NOTICE OF BOARD OF TRUSTEES REGULAR MEETING SOUTH DAVIS SEWER DISTRICT 1800 WEST 1200 NORTH WEST BOUNTIFUL, UTAH

PUBLIC NOTICE is hereby given that the Board of Trustees of the South Davis Sewer District, Davis County, Utah, will hold a regular Public Meeting on 18 June 2026, commencing at 5:00 p.m. at 1800 West 1200 North, West Bountiful, Utah. Remote meeting attendance will be made available electronically (ZOOM) or by telephone call-in. See instructions for Electronic Meeting Participation at the end of this Agenda. The Agenda for the meeting consists of the following:

1. Open Meeting
2. Public Comments - Provide Name, City of Residence and limit response to two minutes
3. Approval of Minutes
4. Budget Report
5. Investment Report
6. Approval of Disbursements
7. Approval of Sewer Line Agreements
8. Approval of Sewer Line Easements
9. Approval of Sewer Line Deeds
10. Consider Approval of 2025 Audit
11. Possible closed session for the purpose of discussing the character professional competence, or physical or mental health of an individual; to discuss pending or reasonably imminent litigation; to discuss the purchase, exchange, sale, or lease of real property; or to discuss the deployment of security personnel, devices, or systems. Utah Code 52-4-205
12. Consider District Clerk Appointment
13. Consider Adoption of Resolution No. 113-26 - Certified Tax Rate
14. Consider Revisions to Resolution No. 110-7 - Schedule of Charges & Fees
15. Consider Temporary Occupancy and Transition Agreement
16. Declare Surplus Property
17. North Plant Rehabilitation and Nutrient Removal Project - Report
 - Consider Change Order No. 9
18. General Manager's Report
19. Next Meeting Scheduled: 16 July 2026, 5:00 p.m.
20. Dismissal

Board action may be taken on any item listed on the Agenda whether or not identified as an action item.

Susanne F. Monsen
Assistant Clerk

The South Davis Sewer District does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or the provision of services. If you are planning to attend this public meeting and due to a disability, need assistance in understanding or participating in the meeting, please notify the District at least two (2) days in advance of the meeting and we will try to provide the required assistance. The person to contact for assistance is Susanne Monsen at 801.295.3469.

Electronic Meeting Participation

Contact Lanese Hendrickson at 801.295.3469 for a Zoom invitation.

SOUTH DAVIS SEWER DISTRICT
BOARD OF TRUSTEES
REGULAR MEETING
21 May 2026

The Board of Trustees of the South Davis Sewer District, Davis and Salt Lake Counties, met in regular session at 5:00 p.m. at the District Office located at 1800 West 1200 North, West Bountiful, Utah, with the following members present:

Howard Burningham	Chair
Ryan Westergard	Vice-Chair
Ken Romney	Trustee
Brian Horrocks	Trustee
Matt Murri	Trustee (arr. 5:20 pm)

Excused:

Len Arave	Trustee
Gina Hirst	Trustee

Others meeting with the Board:

Matt Myers	General Manager/Treasurer
Lanese Hendrickson	Assistant General Manager
Susanne Monsen	Asst Gen Manager/Asst Clerk
Candice Venn	Acting Accountant/Asst Clerk
Jacob Scott	Resident, Centerville
Ron Mortensen	Resident, Bountiful
Jay Lisonbee	Resident, Bountiful
Kirsten Curvin	GBS Benefits Inc.
Rick Stewart	GBS Benefits Inc.
Clint Weight	Blomquist Hale Solutions
Kyle Greene	Squire & Co LP
Thomas Hezeltine	Squire & Co LP

1. OPEN MEETING:

The Chair called the meeting to order at 5:04 p.m.

2. PUBLIC COMMENTS:

None.

3. CONSIDER EMPLOYEE ASSISTANCE PLAN - GBS BENEFITS INC:

Matt Myers introduced Kirsten Curvin, Rick Stewart (GBS Benefits) and Clint Weight (Blomquist Hale Solutions) to the Board to discuss the proposal to include an Employee Assistance Plan (EAP) to District employees as a new benefit. EAPs are primarily a mental health Benefit that provides employees with immediate response for mental health and other covered needs. EAPs focus is on immediate intervention, with a mechanism to transition the patient to longer-term care alternatives covered by the primary health plan (PEHP in the District's case) if needed. There is no co-pay or deductible for this benefit, no session limit and the benefit extends to the employee's immediate family. There is some limited financial counseling available through this benefit as well. Oftentimes, extreme hardship from tragic or other adverse life events can affect an employee's ability to perform their work well. The notion of finding and acquiring a mental health provider can be daunting, and even include extensive wait lists times while seeking help. This benefit attempts to provide a service that helps bridge the gap between immediate needs and long-term needs. Sometimes the need is immediate only, which can also make finding help awkward.

The cost for the District for all employees is \$3,420.00 annually, and Management will receive quarterly utilization reports showing whether employees are leveraging the benefits (with employee identities and specific utilization details remaining confidential).

Motion was made by Ryan Westergard seconded by Brian Horrocks to approve the addition of an Employee Assistant Plan (EAP) administered by Blomquist Hale Solutions to the District's employee benefit program. Motion carried with Trustees Burningham, Romney, Horrocks and Westergard voting "aye".

4. CONSIDER APPROVAL OF 2025 AUDIT:

Candice Venn and Matt Myers introduced Kyle Greene and Thomas Hezeltine with Squire to report on the progress with the 2025 financial audit. There have been a few changes to the 2025 audit. Opal-Fortistar is the new partner in Wasatch Resource Recovery (WRR) effective April 2025 making WRR an investment. WRR now owns all the assets, which means that on the District books, the total asset value will go down according to the WRR asset value, but the District's investment in WRR will increase by a correlated value. The auditor just received the necessary documents from Opal to complete this portion of the audit. There are a couple other small pieces of the audit still outstanding, but Squire is pleased with progress to date. A partial review of the 2025 audit was completed, but the final financial statements will be available for presentation at the June Board Meeting at which time the Board will be asked to approve the audit.

5. APPROVAL OF MINUTES:

The Chair asked for comments of the regular Board Meeting held 19 March 2026. After consideration motion was made by Ken Romney seconded by Matt Murri to accept the Minutes as presented. Motion carried with Trustees Burningham, Romney, Horrocks, Murri and Westergard voting "aye".

6. BUDGET REPORT:

The unaudited Budget Report ending April/2026 was presented for review. The combined Revenