers the cost to increase the pavement section to the needed thickness. The cost of the reimbursement agreement is $118,860.

d. Consider approval for Real Property Exchange between the City of St. George and CDHC II LLC.

BACKGROUND and RECOMMENDATION: This property exchange will allow the City to widen the sidewalk along 1450 East and will complete the trail connection between the existing Rim Rock Trail, Virgin River Trail and trail along Rim Rock Wash through Intermountain's campus. Staff recommends approval.

Link to presentation from City Manager John Willi, including discussion between the City Council and Public Works Director Cameron Cutler: 00:04:15

Agenda Packet [Page 5]

Mayor Hughes called for a vote, as follows:

Councilmember Larkin – aye
Councilmember Larsen – aye
Councilmember Tanner – aye
Councilmember Kemp – aye
Councilmember Anderson – aye

The vote was unanimous and the motion carried.

DRAFT

PUBLIC HEARING/VACATE MUNICIPAL A PORITON OF A UTILITY EASEMENT/ORDINANCE:

Public hearing and consideration of Ordinance No. 2026-040 vacating a portion of a municipal utility easement located along the easterly lot line of Lot 1 of Desert Color Commercial Phase 1.

BACKGROUND and RECOMMENDATION: The subdivision plat for Desert Color Commercial Phase 1 was recorded in 2022. Subsequently, Crush Golf was constructed on Lot 1; however, the entire lot was not developed. A narrow strip of land along the north and east boundaries of Lot 1 remains undeveloped. The proposed easement vacation will help eliminate unnecessary encumbrances and create a cleaner, more cohesive development pattern in this area. The Joint Utilities Commission recommended approval.

Councilmember Kemp – aye
Councilmember Anderson – aye

The vote was unanimous and the motion carried.

PUBLIC HEARING/VACATE MUNICIPAL UTILITY EASEMENT/ORDINANCE:

Public hearing and consideration of Ordinance No. 2026-041 vacating of a municipal utility easement located within the common and limited common area of South Desert Planned Development Phase 1 Subdivision.

BACKGROUND and RECOMMENDATION: The subdivision plat identifies Lots 102 thru 112 as building pads surrounded by common and limited common areas. During construction, it was determined that the home designs exceed the buildable pad areas shown on the recorded subdivision plat. The developer is proposing to amend the subdivision plat to reflect the actual building footprints. By vacating the adjoining municipal utility easements located within the common and limited common areas,

DRAFT

and through the proposed plat amendment, the building pads for Lots 102 thru 112 will be expanded to accommodate the home designs. The Joint Utilities Commission recommended approval.

The vote was unanimous and the motion carried.

TENTATIVELY ADOPT FY26-27 BUDGET/RESOLUTION:
Consider approval of Resolution No. 2026-007R tentatively adopting the FY 2026-27 City Manager Recommended Budget of the City of St. George and setting the public hearing dates.

BACKGROUND and RECOMMENDATION: State law requires the recommended budget to be tentatively adopted and the public hearing dates to be set during a regular or special City Council meeting prior to considering adoption of the final budget in June. The final budget is required to be adopted before June 30th each fiscal year. The FY 2026-2027 City Manager Recommended Budget was presented to the City Council and made publicly available during the Thursday May 7, 2026 City Council Meeting. A copy of the FY 2027 budget is available on the city's website at www.sgcityutah.gov/citybudget and through the City Recorder's Office. Tonight's item is to consider tentatively adopting the FY 2027 budget and to set the dates for this year's public hearings on the FY 2027 budget as Thursday June 4, 2026 and Thursday June 18, 2026 during the regularly scheduled City Council Meetings. Adoption of the Final FY 2027 budget is planned for Thursday June 18, 2026 following the public hearing. Staff recommends approval.

DRAFT

Link to introduction from City Manager John Willis and presentation from Assistant City Mangager Robert Myers, including comments from Mayor Hughes: 00:10:53

Agenda Packet [Page 57]

Link to motion: 00:15:17

MOTION:
A motion was made by Councilmember Kemp to approve Resolution No. 2026-007R tentatively adopting the FY 2026-27 City Manager Recommended Budget of the City of St. George and setting the public hearing dates as presented, to include the proposed adjustment to the recommended budget for the three Police positions.

SECOND:
The motion was seconded by Councilmember Larsen.

VOTE:
Mayor Hughes called for a roll call vote, as follows:

Councilmember Larkin – aye
Councilmember Larsen – aye
Councilmember Tanner – aye
Councilmember Kemp – aye
Councilmember Anderson – aye

The vote was unanimous and the motion carried.

ACCEPT OR DENY PETITION FOR ANNEXATION/RESOLUTION:
Consideration of Resolution No. 2026-008R to either accept or deny a Petition for Annexation for approximately 2.277 acres located at approximately 3430 East 3930 South.

BACKGROUND and RECOMMENDATION: The property proposed for annexation is located at approximately 3430 East 3930 South and is identified as Tax ID No. 6615-A. This resolution is an initial step in the annexation process. If accepted, the City will proceed with the required statutory steps for review and consideration of the proposed annexation under Utah law.

Link to Mayor Hughes noting that he has a conflict on this item and left the meeting, introduction from City Manager John Willis and presentation from Assistant Public Works Director Wes Jenkins, including discussion between the City Council, Mayor Pro Tem Larkin, City Attorney Ryan Dooley, applicant's representative Eric McFadden, and Mr. Jenkins: 00:16:18

Agenda Packet [Page 59]

Link to motion: 00:35:08

MOTION:
A motion was made by Councilmember Kemp to approve Resolution No. 2026-008R to deny a Petition for Annexation for approximately 2.277 acres located at approximately 3430 East 3930 South with the suggestion that the

DRAFT

applicant re-file as soon as possible and bring the entire parcel (6615-A) into the City so the City can start the process.

SECOND:

The motion was seconded by Councilmember Larkin.

VOTE:

Mayor Pro Tem Larkin called for a roll call vote, as follows:

Councilmember Larkin – aye
Councilmember Larsen – nay
Councilmember Tanner – nay
Councilmember Kemp – aye
Councilmember Anderson – nay

The motion failed.

Link to motion: 00:36:01

MOTION:

A motion was made by Councilmember Tanner to approve Resolution No. 2026-008R to accept the Petition for Annexation for approximately 2.277 acres located at approximately 3430 East 3930 South.

SECOND:

The motion was seconded by Councilmember Larsen.

VOTE:

Mayor Pro Tem Larkin called for a roll call vote, as follows:

Councilmember Larkin – nay
Councilmember Larsen – aye
Councilmember Tanner – aye
Councilmember Kemp – nay
Councilmember Anderson – aye

The motion carried.

GENERAL PLAN AMENDMENT/ORDINANCE:

Consider approval of Ordinance No. 2026-042 amending the City's General Plan by changing the general plan from LDR (Low Density Residential) to COM (Commercial) on approximately 2.2 acres generally located west of the Tuscan Hills and Tuscan Heights development. (Case No. 2026-GPA-005 - Larson Property)

BACKGROUND and RECOMMENDATION: The General Plan on the subject property calls for LDR (Low Density Residential). LDR, OS (Open Space), and SL (Sensitive Land) are prevalent in the area. With some of the changes anticipated in the area, the applicant is asking for a change of general plan designation from LDR (Low Density Residential) to COM (Commercial) on 2.2 acres of their property. At their meeting held on April 28, 2026, the Planning Commission held a public hearing, and recommended approval with no conditions, with a vote of 6-0; there were two public comments with concerns about the potential commercial uses at the site.

DRAFT

Agenda Packet [Page 65]

Link to motion: 00:40:05

MOTION:
A motion was made by Councilmember Kemp to approve Ordinance No. 2026-042 amending the City's General Plan by changing the general plan from LDR (Low Density Residential) to COM (Commercial) on approximately 2.2 acres generally located west of the Tuscan Hills and Tuscan Heights development.

SECOND:
The motion was seconded by Councilmember Anderson.

VOTE:
Mayor Hughes called for a roll call vote, as follows:

Councilmember Larkin – aye
Councilmember Larsen – aye
Councilmember Tanner – aye
Councilmember Kemp – aye
Councilmember Anderson – aye

The vote was unanimous and the motion carried.

PD AMENDMENT/ORDINANCE:
Consider approval of Ordinance No. 2026-043 amending the Atkinville Interchange Area Zone Planned Development Commercial zone on approximately 3.04 acres generally located east of Pioneer Road and north of Sun River Parkway. (Case No. 2026-PDA-010 - Irvine Mixed Commercial Use)

BACKGROUND and RECOMMENDATION: The proposal is for a new, three-story mixed commercial use building. The underlying general plan is PD (Planned Development). At their meeting held on April 28, 2026, the Planning Commission held a public hearing, and recommended approval with two conditions, with a vote of 6-0; there were no public comments.

Agenda Packet [Page 80]

Link to motion: 00:46:54

MOTION:
A motion was made by Councilmember Larsen to approve Ordinance No. 2026-043 amending the Atkinville Interchange Area Zone Planned Development Commercial zone on approximately 3.04 acres generally located east of Pioneer Road and north of Sun River Parkway.

DRAFT

SECOND:
The motion was seconded by Councilmember Kemp.
VOTE:
Mayor Hughes called for a roll call vote, as follows:

Councilmember Larkin – aye
Councilmember Larsen – aye
Councilmember Tanner – aye
Councilmember Kemp – aye
Councilmember Anderson – aye

The vote was unanimous and the motion carried.

PD AMENDMENT/ORDINANCE:
Consider approval of Ordinance No. 2026-044 amending the Desert Color Planned Development Commercial zone on approximately 0.75 acres located east of Desert Color Pkwy and between Southern Parkway and Black Mountain Drive. (Case No. 2026-PDA-011 - Taco Bell Desert Color)

BACKGROUND and RECOMMENDATION: The proposal is for a fast-food restaurant (Taco Bell) in the Desert Color PD-C (Planned Development Commercial) zone. At their meeting held on May 12, 2026, the Planning Commission held a public hearing and recommend approval with two conditions, with a vote of 5-0; there were no public comments.

MOTION:
A motion was made by Councilmember Kemp to approve Ordinance No. 2026-044 amending the Desert Color Planned Development Commercial zone on approximately 0.75 acres located east of Desert Color Pkwy and between Southern Parkway and Black Mountain Drive with the conditions outlined in the packet.
SECOND:
The motion was seconded by Councilmember Anderson.
VOTE:
Mayor Hughes called for a roll call vote, as follows:

Councilmember Larkin – aye
Councilmember Larsen – aye
Councilmember Tanner – aye
Councilmember Kemp – aye
Councilmember Anderson – aye

The vote was unanimous and the motion carried.

DRAFT

PD AMENDMENT/ORDINANCE:

Consider approval of Ordinance No. 2026-045 amending the City Zoning Map by changing the zone from PD-R (Planned Development Residential) and R-1-7 (Residential Single-Family 7,000 sq ft lot minimum) to R-1 (Single-Family) on approximately 101.61 acres generally located north of South Desert Townhomes and the current end of Hamilton Drive. (Case No. 2026-ZC-007 - Southern Hills East Areas 5-9)

BACKGROUND and RECOMMENDATION: The underlying general plan is MDR (Medium Density Residential) 5-9 DUA (Dwelling Units per Acre). At their meeting held on April 28, 2026, the Planning Commission held a public hearing recommending approval with no conditions, by a unanimous vote of 6-0. No public comments were received.

COMMENTS FROM THE PUBLIC:

There were no comments from the public.

DRAFT

CONSENT CALENDAR:

a. Consider approval of reimbursement agreement with Quality Excavation for irrigation lines at Desert Canyons.

BACKGROUND and RECOMMENDATION: This is a reimbursement agreement for the contractor to install lines that have been identified in the master plan as part of the subdivision improvements. Staff recommends approval in the amount of $29,885.15.

b. Consider approval to purchase computer equipment from GovConnection utilizing the State Contract.

BACKGROUND and RECOMMENDATION: This item is for the purchase of 78 computers for various departments throughout the city utilizing the state contract through GovConnection. Staff recommends approval of the computers at a total price of $127,696.46.

d. Consider approval of the minutes from the meetings held on May 7, 2026 (Work Meeting); May 7, 2026 (Regular Meeting); and May 21, 2026.

Link to presentation from City Manager John Willis, including him noting that item 3c has been removed from the agenda: 00:35:36

Agenda Packet [Page 4]

Link to motion: 00:36:15

MOTION:
A motion was made by Councilmember Kemp to approve the consent calendar as presented, with item 3c removed.

SECOND:
The motion was seconded by Councilmember Anderson.

VOTE:
Mayor Hughes called for a vote, as follows:

Councilmember Larkin – aye
Councilmember Larsen – aye
Councilmember Tanner – aye
Councilmember Kemp – aye
Councilmember Anderson – aye

The vote was unanimous and the motion carried.

PUBLIC HEARING/FY 2026-2027 BUDGET:

Public hearing to receive input on the Fiscal Year 2026-27 Budget.

BACKGROUND and RECOMMENDATION: State Law requires the City to hold a public hearing to receive citizen input prior to final adoption of the budget which must occur before June 30th each year. This year the City will hold two public hearings to gather

DRAFT

citizen input on the FY 2026-27 Budget. Tonight's item will be this year's first public hearing with the second public hearing planned to be held on June 18, 2026. Final adoption of the FY 2026-27 Budget is planned for June 18, 2026 following the second public hearing. A copy of the FY 2026-27 Budget was presented to the City Council during the May 7th City Council meeting and has been publicly available on the city's website and in the City Recorder's Office since that time. Staff recommends holding a public hearing to receive input on the Fiscal Year 2026-27 Budget.

PUBLIC HEARING/VACATE PORTION OF MUNICIPAL UTILITY EASEMENT/ORDINANCE:

Public hearing and consideration of Ordinance No. 2026-046 vacating a portion of a municipal utility easement located five feet inside the northerly lot line and within the adjacent common area of Lot 406, Desert Color Resort Phase 4B and Phase 6.

BACKGROUND and RECOMMENDATION: Lot 406 is currently configured with common area on its northern and western borders. The applicant is requesting the easement vacation to expand the property's northern boundary line into the adjacent common area to construct a slightly larger home. By vacating the requested municipal utility easements, some of which are designated in the common area, and by amending the subdivision plat, Lot 406 will increase in size. The required municipal utility easements on the proposed configuration of Lot 406 are proposed with the application of the subdivision amendment.

Link to introduction from City Manager John Willis and presentation from Assistant Public Works Director Wes Jenkins: 00:54:59

Agenda Packet [Page 46]

Link to public hearing; there were no comments: 00:56:53

Link to motion: 00:57:10

DRAFT

MOTION:

A motion was made by Councilmember Tanner to approve Ordinance No. 2026-046 vacating a portion of a municipal utility easement located five feet inside the northerly lot line and within the adjacent common area of Lot 406, Desert Color Resort Phase 4B and Phase 6.

SECOND:

The motion was seconded by Councilmember Larkin.

VOTE:

Mayor Hughes called for a roll call vote, as follows:

Councilmember Larkin – aye
Councilmember Larsen – aye
Councilmember Tanner – aye
Councilmember Kemp – aye
Councilmember Anderson – aye

The vote was unanimous and the motion carried.

AMEND HILLSIDE RIDGE LINE MAP/ORDINANCE:

Consider approval of Ordinance No. 2026-047 to amend the Hillside Ridge Line Map at 785 West Sir Monte Drive. (Case No. 2026-HS-001 - Rath ADU)

BACKGROUND and RECOMMENDATION: The City approved a hillside Ridge Line Map a number of years ago that designated on this map all ridgelines that were defined as a Cuesta Ridge or a Plateau Ridge. A ridgeline defined as a Cuesta Ridgeline was given a 100-foot set back from the ridgeline to any structure and a ridgeline defined as a Plateau Ridgeline was given a 50-foot setback from the ridgeline to any structure. All other ridgelines within the hillside overlay zone were given a 30-foot setback from the ridgeline to any structure. With the approval of the Ridge Line Map, the ridgelines along the south and west sides of this parcel were designated as a Cuesta with the 100-foot setback to the structure. The Hillside Review Board unanimously recommended approval of the hillside permit to change the west ridgeline on this parcel from a Cuesta Ridgeline as shown on the City's Ridgeline Map to a Ridgeline. The Planning Commission recommended approval, with a 5-2 vote.

Link to introduction from City Manager John Willis and presentation from Assistant Public Works Director Wes Jenkins, including discussion between the City Council, City Manager John Willis, and Mr. Jenkins: 00:57:49

Agenda Packet [Page 50]

Link to motion: 01:10:05

MOTION:

A motion was made by Councilmember Larkin to approve Ordinance No. 2026-047 to change the west ridge line on this parcel from a cuesta ridgeline as shown on the City’s ridgeline map to a ridgeline.

SECOND:

The motion was seconded by Councilmember Kemp.

DRAFT

VOTE:

Mayor Hughes called for a roll call vote, as follows:

Councilmember Larkin – aye
Councilmember Larsen – aye
Councilmember Tanner – aye
Councilmember Kemp – aye
Councilmember Anderson – aye

The vote was unanimous and the motion carried.

DRAFT

Agenda Date: 06/18/2026 **Agenda Item Number:** 03

Subject:

Public hearing to review and take public comment regarding the proposed transfers from Enterprise Funds to Other Funds included in the recommended fiscal year 2026-27 budget.

Item at-a-glance:

Staff Contact: Robert Myers

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

61 South Main Street

Item History (background/project status/public process):

The General Fund provides administrative and overhead support to the enterprise (business-type) funds. These services include human resources, legal, technology, fleet maintenance, and other administrative services. If these functions were not provided by the General Fund, the enterprise funds would need to hire additional employees and pay the direct personnel, materials and supplies, and equipment costs and/or hire consultants and pay their fees. Staff recommends holding the public hearing.

Staff Narrative (need/purpose):

The City of St. George General Fund provides administrative and overhead support to the enterprise (business-type) funds. These services include human resources, legal, technology, fleet maintenance and other administrative services. The City calculates the estimated costs to provide these services to the enterprise funds and each enterprise fund transfers their proportionate share of the costs to the General Fund to reimburse for these costs. If these functions were not provided by the General Fund, the enterprise funds would need to hire additional employees and pay the direct personnel, materials and supplies, and equipment costs and/or hire consultants and pay their fees. City Management believes the amount transferred to the General Fund as reimbursement is less than the cost the Enterprise Funds would pay to directly hire for these services and/or contract with a third party. The enterprise funds also participate in capital projects and equipment purchases with other funds. The total project costs are expensed in the other funds and each enterprise fund transfers their proportionate share of the costs. Combining with the other funds, the City is saving costs by combining like projects with the different funds.

Name of Legal Dept approver: Ryan Dooley

Budget Impact: No Impact

Recommendation (Include any conditions):

Staff recommends holding the public hearing.

Attachments

Notice of Public Hearings

Purpose: The City of St. George, Utah will hold public hearings to review and take public comment regarding the proposed fiscal year 2026-2027 budget and transfers from Enterprise (Business-type) Funds to Other Funds.

Public Hearing: *Thursday, June 18, 2026 at 5:00 pm. St. George City Hall, 61 S Main St., St. George, UT 84770*

Background: The City of St. George General Fund provides administrative and overhead services to the enterprise (business-type) funds. These services include human resources, legal, technology, fleet maintenance and other administrative services. The City calculates the estimated costs to provide these services to the enterprise funds; and each enterprise fund transfers their proportionate share of the costs to the General Fund. If these functions were not provided by the General Fund, the enterprise funds would need to hire additional employees and pay the direct personnel, materials and supplies, and equipment costs and/or hire consultants and pay their fees. City Management believes the amount transferred to the General Fund is less than the value of the services received and/or the amount which would be billed by a third party.

The enterprise funds also participate in capital projects and equipment purchases with other funds. The total project costs are expensed in the other funds and each enterprise fund transfers their proportionate share of the costs. Combining with the other funds, the City is saving costs by combining like projects with the different funds. For fiscal year 2026-2027, the transfers are budgeted as follows:

Fund	Transfers for Administrative and Overhead	Transfers for Costs Not Associated to the Fund	Percent of Fund's Expenditure Budget
Electric Fund	$ 2,174,492	$ 0	2.5%
Water Fund	$ 1,855,021	$ 0	3.4%
Wastewater Collection	$ 217,879	$ 0	3.3%
Regional Wastewater Treatment	$ 728,051	$ 0	2.2%
Refuse Collection	$ 374,685	$ 0	3.8%
Drainage Fund	$ 58,894	$ 0	1.5%
Airport Fund	$ 298,387	$ 0	
Total to the General Fund	$ 5,707,409	$ 0	

Both Public Hearings will be held on Thursday, June 18, 2026 at 5:00 pm. St. George City Hall, 61 S Main St

For more information, visit the city website at https://sgcityutah.gov/publicnotice

Transfers from Enterprise funds for Capital Outlays in fiscal year 2026-2027 are budgeted as follows:

Specific Capital Project	Enterprise Fund	Fund Receiving Transfer	Budgeted Transfer
New City Hall contribution to fund share of the facility supporting utility customers and operations	Water Fund, Energy Fund, Wastewater Fund, WW Treatment Fund	General Capital Project Fund, Municipal Building Authority Fund	$491,995
Fort Pierce Wash Maintenance	Drainage Fund	Public Works Capital Project Fund	$200,000
Large Storm Drain Rehabilitation	Drainage Fund	Public Works Capital Project Fund	$2,000,000
Capital Equipment	Drainage Fund	General Fund	$279,827
Total Transfers for Capital Projects			$2,971,822

Agenda Date: 06/18/2026 **Agenda Item Number:** 04

Subject:

Public hearing to review and take public comment regarding non-reciprocal transfers for unbilled utility services from the Electric, Water, and Sewer Funds to other City Funds.

Item at-a-glance:

Staff Contact: Tiffany LaJoice

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

61 South Main Street

Item History (background/project status/public process):

The City of St. George has funds that operate as business-type funds, providing water, energy, and sewer collection and treatment services to customers and charging fees based upon consumption (usage) at rates established by the St. George City Council. Most city-owned facilities are charged for these services, but some services are provided directly back to the City at no cost. Staff recommends holding the public hearing.

Staff Narrative (need/purpose):

The Water Fund provides water and irrigation water to some city parks, landscaping, city facilities, golf courses, and right-of-ways. Similarly, the Electric Fund provides power to city wells and pump stations used by the Water Fund to distribute water to customers. For the current fiscal year ending June 30, 2025, the total amount of unbilled services is $1,384,806 for water and irrigation, $62,910 for sewer collection and treatment, and $1,330,055 for electricity. The costs indicated in this notice are already included in the rates utility customers are currently paying, and we estimate that each customer is billed an average of $2.53 per month for these costs. This notice is for informational purposes only and this practice of unbilled utility services does not result in a proposed increase in the water, electric, or sewer rates.

Name of Legal Dept approver: Ryan Dooley

Budget Impact: No Impact

Recommendation (Include any conditions):

Staff recommends holding the public hearing.

Notice of Public Hearing

Purpose: The City of St. George, Utah will hold public hearings to review and take public comment regarding non-reciprocal transfers for unbilled utility services from the Electric, Water, and Sewer Funds to other City Funds.

Public Hearing: *Thursday, June 18, 2026 at 5:00 pm. St. George City Hall, 61 S. Main St., St. George, UT 84770*

Background: The City of St. George has funds that operate as business-type funds, providing water, energy, and sewer collection and treatment services to customers and charging fees based upon consumption (usage) at rates established by the St. George City Council. Most city-owned facilities are charged for these services, but some services are provided at no cost to the City. For example, the Water Fund provides water and irrigation water to some city parks, city facilities, golf courses, and landscaped rights-of-way. Similarly, the Electric Fund provides power to city wells and pump stations used by the Water Fund to distribute water to customers. For the current fiscal year ending June 30, 2026, the total amount of unbilled services is $1,311,341 for water and irrigation, $70,495 for sewer collection and treatment, and $1,524,656 for electricity.

The costs indicated in this notice are already included in the rates utility customers are currently paying, and we estimate that each customer is billed an average of $2.35 per month for these costs. This notice is for informational purposes only and the practice of unbilled utility services does not result in a proposed increase in the water, electric, or sewer rates.

The FY 2026-2027 budget does include proposed rate increases for residential and commercial customers due to increased costs from suppliers and other infrastructure needs. Visit https://sgcityutah.gov for more information.

For the current fiscal year 2025-2026, the amount of unbilled utility services is as follows:

Fund Receiving Service	Unbilled Electricity	Unbilled Water & Irrigation	Unbilled Sewer
General Fund	$ 36,366	$ 1,252,071	$ 61,572
Water Fund	$1,442,896	$ 13,109	$ 2,427
Energy Fund	$ 45,394	$ 4,584	$ 5,592
Regional Wastewater Treatment	$ 0	$ 41,316	$ 0
Public Transit Fund	$ 0	$ 262	$ 904
Total Unbilled Amount	$ 1,524,656	$ 1,311,341	$ 70,495

For next fiscal year 2026-2027, the amount of unbilled utility services are budgeted as follows:

Fund Receiving Service	Unbilled Electricity	Unbilled Water & Irrigation	Unbilled Sewer
General Fund	$ 36,366	$ 1,252,071	$ 61,572
Water Fund	$1,442,896	$ 13,109	$ 2,427
Energy Fund	$ 45,394	$ 4,584	$ 5,592
Regional Wastewater Treatment	$ 0	$ 41,316	$ 0
Public Transit Fund	$ 0	$ 262	$ 904
Total Unbilled Amount	$ 1,524,656	$ 1,311,341	$ 70,495

Tiffany M. LaJoice, Finance Director; Robert Myers, Assistant City Manager;
Bryan Dial, Energy Services Director; Scott B. Taylor, Water Services Director;
and Cameron H. Cutler, Public Works Director; Jared Edwards, Budget Manager

Agenda Date: 06/18/2026 **Agenda Item Number:** 05

Subject:

Consider approval of Resolution No. 2026-009R amending and adopting fees for various services and recreational activities.

Item at-a-glance:

Staff Contact: Chad Moultrie

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

61 South Main Street

Item History (background/project status/public process):

Each year, the City reviews its associated services and fees to ensure the sufficiency of fee coverage. The City has recognized some areas where fee increases are necessary to cover related costs. Increased fees will become effective on July 1, 2026. Staff recommends approval of the resolution.

Staff Narrative (need/purpose):

Each year, the City reviews its associated services and fees to ensure the sufficiency of fee coverage. The City has recognized some areas where fee increases are necessary to cover related costs. Increased fees will become effective on July 1, 2026. Staff recommends approval of the resolution.

Name of Legal Dept approver: Ryan Dooley

Budget Impact: No Impact

Recommendation (Include any conditions):

Staff recommends approval.

UTILITY FEES

SGRWRF LAB - Special Testing Fees and Charges

Coilert presence/absence for Total Coliforms and E.Coli Test	$20 per test
Coilert QuantiTray Coliforms and E.Coli Test	$25 per test
BOD Test	$35 per test
TSS Test	$20 per test
TDS Test	$20 per test
NH3 Test	$20 per test
TKN (and NO3-NO2) Test	$50 per test
pH Test	$20 per test
Turbidity Test	$20 per test
Total Phosphorus Test	$30 per test

UTILITY RATES - Special Fees and Charges

Late payment charge (current water and electric only)	5%
Mailing of Shutoff Notice	$10
Service reconnection when in Shutoff status	$25
Temporary power meter connection fee	$100
Wrongly marked base	$35
After Hour Permanent Power Connection *(new service with new meter (2 men/1 hr)*	$186
Electric Meter Test	$50
Returned payment charge (Per Title 1, Chapter 10, Article C of City Code) *(Bank Fees on Return Checks and Other Returned Item Fees)*	$20
Discount for Active Duty Military Personnel deployed out of the Country	up to $75 per month
Deposit: Residential (Renters only)	$125
Deposit: Commercial/Business (Renters only) *(Higher of average usage of a 6-week period or $150.00)*	$150+
Power Factor Adjustment: If the Commercial power factor is found to be less than 95%, customer will be penalized 1% for every percent below 95%. Currently, power factor is only read on customers with equal to or greater than 750 kW demand.	
Streetlights: (see Street Light Policy)	
Yard Lights: +$15/month plus tax for maintenance *(No new yard lights will be installed, maintenance will continue only on existing yard lights)*	$15/month
Pad Mounted Switch gear (per fuse bay and fuse doors)	$8,000

1 φ secondary	$800
Services for above 400 amp CT Meters	$500

UTILITY FEES

UTILITY RATES - Special Fees and Charges - continued

Power Inspection Fees

Residential Subdivision (see Note 1)	$65/lot
Townhomes/Planned Development (see Note 1)	$65/building or unit
Single Phase Transformer Inspection	$65
Three Phase Transformer Inspection	$300
Power Trench Inspection - projects with 1 - 3 trenches	$65
Power Trench Inspection - projects with more than 3 trenches	To be determined by Staff
Commercial Inspection Fee (see note 2)	$275
(If one contractor installs off-site power improvements and another constractor installs on-site power improvements, each contractor will be billed an inspection fee of $275)	
Residential or Commercial (overhead service drop)	$600

Note 1: If the subdivision/development is built in phases, the inspection fees will be based on the number of lots receiving service off of the installation of secondary boxes and transformers in initial power phase construction. If there are changes made to the system, fees need to be paid in full before the Certificate of Occupancy is issued. See Example: The inspection fees for primary power installations for planned developments or phased projects will be billed based on the number of secondary services shown on the approved phase drawing. If the building phase shows eight lots, but the power installation shows eight services plus an additional ten for future lots, the inspection bill will be based on eighteen lots.
Note 2: If one contractor installs off-site power improvements and another contractor installs on-site power improvements, each contractor will be billed an inspection fee of $275.

Water and Wastewater Inspection Fees

Residential Subdivision	$65/lot
Townhomes/Planned Developments	$65/building or unit
Commercial (per meter location)	$500
MEGA Projects (Malls/Shopping Centers)	To be determined by Staff

Equipment

2-3 yd. loader	$85/hr
10-wheel dump truck	$85/hr
Backhoe (rubber tires)	$85/hr
Trencher (ditch witch)	$85/hr
Thumper	$85/hr
Generator (Gas 15 kW 120V 26 Amp)	$25/hr
Pumps 3" pump	$25/hr
Equipment trailers	$25/hr
Forklift	$85/hr
Air Compressor	$85/hr
Tensioner	$85/hr
Puller	$85/hr

Tapping's made by City crews for the following services will be billed at the rate shown.

3/4 Inch	$75
1 Inch	$75
1 ½ Inch	$150
2 Inch	$150
3" and greater	$250

UTILITY FEES

UTILITY RATES - Special Fees and Charges - continued

Trucks

Bucket Trucks (Aerial Lift)	$149/hr
Digger Trucks (Derrick Hydraulic Digger)	$146/hr

RESOLUTION NO. _____

A RESOLUTION OF THE CITY OF ST. GEORGE, UTAH AMENDING AND ADOPTING FEES FOR VARIOUS SERVICES AND RECREATIONAL ACTIVITIES

WHEREAS, the City of St. George has adopted a Master Fee Schedule for various services and recreational activities; and

WHEREAS, the City of St. George has determined the need to amend fees to assist in offsetting the cost of the provision of various services and recreational programs provided by the City; and

WHEREAS, the City of St. George will be adopting a budget for fiscal year 2026-2027 incorporating the fee changes to the Master Fee Schedule which will become effective July 1, 2026.

NOW, THEREFORE, BE IT RESOLVED, that the St. George City Council hereby amends and adopts the following fees per the attached chart marked as Exhibit "A" for the performance of the services and recreational activities enumerated herein which shall become effective July 1, 2026. All other fees heretofore adopted shall continue as adopted.

PASSED AND ADOPTED by the City Council of the City of St. George this 18th day of June, 2026.

Agenda Date: 06/18/2026 **Agenda Item Number:** 06

Subject:

Public hearing to receive input on the Fiscal Year 2026-27 Budget and consideration of Resolution No. 2026-010R for final adoption of the FY 2026-27 Budget.

Item at-a-glance:

Staff Contact: Robert Myers

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

61 South Main Street

Item History (background/project status/public process):

The FY 2026-27 Budget and Business Plan is the city's action plan for delivering the high quality municipal services that our residents, businesses, and visitors desire and expect. Developed in alignment with the City Council's priorities outlined in the FY 2027 Business Plan, this budget reflects a commitment to strategic planning and investment as well as strong financial stewardship. Major investments in this year's budget are focused on achieving the City Council's priorities identified in the FY 2027 Business Plan. Some of these investments include enhancements in public safety with new equipment and improvements to facilities, critical utility and transportation infrastructure improvements, additions to the parks and trails system from the 2023 voter-approved General Obligation Bond, and targeted initiatives in operational excellence, workforce development and customer service. A copy of FY 2026-27 Budget is publicly available for review on the city's website at www.sgcityutah.gov/budget and through the City Recorder's Office. This year the city will have held two public hearings to gather citizen input on the FY 2026-27 Budget. Tonight's meeting includes the second public hearing. Staff recommends holding the public hearing and at the conclusion of the public hearing approval of the resolution to adopt the Final Fiscal Year 2026-27 Budget.

TENTATIVE BUDGET AND BUSINESS PLAN

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

City of St. George City
Utah

For the Fiscal Year Beginning

July 01, 2025

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to City of St. George, Utah, for its Annual Budget for the fiscal year beginning July 1, 2025.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

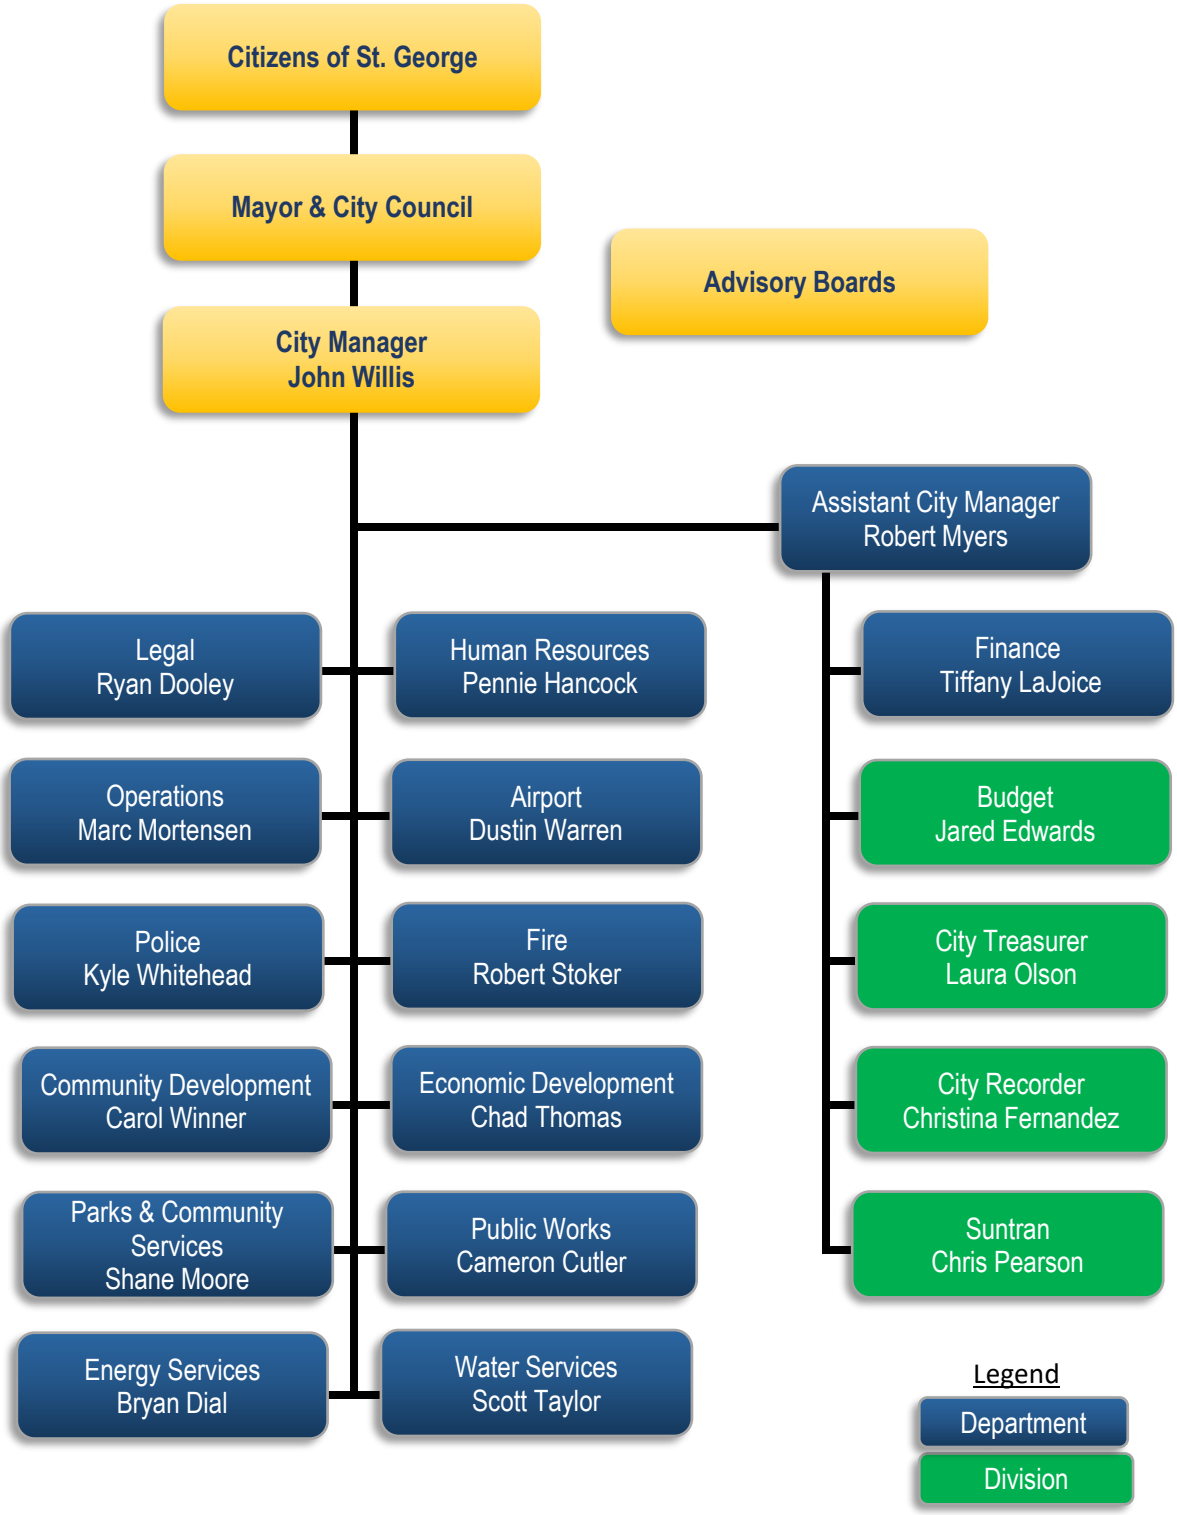
Scott Taylor	Water Services Director

City of St. George - Organization Chart



May 7, 2026

To the Honorable Mayor and Members of the City Council:

It is my privilege to submit the City of St. George FY 2027 Recommended Budget to the City Council and community. This budget is more than a financial document—it is our action plan for delivering the high-quality municipal services that our residents, businesses, and visitors expect. Developed in alignment with the City Council's priorities outlined in the FY 2027 Business Plan, this budget reflects a commitment to strategic planning, targeted investment, and strong financial stewardship. Staff have worked diligently to develop a balanced budget that advances the Council's priorities for FY 2027.

Major investments in this year's budget are aligned with the City Council's priorities identified in the FY 2027 Business Plan and are focused on delivering measurable results across key service areas. These investments include enhancements in public safety through staffing, technology, and equipment; significant utility, transportation, and infrastructure projects necessary to support critical services and expansion of the parks and trails system funded by the 2023 voter-approved General Obligation Bond.

The budget also advances targeted initiatives in financial stability and operational excellence, along with workforce development and customer service—strengthening internal capabilities through process improvement, employee development, and enhanced service delivery. Together, these investments position the City to effectively serve a growing and vibrant community into the future.

The FY 2027 Recommended Budget does not include a property tax increase. Targeted fee adjustments are proposed in select areas to keep pace with rising service costs while ensuring the City remains on strong financial footing.

The following pages provide a detailed overview of the funding recommendations and service priorities for the year ahead. On behalf of our staff, I am proud to present the FY 2027 Recommended Budget to the City Council for your consideration and look forward to your feedback.

City Council Priorities & Business Plan

This year's budget process began with a focused effort to align the City's financial planning with the policy direction of the Mayor and City Council. In December, Council Members participated in a survey to reaffirm the City's vision, mission, goals, and key priorities. That input became the foundation for a dedicated goal-setting retreat held in February—now in its fourth year—where staff and Council collaborated to identify the strategic objectives and measurable outcomes that would define success in FY 2027. This work culminated in a Budget Retreat held in March – where staff identified the cost of the proposed business plan and received further direction from the City Council in refining a business plan for FY 2027.

Out of this process came the FY 2027 Business Plan—a critical component of this year's recommended budget. The Business Plan builds on the Council's priorities by establishing clear objectives and practical strategies designed to "move the needle" in each key area of focus. It serves as both a roadmap for departments and a tool for performance tracking, ensuring that the budget is not just a financial document but a strategic guide to action.

The FY 2027 Business Plan is the foundation of what the city will be working to achieve during FY 2027 and can be found in the "Business Plan" section of this year's budget document. This section provides the City Council's vision, mission, goals, and budget priorities in addition to outlining the specific actions (objectives & strategies) that will be taken throughout FY 2027.

Economy

The national and state economies have continued to demonstrate resilience over the past year. Labor markets remain strong, with unemployment nationally at 4.3% and 3.8% in Utah. Inflation has begun to trend upward again, reaching 3.3% as of March and continues to remain above the Federal Reserve's 2% target. GDP growth slowed in Q4 2025 to approximately 0.5% but is expected to rebound in early 2026, with estimates near 2%. While these indicators point to general economic stability, the outlook has become increasingly uncertain over the past few months, in part due to geopolitical instability with conflict in the Middle East, and its impact on global markets.

The Federal Reserve implemented multiple rate cuts during 2025 but has held the federal funds rate steady at approximately 3.75% so far this year. Despite adjustments last year, interest rates remain elevated relative to prior years and continue to affect interest-sensitive sectors such as housing and auto sales, placing additional pressure on household finances.

Locally, St. George continues to experience steady growth, with multiple large-scale developments underway, including the recent opening of a second Costco, which will continue to support economic activity and local revenues.

Economic conditions will have a direct impact on the revenue the City will generate in the coming year to provide services. As a result, staff developed revenue estimates conservatively for FY 2027. While the economy continues to show underlying strength, the level of uncertainty remains elevated and the budget reflects a measured approach given the current environment.

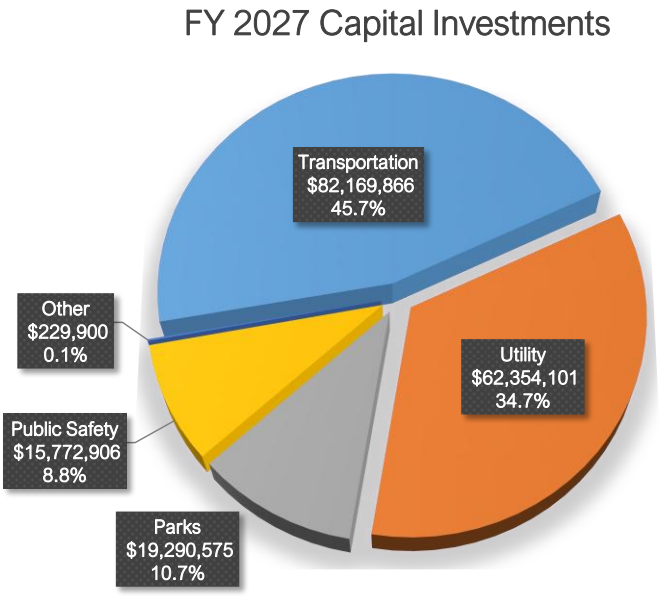
Capital Investment

A defining theme in the FY 2027 Recommended Budget is planning for and responding to the rapid and ongoing growth within the St. George community. St. George continues to be one of the fastest growing city's in the nation and with this growth brings with it a host of infrastructure needs—from expanded roadways to accommodate increasing traffic, to new utility lines, fire stations, and facilities needed to serve our growing population.

St. George's expansive geography—covering 78.5 square miles—and its stunning natural features like mesas, rivers, and canyons, contribute greatly to the area's unique charm and high quality of life. However, these same features also present logistical and financial challenges in delivering services efficiently. Providing reliable service across a vast and diverse landscape requires a larger network of roads, utility infrastructure, stormwater systems, and public safety facilities than is typical for other cities of similar population sizes. These demands place increased pressure on the city's budget and long-term capital planning.

Adding to this challenge has been the broader construction climate. Over the past few years, high inflation, labor shortages, supply chain issues, and material cost increases have created a difficult environment for

public infrastructure investment. While some of these factors have begun to ease challenges continue to persist in this area.



To keep up with the infrastructure needs of the community the FY 2027 Proposed Budget includes a total of $178.1 million in capital investments (projects and equipment) across all city funds which is roughly 33% of the city's combined budget making capital investment the second largest area of expense for FY 2027.

Included in this investment is $82.2 million dedicated to transportation and airport infrastructure. Major projects include the 1450 South extension to Crosby Way (George Washington Blvd) which is currently under construction with the bridge breaking ground earlier this year, A new interchange on Southern Parkway (Exit 5) is anticipated to be under construction, along with a major stretch of the SR-7 Trail and the northern portion of gap canyon. At the airport, the new air traffic control tower is anticipated to be complete this fall followed by the completion of the reconstruction of a significant portion of Taxiway A. These investments will help ease congestion, enhance regional connectivity, and support the safe and efficient movement of people and goods throughout the community.

The city will also invest $62.3 million in critical utility infrastructure. Major projects include the continuation of the Graveyard Wash Reservoir which earlier this year received final permitting from the Army Core of Engineers paving the way for the project to begin this fall, a major regional wastewater line will be replaced in the South Bloomington area, along with the replacement of several major water tanks. Additionally, there are multiple sewer line rehabilitation efforts, and improvements at the regional wastewater treatment plant, such as expansion of the testing lab. Collectively, these investments strengthen system reliability, increase capacity, and support both current and future utility demands in a sustainable and cost-effective manner.

$19.2 million is proposed for parks and recreation capital investments. These include projects funded by the 2023 General Obligation Bond, such as the completion of major improvements to the Dixie Sunbowl which is anticipated to open this September, beginning construction of the Curly Hollow regional park, Lizard Wash park, and expansion of Thunder Junction. Thanks to the City's AA+ bond rating secured in 2024, taxpayers are seeing substantial savings in interest costs, helping each dollar go further and enabling more projects to advance. These improvements will expand access to recreational opportunities, enhance the quality of life for residents, and preserve the outdoor lifestyle that makes St. George so unique.

New Positions, Recruitment and Retention of Staff

The FY 2027 Recommended Budget includes the addition of 12 new full-time positions, all of which are funded entirely outside of the General Fund and supported through alternative funding sources.

Position requests this year are focused on maintaining service levels, supporting core operations, and addressing increased service demands across the organization. These additions include one position in Public Works to support ongoing street maintenance; and three positions in Parks & Community Services to enhance parks maintenance and expand revenue opportunities through sponsorships.

Additional positions include one in General Government to support project oversight and improve operational efficiency; three in Utilities to support the maintenance of the City's water infrastructure; two at the Airport to maintain service levels in response to increased traffic and expanded service hours; and two in SunTran to support fleet maintenance.

A summary of these position additions is provided below:

Service Category	# of New FT Positions
General Government	1
Parks & Community Services	3
Public Works	1
Airport	2
Utilities	3
Suntran (Fleet Services)	2
Total	12

Funding Source

In addition to growing the workforce to meet rising service demands, the City's ability to attract and retain qualified and skilled employees remains essential to delivering high-quality services. Like private-sector employers, the city competes for top talent across a wide range of roles—from police officers to utility workers to finance professionals. To remain competitive in Utah's tight labor market, the City conducts regular compensation benchmarking. Based on current market conditions and early findings, the FY 2027 Recommended Budget includes funding for targeted pay and benefit adjustments to ensure the City remains well-positioned to attract and retain talent and continue to be an employer of choice in the public sector.

How St. George Compares to Other Cities in Utah

St. George continues to stand out as one of the fastest-growing cities in the nation and currently ranks as the 5th largest city in Utah by population. With a geographic footprint of 78.5 square miles—spanning rivers, mesas, and canyons—St. George faces unique infrastructure and staffing challenges that go beyond those of a typical community. These physical characteristics, combined with our rapid growth, increase the need for additional roads, utilities, parks, fire stations, and other public infrastructure, along with the personnel and equipment necessary to provide timely and high-quality services to all corners of the city.

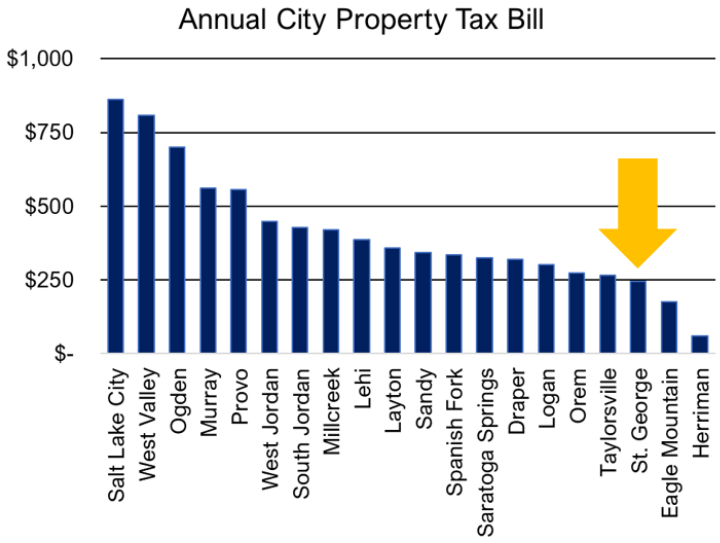
St. George also provides a distinct mix of services that are typically not delivered by municipal governments. As the regional hub for Washington County—and because of our distance from the urban centers along the Wasatch Front—the City operates and maintains several critical services typically not provided by a city. These services include:

- 9-1-1 Dispatch
- A Regional Airport

- A Regional Wastewater Treatment Plant
- SunTran Public Transit Service
- St. George Power

These operations are vital not only to St. George residents but to surrounding communities as well. While they increase the scope and scale of the City's budget, they also deliver long-term value and savings for the broader region. In FY 2027, these regional services account for $159.6 million, or 30% of the City's recommended budget.

As part of this year's budget process, staff reviewed the property tax cost of city services across the top 20 largest cities in Utah. We're proud to report that, even with our expanded responsibilities and service area, St. George continues to offer exceptional value. While the City ranks as the 5th largest city in Utah, we have the 3rd lowest property tax impact of the top 20 cities and 2nd lowest in Washington County. This reflects our continued commitment to responsible financial management, even as we grow and invest in the infrastructure and services needed to support a thriving community.



Budget Structure

The City's budget includes funding levels across more than 40 separate funds, each of which supports a wide range of municipal services provided to our community. These include core, community-based services such as police and fire protection, street and traffic signal maintenance, utilities, and the upkeep of parks, trails, and recreation facilities. In addition to local services, the budget also supports a number of regional operations provided by the City for the benefit of all Washington County residents—including 911 Dispatch, the St. George Regional Airport, the Regional Wastewater Treatment Plant, and SunTran Public Transit.

Each fund functions as its own business unit, established to fulfill a specific purpose with its own dedicated revenue sources and expenses. In most cases, revenues collected in one fund cannot be transferred to another, which is why the City's finances are tracked independently across each fund.

The City's funds fall into two major categories: the "General Fund" and "All Other Funds".

The General Fund is the City's primary fund. It is supported largely by local tax revenues—primarily property tax and sales tax—and funds the majority of day-to-day public services. These include police and fire, 911 dispatch, parks and trails maintenance, street and traffic signal operations, community programming and events, transportation planning, golf, and administrative functions.

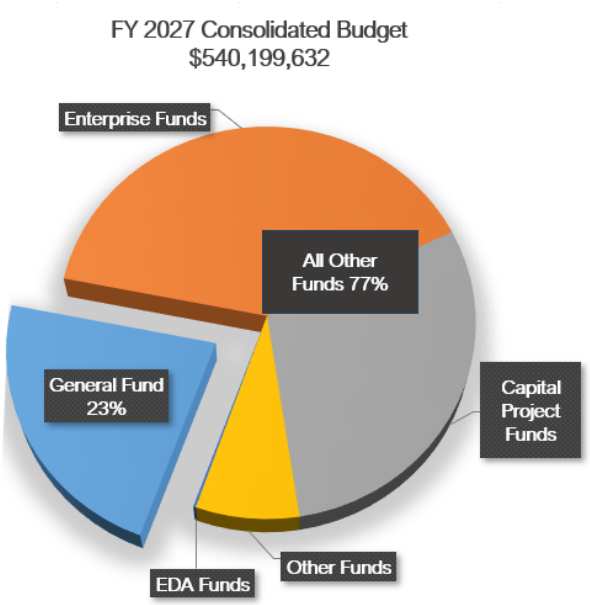
All Other Funds account for the City's enterprise and capital operations, which include services like electric, water, sewer and the regional airport; major infrastructure projects such as roadways and utility lines; capital facility improvements; and economic development activities. These services are typically funded through user fees, impact fees, grants, and other restricted revenues.

This structure allows the City to ensure transparency, maintain compliance with legal and fiscal requirements, and provide focused financial oversight across a diverse and growing portfolio of services and infrastructure.

Budget Overview

For FY 2027 the total combined City Manager Recommended Budget is $540,199,632, which is an increase of $15.9 million or 3.0% from the FY 2026 Budget.

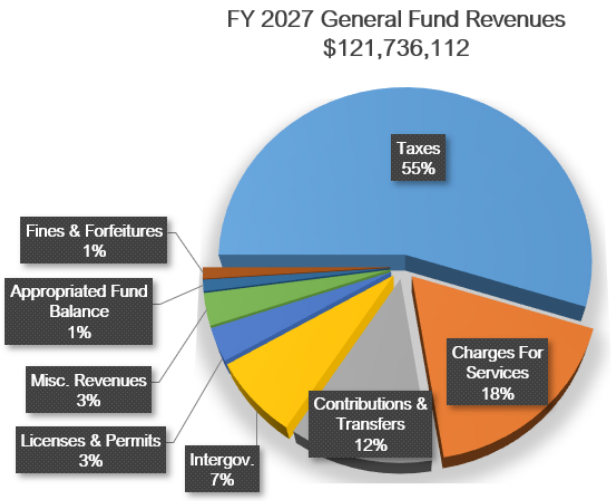
The largest portion of the city's FY 2027 budget is in "All Other Funds" which totals 77% of the total Budget. The balance of the proposed budget (23%) is in the city's General Fund. The chart to the right illustrates the overall budget and how it is allocated. The major changes in the budget for FY 2027 are addressed throughout the remainder of this section.

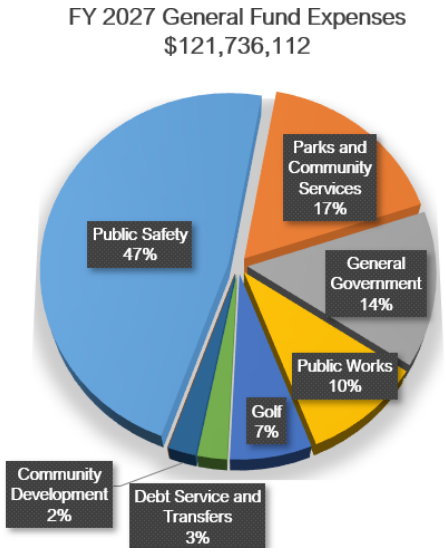


General Fund

The General Fund is the primary business for the City and is used to account for the majority of services provided to our residents including police, fire, 911 dispatch, street and traffic signal maintenance, transportation planning, parks and trails maintenance, parks programming and events, development services, golf, administration and support, and city leadership. The General Fund is funded through a mixture of sources including the city's portion of the sales tax, the city's portion of the property tax, franchise tax, overhead reimbursements from other funds, service charges, licenses & fees, and other revenues.

The FY 2027 Recommended Budget for the General Fund is $121,736,112 which is an increase of $597 thousand or 0.5% from the FY 2026 Budget. The charts below show an overview of the FY 2027 General Fund Budget and Funding Sources:



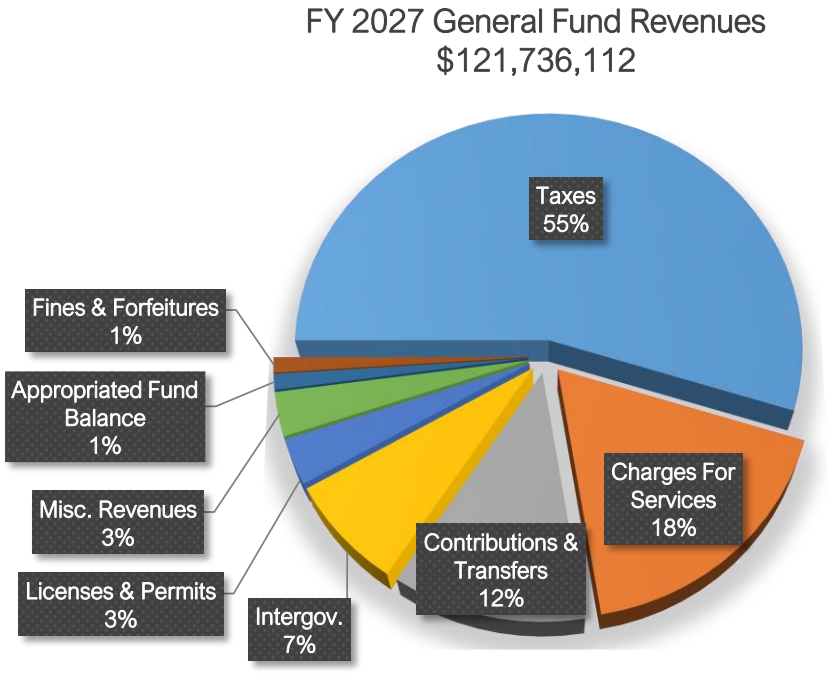


General Fund Revenues

General Fund Revenues for FY 2027 total $121,736,112, which represents an increase of $597 thousand or 0.5% from the FY 2026 Adopted Budget, the chart below provides an overview of estimated revenues for the General Fund by major category and the areas of change.

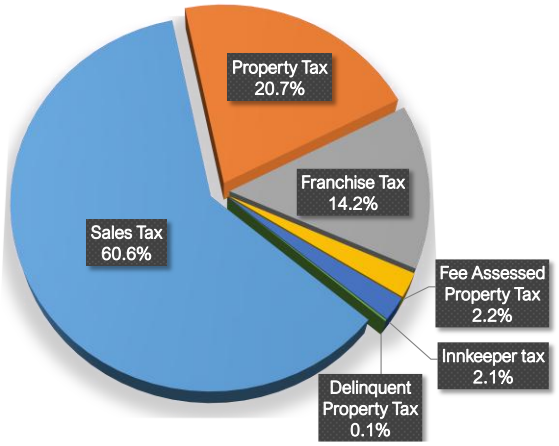
Revenue Category	FY 2025 Actuals	FY 2026 Adopted Budget	FY 2026 Year-End Estimate	FY 2027 Budget	$ Diff to FY 2026 Budget	% Diff to FY 2026 Budget
Taxes	64,165,792	64,742,451	65,140,821	66,671,694	1,929,243	3.0%
Charges For Services	23,951,912	23,628,216	26,332,112	21,483,746	-2,144,470	-9.1%
Contributions & Transfers	13,841,563	12,673,130	13,241,326	14,454,469	1,781,339	14.1%
Intergovernmental	7,762,950	8,306,449	7,800,629	9,079,135	772,686	9.3%
Licenses & Permits	3,798,847	3,204,500	3,900,500	3,817,500	613,000	100.0%
Miscellaneous Revenue	7,519,737	3,178,000	4,388,913	3,650,568	472,568	14.9%
Appropriated Fund Balance	-	4,100,000	12,010,450	1,310,000	-2,790,000	-68.0%
Fines & Forfeitures	1,486,309	1,306,000	1,266,700	1,269,000	-37,000	-2.8%
Grand Total	**122,527,109**	**121,138,746**	**134,081,451**	**121,736,112**	**597,366**	**0.5%**

Revenues for the General Fund can be broken into several categories including: Taxes, Licenses and Permits, Intergovernmental, Charges for Services, Fines and Forfeitures, and Other Revenues. The chart below shows the mix of revenue used to support all the services provided in the city's General Fund for FY 2027.



The Taxes category is the largest source of revenue in the General Fund. Revenue from this category is estimated at $66.7 million for FY 2027. This category represents 55% of the total General Fund revenue. The Tax category is further divided amongst major taxes as shown on the following page.

Sales tax is by far the largest source of revenue in the General Fund and comprises 61% of the tax category and equates to 33% of the overall revenue for the General Fund. The sales tax rate for St. George is 6.75%, of which, the City receives a 1% local tax for its General Fund.



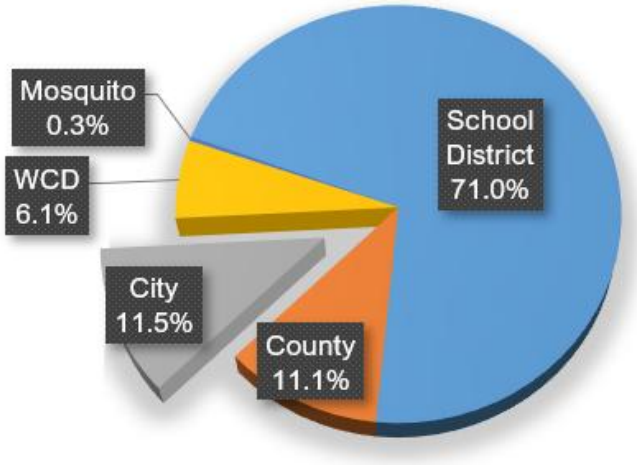
During FY 2026, sales tax has generally shown moderate growth this fiscal year. As of the April sales tax distribution report, collections in total for the year reflected up 1.8% or $449k from the prior year and ahead of the original budget estimate for FY 2026 by 1.5% or $384k.

Economic activity has continued to demonstrate resilience, even amid elevated interest rates and broader national uncertainty. However, economic conditions have become more uncertain due to ongoing geopolitical tensions, including the conflict in the Middle East.

Locally, Southern Utah continues to experience steady growth, with new developments—such as the recent opening of Costco—helping to support economic activity and the regional tax base. While these local factors remain positive, sales tax growth has moderated compared to prior years, and the broader economic environment will continue to be an important consideration in forecasting revenues for the coming year.

Given the current economic conditions and collection trends, staff is conservatively estimating General Fund sales tax revenue for FY 2026 to total $39.4 million—an increase of $589 thousand or 1.5% from the prior year. For FY 2027, we are forecasting total collections of $40.4 million which is an increase of $947 thousand or 2.4% over the FY 2026 year-end estimate.

Property tax is the second largest source in the taxes category. Based on the FY 2026 Tax Rate, the City receives only 11.5% of the property taxes paid by our residents. The majority of property taxes paid by residents (88.5%) go to the other taxing entities including Washington County School District, Washington County, the Washington County Water Conservancy District and Mosquito District. Property taxes are based on the taxable value of a citizen's home or business as determined by the Washington County Assessor multiplied by the applicable adopted entity tax rate.



The FY 2027 Budget does not propose a property tax increase for FY 2027. The city plans to adopt the Certified Tax Rate, which is the tax rate that will raise the same amount of property tax revenue as was budgeted for the city in the prior fiscal year from existing residents. The Certified Tax Rate will be calculated by the State Property Tax Commission and Washington County Clerk Auditor and provided to the city in early June. The only growth anticipated in the FY 2027 Budget in property tax

revenue is from new construction that occurred during the preceding calendar year and was assigned a value by the County Tax Assessor.

For FY 2026 year-end collections are estimated at $13.3 million which is in line with the Adopted Budget. Based on anticipated growth from new construction, staff forecasts total collections for FY 2027 at $13.8 million which is an increase of $466k or 3.5% from the FY 2026 Adopted Budget.

Franchise taxes are generated from a 6% charge on gross receipts for all utilities, including natural gas, cable services, and electricity. A 4% fee is also charged on gross receipts from telecommunication services provided in the City. Based on collection trend in FY 2026, we are estimating FY 2025 year-end collections to total $9.46 million which is an increase of $37k or 0.4% from fiscal 2025 actual collections. For FY 2027 collections, staff is currently conservatively estimating these at $9.5 million which is up $40k or 0.4% from the FY 2026 year-end estimate.

Innkeeper Tax in December 1994, the City enacted the Innkeeper Tax (also known as Municipal Transient Room Tax or MTRT) which is a 1% fee assessed on the gross revenue derived from hotels, motels, and other accommodation services that are rented for less than 30 consecutive days. This revenue source was shifted into the General Fund in FY 2023 at the conclusion of the City's direct involvement in the operations of the Dixie Center. For FY 2026 collections are estimated to total $1.37 million by year-end, which is up $46k or 3.5% from the Adopted Budget. For FY 2027 total collections are conservatively estimated at $1.4 million, which is up $27k or 2.0% from the year-end estimate.

Licenses and Permits are comprised of business licenses, building permits, and dog licenses and make up 3% of all revenue within the General Fund. For FY 2026 year-end collections are currently estimated at $3.9 million which is an increase of $696k or 21.7% from the Adopted Budget. Looking forward to FY 2027 total collections are estimated at $3.8 million which is a decrease of $83k or -2.1% from the current year-end estimate but an increase of $613k or 19.1% from the FY 2026 Adopted Budget. Below are the major highlights in this category:

Building Permits account for the majority of revenue in this category. This past year we have permitting activity running slightly ahead of the prior year in number of permit issues and overall higher total valuations. Collections month to month continue to be strong as we see activity in single family permitting, commercial, and other construction activity. Based on the steady activity seen and strong collections staff anticipate collections to reach $3.0 million by the end of fiscal year 2026. For FY 2027 staff is estimating collections at $2.9 million due to the current uncertainty in the economy and the expectation that the Federal Reserve will continue to hold the fed rate steady in the short to mid-term.

Intergovernmental consists of federal grants, state grants, Class C road funds, and liquor funds. This category accounts for 7% of all revenue in the General Fund. For FY 2026 total revenue in this category is estimated at $7.8 million which is down by by $500k or -6.1% from the Adopted Budget. For FY 2027 total collections are estimated at $9.1 million which is up $772k or 9.3% from the FY 2026 Budget. Below are some of the major highlights from this category:

Class C road funds are generated based upon fuel consumption and distributed to counties, cities, and towns based upon a formula using local road lane miles and population size. Based on the current collection trend FY 2026 revenues are estimated at $6.2 million which is an increase of $186k or 3.1% from FY 2025 actuals. FY 2027 is estimated at $6.4 million which is an increase of $185k or 3.0% from the FY 2026 year-end estimate based upon anticipated growth in state

collections and the city's share based on increases in population and road lane miles. The Class C Road funds were the driver of the overall increase in estimated revenues for FY 2027 from the FY 2026 Adopted Budget.

State & Federal grants are the other major source of revenue in this category. For FY 2026 and FY 2027 grants anticipated include regular annual allotment programs, such as the Justice Assistance and one-time project grants such as the COPs grant for hiring new police officers. For FY 2026 total grant receipts in the General Fund are anticipated to total $1.4 million which is down -$1.1 million from the FY 2026 Adopted Budget. The public safety technology grant ($1.1 million) received from the Federal government through the appropriations process is now anticipated to be received during FY 2027, which is the driver of this change. For FY 2027 total grant receipts in the General fund are anticipated to total $2.5 million which is in line with the FY 2026 Adopted Budget.

Charges for Services are fees assessed to our customers to help pay for the cost of providing services. This includes golf fees, recreation fees, E-911 phone charges, Dispatch Fees (charged to other agencies within Washington County), and school resource officer fees. This category accounts for 20% of all revenue in the General Fund and is estimated at $26.3 million for FY 2026 which is up $2.7 million or 11.4% from the Adopted Budget. For FY 2027 total collections are estimated at $21.5 million which is down -$4.8 million or -18% from the FY 2026 year-end estimate. Below are some of the major highlights from this category:

The St. George Airport continues to break records nearly each month with the amount of traffic going in and out of the airport this fiscal year. Staff currently anticipate $5.3 million in revenue for FY 2026 at year-end and based on growth in demand seen this fiscal year at the airport. For FY 2027 the Airport has been moved out of the General Fund into the new Airport Fund within the Enterprise Fund grouping. This change is the primary driving factor of the overall decrease seen in the Charges for Service category in FY 2027 as compared to FY 2026.

The City's golf courses have continued to experience heavy activity during the current fiscal year due to fantastic weather, exceptional playing conditions and continued innovative efforts by our Golf Division to maximize play at the city's golf courses. For FY 2026 staff anticipate collections to total $9.1 million which is up $493k or 5.7% from budget. For FY 2027 staff anticipate another strong year of play coupled with policy changes that will bring total collections to an estimated $9.7 million.

Total charges for service from Parks & Community Service programs, facilities and events are estimated at $6.1 million by FY 2026 year-end this is up $110k from the adopted budget. The driver of this increase was the St. George Marathon which saw record participation numbers during last fall's event. For FY 2027 total charges for services in this area are estimated at $6.15 million which is up $90k from FY 2026 year-end. The driver of this increase is the St. George Marathon reflecting the rate increases adopted in FY 2026 which went into effect this spring in advance of the FY 2027 event.

Public safety has cost sharing agreements for the Dispatch Center and School Resource Officers in addition to a dedicated revenue source for Dispatch Services through the E-911 Telecomm fee. Revenue for these cost sharing agreements and telecom fee are estimated at $4.9 million for FY 26 and $4.5 million in FY 27. Both years will reflect a decrease from the FY 2026 adopted. This is due in part to Washington City and Washington County withdrawing from the School Resource Officer agreement and the planned draw down of dispatch reserves to adjust the reserve to a more appropriate level.

Fines & Forfeitures consists mostly of court fines and traffic school fees. This category accounts for 1% of all revenue in the General Fund. Collections from this source are anticipated to be just short of the original budget estimate coming in at $1.26 million in FY 2026. For FY 2027, staff estimate $1.27 million in total revenue. Effective May 2025 there was a change to code that expanded the use of compensatory service in lieu of fines for eligible offenses and increased the service credit from $10 to $12 per hour. This change is the primary reason why revenues have dropped from the level seen during FY 2025.

Contributions & Transfers accounts for the transfers from other funds for reimbursements to the General Fund for providing administrative and overhead support, providing operations associated with another fund, providing one-time equipment purchases and projects associated with another fund and a book entry that has an offsetting revenue for unbilled utilities provided to the General Fund by the city's utilities. This category accounts for 12% of all revenue in the General Fund. Below is an overview of this year's planned transfers.

	FY 2026 Adopted Budget	FY 2026 Year-End Estimate	$ Diff from Adopted	FY 2027 Budget	$ Diff from Adopted
Operational Reimbursements	7,562,529	7,565,364	2,835	9,835,805	2,273,276
One-time Equipment & Project	3,685,012	4,250,373	565,361	3,268,655	(416,357)
Unbilled Utilities	1,425,589	1,425,589	-	1,350,009	(75,580)
Total Transfers	**12,673,130**	**13,241,326**	**568,196**	**14,454,469**	**1,781,339**

For FY 2026, total transfers are estimated at $13.2 million which is an increase of $568k from the Adopted Budget. The major increase reflected in FY 2026 is due to rollover equipment purchases from FY 2025 that were received and reimbursed during FY 2026.

For FY 2027, total transfers are estimated at $14.4 million which is an increase of $1.8 million from the FY 2026 Adopted Budget. Major changes include:

- Operational reimbursements increased $2.3 million from the FY 2026 adopted budget due to other funds being asked to participate at more appropriate levels for the overhead support, programs and operations that belong to these other funds paid for in the General Fund. Below is a list of the major highlights:
    - $677,116 increase to the RAP Tax Fund to reimburse for 40% of the Art Museum, 40% of the Electric Theater and pay for one park maintenance crew and one sport field maintenance crew.
    - $451,432 increase to the Drainage Utility Fund to reimburse for 100% of the storm water program management and 80% of the maintenance cost.
    - $350,000 increase to the Utility funds based on inflationary costs in providing overhead support to these funds.
    - $317,961 increase to the TIF Fund to reimburse for 30% of transportation system maintenance costs.
    - $298,387 for an indirect cost charge to the Airport for overhead support.
- One-time equipment and project reimbursements will vary year to year based on the projects and equipment purchases proposed in the next year budget. For FY 2027 the majority of these

purchases that will be reimbursed are associated with equipment for public safety street maintenance, drainage system maintenance and the parks system.

Miscellaneous Revenue includes several miscellaneous revenues that do not fit into any of the other revenue categories. This category accounts for 3% of all revenue in the General Fund and is estimated at $4.4 million for FY 2026 which is up $1.2 million from the Adopted Budget. For FY 2027 total collections are estimated at $3.6 million which is up $472k from the FY 2026 budget.

The majority of the increase estimated in FY 2026 is due to interest income exceeding the original budget estimate by $960k with total collections estimated at $3.1 million. The increase is driven entirely by the performance of the city's investments held in the Utah Public Treasurer Investment Fund (PTIF). Beginning in 2022 the Federal Reserve raised the Fed Rate from nearly 0% to 5.5%. While multiple rate cuts have occurred since this time the Fed Rate remains elevated at 3.75%. This higher rate has dramatically increased the interest earnings on the city's investments coupled with higher saving balances as the city had built these up in support of major capital investments. For FY 2027 staff estimates interest income at $2.1 million due to a sizeable portion of the PTIF balance being spent down with the completion of the new city hall and new fire station #1 and to account for rate cuts that happened throughout the later half of 2025.

For FY 2027 the majority of the increase in miscellaneous revenue is from estimated sponsorship collections with the addition of the new sponsorship manager position and a true-up of the reimbursement cost from Intermountain for police presence at the hospital.

Appropriated Fund Balance includes the use of reserves towards one-time expenditures. This category reflects 1% of revenues in the FY 2027 budget.

FY 2026 is estimated to total $12 million which is a significant increase from the original budget. This change is due to the transfer of the Airport from the General Fund into the new Airport Fund within the Enterprise fund grouping. This will allow for the transfer of the portion of the General Fund restricted to the Airport to be moved into the new fund. Starting in FY 2027 all activity at the Airport will be recorded in this new fund.

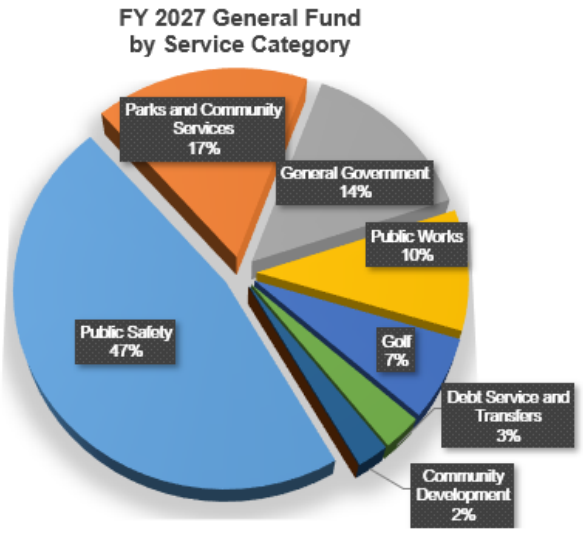
Fund balance in FY 2027 is proposed to be used to as follows:

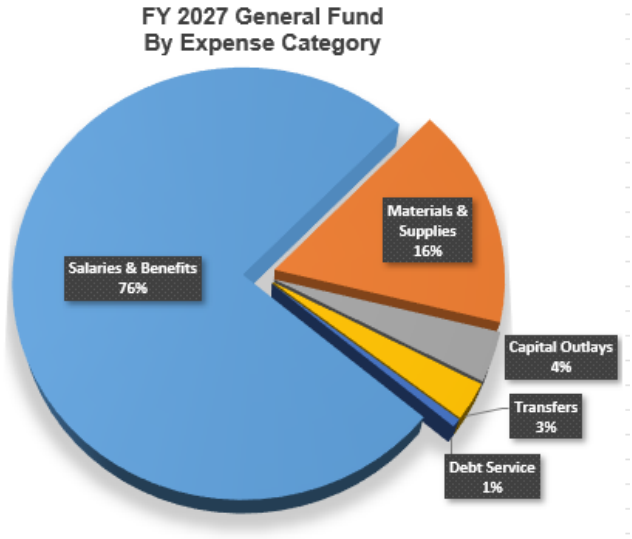
- $1.25 million is proposed as a draw down from restricted Dispatch Reserves as part of a planned reduction to reduce the 911 dispatch bills of participating entities. This planned reduction is to reduce the restricted fund balance back down to a needed level to support future capital investment. This balance has grown over the past few years as dispatch costs have come in significantly below budget due in large part to vacant positions.
- $60 thousand is proposed as a draw down from the Golf reserve for design work for the Sunbrook pump station project.

General Fund Expenditures

The General Fund is the primary business for the City and is used to account for the majority of services provided to our residents including police, fire, 911 dispatch, street and traffic signal maintenance, transportation planning, parks and trails maintenance, parks programming and events, development services, golf, administration and support, and city leadership.

General Fund Expenses for FY 2027 total $121,736,112, which represents an increase of $597 thousand or 0.5% from the FY 2026 Adopted Expense Budget. The below charts and tables show an overview of the General Fund by Expense Category and by Service Category:





Category	FY 2025 Actuals	FY 2026 Adopted	FY 2026 Year-End Estimate	FY 2027 Budget	$ Diff to Adopted	% Diff to Adopted
Public Safety	49,676,137	52,907,259	54,379,581	57,059,594	4,152,335	7.8%
Parks and Community Services	18,761,373	19,416,985	19,318,215	20,804,024	1,387,039	7.1%
General Government	16,179,002	17,240,282	16,975,051	17,307,323	67,041	0.4%
Public Works	10,891,084	11,208,662	11,626,425	12,014,229	805,567	7.2%
Golf	7,226,456	7,514,823	8,090,583	8,210,637	695,814	9.3%
Debt Service and Transfers	9,083,759	7,157,535	18,033,686	3,506,299	(3,651,236)	-51.0%
Community Development	2,543,908	2,817,760	2,859,078	2,834,006	16,246	0.6%
Airport	2,289,847	2,875,440	2,798,832	-	(2,875,440)	-100.0%
Grand Total	**116,651,565**	**121,138,746**	**134,081,451**	**121,736,112**	**597,366**	**0.5%**
Salaries & Benefits	78,350,367	87,885,710	87,271,757	92,706,853	4,821,143	5.5%
Materials & Supplies	17,966,003	20,200,894	20,784,051	20,230,501	29,607	0.1%
Capital Outlays	9,889,337	5,026,885	7,124,235	4,592,555	(434,330)	-8.6%

Grand Total	**116,651,565**	**121,138,746**	**134,081,451**	**121,736,112**	**597,366**	**0.5%**

Salaries & Benefits accounts for 76% of the FY 2027 General Fund Budget and includes the salary and benefit cost for 628 full-time employees (70% of the total city workforce – there are 901 total full-time employees across all funds) and 450 part-time and seasonal employees. The FY 2027 Budget for this category totals $92.7 million and is an increase of $4.8 million or 5.5% from the FY 2026 Adopted Budget. Below is a highlight of the major increases for the FY 2027 budget:

- (5) New Positions totaling just over $315 thousand:
  - Parks & Community Services:
    - (2) Parks Maintenance Workers (reimbursed by the RAP Tax fund)
    - (1) Sponsorship Manager (reimbursed through sponsorship revenue)
  - General Government:
    - (1) Construction Manager (reimbursed through capital projects)
  - Public Works:
    - (1) Equipment Operator (reimbursed by the TIF fund)

- Compensation adjustments for competitive pay and merit for employees totaling $5.4 Million.

- Health Insurance Increase totaling $700k.

- FY 2027 reflects the transition of the Airport into a separate enterprise fund, which removed approximately -$1.8 million in expenses from the General Fund in this category.

Materials & Supplies accounts for 17% of the FY 2027 General Fund Budget and includes all operational costs needed to provide services to the community including specialized equipment such as tasers and radios for new officers, supplies for evidence collection, replacement uniforms for police and fire, vehicle fuel, fleet maintenance, landscape materials and chemicals, software subscriptions, contract labor, and property and liability insurance just to name a few. The FY 2027 Budget for this category totals $20.2 million and is an increase of $29 thousand or 0.1% from the Adopted Budget.

FY 2027 reflects the transition of the Airport into a separate enterprise fund, which removed approximately -$1.0 million in expenses from the General Fund in this category. In addition, FY 2027 is a non-election year, resulting in a further reduction of -$261,000 compared to the FY 2026 Adopted Budget.

Excluding these changes, materials and supplies costs across all other departments increased by $1.2 million, or 5.9%. This growth is primarily driven by inflationary pressures and increased service demands. Key changes include:

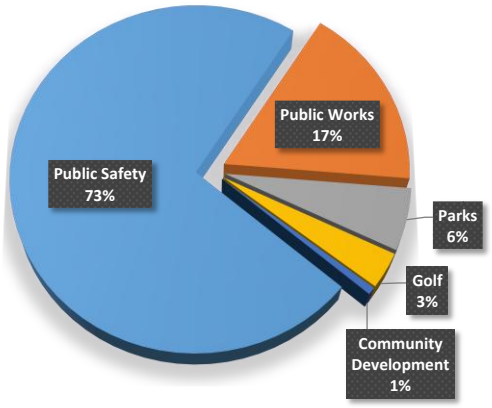
- Marathon saw an increase of $159k due to changes planned as part of the 50th anniversary of this key event for the community including a total prize purse of $100,000. The overall increase for Marathon was fully offset by the additional revenue the FY 2027 event is estimated to generate.

- An increase of $132k is proposed in Facilities driven in part by expanded service demands associated with new facilities, including the opening of City Hall and Fire Station #1.

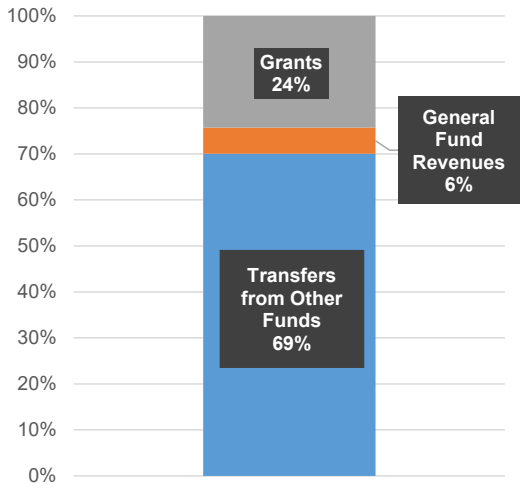
- 9-11 Dispatch saw an overall increase of $114k in part due to reflecting the planned use of UCA funds for training, software, and equipment in FY 2027.

Capital Outlays accounts for 3.77% of the General Fund's expenditure budget and includes the cost to purchase new and replacement vehicles, heavy equipment and fire apparatus, in addition to more expensive equipment replacements such as personnel protective gear for public safety, facility projects, and significant hardware and software purchases. The FY 2027 Budget for capital outlay totals $4.59 million, which is a decrease of -$434 thousand or -8% from the Adopted Budget. The charts on the following page show a break-out of General Fund Capital Outlay in the FY 2027 Budget by service category and funding source.

FY 2027 Capital Outlay By Service Category



FY 2027 Capital Outlay Funding sources



Major Capital Outlay expenses included in the General Fund for FY 2027 are shown below. The majority of capital outlay requests are funded from grants or transfers from other funds (94%), while only 6% is funded directly by the General Fund. Below is a highlight of the major capital included in the FY 2026 budget:

- $1,134,000 for technology purchases for Police
- $833,924 for (13) vehicle replacements for Police
- $761,000 for fire apparatus equipment for Fire
- $492,827 for heavy equipment (Vacuum Sweeper and Dump Truck) for Public Works
- $420,498 for replacement fire apparatus (year 2 payment) for Fire

Total FY 2027 Capital Outlay requests from the Departments originally totaled $10.5 million. Out of all of the capital requests made by city departments, $5.9 million had to be cut from the FY 2027 General Fund to balance the budget.

Transfers & Debt Service accounts for 2.88% of the General Fund Budget in FY 2027 are proposed at $3.5 million.

FY 2026 reflects a $14.1 million transfer to reflect the transition of the Airport into a separate enterprise fund. This transfer will move all of the estimated restricted portion of the General Fund fund balance by the end of FY 2026 for the Airport into the new Airport Fund.

The FY 2027 budget includes the following items in this category:

- $762,475 for the annual debt payment for the 2014 Mall Drive Bridge project which will have annual debt payments through 2029.
- $600,000 for the annual transfer to the Public Works Capital Project Fund for the Pavement Management Program.
- $755,727 for the annual transfer to the General Capital Project Fund to help pay for future major capital projects.
- $737,992 transfer to the General Capital Project Fund and Municipal Building Authority Fund for debt service payments on the $10 million sales tax revenue bond issued for the City Hall project and $10 million CIB Bond for the City Hall parking structure.
- $1,350,009 for an accounting entry for unbilled utilities associated with General Fund services use of water, sewer and energy services provided by the city's Enterprise Funds.

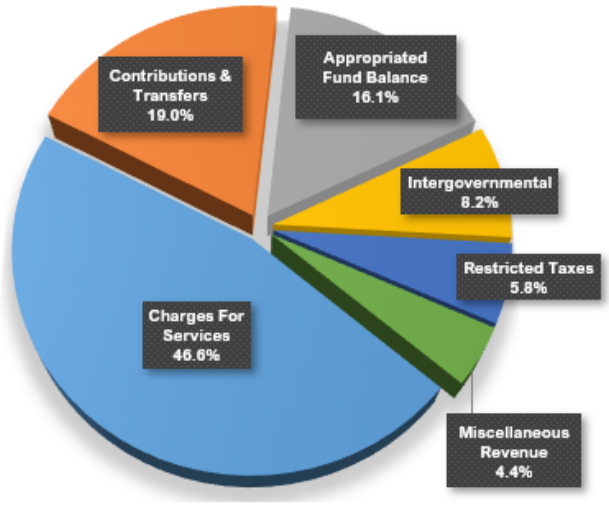
St.George™

All Other Funds

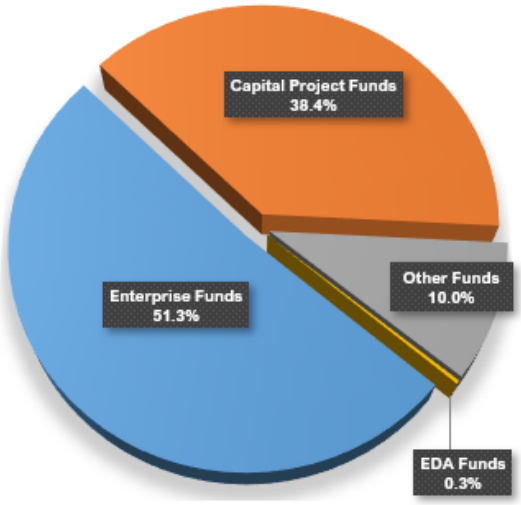
All Other Funds includes over 40 separate funds (business units) that are used to pay for the city's enterprise operations such as airport, electric, water and sewer service, major infrastructure projects including new roads, utility lines, parks and city facilities, economic development activities and other miscellaneous services such as the Suntran Bus Service. These services are primarily paid for through fees charged to customers, grants, impact fees and other restricted revenues. These funds can be broken down into 4 major categories: Enterprise Funds, Capital Project Funds, Other Funds and RDA Funds.

All Other Fund Expenses for FY 2027 total $418,463,520, which represents an increase of $15.3 million or 3.8% from the FY 2026 Adopted Budget. The charts below show an overview of All Other Funds by funding sources and expenses by fund category.

FY 2027 All Other Funds - Funding Sources
$418,463,520



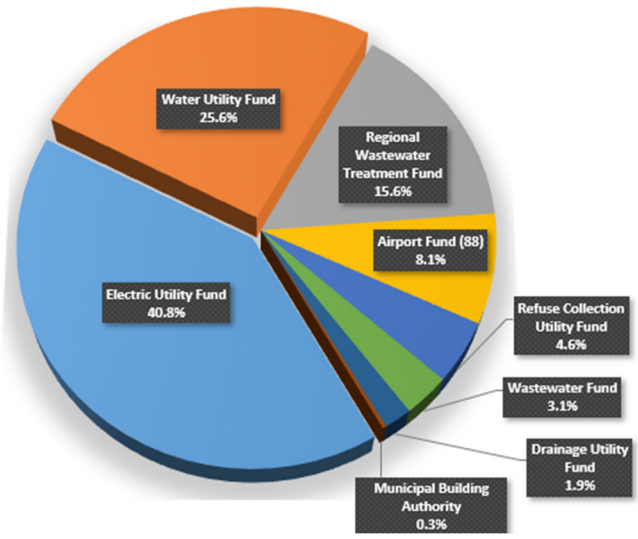
FY 2027 All Other Funds - Expenses
$418,463,520



Enterprise Funds

Enterprise Funds are used to account for activities that operate similar to a private business (business-type activities) and charge a fee to the users that pay for the service provided. The services accounted for in these funds include the , Water Services, Wastewater Collection, Regional Wastewater, Energy, Refuse Collection, Municipal Building Authority, Drainage Utility, and Airport. The Enterprise Funds combined in the FY 2027 budget total $214,620,578 which is a decrease of -$10.9 million from the FY 2026 Adopted Budget. FY 2027 reflets the movement of the airport fund from capital projects to enterprise funds due to the shift of operations from the General Fund. This fund is seeing a major reduction in cost of -$17

FY 2027 Enterprise Funds
$214,620,578



million from FY 2026 due to a reduction in capital budget as the majority of the airport tower was completed in FY 2026.

The next section provides a highlight of each fund included within this category.

Water Services – Fund 51

The purpose of the Water Department is to assure an adequate supply of potable water for the citizens of St. George and is responsible for the maintenance of culinary water distribution lines, storage tanks, and secondary water (irrigation) systems.

Two rate adjustments are proposed for FY 2027. The first is a passthrough of a wholesale water rate increase of 12 cents per thousand gallons ($0.12/1,000 gallons). $0.11 from the Washington County Water Conservancy District and $0.01 from the Public Water System Fee (SB80-Water Fee Amendments). The second is a $0.80 increase to the 3/4" inside city residential monthly base rate of $22.75 to $23.55. Details for other water services increases may be found on the St. George City Master Fee Schedule. The proposed FY2027 budget for the Water Dept. is $55,033,316.

The following significant projects are included in the proposed FY 2027 Budget:

- $9,000,000 for reservoir in the Graveyard Wash for the secondary irrigation system;
- $4,100,000 for several new and replacement water storage tanks including the Country Club storage tank, Stone Cliff storage tank, and old industrial area water tank.

Wastewater Collection (WWC) – Fund 52

The Wastewater Collection fund is responsible for collecting sewage from homes and businesses in the community and transporting it to the Regional Wastewater Treatment Plant. Customers pay one sewer rate to the City which includes both a local and a regional component. The current residential sewer rate is $23.85 per month which is comprised of $7.70 for the local rate; and $16.15 for the regional rate. We are not proposing a rate increase in FY 2027. Commercial customers pay a commensurate rate calculated based upon their water usage. The total FY 2027 budget for WWC is $6,701,327.

Major projects for FY 2027 include:

- $2,000,000 Sun river Lift Station Upsizing;
- $400,000 for Local Main Line Rehabilitation;

Energy Services – Fund 53

The Energy Services fund is the largest Enterprise Fund in the City. This fund is responsible for providing electric services to City residents and businesses located north of the Virgin River. Residents who live south of the river are served by Dixie Power. In FY 2027 there are no proposed increases for the energy rates. The FY 2027 proposed budget is $87,664,861.

Major projects for FY 2027 will provide redundancy and system reliability, and are necessary to support increased demand due to growth:

- $2,000,000 for an AMI Metering
- $1,000,000 for MGF 1 Rebuild

Solid Waste – Fund 57

Solid waste collection and curbside recycling for residential customers in the City is handled by the Washington County Solid Waste District. The City bills and collects the monthly charge and remits funds to the Solid Waste District. The City bills approximately 38,297 residential customers for solid waste, of which approximately 28,770 also participate in the BluCan curbside recycling program. The total budget for FY 2027 is $9,884,689.

Drainage Utility – Fund 59

The purpose of this fund is to account for maintenance and improvements related to the City's storm drain system. The residential rate is $7; and commercial customer rates are based on the amount of impervious surface area. FY 2027 reflects a proposed rate increase from $7 to $8 per ERV (Equivalent Residential Account). The Drainage Utility fee is used for planning, designing, constructing and maintaining the city's storm water system. This fund's expenses are primarily in the form of transfers to other city funds to help pay for stormwater infrastructure repair and maintenance projects and to provide funding for equipment and operations to comply with the federal Clean Water Act and our National Pollutant Discharge Elimination System (NPDES) program for stormwater control. The total FY 2027 budget of this fund is 3,977,511.

Wastewater Treatment Plant (WWTP) – Fund 62

The WWTP is a regional facility owned by the City and responsible for treating wastewater from our city as well as from Ivins, Santa Clara, and Washington City. The WWTP treats 12.7 million gallons of wastewater per day (MGD). The regional portion of the residential sewer rate is increasing by $2 from $14.15 to $16.15 in the FY 2027 budget. The total FY 2027 budget for the WWTP is $33,533,058.

Major projects in the FY 2027 budget include:

- $14,293,000 Bloomington Parallel Interceptor Project;
- $3,400,000 Waste Water Treatment Lab and Admin. Building;
- $2,750,000 for rehabilitation of clarifiers at the Wastewater Treatment Plant;
- $1,400,001 Seegmiller Marsh/1450 S Sewer Line Replacement.

Airport Fund – Fund 88

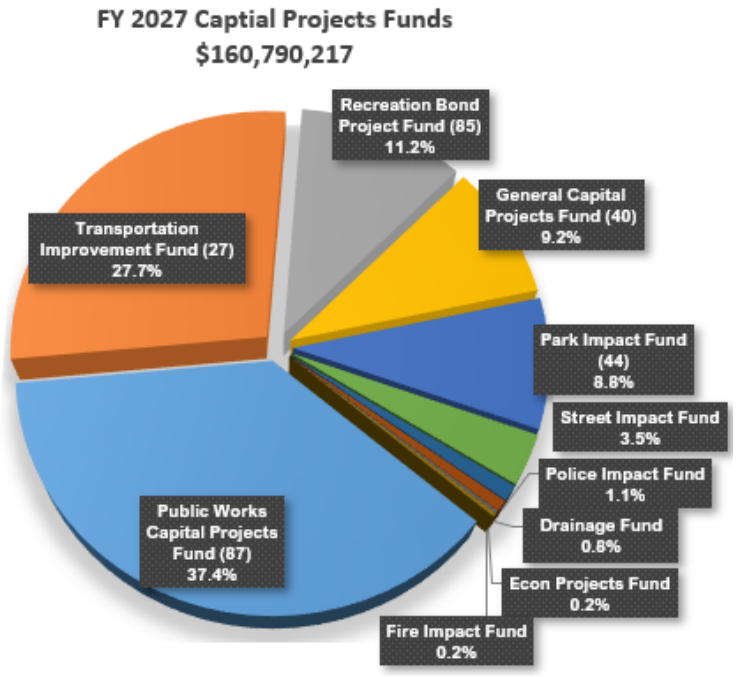
Fund 88 now contains the budget for both the Airport operational and capital accounts and for significant airport improvement projects anticipated to extend over multiple fiscal years, and which are primarily funded by FAA Airport Improvement Program (AIP) grants and the City's Passenger Facility Charge (PFC) funds as the City's matching source to the federal grant, along with user charges at the airport. The budget for FY 2027 is $17,280,606. This includes the Reconstruction of Taxiway A Phase III, Air Traffic Control Tower, Parallel Taxiway-A, and West GA Taxi Lanes Projects.

Municipal Building Authority Fund – Fund 43

The St. George Municipal Building Authority (MBA) was created in 1993 and is an enterprise fund used to account for lease purchase bonds issued for construction of various projects throughout the City, that will be owned by this fund and leased to back to other funds. The other funds make lease payments equal to the debt service on the related bonds. The FY 2027 budget of $545,210 includes debt service payments for the city hall parking structure.

Capital Project Funds

Capital Projects Funds (CPF) are used to account for the resources used to acquire, construct, and improve major capital facilities, other than those financed by Enterprise Funds. The projects in these funds typically are multi-year projects which carryover from year-to-year until the individual project is completed. The principal source of funding is impact fees paid by developers to construct infrastructure related to growth, grants, and bond proceeds. The Capital Projects Funds combined for the FY2027 budget total $160,790,217 which is up $23.7 million from the FY 2026 Adopted Budget.



The FY 2027 budget increase for the Capital Projects Funds is primarily driven by a rise in major capital projects, particularly in transportation infrastructure. This includes carryforward projects such as the George Washington Bridge project, as well as new projects like the Exit 5 interchange on Southern Hills Parkway. Additionally, the budget reflects a significant increase in internal transfers to support projects within the Public Works Capital Projects Fund and the Recreation G.O. Bond Fund.

The below section provides highlights from the more significant funds within this category.

Transportation Improvement – Fund 27

This fund was created when voters authorized a 0.25% local highway option sales tax for transportation purposes in 1998. In 2007, the State increased the rate to 0.30% but removed non-prepared food from the base of products on which the tax is collected. This fund also accounts for 0.10% of the 1/4¢ transportation and transit tax invoked in FY 2020. Expenses are primarily in the form of transfers to the Public Works Capital Projects fund to pay for transportation improvement projects. FY 2027's expense budget totals $44,528,544.

General Capital Projects – Fund 40
This fund is used to account for major multi-year citywide General Fund capital projects. At the end of each fiscal year, surplus funds in the General Fund, if available, are transferred to this account to be used for future one-time capital projects.

FY2027 expenditures total is $14,761,213. Major projects and/or transfers included from this fund for FY 2027 are:

- $8,400,000 for Police Dept. remodel and Expansion.
- $3,500,000 for the Animal Shelter construction.
- $2,180,138 in transfers for General Fund Public Safety vehicles and equipment.

Park Impact Capital Projects – Fund 44
This fund is responsible for new park and trail projects associated with demands created by new growth in the city. Impact fees are charged on new residential building permits and projects on the capital project list are funded as resources become available. The FY 2027 budget is $14,171,718. The majority of this year's budget is for transfers to the Recreation Bond Project fund to support improvements to the city's trails, parks and park facilities.

Street Impact Capital Projects – Fund 45
The Street Impact Fund is for accounting for street impact fees paid to pay for the cost of new roadway projects caused by new development within the community. The impact fee is assessed on commercial and residential developments and collected at the time a building permit is issued. For FY 2027 the total budget is proposed at $5,560,000. Most expenses planned in this budget are transfers to support street projects related to new development paid for in the Public Works Capital Fund (87).

Recreation Bond Project Fund – Fund 85
In November 2023 voters approved the Trails, Parks and Recreation General Obligation bond in the amount of $29 million to fund 33 different trail, park and recreation facility improvement projects. This fund was established to track the expenditure of these proceeds towards these projects. For FY 2027 the total budget is proposed at $18,014,575 and includes the below major projects:

- $7,336,730 for Curly Hollow Park;
- $4,556,200 for Thunder Junction Park Phase 2;
- $4,167,205 for Lizard Wash Park;
- $1,550,790 for Dixie Sunbowl.

Public Works Capital Project – Fund 87
Money is transferred here from multiple other funds to pay for multi-year projects for new and replacement street and drainage system improvements. These funds include the Transportation Improvement Fund (27), Street Impact Fund (45), Drainage Impact Fund (47), Drainage Utility Fund (59), General Fund (10), and Transit Tax Fund (65). The budget for FY 2027 for this fund is $60,167,300 and primarily consists of transportation and drainage projects needed due to demands placed on our infrastructure from a growing community.

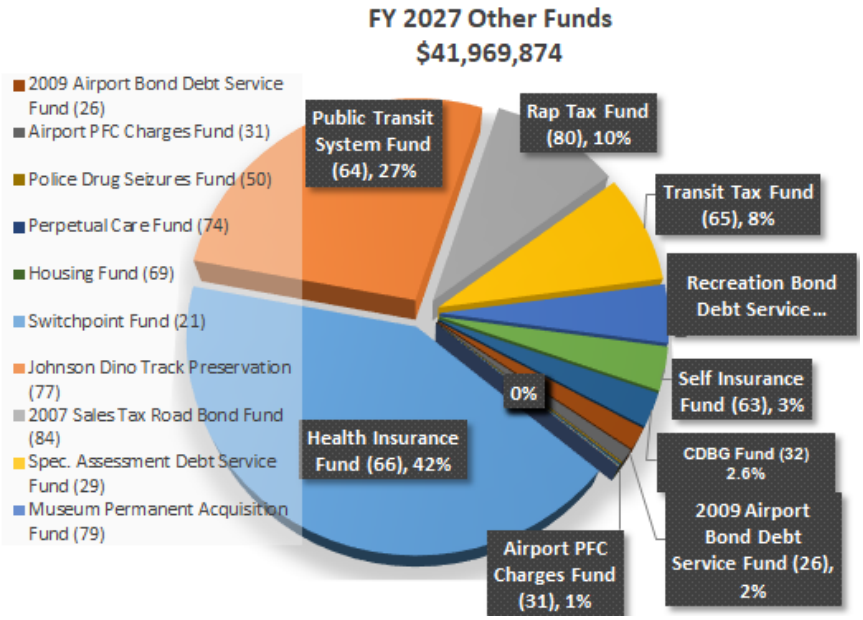
Major projects included for FY 2027:

- $21,000,000 for the construction of 1450 S extension to Crosby Way (George Washington Blvd).
- $11,000,000 for Southern Parkway (Exit 5 Interchange).

- $7,800,000 for SR-7 Trail.
- $6,500,000 for Gap Canyon Parkway.
- $3,200,000 for Pavement Management.
- $3,000,000 for Traffic Signals, Intersection and Road Improvements.

Other Funds

The "Other Funds" category encompasses Special Revenue Funds, Debt Service Funds, Fiduciary Funds, and various other activities that do not fall under the primary fund classifications. These funds are designated for revenues and resources that are legally restricted—whether federally, state-mandated, or locally—toward specific business purposes. Funding sources for these funds vary based on their intended use and may include federal grants (e.g., SunTran Public Transit System) or dedicated portions of local sales tax revenues (e.g., RAP Tax, Transit Tax). The source of funding is determined entirely by the unique purpose of each fund. For Fiscal Year 2027, the total budget for Other Funds is $41,969,874 representing an overall increase of $2.9 million compared to the FY 2026 Adopted Budget.



The major changes for the FY 2027 include a $3.2 million increase in the Health Insurance fund due to rising insurance costs and a $1.6 million increase to Transit Tax Fund.

The below section provides highlights of some of the more significant funds in this category.

2009 Airport Revenue Bond Debt Service – Fund 26
This fund accounts for the debt service for the Replacement Airport bond issuance. This debt is serviced by Washington County as part of an interlocal agreement. The total budget is $702,300 for FY 2027.

Recreation Bond Debt Service – Fund 28
This fund is for the annual debt payment associated with the newly authorized $29 million G.O. bond for Trails, Parks and Recreation approved by voters November 2023. The FY 2027 debt payment is $1,841,000 which will be paid by a dedicated portion of the property tax as approved by the voters.

Community Development Block Grant – Fund 32
This fund accounts for federal Community Development Block Grant (CDBG) funds that come to the City through entitlement status. The funds can only be used for projects that benefit low-to-moderate income individuals. For FY 2027 Available grant funds are expected to be higher than FY26. The FY 2027 budget is $1,086,752. The major projects in FY 2027 are the replacement of playground tiles at Vernon Worthen Park and the repair of various sidewalks and driveway bridges.

Self-Insurance – Fund 63

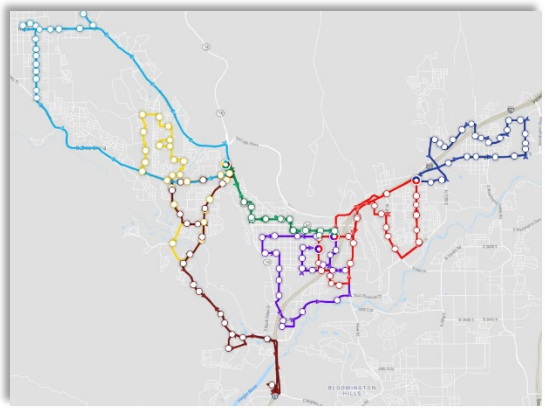
This fund handles insurance premiums for the City's liability, property, and cyber insurance coverages. It also serves as a fund for those claims not covered by our insurance policies. Assessments are made to the various departments based on a formula of coverages. Estimated expenditures for FY 2027 are $1,371,074 due to the higher number of claims and increased costs of insurance.

Health Insurance – Fund 66

The Health Insurance Fund accounts for the city's self-funded medical and other ancillary medical plans for city employees which are funded through bi-weekly payroll deductions from employees and contributions from the city based on the health insurance rates adopted each year. For FY 2027 the budget is $17,588,955 due to higher claims activity and anticipated medical inflation driving up the cost of insurance.

Public Transit System – Fund 64

This fund accounts for the City's public transit system. The City provides fixed route, paratransit, Zion route, and commuter transit throughout St. George and surrounding communities. The City is a designated Metropolitan Statistical Area and therefore revenues are mostly derived from Federal Transit Authority (FTA) grants which generally pay 50% of operating expenses and 80% of capital outlays. FY 2027's total budget is $11,306,280 and reflects funding for the third year of the Zion Route including $5.6 million for a new Transit Center Site and Building.

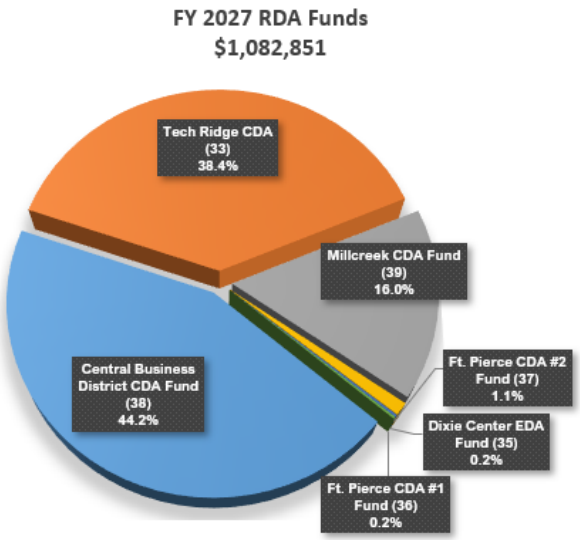


Recreation, Arts, and Parks (RAP) Tax – Fund 80

The RAP Tax is a 1/10 of 1% sales tax on non-food items approved by voters in November 2014 and in November 2024. RAP Tax revenues can be used to construct and operate city-owned and operated athletic fields, parks, trails, playgrounds, and arts facilities and to support both City programs and non-City cultural organizations to advance and preserve art, music, theater, dance, etc. The FY 2027 budget totals $4,072,593. For FY 2027 the majority of funds in this budget will be leveraged towards 2023 G.O. Bond projects.

Economic Development Agency Funds

The Economic Development Agency Funds are funds that operate under the St. George Neighborhood Redevelopment Agency (RDA) and account for revenue and expenses associated with promoting new capital investment and job creation activities within specific development districts created within the City. The RDA includes 4 active districts and 2 recently retired districts. The combined FY 2027 Recommended Budget is $1,082,851, which is a -$456 thousand decrease from FY 2026.



The change in FY 2027 is largely due to the -$702 thousand decrease to the Millcreek CDA Fund (39) resulting from the completion of the 3050 East sidewalk capital project in FY 2026.

The below section provides highlights of the major funds in this category.

Central Business Community Development Area
This district was created in FY 2017 and includes property in the historic downtown area. This fund accounts for property tax revenues received from increased property values due to reinvestment in the downtown area. The City View multi-use residential (110-unit, 4-story apartment complex) and commercial project Advenire hotel; and the Joule Plaza mixed-use residential-commercial (197-unit, 4-story apartment complex) are two examples of projects completed in recent years which generate incremental tax revenues for this CDA. This district is a 15-year district and was invoked in January 2021 with tax increment revenues to begin in FY 2022. In October 2021, the RDA Board extended the district an additional 2 years to December 31, 2038. The FY 2027 budget for this fund is $478,200.

Millcreek Community Development Area
The Millcreek CDA was created during Fiscal Year 2017 to promote economic development activity in the Millcreek Industrial Park area. Taxes received from new developments and new growth will be used to assist commercial development in completing projects within this District and to also fund infrastructure improvements to attract businesses to the Millcreek Industrial Park. The expense budget for FY 2027 is $172,895.

Tech Ridge Community Development Area
The Tech Ridge CDA was amended and invoked during FY 2024 to assist in funding infrastructure in order to promote economic development activity and job creation on Tech Ridge. The FY 2027 budget for this fund is $415,956.

Conclusion

It is with great pride that City staff present the Fiscal Year 2027 City Manager Recommended Budget to the City Council and the St. George community. This budget reflects our continued commitment to implementing the vision, goals, and priorities established by the City Council. Staff across all departments have worked with dedication to ensure this budget sustains the high quality of services our residents expect. I want to express my sincere appreciation to every department for their contributions, and especially to our budget team for their exceptional work and leadership. The creation of this budget was a comprehensive process involving extensive analysis, thoughtful deliberation, and countless hours of collaboration to produce a document that will guide our city's progress in the year ahead.

Respectfully submitted,

John Willis
City Manager

COMMUNITY PROFILE

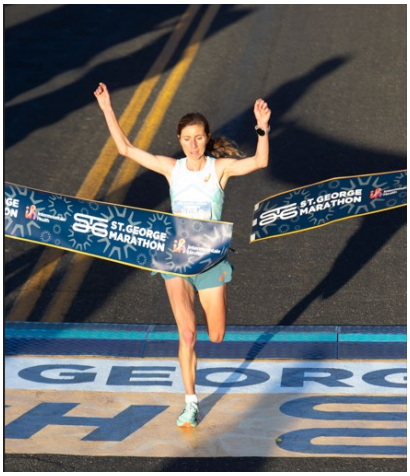
St. George is located in the extreme southwest corner of the state of Utah, on the Utah-Arizona border, approximately 300 miles southwest of Salt Lake City, Utah, and 120 miles northeast of Las Vegas, Nevada. St. George covers approximately 78.5 square miles and is intersected by Interstate-15, running north and south, with five on/off-ramps.

St. George was settled in 1861 by members of the LDS Church whose Mormon pioneers grew cotton in the warm climate and gave the area the nickname "Utah's Dixie." St. George incorporated in 1862 and is the county seat of Washington County and is the economic, social, and governmental hub of southwestern Utah.

St. George is a picturesque valley surrounded by impressive sandstone cliffs and is just a short drive away from the amazing Zion National Park which attracts over 4 million visitors annually. The regional backdrop has clear blue skies, clean air, and a friendly business environment.

At an elevation of 2,760 feet, St. George has a desert climate with mild, low humidity winters with over 300 sunny days per year which promotes year-round recreation and leisure activities for which St. George hosts hundreds of sporting events each year.

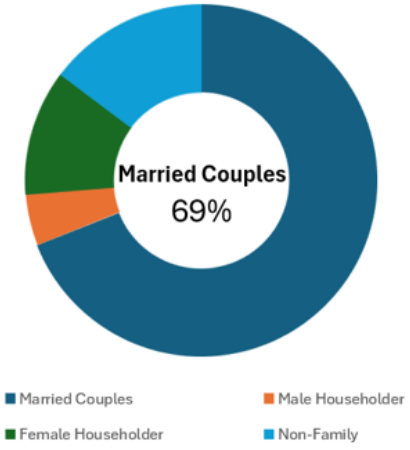
Every year since 1977, the City has hosted the St. George Marathon, administered through the Parks and Community Services Department. Often referred to as the City's "Signature Event," the marathon welcomes approximately 8,000 runners for the full and half marathon races. The St. George Marathon attracts runners from across the United States and numerous other countries and serves as a Boston Marathon qualifier. Over the years, it has earned recognition as one of the "fastest," "most scenic," and "top 10" marathons in the United States. The event is expected to welcome 10,000 runners to its 50th edition on October 3, 2026.



This national recognition continues to increase the number of out-of-state visitors to the City's golf courses. In addition, St. George, Utah, was ranked the No. 2 golf getaway destination in the country by *USA TODAY*.

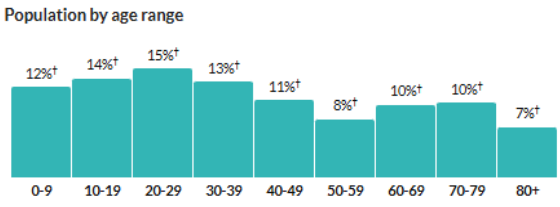
The 2020 Census showed that Utah led the nation in population growth at 18.4% from 2010 to 2020, compared to 7.4% nationally. While growth has moderated in recent years, the St. George area remains one of the fastest-growing regions in the country. As the fifth-largest city in Utah, St. George has an estimated population of approximately 115,000, with Washington County exceeding 220,000 residents. St. George was ranked the #1 best-performing small metropolitan area in the United States in the Milken Institute's 2026 Best-Performing Cities report, driven by strong job growth and expansion in the high-tech sector.

The City provides a full spectrum of services to its residential citizens and commercial activities including police, fire, 911 dispatch center, streets, parks and trail system, recreation facilities and sports programs, power generation and power transmission, culinary and irrigation water, sewer collection, regional sewer treatment, public bus transit, municipal regional airport, golf courses, community arts facilities, cemeteries, community development services (subdivision approval, building permits and inspections), and commercial industrial parks. A snapshot of these services is shown in the "Service Statistics" section of this budget document.



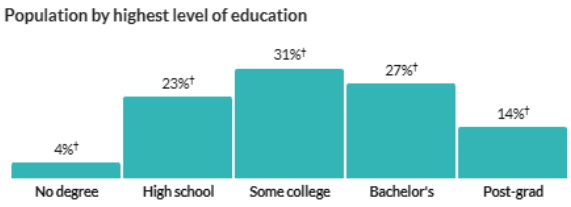
St. George has around 38,560 households, which have an average of 2.7 persons per household and of which 69% are married couples. In 2023, St. George was listed as #10 in the Best Cities for Families by Livability.com due to its low utility rates, low cost of living indexes, high percentage of kids, low crime, and a cost of living that's below the national average help make St. George one of the Best places for Families.

St. George is also a highly regarded retirement community and in 2023, 55places.com, a resource for individuals seeking active retirement communities, listed St. George as #3 for The Best Communities for 55+ Athletes. About 54% of the City's population is under the age of 40; and 41% are under the age of 30. St. George has a higher median age at 37.2 compared to the State of Utah at 32.5.



Approximately 72.5% of the population 25 years and over have attained some level of higher education, compared to 71.3% for the state of Utah. The percentage with a Bachelor's degree or higher is 41.4%, compared to 37.5% the prior year. The two largest higher education facilities located within St. George, Utah Tech University (UTU) and Dixie Applied Technical College (DXATC), are dependent on city services.

Utah Tech University (UTU) was founded in 1911 and as of fall 2024, it had 13,167 students enrolled in its 2023-2024 school year (up from 12,567 the prior year) with approximately 58.8% full-time students, and 82% enrolled are Utah residents. The student-to-faculty ratio is 23:1. UTU offers Associates Degrees (21); Bachelor's Degrees (58); Master's Degrees (10); and Doctorate Degree (1) programs. In January 2019 UTU received the status of a Division 1 "D1" university. UTU was formerly Dixie State University (DSU), and effective July 2022, changed to UTU to emphasize the school's greater focus as a Polytechnic university.



Dixie Applied Technology College (DXATC) is a 2-year college and was created in 2001 and is one of eight technical colleges in Utah. Their mission is *"Forward Thinking, Future Focused, Career Ready"*

and DXATC offers Certificate Programs for almost 30 skills such as Auto Technician, Residential and Commercial Electrical, Culinary Arts, Emergency Medical Technician, Pharmacy Technician, and many others.

The Washington County School District provides public education for Kindergarten to 12th Grade. County-wide enrollment is approximately 43,429 of which 10,376 are online, and outside of its boundaries. St. George makes up around 60% of the student population. Within the St. George area, we have 6 high schools, and approximately 22 elementary and secondary schools.

St. George Regional Hospital (SGRH) is the primary healthcare facility in St. George. SGRH is owned by Intermountain Healthcare and is the major medical referral center for southern Utah; northwestern Arizona, and southeastern Nevada. It is fully accredited by The Joint Commission and serves as

a Level II Trauma Center, caring for almost all trauma patients (with the exception of major pediatric trauma). SGRH has over 400 physicians; over 2,700 employees; and 300 patient beds and includes a Health and Performance Center. In 2025 SGRH started construction of a three story, 42,000-square-foot expansion project to expand their current surgical wing. This project should be completed in August, 2026. Out of 57 hospitals evaluated in Utah, U.S. U.S. News & World Report has recognized SGRH as a high-performing hospital acro ss multiple procedures and conditions. Healthgrades has awarded SGRH the Outstanding Patient Experience Award for multiple consecutive years (2023–2025), as well as the Surgical Care Excellence Award in 2025. The hospital has also been recognized among the top 50 and top 100 hospitals nationally in select specialty categories.

Approximately 7,500 businesses are located within St. George. WalletHub published an article on April 13, 2026, ranking St. George as #1 of the 2026's Best Small Cities to Start a Business.

Well-known businesses which the city provides services to include SkyWest Airlines (headquarters), IHC Hospital (St. George Regional Hospital), Family Dollar Distribution Center, Amazon, Costco, and many other industrial, retail, hospitality (hotels/motels), and professional services.

ST. GEORGE - MAJOR EMPLOYERS

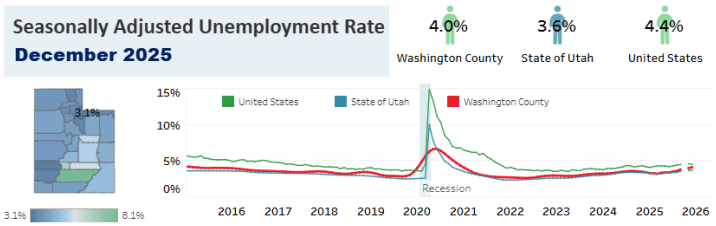
St. George is the largest city and regional hub of Washington County and accounts for the majority of the total employment in the County. The Utah Department of Workforce Services reported that "*following the COVID downturn, Washington County was back to job parity with pre-pandemic job levels in just 4 months and had two-year gains of 8.8%, compared to 3.4% for Utah"*. Between February 2025 and February 2026, Washington County saw a 3.5% Year-to-Year Change in Nonfarm Jobs, representing an increase of 3,094 jobs.



For January 2026, the unemployment rate for Washington County is 3.2%, down slightly from January 2025 at 3.9%. January 2026's unemployment rate of 3.2% still reflects a persistently tight labor market.

BUSINESS PLAN

- Community Safety and Security.
- Financial Stability & Resiliency
- Preserve & Improve Public Infrastructure & Transportation
- Maintain & Improve Core Municipal Services
- Maintain a Highly Qualified Workforce
- Strengthen Communication with Citizens, Businesses & Stakeholders.
- Maintain the Integrity of Existing Neighborhoods Including Completing the General Plan Updates.
- Preserve & Expand Existing Businesses & Attract New Business
- Develop & Improve City's Recreational Trails & Opportunities

FY 2027 Business Plan Overview

The FY 2027 Business Plan for the City of St. George is a strategic framework designed to support the city's long-term growth, vibrancy, and exceptional quality of life. The plan translates the City Council's vision into clear priorities, objectives, and strategies, ensuring that limited resources are directed toward the outcomes that matter most to residents and businesses while preserving the character and livability that defines the community.

At its core, the Business Plan aligns organizational efforts around Council direction by providing a clear roadmap for departments to follow throughout the fiscal year. It connects daily operations and long-term initiatives to specific, purpose-driven outcomes, ensuring that services are delivered efficiently and in a manner that reflects community priorities.

The plan also strengthens the City's budget process by shifting the focus from a discussion of expenditures to one centered on policy direction, service delivery, and results. By linking each proposed investment to defined objectives and strategies, the Business Plan enhances transparency, supports informed decision-making, and reinforces accountability across the organization.

In addition, the Business Plan serves as a performance management tool. Through regular progress updates, staff and the City Council can monitor key initiatives, evaluate effectiveness, and make adjustments as needed. This ongoing feedback loop ensures the city remains responsive, results-oriented, and aligned with the community's evolving needs.

Ultimately, the FY 2027 Business Plan provides a shared framework to ensure that every dollar invested and every action taken delivers measurable value to the residents and businesses of St. George.

The Business Plan provides a direct link to the budget by identifying which strategies have a budget impact and which will be accomplished within existing resources. This distinction is illustrated below and will be used throughout the Business Plan section of this document.

Business Plan Development Process

The development of the Business Plan began in December with a City Council survey designed to identify key priorities, emerging needs, and strategic focus areas for the upcoming fiscal year. Staff analyzed the survey results to identify recurring themes and areas of emphasis. Based on this feedback, staff worked to develop a set of proposed objectives and supporting strategies intended to "move the needle" on the Council's stated priorities.

In February, the City Council and city staff convened for a full-day goals retreat to review and select the proposed objectives and strategies preferred by the Council to achieve their priorities. This collaborative workshop provided an opportunity for discussion, clarification, and alignment. Throughout the day, feedback was collected through discussion and real-time surveys to capture Council insights and preferences.

Following the retreat, staff refined the Business Plan and developed cost estimates for each proposed strategy. In March, the City Council and staff met again for a full-day budget retreat to review the fiscal impact of the Business Plan. Feedback from that session was incorporated into the final version of the plan to ensure continued alignment with the Council's direction.

The final FY 2027 Business Plan directly informs the recommendations in the FY 2027 Budget—transforming strategic priorities into funded action for the year ahead.

Vision, Mission, Values and Goals

Mission: We provide services that focus on people and advance a thriving community.

Vision: We are an active community, rich in culture with a diverse and vibrant economy that supports people doing great things.

Values: Integrity, Innovation and Efficiency, Professional and Personable Service, Teamwork, Excellence

Council Goals:

Be great at the basics: Deliver high-quality essential services.

Deliver exceptional experiences: Provide services and amenities that make St. George distinctive.

Support and sustain a strong economy: Create the environment that attracts and supports a diverse economy.

Encourage community and connection: Support opportunities for citizens to engage with the community and each other.

Maintain financial strength: Manage and leverage St. George's assets to ensure sustainability.

Sustain organizational excellence: Build and sustain a team and culture that makes St. George a destination employer for people who deliver excellence.

Business Plan

Community Safety and Security.

Objective 1: Reduce in-progress call response times and improve emergency response efficiency.

Strategy	Review and adjust staffing schedules and deployment patterns (as needed) to better align sworn staffing with peak call volumes and high-demand periods.
Strategy	Implement the updated call prioritization policy and monitor its impact on call handling and in-progress call response times.
Strategy	Partner with SUU to complete a staffing and workload analysis to identify data-driven opportunities to improve deployment efficiency and reduce in-progress call times.

Objective 2: Reduce traffic accidents at major intersections.

Strategy	Continue to focus traffic enforcement efforts on top five high-collision intersections.
Strategy	Collaborate with partner agencies and institutions to support coordinated traffic safety and accident reduction initiatives.
Strategy	Continue targeted public education and outreach on roadway safety through social media and other communication channels.
Strategy	Install red light tattle tale lights at 10 locations. [100 S Bluff, 100 S 1000 E, 700 S River Rd, 850 N 3050 E, 3000 E George Washington Blvd, I15 Exit 6 SB, 3000 E Mall Dr, Snow Canyon Pkwy and Bluff, Riverside Dr and River Rd, Sunset Blvd and Bluff].

Business Plan

Community Safety and Security.

Objective 3: Enhance safety and security on trails and in parks.

Strategy	Identify safety and security issues on trails and in parks and implement appropriate mitigation measures.
Strategy	Deploy cameras and other security technology in prioritized park and trail locations to support deterrence and investigations [Year 1 - Town Square and Vernon Worthen].
Strategy	Continue removal of illegal encampments and coordinate with community partners to connect individuals with shelter and services.
Strategy	Continue to utilize volunteers to support park and trail monitoring and identifying issues.
Strategy	Pursue grant funding and external resources to support park and trail safety initiatives.

Business Plan

Financial Stability & Resiliency

Objective 1: Maintain a low property tax rate.

Strategy	Complete evaluation of FY 2027 fees to ensure proper cost recovery for services.
Strategy	Evaluate a Fire/EMS sales tax as an additional funding source for fire services.
Strategy	Evaluate a Transit Utility Fee (TUF) as an additional funding source for street maintenance.
Strategy	Complete year 4 of the managed competition program.
Strategy	Implement the St. George Operational Excellence Program.
Strategy	Complete in-depth evaluation of FY 2027 budget requests to ensure the most efficient and effective use of resources.
Strategy	Explore fees related to fire service [ex. excessive fire alarms, lift assistance, motor vehicle accident clean-up].
Strategy	Continue evaluation of impact fees to ensure new growth pays for itself.
Strategy	Evaluate cost recovery from partner governments to ensure appropriate sharing of service costs.

Business Plan

Financial Stability & Resiliency

Objective 2: Continue transparency and public engagement in the budget process and financial reporting.

Strategy	Complete year 3 of the expanded social media campaign focused on the City's budget and finances.
Strategy	Hold the third annual budget open house for the FY 2027 budget.
Strategy	Complete year 3 of the Budget in Brief and year 2 of the Popular Annual Financial Report.
Strategy	Complete a benchmark analysis of the City's tax rates for the FY 2027 budget.
Strategy	Expand public feedback opportunities on the FY 2028 budget through a short survey available on the city website and via QR code at key locations throughout the city.
Strategy	Implement enhancements to the City's public-facing Business Plan Dashboard.

Objective 3: Strengthen the City's long-term financial capacity and financial systems to support growth and capital investment.

Strategy	Strengthen the Electric utility's credit profile.
Strategy	Evaluate financial system and process automation improvements, specifically the Accounts Payable process in FY 2027, to improve efficiency.
Strategy	Establish a committee to prioritize and recommend projects funded by existing RDA fund balances based on adopted master plans and City Council–identified needs, and to present those recommendations to the RDA Board.

Business Plan

Preserve & Improve Public Infrastructure & Transportation

Objective 1: Prepare and modernize utility infrastructure to address the evolving demands of population growth, regulatory changes, and technological advancements.

	Strategy	Implementation of Water and Wastewater Master Plans: Begin construction of Graveyard Wash Reservoir. Begin construction of Virgin River Sewer Outfall line. Complete construction of SGRWRF Laboratory and Pretreatment Building. Complete construction of Stone Cliff, Industrial, and Country Club water tanks. Begin construction of Millcreek Sewer Lift Station and outfall line replacement. Begin construction of Sun River Sewer Lift Station Replacement project.
	Strategy	Evaluate alternatives to expand capacity of the wastewater reuse plant.
	Strategy	Update the Electric System Master Plan for new technologies.
	Strategy	Continue the AMI program implementation for Energy Services (Year 2).
	Strategy	Complete design and start construction of the Downtown Substation.
	Strategy	Modernize the SCADA Network (two-year program).
	Strategy	Complete pre-development for added capacity at the Millcreek Generation Facility.

Business Plan

Preserve & Improve Public Infrastructure & Transportation

Objective 2: Improve transportation safety and system performance through targeted infrastructure investments and system analysis.

Strategy	Determine locations for new warranted traffic signals and install 1 to 3 signals pending results of studies.
Strategy	Replace aging lighting on Runway 01/19 to LED to improve safety and efficiency of services.
Strategy	Continue analysis of street maintenance conditions through ranking program.
Strategy	Complete the construction of the Air Traffic Control Tower.

Objective 3: Strengthen infrastructure resilience and lifecycle planning to ensure long-term service reliability.

Strategy	Optimize staffing levels to create additional pump station maintenance crew.
Strategy	Prepare replacement plan for major sewer and water transmission lines.
Strategy	Institute a 2-3 year distribution pole integrity testing cycle.
Strategy	Map and manage the city fiber network in GIS.
Strategy	Design and repair aging storm drain infrastructure as funding is available.
Strategy	Complete analysis of the city's long term street maintenance needs and cost.

Business Plan

Maintain & Improve Core Municipal Services

Objective 1: Optimize services through investment in new equipment and new technologies.

	Strategy	Explore AI-based tools to assist with non-emergency call handling and responses to frequently asked questions.
$	Strategy	Integrate (8) additional ALPR cameras throughout the city.
	Strategy	Explore predictive analytics and data mining tools to better identify crime trends and inform resource allocation decisions.
$	Strategy	Purchase (2) additional indoor and (2) outdoor drones to help with police operations.
$	Strategy	Purchase grinder attachment for a skid steer for paint stripe removal and pavement milling.
$	Strategy	Implement THOR Phase I for Police Department.
$	Strategy	Purchase of apparatus for the new Fire Station #2.
$	Strategy	Replace EMS Equipment and PPE Gear for Fire.
	Strategy	Migrate City Asset Management software.

Business Plan

Maintain & Improve Core Municipal Services

Objective 2: Invest in essential facilities to support quality services.

Strategy	Complete police evidence expansion.
Strategy	Begin remodel and improvements for police department campus.
Strategy	Construct a new animal shelter.
Strategy	Hire a construction manager to help with project oversight and management for major capital projects.
Strategy	Complete Fire Station #2 design.

Business Plan

Maintain & Improve Core Municipal Services

Objective 3: Enhance services through investments in staffing. [CONTINUED]

$	Strategy	Continue to pursue grant for (1) full-time ICAC Detective.
$	Strategy	Hire one (1) Streets equipment operator to help in keeping up with concrete and roadside work.
	Strategy	Evaluate the need to expand the Fire Department overtime callback program.
$	Strategy	Add (2) Master Technicians to help efficiently maintain the city's fleet.
$	Strategy	Add (1) Assistant Human Resources Director to support efficient and effective operations.
	Strategy	Complete evaluation of reserve/volunteer firefighter program and present recommendation to City Council.

Business Plan

Maintain a Highly Qualified Workforce

Objective 1: Strengthen employee engagement, recognition, and internal culture.

	Strategy	Program employee-focused events at the new City Hall to support cross-department collaboration and reinforce City culture.
	Strategy	Continue Year 2 of the Be Brighter Employee Recognition Program.
	Strategy	Implement a quarterly Team Recognition award through the Be Brighter Committee.
	Strategy	Implement a SGPD leadership academy.
	Strategy	Continue fundamentals program to reinforce the organization's culture.
$	Strategy	Implement a comprehensive onboarding process that includes a tour to introduce new leaders to the city, reinforce the city's culture, create inter-departmental relationships, and educate.

Objective 2: Encourage the development and growth of City employees.

	Strategy	Continue investment in employee training to support skill development, job knowledge, and leadership.
	Strategy	Continue the monthly citywide supervisor training program to strengthen management capabilities and information sharing.
$	Strategy	Expand training at the Airport including Part 139 Live Fire Training, certifications, and basic life support.
	Strategy	Implement training module in Neogov to help track and record city wide training.

Business Plan

Maintain a Highly Qualified Workforce

Objective 3: Improve the City's customer service experience through clear standards, training, and response systems.

Strategy	Establish clear, organization-wide customer service expectations for how the City responds to the public.
Strategy	Develop a customer service training program for City employees, with appropriate training for frontline staff, supervisors, and managers.
Strategy	Continue and strengthen the City's issue reporting system to support timely, consistent response and resolution of public questions and issues.
Strategy	Use the Be Brighter Committee to reinforce positive customer service behaviors.

Objective 4: Maintain competitive pay, benefits, and workforce support.

Strategy	Fund and implement a market and merit adjustment for FY 2027 to attract and retain qualified employees.
Strategy	Continue to evaluate the benefits package to ensure competitiveness.
Strategy	Explore child daycare support options to assist employees with childcare needs as part of recruitment, retention, and workforce support efforts.
Strategy	Explore bunk-room facilities for water and wastewater treatment on-call operations to support recruitment, retention, and operational readiness.

Business Plan

Strengthen Communication

Objective 1: Strengthen external communication and transparency with residents, businesses, and stakeholders.

Strategy	Implement an agenda management system to improve the efficiency and accuracy of agenda preparation and enhance public transparency through searchable agendas and linked videos.
Strategy	Enhance information shared on sgcityutah.gov using Qualtrics analytics, implement a “How Can I Help” menu, and conduct monthly website content audits.
Strategy	Continue quarterly airport open houses to provide updates to tenants and stakeholders.
Strategy	Continue monthly airport stakeholder meetings (Car Rentals, FBOs, TSA, and SkyWest).
Strategy	Coordinate with public safety partners on emergency communication activities, including participation in Washington County PIO meetings and semi-annual interdepartmental coordination meetings.
Strategy	Implement the Energy Services communications plan (including 2-4 community events).
Strategy	Explore opportunities to increase public transparency, including publishing public safety statistics through the City’s website and social media.
Strategy	Utilize the ECHO Unit to continue community outreach efforts.
Strategy	Continue to engage with community groups and utilize FOCUS teams to hold small-group meetings.
Strategy	Implement a citizen engagement program.

Business Plan

Strengthen Communication

Objective 2: Produce quality communication that adheres to industry best practices and standards.

Strategy	Conduct monthly Public Information Team meetings to draw out key events and initiatives.
Strategy	Produce a video-centric State of the City address annually.
Strategy	Craft six Mayor's Messages for use on the city website and in local and regional publications annually.
Strategy	Maintain a social media content calendar for main City accounts to guide promotional timelines and coordination.
Strategy	Maintain a centralized spreadsheet identifying key users and administrators for all City social media platforms.

Objective 3: Increase employee awareness and build organizational confidence in City values.

Strategy	Continue to produce a City Manager Message on a quarterly basis.
Strategy	Promote the city at work series internally to city staff through citywide email.
Strategy	Produce and deliver 3 annual trainings to city employees and the City Council through Public Information Team.

Business Plan

Maintain the Integrity of Existing Neighborhoods Including Completing the General Plan Updates.

Objective 1: Work to achieve the General Plan.

Strategy	Prioritize department specific General Plan Action items, provide a list to the city departments, and have departments tie back general plan projects into the business plan for FY 2028.
Strategy	Explore, present, and implement possible incentives for Residential Plus areas (e.g., mixed-use or density bonus).

Objective 2: Amend and modernize development codes and review processes to streamline regulations and approvals.

Strategy	Explore and propose amendments to the residential planned development code to simplify and provide additional development options.
Strategy	Explore and propose amendments to the commercial planned development code to simplify requirements and expand administrative approvals.
Strategy	Explore and propose options to amend the accessory structure code to simplify and add more flexibility.
Strategy	Transition planning applications from Citizenserve to CityInspect to streamline application intake, tracking, and review workflows.
Strategy	Develop and publish plain-language guides for key planning and development procedures to improve clarity and reduce applicant confusion.
Strategy	Publish information on active planning and development cases on the City website to improve transparency and public understanding of development activity.

Business Plan

Maintain the Integrity of Existing Neighborhoods Including Completing the General Plan Updates.

Objective 3: Implement the Downtown Area Plan (residential).

Strategy	Present and propose amendments to the ordinance to implement the downtown area plan.
Strategy	Work with department heads to prioritize department-specific Downtown Area Plan action items and include in the business plan for FY 2028.
Strategy	Identify and present a list of priority projects from the Downtown Area Plan and recently updated Active Transportation Master Plan.

Objective 4: Implement the Downtown Area Plan (commercial) to enhance placemaking, economic development, and support multi-modal transportation.

Strategy	Present and propose amendments to the ordinance to implement the downtown area plan.
Strategy	Work with department heads to prioritize department-specific Downtown Area Plan action items and include in the business plan for FY 2028.
Strategy	Identify priority projects from the Downtown Area Plan and recently updated Transit Master Plan and include in the business plan for FY 2028.
Strategy	Design Main Street related improvements in the Downtown Area Plan based on direction from the City Council.

Business Plan

Preserve & Expand Existing Businesses & Attract New Business

Objective 1: Strengthen Support for Local and Small Businesses.

Strategy	Continued investment as a Platinum Investor in the St. George Area Chamber of Commerce.
Strategy	Establish a Downtown St. George Business Advisory Board.
Strategy	Continue to promote local business through social media.
Strategy	Support legacy events that attract external visitors and generate revenue for local businesses (e.g., St. George Marathon, Huntsman World Senior Games).
Strategy	Continued investment in farmers' markets to nurture small businesses, strengthen community ties, and foster economic opportunity.

Objective 2: Reduce regulatory and licensing barriers to support business formation and growth.

Strategy	Explore, present, and implement updates to the Mobile Business License requirements to improve clarity and consistency.
Strategy	Explore options to reduce or streamline requirements for the For Hire Vehicle Services License.

Business Plan

Preserve & Expand Existing Businesses & Attract New Business

Objective 3: Improve opportunities for local businesses to work with the city.

Strategy	Continued engagement with the Chamber, American General Contractors Association, and other local business events to educate on the City's procurement process and bidding requirements.
Strategy	Evaluate the Development Staff Review process to ensure it supports a consistent, customer focused, and business-friendly approach.
Strategy	Share findings and engage community stakeholders on the results of the Business Pulse Survey.
Strategy	Evaluate and implement a buy-local section into the City's procurement manual that requires at least one local bid for purchases $5,000 to $49,999 when available.

Business Plan

Develop & Improve City's Recreational Trails & Opportunities

Objective 1: Strengthen trail connectivity and safety across the City's trail system.

	Strategy	Coordinate trail planning with SunTran routes to improve access to the trail system.
$	Strategy	Complete design and begin construction of the Seegmiller Canal Trail.
$	Strategy	Complete construction of Middleton Wash Trail Phase 1 to expand north–south connectivity.
	Strategy	Adopt standardized, easy-to-understand trail etiquette and speed limit signage for consistent use across the trail system.
	Strategy	Identify and prioritize high-conflict and high-use trail locations for future installation of etiquette and speed limit signage.
$	Strategy	Begin phased installation of trail etiquette and speed limit signage at prioritized locations, as funding and capacity allow.
	Strategy	Implement targeted trail safety messaging, including a social media campaign, to support proper trail use and reinforce new signage.

Objective 2: Increase park and recreation system sustainability through revenue, external funding, and maintenance capacity.

	Strategy	Evaluate and create a plan to maintain parks and trails long term.
$	Strategy	Hire (2) parks maintenance workers to maintain service levels across a growing parks and trails system.
	Strategy	Pursue grant funding, including UORG and TRT grants, to support park and recreation projects.
	Strategy	Expand revenue-generating programming at Thunder Junction to support operations and capital needs.

Business Plan

Develop & Improve City's Recreational Trails & Opportunities

Objective 2: Increase park and recreation system sustainability through revenue, external funding, and maintenance capacity [CONTINUED].

Strategy	Continue to grow races and special events to increase park and recreation-related revenue.
Strategy	Plan and host fundraising efforts to support priority park projects, including Thunder Junction Phase 2.
Strategy	Add a dedicated Sponsorship Manager position.

Objective 3: Successfully deliver the 50th St. George Marathon as a milestone community and regional event in FY 2027.

Strategy	Create commemorative merchandise to celebrate the 50th anniversary.
Strategy	Develop a comprehensive traffic and security plan to accommodate increased participant and spectator volume.
Strategy	Enhance coordination with public safety, and emergency services to ensure a safe and efficient event.
Strategy	Implement targeted marketing and community outreach to promote this milestone event.
Strategy	Expand volunteer recruitment, staff training, and operations to support the increased scale of the 50th St. George marathon.

St.George

BUDGET & POLICIES OVERVIEW

BUDGET PROCESS AND GUIDE

The City of St. George budget is a foundational policy document that outlines how financial resources are allocated to support community priorities. Beyond charts and figures, it reflects strategic investments in services, infrastructure, and quality of life. Revenues—such as local sales tax, property tax, and state-shared funds—are transformed into visible outcomes like repaved roads, improved parks, and expanded public services. This section aims to help residents, stakeholders, and decision-makers understand how the budget is developed and how it serves as a roadmap for the City's continued growth, sustainability, and service excellence.

What is a Budget?

In the simplest terms, budgeting is the process of allocating finite resources to the prioritized needs of an organization. Governmental budgeting allocates resources to public services and projects. Because it determines the total amount of taxes levied and on whom, governmental budgeting also allocates the burden of taxation. Budgeting balances the resources drawn from the public against the demand for services and projects, keeping taxes within acceptable limits and ensuring services are sufficient to allow for economic growth and social stability. Budgeting helps policy makers set goals, assists program managers and department heads to improve organizational performance, and ensures that both the elected and appointed officials are accountable to the public. The budget sets forth a strategic resource allocation plan that is aligned with City Council priorities, strategic initiatives, community goals, preferences, and needs. The budget is a ***policy guide***; a ***financial plan***; a ***communication tool***; and an ***operations guide***.

Developing a budget is a complex process of balancing various interests and demands for services with available resources. The complex process has shaped diverse types of budgeting, of which several budget types have evolved: 1) line-item budgeting, 2) performance budgeting, 3) zero-based budgeting, and 4) priority-based budgeting. The City of St. George's budget primarily resembles the basic line-item budget:

- ✓ ***Line-Item Budgeting***

  Line-item budgeting is the format associated most with budgets. This type of budgeting focuses on the input of resources as they relate to the production of services. The budget format depicts department expenditures as a list of items that will be purchased using allocated resources. For this reason, department goals, objectives, workload indicators, and performance measures are also included along with line-item details for key service areas.

Budget as a Policy Guide

The budget functions as a policy guide by indicating the City's priorities. The budget is connected to a mission statement and goals, and the number of resources allocated to a specific department, program, or service indicates what is considered important by city officials and in turn the citizens. The budget document includes the City's financial policies to provide citizens with information on the policies that guide the use of public funds.

Budget as a Financial Plan

The most basic element of the budget, displaying the balance between revenues and expenditures, acts as a financial plan. It outlines what revenues are expected and how the City intends to use those resources. Examining revenue and expenditure trends from past budgets helps form a financial plan for future budgets, which ensures the City is accurate in projections to help maintain strong fiscal standing.

Budget as a Communications Tool

As a communication tool, the budget serves to hold the City accountable. The budget provides the public with information regarding how their tax money is being spent. Citizens can see whether elected officials are setting priorities based on their requests by reviewing the number of resources being allocated to specific programs and services. Citizens can also see if their tax money is being used efficiently and effectively by reviewing each department.

Budget as an Operations Guide

As an operations guide, the budget outlines the estimated amount of work to be done and services to be provided and the cost associated with doing so. The budget indicates which departments are responsible for programs and services. It provides the departments with the number of resources they must perform their responsibilities and represents the legal authority to spend money. It allows the Mayor and City Council, the City Manager and Assistant City Manager, and Department Heads the opportunity to reassess goals and objectives and the means for accomplishing them. Some of these objectives include:

- ✓ Provide a framework for sound fiscal management.
- ✓ Ensure that revenue and expenditure projections are prepared based upon historical data, economic forecasts, and staff knowledge and experience.
- ✓ Enhance prioritizing, strategy, and planning for both short-range and long-range needs.
- ✓ Balancing resources with appropriate levels of service.
- ✓ Compliance with state code and statutes.

Budget Roles

The **City Manager's** role is to oversee the budget process as the City's Chief Budget Officer, making sure the budget is balanced and that expenditures are within projected revenues. The City Manager prepares a tentative budget (Proposed budget) which is presented to the Mayor and City Council on or before the first regularly scheduled meeting in May of each year. The City Manager also holds the Departments accountable for expenditure, making sure they are within departmental budget appropriations.

The **Department Heads'** role is to prepare budget requests based on available revenue and the policy direction they have been given. Department Heads also perform an annual review and update user fee amounts and associated revenues if the services they provide are funded by the fee. Department Heads are also responsible for making sure their department's expenditures are within budget appropriations.

The **Budget Team's** role, performed by the Assistant City Manager, Budget Manager and the Assistant Budget Manager, is to compile and prepare the tentative and final budget document under the direction of the City Manager, Mayor, and City Council. This includes reviewing departmental budget requests, available resources, and making recommendations for balancing the budget.

Budget Process Summary

The budget process generally starts in December and is substantially completed by the end of the following June. During this seven-month period, resources from all levels of management - from the "ground-up," to division managers, to department heads, to Human Resources, to the City Manager, Mayor and City Council; are all integral in order to prepare, submit and provide input, review and discuss, hold meetings, prioritize, assimilate, and finally adopt a sound annual City budget, while also meeting the time lines and other requirements outlined by State Law. The Budget Calendar and Budget Timeline following this section provide snapshots of how the responsibilities and process interrelate.

- An Annual Budget Memo from the Budget Team to the Department Heads, Managers, and Supervisors which includes the Budget Timeline and Calendar and advises of any significant changes to the standard process.
- A budget strategy planning session with the Mayor and City Council to understand and establish their priorities.
- Budget training sessions for Department Heads, Managers, and Supervisors involved in the budget process.
- A budget retreat with Department Heads and the Mayor and City Council to review priorities, goals, anticipated challenges and to review budgeting policies and process, and timeframes.
- Departments submit expenditure and revenue budget requests and supporting documentation.
- Financial capacity analysis and Revenue forecasting.
- Needs assessment, level of service analysis and cost projections for personnel, operating, and capital cost requirements.
- Departments meet with the City Manager and Budget Team to review budget requests.
- Recommendations from the City Manager, the Budget Team, and Department Heads.
- A review of the tentative budget with the City Council, City Manager, and Department Heads.
- Adoption of the tentative budget on or before the first regularly scheduled meeting of the governing body in May of each year as set forth in section 10-6-111, Utah Code Annotated.
- Adoption of the budget by resolution or ordinance on or before June 30 of each fiscal year and if a tax increase is contemplated, the budget must be adopted by September 1.
- A copy of the final budget must be certified and filed by the Budget Officer with the State Auditor within 30 days after adoption.
- Budget amendments requested anytime that an expenditure overage or a revenue shortfall is anticipated; or an unexpected project requires funding and approval.
- The City Manager may approve budget transfers of all or part of any unencumbered appropriation balance among programs within a department, or within a fund at any time during the fiscal year.

Budget Forms

Preparing the City's annual budget is quite a complex process. The City has 14 departments consisting of over 100 different divisions which contribute to 40+ different funds. Collectively, the City has approximately 500 revenue accounts and over 2,200 expenditure accounts. The final budget document is over 400 pages and is ultimately the City's blueprint which guides decision-making for determining staffing levels; funding employees' compensation plans for over 900 full-time employees; funding for part-time and seasonal employees; providing basic services and quality-of-life amenities to our citizens and funding associated operating expenses and equipment; and creating projects which sustain or enhance our community.

To facilitate the process, manage a significant volume of data and information, and establish priorities, City management complete worksheets for the following items:

- ✓ Revenue Worksheets to review historical revenues and trends; analyze and determine the extent by which revenue(s) adequately fund both direct and indirect costs of services and/or facilities to which they are associated; allows for an annual review of rate or fees charged for services.
- ✓ Full-Time Position Request Forms to establish the justification, associated expenditures, and allow the Human Resource Dept. to review how the position fits within the City's compensation program.
- ✓ Materials & Supplies Detail Forms (Operating Expense Worksheet) is required for operating expense line-items which are $25,000 or more.
- ✓ Capital Outlay Worksheets both at an Individual and Summary level to provide project description, justification, timing, identification of funding source (fees, grant, debt, etc.), prioritization, and provide a 5-year projection.

FISCAL YEAR 2026-27 BUDGET TIMELINE

December 11 (Thursday)	Distribute City Council Survey
December 15 (Monday)	**Budget Kickoff:** Hold Budget Training Open Operating and Capital Budgets in Cleargov Distribute Budget Memo and Related Forms
December 18 (Thursday)	City Council Survey Due
December 29 (Monday)	Distribute City Council Survey Results & Business Plan Worksheet
January 16 (Friday)	**Budget Items due to Budget Team:** Business Plan Worksheets
January 23 (Friday)	**Budget Items due to Budget Team:** New position requests Soft close for Capital Budget
February 5 (Thursday)	City Council Goals Retreat
February 9 to 13	Meet with City Recorder to discuss Master Fee Schedule
February 20 (Friday)	**Budget Items due to Budget Team:** Operating and Capital Budget Entry in Cleargov Master Fee Schedule Changes General Fund Revenue Surveys Department Goals
March 9 (Monday)	General Fund Revenue Estimate Finalized
March 20 (Friday)	Present Draft Budget to the City Manager
March 19 to April 3	City Manager Budget Review Meetings (*None, week of 23rd*)
March 26 (Thursday)	City Council Budget Retreat
April 10 (Friday)	Proposed Budget Finalized
April 16 (Thursday)	Deliver Proposed Budget to Departments in Cleargov
May 7 (Thursday)	Present Proposed Budget to City Council
May 21 (Thursday)	City Council Budget Work Meeting (All Day)
May 28 (Thursday)	City Council Tentatively Adopts Budget and Sets Public Hearing Dates
June 4 (Thursday)	First Public Hearing on Final Budget
June 11(Thursday)	Budget Open House
June 18 (Thursday)	Public Hearings for Enterprise Fund Transfers and Unbilled Utilities Second Public Hearing for Final Budget Public Hearing for Current Year Budget Amendments Adoption of Tax rate and Final Budget
July 17 (Friday)	Transmit Adopted Budget to State Auditor

ORGANIZATION OF THE BUDGET DOCUMENT

Through the budget, the City of St. George demonstrates its accountability to its residents and customers. This section provides the reader with a basic understanding of the components of the budget document and what is included in each of these components. The budget document includes six major areas:

1. The **City Manager's Budget Message** provides a comprehensive overview of St. George's financial plan for the upcoming year. Serving as a formal transmittal letter, it outlines major initiatives and investments included in the proposed budget. The message details how national and local economic trends impact the City and explains the assumptions used in developing the budget, including revenue constraints and economic conditions. It also addresses significant changes from prior budgets, the challenges ahead, and how we are planning for continued growth.

2. The Business Plan is a key component of St. George's budget, linking the City Council's vision for the community with the day-to-day work of departments. Developed collaboratively with the City Council and staff, it sets clear objectives and strategies to guide resource allocation and project priorities. By aligning investments with community priorities, the plan enhances transparency, accountability, and performance tracking. It ensures tax dollars are used effectively and helps turn strategic vision into measurable results—supporting responsible growth and the high quality of life our residents expect.

3. The **Budget Process** explains the purpose of the budget, why it is needed, and the development processes and forms, budget calendar, fund structures, and financial policies for revenues and expenditures.

4. The **Financial Overview of the Consolidated City Funds** includes the appropriate fiscal year Consolidated Revenue & Expense Summary for all funds which illustrates the combined financial picture of all funds of the City and is then followed by an overview of the anticipated impacts to fund balance by fund during the current fiscal year and the next fiscal year.

Accounting Basis for the City's Annual Financial Report (AFR) and Cash-Basis for Budgeting
The budgets reflect the actual total final revenue and expense amounts by line-item for the previous fiscal year; estimated amounts for the current year; and budgeted amounts for the current year and next year's budgets. For the previous fiscal year, the amounts reflect the audited amounts reported in the City's Annual Financial Report (AFR); however, certain account types will be adjusted for budgeting purposes to convert the total to a cash-basis amount. Examples of the adjustments are:

- Equipment and Improvements Capitalized as Assets
- Inventory Adjustments
- Depreciation and Bond Amortizations or Premiums (non-cash transactions)
- Bond (and Lease) Issuances, Redemptions, and Principal Payments

Unit Summaries
A business unit may be represented as a department, or as a division within a department. Each unit will include the following components:

Introductory Statement: Explains the unit's purpose and provides a brief overview of responsibilities and services provided.

Budget Summary: Reflects the unit's total budgeted expenses by category providing both a numerical and graphical overview of the allocation of resources by the following types of expenses:

- Full-Time Employees
- Part-Time Employees
- Employee Benefits
- Materials & Supplies
- Capital Outlays

Salaries & Benefits: Depicts the authorized full-time positions and a historical number of full-time positions for the division for the prior nine fiscal years and for the budget year.

Capital Outlays: Lists equipment and improvement projects and corresponding costs requested by the division and indicates if the capital outlay was requested in the budget and approved in the final budget.

Graphs: The graphs are unique to each unit to show historical trends.

Line-Item Budgets: A tabular representation of each unit's line-item budget with subtotals for Salaries & Benefits, Materials & Supplies, Capital Outlays, Debt Service (if applicable), and Transfers (if applicable) which include the following annual comparisons:

- Prior Year's Actuals
- Current Year's 12-Month Estimate
- Current Year's Budget (including any Budget Adjustments to date)
- Department's Request for Next Year's Budget
- City Manager's Recommended budget for Next Year's Budget
- City Council's Approved budget for Next Year's Budget

Overview, Mission, and Goals section which provides the following information on a Department-level basis only (i.e. not all units will include this information):

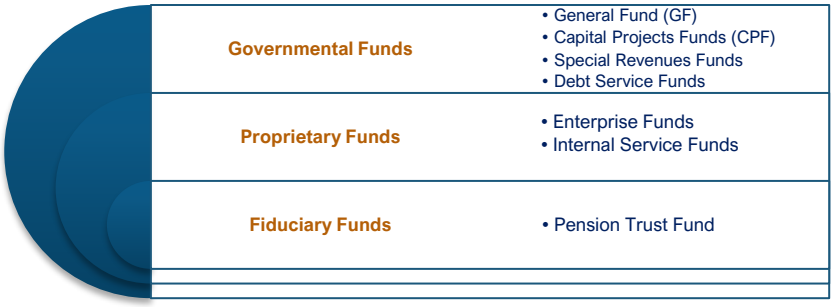
- Mission statement
- Services provided.
- Alignment with council priorities.
- Accomplishments achieved.
- Goals and related objectives.
- Performance metrics and measurements.

5. The fund sections – **General, Enterprise, Capital Projects, Other, and Economic Development Agencies** - includes the 3-year financial outlook for each fund and department within the city's budget. Each Department-level budget includes an Overview, Mission, and Goals section which provides information on how the department aligns with the citywide goals and council priorities

6. The **Appendix** includes a Glossary; a list of historical total Authorized Full-time Positions by department; a detailed listing of the recommended Capital Outlay list and 5-year Capital projections; and a Transfers schedule and supporting information.

FUND STRUCTURE

The City of St. George's accounting system is organized and operated on a "fund basis." Each fund is a distinct, self-balancing accounting entity. The funds utilized by the City are described below.



Governmental Funds

General Fund (GF) is the government's primary operating fund. It accounts for and reports all financial resources of the general government, except those required to be accounted for in another fund.

Capital Project Funds (CPF) account for the resources used to acquire, construct, and improve major capital facilities, other than those financed by proprietary funds. The projects in these funds typically are multi-year projects which carryover from year-to-year until the individual project is completed. The principal source of funding is contributions from developers restricted to capital construction (i.e. impact fees), operating transfers from other funds (proprietary or special revenue funds), grants, and bond proceeds. All funds received for a particular purpose are basically restricted and used specifically for that purpose.

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Debt Service Funds are used to account for the accumulation of resources that are restricted, committed, or assigned for the payment principal and interest of certain debt obligations and related costs. Typically, the debt is long-term debt and major sources of revenue include taxes, transfers from other City divisions, and impact fees.

Proprietary Funds

Enterprise Funds are used to report on those activities that operate similar to private businesses (business-type activities) and charge a fee to the users, which is adequate to cover most or all of the costs. The fee may be based on consumption, or a flat fee, or a combination of both. Enterprise Funds are presented as business-type activities in the government-wide financial statements and are not required to be balanced.

Internal Services Funds are funds used to accumulate and allocate costs internally among the City's various functions. The City uses an internal service fund to account for property and liability risk management and insurance in its Self-Insurance Fund.

Other Governmental Funds include the Redevelopment Agency (RDA) Fund which accounts for the RDA's revenues and expenditures associated with promoting new capital investment and job creation activities within the RDA areas which are also called Economic Development Areas (EDA) and Community Development Areas (CDA).

Functional Unit Matrix

The schedule below shows the relationship of individual departments and/or divisions, and funds to the Fund Structure. The schedule further reflects whether a fund is a Major Fund or a Minor Fund. The City's Annual Comprehensive Financial Report (ACFR) provides the determination as to which funds are classified as Major and Minor. Major Funds include the General Fund and those funds that meet the following Governmental Accounting Standards Board (GASB) threshold:

1) Total assets, liabilities, revenues, or expenditures of that governmental or enterprise fund are at least 10% of the corresponding element total (assets, liabilities, etc.) for all funds of that category or type (total governmental or total enterprise funds), and
2) The same element that met the criteria above, is at least 5% of the corresponding element total for all governmental and enterprise funds combined, and funds which government officials believe are particulatrly important because of consistency or public interest.

General Overview of Fund Resources and Functions

	GENERAL FUND	ENTERPRISE FUNDS	CAPITAL PROJECTS FUNDS (CPF)	SPECIAL REVENUE FUNDS	DEBT SERVICE FUNDS	REDEVELOPMENT AGENCY (RDA/CDA/EDA/CRA)
FUND FUNCTION	Primary operating fund that accounts for all financial resources of the City govt. in general, except those accounted for in another fund.	Business-type activities where customers or applicants are charged a fee or rate proportionate to use, or directly benefit from goods, services, or privileges provided.	Funds used to account for financial resources to be used for the acquisition or construction of major capital facilities and infrastructure which may overlap multiple years to complete.	Funds to account for revenues and resources that are legally restricted at a federal, state, or local level regarding the types of activities or projects for which the resources can be used.	Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.	Specific geographic districts are created by formal agreement of taxing agencies who forego their property tax revenues for a time to fund economic incentives and improvements to create business-friendly environments.
FUNDING SOURCES	Revenues may be value-based taxes and regulated by State laws. Revenues may or may not be tied to a specific activity or responsibility. Many functions provided do not charge or have a direct, corresponding revenue, or use-based fee (i.e. fire, police, streets, parks. etc.)	Revenues are generally charged based on customer usage and may be based on classification of demand type (i.e. residential or commercial).	Financial resources of capital projects funds come from several different sources, including bonds, federal and state grants, impact fees, and appropriations from the general or special revenue funds.	Revenues are typically grants, taxes restricted for specific purposes, matching fund appropriations from other funds, donations/fundraising activities, etc.	Revenues are generally transfers in from funds which benefited from the projects, or via voter-approved tax collections.	Revenues are collections of real and personal property taxes collected from properties within each specified development area.

FINANCIAL PLANNING POLICIES

Financial Planning Policies Summary

The City follows formal financial policy statements to establish financial goals and principles that govern budget deliberations and financial decisions. These policies are summarized below and explained further within this section:

- Budgeting and Fund Accounting
- Financial Reporting and Audits
- Investments
- Long-Range Planning
- Capital Asset Management and Inventory
- Revenues
- Expenditure
- Debt Issuance and Management
- Fund Balance and Reserves

BUDGETING AND GENERAL FINANCIAL POLICIES

Balanced Budget

A Balanced Budget is when planned funds or revenues available (sources) are equal to planned expenditures (uses). For all funds other than Enterprise Funds, the City must always operate within a balanced budget. When deviation from a balanced operating budget is planned or when it occurs, the city must provide disclosure. The City of St. George's budget process complies with the Utah Fiscal Procedures Act and Generally Accepted Accounting Principles. This is accomplished through the budgeting process explained in the Budget Process section.

Budgeting Basis

The City follows the principles of modified accrual accounting for preparing its Annual Financial Report (AFR); however, for budgeting purposes, a primary goal is to determine the level at which incoming sources of funds will cover outgoing payments of expenditures. Therefore, the City's budget is prepared using a cash-basis of accounting. The cash-basis mainly impacts the Enterprise Funds (Water, Energy, Wastewater Collections, and Wastewater Treatment) where capitalized assets, bond debt service, bond issuances and redemptions, leases, and year-end inventory adjustments are recorded as expenditures for budgeting purposes. Depreciation and bond amortization costs or bond premiums are also not budgeted since these costs are non-cash transactions.

Fund Accounting

The City follows principles of fund accounting for all governmental funds, where each fund is defined as a separate accounting entity. Each fund is a self-balancing set of accounts established for the purpose of carrying out specific activities in accordance with clearly defined restrictions and/or limitations. For enterprise funds, the City follows the principles of full accrual accounting as required by GAAP.

Budget Oversight

The City Manager is the primary Budget Officer of the City and is the recommended authority for budget requests. Once a budget is adopted, the City Manager also has the authority to reallocate budget items within the same departmental budget or the same fund's budget; move line items to a "frozen appropriation" status; or seek appropriate cuts if revenues fail to keep pace with projections.

Budget Flexibility and Adjustments

State Law requires that a Budget Adjustment be approved prior to the encumbrance or expenditure. Budget transfers between departments, but within the same fund, require both the Department Heads' and City Manager's authorization. Budget transfers between funds require City Council approval by following the State laws for budget amendments. Budget Openings requiring a public hearing and City Council approval are conducted approximately every 2 to 3 months, or as needed. General instances which warrant a budget opening are as follows:

- New unforeseen grant and related expenditures (include routine grants in original budget)
- Unforeseen Emergency Repairs (exception of having to be pre-approved)
- Actual bids exceeded estimates on projects already approved in the budget (if significant)
- Actual revenues exceed estimates (if significant)
- Unexpected vendor price increases (if significant impact on budget)
- New regulatory requirements (state, federal, etc. if significant impact on budget)
- Significant economic changes

Budget Carryforward

If completion of an approved project or acquisition is not expected during a fiscal year, the appropriation will lapse at the end of the current fiscal year and funding for the project or acquisition must be re-requested in the budget for the following fiscal year and weighed along with other requests.

Financial Reporting and Monitoring

The Administrative Services Department (Finance) will provide monthly financial reports reflecting the operations of individual departments and funds. Such reports contain information about which City Management can manage city departments and services effectively. These reports are in part designed to alert impending shortfalls in revenues or overruns in expenditures. The city will monitor revenues against expenditure.

Independent Audit

State statutes require an annual audit by independent certified public accountants to be completed and submitted to the State Auditor's Office within 180 days of the end of the fiscal year. Generally accepted auditing standards and the standards set forth in the General Accounting Office's Governmental Auditing Standards will be used by auditors in conducting the engagement. The selection of the Auditor and management of the auditing and reporting process will be directed by the City's Audit Committee.

Investment Policy

All City investments are made in strict conformity to the Utah Money Management Act (the MMA) which governs the investment of public funds in the state of Utah. The City has a formal Investment Policy which is certified by the Public Treasurer's Association of the U.S. & Canada. The City Treasurer is responsible for investing the City's unexpended cash and the directed goals, in order of priority are *Safety of Principal*, *Liquidity*, and *Yield*. Safety of Principal is the foremost objective and seeks to mitigate credit risk and interest rate risk. The city seeks to maintain a sufficiently liquid position so that cash is available as needed for operating expenses. Within the framework of safety and liquidity, the city seeks to maximize its yield or return on investments. The City's Investment Policy and the MMA requires that bank deposits are insured by an agency of the federal government and defines the types of securities allowed as appropriate investments for the City and the conditions for making investment transactions. Presently, the City invests predominately with the Utah Public Treasurers' Investment Fund.

Long-Range Planning

The City will adopt a financial planning process that assesses the long-term financial implications of current and proposed revenues, operating and capital budgets, budget policies, cash management and investment policies, and programs and assumptions.

During the budget process, the City reviews a capital budgeting plan that requires the departments to submit a five (5) year capital outlay summary plan. The process allows the City Manager to understand what individual departments are planning and when projects can be expected to start. The department's budget forecasts should include the costs of operating the capital facility or equipment.

Asset Inventory

The city will maintain all its physical assets at a level adequate to protect its capital investment and to minimize future maintenance and replacement costs. Departments are asked to perform a full inventory and assess the condition of all major capital assets and to determine what the usable life of each item is. This information should be used to prepare a 5-year replacement schedule and a plan for replacement of items before major repairs are required. Generally, the City considers any equipment, major repair, or improvement that has an individual cost of at least $5,000 and a useful life of at least three (3) years as a Capital Outlay. Departments are encouraged to use this criterion when evaluating and submitting their annual budget requests.

REVENUE POLICIES

Stability & Reliability in Funding of Services

1. Diversification of Revenue Sources

All revenue sources have characteristics in terms of stability, growth, sensitivity to inflation or business cycle effects, and impact on tax and rate payers. The city encourages diversity of revenue sources to improve the ability to handle fluctuations in individual revenues. The city annually reviews user fees, impact fees, license and permit fees to ensure an appropriate amount of is being assessed for the services provided.

2. General Taxes and Revenues

General taxes provide stability and reliability for revenues and provide a foundation for diversity to occur. The city should seek to maintain a stable tax rate. Generally, taxes should not be increased unless inflation has clearly forced operating costs upward faster than growth and/or new services are instituted to meet citizens' needs.

Revenue Structure Based on Public Benefit of Service

1. Public Benefit vs. Private Benefit

To determine the subsidy level of some fees and to consider new fees: The City should finance services rendered to the general public such as police, fire, streets, and parks, from revenues imposed on the general public, such as property and sales taxes. Special services rendered to specific groups of citizens should be financed by user fees, impact fees, license and permit fees, or special assessments.

2. Cost Recovery vs. Ability to Afford

The city is committed to offering general government services at the lowest price possible. Recognizing that it's not the intent to make money on general government services and programs, the city will continually identify, monitor, and update user fees and charges to the extent which they cover the cost of the service provided.

3. Generational Fairness

St. George City should strive for generational fairness, and thus, each generation of taxpayers should pay its own fair share of the long-range costs of City services.

One-Time Revenues and Reserves

1. Recurring vs. One-Time

The city will discourage the use of one-time revenues for ongoing expenditures. One-time revenues should only be budgeted when they are tied to a specific expenditure in the same budget year. When a one-time revenue occurs in a fiscal year and there is not a corresponding expenditure identified in the same fiscal year, the revenue is transferred to the Capital Project Fund, where the revenue will remain until a project is identified.

2. Reasonable Surplus

Revenues and Fees should be established in a manner which allows for a reasonable surplus (fund balance) to accumulate and provide sufficient working capital; to provide a cushion to absorb emergencies such as floods, earthquakes, etc.; to provide for unavoidable revenue shortfalls.

3. Fund Balance and Reserves

Appropriated Fund Balance is the amount of fund balance that is approved as a financing source to help fund expenditures in the current year's budget. A local government that becomes dependent on one-time revenue, such as appropriated fund balance or reserves, or on a source of revenue that will soon disappear, can, in essence, create deficits for itself. The City will utilize one-time or temporary funds to obtain capital assets or to make other non-recurring purchases.

EXPENDITURE POLICIES

Wages/Benefits, Operating Expenditures, Capital Outlays Ratio for the General Fund

The City uses the following spending ratios as guidelines for the development of the General Fund - 65% salary/wages and 35% for materials, supplies, and capital. Each year the city will work towards maintaining these ratios as practical.

Employee Benefits

In that employee wages and benefits are the most significant City budget expenditure, the City established a Health Care Committee comprised of the City Manager and management level staff from the Budget division, Administrative Services/Finance, Legal, and Human Resources. The Health Care Committee annually reviews employee insurance and other benefits in advance of the contract renewal to determine the level of benefits to maintain City market competitiveness, subject to budget availability. The Health Care Committee reviews their findings and recommendations with the Mayor and City Council and obtains their confirmation through the budget process.

DEBT MANAGEMENT POLICIES

Debt Capacity, Issuance, and Management

St. George will specify the appropriate uses for debt and identify the maximum amount of debt and debt service that should be outstanding at any time. Debt will be wisely, strategically, efficiently, and ensure future financial flexibility is maintained.

Use of debt financing will be considered under the following circumstances only:

- For one-time capital improvements and major equipment purchases, and
- When the debt will be financed for a period not to exceed the expected useful life of the project, and
- When project revenues or specific resources can be proven sufficient to cover the debt service payments

Debt financing is NOT considered appropriate for:

- Current operating and maintenance expenses except for issuance of short-term instruments such as tax anticipation notes
- Any purpose that is recurring of nature except as indicated above

The following guidelines should be followed with debt financing:

- City staff should use all the resources available to determine the best vehicle for debt financing.
- Refinancing of existing debt shall be considered only if the net savings exceed 3% or more.
- The City will follow full disclosure on every financial report and bond prospectus.

Annual debt service shall not exceed limitations as set forth by Utah State Law. The legal debt (general obligation debt) limit for a city is 4% of the estimated market value of all personal and real property within the City. The legal debt margin for St. George City is calculated by using the formula outlined by the Utah State law.

As shown in the schedule below, the City is $2.30 billion below the legal debt limits as of June 30, 2025.

Legal Debt Margin Calculation for Fiscal Year 2025	
Fair market value of taxable property	$ 29,930,366,001
Debt limit:	
General obligtion 4%	$ 1,197,214,640
Water, Sewer & electric 4%	1,197,214,640
Total debt limit	$ 2,394,429,280
Debt applicable to limit:	
General obligation bonds	$ 13,025,000
Sewer and electric bonds	71,995,000
less: amt set aside for repayment of debt	(10,564)
Total net debt applicable to limit	85,009,436
Legal debt margin	$ 2,309,419,844

Bond Rating Information

Staff is proud to report that in 2024 the city received its first ever AAA bond rating on the sales tax revenue bond issued for City Hall in addition to receiving a AA+ rating on the general obligation bond issued for the Trails, Parks and Recreation G.O. bond approved by the voters. These are the highest and second highest ratings an entity can receive. These ratings are awarded based on a number of criteria including how well the city is financially managed, the state of the economy, in addition to a number of other factors. These ratings will save taxpayers significant interest expense on future debt issuances.

St. George – Bond Ratings			
	Issue Date	S&P	Moody's
General Obligation Bonds	2024	AA+	
Sales Tax Revenue Bonds	2023	AAA	
Wastewater Treatment Revenue Bonds	2020	AA-	
Excise Tax Bonds	2017	AA-	
Electric Revenue refunding Bonds	2016	A-	A2
Franchise Tax Revenue Bonds	2014	AA	

10-Year Debt Schedule

Debt Service consisting of Principal and Interest for bonds and capital leases over the next 10-year period is shown below.

Debt Type	2027	2028	2029	2030	2031	2032	2033	2034	2035
Governmental Funds									
G.O. Bonds (Parks & Rec) - 2023	$1,839,000	$844,500	$846,500	$847,500	$847,500	$846,500	$844,500	$846,500	$847,250

FUND BALANCE (RESERVE) POLICIES

Fund Balance and Reserves

Fund Balance is the difference between assets and liabilities reported in a governmental fund at the end of the fiscal year. It is also sometimes referred to as Reserves which is defined as the portion of the fund balance or retained earnings that are legally segregated for specific purposes.

The FY2026 Estimated and FY2027 Budgeted Fund Balances for all City funds are shown in the "Financial Statements Overview" section of the budget document.

Appropriated Fund Balance, One-Time Reserves or Stabilization Accounts

Appropriated Fund Balance is the amount of fund balance that is approved as a financing source to help fund expenditures in the current year's budget. A local government that becomes dependent on one-time revenue, such as appropriated fund balance or reserves, or on a source of revenue that will soon disappear, can, in essence, create deficits for itself. The City will utilize one-time or temporary funds to obtain capital assets or to make other non-recurring purchases.

The City will maintain a prudent level of financial resources to protect against the need to reduce service levels or raise taxes and fees due to temporary revenue shortfalls or unpredicted one-time expenditures.

Fund balances are accumulated in various funds for the following purposes:

- To avoid short-term debt that might be needed to provide working capital
- To meet unexpected expenditures as the result of an emergency
- To secure the City's debt and related bond ratings
- To accumulate funding for planned capital expenditure including the replacement of capital assets
- To meet reserve requirements for liabilities already incurred but not yet paid (as is the case with the Self Insurance Fund and the Health Insurance Fund)

Utah State Law (§10-6-116) allows cities to accumulate retained earnings or fund balances as appropriate in any fund. However, the law restricts balances in the General Fund as follows: (1) any fund balance less than 5% of estimated revenue may be used for working capital, certain emergency expenditures, or to cover an unexpected revenue shortfall that would result in a year-end excess of expenditures over

revenues; (2) fund balance greater than 5% but less than 35% may be used for budget purposes; and (3) any fund balance in excess of 35% must be included in the appropriations of the next fiscal year.

In addition, in June 2017, the City Manager recommended, and the Mayor and City Council approved, a fund balance policy to (1) maintain a minimum fund balance of $7.5 million in the General Capital Projects Fund, and (2) maintain at least 20% of the following fiscal year's General Fund Budgeted Revenues as the combined fund balance of the General Fund unreserved fund balance and the Capital Project Fund's fund balance. These targeted fund balance levels are to be used for unanticipated expenditures of a nonrecurring nature (i.e. natural disaster emergencies or economic recessions). For FY2026, the City has met both requirements of the fund balance policy.

Historical Unreserved General Fund Balances and their percentage of budgeted General Fund Revenues are shown below.

Unreserved General Fund Balance			
Fiscal Year	**Unreserved General Fund Balance**	**Next Fiscal Year's Budgeted Revenues**	**% of General Fund Revenue**
2015	$4,637,620	$60,677,266	7.6%
2016	$6,301,389	$66,099,009	9.5%
2017	$9,204,620	$66,855,020	13.8%
2018	$13,463,376	$73,181,261	18.4%
2019	$15,513,888	$77,681,549	20.0%
2020	$17,599,156	$70,410,770	25.0%
2021	$20,515,348	$91,836,597	22.3%
2022	$23,404,610	$101,759,854	23.0%
2023	$30,427,571	$107,927,701	28.2%
2024	$31,788,366	$112,144,994	28.3%
2025	$34,565,211	$121,138,746	28.5%

FY 2026-27 Budget
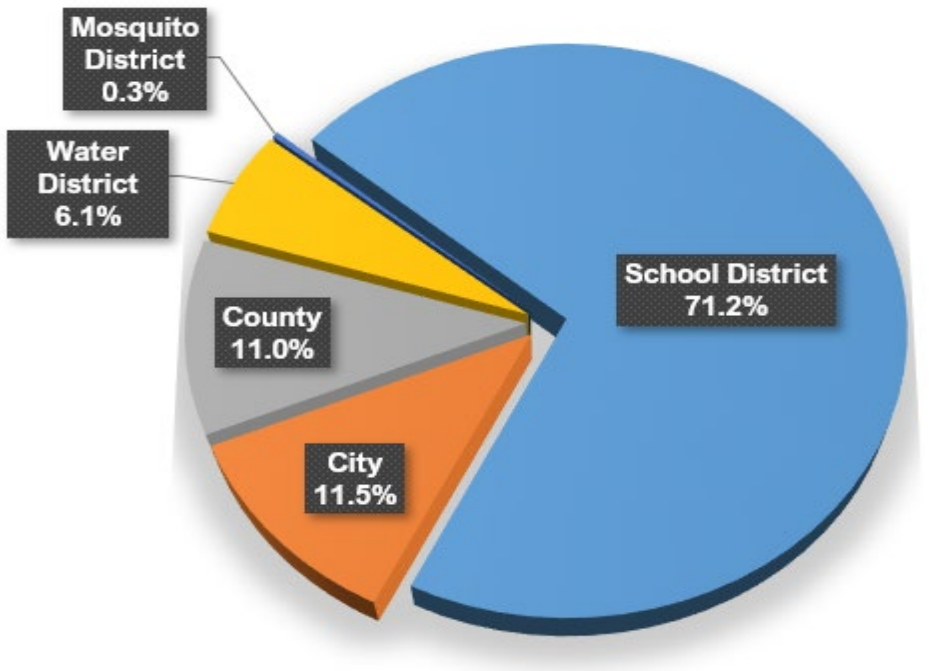
General Fund - Property Tax Overview

Total Property Tax Levy



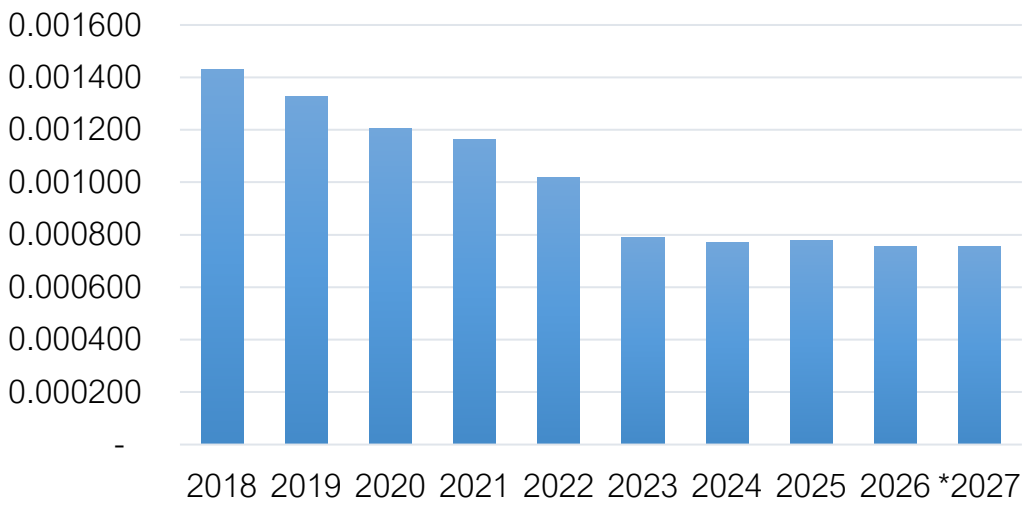
The city receives only 11.5% of the property taxes you pay each year. The majority goes to other taxing entities

The average primary homeowner pays $212.94 per year in property taxes for city services.

The majority of the property tax dollars that go to the city are used to pay for public safety services.

Historical Property Tax Rate - 10 Years

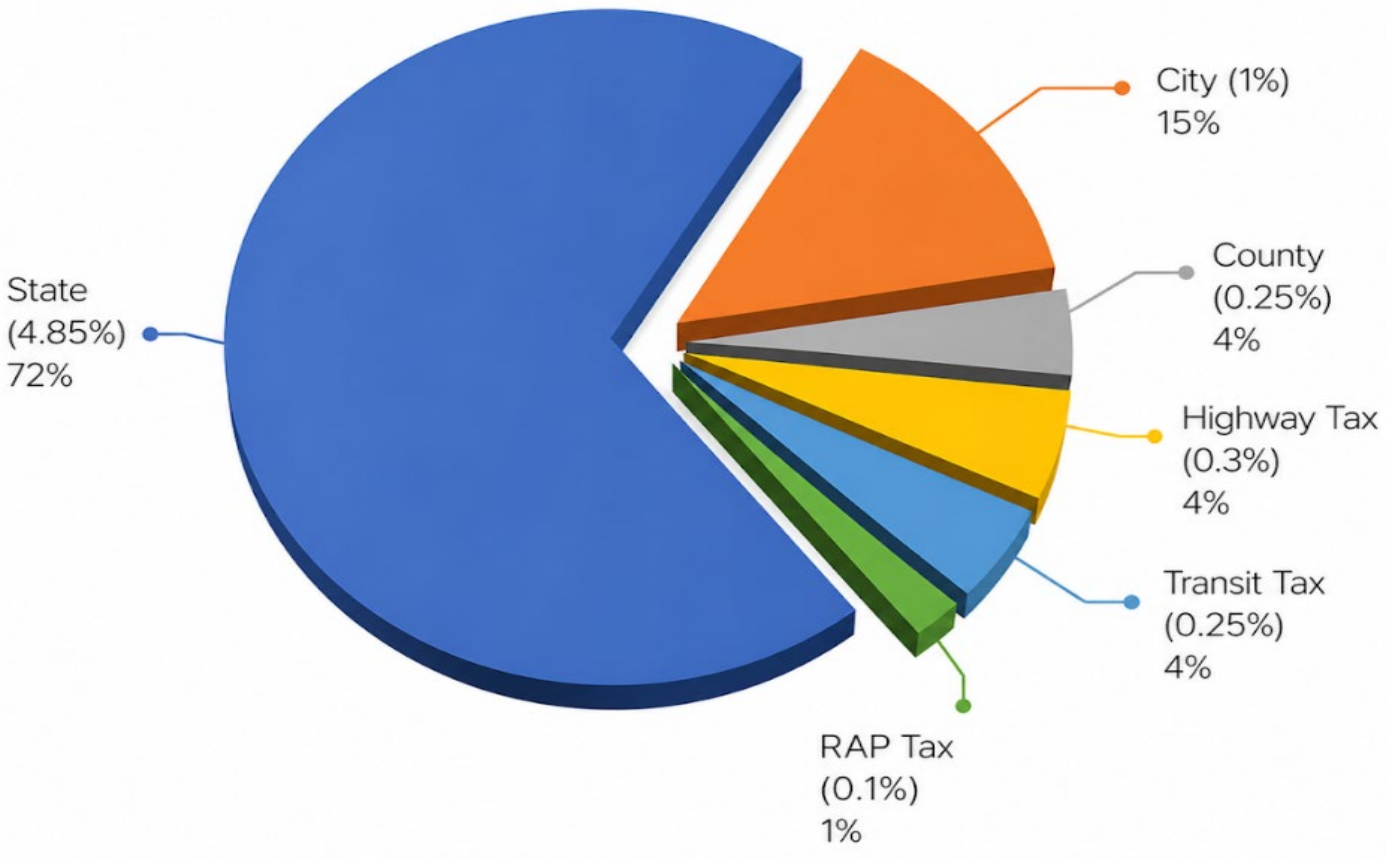
Fiscal Year	Property Tax Rate	% Change
2018	0.001432	
2019	0.001328	-7.3%
2020	0.001207	-9.1%
2021	0.001163	-3.6%
2022	0.001020	-12.3%
2023	0.000789	-22.6%
2024	0.000770	-2.4%
2025	0.000779	1.2%
2026	0.000754	-3.2%
*2027	0.000754	0.0%



*The Certified Tax Rate is provided by the Utah Tax Commission and Washington County in early June 2026. The FY 2027 budget proposes adoption of the Certified Tax Rate, which is the tax rate that if adopted would raise the same amount of property tax revenue for the city as the prior year budget (excluding new growth).

FY 2026-27 Budget
General Fund - Sales Tax Overview

Total Sales Tax Levy



The Total Sales Tax Rate in St. George is 6.75%. The City receives only 15% of the total collection to provide General Fund Services.

Sales tax is by far the largest source of funding for General Fund Services. In the FY 2027 budget 33% of General Fund expenses are paid for by sales tax.

Approximately 30% of the sales tax collected in St. George comes from tourism activity.

Historical Sales Tax Collections - 10 Years

Fiscal Year	General Fund Collection	% Change
2018	21,067,521	
2019	22,299,586	5.8%

FY 2026-27 Budget
General Fund - General Government - Mayor & City Council

Department Overview

The City of St. George operates under a Six-Member Council form of government, of which one member is the Mayor. The Mayor and Councilmembers are elected at large to serve four-year staggered terms. The Mayor serves as the chairperson of the Council and presides at all council meetings. The Mayor and City Council are the legislative and governing body of the city and have the duty to exercise and discharge all of the rights, powers, privileges and authority conferred upon them by State law and other laws of the city. The City Council convenes on the 1st and 3rd Thursday of every month whereby they review and vote on the passage of all ordinances, resolutions, and other City business for the betterment of the community.

Department's Responsibilities

1. Provide leadership and direction.
2. Establish vision, guidance, and strategy.
3. Set policies.
4. Adopt of the City's budget.
5. Enact laws.
6. Represent the City in intergovernmental relations.
7. Engage with the community and citizens.

Council Goals

- ☑ Be Great at the Basics
- ☑ Deliver Exceptional Experiences
- ☑ Support & Sustain a Strong Economy
- ☑ Encourage Community & Connection
- ☑ Maintain Financial Strength
- ☑ Sustain Organizational Excellence

Council Priorities

FY 2026-27 Budget
General Fund - General Government - Mayor & City Council

Top Three Accomplishments During FY 2026

FY 2026 reflected the second year of the implementation of the Trails, Parks, and Recreation G.O. bond that was overwhelmingly passed by the voters in November 2023. Multiple projects were completed during the fiscal year including: the Middleton Wash Trail, Vernon Worthen Park improvements, and Southern Hills Park. Major progress was made on the Dixie Sunbowl which is anticipated to open in September.

Major facility investments were made during FY 2026 with the completion and grand opening of the new Fire Station #1 in the Downtown and brand new City Hall, parking structure and plaza. These public buildings are the result of years of saving in our general fund toward capital projects and will serve our growing community far into the future.

As part of the FY 2026 budget process, the City adopted its first-ever comprehensive Business Plan outlining the priorities of the City Council. This Business Plan identifies nine major priority areas for the community, along with the specific objectives and strategies the City will pursue to achieve them. It represents a significant step forward in aligning the City's budget with Council direction and establishing a clear, results-oriented framework for decision-making and performance management. Meaningful progress is anticipated by the end of the fiscal year, with several key initiatives underway to advance the Plan's objectives.

FY 2026-27 Budget
General Fund - General Government - City Manager

Department Overview

The City Manager's Office provides executive leadership and overall management of the organization, ensuring effective implementation of City Council policies and direction. The office serves as the primary liaison between the City Council, City departments, and the community, while providing strategic guidance, operational oversight, and long-range planning. Additional responsibilities include development of the annual budget, management of the City's financial assets, intergovernmental relations, public information and citizen engagement, and oversight of municipal records and the special events process. The City Manager's Office drives transparency, accountability, and the efficient delivery of services to the community.

Department's Responsibilities

1. Provide executive leadership and management.
2. Recommend and implement policies.
3. Provide strategy, guidance, and direction.
4. Provides oversight and long-range planning.
5. Liaison between the City Council and City Depts.
6. Maintain and administer municipal records
7. Managed intergovernmental relations and affairs.
8. Development of the annual budget.
9. Manage the city's financial assets.
10. Oversee the special event process.

Council Goals We Achieve

☑ Be Great at the Basics	☑ Deliver Exceptional Experiences	☑ Support & Sustain a Strong Economy
☑ Encourage Community & Connection	☑ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

Ensure effective implementation of City Council priorities by aligning organizational efforts and resources with the Council's vision and delivering measurable results that support the City's long-term success.	Strengthen service delivery by improving operational efficiency, using data to inform decisions, and fostering a culture of continuous improvement across the organization.	Promote a culture of integrity, accountability, teamwork, and excellence by modeling the City's values in leadership, decision-making, and service to the community.

FY 2026-27 Budget
General Fund - General Government - City Manager

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Maintain a Fund Balance Reserve in the General Fund of at least 20% of the Next Fiscal Year's Budgeted Revenue Amount.	28.35%	28.35%	28.00%
Maintain high quality bond ratings for the City, especially with G.O. Bonds and Sales Tax Revenue Bonds.	S&P AA+ - G.O. AAA - Sales Tax	S&P AA+ - G.O. AAA - Sales Tax	S&P AAA

Top Three Accomplishments During FY 2026

As part of the FY 2026 budget process, the City adopted its first-ever comprehensive Business Plan outlining the priorities of the City Council. To support transparency and accountability, a public-facing dashboard was implemented to track progress on these priorities. The dashboard is updated monthly and provides residents with clear, accessible insight into how the City is performing in achieving its goals, reinforcing the City's commitment to being accessible and accountable.

Completion of the first year of the Be Brighter Employee Recognition Program. This program was built to tell the stories of our city employees, reinforce the city's mission and values, and improve the city's culture. Since inception this program has awarded 108 "all star" awards and 18 employee of the month awards. City wide the program has received well over 400 nominations since program inception.

Creation and implementation of the brand new "Operational Excellence Program" for the City. This program is focused on teaching employees throughout the organization practical tools to improve processes, reduce inefficiencies, and enhance service delivery. Developed as part of the FY 2026 Business Plan, the program establishes a structured, cohort-based approach to building internal capacity for continuous improvement. The inaugural cohort is scheduled to begin in June, marking the launch of a long-term initiative that will equip staff to drive measurable operational improvements across departments.

FY 2026-27 Budget
General Fund - General Government - Elections

Department Overview

The City's six-member Mayor and Council are selected through a municipal election process conducted every two years. The Mayor and two Council members are elected in one municipal election for a four-year term. The remaining three Council members are elected in the alternating municipal election and also serve a four-year term. The City Recorder is responsible for supervising all municipal elections and compliance with state law requirements. Special elections may also occur for the citizens' approval to issue general obligation debt or to approve other taxes. The City utilizes the vote-by-mail system and division expenses generally include voting supplies and contracted services for voting judges.

FY 2026-27 Budget
General Fund - General Government - Human Resources

Department Overview

The Human Resources Department is responsible for recruiting, employment, benefits, compensation, payroll, training, and employee relations. They provide these services for almost 900 full-time employees and 450 to 500 part-time employees, depending on hiring needs. The number one goal of the department is to be a responsive, valuable, and credible resource to the City and to each employee.

Department's Responsibilities

1. Talent acquisition.
2. Compensation.
3. Benefits.
4. Employee support and relations.
5. Payroll.
6. Champion employee development.
7. Encourage new ideas and solve challenges.
8. Model compassionate leadership.

Council Goals We Achieve

☑ Be Great at the Basics	☑ Deliver Exceptional Experiences	☐ Support & Sustain a Strong Economy
☐ Encourage Community & Connection	☐ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

Anticipating and meeting the changing needs of the workforce.	Enhancing services through technology.	Valuing, encouraging, and supporting a diverse workforce.

FY 2026-27 Budget
General Fund - General Government - Human Resources

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Reduce time to fill open positions	90 Days	70 Days	50-55 Days
Develop and present continuous, relevant training to support all departments.	3 Departments	14 Departments	14 Departments
Number of participants in the City's Wellness Program 4/29/26	335 Participants	460 Participants	550 Participants

Top Three Accomplishments During FY 2026

Led a comprehensive review and modernization of Human Resources policies, ensuring alignment with current best practices and full compliance with evolving state laws. This effort strengthened organizational consistency, reduced legal risk, and improved clarity and accessibility of policies for employees and management.

Successfully completed a full year of supervisor training sessions with strong attendance and engagement. The program covered critical leadership topics, strengthening supervisory skills, promoting consistency in management practices, and supporting effective team leadership across the organization.

Led the successful implementation of NEOGOV, transforming Human Resources operations by improving process efficiency, standardizing workflows, and enhancing data accuracy and reporting. This initiative increased operational effectiveness and supported more responsive and strategic HR services.

FY 2026-27 Budget
General Fund - General Government - Economic Development & Communications

Department Overview

Economic Development is dedicated to driving sustainable growth and prosperity by fostering a dynamic, business-friendly environment. Our mission is to support local businesses, attract quality investment, and create high-paying job opportunities that enhance the city's economy. As Southern Utah's leading economy, St. George continues to thrive through strategic planning, infrastructure development, and proactive support for innovation and entrepreneurship. The Department also focuses on maintaining the city's brand and image as a premier destination for our residents, businesses, and visitors by providing a variety of information through different medians, including print, online, social media, digital advertising, radio advertising and media outreach.

Department's Responsibilities

1. Support entrepreneurship & small business development.
2. Business retention and expansion.
3. Revitalize and redevelop targeted areas.
4. Business attraction and recruitment.
5. Liaison with community partners.
6. Promote positive city image.
7. Maintain city's presence of social media and city website.
8. Press releases and media relations.

Council Goals We Achieve

- ☑ Be Great at the Basics
- ☑ Deliver Exceptional Experiences
- ☑ Support & Sustain a Strong Economy
- ☑ Encourage Community & Connection
- ☑ Maintain Financial Strength
- ☑ Sustain Organizational Excellence

Department's Top Three Goals

Promote economic growth, stability, workforce development and a positive business environment.	Revitalize and redevelop targeted areas within the community.	Promote a positive city image and improve citizens' awareness and understanding of the city, its programs and its services using broad range of communication tools to reach all demographics.

FY 2026-2027 Budget
General Fund - General Government - Economic Development & Communications

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Major Economic Development Projects in progress	4	3	5
Social media followership (across all 4 main city platforms: FB, IG, Linked In and YouTube)	45,000	46,000	50,000

Top Three Accomplishments During FY 2026

Achieved national recognition for rankings including: The best-performing small city in America and the #1 Best Place to Start a Business.

Achieved a record year on social media:
- 657 Facebook posts (12.8 million views)
- 636 Instagram posts
- 1,293 total FB and IG posts (up 244 from 2024)
- 64 YouTube posts
- 56 Linked In posts
- Facebook page now has 31,351 followers, a year over year increase of 8,760.
- Instagram page now has 12,639 followers, a year over year increase of more than 3,000

Completed the sale of the 100 W property and worked with the selected developer to create a site plan that achieves the City's vision for redevelopment in downtown.

FY 2026-27 Budget
General Fund - General Government - Finance Department

Department Overview

The mission of the Finance Department is to safeguard the financial integrity of the City of St. George through strong internal controls, accurate financial reporting, and compliance with all applicable regulations and standards. The department oversees accounting, utility billing and procurement functions to ensure consistency, transparency, and accountability in the financial operations of the city.

Department's Responsibilities

1. Oversee accounting systems and general ledger
2. Ensure compliance and accuracy in financial reporting.
3. Ensure strong internal controls and best practices.
4. Procurement and payment of goods and services.
5. Billing and collections of Accounts Receivables.
6. Billing and collections of Utility Services.
7. Customer service on utility services.

Council Goals We Achieve

☑ Be Great at the Basics	☑ Deliver Exceptional Experiences	☑ Support & Sustain a Strong Economy
☐ Encourage Community & Connection	☑ Maintain Financial Strength	☐ Sustain Organizational Excellence

Department's Top Three Goals

To implement governmental accounting standards that yield information that users need to assist them in making decisions about the city's government in a way that improves the quality of life for our employees, our citizens, and those that visit our community and do this at a high level of integrity and trust.	To serve the Enterprise Utility services in ensuring essential utility services are delivered accurately and timely manner to our customers.	Employee development and training to improve their knowledge and skills to better serve the city and its citizens in the duties of their position and look for ways to improve efficiencies and process.

FY 2026-27 Budget
General Fund - General Government - Finance Department

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Prepare, develop, and submit the Annual Comprehensive Financial Report on-time and in accordance with State Law.	On-Time	On-Time	On-Time
Maintain high quality bond ratings for the City, especially with G.O. Bonds and Sales Tax Revenue Bonds.	S&P AA+ - G.O. AAA - Sales Tax	S&P AA+ - G.O. AAA - Sales Tax	S&P AAA

Top Three Accomplishments During FY 2026

The Department successfully expanded its payment network by partnering with Cache Valley Bank and State Bank of Southern Utah. This collaboration provides residents with eight additional convenient locations to pay their utility bills. By leveraging the banks' existing drive-thru infrastructure, the City has significantly enhanced customer service accessibility and streamlined the payment process for the community

Successfully launched and implemented a biannual procurement training program for all city departments. This initiative ensures consistent adherence to municipal purchasing policies, reduces contract risk, and promotes best practices in fiscal stewardship across the organization.

Received a "clean" opinion on the FY 2024/2025 annual audit and successfully submitted the Annual Comprehensive Financial Report in accordance with state law.

FY 2026-27 Budget
General Fund - General Government - Motor Pool

Department Overview

The Motor Pool is an internal service division within the Finance Department created in January 2020 to efficiently provide transportation options to City departments that have minimal and intermittent transportation needs. This division helps minimize new vehicle costs for individual departments by having motor pool vehicles available for use by multiple departments and their employees to use for a variety of purposes, such as traveling to training, traveling to meetings, etc. Departments are charged a per diem for use of the vehicles which is intended to offset the operating costs for the vehicles.

Department Position Overview

There are no positions funded in this division

FY 2026-27 Budget
General Fund - General Government - Legal Services

Department Overview

The mission of the St. George City Attorney's Office is to provide quality legal services to the City's elected officials and staff, and to do justice by holding criminal offenders responsible for their crimes and protect the interest of victims. The City Attorney's Office also provides risk management services for the City, including the adjusting of liability claims, worker's compensation claims, and safety training. The City Attorney's Office also handles the worker's compensation insurance and all property and casualty insurance programs.

Department's Responsibilities

1. Criminal prosecution of misdemeanor crimes.
2. Draft & review contracts, ordinances & resolutions.
3. Negotiate settlements & disputes.
4. Review GRAMA requests.
5. Review plats.
6. Defendant litigation against City.
7. Attend all official city meetings.
8. Advise City Council and city staff on legal matters.

Council Goals We Achieve

☑ Be Great at the Basics	☐ Deliver Exceptional Experiences	☐ Support & Sustain a Strong Economy
☑ Encourage Community & Connection	☑ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

Land Use knowledge and training so we become experts in this area.	Utilize all tools to streamline processes in all divisions to maintain efficiency.	Continue to use and fine tune case management system and improve systemic document processing.

FY2026-27 Budget
General Fund - General Government - Legal Services

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
# Contracts reviewed by Legal	809	843	600
# Criminal cases prosecuted	5,928	5,761	5,000

Top Three Accomplishments During FY 2026

Continue to work effectively and collaboratively with key stake holders to resolve high profile litigation and new litigation thus freeing up bandwidth to address other pressing needs of the City.

Land Use focus of Civil Division is being accomplished with dedicated self study, attending conferences and trainings.

Continue to handle EEOC claims in house thus saving the City approximately $50,000.

FY 2026-27 Budget
General Fund - General Government - Operations

Department Overview

The Operations Department's focus is to ensure those who work for the City of St. George have properly maintained equipment to perform their jobs with excellence in a safe and comfortable environment for the benefit of the public common good.

Department's Responsibilities

1. Acquire, maintain, leverage and dispose of City equipment and vehicles.
2. Plan for, construct and maintain City facilities and assets.
3. Develop systems, networks, databases, storage and security to facilitate the City's mission of advancing a thriving community.

Council Goals We Achieve

☑ Be Great at the Basics	☑ Deliver Exceptional Experiences	☑ Support & Sustain a Strong Economy
☐ Encourage Community & Connection	☑ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

Keep our staff knowledge base current by providing necessary training on the latest technology advances in Fleet, Facilities and Technology.	Proactively provide a safe and optimal workspace for employees and enhance the overall experience of our colleagues and the public.	Protect and maintain City assets for the long-term functionality and sustainability of our community.

FY 2026-27 Budget
General Fund - General Government - Operations

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Technology: AI Prompts/Queries	820	11,870	12,500
Fleet: 24-hour work order turn around	49	50	55
Facilities: Annual deep clean of buildings	12	13	15

Top Three Accomplishments During FY 2026

1. Took over SHAC maintenance and installed new boilers, pool steps, UV filtration system, CO2 system, circulation fans, remodeled family locker room and added ADA pass-through for patrons. Completion of Fire Station 1 and City Hall construction. Remodeled Fire Station 6 and water facility. Recarpeted Fire Station 7. Migrated to new work order/inventory software. Replaced Police Department boilers, Art Museum HVAC and Suntran HVAC. Programmed over 600 badges for new City Hall lock system. Set up and managed EV Charging stations at City Hall.

2. Completed Fire Station Headquarters and new City Hall and Parking Garage capital projects. This involved moving everyone and their IT equipment and hundreds of work orders for both the Technology and Facilities divisions. Network, wireless, cameras, and fiber to new buildings:
   1. City Hall at Town Square
   2. Fire Station 10
   3. Fire Station 1
   4. Fire Station 5

   T-Mobile Transition
   SQL Server Upgrade
   Tyler Server Transitions
   Replaced UCS Servers
   Technical Aspects of NeoGov Transition.
   Completed design of the new police

3. Trained technicians on NFPI AC/DC electrical circuit training, Ford, GM, CAT, Pierce fire apparatus, Altec bucket truck, Altec digger derrick, Toro, and Osh Kosh for AARF. We are 1 of 4 City/Counties in the State of Utah to achieve ASE Blue certification in FY26. Of ALL shops in the State of Utah we are 1 of 9 shops to achieve this certification. Ordered, received and inventoried 44 pieces of golf equipment. Fleet completely changed out all Energy Department bucket truck hydraulic systems. Fleet completed 2,944 work orders and 1,970 preventative maintenance checks.

FY 2026-27 Budget
General Fund - Public Safety - Police

Department Overview

The mission of the St. George Police Department is to work with the citizens of St. George to preserve life, maintain human rights, protect property, and promote individual responsibility and community commitment. We are committed to providing professional and innovative police services. Our goal is to make St. George a safe and enjoyable city to live, work, and visit for everyone.

Department's Responsibilities

1. Respond to calls for police service.
2. Provide 911 and dispatch service.
3. Build trust and relationships with the community.
4. Encourage traffic law compliance.
5. Investigate crime and hold perpetrators accountable.
6. Partner with all city departments.
7. Develop trained units for specialized response.
8. Set standards based on best practices.

Council Goals We Achieve

☑ Be Great at the Basics	☑ Deliver Exceptional Experiences	☐ Support & Sustain a Strong Economy
☑ Encourage Community & Connection	☐ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

Ensure the city is safe for everyone by establishing clear methods for reporting crimes, responding promptly to calls requiring police assistance, and proactively participating in problem-solving and community policing efforts.	Provide safe roadways and highways for those traveling within the city by any mode of transportation.	Appropriately dispatch all calls for service that come into our communications center. The center provides police, fire, and medical dispatching and receives all 911 calls for the majority of Washington County.

FY 2026-27 Budget
General Fund - Public Safety - Police

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Reduce respond time to in-progress calls	7 minutes 48 secs	7 minutes 57 secs	5 mins 30 secs
Reduce crashes by 12% (annual crash totals)	3,227	3,250	3,000
Answer all 911 calls within 10 seconds (NENA standard)	99.39%	99.31%	100.00%

Top Three Accomplishments During FY 2026

Implemented the police department fundamentals.

Achieved our police department accreditation.

Resolution of the 3000 E Seegmiller shootout: In July, 2025, SGPD successfully resolved a chaotic active shooter standoff in the Little Valley neighborhood. Despite a suspect firing over 150 rounds at officers, the department's tactical response and use of a Taser allowed for a safe apprehension with no injuries to officers or civilians.

FY 2026-27 Budget
General Fund - Public Safety - Dispatch

Department Overview

The 911 Communications Center is the dispatch center for every police, fire, and ambulance agency in Washington County as well as being the 911 center for the public. Thousands of 911 calls are received as well as many more non-emergency calls which are disseminated from the Communications Center to the appropriate agency. Dispatch personnel are Emergency Medical Dispatch (EMD) certified and attend prescribed training programs to maintain their national and state certifications. The 911 Communications Center is funded both by a 911 surcharge assessed against phone users and also funded by other municipal and emergency agencies who use the Center's services.

FY 2026-27 Budget
General Fund - Public Safety - HIDTA Grant

Department Overview

The City Police Department operates a multi-jurisdictional Drug and Gang Task Force comprised of Officers from St. George, Washington County Sheriff's Office, Hurricane, Washington City, and the Utah Highway Patrol. The Task Force's primary activities include surveillance, serving search warrants, seizing and halting production of controlled substances and documenting known gang members and suppressing their activities. With the exception of salaries, funding is provided by three federal and state grants: the High Intensity Drug Traffic Area (HIDTA) grant; and both the Byrne Memorial Justice Assistance Grant and the State Asset Forfeiture Grant through the Commission of Criminal and Juvenile Justice (CCJJ).

FY 2026-27 Budget
General Fund - Public Safety - Fire

Department Overview

The Fire Department provides emergency response services including fire, rescue, EMS/medical, extrication along with Hazardous Materials and specialized rescue. The department also provides fire prevention, code enforcement/inspection and plan reviews along with fire investigations and emergency management for the City. The department has over one hundred full-time, part-time, and reserve staff responding from ten (10) fire stations throughout the city. The department has mutual aid agreements with all cities, fire departments and/or districts located in Washington County and is a member of the five county Southwest Regional Response Team which provides hazardous-materials response to the five-county area.

Department's Responsibilities

1. Provide fire suppression, medical services, and other service calls (lifts assists, smoke detectors, etc.).
2. Fire inspections to business for fire safety.
3. Provide site and building plan reviews.
4. Provide the community with station tours and safety talks.
5. Maintain positive working relationships partners.
6. Comply with the National Fire Protection Agency Standards.
7. Stay current with the insurance Rating Services (ISO) rating.
8. Maintain and provide training opportunities to stay current on new studies and tactics.

Council Goals We Achieve

☑ Be Great at the Basics	☐ Deliver Exceptional Experiences	☐ Support & Sustain a Strong Economy
☑ Encourage Community & Connection	☐ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

St. George Fire Department will strive to provide a high level of quality care in the delivery of emergency and non-emergency services.	St. George Fire Department will provide an in house training and education program encompassing the needs of the fire prevention, suppression, rescue, and emergency medical services.	St. George Fire Department will strive to provide fire prevention and education services to the citizens of St. George City.

FY 2026-27 Budget
General Fund - Public Safety - Fire

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Response Time	8:00	7:30	4-6 Minutes
Inspections / Plan reviews	3,000	3,500	3,750
Training Hours	12,711	13,000	14,000

Top Three Accomplishments During FY 2026

Successfully completed construction and operational setup of Fire Station 1. The station is now fully functional and ready to support enhanced response capabilities and community coverage.

Initiated design phase of Fire Station 2 to improve service coverage and response times in the area.

Working with Sidons Martin to place the new ladder and stock unit into service. The pumper build is expected to be completed in March.

The Airport will transition to an Enterprise Fund beginning in FY2027 (see Fund 88).

FY 2026-27 Budget
General Fund - Airport

Department Overview

The St. George Regional Airport (SGU) is a thriving aviation gateway to St. George, Southwestern Utah, and greater Zion. We offer a safe, reliable and friendly aviation environment that supports the economic development of the region. SGU offers aviation solutions, service excellence, and works in partnership with our customers to maintain a safe and efficient place to do business. We are dedicated to the highest standards of safety, ethics and integrity. SGU strives to be an innovator to create global access and world class customer service.

Department's Responsibilities

1. Maintain positive working relationships with customers.
2. Maintain compliance with best practices.
3. Maintain airport aesthetics.
4. Maintain customer parking systems.
5. Maintain terminal maintenance.
6. Maintain public safety.
7. Maintain 1,205 acres of operational airport property.
8. Drive economic prosperity as an aviation gateway.

Council Goals We Achieve

☑ Be Great at the Basics	☑ Deliver Exceptional Experiences	☑ Support & Sustain a Strong Economy
☑ Encourage Community & Connection	☑ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

Complete construction on the Air Traffic Control Tower	Tenant and Stakeholder engagement meetings quarterly.	Strive to give our customers a friendly and efficient experience at SGU.

Department Overview

The St. George Municipal Airport is the regional aviation gateway to St. George and Southwestern Utah. The airport includes a terminal and has 9,300 foot runway with two parallel taxiways which can accommodate regional jet aircraft, 737's and Airbus 319's. The airport offers a full array of general aviation services, including hangers, aircraft tie downs, and fueling services. The Airport division's responsibilities include daily airport operations and maintenance, management for facility improvements, administration of revenue and grant resources, and other general responsibilities.

FY 2026-27 Budget
General Fund - Public Works

Service Area Overview

Public Works Services in the General Fund oversee the maintenance and improvement of city's public transportation infrastructure and storm drain systems. Activities include maintenance of the city's streets, traffic signals, traffic signage, drainage system, and planning, designing, and managing development of the transportation system for future growth and improvement.

FY 2026-27 Budget
General Fund - Public Works

Department Overview

The Public Works Department will enhance the quality of life in St. George through excellence in professional services and efficient management of infrastructure for the public and the city organization.

Department's Responsibilities

1. Engineering review of development projects.
2. Design and review of city roadways and drainage.
3. Oversight of major city public infrastructure projects.
4. Maintenance of traffic signals.
5. Maintenance of city streets.
6. Maintenance of city drainage network.
7. Floodplain management of city watersheds.

Council Goals We Achieve

☑ Be Great at the Basics	☑ Deliver Exceptional Experiences	☐ Support & Sustain a Strong Economy
☐ Encourage Community & Connection	☑ Maintain Financial Strength	☐ Sustain Organizational Excellence

Department's Top Three Goals

Increase and/or maintain the capacity of the City's storm drain system by utilizing the existing system more efficiently.	Maintain a high standard of living by keeping roadways cleaned and swept.	Maintain a high standard of living by keeping gutters cleaned and vacuumed.

FY 2026-27 Budget
General Fund - Public Works

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Storm drain pipe cleaning (LF/1,000 population)	251.00	397.00	200.00
Roadway sweeping per lane miles (miles/1,000 population)	55.00	67.30	80.00
Gutter cleaning (miles/1,000 population)	1.90	1.40	1.00

Top Three Accomplishments During FY 2026

The 1450 S (George Washington Blvd) Extension from River Rd to Crosby Way has been on our City Transportation Master Plan for many years. Besides the fact that the new bridge and roadway costs a significant amount of money, it is also very time-consuming and difficult to obtain the necessary approvals and permits to install a new bridge over the Virgin River. As such, Public Works staff considered the approval and receipt of the US Army Corps of Engineers permit to be a major accomplishment. The construction on the bridge will commence in FY26 and will continue into FY27 and FY28.

The Public Works Dept typically delivers 1 to 4 traffic signals each year. As the city grows, so do our traffic volumes on the city streets. This has resulted in the need for more than the average traffic signal projects in FY26. During the past year, Public Works and Engineering staff have managed the installation of 6 traffic signals. These signals are located at the following intersections: 3000 E Crimson Ridge Dr, Pioneer Rd Man O'War Rd, Desert Color Pkwy Black Mountain Dr, Desert Color Pkwy at Costco, River Rd Commerce Dr, and Mall Dr 450 N.

The SR-7 Trail from I-15 to the Desert Canyon Interchange commenced construction in FY26. This project is being funded in a joint venture between St. George (20%) and UDOT (80%) with the City managing and administering the project. With the trail being located with the SR-7 right-of-way, this project is very unique in that the City has hired the consultants and contractor to complete the project, which is typically administered by the State. This is resulting in significant cost savings for the trail project.

FY 2026-27 Budget
General Fund - Public Works - Public Works Administration

Department Overview

Public Works Administration is responsible for the general supervision, administrative support, long-range planning, and short-term project coordination of Streets, Engineering, Drainage Control, and Transit. Their goal is to enhance the quality of life in St. George through excellence in professionalism, services, and effective management of the infrastructure for the public and city organization. Their vision statement is: "We will meet community needs by being helpful, competent and worthy of trust. We will foster cooperation and teamwork with every employee empowered to work as a member of the team to improve the way we provide our services.

FY 2026-27 Budget
General Fund - Community Development

Department Overview

Community Development strives to maintain excellent customer service through integral teamwork, responsibly guiding the public through the development process at every level, coordinating the review of projects with several departments throughout the City, and heightening public awareness and compliance of the City Codes and Ordinances.

Department's Responsibilities

1. Review building permits.
2. Issue building permits.
3. Inspect buildings.
4. Code enforcement.
5. Business licenses.
6. Planning & Zoning.

Council Goals We Achieve

☑ Be Great at the Basics	☐ Deliver Exceptional Experiences	☑ Support & Sustain a Strong Economy
☐ Encourage Community & Connection	☐ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

Amend code to streamline and simplify regulations	Preserve and expand existing businesses and attract new businesses including updating commercial plans.	Maintain the integrity of existing neighborhoods including completing the General Plan updates.

FY 2026-27 Budget
General Fund - Community Development

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Number trainings attended	6	35	30
Number of test certifications obtained	10	2	3

Top Three Accomplishments During FY 2026

The adoption of the amended Accessory Dwelling Unit code which gives more flexibility to residents.

The adoption of the updated General Plan.

In 2025, the Planning Department processed 592 planning applications, the highest number completed in a single year to date. With 3.5 FTE planners, this equates to an average of 169 cases per planner, reflecting a significant workload and a sustained level of high productivity.

FY 2026-27 Budget
General Fund - Golf

Service Area Overview

The City owns and operates four municipal golf courses. The city opened the first golf course (Dixie Red Hills) in 1965. Today the city owns four courses which includes Dixie Red Hills, Sunbrook, St. George Golf Club, and Southgate. Combined, the golf courses have 72 challenging holes and are open year-round due to the accommodating climate. The golf courses are a major attraction for visitors and are a significant contributor to the City's economy and sales tax base. The golf courses also provides a number of beneficial programs and charity events including the Junior Association of Golfers (JAG), PGA Hope, Vets on Course, First Tee Utah, Youth on Course, and on average 16 charity events annually raising significant funding for local organizations that benefit the community.

FY 2026-27 Budget
General Fund - Golf

Department Overview

The Golf Division's mission is to deliver an exceptional golf experience for City of St. George residents and visitors by maintaining outstanding course conditions and facilities and providing superior customer service—while ensuring golf remains affordable for local residents.

Department's Responsibilities

1. Maintain golf course conditions.
2. Provide customer service
3. Promote golf through the JAG program.
4. Promote golf through golf leagues.
5. Stewardship of water conservation.
6. Maintain usable open space for golf activities.

Council Goals We Achieve

☐ Be Great at the Basics	☑ Deliver Exceptional Experiences	☐ Support & Sustain a Strong Economy
☑ Encourage Community & Connection	☐ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

We aim to increase JAG participation to over 900 youth, expanding access to the game for boys and girls of all backgrounds. By utilizing TruTee's all-in-one platform, we will streamline registration and tournament administration to provide a more user-friendly experience.	Evaluate innovative technology to replace our current three-service system with a single, integrated platform.	Provide exceptional customer service to all golfers.

FY 2026-27 Budget
General Fund - Golf

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Continued revenue growth.	$8.63 Million	$8.8 Million	$9.2 Million
JAG (junior golf association) participation	880 Participants	890 Participants	900 Participants
Rounds of golf played (9-hole round increments)	321,000	350,000	350,000

Top Three Accomplishments During FY 2026

Successfully implemented a new tee-time reservation, waiting list and tournament/league scheduling software. Tru-tee improves patron experience, offers more options for booking, and offers a much more robust report features. This all-in-one software took 6-months to develop and is custom -made for the St. George Golf Division.

In FY 2026 the Golf Division had over 350,000, 9-hole rounds of golf played at the four city golf courses. This was the highest year of play at the city courses.

Subrook was named in the USA Today's Top 10 Golf Destinations in the nation! The national spotlight has continued to grow the number of out-of-state patrons frequenting our area and playing at our courses.

Balance - Gain/(Loss)	1,528,721	1,142,177	1,086,634	1,060,356	1,684,363

The Gain/(Loss) is provided for informational purposes only. The Golf division is a part of the General Fund which means any gain helps contribute towards funding other services within the General Fund and conversely any loss is supported by other revenues within the General Fund.

Revenue reflected in Golf Administration includes overall course revenue not easily divided between courses and is primarily comprised of revenue from membership card sales, donations for the JAG program and other miscellaneous revenues.

This schedule includes all costs associated with the maintenance and operation of the golf courses including personnel costs (salaries and benefits), supplies, maintenance, and capital.

In FY2025 $1,500,000 of the overall profit from the Golf Courses was set aside in a "Golf Reserve" within the General Fund to support major future capital expenses.

FY 2026-27 Budget
General Fund - Golf Administration

Department Overview

The Golf Administration Department is headed by the Director of Golf Operations under the direction of the Support Services Director. Golf Administration is responsible for the general supervision, administrative support, promotion and marketing programs, Junior Association of Golfers (JAG), long-range planning, and short-term project coordination of all City golf courses.

FY 2026-27 Budget
General Fund - Red Hills Golf Course

Department Overview

Dixie Red Hills was the first golf course developed by the City of St. George. Red Hills opened for play in 1965 and was the first course built in the St. George area. Because of its spectacular red rock setting and playability, it has been the favorite of recreational golfers ever since. Red Hills is a 9-hole par-34 layout that meanders around the sandstone cliffs of "Utah's Dixie." This golfer-friendly course also features hundreds of mature Cottonwoods, Mondale Pines, Mesquite, and other trees that provide ample shade during St. George's warmer months. Each hole is quite distinct and will leave a lasting memory in the minds of golfers.

FY 2026-27 Budget
General Fund - Southgate Golf Course

Department Overview

Southgate Golf Course is an 18-hole course and is a favorite among retired players because of its laid-back feel. Southgate Golf Club opened in 1975 and was purchased by St. George City from Southgate Resort when the development failed. The front side is relatively flat and crisscrosses the Santa Clara river. The back nine at Southgate traverse along Tonaquint Mountain and provides awe-inspiring views of the St. George area.

FY 2026-27 Budget
General Fund - St. George Golf Course

Department Overview

St. George Golf Club is an 18-hole golf course and is the hidden gem of southwestern Utah golf. The St. George Golf Club opened in 1976 by a private developer and was later given to the city due to bankruptcy of the private developer. Prior to its operation by St. George City, this course was called Bloomington Hills. During those years, it struggled to mature. Over the past several years, St. George Golf Club has become one of the outstanding golf courses in Utah. The appeal of St. George Golf Club is its beautiful terrain bordering the Ft. Pierce Wash.

FY 2026-27 Budget
General Fund - Sunbrook Golf Course

Department Overview

Sunbrook is an 27-hole course located off of Dixie Drive. Sunbrook Golf Club opened the original 18 holes in 1990 by a private developer. The city later acquired the course after bankruptcy of the private developer. The course is a premier course with scenic views and features championship holes. Sunbrook was rated by Golf Digest as one of the best golf courses in Utah. This rating is a result of a number of elements including scenery, challenge, quality, and service.

FY 2026-27 Budget
General Fund - Parks & Community Services

Department Overview

The Parks & Community Services Department's mission is to actively improve quality of life for St. George residents. We strive to enhance the community by providing safe and well maintained parks; community arts and events; and recreation programs for all ages and abilities.

Department's Responsibilities

1. Preserve and beautify public spaces.
2. Expand park accessibility and safety.
3. Sustain the city's urban forest.
4. Optimize and maintan the St. George Rec Center and City Pool.
5. Elevate and expand recreation leagues and tournamnets.
6. Execute world class community events to foster resident connection.
7. Advance the development and connectivity of citywide trails.
8.Curate and preserve the St. George Art Museum.

Council Goals We Achieve

☑ Be Great at the Basics	☑ Deliver Exceptional Experiences	☐ Support & Sustain a Strong Economy
☑ Encourage Community & Connection	☐ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

Deliver diverse recreation programs that proactively support the physical helth and mental resilience of all St. George residents.	Cultivate a seamless network of safe parks and connected trails that elevate the daily quality of life for a growing population.	Foster community unity through inclusive arts programming and world-class events that celebrate St. George's unique culture.

FY 2026-27 Budget
General Fund - Parks & Community Services

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Youth Involvement and Registration Numbers	5,904	6,181	10% increase based on population growth
Miles of paved trails	72	81	Completed Trail System
Marathon participants	8,483	9,000	9,000

Top Three Accomplishments During FY 2025

Playground replacments for Middleton Park, Royal Oaks Park, Christensen Park,Sycamore Park, Springs Park, and Mathis Park. New construction of the Fossil Falls Park. Shades and bleachers for Bloomington Park. Sandtown Park Trail Perimeter and New Bathrooms, Tonaquint Cemetery Expansion. Redwood Tree Park improvements.

Trails Connections: Pioneer Park Interpretive Trail, Airport Parkway Trail, Halfway Wash trail, Rim Rock Trail, Black Hills Trail, Virgin River South Trai l-Bloomington Park to I-15.

City Pool Deck Replacment, Lights and Artificial Turf at Little Vally Park.

FY 2026-27 Budget
General Fund - Parks

Department Overview

The Parks Division is the largest division in Parks & Community Services and is responsible for keeping the parks and other City facilities safe, clean, attractive, and available to the public. Parks maintains over 49 city parks, over 60 miles of trails, 4 splash pads, and over 150 sections of public rights-of-way (road medians and roundabouts); manages the City's greenhouse and tree farms; maintains the landscape for all city facilities; and provides support to the many community events held throughout the year in the City such as the Marathon and Arts Festival. Their mission statement is to provide aesthetic, safe, and functional facilities that support the recreational and visual needs of the community.

FY 2026-27 Budget
General Fund - Parks Design

Department Overview

Parks Design is responsible for the design and project management of new parks, trails, and other open space recreational facilities within the City of St. George. The City has set a goal to have one neighborhood park within a 1/2 mile walking-distance of every household. The City is also constructing a regional trail system and sports field complexes. Design staff are integral in formulating designs and working with the community and developers in achieving these goals.

FY 2026-27 Budget
General Fund - Nature Center

Department Overview

The Tonaquint Nature Center is a recreational facility situated in a natural and undisturbed environment. The facility includes a pond inhabited by many species of fowl and other small wildlife; a trail system, and arboretum. Personnel strive to increase the understanding, appreciation and knowledge of natural resources while promoting environmental responsibility for our actions for the future generations' welfare. This area's main focus is camps and programs for teens and children aimed to meet the needs and wants of the St. George citizens and surrounding communities. This division also accounts for the St. George Carousal and Thunder Junction train.

FY 2026-27 Budget
General Fund - Softball Program

Department Overview

Softball Programs is a program within the Recreation Division. The program coordinator is responsible for the creation, promotion, and management of both softball leagues and softball tournaments at the City's Canyons Complex, Little Valley Fields Complex, and Bloomington Park fields. League events include both a spring and fall league with men, women, and co-ed divisions with a participation of approximately 270 teams. Softball tournaments are held throughout the year with a projection of hosting approximately 15 tournaments, with about 725 teams participating annually.

FY 2026-27 Budget
General Fund - Youth & Adult Sports

Department Overview

The Youth & Adults Sports are programs within the Recreation Division responsible for creating, promoting, and administering youth and adults sports such as soccer, basketball, baseball, softball, and flag football. They provide programs not otherwise provided by local community businesses or volunteer organizations. Its mission is to provide a safe and high quality program for the youth and adults of St. George. The Division works hard to keep costs down and affordable for the majority of citizens. During FY 2023 Adult Sports was shifted from the Pickleball & Tennis division into the Youth Sports division, which was renamed "Youth and Adult Sports".

FY 2026-27 Budget
General Fund - Exhibits and Collections

Department Overview

Exhibits & Collections is a function of the Community Arts Division. Services include the management and procurement of art and artifacts for display at the City's art museum, known as the Pioneer Center for the Arts. The Division's mission is to educate all visitors through quality exhibitions from all periods, cultures, and media, as well as to collect, conserve, inventory, exhibit, and interpret art and artifacts from Utah and the West.

FY 2026-27 Budget
General Fund - Historic Court House

Department Overview

The Pioneer Courthouse on the corner of 100 East and St. George Blvd. was built by the same craftsmen who worked on the St. George Tabernacle. Work on the Courthouse began in 1867 and completed in 1870. The original building was 36 by 40 feet and 3-stories high, and included a jail in the basement. Folklore has it that the cupola was designed to hang criminals, though no hangings ever occurred in the building. The building is currently used as a tourism information center and various civic meetings are also held in the upstairs "Courthouse Chambers." This property was purchased by Washington County in FY2026.

FY 2026-27 Budget
General Fund - Marathon

Department Overview

The City hosts the annual St. George Marathon administered through the Leisure Services Department. The event is held the first weekend of October and is open to a maximum of approximately 9,000 runners. The St. George Marathon turns 50-years old in the fall of 2026, and is rated as one of the most scenic and fastest marathons in the USA. It attracts participants from all over the United States and other countries and is also a Boston-marathon qualifier.

FY 2026-27 Budget
General Fund - Electric Theater

Department Overview

The Electric Theater was originally built in 1911. The City purchased the facility in 2013 and restored and remodeled it in 2015. The Electric Theater serves as an anchor facility within the historic downtown arts district to support artists, both performing and visual, and to facilitate a diverse program of quality art education that enriches our community.

General Fund - Cemetery

Department Overview

The Cemetery Division is part of the Parks & Community Services Department and managed by the Cemetery Sexton. The City operates two cemeteries - the Downtown Cemetery and the Tonaquint Cemetery. Responsibilities include sales of burial plots, grounds maintenance, grave digging, and gravesite maintenance. Personnel strive to provide compassionate, courteous, and professional service to bereaved families and to provide a well-maintained environment.

FY 2026-27 Budget
General Fund - Sand Hollow Aquatic Center

Department Overview

The Sand Hollow Aquatics Center (SHAC) is an indoor, state-of-the art, year-round aquatic facility which includes a 25m by 25yd competition and diving pool and a 5,800 square foot leisure pool. The leisure pool has a zero depth entry area, interactive children's water fun toys, a water walk (lily pads), and water slides. Facility personnel are responsible for admissions, maintenance, safety, and other daily operating activities. Facility programs include swimming lessons, party rentals, water aerobics, swimming competitions, and other community events such as dive-in movies.

FY 2026-27 Budget
Enterprise Funds

Service Area Overview

Enterprise Funds account for business-type activities that charge user fees to fund services. Beginning in FY27, the Regional Airport Capital Projects Fund (Fund 88) has been transitioned into the Airport Fund and is now reported within the Enterprise Funds, with Division 5400 from the General Fund also incorporated. The goal of these funds is to provide reliable, high-quality services in a timely and cost-effective manner through prudent resource management.

FY 2026-27 Budget
Enterprise Funds - Water Department

Department Overview

Our mission is to effectively and efficiently manage and optimize the complete water cycle for the City of St. George. This cycle begins with the source of both drinking and irrigation water, treatment of water to meet regulations, distribution and conservation of the water, collection of the wastewater and treatment so the water can be reused and returned to the beginning of the cycle or to the environment. Our greatest concerns are providing water of high enough quality and quantity to enhance the health, environment, and enjoyment of the community.

Department's Responsibilities

1. Produce and distribute high quality safe drinking water.
2. Effectively and efficiently collect and convey wastewater.
3. Treat wastewater so that it is safe to the environment.
4. Provide irrigation water to customers and city facilities.
5. Develop plans to expand and improve infrastructure.
6. Educate and encourage customers to conserve water.

Council Goals We Achieve

☑ Be Great at the Basics	☑ Deliver Exceptional Experiences	☐ Support & Sustain a Strong Economy
☐ Encourage Community & Connection	☐ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

Provide safe, reliable drinking water, wastewater collections, and wastewater treatment to our customers by effectively and efficiently operating and maintaining our water and sewer infrastructure.	Replace aging critiral infrastructure, including large diameter regional sewer interceptor lines that convey wastewater to the SGRWRF.	Promote customer engagement of the Eye-on-Water app to promote water use awareness and water conservation best practices.

FY 2026-27 Budget
Enterprise Funds - Water Department

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Water Distribution Infrastructure Condition	3.01 breaks per 100 miles	3.18 breaks / 100 miles of pipe	< 5 breaks per 100 miles
Wastewater Collections Maintenance Benchmark	161 miles sewer cleaned	215 miles sewer cleaned	200 miles sewer cleaned
Full Time Employee Benchmark- MGD of wastewater processed per employee	0.46	0.48	0.50

Top Three Accomplishments During FY 2026

Construction of the Stone Cliff Irrigation Tank and Industrial Tank Replacement Projects

Construction of the 36" diameter Ft. Pierce Sewer Replacement Project

Completion of the installation of 36,000+ AMI Metering endpoints.

FY 2026-27 Budget
Enterprise Funds - Water Utility Fund

Department Overview

The Water Utility Fund is to assure an adequate supply of potable water for the citizens of St. George. The fund is responsible for the maintenance of culinary water distribution lines, storage tanks, and secondary water (irrigation) systems. The Department's focus is on water rights, water quality, asset management, system mapping, and water modeling. The Water Utility Fund currently services approximately 32,000 residential and non-residential customers.

FY 2026-27 Budget
Enterprise Funds - Wastewater Collection Fund

Department Overview

The Wastewater Collection Fund is responsible for installing and maintaining all sewer collection lines and connections. Because the division functions very effectively, often the work done goes without notice by the majority of customers

Department Position Overview

Wastewater Manager
WW Collection Lead Operator (5)
WW Collection Operator II (5)
WW Collection Operator III (5)
WW Collection Operator IV
WW Inspector (2)
WW Superintendent
WW Supervisor (2)

FY 2026-27 Budget
Enterprise Funds - Regional Wastewater Treatment Plant Fund

Department Overview

The Regional Wastewater Treatment Plant treats sewage from St. George, Washington City, Santa Clara, and Ivins. The facility currently processes about 12 million gallons each day. The plant utilizes an oxidation ditch/extended aeration process that uses physical and biological processes to clean the water. The facility has a 97-98% removal of the contaminants in the water.

Department Position Overview

		Authorized FT	
Lab Analyst	Water Service director	2023	27
Lab Analyst II	WW Instrumentation & Controls Tech I (2)	2024	27
Laboratory Manager	WW Instrumentation Control Supervisor	2025	27
Pretreatment Coordinator	WW Plant Operators (13)	2026	28
Pretreatment Inspector I	WW Plant Supervisor (2)	2027	28
Pretreatment Inspector II	WW Plant Superintendent		
Pretreatment Specialist	WWTP Environmental Compliance Officer

FY 2026-27 Budget
Enterprise Funds - Energy Department

Department Overview

The Energy Services Department is dedicated to ensuring our community has access to an efficient and modern electric system tailored to their needs. We actively engage with our customers to deliver the reliable service they deserve. We are here to address inquiries, resolve issues, and provide valuable advice to enhance their experience.

Department's Responsibilities

1. Provide street lighting.
2. Install underground and overhead electric lines.
3. Net metering program (solar).
4. Energy generation for the community.
5. Maintain energy substations and transmission lines.
6. GIS for electric system.
7. Read power meters.
8. Design electric system.

Council Goals We Achieve

☑ Be Great at the Basics	☐ Deliver Exceptional Experiences	☐ Support & Sustain a Strong Economy
☑ Encourage Community & Connection	☐ Maintain Financial Strength	☑ Sustain Organizational Excellence

Department's Top Three Goals

To supply reliable electric service to our community.	To plan for future energy procurement that maintains expected service levels for customers	To provide affordable electric service to our community.

FY 2026-27 Budget

Enterprise Funds - Electric Utility Fund

Department Overview

Energy Services provides electric power to approximately 31,000 City residential and business meters. This is done through construction and maintenance of an extensive transmission and distribution systems. There are 17 distribution substations, 7 transmission substations, and approximately 900 miles of transmission distribution lines. The Department also owns and operates three generation facilities with a capacity of approximately 100 MW of capacity and is also responsible for the operation and maintenance of the 138 kV system which is shared ownership with Utah Associated Municipal Power Systems (UAMPS).

Department Position Overview

Admin. Prof III (2)
Apprentice Line worker I, II & III (16)
Apprentice System Control Operator
Chief Energy Services Engineer
Energy/Water Customer Service Mgr. (60%)
Energy Data Analyst I
Energy Distribution Superintendent (2)
Energy Engineering Field Supervisor
Energy Generation Manager
Energy Gis Analyst I
Energy Inspections & Underground Loc I (2)
Energy Inventory Specialist
Energy Resource Manager
Energy Scada Supervisor
Energy Substation Supervisor (2)
Energy Substation/ Scada Superintendent
Engineer I, II, and III - Power (3)
Gis/Asset Management Field Technician
Journeyman Energy Generation (5)
Journeyman Energy Scada (4)
Journeyman Energy Substation (2)
Journeyman Lineworker (8)
Journeyman System Control Operator (4)
Pole Attachment Program Coordinator
System Control Operations Manager
System Control Operations Supervisor

FY 2026-27 Budget
Enterprise Funds - Electric Utility Fund - Utility Billing

Department Overview

The Utility Billing Division budget accounts for all activity of the Utility Billing/CSR Division. This is a division of the Finance Department. This division was moved into the Electric Utility fund in FY 2026. The Electric Utility Fund pays for 40% of the overall cost of this division with the remaining 60% of cost shared by the other Enterprise Funds.

FY 2026-27 Budget
Enterprise Funds - Refuse Collection Fund

Department Overview

The City contracts with Washington County Solid Waste District (WCSWD) to collect and dispose solid waste, and curbside recycling was added in 2016, for residential citizens. WCSWD supplies solid waste containers and schedules pick-up dates. The City bills and collects monthly payments for solid waste services and curbside recycling as part of the utility billings for electric, water, and wastewater and therefore citizens receive only one unified billing which enhances their payment convenience and options for method of payment. A fraction of the monthly fees are kept by the City for their billing services, and the remainder is remitted to WCSWD.

Department Position Overview

There are no positions funded in this department.

FY 2026-27 Budget
Enterprise Funds - Municipal Building Authority Fund

Department Overview

The St. George Municipal Building Authority (MBA) was created in 1993 and is an enterprise fund used to account for lease purchase bonds issued for construction of various projects throughout the City, that will be owned by this fund and leased to other funds. The other funds make lease payments equal to the debt service on the related bonds. The major project in this fund is the City Hall Parking Structure project.

Department Position Overview

There are no positions funded in this department.

FY 2026-27 Budget
Enterprise Funds - Drainage Utility Fund

Department Overview

In June 2003, the City adopted the Drainage Utility Fee whereby residential and non-residential customers pay a monthly drainage fee per Equivalent Residential Units (ERU) which are determined based on the amount of non-pervious surface. The Drainage Utility fee is used for planning, designing, constructing and maintaining the City storm water system. These funds are often combined with Drainage Impact funds to meet capital storm water improvement needs of the City. The City's objective is to provide a city-wide system with a capacity of at least a ten-year storm.

Department Position Overview

There are no positions funded in this department.

FY 2026-27 Budget
General Fund - Airport

Department Overview

The St. George Regional Airport (SGU) is a thriving aviation gateway to St. George, Southwestern Utah, and greater Zion. We offer a safe, reliable and friendly aviation environment that supports the economic development of the region. SGU offers aviation solutions, service excellence, and works in partnership with our customers to maintain a safe and efficient place to do business. We are dedicated to the highest standards of safety, ethics and integrity. SGU strives to be an innovator to create global access and world class customer service.

Department's Responsibilities

1. Maintain positive working relationships with customers.
2. Maintain compliance with best practices.
3. Maintain airport aesthetics.
4. Maintain customer parking systems.
5. Maintain terminal maintenance.
6. Maintain public safety.
7. Maintain 1,205 acres of operational airport property.
8. Drive economic prosperity as an aviation gateway.

Council Goals We Achieve

- ☑ Be Great at the Basics
- ☑ Deliver Exceptional Experiences
- ☑ Support & Sustain a Strong Economy
- ☑ Encourage Community & Connection
- ☑ Maintain Financial Strength
- ☑ Sustain Organizational Excellence

Department's Top Three Goals

Complete construction on the Air Traffic Control Tower	Tenant and Stakeholder engagement meetings quarterly.	Strive to give our customers a friendly and efficient experience at SGU.

Department Performance Measures	FY 24/25 Actual	FY 25/26 Estimate	Target / Goal
Accident Free Year (Airport Staff)	1	1	0
Part 139 Inspection Corrections	0	0	0

Top Three Accomplishments During FY 2026

Ground Breaking of the Air Traffic Control Tower took place in August 2025. Construction is at 30%.

Record year of revenue passengers arriving and departing the airport in 2025. 431,607 revenue passengers compared to 2024 with 318,532 revenue passengers. This is a 35% increase.

Terminal Expansion Project Design is 50% complete. 100% design will be achieved in FY27.

Enterprise Funds - Airport Fund

Department Overview

The Regional Airport Capital Projects Fund (Fund 88) previously accounted for revenues and expenditures related to construction of the St. George Regional Airport (SGU), which opened on January 12, 2011, and was funded through federal grants, local sources, and other contributions. Beginning in FY27, Fund 88 has been reclassified as an Enterprise Fund, with Airport Division 5400 transferred from the General Fund into this fund. The fund now accounts for ongoing airport operations, property transactions associated with the old airport site, and significant capital projects at SGU.

FY 2026-27 Budget
Capital Project Funds

Service Area Overview

Capital Projects Funds (CPF) are used to account for the resources used to acquire, construct, and improve major capital facilities, other than those financed by Enterprise Funds. These funds are typically multi-year projects which carryover from year-to-year until the individual project is completed. The principal source of revenue for these funds comes from impact fees paid on new construction, grants, developer contributions and bond proceeds. The Airport Fund is now categorized as an enterprise fund.

FY 2026-27 Budget
Capital Project Funds - General Capital Project Fund

Department Overview

The General Capital Projects Fund is for funding large one-time capital projects that usually span multiple fiscal years. At the end of each fiscal year, a portion of surplus revenues in the General Fund are transferred into this fund for future allocations which primarily support new projects or significant repair and replacement projects for General Fund departments.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Capital Project Funds - Park Impact Fund

Department Overview

The Park Impact fund is a Capital Projects fund. The Park Impact Fee is collected for the purpose of allocating costs of future park, trail, and recreational facility project costs to new development (growth) that will be constructed to serve new developments. The Park Impact fee is only assessed to residential developments and is collected at the time a building permit is issued.

Department Position Overview

There are no full-time positions are funded in this budget.

Capital Project Funds - Police Impact Fund

Department Overview

The Police Impact fund is used to account for fees collected for the purpose of allocating costs of Police infrastructure (police stations or satellite stations) to new development (growth) that will be incurred to serve new developments. The Police Impact fee is assessed to both commercial (based on square footage) and residential developments (based on density) and is collected at the time a building permit is issued. Police Impact fee collections were used to pay the Municipal Building Authority annual lease payments for the Police Dept. building constructed in 1996 and also participate in construction costs for fire stations which are used as police satellite stations.

FY 2026-27 Budget
Capital Project Funds - Street Impact Fund

Department Overview

The Street Impact fund is a Capital Projects fund. Street Impact fees are collected for the purpose of allocating costs of future roadways to new development (growth) that will be constructed to serve new developments. The Street Impact fee is assessed to both commercial (based on trip ends) and residential developments (based on density) and is collected at the time a building permit is issued.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Capital Project Funds - Transportation Improvement Fund

Department Overview

The Transportation Improvement Fund (TIF) is a Special Revenue fund used to account for revenues restricted as to their use for specific purposes either by statute or by City Policy. In 1998, voters authorized a 1/4 cent sales tax, also known as the Highway Option Sales Tax, to be used for transportation-related improvements. The City of St. George invoked the Highway Option Sales tax on January 1, 1999 and in 2007, the State Legislature passed an increase from .25% to .30% on non-food items while deleting the tax on food items.

FY 2026-27 Budget
Capital Project Funds - Recreation General Obligation Project Fund

Department Overview

The Recreation General Obligation Project fund is a Capital Projects fund. In November 2023 voters approved the 2023 Trails, Parks and Recreation General Obligation Bond in the amount of $29 million for 33 different trail, park and park facility improvements. The debt for this approval will be issued in two separate tranches with the first $15 million approved in April 2024 and the second tranche planned for in 2027.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds

Service Area Overview

The Other Funds includes Special Revenue Funds, Debt Service Funds, Fiduciary Funds and other various activities that do not fit into one of the other major categories. These types of funds account for revenues and resources that are legally restricted at the federal, state, or local level for specific business purposes for which these resources can be used. Funding sources for these funds vary from federal grants (Public Transit System - Suntran) to a small portion of the sales tax (RAP Tax, Transit Tax), with the funding source being based entirely upon the specific business purpose for each fund.

FY 2026-27 Budget
Other Funds - Switchpoint Fund

Department Overview

Switchpoint Community Resource Center opened in August 2014 and is designed to assist our community's homeless population. Effective Fiscal Year 2017, the operations of Switchpoint will be fully independent from the City and operated by the Friends of Switchpoint, a non-profit organization. The City retains ownership of the building and leases the property to Friends of Switchpoint. Fund activity represents facility maintenance operations.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Airport Bond Debt Service

Department Overview

In Fiscal Year 2010, in recognition of the economic and community benefits of the Replacement Airport, Washington County agreed to participate with the Replacement Airport's construction funding by committing a portion of their Tourism, Recreation, Culture, and Convention (TRCC) taxes in the amount of $700,000 annually over a 25-year period. The City then pledged this revenue stream to secure bond financing for the Replacement Airport project. The bonds were originally issued under the Build America Bonds (BAB) program whereby the City will receive a percentage of interest payments back from the Federal Government. The bonds were refinanced in FY2018 as Excise Tax Revenue Bonds. This fund is used to reflect annual receipts and the corresponding debt service.

FY 2026-27 Budget
Other Funds - Recreation Bond Debt Service Fund

Department Overview

State Law (59-2-911) allows taxing agencies to add a tax levy for the purpose of paying debt service payments and providing for a sinking fund in relation to voter authorized indebtedness. The revenues collected from the levy can only be used for the purpose which the levy was made. In 1996, citizens voted for the issuance of General Obligation Bonds ($18 million total) for the purpose of constructing recreational facilities. The final debt payment was made on the 1996 G.O. bond during FY 2024. For FY 2025 and going forward this fund will be used to track debt service payments for the 2023 Trails, Parks, and Recreation G.O. bond approved by voters in November 2023. The Recreation Bond Debt Service Fund is used to account for the accumulation of resources and payment of the G.O. Bonds.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Special Assessment Debt Service Fund

Department Overview

The Special Assessment Debt Service fund is used to account for collections and accumulation of assessment payments from property owners assessed in a Special Improvement District (SID). The assessments collected are then passed through for the annual debt service principal and interest payments on the SIDs.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Dixie Center Fund

Department Overview

In January 1997, the City and Washington County formed the Washington County Intergovernmental Agency (WCIA) partnership to acquire, construct, equip, operate, and maintain the Dixie Convention Center. The County's participation was 62% and The City's participation was 38%. In FY 2024 WCIA was dissolved and this operation was taken over by Washington County.

Department Position Overview

FY 2026-27 Budget
Other Funds - Airport PFC Fund

Department Overview

The Airport Passenger Facility Charge (PFC) Program allows the collection of PFC fees for every enplaned passenger at commercial airports controlled by public agencies. Airports use these fees to fund FAA-authorized projects that enhance safety, security, or capacity; reduce noise; or increase air carrier competition. Participation in the PFC Program is done through an application process in which the FAA determines the maximum amount of fees that can be collected under each Application Number. The bulk of the funding included in this budget is for transfers to the Airport Fund as the City's match to Federal grants for improvements to the airport.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Community Development Block Grant Fund

Department Overview

The Community Development Block Grant (CDBG) program allocates annual grants to larger cities and urban counties to develop viable communities by providing decent housing, a suitable living environment, and opportunities to expand economic opportunities, principally for low- and moderate-income persons. The City of St. George became an entitlement city in 2004 when it was designated as a Metropolitan Planning Organization (MPO). Programs are funded through a specific application process and approved by the Mayor and City Council. The annual federal allocation is generally around $500,000 to $600,000; however unused funding is carried over to subsequent years.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Police Seizure Fund

Department Overview

As the Washington County Drug/Gang Task Force collects monies for crime-related activities, they place it in this account. The money is then either returned to the owner or forfeited. All forfeited funds are sent to the State of Utah. Returned funds are generally programmed to fund one-time capital expenditures.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Self Insurance Fund

Department Overview

The Self Insurance Fund is used as an internal service fund whereby the City's departments and divisions are billed for their share of liability and property insurance. Liability insurance is allocated based upon the number of Full-Time "Equivalent" Employees and vehicles per department; and property insurance is billed based upon the proportionate share of property value covered. Miscellaneous claims are also paid from this fund.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Public Transit Fund

Department Overview

The Public Transit Fund accounts for the activities of the City's SunTran Bus Service. SunTran is a division of the Public Works Department. The City provides fixed-route, paratransit, and commuter service throughout Washington County. A significant portion of SunTran's funding comes from federal grants due to the City's designation as a Metropolitan Planning Organization (MPO) area in 2004. Additional revenues include rider fares, advertising fees, grant-match funding through the Transit Fund, and reimbursements from Ivins City and Washington City for costs, repairs, and replacement. The Zion Route is funded through Washington County's portion of the Transit Tax, a state grant, and farebox revenue. Division 6400 accounts for all non-Zion routes, and Division 6450 accounts for the Zion Route.

FY 2026-27 Budget
Other Funds - Transit Tax Fund

Department Overview

The Transit Tax Fund is used to account for the city's portion of the 1/4 cent transportation. In 2019, Washington County invoked the 1/4 Cent Transportation tax which is comprised of 0.05% to the County, 0.10% to the City for Transportation projects, and 0.10% to the City for our Transit system. This fund accounts for the 0.10% Transit portion of the tax.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Health Insurance Fund

Department Overview

The Health Insurance Fund is used as an internal service fund to account for the city's self-funded medical and ancillary plans for city employees. Funding for these benefits is provided through bi-weekly payroll deductions from employees and contributions from the City based on the health insurance rates adopted by the City each year. This fund was established in FY 2024 for the first year the city transitioned to a self funded plan.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Housing Funds

Department Overview

This fund is used to account for use of the 20% contribution from the Fort Pierce EDA #1 Fund and Fort Pierce EDA #2 Fund, which were required to use 20% of the tax increment received to fund affordable housing projects within the City. This fund no longer receives this contribution as both EDA districts expired and the associated funds were closed. This fund now accounts for the use of the fund balance built up over the years from these contributions.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Perpetual Care Fund

Department Overview

The Perpetual Care fund is a fiduciary fund whereby citizens pay a one-time fee for ongoing cemetery maintenance fees at the time they purchase a burial plot. The fee is reserved for those functions which support the management and maintenance of the City's cemeteries.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - American Rescue Plan Grant Fund

Department Overview

The American Rescue Plan (ARP) was approved by the Federal Government in 2021 as a coronavirus rescue package designed to facilitate the recovery from the devastating economic and health effects of the COVID19 pandemic. Funds allocated to local governments are allocated based upon a CDBG formula and funds can primarily be used towards lost revenues, water, sewer, and broadband infrastructure.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Johnson Dino Track Preservation Fund

Department Overview

In February 2000, Dr. Sheldon Johnson discovered dinosaur tracks at farmland owned by the Johnson Family. The discovery was significant to the citizens and scientific community and lead to the construction of the Johnson Dinosaur Discovery Site building funded by local, state, and federal funding and also through public donations. The mission of the Dinosaur Discovery Site at Johnson Farm is to research, preserve, and exhibit the fossil resources and story for the benefit, education, and enjoyment of the community, the general public, and the scientific world. In Fiscal Year 2011, the City Council authorized turning the full operations responsibilities of the museum to the Dinosaur Ah!Torium Foundation. However, ownership of the site and building remains the City's and therefore the existing fund balance is retained to fund future capital outlays.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - Recreation, Arts, and Parks Tax Fund

Department Overview

The Recreation, Arts, & Parks (RAP) Tax is a 1/10 of 1% sales tax on non-food items. Proceeds can be used on publicly-owned and operated athletic fields and parks, trails, playgrounds, etc. It can also be used to support and help develop cultural organizations to advance and preserve art, music, theater, dance, etc. The voters approved the RAP tax during 2014 for a 10-year term. Voters reapproved this tax for another 10 year term in 2024.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Other Funds - 2007 Sales Tax Road Bond Fund

Department Overview

In November 2007, the City issued Sales Tax Revenue bonds for $24,775,000 for road and transportation projects. The funds were expended over several years for the Mall Drive Bridge; the Dixie Center secondary access road; towards the City's match for the Southern Parkway and Atkinville Interchange projects; as part of the roads and parking for the Replacement Airport; and other transportation improvement projects. The Replacement Airport was able to return a portion of funds originally reserved for its construction and therefore some funds remain in this fund for additional qualified projects. The bond matured in May 2018 and was payable in semi-annual debt service payments over a ten-year period. This fund accounts for both the construction funding via transfers to other funds, and the debt service payments.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
Economic Development Agency Funds

Service Area Overview

Economic Development Agency Funds are funds that operate under the St. George Neighborhood Redevelopment Agency (RDA) and account for revenues and expenditures associated with promoting new capital investment and job creation activities within specific development districts created within the City. The primary funding source for these funds comes from a dedicated portion of tax increment from participating tax entities.

FY 2026-27 Budget
EDA Funds - Dixie Center EDA

Department Overview

In October 1997, the City Council authorized participation in the I-15 (Dixie Center) Economic Development project which allows the St. George Redevelopment Agency to collect tax increment from the Dixie Center project area. Tax Increment revenues are authorized to be used in funding land acquisition, roadways, and other utility infrastructure improvements which foster economic development. The district was invoked January 1, 2006 and had a twelve-year term. In Fiscal Year 2015-2016, the district was extended an additional 6 years and will mature December 2022. In October 2021 this district was extended an additional two years to December 2024.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
EDA Funds - Ft. Pierce CDA #1

Department Overview

This fund was created to promote economic development activity in the Ft. Pierce Business Park. Taxes paid on new developments are used to complete infrastructure improvements and provide economic incentives to attract businesses to the St. George area if they meet requirements established by the City and Washington County Economic Development Agency. This district was invoked January 2008 with a 15-year term expiring December 2022.

FY 2026-27 Budget
EDA Funds - Central Business CDA

Department Overview

The Central Business District CDA was created during Fiscal Year 2017 to promote economic development activity in the downtown area. Taxes received from new developments and new growth will be used to assist commercial development in completing projects within this District, and also to fund infrastructure improvements in order to attract businesses to St. George's downtown area. This District was invoked to start taking tax increment on January 2021 and beginning FY2021-22. Current activity in this fund reflect the operations of The Inn at St. George hotel acquired by the City during Fiscal Year 2017 and operated through November 2019, at which time it was closed. In October 2021 this district was extended an additional two years.

Department Position Overview

FY 2026-27 Budget
EDA Funds - Millcreek CDA

Department Overview

The Millcreek CDA was created during Fiscal Year 2017 to promote economic development activity in the Millcreek Industrial Park area. Taxes received from new developments and new growth will be used to assist commercial development in completing projects within this District and to also fund infrastructure improvements in order to attract businesses to the Millcreek Industrial Park. This District was invoked effective January 1, 2019 therefore Fiscal Year 2018-19 was it's first year of receiving tax increment. This district has a 15-year term expiring December 2033.

Department Position Overview

There are no full-time positions are funded in this budget.

FY 2026-27 Budget
EDA Funds - Tech Ridge CDA

Department Overview

On November 20, 2008, the Redevelopment Agency of the City of St. George (the Agency), adopted a Project Area Plan and a Project Area Budget (the Plan and Budget) for the St. George Airport Community Development Project Area. In December 2021 the City of St. George adopted the Tech Ridge Development Agreement which provided for a master-planned, mixed-use development within the project area that includes 1 million square feet of Class-A office space and mixed retail and residential. This development is anticipated to create 6,000 direct jobs and significantly grow the Technology Sector in Washington County. Due to the change in vision for the project, significant public infrastructure requirement and inflationary impact on cost, the Agency amended the St. George Airport Community Project Area Plan and Project Area Budget documents in November 2023. Key changes included: 1) Renaming the project area to the Tech Ridge Community Development Area, 2) Extending the maximum duration of the CDA through December 31, 2055 (32 years), and 3) Splitting the development into three tranches (phases) that will be triggered at different points and have a collection period of 26 years per tranche, and 4) increase the tax increment cap to $50 million in net present value.

GLOSSARY

Account A separate financial reporting unit. All budgetary transactions are recorded in accounts.
Accrual Basis of Accounting A method of accounting where revenues are recorded when service is given and expenses are recognized when the benefit is received.
Accounting Period A period of time (e.g. one month, one year) where the city determines its financial position and results of operations.
Adjusted Budget The adjusted budget as formally adjusted by the Municipal Council.
Adopted Budget The adopted budget as initially formally approved by the Municipal Council.
American Rescue Plan (ARP) The American Rescue Plan Act (ARPA) was approved by the Federal Government in 2021 as a coronavirus rescue package designed to facilitate the recovery from the devastating economic and health effects of the COVID19 pandemic. Funds allocated to local governments are allocated based upon a CDBG formula and funds can primarily be used towards lost revenues, water, sewer, and broadband infrastructure.
Amortization The reduction of debt through regular payments of principal and interest sufficient to retire the debt instrument at a predetermined date known as maturity.
Annual Financial Report (AFR) This official annual report, also called the Comprehensive Annual Financial Report, presents the status of the City's finances in a standardized format. The AFR is organized by fund and contains two basic types of information: a balance sheet that compares assets with liabilities and fund balance; and an operating statement that compares revenues and expenditures.
Appropriated Fund Balance The amount of Fund Balance that is approved as a financing source to help fund expenditures in the current year's budget.
Appropriation A specific amount of money authorized by the Municipal Council for the purchase of goods or services.
Arbitrage The gain which may be obtained by borrowing funds at a lower (often tax-exempt) rate and investing the proceeds at higher (often taxable) rates.
Assessed Valuation The appraised worth of property as set by a taxing authority through assessments for purposes of ad valorem taxation. The method of establishing assessed valuation varies from state to state, with the method generally specified by state law. For example, in certain jurisdictions the assessed evaluation is equal to the full or market value of the property. In other jurisdictions, the assessed valuation is equal to a percentage of the full market value.
Balanced Budget A budget in which planned funds or revenues available are equal to fund planned expenditures.
Basis Point Equal to 1/100 of one percent. If interest rates rise from 7.50 percent to 7.75 percent, the difference is referred to as an increase of 25 basis points.
Benefits Payments to which participants may be entitled under a pension plan, including pension benefits, death benefits, and benefits due on termination of employment.
Bond Covenants A legally enforceable promise made to the bondholders from the issuer, generally in relation to the source of repayment funding.
Bond Rating The City uses three of the Nation's primary bond rating services: Moody's Investors Service, Fitch Ratings, and Standard & Poor's. These rating services perform credit analyses to determine the probability of an issuer of debt defaulting partially or fully.
Bonds A security that represents an obligation to pay a specified amount of money on a specific date in the future, typically with periodic principal and interest payments.
Budget Calendar A schedule of key dates which the City follows in the preparation, adoption and administration of the budget.
Budget Highlights Included in the opening section of the budget, provides a summary of most important challenges of the budget year, changes from previous years, and recommendations regarding the financial policy for the upcoming period.

Capital Equipment Physical plant and equipment with an expected life of three years or more.
Capital Expenditures The approved budget for improvements to or acquisition of infrastructure, park development, building, construction or expansion, utility systems, streets or other physical structure with an estimated cost of $5,000 or more and a useful life of three or more years.
Capital Improvement Plan (CIP) A plan for capital expenditures to be incurred each year over a five-year period. Essentially, the plan allows for a systematic evaluation of all potential projects, and specifies funding sources for all approved projects.
Capital Lease An agreement conveying the right to use property, plant or equipment usually for a stated period of time where the lessee assumes all the risks and rewards of ownership.
Capitalized Interest When interest cost is added to the cost of an asset and expensed over the useful life of the asset.
Cash-Basis Budgeting Is a budgeting method which focuses on an estimation of cash inflows (incoming sources) and outflows (outgoing uses) over a specified period of time.
Community Development Block Grant (CDBG) One of the longest-running programs of the U.S. Department of Housing and Urban Development that funds local community development activities such as affordable housing, anti-poverty programs, and infrastructure development.
Consumer Price Index An index of the variation in prices paid by typical consumers for retail goods and other items.
Coronavirus Aid, Relief, and Economic Security Act (CARES Act) a $2.2 trillion economic stimulus bill passed by the 116th U.S. Congress and signed into law by President Donald Trump on March 27, 2020, in response to the economic fallout of the COVID-19 pandemic in the United States.
COVID19 A mild to severe respiratory illness caused by a coronavirus and transmitted by contact with infectious material such as respiratory droplets and characterized by fever, cough, and shortness of breath and may progress to pneumonia and respiratory failure.
Contingency An appropriation of funds available to cover unforeseen events that occur during the fiscal year. These funds, if not used, lapse at year end. This is not the same as fund balance.
Debt Service The amount necessary to pay principal and interest requirements on outstanding obligations for a given year or series of years.
Debt Service Fund The amount necessary to pay principal and interest requirements on outstanding obligations for a given year or series of years.
Defeasance A provision that voids a bond when the borrower puts cash in escrow via a refunding bond issuance sufficient to service the borrower's debt. When a bond issue is defeased the borrower sets aside cash to pay off the bonds, therefore the outstanding debt and cash offset each other on the balance sheet and are removed from the financial statements.
Deficit The excess of liabilities over assets , or expenditures over revenues, in a fund over an accounting period.
Department Administrative subsection of the City that indicates management responsibility for a function or operation.
Depreciation The decrease in value of physical assets due to use and the passage of time.
Designated Funds that have been identified for a specific purpose. This differs from reserved funds, in that there is no legal requirements for funds that have been designated.
Division A subset unit of a department that indicates operations or organizational units created to attain specific functions, objectives, and achievements.
Encumbrances Obligations incurred in the form of orders, contracts and similar items that will become payable when goods are delivered or services rendered.
Enterprise Fund A self-supporting fund designed to account for activities supported by user charges.
Escrow Money or property held in the custody of a third part that is returned only after the fulfillment of specific conditions.

Expenditure The disbursement of appropriated funds to purchase goods and/or service.
Federal Aviation Administration (FAA) The Federal Aviation Administration is a federal agency which regulates all aspects of civil aviation in that nation as well as over its surrounding international waters.
Fiduciary Funds used to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government's own programs. The fiduciary fund category includes pension trust funds, investment trust funds, private-purpose trust fund, and agency funds.
Fines and Forfeitures Consists of a variety of fees, fines and forfeitures collected by the State Court System.
Fiscal Year (FY) Any period of 12 consecutive months designated as the budget year. The City's budget year is July 1st and ends June 30th.
Fixed Assets Items owned by the City that cost a considerable amount and has a useful life exceeding three years – e.g., computers, furniture, equipment and vehicles.
Fleet The vehicles owned and operated by the City.
Forfeiture The automatic loss of property, including cash, as a penalty for breaking the law, or as compensation for losses resulting from illegal activities. Once property has been forfeited, the City may claim it, resulting in confiscation of the property.
Franchise Fee Charges to utilities for exclusive/non-exclusive rights to operate within municipal boundaries.
Full-Time Equivalent Position A part-time position converted to the decimal equivalent of a full-time position based on 2,080 hours per year.
Fund A set of interrelated accounts to record revenues and expenditures associated with a specific purpose.
Fund Balance The difference between assets and liabilities reporting in a governmental fund at the end of the fiscal year.
General Fund A governmental fund established to account for resources and uses of general operating functions of City departments. Resources are, in the majority, provided by taxes.
General Obligation Bond Bonds for the payment of which the full faith and credit of the issuing government are pledged.
General Obligation Debt that is secured by a pledge of the ad valorem taxing power of the issuer. Also known as a full faith and credit obligation.
Generally Accepted Accounting Principles (GAAP) GAAP refer to a common set of accounting principles, standards, and procedures issued by the Financial Accounting Standards Board (FASB). GAAP is a combination of authoritative standards and the commonly accepted ways of recording and reporting accounting information. Public companies in the U.S. must follow GAAP when compiling financial statements.
General Services Referring to activities, revenues and expenditures that are not assigned to a department.
Governmental Accounting Standards Board (GASB) GASB is the independent organization that establishes accounting and financial reporting standards for U.S. state and local governments that follow Generally Accepted Accounting Principles (GAAP). GASB develops and issues accounting standards to promote financial reporting that provides useful information to taxpayers, public officials, investors, and others who use financial reports.
Governmental Funds Funds generally used to account for tax-supported activities. There are five different types of governmental funds: the general fund, special revenue funds, debt service funds, capital project funds, and permanent funds.
Grant A contribution by one governmental unit to another unit. The contribution is usually made to aid in the support of a specified function.
IBNR Incurred But Not Report. This is an estimate of outstanding health claims that will be owed in a future period.
Inflation A rise in price levels caused by an increase in available funds beyond the proportion of available goods.
Infrastructure Public domain fixed assets including roads, bridges, curbs, gutters,

sidewalks, drainage systems, lighting systems and other items that have value only to the City.
Interest Income Revenue associated with the City cash management activities of investing fund balances.
Intergovernmental Revenue Revenue received from or through the Federal, State, or County government.
Interlocal Agreement A contractual agreement between two or more governmental entities.
Lease The difference between assets and liabilities reporting in a governmental fund at the end of the fiscal year.
Mission Statement The statement that identifies the particular purpose and function of a department.
Modified Accrual Basis The basis of accounting under which revenues are recognized when measurable and available to pay liabilities and expenditures are recognized when the liability is incurred except for interest on long-term debt which is recognized when due, and the noncurrent portion of accrued vacation and sick leave which is recorded in general long-term debt. The General Fund, Debt Service Funds, Special Revenue Funds, and some Capital Improvement Funds are prepared on the modified accrual basis of accounting except that encumbrances are treated like expenditures.
Municipal Code A collection of laws, rules and regulations that apply to the City and its Citizens.
Municipal Transient Room Tax (MTRT) a tax imposed on businesses which derive revenues from the rent of a suite, room(s), accommodations, or the like, for a period of less than 30 consecutive days (motor courts, motels, hotels, inns, etc.) and which are used by the City for promotion of the City and its facilities, for providing and servicing convention centers and tourist facilities, and for other services which benefit or attract tourists, visitors or travelers.
Objective Something to be accomplished in specific, well-defined, and measurable terms and that is achievable within a specific time frame.
Operating Budget A budget for general revenues and expenditures such as salaries, utilities, and supplies.
Operating Lease A lease that is paid out of current operating income rather than capitalized.
Ordinance A formal legislative enactment by the City that carries the full force and effect of the law within corporate boundaries of the City unless in conflict with any higher form of law, such as state or federal.
Pandemic A global outbreak of a disease. Pandemics happen when a new virus emerges to infect people and can spread between people sustainably. Because there is little to no pre-existing immunity against the new virus, it spreads worldwide.
Passenger Facility Charge (PFC) The Airport Passenger Facility Charge (PFC) Program allows the collection of PFC fees for every enplaned passenger at commercial airports controlled by public agencies. Airports use these fees to fund FAA-authorized projects that enhance safety, security, or capacity; reduce noise; or increase air carrier competition. Participation in the PFC Program is done through an application process in which the FAA determines the maximum amount of fees that can be collected under each Application Number.
Pay-as-You-Go Financing A method of paying for capital projects that relies on current tax and grant revenues rather on debt.
Per Capita A measurement of the proportion of some statistic to an individual resident determined by divided the statistic by the current population.
Performance Budget A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.
Permit Revenue Fees imposed on construction-related activities and for the acquisition of other nonbusiness permits.
Present Value The discounted value of a future amount of cash, assuming a given rate of interest, to take into account the time value of money. To put it another way, a dollar is worth a dollar today, but is worth less than today's dollar tomorrow.
Program Group activities, operations or organizational units directed to attaining specific

objectives and achievements and budgeted as a sub-unit of a department.

Program Goals Program goals describe the purpose or benefit the activity or department plans to provide to the community and/or organizations it serves. Goals identify the end result the activity/department desires to achieve with its planned activities, but goals are often ongoing and may not be achieved in one year.

Program Measures Productivity measures should reflect how well a program is performing its activities to meet the needs of the public and organization. They should measure productivity, effectiveness, efficiency or the impact of a service provided. While activity measures indicate "how much" activity the department is performing, productivity measures identify "how well" the department/activity is performing.

Property Tax A tax levied on the assessed value of real and personal property. This tax is also known as ad valorem tax.

Proprietary Fund Enterprise and internal service funds that are similar to corporate funds, in that they are related to assets, liabilities, equities, revenues, expenses and transfers determined by business or quasi-business activities.

Public Hearing The portion of open meetings held to present evidence and provide information on both sides of an issue.

Quality Excellence, as defined by the customer.

Quarterly Report A document that collects quarterly financial information in the major City funds.

Recession A period of temporary economic decline during which trade and industrial activity are reduced and is generally identified by a fall in Gross Domestic Product (GDP), real income, employment, industrial production, and wholesale-retail sales in two successive quarters.

Refunding Retiring an outstanding bond issue at maturity by using money from the sale of a new bond offering. In other words, issuing more bonds to pay off the old bonds that just matured. In an Advance Refunding a new bond issuance is used to pay off another outstanding bond. The new bond will often be issued at a lower rate than the older outstanding bond. Typically, the proceeds from the new bond are invested and when the older bonds become callable they are paid off with the invested proceeds.

Reserves A portion of the fund balance or retained earnings are legally segregated for specific purposes.

Residual Equity Transfers Nonrecurring or nonroutine transfers of equity between funds.

Resolution A legislative act by the City with less legal formality than an ordinance.

Retained Earnings An account in the equity section of the balance sheet reflecting the accumulated earnings of the Proprietary Funds.

Revenue Monies received from all sources (with exception of fund balances) which will be used to fund expenditures in a fiscal year.

Revenue Bonds Bonds whose principal and interest are payable exclusively from a designated revenue source or enterprise fund.

Sales Tax Tax imposed on the taxable sales of all final goods.

Special Assessment A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

Special Revenue Fund A fund used to account for revenues legally restricted to expenditures for a particular purpose.

Tax Supported Bonds Bonds for which the funding used to make annual debt service expenditures is derived from tax revenue of the City's General and Special Revenue Funds.

Taxable Value The assessed value less homestead and other exemptions, if applicable.

Total Bonded Debt For purposes of measuring debt capacity, total bonded debt shall include total outstanding principal for: general obligation bonds of the City, bonds issued for the RDA and EDA projects, all lease appropriation debt to the extent that it is support by tax revenues, this excludes revenue bonds.

Trust and Agency Funds These funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organization, other governments and/or other funds.

Truth in Taxation In order to understand property tax in Utah it is necessary to understand a section of Utah Lawn known as "Truth in

Taxation." The County is responsible for administering property taxes and each June it submits to the cities a certified tax rate that would generate the same amount of revenues as the previous year plus any new growth. The certified tax rate does not provide for additional tax revenue due to increased valuation of existing property. If the City chooses to adopt a tax rate higher than the certified rate, state law has very specific requirements for newspaper advertisement and public hearing from which the name "Truth in Taxation" is derived.

Unit A subset division of a department that indicates responsibility for a function or operation. Used interchangeably with "division".

Utah Department of Transportation (UDOT) UDOT is the State agency responsible for the transportation system across the state. UDOT plans, designs, builds, and maintains the state highway system and also certain municipal roads which connect to the state highways. UDOT often participates with municipalities to share costs on projects which benefit users of the transportation systems.

Unappropriated Not obligated for specific purposes.

Unassigned Fund Balance Used as a measure of the amount of resources a jurisdiction has available for spending, including its ability to meet special needs and withstand financial emergencies. In these policies, unassigned fund balance means it is neither earmarked nor reserved for other uses. It is available for discretionary spending.

Unbilled Utilities The City has funds that operate as business-type funds, providing water, energy, and sewer collection and treatment services to customers and charging fees based upon consumption (usage) at rates established by the St. George City Council. Most city-owned facilities are charged for these services, but some services are provided at no cost (i.e. "unbilled") to the City departments. For example, the Water Fund provides water and irrigation water to some city parks, landscaping, city facilities, golf courses, and rights-of-way. Similarly, the Electric Fund provides power to city wells and pump stations used by the Water Fund to distribute water to customers.

Undesignated Without a specific purpose.

Unencumbered The portion of an allotment not yet expended or encumbered.

Useful Life The period of time that a fixed asset is able to be used. This can refer to a budgeted period of time for an equipment class or the actual amount of time for a particular item.

User Fees Charges for expenses incurred when services are provided to an individual or groups and not the community at large. The key to effective utilization of user fees is being able to identify specific beneficiaries of services and then determine the full cost of service they are consuming.

Variable Rate Bond or Note A bond or note on which the interest rate is reset periodically. The interest rate is

Variable Rate Bond or Note A bond or note on which the interest rate is reset periodically. The interest rate is reset either by means of an auction or through an index.

Volunteers in Public Safety (VIPS) Volunteers who assist the police department with non-enforcement duties, allowing police officers more time to focus on crime reduction and enforcement.

Working Capital A financial metric which represents operating liquidly available to a business. It is calculated as current assets minus current liabilities.

FY 2027
Tentative Budget

June 18, 2026

FY 2027 Business Plan

- Crafted based on guidance and direction of the City Council
- Serve as a roadmap for the city during FY 2027
- Foundation of the investments proposed for FY 2027

FY 2027
Budget Overview

Major Areas of Focus:

Enhancements in Public Safety:
- (1) replacement fire apparatus (year 2 payment)
- (13) Replacement vehicles
- Major equipment & technology purchases: PPE gear replacements, vehicle cameras and technology replacements
- Police campus project
- Fire Station #2 design

Critical Utility and Transportation Infrastructure Improvements:
- 1450 S Extension to Crosby Way (continuation)
- Southern Parkway Exit 5
- Graveyard Reservoir project (continuation)
- Airport Traffic Control Tower

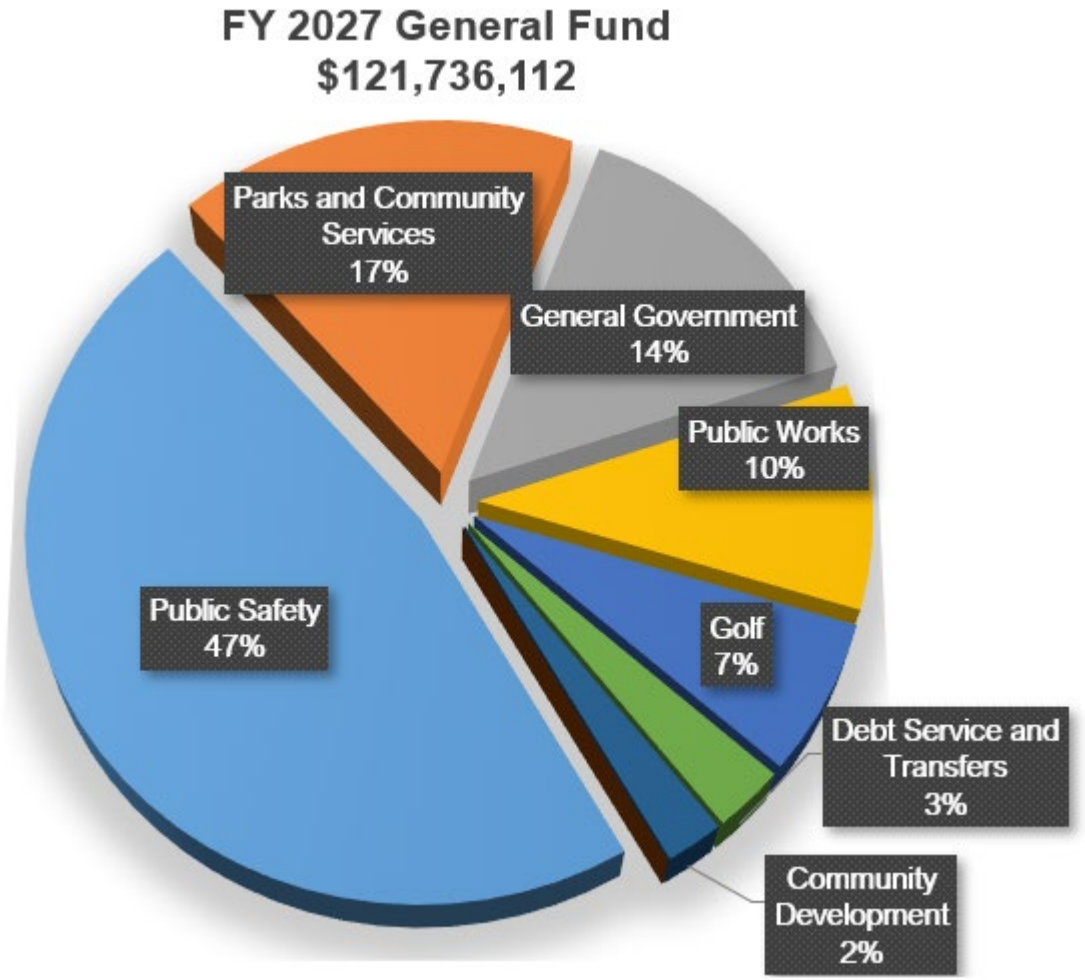
Continued expansion of parks and trails network:
- G.O. bond funded projects includes: Sunbowl, Curly Hollow Park (Phase 1), Lizard Wash Park, and Thunder Junction expansion

Initiatives for operational excellence, workforce development, and customer service

FY 2027
Budget Overview

Revenue Overview:

- **FY 2027 Budget <u>does not</u> propose a property tax increase**
- Fee increases across the city's services including golf, airport and utilities
- The FY 2027 Budget is balanced and maintains the city's strong financial position

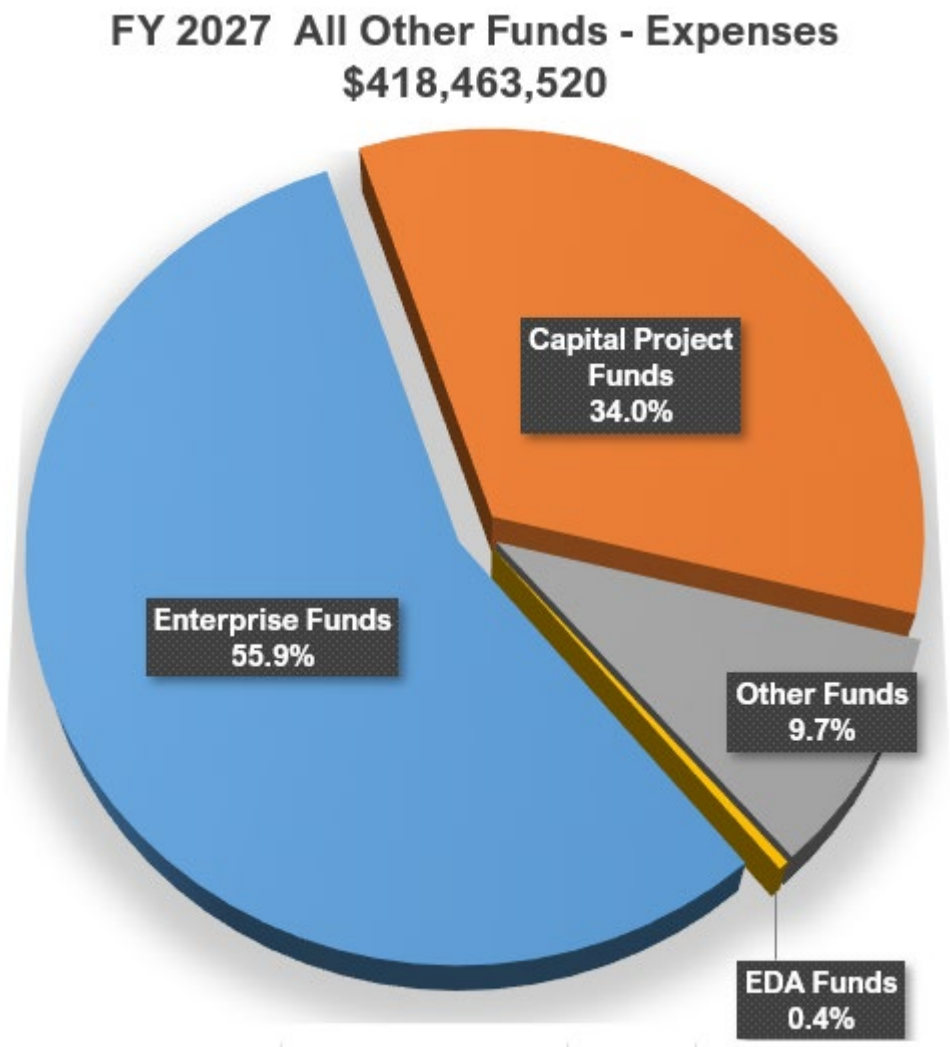


FY 2027 General Fund

Pays for the majority of services:

- Police, Fire and 911 Dispatch
- Street & Traffic Signal Maintenance
- Parks & Trails Maintenance and Parks Programming
- Development review, code enforcement
- Golf
- Administration & Support

Funded by: Property Tax, Sales Tax, Franchise Taxes, Overhead Reimbursements, Charges for service, fines, permits, and other revenues



FY 2027 All Other Funds

Pays for:

- Utility services
- Airport
- Major infrastructure projects
  - Streets, Drainage
  - Utilities
  - City facilities
  - Parks
- Suntran
- Other restricted purposes

Funded by: User fees, impact fees, grants, debt and other restricted revenues

FY 2027
Budget Overview

Unique Factors:

Growth & service area

Regional Hub

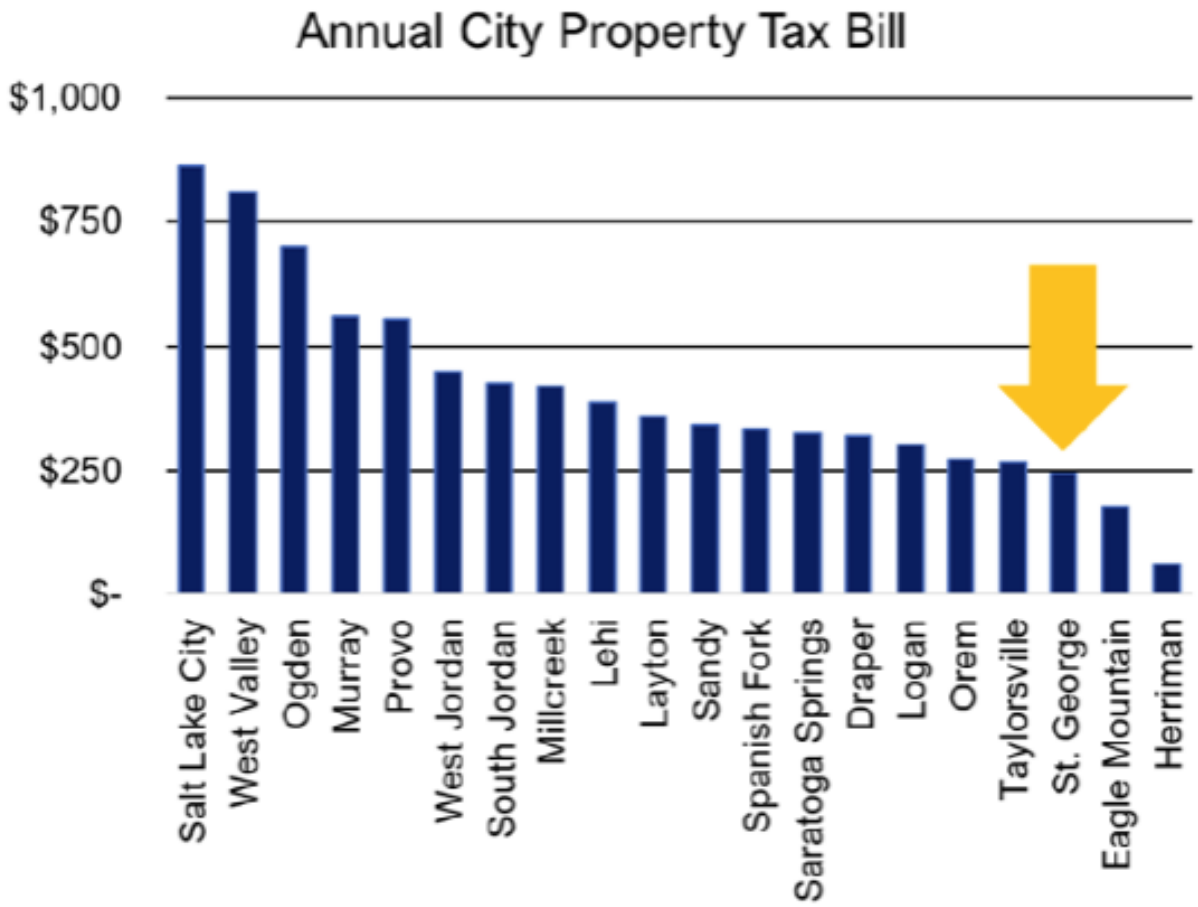
- Regional Airport
- Regional Wastewater Treatment Plant
- Suntran Bus Service
- 911 Dispatch

Electric Service

How do city property taxes compare statewide?

5th largest population city in the state.

3rd lowest property tax of the top 20 cities in the state.



Average primary home value of $583,963. Includes 2023 G.O. Bond.

FY 2027
Tentative Budget

June 18, 2026

Agenda Date: 06/18/2026 **Agenda Item Number:** 07

Subject:

Consider approval of Resolution No. 2026-011R adopting the tax rate for the 2026 tax year (2027 fiscal year) and levying taxes upon all real and personal property within the City of St. George.

Item at-a-glance:

Staff Contact: Robert Myers

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

61 South Main Street

Item History (background/project status/public process):

State Law requires that the city adopt the Certified Tax Rate (CTR) on or before June 22nd of each year. The Certified Tax Rate is the property tax rate that if adopted would raise the same amount of property tax revenue as was budgeted for the City in the prior fiscal year from existing residents. The Certified Tax Rate is deposited into the City's General Fund and is used to fund core city services provided to our residents including police, fire, 911 dispatch, street and traffic signal maintenance, parks and trails maintenance and general administration and support. The Certified Tax Rate is calculated by the State Property Tax Commission and Washington County Clerk Auditor's Office and is provided to the City each year in early June. For TY 2026 (FY 2027) the Certified Tax Rate is 0.000665. Staff recommends approval of the resolution adopting the TY 2026 (FY 2027) Certified Tax Rate.

Staff Narrative (need/purpose):

RESOLUTION NO. _____

A RESOLUTION ADOPTING THE PROPERTY TAX RATE FOR THE 2026 TAX YEAR AND LEVYING TAXES UPON ALL REAL AND PERSONAL PROPERTY WITHIN THE CITY OF ST. GEORGE, UTAH

WHEREAS, the City Council of the City of St. George must adopt the certified tax rate in conjunction with the adoption of the fiscal budget on an annual basis on or before June 22; and

WHEREAS, the certified tax rate is calculated by the Utah Property Tax Commission and Washington County Clerk/Auditor's Office; and

WHEREAS, the certified tax rate has been provided to the city by the Utah Property Tax Commission and Washington County Clerk/Auditor's Office on the 5th day of June, 2026;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of St. George, Utah as follows:

Section 1. Tax Rate and Levy.

A. For the purpose of defraying the necessary and proper expenses of the City of St. George and for maintaining the government thereof, it is hereby determined that the rate of the general property tax to be levied against all real and personal property within the City of St. George made taxable by law for the Fiscal Year 2026-2027, which represents the 2026 Tax Year, is hereby set at 0.000665 for the General Fund and General Purposes, which rate does equal the calculated certified tax rate of 0.000665 determined by the Utah Property Tax Commission and Washington County Clerk/Auditor's Office.

B. There is hereby levied upon all real and personal property within the City of St. George made taxable by law in the Fiscal Year 2026-2027, for the fiscal year of the City of St. George ending June 30, 2027, the tax rate set forth above, on the taxable value of said property, to provide revenue for the City of St. George General Fund and for general City purposes.

C. As required by law, the rate herein above determined and levied, along with all statements and information required by law, shall be reported to the Washington County Clerk/Auditor, State of Utah, and the Utah State Tax Commission.

Section 2. Severability. If any provision of this Resolution is declared invalid by a court of competent jurisdiction, the remainder shall not be affected thereby.

Section 3. Effective Date. This Resolution shall take effect immediately upon passage, and shall be deposited and recorded in the office of the City Recorder.

VOTED UPON AND PASSED BY THE CITY COUNCIL OF THE CITY OF ST. GEORGE AT A REGULAR MEETING OF SAID COUNCIL HELD ON THE 18TH DAY OF JUNE, 2026.

RESOLUTION NO. _____

AMENDING THE 2025-2026 FISCAL BUDGET FOR THE CITY OF ST. GEORGE, UTAH.

WHEREAS, pursuant to the Uniform Fiscal Procedures Act for Utah Cities (the "Act"), the City of St. George is required to adopt an annual budget with regard to the funds of the City; and

WHEREAS, the City has complied with the provisions of the Act in adopting a budget and setting and conducting public hearings on such budget.

NOW, THEREFORE, at a regular meeting of the City Council of the City of St. George, Utah, duly called, noticed and held on the 18th day of June, 2026, upon motion duly made and seconded, it is

RESOLVED that the 2025-2026 fiscal budget for the City of St. George thereto is hereby amended. Said amendments are attached hereto as Exhibit "A."

VOTED UPON AND PASSED BY THE CITY COUNCIL OF THE CITY OF ST. GEORGE AT A REGULAR MEETING OF SAID COUNCIL HELD ON THE 18TH DAY OF JUNE, 2026.

CITY OF ST. GEORGE
Budget Opening - Fiscal Year 2025-26
June 18, 2026

EXHIBIT A

St.George
THE BRIGHTER SIDE

GENERAL FUND ADJUSTMENTS

			Debit	Credit
1	10-38800	General Fund Revenues - Appropriated Fund Balance		2,502,074
	10-4220-7400	Fire Department - Equipment Purchase - New Fire Apparatus	2,502,074	

The Fire Department requests a budget amendment to recognize the receipt of two fire apparatus that were ordered and prepaid in a prior fiscal year but delivered during the current fiscal year. In FY 2023, the City ordered one aerial ladder truck and one pumper truck at a total cost of $2,502,074. Due to significant cost savings, both apparatus were prepaid at the time of order using funding from the General Capital Project Fund. In accordance with Governmental Accounting Standards Board (GASB) requirements and the City's accounting practices at the time, these expenditures were recorded as a liability pending delivery of the apparatus. With both vehicles now received and placed into service, the City is required to recognize the expenditure. Staff requests to amend the budget to recognize the receipt of both apparatus to comply with GASB standards.

2	10-36100	General Fund Revenues - Interest Income		1,034,000
	10-31300	General Fund Revenues - Sales Tax		161,908
	10-4220-7400	Fire Department - Equipment Purchase - New Fire Apparatus	1,195,908	

The Fire Department requests to purchase a new fire engine for the future Fire Station #2. Station #2 will be under design during FY 2027 with anticipated construction during FY 2028 and FY 2029. This new station will be located in the Tonnaquint area adjacent to the new Curly Hollow Park. The current lead time on apparatus orders is up to 36 months. Placing the order at this time will help ensure this apparatus arrives near the opening of the new fire station. Funding for this request is available from additional interest income earned this year from the city's investments and the anticipated performance of sales tax. Staff requests to amend the budget in the amount of $1,195,908 to purchase a new fire apparatus for Station #2.

3	10-29556	General Fund Revenues - Spear Academy Donations		11,000
	10-4211-4602	Police - Spear Academy Expense Account	11,000	

The Police Department is requesting to amend the budget for a donation received for the City's "SPEAR" program (Student, Police, Education, Achievement and Resilience). The St George Police Department's School Resource Officers (SRO) developed the "SPEAR" program which is a prevention program for students entering our Intermediate and Middle Schools (6, 7, and 8th grades). The program runs all summer and provides a unique opportunity for the students and officers to interact in a fun educational environment. The students participate in activities, including show-and-tell with police vehicles and equipment, a fingerprinting lab, physical activities, and a K-9 presentation. They will also learn communication skills, resiliency, proper behavior at school and around the community, and internet and social media safety. The program has grown by 25% since its inception four years ago. Total participation is estimated at 400 this year. The City received donations totaling $14,500 available for expenses for this year's program. Only $11,000 will be used in FY26 and will allow for the purchase of a S.P.E.A.R. Academy t-shirt, classroom project needs, and other auxiliary program needs. Staff requests to amend the budget in the amount of $11,000 for the purchase of supplies for the SPEAR program.

4	10-36350	General Fund Revenues - Dixie Days		37,068
	10-4110-6350	City Council - Dixie Days	37,068	

Staff is requesting a budget amendment for the September 2025 Dixie Days event. This year's event was a tremendous success as the community celebrated the second annual Dixie Days. Activities included the rodeo, parade, drone show, live entertainment, Dinner on Main, vendor booths, carnival rides, a golf tournament, and numerous other community events. Due to the scope and success of this year's attractions and activities, total event costs exceeded the original budget by $37,068. However, the event generated more than $110,000 in revenue, fully covering all event-related expenses. Staff requests to amend the budget in the amount of $37,068 for the September 2025 Dixie Days event.

5	10-31300	General Fund Revenues - Sales Tax		88,000
	10-4160-2910	Facilities - Power Bills	65,000	
	10-4160-5100	Facilities - Insurance and Surety Bonds	23,000	

The Operations Department is requesting a budget amendment to fund first-year operational costs associated with the new City Hall. The facility officially opened and began occupancy in November 2025 following the completion of construction. Due to the timing of the opening and based upon actual operating experience during the first year, energy and insurance costs exceeded the amounts originally budgeted for FY 2026. Funding for this request is available from the anticipated performance of sales tax above budget. Staff requests to amend the budget in the amount of $88,000 for first year operational costs of the new city hall.

GENERAL FUND ADJUSTMENTS

				Debit	Credit
6	10-34670	General Fund Revenues - Softball Leagues			24,350
	10-4556-3100	Softball - Professional and Tech Services		21,092	
	10-4556-2700	Softball - Special Departmental Supplies		3,258	

The Parks & Community Services Department requests to add funding for the softball program. This year's program has seen strong participation growth with 107 additional registered teams which has resulted in a large increase in revenues as well as a large increase in expenditures for umpire fees, equipment, and participant prizes. Based on this year's participation levels staff anticipate overall expenses to exceed budget by $24,350. Funding for this request is available from additional revenues generated by the program. Staff requests to amend the budget in the amount of $24,350 for the softball program.

7	10-34700	General Fund Revenues - Art Fair Revenue			9,405
	10-4566-4560	Parks & Community Services Admin - Arts Festival		9,405	

The Parks & Community Services Department requests to amend the budget for expenses associated with this year's St. George Art Festival. The 2026 festival featured enhanced programming and entertainment offerings including the Aquabats, which contributed to increased attendance, participation, and event revenues. Total revenue for the event was $121,405, exceeding the budget estimate by $9,405. The increase in revenue was accompanied by additional costs for security, entertainment, supplies, and other event-related expenses. Staff requests to amend the budget in the amount of $9,405 to align the budget with actual revenues and expenditures associated with this year's Arts Festival.

8	10-33400	General Fund Revenues - State Grants			5,000
	10-4562-3100	Exhibits & Collections - Professional and Tech Services		3,000	
	10-4562-2700	Exhibits & Collections - Special Departmental Supplies		2,000	

The Parks & Community Services Department requests a budget amendment for grant funds received during the fiscal year. The Art Museum was awarded a $5,000 grant through the Utah Collections Preservation (UCP) program to fund a preservation site assessment and related improvements. The site assessment evaluated the city's collection, facility, policies and practices to identify risks. The assessment identified several opportunities to strengthen collection preservation efforts, including updates to the City's collections management policy, development of an emergency and disaster response plan, and improvements to address physical storage vulnerabilities. Staff requests to amend the budget in the amount of $5,000 for the use of grant funds for the preservation site assessment and associated improvements at the Art Museum.

9	55-34554	General Fund Revenues - Red Hills Merchandise Sales			38,500
	55-34662	General Fund Revenues - Southgate Merchandise Sales			10,500
	55-34762	General Fund Revenues - St. George Merchandise Sales			19,500
	55-34861	General Fund Revenues - Sunbrook Merchandise Sales			58,500
	55-5500-2703	General Fund - Red Hills Golf Course		38,500	
	55-5525-2703	General Fund - Southgate Golf Course		10,500	
	55-5550-2703	General Fund - St. George Golf Course		19,500	
	55-5575-2703	General Fund - Sunbrook Golf Course		58,500	

The Golf Division requests to increase funding for additional merchandise purchases for resale based on the increased demand seen this fiscal year. The golf courses offer a number of merchandise for sale to patrons including golf balls, golf clubs, polos, and other golf related merchandise. This year staff has continued to see higher levels of demand at the courses in addition to increases in the cost of many of the goods sold as merchandise. Due to the increase in attendance at the City's golf courses, higher sales this year, and cost increases in merchandise sold, staff anticipates needing an additional $127,000 in funding across the City's golf courses for merchandise purchases for resale through the remainder of the fiscal year. Funding for this request will be offset by merchandise sales at each of the courses. Staff requests to amend the budget in the amount of $127,000 to cover the increase in merchandise for resale.

GENERAL FUND ADJUSTMENTS

			Debit	Credit
10	55	Multiple Revenue Accounts within the Golf Divisions		647,547
	55-1200/1300/1310	All Golf Courses Combined - Part Time Wages, FICA, WC	152,397	
	55-2600/2611	All Golf Courses Combined - Buildings and Grounds, Garbage, Electric	46,000	
	55-2410	All Golf Courses Combined - Credit Card Fee	35,500	
	55-2480	All Golf Courses Combined - Golf Cart Parts	265,000	
	55-2630	Multiple Golf Courses Combined - Janitorial	6,500	
	55-5500-7400	Red Hills Golf Course - Equipment - Picker, Computer, Used Parts	12,650	
	55-5500-7300	Red Hills Golf Course - Improvements - Cart Path	30,000	
	55-5550-7400	St. George Golf Course - Equipment - Tractor	47,000	
	55-5525-2910	Southgate Golf Course - Power Bill	4,000	
	55-5525-7400	Southgate Golf Course - Equipment - Driving Range Ball Dispenser	19,000	
	55-5550-7300	St. George Golf Course - Improvements - Cart Path	15,000	
	55-5575-2510	Sunbrook Golf Course - Pump Repairs	4,000	
	55-5575-7300	Sunbrook Golf Course - Improvements - Cart Path Improvements	10,500	

The Golf Division requests to amend the budget for increases in operation, maintenance, and capital costs due to the significant increase in play seen this year across the city's courses. The City's golf courses have had a fantastic year in FY 2026 with play at all four city courses up significantly from last year. Golf revenues are anticipated to break $10 million this year in total revenue, beating the original budget estimate by $1.3M. With the significant increase in attendance and play at the City's golf courses this year we have seen increases in cost across the operation from materials, to maintenance, to needed facility repairs, to credit card fees. Additionally due to the performance of the courses staff would also like to move forward with some needed capital purchases. The overall increase in expenditures is anticipated to total $647,547, which will be fully covered by the additional revenue generated by the courses. Staff requests to amend the budget in the amount of $647,547 for increases in expenses driven by the significant increase in play at the City's golf courses. Staff requests to amend the budget in the amount of $647,547 to cover the increase in operation, maintenance and capital costs in the Golf Division.

11	10-37800	Airport Revenues		23,000
	10-5400-3100	Airport - Professional & Tech Services	23,000	

The Airport requests to amend the budget for security operations for the terminal. During FY 2026 the Transportation Security Administration (TSA) temporarily discontinued coverage of security operations at the terminal exit lane for the secured area. As a result, the airport was required to quickly arrange for contracted services to maintain these required operations with little notice. This created an unplanned operational and budget impact of $23,000. Funding for this requests is available from revenue generated by the airport during the fiscal year. Staff requests to amend the budget in the amount of $23,000 for temporary security operations at the airport.

12	88-38200	Airport Fund - Transfer from other funds		10,500,000
	10-4810-9100	General Fund - Transfer to other funds	10,500,000	

Staff requests a budget amendment to transfer restricted airport funds from the General Fund to the Airport Fund. Historically, any airport operating revenues in excess of expenses were required by FAA regulations to be restricted within the General Fund fund balance for airport purposes. By the end of FY 2026, the balance of these restricted funds is estimated to be approximately $14,000,000. Beginning in FY 2027, airport operations will be accounted for within the Airport Fund rather than the General Fund. The FY 2026 budget included a transfer of $3,500,000 from these restricted funds to support terminal expansion design activities. This amendment will transfer the remaining restricted airport funds in the General Fund to the Airport Fund, where they can be utilized for future airport capital and operational needs. Staff requests to amend the budget in the amount of $10,500,000 to transfer all airport restricted funds into the Airport Fund.

GENERAL FUND ADJUSTMENTS

			Debit	Credit
13	10-4810-9100	Transfers - Transfers to Other Funds	2,790,000	
	10-31300	General Fund Revenues - Sales Tax		490,000
	10-32210	General Fund Revenues - Building Permits		900,000
	10-32100	General Fund Revenues - Business Licenses		100,000
	10-34130	General Fund Revenues - Planning Fees		250,000
	10-34780 & 34782	General Fund Revenues - Marathon		400,000
	10-38300	General Fund Revenues - Contributions from Private		150,000
	10-4653-1100	Community Development - Vacant Positions		100,000
	10-4213-1100 & 1310	Police Dispatch - Vacant Positions		400,000
	40-38200	Capital Equipment Fund - Transfers from Other Funds		2,790,000
	40-38800	Capital Equipment Fund - Appropriated Fund Balance	2,790,000	

Staff requests to transfer funding to the General Capital Project Fund for future one-time projects based on the anticipated year-end performance of the General Fund. Revenue for the General Fund overall is anticipated to exceed the original budget primarily due to growth in sales tax and development related fees. In expenses staff anticipate coming in overall below budget largely due to vacant positions. Staff requests to amend the budget in the amount of $2,790,000 for the year-end transfer to the General Capital Project fund.

14	10-36710	Lease Agreements Revenue		2,885,000
	10-36715	Subscription Based IT Arrangements		115,000
	10-4810-7407	Lease & Software Inception (GASB)	3,000,000	

Staff requests to amend the budget for a non-cash accounting entry that is required by GASB 87. With the implementation of GASB 87 the City is required to show the full multi-year value of a lease in the originating year of the lease agreement in addition to the actual annual payment to the vendor. This entry includes an offsetting revenue entry that matches the full multi-year value of the lease. This entry is required for all leases including vehicles, equipment, property, and software. This entry is not an actual payment to the vendor. During fiscal year 2026 staff anticipate an accounting entry totaling $3,000,000 based on new lease agreements entered during the fiscal year with one example being the new Golf equipment lease. Staff requests to amend the budget in the amount of $3,000,000 for the required GASB 87 entry. This request has no funding impact as this is not an actual payment to a vendor.

15	41-38800	Economic Development Capital Project Fund - Appropriated Fund Balance		1,051,380
	41-4100-9100	Economic Development Capital Project Fund - Transfer to Other Funds	1,051,380	
	27-38200	Transportation Improvement Fund - Transfer from other funds		440,511
	27-38200	Transportation Improvement Fund - Appropriated Fund Balance	440,511	
	51-38200	Water Utility Fund - Transfer from other funds		610,869
	51-38200	Water Utility Fund - Appropriated Fund Balance	610,869	

Staff requests to transfer funds from the Economic Development Capital Project Fund to reimburse the Transportation Improvement Fund and Water Utility fund for the construction of a traffic signal and irrigation line by the new Costco development. In support of this development $440,511 was expended in the Transportation Improvement Fund for a new traffic signal and $610,869 was expended towards an irrigation line. Funding is available for this reimbursement in the Economic Development Capital Project Fund fund balance. Staff requests to transfer $1,051,380 to reimburse other city funds for a traffic signal and irrigation line related to the new Costco development.

OTHER FUND ADJUSTMENTS

			Debit	Credit
16	63-38800	Self Insurance Fund - Appropriated Fund Balance		178,068
	63-36900	Self Insurance Fund - Miscellaneous Revenue		271,932
	63-6300-5200	Self Insurance Fund - Claims Paid	450,000	

Staff requests to amend the budget for insurance claim costs that are projected to exceed the amount included in the original FY 2026 budget. The City budgets annually for property and liability claims within the Self-Insurance Fund based on anticipated claims activity. As the fiscal year has progressed, actual claim costs have trended above original projections, resulting in an estimated year-end budget overage of approximately $450,000. Funding is available within the Self-Insurance Fund through existing fund balance and reimbursements received from the insurance trust. Staff requests to amend the budget in the amount of $450,000 to align the budget with projected year-end expenditures in the Self-Insurance Fund.

17	40-38800	General Capital Projects Fund - Appropriated Fund Balance		6,384,467
	80-38800	RAP Tax - Appropriated Fund Balance		500,000
	80-8000-9100	RAP Tax - Transfer to Other Funds	500,000	
	40-38200	General Capital Projects Fund - Transfer from Other Funds		500,000
	40-4000-7958	General Capital Projects Fund - City Hall Project	5,585,086	
	40-4000-9100	General Capital Projects Fund - Transfer to Other Funds	1,299,381	
	43-38800	Municipal Building Authority Fund - Appropriated Fund Balance		1,299,381
	43-4300-7593	Municipal Building Authority Fund - Parking Structure	1,299,381	

Staff requests to amend the budget for expenses related to the completion of the new city hall, plaza and parking structure. The brand new city hall officially opened for business at the end of 2025 and the plaza quickly followed with the grand opening in spring of 2026. This facility, the plaza and associated parking structure will serve the community as a gathering space and place of business for decades ahead. Staff along with the contractor are finishing final project reconciliation; at this time the total overall project is estimated at $52,000,000. This amount is slightly over the original project budget of $51,500,00 by $500,000 or 1%. A component of the project was the plaza originally estimated at $1,500,000 which came in closer to $2,000,000 driving the overall increase. Funds are available for this overage from the RAP Tax fund. The total amendment for the city hall, plaza and parking structure is requested at $6,884,467, the majority of this is to roll over funds from the prior year based on the timing of the project. Staff requests to amend the budget in the amount of $6,884,467 for the completion of the City Hall project.

18	40-38800	General Capital Projects Fund - Appropriated Fund Balance		1,930,971
	40-4000-7962	General Capital Projects Fund - Fire Station HQ	1,930,971	

Staff requests to amend the budget for final expenses related to the completion of the Fire Station #1 project. The new Fire Station #1 officially opened for business at the end of 2025. This project was originally anticipated to be completed during FY 2025 but due the timing of the project the final portions rolled into FY 2026. Staff requests to roll forward unused funds from the FY 2025 budget in the amount of $1,930,971 for the Fire Station #1 project.

19	66-34900	Health Insurance Fund - Medical City Contribution		300,000
	66-34901	Health Insurance Fund - Medical Employee Contribution		100,000
	66-36120	Health Insurance Fund - Stop Loss		150,000
	66-36125	Health Insurance Fund - Medical Pharmacy Rebates		550,000
	66-6610-5320	Health Insurance Fund - Pharmacy Claims	1,100,000	

Staff requests to amend the budget for higher pharmacy claims activity and a true-up of estimates included in the original budget. The City transitioned to a self-funded health insurance plan in FY 2024. Pharmacy claim costs are now projected to exceed the original budget by approximately $1,100,000. Approximately half of the increase is attributable to higher-than-anticipated claims activity, while the remaining increase reflects a change in the accounting treatment of pharmacy rebates, which are now recorded as a separate revenue source rather than as an offset to pharmacy expenses. The impact of these adjustments is offset by corresponding revisions to medical plan contributions, employee contributions, and anticipated stop-loss reimbursements. Staff requests to amend the budget in the amount of $1,100,000 for increased pharmacy claims costs.

OTHER FUND ADJUSTMENTS

			Debit	Credit
20	38-38800	Central Business District CDA Fund - Appropriated Fund Balance		229,950
	38-3800-8205	Central Business District CDA Fund - Debt	229,950	

Staff requests to amend the budget to make an additional payment toward outstanding debt in the Central Business District CDA Fund. In FY 2019, the Central Business District CDA received an interfund loan from the Economic Development Capital Project Fund for the acquisition of properties located near 100 West and St. George Boulevard. Following the sale of the property in 2025, the majority of the outstanding debt was retired using the sale proceeds. The remaining balance is approximately $327,858. Funding is available from prior-year rollover funds and revenues anticipated to be received during the current fiscal year. Staff requests to amend the budget in the amount of $229,950 to make an additional payment toward the remaining debt balance.

Agenda Date: 06/18/2026 **Agenda Item Number:** 09

Subject:

Consider approval of Resolution No. 2026-013R authorizing City pick-up of Public Safety and Firefighter Tier II employee retirement contributions.

Item at-a-glance:

Staff Contact: Pennie Hancock

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

61 South Main Street

Item History (background/project status/public process):

This resolution authorizes the City per amendments by Utah State Legislature to pick up the required up to a maximum of 5.98% increase in the employee portion of the Public Safety and Firefighter Tier II Noncontributory Retirement System.

Staff Narrative (need/purpose):

The URS Public Safety and Firefighter contribution requirement has increased. Rather than burdening the employee, this resolution allows for the City to pick up to a maximum of 5.98% increase.

Name of Legal Dept approver: Jami Brackin

Budget Impact:

Cost for the agenda item: $171,401

Amount approved in current FY budget for item: $171,401

If not approved in current FY budget or exceeds the budgeted amount, please explain funding source:

Funding is included for this increase in the tentative FY 2027 General Fund budget.

Description of funding source:

General Fund

Recommendation (Include any conditions):

Staff recommends approval.

CITY OF ST. GEORGE, UTAH
RESOLUTION NO. _____

A RESOLUTION AUTHORIZING CITY PICK UP OF PUBLIC SAFETY AND FIREFIGHTER TIER II EMPLOYEE RETIREMENT CONTRIBUTIONS

WHEREAS, the city employs employees who are eligible for and participate as members in the Public Safety and Firefighter Tier II Noncontributory Retirement System administered by the Utah Retirement Systems;

WHEREAS, in accordance with federal and state law, including Section 414(h)(2) of the Internal Revenue Code, employers may take formal action to pick up required employee contributions, which will be paid by the employer in lieu of employee contributions;

WHEREAS, the city desires to formally pick up a portion of the employee contributions required to be paid under Subsection 49-23-301(2)(c), as enacted in S.B. 56, Public Safety and Firefighter Tier II Retirement Enhancements, for all state employees participating in the Public Safety and Firefighter Tier II Noncontributory Retirement System; and

WHEREAS, the City Council is duly authorized to take this formal action on behalf of the city as a participating employer with the Utah Retirement Systems:

NOW, THEREFORE, BE IT RESOLVED by the St. George City Council: that beginning July 1, 2026, the city shall prospectively pick up and pay required employee contributions for all city employees who are members of the Public Safety and Firefighter Tier II Noncontributory Retirement System, up to a maximum of 5.98% of compensation for each employee.

BE IT FURTHER RESOLVED that the picked up contributions paid by the employer even though designated as employee contributions for state law purposes, are being paid by the city in lieu of the required employee contributions.

BE IT FURTHER RESOLVED that the picked up contributions will not be included in the gross income of the employees for tax reporting purposes, that is, for federal or state income tax withholding taxes, until distributed from the Utah Retirement Systems, so that the contributions are treated as employer contributions pursuant to section 414(h)(2) of the Internal Revenue Code.

BE IT FURTHER RESOLVED that the picked up contributions are a supplement and not a salary reduction to the state employees who are eligible for and participating members in the New Public Safety and Firefighter Tier II Noncontributory retirement System.

BE IT FURTHER RESOLVED that from and after the date of this pick up, a city employee may not have a cash or deferred election right with respect to the designated employee contributions, including that the employees may not be permitted to opt out of the pick up and may not be entitled to any option of choosing to receive the contributed amounts directly instead of having them paid by thee state on behalf of its employees to the Utah Retirement Systems.

PASSED AND ADOPTED by the City Council of the City of St. George, this 18th day of June, 2026.

Consider approval of Resolution No. 2026-014R appointing designated appointed officials.

Item at-a-glance:

Staff Contact: Jami Brackin

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

61 South Main Street

Item History (background/project status/public process):

This resolution authorizes the reappointment of all current appointed officials, with the exception of the City Engineer position. Staff recommends approval of the resolution to reappoint the existing officers and to formally appoint Wes Jenkins as City Engineer to replace Jay Sandberg who recently retired.

Staff Narrative (need/purpose):

Utah Code requires certain administrative staff to be appointed each year following a municipal election. City code requires that this be done prior to July 1st of the year following an election. The resolution reappoints all existing department heads and names the City Recorder, Treasurer, and Engineer.

Name of Legal Dept approver: Jami Brackin

Budget Impact: No Impact

Recommendation (Include any conditions):

Recommend reappointment and approval.

RESOLUTION NO. _____

APPOINTING OFFICERS FOR THE CITY OF ST. GEORGE, UTAH.

WHEREAS, pursuant to Utah Code Title 10, Chapter 3, and Title 1, Chapter 7 of City Code, the City of St. George is required to appoint the following named officers on or before the first day of July following a municipal election:

Airport Director – Dustin Warren
Assistant City Manager – Robert Myers
Chief of Police – Kyle Whitehead
City Attorney – Ryan Dooley
City Engineer – Wes Jenkins
City Recorder – Christina Fernandez
City Treasurer – Laura Olson
Community Development Director – Carol Winner
Energy Services Director – J Bryan Dial
Finance Director – Tiffany LaJoice
Fire Chief – Robert Stoker
Operations Director – Marc Mortensen
Parks & Community Services Director– Shane Moore
Public Works Director – Cameron Cutler
Water Services Director – Scott Taylor

NOW, THEREFORE, BE IT RESOLVED by the St. George City Council:

The City Council hereby appoints the above named officers to serve for the term of two (2) years, unless sooner removed or otherwise amended by the City Council, and until their successors are appointed and qualified.

BE IT FURTHER RESOLVED, the Mayor is hereby authorized to enter into and execute employment contracts consistent with the above appointments for the Airport Director, Assistant City Manager, City Attorney, Chief of Police, Fire Chief, Finance Director, Parks & Community Services Director, Energy Services Director, Water Services Director, Operations Director, Public Works Director, and Community Development Director.

This resolution shall become effective immediately upon adoption.

Agenda Date: 06/18/2026 **Agenda Item Number:** 11

Subject:

Consider approval of Resolution No. 2026-015R approving the form of a lease agreement with ZMFU II, Inc. for the purchase of new golf carts for city golf courses.

Item at-a-glance:

Staff Contact: Marc Mortensen

Applicant Name: City of St. George

Reference Number: N/A

Address/Location:

61 South Main Street

Item History (background/project status/public process):

In January 2026 the City Golf Division advertised a Request for Proposals (RFP) for a new golf cart fleet for the four city courses. Of the two proposals received, Intermountain Golf Cars' proposal which includes a five-year lease of 262 new Lithium battery powered golf carts was reviewed and accepted. This lease agreement with Zion's Bank provides the financing for the new carts provided by Intermountain Golf Cars. The actual lease rate will lock in 30-days prior to closing which is expected to be July 2026.

Staff Narrative (need/purpose):

Last summer city golf carts powered by lead acid batteries began to fail due to the demands on the carts from extremely heavy use. Play at all four courses has increased significantly since 2022 with over 340,000 nine-hole rounds played last year. This drastic increase in use has shortened the life of the lead-acid batteries from five years to three years. Intermountain Golf Cars proposes to end the current cart lease early with no penalties, pay off the current lease at their expense and reimburse the city of any battery purchases from January 1, 2026 until the delivery of the new cart fleet. The new fleet will come with a complete five-year warranty on cart batteries.

Name of Legal Dept approver: Kristopher Pearson

Budget Impact:

Cost for the agenda item: $379,000

Amount approved in current FY budget for item: $379,000

If not approved in current FY budget or exceeds the budgeted amount, please explain
funding source:

Golf fees

Description of funding source:

Golf course revenues

Recommendation (Include any conditions):

Staff recommends approval.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ST. GEORGE, UTAH, APPROVING THE FORM OF THE NON-BQ LEASE/PURCHASE AGREEMENT WITH ZMFU II, INC., AND AUTHORIZING THE EXECUTION AND DELIVERY THEREOF

WHEREAS, the City of St. George (the "City") has determined that the leasing of the equipment described in the Non-BQ Lease/Purchase Agreement between the City and ZMFU II, Inc. (the "Agreement") is necessary and essential to the operations of the City, serves a valid public purpose, and will improve the services offered by the City and enhance the quality of life for its residents; and

WHEREAS, the City has determined that it is in the best interest of the community to provide the services described therein; and

WHEREAS, the City has followed all applicable procurement codes and requirements in finding and obtaining the property and deal described in the lease; and

WHEREAS, the City has determined that providing such services will promote public interests, including increased and enhanced recreational opportunities and activity; and

WHEREAS, the City Council has reviewed the form of the Agreement and finds the terms and conditions thereof acceptable to the City, and this Resolution is adopted at a meeting duly noticed and held in compliance with the Utah Open and Public Meetings Act, Utah Code §§ 52-4-101 et seq.; and

WHEREAS, the City's obligation to make lease payments under the Agreement is payable exclusively from current and legally available funds, is subject to annual appropriation by the City Council, does not extend beyond the City's then-current fiscal year except through annual renewal terms, and does not constitute a general obligation or indebtedness of the City within the meaning of any constitutional or statutory debt limitation;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ST. GEORGE, UTAH, AS FOLLOWS:

SECTION 1. Approval of the Agreement. The City Council hereby approves the Agreement between the City and ZMFU II, Inc., in substantially the form presented to the Council, providing for the lease and acquisition of 262 Club Car Tempo Lithium golf carts in the aggregate principal amount of $2,293,909.56, with interest components computed at the rate of 4.30% per annum, annual lease payments due each July 15 commencing July 15, 2026, and a final scheduled payment date of July 15, 2030, subject in each year to annual appropriation by the City Council.

SECTION 2. Authorization to Execute. The Mayor is authorized to execute the Agreement, together with the exhibits, certificates, and related documents necessary to consummate the transactions contemplated thereby (including the Delivery and Acceptance Certificate and IRS Form 8038-G), on behalf of the City, with such changes as may be approved by the Mayor and the City Attorney, provided such changes do not materially increase the City's financial obligations or alter the annual-appropriation structure of the Agreement.

SECTION 3. Implementation. The City Manager and other appropriate City officials are authorized and directed to take all actions necessary to implement the terms of the Agreement and to perform the City's obligations thereunder, including due consideration in each annual budget process of an appropriation for the lease payments due in the next succeeding renewal term.

SECTION 4. Severability. If any section, clause, or provision of this Resolution is found to be invalid or unenforceable, such finding shall not affect the validity or enforceability of any other section, clause, or provision of this Resolution.

SECTION 5. Effective Date. This Resolution shall take effect immediately upon its adoption.

PASSED, ADOPTED, AND APPROVED by the City Council of the City of St. George, Utah, this 18th day of June, 2026.

LEASE/PURCHASE AGREEMENT

THIS NON-BQ LEASE/PURCHASE AGREEMENT, dated as of July 15, 2026, by and between ZMFU II, INC., a Utah corporation duly organized and existing under the laws of the State of Utah, as lessor (the "Bank" or "Lessor"), and City of St. George (the "Lessee"), a public agency of the State of Utah (the "State"), duly organized and existing under the Constitution and laws of the State, as lessee;

W I T N E S S E T H:

WHEREAS, the Lessee desires to finance the acquisition of the equipment and/or other personal property described as the "Leased Property" in Exhibit B (the "Leased Property") by entering into this Lease/Purchase Agreement with the Bank (the "Lease"); and

WHEREAS, the Bank agrees to lease the Leased Property to the Lessee upon the terms and conditions set forth in this Lease, with rental to be paid by the Lessee equal to the Lease Payments hereunder; and

WHEREAS, it is the intent of the parties that the original term of this Lease, and any subsequent renewal terms, shall not exceed 12 months, and that the payment obligation of the Lessee shall not constitute a general obligation under State law; and

WHEREAS, all acts, conditions and things required by law to exist, to have happened and to have been performed precedent to and in connection with the execution and delivery of this Lease do exist, have happened and have been performed in regular and due time, form and manner as required by law, and the parties hereto are now duly authorized to execute and enter into this Lease;

NOW, THEREFORE, in consideration of the above premises and of the mutual covenants hereinafter contained and for other good and valuable consideration, the parties hereto agree as follows:

DRAFT

ARTICLE I

DEFINITIONS AND EXHIBITS

SECTION 1.1 Definitions and Rules of Construction. Unless the context otherwise requires, the capitalized terms used herein shall, for all purposes of this Lease, have the meanings specified in the definitions below. Unless the context otherwise indicates, words importing the singular number shall include the plural number and vice versa. The terms "hereby", "hereof", "hereto", "herein", "hereunder" and any similar terms, as used in this Lease, refer to this Lease as a whole.

"Advance" shall have the meaning set forth in Section 2.1(l)(i)(D) hereof.

"Bank" shall have the meaning set forth in the Preamble hereof.

"Business Day" means any day except a Saturday, Sunday, or other day on which banks in Salt Lake City, Utah or the State are authorized to close.

"Code" means the Internal Revenue Code of 1986, as amended.

"Commencement Date" means the date this Lease is executed by the Bank and the Lessee.

"Event of Nonappropriation" shall have the meaning set forth in Section 3.2 hereof.

"Governing Body" means the governing body of the Lessee.

"Lease Payments" means the rental payments described in Exhibit A hereto.

"Lease Payment Date" shall have the meaning set forth in Section 3.4(a) hereof.

"Leased Property" shall have the meaning set forth in the Whereas clauses hereof.

"Lessee" shall have the meaning set forth in the Preamble hereof.

"Net Proceeds" means insurance or eminent domain proceeds received with respect to the Leased Property less expenses incurred in connection with the collection of such proceeds.

"Obligation Instrument" shall have the meaning set forth in Section 2.1(c) hereof.

"Original Term" shall have the meaning set forth in Section 3.2 hereof.

"Permitted Encumbrances" means, as of any particular time: (i) liens for taxes and assessments, if any, not then delinquent, or which the Lessee may, pursuant to provisions of Section 5.3 hereof, permit to remain unpaid; (ii) this Lease; (iii) any contested right or claim of any mechanic, laborer, materialman, supplier or vendor filed or perfected in the manner prescribed by law to the extent permitted under Section 5.4(b) hereof; (iv) easements, rights of way, mineral rights, drilling rights and other rights, reservations, covenants, conditions or restrictions which exist of record as of the execution date of this Lease and which the Lessee hereby certifies will not materially impair the use of the Leased Property by the Lessee; and (v) other rights, reservations, covenants, conditions or restrictions established following the date of execution of this Lease and to which the Bank and the Lessee consent in writing.

"Rebate Exemption" shall have the meaning set forth in Section 2.1(l)(ii)(A) hereof.

"Regulations" shall have the meaning set forth in Section 2.1(l)(i) hereof.

"Renewal Term" shall have the meaning set forth in Section 3.2 hereof.

"Scheduled Term" shall have the meaning set forth in Section 3.2 hereof.

"State" shall have the meaning set forth in the Preamble hereof.

"Term" or "Term of this Lease" means the Original Term and all Renewal Terms provided for in this Lease under Section 3.2 until this Lease is terminated as provided in Section 3.3 hereof.

SECTION 1.2 Exhibits. Exhibits A, B, C, D, E and F attached to this Lease are by this reference made a part of this Lease.

ARTICLE II

REPRESENTATIONS, COVENANTS AND WARRANTIES

SECTION 2.1 Representations, Covenants and Warranties of the Lessee. The Lessee represents, covenants and warrants to the Bank as follows:

(a) Due Organization and Existence. The Lessee is a public agency of the State duly organized and existing under the Constitution and laws of the State.

DRAFT

(b) Authorization; Enforceability. The Constitution and laws of the State authorize the Lessee to enter into this Lease and to enter into the transactions contemplated by, and to carry out its obligations under, this Lease. The Lessee has duly authorized, executed and delivered this Lease in accordance with the Constitution and laws of the State. This Lease constitutes the legal, valid and binding special obligation of the Lessee enforceable in accordance with its terms, except to the extent limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws or equitable principles affecting the rights of creditors generally.

(c) No Conflicts or Default; Other Liens or Encumbrances. Neither the execution and delivery of this Lease nor the fulfillment of or compliance with the terms and conditions hereof, nor the consummation of the transactions contemplated hereby (i) conflicts with or results in a breach of the terms, conditions, provisions, or restrictions of any existing law, or court or administrative decree, order, or regulation, or agreement or instrument to which the Lessee is now a party or by which the Lessee is bound, **including without limitation any agreement or instrument pertaining to any bond, note, lease, certificate of participation, debt instrument, or any other obligation of the Lessee** (any such bond, note, lease, certificate of participation, debt instrument, and other obligation being referred to herein as an "Obligation Instrument"), (ii) constitutes a default under any of the foregoing, or (iii) results in the creation or imposition of any pledge, lien, charge or encumbrance whatsoever upon any of the property or assets of the Lessee, or upon the Leased Property except for Permitted Encumbrances.

By way of example, and not to be construed as a limitation on the representations set forth in the immediately preceding paragraph:

(A) no portion of the Leased Property is pledged to secure any Obligation Instrument; and

(B) the interests of the Lessor in the Leased Property hereunder do not violate the terms, conditions or provisions of any restriction or revenue pledge in any agreement or instrument pertaining to any Obligation Instrument.

If any Obligation Instrument existing on the date of execution of this Lease creates any pledge, lien, charge or encumbrance on any revenues, property or assets associated with the Leased Property that is higher in priority to the Bank's interests therein under this Lease, the Bank hereby subordinates its interests therein, but only to the extent required pursuant to such existing Obligation Instrument.

(d) Compliance with Open Meeting Requirements. The Governing Body has complied with all applicable open public meeting and notice laws and requirements with respect to the meeting at which the Lessee's execution of this Lease was authorized.

(e) Compliance with Bidding Requirements. Either there are no procurement or public bidding laws of the State applicable to the acquisition and leasing of the Leased Property pursuant to this Lease, or the Governing Body and the Lessee have complied with all such procurement and public bidding laws as may be applicable hereto.

(f) No Adverse Litigation. There are no legal or governmental proceedings or litigation pending, or to the best knowledge of the Lessee threatened or contemplated (or any basis therefor) wherein an unfavorable decision, ruling, or finding might adversely affect the transaction contemplated in or the validity of this Lease.

(g) Opinion of Lessee's Counsel. The letter attached to this Lease as Exhibit D is a true opinion of Lessee's counsel.

DRAFT

(h) Governmental Use of Leased Property. During the Term of this Lease, the Leased Property will be used solely by the Lessee, and only for the purpose of performing one or more governmental or proprietary functions of the Lessee consistent with the permissible scope of the Lessee's authority, and the Leased Property will not be subject to any direct or indirect private business use.

(i) Other Representations and Covenants. The representations, covenants, warranties, and obligations set forth in this Article are in addition to and are not intended to limit any other representations, covenants, warranties, and obligations set forth in this Lease.

(j) No Nonappropriations. The Lessee has never non-appropriated or defaulted under any of its payment or performance obligations or covenants, either under any municipal lease of the same general nature as this Lease, or under any of its bonds, notes, or other obligations of indebtedness for which its revenues or general credit are pledged.

(k) No Legal Violation. The Leased Property is not, and at all times during the Term of this Lease will not be in violation of any federal, state or local law, statute, ordinance or regulation.

(l) General Tax and Arbitrage Representations and Covenants.

(i) The certifications and representations made by the Lessee in this Lease are intended, among other purposes, to be a certificate permitted in Section 1.148-2(b) of the Treasury Regulations promulgated pursuant to Section 148 of the Code (the "Regulations"), to establish the reasonable expectations of the Lessee at the time of the execution of this Lease made on the basis of the facts, estimates and circumstances in existence on the date hereof. The Lessee further certifies and covenants as follows:

(A) The Lessee has not been notified of any disqualification or proposed disqualification of it by the Commissioner of the Internal Revenue Service as an issuer which may certify bond issues.

(B) To the best knowledge and belief of the Lessee, there are no facts, estimates or circumstances that would materially change the conclusions, certifications or representations set forth in this Lease, and the expectations herein set forth are reasonable.

(C) The Scheduled Term of this Lease does not exceed the useful life of the Leased Property, and the weighted average term of this Lease does not exceed the weighted average useful life of the Leased Property.

(D) Each advance of funds by the Bank to finance Leased Property under this Lease (each an "Advance") will occur only when and to the extent that the Lessee has reasonably determined and identified the nature, need, and cost of each item of Leased Property pertaining to such Advance.

(E) No use will be made of the proceeds of this Lease or any such Advance, or any funds or accounts of the Lessee which may be deemed to be proceeds of this Lease or any such Advance, which use, if it had been reasonably expected on the date of the execution of this Lease or of any such Advance, would have caused this Lease or any such Advance to be classified as an "arbitrage bond" within the meaning of Section 148 of the Code.

DRAFT

(F) The Lessee will at all times comply with the rebate requirements of Section 148(f) of the Code as they pertain to this Lease, to the extent applicable.

(G) In order to preserve the status of this Lease and the Advances as other than "private activity bonds" as described in Sections 103(b)(1) and 141 of the Code, as long as this Lease and any such Advances are outstanding and unpaid:

(I) none of the proceeds from this Lease or the Advances or any facilities or assets financed therewith shall be used for any "private business use" as that term is used in Section 141(b) of the Code and defined in Section 141(b)(6) of the Code;

(II) the Lessee will not allow any such "private business use" to be made of the proceeds of this Lease or the Advances or any facilities or assets financed therewith; and

(III) none of the Advances or Lease Payments due hereunder shall be secured in whole or in part, directly or indirectly, by any interest in any property used in any such "private business use" or by payments in respect of such property and shall not be derived from payments in respect of such property.

(H) The Lessee will not take any action, or omit to take any action, which action or omission would cause the interest component of the Lease Payments to be ineligible for the exclusion from gross income as provided in Section 103 of the Code.

(I) The Lessee is a "governmental unit" within the meaning of Section 141(b)(6) of the Code.

(J) The obligations of the Lessee under this Lease are not federally guaranteed within the meaning of Section 149(b) of the Code.

(K) This Lease and the Advances to be made pursuant hereto will not reimburse the Lessee for any expenditures incurred prior to the date of this Lease and do not constitute a "refunding issue" as defined in Section 1.150-1(d) of the Regulations, and no part of the proceeds of this Lease or any such Advances will be used to pay or discharge any obligations of the Lessee the interest on which is or purports to be excludable from gross income under the Code or any predecessor provision of law.

(L) In compliance with Section 149(e) of the Code relating to information reporting, the Lessee will file or cause to be filed with the Internal Revenue Service Center, Ogden, UT 84201, within fifteen (15) days from the execution of this Lease, IRS Form 8038-G or 8038-GC, as appropriate, reflecting the total aggregate amount of Advances that can be made pursuant to this Lease.

(M) None of the proceeds of this Lease or the Advances to be made hereunder will be used directly or indirectly to replace funds of the Lessee used directly or indirectly to acquire obligations at a yield materially higher than the yield on this Lease or otherwise invested in any manner. No portion of the

DRAFT

Advances will be made for the purpose of investing such portion at a materially higher yield than the yield on this Lease.

(N) Inasmuch as Advances will be made under this Lease only when and to the extent the Lessee reasonably determines, identifies and experiences the need therefor, and will remain outstanding and unpaid only until such time as the Lessee has moneys available to repay the same, the Lessee reasonably expects that (I) the Advances will not be made sooner than necessary; (II) no proceeds from the Advances will be invested at a yield higher than the yield on this Lease; and (III) the Advances and this Lease will not remain outstanding and unpaid longer than necessary.

(O) The Lessee will either (i) spend all of the moneys advanced pursuant to this Lease immediately upon receipt thereof, without investment, on the portion of the Leased Property that is to be financed thereby; or (ii) invest such moneys at the highest yield allowable and practicable under the circumstances until they are to be spent on the portion of the Leased Property that is to be financed thereby, and track, keep records of, and pay to the United States of America, all rebatable arbitrage pertaining thereto, at the times, in the amounts, in the manner, and to the extent required under Section 148(f) of the Code and the Treasury Regulations promulgated in connection therewith. At least five percent (5%) of the total amount of moneys that are expected to be advanced pursuant to this Lease are reasonably expected to have been expended on the Leased Property within six (6) months from the date of this Lease. All moneys to be advanced pursuant to this Lease are reasonably expected to have been expended on the Leased Property no later than the earlier of: (I) the date twelve (12) months from the date such moneys are advanced; and (II) the date three (3) years from the date of this Lease.

(P) This Lease and the Advances to be made hereunder are not and will not be part of a transaction or series of transactions that attempts to circumvent the provisions of Section 148 of the Code and the regulations promulgated in connection therewith (I) enabling the Lessee to exploit the difference between tax-exempt and taxable interest rates to gain a material financial advantage, and (II) overburdening the tax-exempt bond market, as those terms are used in Section 1.148-10(a)(2) of the Regulations.

(Q) To the best of the knowledge, information and belief of the Lessee, the above expectations are reasonable. On the basis of the foregoing, it is not expected that the proceeds of this Lease and the Advances to be made hereunder will be used in a manner that would cause this Lease or such Advances to be "arbitrage bonds" under Section 148 of the Code and the regulations promulgated thereunder, and to the best of the knowledge, information and belief of the Lessee, there are no other facts, estimates or circumstances that would materially change the foregoing conclusions.

(ii) Arbitrage Rebate Under Section 148(f) of the Code. With respect to the arbitrage rebate requirements of Section 148(f) of the Code, either (check applicable box):

☐ (A) Lessee Qualifies for Small Issuer Exemption from Arbitrage Rebate. The Lessee hereby certifies and represents that it qualifies for the exception contained in Section 148(f)(4)(D) of the Code from the requirement to rebate

DRAFT

arbitrage earnings from investment of proceeds of the Advances made under this Lease (the "Rebate Exemption") as follows:

(1) The Lessee has general taxing powers.

(2) Neither this Lease, any Advances to be made hereunder, nor any portion thereof are private activity bonds as defined in Section 141 of the Code ("Private Activity Bonds").

(3) Ninety-five percent (95%) or more of the net proceeds of the Advances to be made hereunder are to be used for local government activities of the Lessee (or of a governmental unit, the jurisdiction of which is entirely within the jurisdiction of the Lessee).

(4) Neither the Lessee nor any aggregated issuer has issued or is reasonably expected to issue any tax-exempt obligations other than Private Activity Bonds (as those terms are used in Section 148(f)(4)(D) of the Code) during the current calendar year, including the Advances to be made hereunder, which in the aggregate would exceed $5,000,000 in face amount, or $15,000,000 in face amount for such portions, if any, of any tax-exempt obligations of the Lessee and any aggregated issuer as are attributable to construction of public school facilities within the meaning of Section 148(f)(4)(D)(vii) of the Code.

For purposes of this Section, "aggregated issuer" means any entity which (a) issues obligations on behalf of the Lessee, (b) derives its issuing authority from the Lessee, or (c) is subject to substantial control by the Lessee.

The Lessee hereby certifies and represents that it has not created, does not intend to create and does not expect to benefit from any entity formed or availed of to avoid the purposes of Section 148(f)(4)(D)(i)(IV) of the Code.

Accordingly, the Lessee will qualify for the Rebate Exemption granted to governmental units issuing less than $5,000,000 under Section 148(f)(4)(D) of the Code ($15,000,000 for the financing of public school facilities construction as described above), and the Lessee shall be treated as meeting the requirements of Paragraphs (2) and (3) of Section 148(f) of the Code relating to the required rebate of arbitrage earnings to the United States with respect to this Lease and the Advances to be made hereunder.

- or -

☐ (B) Lessee Will Keep Records of and Will Rebate Arbitrage. The Lessee does not qualify for the small issuer Rebate Exemption described above, and the Lessee hereby certifies and covenants that it will account for, keep the appropriate records of, and pay to the United States, the rebate amount, if any, earned from the investment of gross proceeds of this Lease and the Advances to be made hereunder, at the times, in the amounts, and in the manner prescribed in Section 148(f) of the Code and the applicable Regulations promulgated with respect thereto.

SECTION 2.2 Representations, Covenants and Warranties of the Bank. The Bank is a Utah corporation, duly organized, existing and in good standing under and by virtue of the laws of the State of Utah,

DRAFT

has the power to enter into this Lease, is possessed of full power to own and hold real and personal property, and to lease and sell the same, and has duly authorized the execution and delivery of this Lease. This Lease constitutes the legal, valid and binding obligation of the Bank, enforceable in accordance with its terms, except to the extent limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws or equitable principles affecting the rights of creditors generally.

ARTICLE III

AGREEMENT TO LEASE; TERM OF LEASE; LEASE PAYMENTS

SECTION 3.1 Lease. The Bank hereby leases the Leased Property to the Lessee, and the Lessee hereby leases the Leased Property from the Bank, upon the terms and conditions set forth herein.

Concurrently with its execution of this Lease, the Lessee shall deliver to the Bank fully completed documents substantially in the forms attached hereto as Exhibits B, C, D, E and F hereto. Prior to the Bank making the final Advance hereunder, Lessee shall provide the Bank an executed copy of the Delivery and Acceptance Certificate found in Exhibit F.

SECTION 3.2 Term. The Term of this Lease shall commence on the date of execution of this Lease, including delivery to the Bank by the Lessee of fully completed documents in the forms set forth in Exhibits B, C, D, E and F attached hereto, and continue until the end of the fiscal year of Lessee in effect at the Commencement Date (the "Original Term"). Thereafter, this Lease will be extended for 5 successive additional periods of one year coextensive with Lessee's fiscal year, except for the last such period which may be less than a full fiscal year, (each, a "Renewal Term") subject to an Event of Nonappropriation as described herein below in this Section 3.2 and in Section 3.3(a), with the final Renewal Term ending on July 15, 2031, unless this Lease is terminated as hereinafter provided. The Original Term together with all scheduled Renewal Terms shall be referred to herein as the "Scheduled Term" irrespective of whether this Lease is terminated for any reason prior to the scheduled commencement or termination of any Renewal Term as provided herein.

If Lessee does not appropriate funds for the payment of Lease Payments due for any Renewal Term in the adopted budget of the Lessee for the applicable fiscal year (an "Event of Nonappropriation"), this Lease will terminate upon the expiration of the Original or Renewal Term then in effect and Lessee shall notify Bank of such termination at least ten (10) days prior to the expiration of the Original or Renewal Term then in effect.

SECTION 3.3 Termination. This Lease will terminate upon the earliest of any of the following events:

(a) upon the expiration of the Original Term or any Renewal Term of this Lease following an Event of Nonappropriation;

(b) the exercise by Lessee of any option to purchase granted in this Lease by which Lessee purchases all of the Leased Property;

(c) a default by Lessee and Bank's election to terminate this Lease under Article VII herein; or

(d) the expiration of the Scheduled Term of this Lease, the Lessee having made payment of all Lease Payments accrued to such date.

SECTION 3.4 Lease Payments.

DRAFT

(a) Time and Amount. During the Term of this Lease and so long as this Lease has not terminated pursuant to Section 3.3, the Lessee agrees to pay to the Bank, its successors and assigns, as annual rental for the use and possession of the Leased Property, the Lease Payments (denominated into components of principal and interest) in the amounts specified in Exhibit A, to be due and payable in arrears on each payment date identified in Exhibit A (or if such day is not a Business Day, the next succeeding Business Day) specified in Exhibit A (the "Lease Payment Date").

(b) Rate on Overdue Payments. In the event the Lessee should fail to make any of the Lease Payments required in this Section, the Lease Payment in default shall continue as an obligation of the Lessee until the amount in default shall have been fully paid, and the Lessee agrees to pay the same with interest thereon, to the extent permitted by law, from the date such amount was originally payable at the rate equal to the original interest rate payable with respect to such Lease Payments.

(c) Additional Payments. Any additional payments required to be made by the Lessee hereunder, including but not limited to Sections 4.1, 5.3, and 7.4 of this Lease, shall constitute additional rental for the Leased Property.

SECTION 3.5 Possession of Leased Property Upon Termination. Upon termination of this Lease pursuant to Sections 3.3(a), or (c), the Lessee shall transfer the Leased Property to the Bank in such manner as may be specified by the Bank, and the Bank shall have the right to take possession of the Leased Property by virtue of the Bank's ownership interest as lessor of the Leased Property, and the Lessee at the Bank's direction shall ship the Leased Property to the destination designated by the Bank by loading the Leased Property at the Lessee's cost and expense, on board such carrier as the Bank shall specify.

SECTION 3.6 No Withholding. Notwithstanding any dispute between the Bank and the Lessee, in connection with this Lease or otherwise, including a dispute as to the failure of any portion of the Leased Property in use by or possession of the Lessee to perform the task for which it is leased, the Lessee shall make all Lease Payments when due and shall not withhold any Lease Payments pending the final resolution of such dispute.

SECTION 3.7 Lease Payments to Constitute a Current Obligation of the Lessee. Notwithstanding any other provision of this Lease, the Lessee and the Bank acknowledge and agree that the obligation of the Lessee to pay Lease Payments hereunder constitutes a current special obligation of the Lessee payable exclusively from current and legally available funds and shall not in any way be construed to be an indebtedness of the Lessee within the meaning of any constitutional or statutory limitation or requirement applicable to the Lessee concerning the creation of indebtedness. The Lessee has not hereby pledged the general tax revenues or credit of the Lessee to the payment of the Lease Payments, or the interest thereon, nor shall this Lease obligate the Lessee to apply money of the Lessee to the payment of Lease Payments beyond the then current Original Term or Renewal Term, as the case may be, or any interest thereon.

SECTION 3.8 Net Lease. This Lease shall be deemed and construed to be a "net-net-net lease" and the Lessee hereby agrees that the Lease Payments shall be an absolute net return to the Bank, free and clear of any expenses, charges or set-offs whatsoever, except as expressly provided herein.

SECTION 3.9 Offset. Lease Payments or other sums payable by Lessee pursuant to this Lease shall not be subject to set-off, deduction, counterclaim or abatement and Lessee shall not be entitled to any credit against such Lease Payments or other sums for any reason whatsoever, including, but not limited to: (i) any accident or unforeseen circumstances; (ii) any damage or destruction of the Leased Property or any part thereof; (iii) any restriction or interference with Lessee's use of the Leased Property; (iv) any defects, breakdowns, malfunctions, or unsuitability of the Leased Property or any part thereof; or (v) any dispute

DRAFT

between the Lessee and the Bank, any vendor or manufacturer of any part of the Leased Property, or any other person.

ARTICLE IV

INSURANCE

SECTION 4.1 Insurance. Lessee, at Bank's option, will either self-insure, or at Lessee's cost, will cause casualty insurance and property damage insurance to be carried and maintained on the Leased Property, with all such coverages to be in such amounts sufficient to cover the value of the Leased Property at the commencement of this Lease (as determined by the purchase price paid for the Leased Property), and public liability insurance with respect to the Leased Property in the amounts required by law, but in no event with a policy limit less than $1,000,000 per occurrence. All insurance shall be written in such forms, to cover such risks, and with such insurers, as are customary for public entities such as the Lessee. A combination of self-insurance and policies of insurance may be utilized. If policies of insurance are obtained, Lessee will cause Bank to be a loss payee as its interest under this Lease may appear on such property damage insurance policies, and an additional insured on a primary and noncontributory basis on such public liability insurance in an amount equal to or exceeding the minimum limit stated herein. Subject to Section 4.2, insurance proceeds from insurance policies or budgeted amounts from self-insurance as relating to casualty and property damage losses will, to the extent permitted by law, be payable to Bank in an amount equal to the then outstanding principal and accrued interest components of the Lease Payments at the time of such damage or destruction as provided by Section 8.1. Lessee will deliver to Bank the policies or evidences of insurance or self-insurance satisfactory to Bank, together with receipts for the applicable premiums before the Leased Property is delivered to Lessee and at least thirty (30) days before the expiration of any such policies. By endorsement upon the policy or by independent instrument furnished to Bank, such insurer will agree that it will give Bank at least thirty (30) days' written notice prior to cancellation or alteration of the policy. Lessee will carry workers compensation insurance covering all employees working on, in, or about the Leased Property, and will require any other person or entity working on, in, or about the Leased Property to carry such coverage, and will furnish to Bank certificates evidencing such coverages throughout the Term of this Lease.

SECTION 4.2 Damage to or Destruction of the Leased Property. If all or any part of the Leased Property is lost, stolen, destroyed, or damaged, Lessee will give Bank prompt notice of such event and will, to the extent permitted by law, repair or replace the same at Lessee's cost. If such lost, stolen, destroyed or damaged Leased Property is equipment, it shall be repaired or replaced within thirty (30) days after such event. If such lost, stolen, destroyed or damaged Leased Property is other than equipment, it shall be repaired or replaced within one hundred eighty (180) days after such event. Any replaced Leased Property will be substituted in this Lease by appropriate endorsement. All insurance proceeds received by Bank under the policies required under Section 4.1 with respect to the Leased Property lost, stolen, destroyed, or damaged, will be paid to Lessee if the Leased Property is repaired or replaced by Lessee as required by this Section. If Lessee fails or refuses to make the required repairs or replacement, such proceeds will be paid to Bank to the extent of the then remaining portion of the Lease Payments to become due during the Scheduled Term of this Lease less that portion of such Lease Payments attributable to interest which will not then have accrued as provided in Section 8.1. No loss, theft, destruction, or damage to the Leased Property will impose any obligation on Bank under this Lease, and this Lease will continue in full force and effect regardless of such loss, theft, destruction, or damage. Lessee assumes all risks and liabilities, whether or not covered by insurance, for loss, theft, destruction, or damage to the Leased Property and for injuries or deaths of persons and damage to property however arising, whether such injury or death be with respect to agents or employees of Lessee or of third parties, and whether such damage to property be to Lessee's property or to the property of others.

DRAFT

ARTICLE V

COVENANTS

SECTION 5.1 Use of the Leased Property. The Lessee represents and warrants that it has an immediate and essential need for the Leased Property to carry out and give effect to the public purposes of the Lessee, which need is not temporary or expected to diminish in the foreseeable future, and that it expects to make immediate use of all of the Leased Property.

The Lessee hereby covenants that it will install, use, operate, maintain, and service the Leased Property in accordance with all vendors' instructions and in such a manner as to preserve all warranties and guarantees with respect to the Leased Property.

The Lessor hereby assigns to the Lessee, without recourse, for the Term of this Lease, all manufacturer warranties and guaranties, express or implied, pertinent to the Leased Property, and the Lessor directs the Lessee to obtain the customary services furnished in connection with such warranties and guaranties at the Lessee's expense; provided, however, that the Lessee hereby agrees that it will reassign to the Lessor all such warranties and guaranties in the event of termination of this Lease pursuant to Sections 3.3(a) or 3.3(c).

SECTION 5.2 Interest in the Leased Property and this Lease. Upon expiration of the Term as provided in Section 3.3(b) or 3.3(d) hereof, all right, title and interest of the Bank in and to all of the Leased Property shall be transferred to and vest in the Lessee, without the necessity of any additional document of transfer.

SECTION 5.3 Maintenance, Utilities, Taxes and Assessments.

(a) Maintenance; Repair and Replacement. Throughout the Term of this Lease, as part of the consideration for the rental of the Leased Property, all repair and maintenance of the Leased Property shall be the responsibility of the Lessee, and the Lessee shall pay for or otherwise arrange for the payment of the cost of the repair and replacement of the Leased Property excepting ordinary wear and tear, and the Lessee hereby covenants and agrees that it will comply with all vendors' and manufacturers' maintenance and warranty requirements pertaining to the Leased Property. In exchange for the Lease Payments herein provided, the Bank agrees to provide only the Leased Property, as hereinbefore more specifically set forth.

(b) Tax and Assessments; Utility Charges. The Lessee shall also pay or cause to be paid all taxes and assessments, including but not limited to utility charges, of any type or nature charged to the Lessee or levied, assessed or charged against any portion of the Leased Property or the respective interests or estates therein; provided that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Lessee shall be obligated to pay only such installments as are required to be paid during the Term of this Lease as and when the same become due.

(c) Contests. The Lessee may, at its expense and in its name, in good faith contest any such taxes, assessments, utility and other charges and, in the event of any such contest, may permit the taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom; provided that prior to such nonpayment it shall furnish the Bank with the opinion of an independent counsel acceptable to the Bank to the effect that, by nonpayment of any such items, the interest of the Bank in such portion of the Leased Property will not be materially endangered and that the Leased Property will not be subject to loss or forfeiture. Otherwise, the Lessee shall promptly pay such taxes, assessments or charges or make provisions for the payment thereof in form satisfactory to the Bank.

DRAFT

SECTION 5.4 Modification of the Leased Property.

(a) Additions, Modifications and Improvements. The Lessee shall, at its own expense, have the right to make additions, modifications, and improvements to any portion of the Leased Property if such improvements are necessary or beneficial for the use of such portion of the Leased Property. All such additions, modifications and improvements shall thereafter comprise part of the Leased Property and be subject to the provisions of this Lease. Such additions, modifications and improvements shall not in any way damage any portion of the Leased Property or cause it to be used for purposes other than those authorized under the provisions of State and federal law or in any way which would impair the exclusion from gross income for federal income tax purposes of the interest components of the Lease Payments; and the Leased Property, upon completion of any additions, modifications and improvements made pursuant to this Section, shall be of a value which is not substantially less than the value of the Leased Property immediately prior to the making of such additions, modifications and improvements.

(b) No Liens. Except for Permitted Encumbrances, the Lessee will not permit (i) any liens or encumbrances to be established or remain against the Leased Property or (ii) any mechanic's or other lien to be established or remain against the Leased Property for labor or materials furnished in connection with any additions, modifications or improvements made by the Lessee pursuant to this Section; provided that if any such mechanic's lien is established and the Lessee shall first notify or cause to be notified the Bank of the Lessee's intention to do so, the Lessee may in good faith contest any lien filed or established against the Leased Property, and in such event may permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom and shall provide the Bank with full security against any loss or forfeiture which might arise from the nonpayment of any such item, in form satisfactory to the Bank. The Bank will cooperate fully in any such contest.

SECTION 5.5 Permits. The Lessee will provide all permits and licenses necessary for the ownership, possession, operation, and use of the Leased Property, and will comply with all laws, rules, regulations, and ordinances applicable to such ownership, possession, operation, and use. If compliance with any law, rule, regulation, ordinance, permit, or license requires changes or additions to be made to the Leased Property, such changes or additions will be made by the Lessee at its own expense.

SECTION 5.6 Bank's Right to Perform for Lessee. If the Lessee fails to make any payment or to satisfy any representation, covenant, warranty, or obligation contained herein or imposed hereby, the Bank may (but need not) make such payment or satisfy such representation, covenant, warranty, or obligation, and the amount of such payment and the expense of any such action incurred by the Bank, as the case may be, will be deemed to be additional rent payable by the Lessee on the Bank's demand.

SECTION 5.7 Bank's Disclaimer of Warranties. The Bank has played no part in the selection of the Leased Property, the Lessee having selected the Leased Property independently from the Bank. The Bank, at the Lessee's request, has acquired or arranged for the acquisition of the Leased Property and shall lease the same to the Lessee as herein provided, the Bank's only role being the facilitation of the financing of the Leased Property for the Lessee. THE BANK MAKES NO WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, AS TO THE VALUE, DESIGN, CONDITION, QUALITY, DURABILITY, SUITABILITY, MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR FITNESS FOR THE USE CONTEMPLATED BY THE LESSEE OF THE LEASED PROPERTY, OR ANY PORTION THEREOF. THE LESSEE ACKNOWLEDGES THAT THE BANK IS NOT A MANUFACTURER OR VENDOR OF ALL OR ANY PORTION OF THE LEASED PROPERTY, AND THAT THE LESSEE IS LEASING THE LEASED PROPERTY AS IS. In no event shall the Bank be liable for incidental, direct, indirect, special or consequential damages, in connection with

DRAFT

or arising out of this Lease, for the existence, furnishing, functioning or Lessee's use and possession of the Leased Property.

SECTION 5.8 Indemnification. To the extent permitted by applicable law, the Lessee hereby agrees to indemnify and hold harmless the Bank, its directors, officers, shareholders, employees, agents, and successors from and against any loss, claim, damage, expense, and liability resulting from or attributable to the acquisition, construction, or use of the Leased Property. Notwithstanding the foregoing, the Bank shall not be indemnified for any liability resulting from the gross negligence or willful misconduct of the Bank.

SECTION 5.9 Inclusion for Consideration as Budget Item. During the Term of this Lease, the Lessee covenants and agrees that it shall give due consideration, in accordance with applicable law, as an item for expenditure during its annual budget considerations, of an amount necessary to pay Lease Payments for the Leased Property during the next succeeding Renewal Term. Nothing herein shall be construed to direct or require that Lessee take or direct that any legislative act be done, or that the Governing Body of Lessee improperly or unlawfully delegate any of its legislative authority.

SECTION 5.10 Annual Financial Information. During the Term of this Lease, the Lessee covenants and agrees to provide the Bank as soon as practicable when they are available: (i) a copy of the Lessee's final annual budget for each fiscal year; (ii) a copy of the Lessee's most recent financial statements; and (iii) any other financial reports the Bank may request from time to time.

DRAFT

ARTICLE VI

ASSIGNMENT AND SUBLEASING

SECTION 6.1 Assignment by the Bank. The parties hereto agree that all rights of Bank hereunder may be assigned, transferred or otherwise disposed of, either in whole or in part, including without limitation transfer to a trustee pursuant to a trust arrangement under which the trustee issues certificates of participation evidencing undivided interests in this Lease and/or the rights to receive Lease Payments hereunder, provided that notice of any such assignment, transfer or other disposition is given to Lessee.

SECTION 6.2 Assignment and Subleasing by the Lessee. The Lessee may not assign this Lease or sublease all or any portion of the Leased Property unless both of the following shall have occurred: (i) the Bank shall have consented to such assignment or sublease; and (ii) the Bank shall have received assurance acceptable to the Bank that such assignment or sublease: (A) is authorized under applicable state law, (B) will not adversely affect the validity of this Lease, and (C) will not adversely affect the exclusion from gross income for federal income tax purposes of the interest components of the Lease Payments.

ARTICLE VII

EVENTS OF DEFAULT AND REMEDIES

SECTION 7.1 Events of Default Defined. The following shall be "events of default" under this Lease and the terms "events of default" and "default" shall mean, whenever they are used in this Lease, any one or more of the following events:

(a) Payment Default. Failure by the Lessee to pay any Lease Payment required to be paid hereunder by the corresponding Lease Payment Date.

(b) Covenant Default. Failure by the Lessee to observe and perform any warranty, covenant, condition or agreement on its part to be observed or performed herein or otherwise with

respect hereto other than as referred to in clause (a) of this Section, for a period of 30 days after written notice specifying such failure and requesting that it be remedied has been given to the Lessee by the Bank; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, the Bank shall not unreasonably withhold their consent to an extension of such time if corrective action is instituted by the Lessee within the applicable period and diligently pursued until the default is corrected.

(c) Bankruptcy or Insolvency. The filing by the Lessee of a case in bankruptcy, or the subjection of any right or interest of the Lessee under this Lease to any execution, garnishment or attachment, or adjudication of the Lessee as a bankrupt, or assignment by the Lessee for the benefit of creditors, or the entry by the Lessee into an agreement of composition with creditors, or the approval by a court of competent jurisdiction of a petition applicable to the Lessee in any proceedings instituted under the provisions of the federal bankruptcy code, as amended, or under any similar act which may hereafter be enacted.

The foregoing provisions of this Section 7.1 are subject to the provisions of Section 3.2 hereof with respect to nonappropriation.

SECTION 7.2 Remedies on Default. Whenever any event of default referred to in Section 7.1 hereof shall have happened and be continuing, the Bank shall have the right, at its sole option without any further demand or notice to take one or any combination of the following remedial steps:

(a) take possession of the Leased Property by virtue of the Bank's ownership interest as lessor of the Leased Property;

(b) hold the Lessee liable for the difference between (i) the rents and other amounts payable by Lessee hereunder to the end of the then current Original Term or Renewal Term, as appropriate, and (ii) the rent paid by a lessee of the Leased Property pursuant to such lease; and

(c) take whatever action at law or in equity may appear necessary or desirable to enforce its right hereunder.

SECTION 7.3 No Remedy Exclusive. No remedy conferred herein upon or reserved to the Bank is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Lease or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Bank to exercise any remedy reserved to it in this Article it shall not be necessary to give any notice, other than such notice as may be required in this Article or by law.

SECTION 7.4 Agreement to Pay Attorneys' Fees and Expenses. In the event either party to this Lease should default under any of the provisions hereof and the nondefaulting party should employ attorneys or incur other expenses for the collection of moneys or the enforcement of performance or observance of any obligation or agreement on the part of the defaulting party contained herein, the defaulting party agrees that it will pay on demand to the nondefaulting party the reasonable fees of such attorneys and such other expenses so incurred by the nondefaulting party.

SECTION 7.5 Waiver of Certain Damages. With respect to all of the remedies provided for in this Article VII, the Lessee hereby waives any damages occasioned by the Bank's repossession of the Leased Property upon an event of default.

DRAFT

ARTICLE VIII

PREPAYMENT OF LEASE PAYMENTS IN PART

SECTION 8.1 Extraordinary Prepayment From Net Proceeds. To the extent, if any, required pursuant to Section 4.1 the Lessee shall be obligated to purchase the Leased Property by prepaying the Lease Payments in whole or in part on any date, from and to the extent of any Net Proceeds or other moneys pursuant to Article IV hereof. The Lessee and the Bank hereby agree that in the case of such prepayment of the Lease Payments in part, such Net Proceeds or other moneys shall be credited toward the Lessee's obligations hereunder pro rata among Lease Payments so that following prepayment, the remaining annual Lease Payments will be proportional to the initial annual Lease Payments.

SECTION 8.2 Option to Purchase Leased Property. Subject to the terms and conditions of this Section, the Bank hereby grants an option to the Lessee to purchase all or a portion of the Leased Property by paying on any date a price equal to the portion of the outstanding principal component of the Lease Payments that is allocable to such portion of the Leased Property that is being so purchased, without premium, plus the accrued interest component of such portion of the Lease Payments to such payment date. To exercise this option, the Lessee must deliver to the Bank written notice specifying the date on which the Leased Property is to be purchased (the "Closing Date"), which notice must be delivered to the Bank at least thirty (30) days prior to the Closing Date specified therein. The Lessee may purchase the Leased Property pursuant to the option granted in this Section only if the Lessee has made all Lease Payments when due (or has remedied any defaults in the payment of Lease Payments, in accordance with the provisions of this Lease) and all other warranties, representations, covenants, and obligations of the Lessee under this Lease have been satisfied (or all breaches thereof have been waived by the Bank in writing).

Upon the expiration of the Scheduled Term of this Lease and provided that all conditions of the immediately preceding paragraph have been satisfied (except those pertaining to notice), the Lessee shall be deemed to have purchased the Leased Property (without the need for payment of additional moneys) and shall be vested with all rights and title to the Leased Property.

DRAFT

ARTICLE IX

MISCELLANEOUS

SECTION 9.1 Notices. Unless otherwise specifically provided herein, all notices shall be in writing addressed to the respective party as set forth below (or to such other address as the party to whom such notice is intended shall have previously designated by written notice to the serving party), and may be personally served, telecopied, or sent by overnight courier service or United States mail:

If to Bank:

ZMFU II, INC.
One South Main Street, 17th Floor
Salt Lake City, Utah 84133
Attention: Olivia Martinez

If to the Lessee:

City of St. George
61 South Main Street
St. George, UT 84770
Attention: Tiffany LaJoice

Such notices shall be deemed to have been given: (a) if delivered in person, when delivered; (b) if delivered by telecopy, on the date of transmission if transmitted by 4:00 p.m. (Salt Lake City time) on a Business Day or, if not, on the next succeeding Business Day; (c) if delivered by overnight courier, two Business Days after delivery to such courier properly addressed; or (d) if by United States mail, four Business Days after depositing in the United States mail, postage prepaid and properly addressed.

SECTION 9.2 System of Registration. The Lessee shall be the Registrar for this Lease and the rights to payments hereunder. The Bank shall be the initial Registered Owner of rights to receive payments hereunder. If the Bank transfers its rights to receive payments hereunder, the Registrar shall note on this Lease the name and address of the transferee.

SECTION 9.3 Instruments of Further Assurance. To the extent, if any, that the Bank's interest in the Leased Property as Lessor under this Lease is deemed to be a security interest in the Leased Property, then the Lessee shall be deemed to have granted, and in such event the Lessee does hereby grant, a security interest in the Leased Property to the Bank, which security interest includes proceeds, and this Lease shall constitute a security agreement under applicable law. Concurrently with the execution of this Lease, the Lessee has executed, delivered, and filed and/or recorded all financing statements, UCC forms, mortgages, deeds of trust, notices, filings, and/or other instruments, in form required for filing and/or recording thereof, as are required under applicable law to fully perfect such security interest of the Bank in the Leased Property (collectively, "Security Documents"). Attached hereto as Exhibit E are copies of all such Security Documents. The Lessee will do, execute, acknowledge, deliver and record, or cause to be done, executed, acknowledged, delivered and recorded, such additional acts, notices, filings and instruments as the Bank may require in its sole discretion to evidence, reflect and perfect the title, ownership, leasehold interest, security interest and/or other interest of the Bank in and to any part or all of the Leased Property, promptly upon the request of the Bank.

SECTION 9.4 Binding Effect. This Lease shall inure to the benefit of and shall be binding upon the Bank and the Lessee and their respective successors and assigns.

SECTION 9.5 Amendments. This Lease may be amended or modified only upon the written agreement of both the Bank and the Lessee.

SECTION 9.6 Section Headings. Section headings are for reference only and shall not be used to interpret this Lease.

SECTION 9.7 Severability. In the event any provision of this Lease shall be held invalid or unenforceable by a court of competent jurisdiction, to the extent permitted by law, such holding shall not invalidate or render unenforceable any other provision hereof.

SECTION 9.8 Entire Agreement. This Lease and the attached Exhibits constitute the entire agreement between the Bank and the Lessee and supersedes any prior agreement between the Bank and the Lessee with respect to the Leased Property, except as is set forth in an Addendum, if any, which is made a part of this Lease and which is signed by both the Bank and the Lessee.

SECTION 9.9 Execution in Counterparts. This Lease may be executed in any number of counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 9.10 Arbitration. To the extent permitted by law, any dispute, controversy or claim arising out of or based upon the terms of this Lease or the transactions contemplated hereby shall be settled exclusively and finally by binding arbitration. Upon written demand for arbitration by any party hereto, the parties to the dispute shall confer and attempt in good faith to agree upon one arbitrator. If the parties have not agreed upon an arbitrator within thirty (30) days after receipt of such written demand, each party to the dispute shall appoint one arbitrator and those two arbitrators shall agree upon a third arbitrator. Any arbitrator or arbitrators appointed as provided in this section shall be selected from panels maintained by, and the binding arbitration shall be conducted in accordance with the commercial arbitration rules of, the American Arbitration Association (or any successor organization), and such arbitration shall be binding upon the parties. The arbitrator or arbitrators shall have no power to add or detract from the agreements of the parties and may not make any ruling or award that does not conform to the terms and conditions of this Lease. The arbitrator or arbitrators shall have no authority to award punitive damages or any other damages

DRAFT

not measured by the prevailing party's actual damages. Judgment upon an arbitration award may be entered in any court having jurisdiction. The prevailing party in the arbitration proceedings shall be awarded reasonable attorney fees and expert witness costs and expenses.

SECTION 9.11 Applicable Law. This Agreement shall be governed by and construed in accordance with the laws of the State.

[SIGNATURE PAGES TO FOLLOW]

RESOLUTION OF GOVERNING BODY

A resolution approving the form of the Non-BQ Lease/Purchase Agreement with ZMFU II, INC., Salt Lake City, Utah and authorizing the execution and delivery thereof.

Whereas, The City Council (the "Governing Body") of City of St. George (the "Lessee") has determined that the leasing of the property described in the Non-BQ Lease/Purchase Agreement (the "Lease/Purchase Agreement") presented at this meeting is for a valid public purpose and is essential to the operations of the Lessee; and

Whereas, the Governing Body has reviewed the form of the Lease/Purchase Agreement and has found the terms and conditions thereof acceptable to the Lessee; and

Whereas, either there are no legal bidding requirements under applicable law to arrange for the leasing of such property under the Lease/Purchase Agreement, or the Governing Body has taken the steps necessary to comply with the same with respect to the Lease/Purchase Agreement.

Be it resolved by the Governing Body of City of St. George as follows:

SECTION 1. The terms of said Lease/Purchase Agreement are in the best interests of the Lessee for the leasing of the property described therein.

SECTION 2. The appropriate officers and officials of the Lessee are hereby authorized and directed to execute and deliver the Lease/Purchase Agreement in substantially the form presented to this meeting and any related documents and certificates necessary to the consummation of the transactions contemplated by the Lease/Purchase Agreement for and on behalf of the Lessee. The officers and officials of the Lessee may make such changes to the Lease/Purchase Agreement and related documents and certificates as such officers and officials deem necessary or desirable, such approval to be conclusively evidenced by the execution and delivery thereof.

SECTION 3. The officers and officials of the Governing Body and the Lessee are hereby authorized and directed to fulfill all obligations under the terms of the Lease/Purchase Agreement.

DELIVERY AND ACCEPTANCE CERTIFICATE

To: ZMFU II, INC.
One South Main Street, 17th Floor
Salt Lake City, Utah 84133

Reference is made to the Non-BQ Lease/Purchase Agreement between the undersigned ("Lessee"), and ZMFU II, INC. (the "Bank"), dated July 15, 2026 , (the "Lease") and to that part of the Leased Property described therein which comprises personal property (collectively, the "Equipment"). In connection therewith we are pleased to confirm to you the following:

1. All of the Equipment has been delivered to and received by the undersigned; all installation or other work necessary prior to the use thereof has been completed; said Equipment has been examined and/or tested and is in good operating order and condition and is in all respects satisfactory to the undersigned and as represented, and that said Equipment has been accepted by the undersigned and complies with all terms of the Lease. Consequently, you are hereby authorized to pay for the Equipment in accordance with the terms of any purchase orders for the same.

2. In the future, in the event the Equipment fails to perform as expected or represented we will continue to honor the Lease in all respects and continue to make our rental and other payments thereunder in the normal course of business and we will look solely to the vendor, distributor or manufacturer for recourse.

3. We acknowledge that the Bank is neither the vendor nor manufacturer or distributor of the Equipment and has no control, knowledge or familiarity with the condition, capacity, functioning or other characteristics of the Equipment.

4. The vehicle identification number for each item of Equipment which is set forth on Exhibit "B" to the Lease is correct.

This certificate shall not be considered to alter, construe, or amend the terms of the Lease.

DRAFT

Agenda Date: 06/18/2026 **Agenda Item Number:** 12

Subject:

Public hearing and consideration of Ordinance No. 2026-048 vacating a portion of a utilities easement and drainage easement located along the rear lot line of Lot 76 of the Bloomington Country Club No. 6 Subdivision.

Item at-a-glance:

Staff Contact: Todd Jacobsen

Applicant Name: Brandon Anderson, Rosenberg Associates

Reference Number: PLANLRE26-013

Address/Location:

1343 West Nelson Circle

Item History (background/project status/public process):

The plat for Bloomington Country Club No. 6 Subdivision identifies utility and drainage easements along both the front and rear of each lot. The applicant is requesting that the utilities easement and drainage easement located along the rear property line be vacated. Vacating these easements will allow the property owner to incorporate the parcel acquired from Bloomington Country Club into the existing lot, thereby increasing the overall size of Lot 76. The Joint Utilities Commission recommended approval.

Staff Narrative (need/purpose):

A subdivision amendment for Bloomington Country Club No. 6 Subdivision Partial Amendment B has been submitted into City Inspect and is currently in the review process as reference number PLANFPA26-015.

Name of Legal Dept approver: Jami Brackin

Budget Impact: No Impact

Recommendation (Include any conditions):

The Joint Utility Commission (JUC) has reviewed the proposed vacation and has recommended its approval.

AN ORDINANCE VACATING A PORTION OF A UTILITIES EASEMENT AND DRAINAGE EASEMENT LOCATED IN THE CITY OF ST. GEORGE, WASHINGTON COUNTY, UTAH
(rear of Lot 76, Bloomington Country Club No. 6 Subdivision)

WHEREAS, a petition has been submitted to the City Council of the City of St. George requesting the vacation of a portion of a utilities easement and drainage easement located along the rear lot line of Lot 76, Bloomington Country Club No. 6 Subdivision, according to the official plat thereof on file in the Office of the Washington County Recorder as Doc. No. 136799, said portion being more particularly described in Exhibit A and depicted in Exhibit B, attached hereto and incorporated herein by this reference; and

WHEREAS, the existing utilities easement and drainage easement are proposed to be relocated along the Southerly lot line in connection with Bloomington Country Club No. 6 Subdivision Partial Amendment B; and

WHEREAS, the Joint Utility Commission (JUC) has reviewed the proposed easement vacation and has recommended approval thereof; and

WHEREAS, the City Council has determined that the adoption of this Ordinance does not negatively impact the health, stability, and/or formation of families within the City;

NOW, THEREFORE, BE IT ORDAINED, by the City Council of the City of St. George, Washington County, Utah, as follows:

1. **Vacation of Easement**: The portion of the utilities easement and drainage easement located along the rear lot line of Lot 76, Bloomington Country Club No. 6 Subdivision, as more particularly described in Exhibit A and depicted in Exhibit B, is hereby vacated.
2. **Effective Date**: This Ordinance shall take effect upon adoption, recording, and posting in the manner required by law.

SHEET 1 OF 1 SHEETS

Agenda Date: 06/18/2026 **Agenda Item Number:** 13

Subject:

Public hearing and consideration of Ordinance No. 2026-049 vacating all easements on Lots 3, 4, and former Sac Street, City of St. George Industrial Park, except for the Pole Line Easement crossing Lot 3.

Item at-a-glance:

Staff Contact: Todd Jacobsen

Applicant Name: Roger Bundy, R&B Surveying

Reference Number: PLANLRE26-012

Address/Location:

1313 East 700 North Street

Item History (background/project status/public process):

The City of St. George Industrial Park subdivision plat depicts easements along the perimeter of the lots as well as easements crossing through the lots. Several of these easements cannot be accurately plotted because they are not defined by metes and bounds descriptions. Therefore, this request proposes to vacate all existing easements within the affected area, with the exception of the Pole Line Easement that runs east-west across Lot 3, which will remain in place. As part of the proposed subdivision amendment, new easements will be dedicated along the boundaries of the reconfigured lots to accommodate existing and future utility needs. It should also be noted that Sac Street was vacated by City Council action many years ago and is now owned by the adjoining lot owners. This request includes the vacation of any remaining easements located within the former Sac Street right-of-way. The proposed subdivision amendment will reconfigure the boundaries and layout of Lots 3 and 4, and the new easements will be granted as part of the approval and recording of the amended subdivision plat. The Joint Utilities Commission has recommended approval.

Staff Narrative (need/purpose):

A subdivision amendment for the City of St. George Industrial Park Partial Amendment A has been submitted into City Inspect and is currently in the review process as reference number PLANFPA26-014.

Name of Legal Dept approver: Jami Brackin

Budget Impact: No Impact

Recommendation (Include any conditions):

The Joint Utility Commission (JUC) has reviewed the proposed vacation and has recommended its approval.

EXHIBIT A
(LEGAL DESCRIPTION FOR VACATION OF EASEMENTS)

A legal description for the vacation of certain easements located within Lots 3 and 4, City of St. George Industrial Park Subdivision, according to the official plat thereof on file and of record in the Office of the Washington County Recorder, State of Utah, and within the former right-of-way of "Sac Street" as described in Document No. 00562501, being more particularly described as follows:

PARCEL 1 (POLE LINE EASEMENT VACATION): The "Pole Line Easement" running across Lot 4, City of St. George Industrial Park Subdivision, as shown on the recorded plat thereof, filed as Record No. 157302 in the office of the Washington County Recorder.

PARCEL 2 (LOT 4 DRAINAGE AND UTILITIES EASEMENT VACATION): The 7.5-foot "Drainage and Utilities Easement" lying along and measured adjacent to the entire interior boundary of Lot 4, City of St. George Industrial Park Subdivision, including that portion running along the frontage of "Sac Street", as shown and noted on said recorded subdivision plat.

PARCEL 3 (LOT 3 DRAINAGE AND UTILITIES EASEMENT VACATION): The 7.5-foot "Drainage and Utilities Easement" lying along and measured adjacent to the entire interior boundary of Lot 3, City of St. George Industrial Park Subdivision, including that portion running along the frontage of "Sac Street", as shown and noted on said recorded subdivision plat.

PARCEL 4 (SAC STREET UTILITIES EASEMENT VACATION): The Utilities Easement retained by St. George City across, over, and under the lands deeded to Scholzens for "Sac Street," as set forth and described in Document No. 00562501, on file in the office of the Washington County Recorder.

CONCLUDING CLAUSE: The intent of this description is to completely vacate and abandon the above-described easements in conjunction with the proposed St. George Industrial Park Partial Plat Amendment "A", and to be superseded by new easements dedicated simultaneously therewith.

I FURTHER CERTIFY THAT BY AUTHORITY OF THE OWNERS I HAVE MADE A SURVEY OF THE TRACT OF LAND SHOWN ON THIS PLAT, I HAVE VERIFIED ALL MEASUREMENTS, AND HAVE FOUND MONUMENTS AS SHOWN IN ACCORDANCE WITH SECTION 17-73-504 AND HAVE PREPARED THE HEREON EXHIBIT FROM RECORD INFORMATION CONTAINED ON THE ST. GEORGE INDUSTRIAL PARK SUBDIVISION PLAT FILED AS RECORDED # 157302, AND RECORD DEED DOCUMENTS FOR "SAC STREET" CONVEYANCE FROM ST. GEORGE CITY TO SCHOLZEN, AND UAMPS POWER LINE EASEMENT ALL RECORDED IN THE OFFICE OF THE WASHINGTON COUNTY RECORDER, STATE OF UTAH.

PROFESSIONAL LAND SURVEYOR
6/3/26
7654
ROGER M. BUNDY
STATE OF UTAH

NARRATIVE

THE PURPOSE OF THE HEREON EXHIBIT IS TO SHOW THE EXISTING DRAINAGE AND UTILITIES EASEMENTS DEDICATED ON THE CITY OF ST. GEORGE INDUSTRIAL PARK SUBDIVISION RECORDED PLAT, AND RETAINED FOR "SAC STREET" WHEN "SAC STREET" WAS DEEDED TO SCHOLZENS AS NOTED IN DOCUMENT NO. 00562501 FILED IN THE OFFICE OF THE WASHINGTON COUNTY RECORDER. ALL EASEMENTS ARE BEING VACATED BY CITY ORDINANCE AND IN CONJUNCTION WITH PROPOSED ST. GEORGE INDUSTRIAL PARK PARTIAL PLAT AMENDMENT "A" OF THE CITY OF ST. GEORGE INDUSTRIAL PARK SUBDIVISION LOTS 3 AND 4. EASEMENTS TO BE VACATED SPECIFICALLY INCLUDE:

- "POLE LINE EASEMENT" ACROSS LOT 4 AS SHOWN ON THE RECORDED PLAT FOR CITY OF ST. GEORGE INDUSTRIAL PARK FILED AS RECORDED #157302 (NO POLE LINE ANY LONGER EXISTS).
- 7.5' "DRAINAGE AND UTILITIES EASEMENT" AROUND THE INTERIOR BOUNDARY OF LOT 4, INCLUDING ALONG THE FRONTAGE OF "SAC STREET" AS SHOWN AND NOTED ON CITY OF ST. GEORGE INDUSTRIAL PARK SUBDIVISION RECORDED PLAT.
- 7.5' "DRAINAGE AND UTILITIES EASEMENT" ALONG THE INTERIOR BOUNDARY OF LOT 3, INCLUDING ALONG THE FRONTAGE OF "SAC STREET" AS SHOWN AND NOTED ON CITY OF ST. GEORGE INDUSTRIAL PARK SUBDIVISION RECORDED PLAT.
- UTILITIES EASEMENT RETAINED BY ST. GEORGE CITY PER DOCUMENT NO. 00562501 FILED IN THE OFFICE OF THE WASHINGTON COUNTY RECORDER, STATE OF UTAH.

NOTE: ONLY THE EASEMENTS DEPICTED HEREON ARE PROPOSED TO BE VACATED. ANY EXISTING EASEMENTS NOT SHOWN ARE NOT INTENDED TO BE AFFECTED BY THIS PETITION AND SHALL REMAIN IN FULL FORCE AND EFFECT. NEW MUNICIPAL UTILITY EASEMENTS (MUEs) ARE PROPOSED TO BE DEDICATED WITH THE RECORDING OF THE PROPOSED ST. GEORGE INDUSTRIAL PARK PARTIAL AMENDMENT "A" SUBDIVISION PLAT. THESE PROPOSED EASEMENTS INCLUDE THOSE LOCATED AROUND THE INTERIOR BOUNDARIES OF LOTS 3 AND 4, AS WELL AS EASEMENTS THAT FOLLOW EXISTING MUNICIPAL UTILITY INFRASTRUCTURE CROSSING SAID LOTS AND PARCEL NO. SG-5-2-20-1234.

EXHIBIT B

ST. GEORGE INDUSTRIAL PARK SUBD. LOTS 3 AND 4 EASEMENTS VACATION

Agenda Date: 06/18/2026 **Agenda Item Number:** 14

Subject:

Consider approval of Ordinance No. 2026-050 amending the City Zoning Map by changing the zone from R-1-10 (Residential, 10,000 ft minimum lot size) to PD-R (Planned Development Residential) on approximately 42.86 acres located generally southwest of the Gap Canyon Parkway and 1790 West intersection. (Case No. 2026-ZC-009 - Divario PA-2 Allora Village)

Item at-a-glance:

Staff Contact: Dan Boles

Applicant Name: Unified Business Alliance, Jared Huish

Reference Number: 2026-ZC-009

Address/Location:

Generally located south-west of the Gap Canyon Parkway and 1790 West intersection

Item History (background/project status/public process):

The proposal is for a multi-family project consisting of 410 townhome and apartment units with a density of 12.28 dwelling units per acre. At their meeting held on May 26, 2026, the Planning Commission held a public hearing and recommended approval with conditions, with a vote of 6-0. There were no public comments.

Staff Narrative (need/purpose):

In 2023, the applicant received approval for a 450 unit development consisting of primarily townhomes and apartments similar to the current proposal. They didn't take action through a site plan or final plat and their approvals lapsed. With that lapse, the zoning reverted back to R-1-10. In order to move forward, they are seeking approval of a PD-R zoning again.

Name of Legal Dept approver: Jami Brackin

Budget Impact: No Impact

Recommendation (Include any conditions):

On May 26, 2026, the Planning Commission held a public hearing on the request and recommend approval of the application with a 6-0 vote and with the following conditions: 1.Power design is subject to JUC review.2.Access to trails will be required.3.Any public roads on the interior of the site must meet all standards for public streets including cross-section.4.A site plan must be submitted prior to any construction on the site.

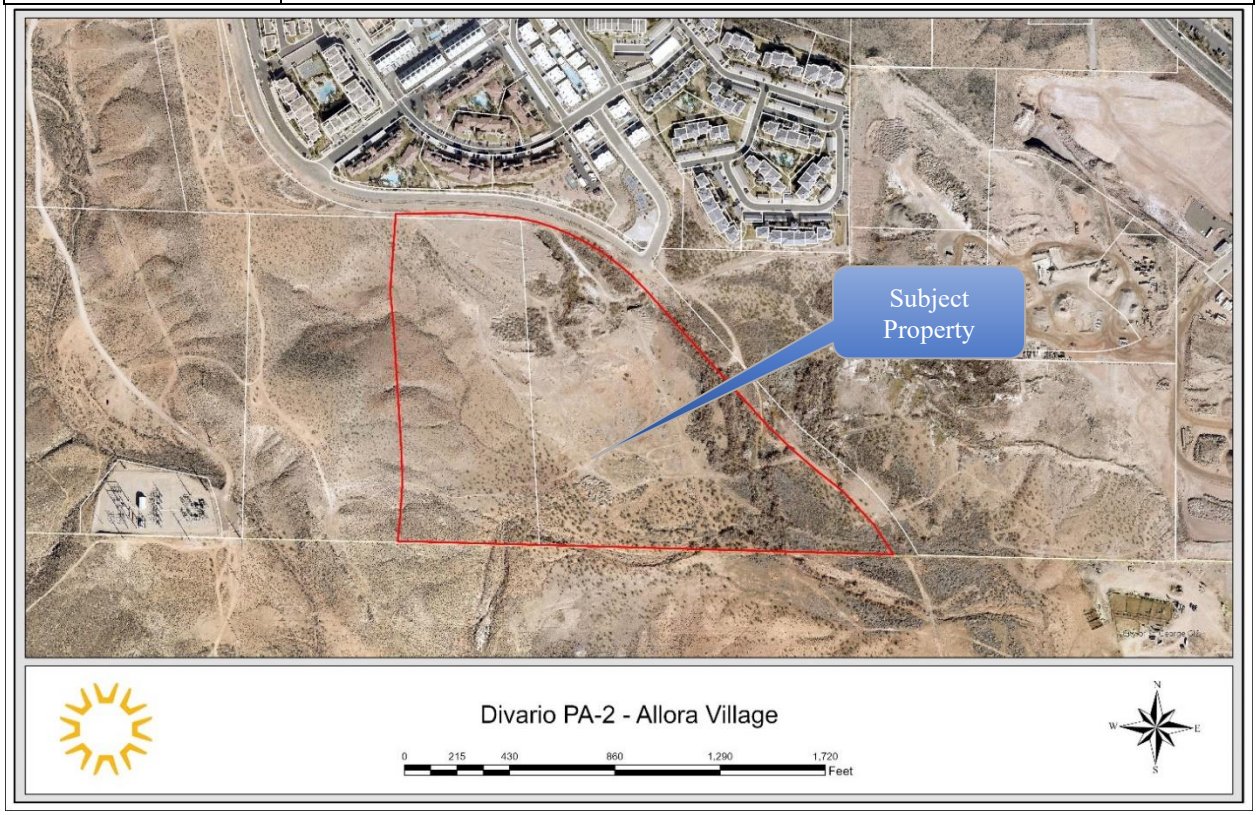
ZONE CHANGE

PLANNING COMMISSION AGENDA REPORT: 05/26/2026
CITY COUNCIL AGENDA REPORT: 06/18/2026

Allora Village (Divario PA-2) Zone Change Zone Change (Case No. 2026-ZC-009)		
Request:	Consider changing the zone from R-1-10 (Residential, 10,000 ft² minimum lot size) to PD-R (Planned Development Residential) on approximately 42.86 acres to allow for the construction of a mix of townhomes and apartments. They are proposing a total of 410 units.	
Applicant:	Unified Business Alliance, Jared Huish	
Location:	The property is generally located south-west of the Gap Canyon Parkway and 1790 West intersection.	
General Plan:	PD (Planned Development)	
Existing Zoning:	R-1-10 (Residential, 10,000 ft² minimum lot size)	
Surrounding Zoning:	North	PD-R (Planned Development Residential)
	South	G&G (Gravel and Grazing)
	East	PD-R (Planned Development Residential)
	West	R-1-10 (Residential, 10,000 ft² minimum lot size)
Land Area:	Approximately 42.86 acres (33.37 acres without open space)	



Background:
The property was annexed as part of the Plantations Land in 1994. A PD (Planned Development) was approved on at least two separate occasions, but because construction did not occur, those approvals expired and the property reverted to its current R-1-10 zoning. In 2007, a development agreement was approved between the developer and the city for a project then known as “The Lakes.” The project has since been renamed “Divario.” An updated development agreement was approved in 2014, establishing the parameters of development, planning areas, and related requirements.

The zoning for this particular planning area, PA-2, was previously approved in September 2023. At that time, however, the applicant was unable to move the project forward due to market conditions. As a result, the PD zoning approval lapsed, and the property reverted back to the underlying R-1-10 zoning. The applicant believes market conditions have improved and that the timing is now better for the project to move forward.

Development Agreement
Originally, PA-2 was slated for medium density development up to nine units per acre. The development agreement was amended and recorded to allow the transfer of units and allow up to 15 units per acre with a maximum number of 450 units (15 units per acre is high density under the terms of the Divario Development Agreement). The applicant, along with the master developer in 2023, requested to move density from PA-13 to the subject property allowing for up to a maximum of 450 units on PA-2. This agreement was recorded accordingly and is still in effect.

Old Site Vs. New Site Plan
When compared side by side, it would appear that the proposed site plan is busier than that of the old. Interestingly, the applicant has reduced the number of units from 450 down to 410 taking the density from 13.48 units per acre to 12.28 units per acre. They eliminated several stacked units in favor of townhomes due to the topography of the northern end of the property. They believe that they can work better with the existing topography with townhomes. They can step down the buildings unit by unit. This is more difficult with a single large apartment building. The amount of open space remains preserved (as described in the following paragraph), and the overall public road layout remains largely unchanged.

Proposed Site Details:
The site is currently free from any buildings or structures. It is situated directly west of the approved Circolo Villas (PA-1 – also vacant). That said, the property is not adjacent to existing development at this time. Finally, and very importantly, the Divario development agreement land use map (Exhibit B) depicts areas on the south and on the west of the proposed development which is to be left completely undisturbed and as described above may not be counted toward the density of the project. Additionally, in the same areas of the dedicated open space areas are floodplains. Buildings may not

be constructed in floodplains however, parking, open space, and amenities may be located in that space.

The proposed site plan illustrates where the buildings, streets, open space, parking, trails, etc. will be located. The site plan depicts two basic types of buildings to be constructed on

the site: townhomes and apartments. The southern and the majority of the western boundaries have been left open in order to accommodate the required open space identified in the Divario Development Agreement.

Parking: Under section 10-19-4(A)(4) of the St. George zoning code, each unit is required to provide two parking stalls, one of which must be covered, plus one stall for every three units for guest parking. With 410 units, this would yield a total requirement of 957 stalls (2x410=820+137 guest stalls). 410 of the stalls must be covered (garages may be included). The site provides a total of 958 stalls, which meets the requirement for both residents and guest parking. A breakdown of the parking can be found on the submitted plans.

Access: The site shows two access points onto Gap Canyon Parkway. From Gap Canyon, additional access onto Skyrocket Drive will be available as discussed with the Circolo Villas application. Timing on Sky Rocket Road is unknown currently though plats are currently being circulated for dedication of the right-of-way. The Fire Department has reviewed the access and has approved it conceptually from a Fire standpoint. The Fire code requires a minimum of two access points out of the development as proposed.

Elevations: Six building styles are proposed for the development. The first is a “tuck-under” townhouse, with garages located beneath the structure. These units are built into the hillside, are approximately 35 feet in height, and each includes a two-car garage. The second style is a more traditional townhome, approximately 30 feet in height, with garage parking provided for each unit. The third style consists of an eight-unit townhome building. These townhouse styles allow the applicant to better work with the existing topography rather than requiring significant grading of the site.

In addition, the applicant is proposing a series of stacked apartment buildings, primarily on the south side of the property. These buildings will be similar in height (approximately 36-38 feet tall) but will vary in footprint size. The following table provides a breakdown of the number of units within each building type.

	Stories	One-Bedroom	Two-Bedroom	Totals
Building 1	2/3	10	10	20
Building 2	2/3	2	8	10
Building 3	2/3	15	10	25
Building 4	2/3	15	10	25
Building 5	3	12	12	24
Building 6	3	12	12	24
Building 7	3	12	6	18
Building 8	3	12	6	18
Building 9	3	12	6	18
Building 10	2	8	4	12
Building 11	3	12	12	24
Building 12	3	12	12	24
Building 13	3	12	12	24
Totals:		**146**	**120**	**266**
		55%	45%	

Landscaping/Amenities: The site is required to maintain a minimum of 30% landscaping/open space. The site has been designed with 32% formal landscaping and to be clear, the site is not allowed to count the open, undisturbed areas shown on the Divario Exhibit 'B' as non-disturbable. Additionally, a multi-family development must provide usable recreation areas, in this case at least 82,000 ft². The applicant is indicating over 599,000 ft² of open space/landscape area with approximately 112,000 ft² usable amenity area. The site depicts a community pool, clubhouse, children's play area, trail along south perimeter, sports courts scattered throughout the community, and an exterior social area. The details on all the amenities and landscaping will be reviewed at the time of site plan but are noted on the site plan.

Traffic Impact: Staff have had concerns about the scale and number of units in the area, especially in relation to the other projects. Though this project will likely have less direct impact on existing development than some of the other recently proposed planning areas, there is still an impact on the road system in the area. That said, this project has the benefit of being directly across from the Gap Canyon Pkwy and Sky Rocket Road intersection. Sky Rocket will take a bulk of people directly to Dixie Drive and Gap Canyon will take traffic to the north (and south once completed).

Staff Comments and Conditions:

Power

1. The placement of power equipment to serve the units in this type of development can be challenging. The Developer and Engineer should be aware that comments will be made during the JUC process regarding powerline and equipment installation meeting the current Underground Power standards.
2. Power design is subject to JUC review.

Fire

1. Fire reviewed the proposed plan and had no comments.

Parks

1. This plan gives good access to open space along the west road and retains more of the native landscape and public open space.
2. Access to trails will be required.

Engineering

1. Any public roads on the interior of the site must meet all standards for public streets including cross-section.

Planning

1. A site plan must be submitted prior to any construction on the site.

PC Hearing & Recommendation:

On May 26, 2026, the Planning Commission held a public hearing in order to receive comment from the public on the proposed zone change. No public comment was given and the Planning Commission recommended approval with a 6-0 vote.

Alternatives:

1. Recommend approval as presented.
2. Recommend approval with conditions.
3. Recommend denial.
4. Continue the proposed zone change and development agreement amendment to a future date.

Possible Motion: “I move that we approve the zone change for PA-2 Allora Village as presented, case no. 2026-ZC-009, based on the findings and subject to the conditions listed in the staff report.”

Findings for Approval:

1. The proposed zoning is consistent with the Divario Development Agreement and General Plan designation for the property.
2. The development provides a mix of housing types while reducing the overall number of units from the previously approved concept.
3. The site plan responds to the natural topography of the property.
4. The project meets applicable site design requirements for parking, access, and open space.
5. The development preserves required open space and avoids disturbance in sensitive areas identified in the development agreement. The southern and western portions of the property remain open as required, and buildings are not proposed within designated floodplain areas.

EXHIBIT A

APPLICANT NARRATIVE

DIVARIO PA-2

Planned Development Residential (PD-R)

Detailed Project Narrative

St. George, Utah

May 20, 2026

1. Project Overview

This narrative accompanies the Planned Development Residential (PD-R) zone change application for Planning Area 2 (PA-2) within the Divario Master Planned Community in St. George, Utah. The site development plan has been prepared by Pel-Ona Architects & Urbanists (Ronnie Pelusio, AIA, LEED AP; Korkut Onaran, Ph.D., CNU).

Divario is a 730-acre mixed-use master planned community approved for up to 3,186 residential units under a fully entitled and recorded City Development Agreement. PA-2 is designated as a Residential development parcel. The parcel is located along Gap Canyon Parkway within the northern portion of the Divario master plan, bounded by the parkway on its north and east edges and adjoining open space and canyon areas to the south and west.

The proposed development of PA-2 delivers a cohesive, walkable residential neighborhood comprising 410 dwelling units across two distinct product types: 144 for-sale townhouse units and 266 apartment units distributed among 13 multifamily buildings. The plan preserves approximately 9.49 acres (22.3%) as untouched open space and dedicates an additional 1.43 acres to a central park, ensuring that the community’s defining relationship with the surrounding natural canyons and trail systems is maintained.

2. Detailed List of Proposed Uses

PA-2 proposes two primary residential use categories and several supporting amenity and infrastructure uses, described in detail below.

2.1 Townhouse Residential (Area 1)

A total of 144 townhouse units is organized into four development blocks (Blocks 1 through 4) and are configured in three distinct building types adapted to the site’s topography:

Flat Townhouses: 59 units are located on relatively level terrain and present a conventional two- to three-story townhouse form with at-grade attached garages.

Uphill (Tuck-Under) Townhouses: 50 units are designed for sloped conditions, with garage-level parking tucked beneath the primary living level, taking advantage of the grade change to reduce visible building mass from the uphill side.

Downhill Townhouses: 35 units address downslope conditions, presenting a stepped building form that follows the natural grade and minimizes the need for earthwork.

The townhouse blocks are distributed as follows:

Type	Block 1	Block 2	Block 3a	Block 4
Flat	12	24	23	0
Uphill (Tuck-Under)	30	14	6	0
Downhill	23	12	0	0
Block Total	**65**	**50**	**29**	**0**

2.2 Apartment Residential (Area 2)

A total of 266 apartment units is proposed within 13 multifamily buildings, located in the southern portion of the site (Area 2). The buildings range from 2 stories to 3 stories in height and contain a mix of one-bedroom and two-bedroom floor plans. The overall unit mix is approximately 55% one-bedroom units (146 units) and 45% two-bedroom units (120 units).

The apartment buildings are distributed as follows:

Building	Stories	1-BR	2-BR	Total Units
Bldg 1	2/3	10	10	20
Bldg 2	2/3	2	8	10
Bldg 3	2/3	15	10	25
Bldg 4	2/3	15	10	25
Bldg 5	3	12	12	24
Bldg 6	3	12	12	24
Bldg 7	3	12	6	18
Bldg 8	3	12	6	18
Bldg 9	3	12	6	18
Bldg 10	2	8	4	12
Bldg 11	3	12	12	24
Bldg 12	3	12	12	24
Bldg 13	3	12	12	24
Totals		**146**	**120**	**266**

2.3 Community Amenities and Supporting Uses

The plan includes the following amenity and supporting uses that serve both the townhouse and apartment residents:

Community Building and Swimming Pool: A centrally located clubhouse and resort-style swimming pool are positioned at the interface between the townhouse area (Area 1) and the apartment area (Area 2), providing shared amenities accessible to residents.

Sport Courts: Dedicated sport courts (pickleball, basketball, or similar) are located adjacent to the community building, providing active recreation opportunities.

Central Park: A 1.43-acre central park is situated between the townhouse and apartment areas, functioning as the neighborhood's primary communal gathering space and providing a landscaped buffer between the two residential zones.

Sheltered Parking (Carports): Covered carport structures are distributed throughout the site to supplement garage and surface parking for apartment residents.

2.4 Non-Residential Uses

No commercial, office, retail, or other non-residential uses are proposed within PA-2. The parcel is designated for residential use only under the Divario Development Agreement. Commercial uses are provided elsewhere within the master plan, including the 26-acre commercial allocation and the PA-8 mixed-use village center.

3. Proposed Density

3.1 Dwelling Units Per Gross Acre

The total PA-2 site encompasses 42.49 gross acres (1,850,975 square feet), as detailed in the area counts provided by Pel-Ona Architects & Urbanists. With 410 total dwelling units proposed, the gross density is calculated as follows:

410 dwelling units ÷ 42.49 gross acres = 9.65 dwelling units per gross acre

This density is consistent with the approved density designation of PA-2, under the Divario Development Agreement.

3.2 Net Density by Sub-Area

When analyzed by developable sub-area (excluding open space and rights-of-way), the net densities are as follows:

Sub-Area	Acres	Units	Units/Acre (Net)
Area 1 (Townhouses)	11.46	144	12.57
Area 2 (Apartments)	14.32	266	18.58
Combined Developable	**25.78**	**410**	**15.90**

3.3 Non-Residential Floor Area

As noted above, no non-residential uses are proposed within PA-2. The proposed floor area ratio for non-residential uses is zero (0.0 FAR). All commercial and mixed-use allocations within the Divario master plan are addressed in separate planning areas.

4. Description of Proposed Land Use and Coverage

The following table summarizes the allocation of land within PA-2 by use category, based on the area calculations provided in the Pel-Ona site development plan:

Land Use Category	Square Feet	Acres / % of Total
Area 1 – Townhouses	499,222 SF	11.46 ac (27.0%)
Area 2 – Apartment Buildings	623,607 SF	14.32 ac (33.7%)
Untouched Open Space	413,169 SF	9.49 ac (22.3%)
Central Park	62,398 SF	1.43 ac (3.4%)
Rights-of-Way (ROW)	252,579 SF	5.80 ac (13.6%)
TOTAL	**1,850,975 SF**	**42.49 ac (100.0%)**

The combined open space and park allocation totals 10.92 acres, representing 25.7% of the gross site area. This substantially exceeds typical PD-R open space requirements and reflects the Divario master plan's commitment to preserving the natural canyon landscape and providing community recreation areas.

Building coverage, parking area, and landscaped area within Areas 1 and 2 will be further delineated at the preliminary plat and site plan review stages. However, the following general characterization applies:

Building Coverage: Townhouse footprints within Area 1 are configured in attached rowhouse clusters of varying width. Apartment buildings within Area 2 are primarily 2- and 3-story walk-up structures with a mix of breezeway and direct-entry configurations. Estimated building coverage across the developable area is approximately 30–35%.

Parking Area: Townhouse parking is provided through attached garages (140 garage spaces in Block 1, 100 in Block 2, for a total of 300 attached garage spaces across all townhouses). Apartment parking includes a combination of surface parking, carport/covered parking (174 carport spaces total), and surface lots (484 surface spaces), totaling 958 provided off-street parking spaces across the entire development.

Landscaped Area: The remaining developable area not occupied by buildings, parking, or internal drives is landscaped, along with the 1.43-acre central park and perimeter buffering. Combined with the 9.49 acres of untouched open space, total green and landscaped area is estimated at approximately 40–45% of the gross site.

5. Parking Analysis

The development provides parking through a combination of attached garages, surface parking, and sheltered carport structures. The following table summarizes provided parking by block:

Parking Type	Block 1	Block 2	Block 3a	Block 3b	Block 4	Total
Units	65	50	29	236	30	**410**
Carport	0	0	0	154	20	**174**
Surface	36	16	0	376	56	**484**
Attached Garages	140	100	60	0	0	**300**
Total Provided	**176**	**116**	**60**	**530**	**76**	**958**

In addition to the 958 off-street parking spaces summarized above, the site plan identifies 269 on-street parking spaces available along internal streets, bringing the total available parking to 1,227 spaces.

The standard City of St. George parking requirement for this development would be 957 spaces (288 spaces for townhouses at 2.0 per unit, 532 spaces for apartment units at 2.0 per unit, and 137 guest parking spaces). With 958 off-street spaces provided, the development exceeds the standard code requirement.

6. Location and Boundaries of Parks, Open Spaces, and Common Areas

6.1 Untouched Open Space (9.49 acres)

Approximately 413,169 square feet (9.49 acres) of natural terrain along the southern and western edges of PA-2 is designated as untouched open space. This area preserves the existing canyon topography and native vegetation, maintaining visual and physical continuity with the broader Divario trail system and the adjacent BLM land. No grading, construction, or improvements are proposed within this area. This open space buffer provides a natural transition between the developed portions of PA-2 and the surrounding canyon landscape that defines the Divario community’s character.

6.2 Central Park (1.43 acres)

A 62,398-square-foot (1.43-acre) central park is located at the heart of the PA-2 development, situated between the townhouse area (Area 1) to the north and the apartment area (Area 2) to the south. The park provides a shared amenity for both residential zones and is intended to include passive recreation areas, landscaping, and pedestrian pathways connecting the two neighborhoods. The central park also visually separates the lower-density townhouse product from the higher-density apartment buildings, creating a green buffer that reduces the perceived density of the development.

6.3 Community Building, Pool, and Sport Courts

A community building with a swimming pool is located centrally within the site, adjacent to the central park. Sport courts are positioned nearby. Together, these facilities provide the active recreation component required under the PD-R amenity standards. These amenities are accessible to all PA-2 residents and are consistent with the lifestyle-oriented design philosophy of the Divario master plan.

6.4 No School or Church Sites

No school sites, church sites, or other institutional uses are proposed within PA-2. The Washington County School District and area places of worship are served by facilities located outside the Divario master plan boundaries.

7. Phasing Plan

The applicant intends to develop PA-2 in a phased approach, although specific phasing boundaries and timelines will be refined during the preliminary plat stage. The following general phasing framework is anticipated:

Phase 1 – Infrastructure and Townhouse Blocks 1–2: Initial development would focus on extending Gap Canyon Parkway frontage improvements, constructing internal roadways serving the northern portion of the site, and delivering the first townhouse blocks (Block 1: 65 units; Block 2: 50 units). Utility infrastructure (water, sewer, storm drainage) would be installed to serve the full buildout, with initial connections sized to accommodate Phase 1 demand.

Phase 2 – Townhouse Block 3a and Community Amenities: The second phase would complete the townhouse program (Block 3a: 29 units) and construct the community building, swimming pool, sport courts, and central park improvements. Delivering the amenities in Phase 2 ensures that they are available to residents of the initial townhouse phases and are in place before the higher-density apartment development commences.

Phase 3 – Apartment Buildings: The apartment buildings in Area 2 (266 units across 13 buildings) would be constructed in the final phase or potentially split into two sub-phases depending on market absorption. Carport structures and surface parking serving the apartment buildings would be constructed concurrently with the apartment buildings they serve.

The phasing plan is designed to ensure that infrastructure capacity, community amenities, and parking are delivered in a logical sequence that supports each phase’s occupancy. Specific phasing commitments, including any required infrastructure triggers and bonding, will be addressed in the development agreement and preliminary plat conditions of approval.

8. Architectural Character and Materials

The Pel-Ona site development plan establishes a cohesive architectural vocabulary for PA-2 that is consistent with the broader Divario design standards. Key architectural elements include:

The 24-Unit Apartment Building presents a 3-story walk-up form with articulated facades, varied roof planes, covered entry porches, and a mix of lap siding and panel materials. The building

massing is broken into distinct modules to reduce apparent scale. The rendering shows a flat/low-slope roofline with parapet elements, consistent with the desert contemporary and territorial design character common to southern Utah.

The Uphill (Tuck-Under) Townhouse is designed for graded lots where the garage level is partially below grade on the uphill side. This results in a 2.5- to 3-story presentation from the street, with the garage level reading as a foundation. Roof forms include a mix of gable and shed elements. Materials include fiber cement lap siding, board and batten accents, and stone-look foundation cladding.

The Downhill Townhouse is designed for lots that slope away from the street, presenting a 2-story face to the street with an additional level revealed on the downhill side. Roof forms are predominantly gable with shed dormers. The architectural character is residential in scale and is designed to transition harmoniously to the adjacent single-family neighborhoods.

The submittal of the material board accompanies this application and the exterior color palette is also documented on Page 6 of the Pel-Ona plans, which draws from 35 Sherwin-Williams colors in the 2021 Color Series, organized into body/trim, door, woodwork, and foundation categories. The palette emphasizes warm earth tones, muted greens, and soft grays that complement the surrounding red rock landscape. Roofing materials include Tamko asphalt shingles (Olde English Pewter, Desert Sand, Weathered Wood, Rustic Redwood, Rustic Black) and Bartile concrete roof tiles in complementary slate tones.

9. Building Heights

Per the Pel-Ona site development plan, the apartment buildings within PA-2 range from 2 stories to 3 stories. No 4-story buildings are proposed within this planning area. The tallest buildings on the site are the 3-story apartment buildings (Buildings 5 through 9 and 11 through 13), which are anticipated to measure approximately 36 to 38 feet.

The townhouse buildings vary in presentation depending on topographic configuration: flat townhouses present 2 to 3 stories above grade; uphill (tuck-under) townhouses present 2.5 to 3 stories from the street with a partially below-grade garage level; and downhill townhouses present 2 stories to the street with an additional level on the downhill elevation. In all cases, building heights are expected to fall within the 40-foot maximum permitted under the PD-R zone (St. George City Code § 10-7F-5).

No request for increased building height beyond the 40-foot PD-R standard is anticipated for PA-2.

10. Consistency with the Divario Master Plan

The proposed PA-2 development is consistent with the vision and framework established by the Divario Development Agreement and master plan. The development delivers medium-density residential product in a planning area designated for that purpose, preserves more than 25% of the site as open space, provides community amenities and recreation facilities, and transitions

sensitively from higher-density apartment buildings in the interior of the site to lower-density townhouse forms along the perimeter. The architectural character, exterior materials, and color palette are designed to complement the natural landscape setting and the existing built environment within other Divario neighborhoods. Access is provided via Gap Canyon Parkway, which is the primary collector road serving the northern portion of the Divario master plan.

PUBLIC COMMENT

St.George
THE BRIGHTER SIDE

Dan Boles <daniel.boles@sgcityutah.gov>

Divario -Allora Village

1 message

Shirlene Peck [redacted] Thu, May 21, 2026 at 12:47 PM
To: dan.boles@sgcityutah.gov

Dan,

I am Shirlene Peck, an owner of a condo in Estancia, which borders this project. I am concerned that 438 new units, which could easily produce 1,533 new drivers on the road next to us (3.5 people per unit), is not reasonable, especially when an R-10 zone using the same 3.5 ratio per unit would only produce 150 new drivers. I was looking at the map you provided and knowing the road to get in and out of our area, there is only one road in and out of this large area now. Adding that many drivers would create a public safety issue that I hope the City would never allow.

I do not see an additional exit road even proposed for this development. Therefore, as a very concerned citizen, I would ask the Council and Planning Comission to not allow this Zone change without further changes to this proposal. The developers need to provide a new exit road for this area.

Sincerely,
Allen and Shirlene Peck
[redacted]

Uphill (Tuckunder) Townhouse

ORDINANCE NO._____

AN ORDINANCE AMENDING THE CITY ZONING MAP BY AMENDING THE ZONING ON DIVARIO PA-2 FROM R-1-10 (RESIDENTIAL SINGLE FAMILY) TO PD-R (PLANNED DEVELOPMENT RESIDENTIAL) , LOCATED GENERALLY SOUTH-WEST OF THE GAP CANYON PKWY AND 1790 WEST INTERSECTION FOR THE PURPOSE OF ALLOWING A 410 UNIT MULTI-FAMILY DEVELOPMENT TO BE KNOWN AS ALLORA VILLAGE, WITH CONDITIONS FROM PLANNING COMMISSION.

(PA-2 Allora Village)

WHEREAS, the property owner has requested a zone change from R-1-10 (Single Family Residential) to PD-R (Planned Development Residential) on a parcel of land within the Divario Development area known as PA-2 which consists of open space and maximum development acreage of 33.99 acres located generally south-west of the Gap Canyon Pkwy and 1790 West intersection for the purpose of allowing a 410 unit multi-family townhome and apartment development to be known as Allora Village; and

WHEREAS, a development agreement between the St. George City and St. George 730, LLC was recorded in the Washington County Recorders office on October 31, 2023, which amended the Divario development agreement transferring units to PA-2 and designating it as a “High Density” planning area; and

WHEREAS, the City Council has determined that the adoption of this Ordinance does not negatively impact the health, stability, and/or formation of families within the city.

WHEREAS, the City Council held a public meeting on this request on June 18, 2026, to consider a zone change from R-1-10 to PD-R; and

WHEREAS, the Planning Commission held a public hearing on the zone change on May 26, 2026, and recommended approval with a 6-0 vote with the following conditions:

1. Power design is subject to JUC review.
2. Access to trails will be required.
3. Any public roads on the interior of the site must meet all standards for public streets including cross-section.
4. A site plan must be submitted prior to any construction on the site.

WHEREAS, the City Council has determined that the requested zone change to PD-R and amendment to the Development Agreement is justified at this time, and is in the best interest of the health, safety, and welfare of the citizens of the City of St. George.

NOW, THEREFORE, BE IT ORDAINED, by the St. George City Council, as follows:

Section 1. Repealer. Any provision of the St. George City Code found to be in conflict with this Ordinance is hereby repealed.

Section 2. Enactment. The City Zoning Map shall be amended upon the Effective Date of this Ordinance to reflect the zone change from R-1-10 (Residential Single Family) to PD-R (Planned Development Residential). The zoning map amendment and location is more specifically described on

the attached property legal description, incorporated herein as Exhibit “A,” and parcel exhibit, incorporated herein as Exhibit “B”. The project must comply with all conditions, requirements, and restrictions as approved by City Council.

Section 3. Severability. If any provision of this Ordinance is declared to be invalid by a court of competent jurisdiction, the remainder shall not be affected thereby.

Section 4. Effective Date. The effective date of the zone change shall be the date upon which approval for a final site plan is received.

APPROVED AND ADOPTED by the St. George City Council, this 18th day of June 2026.
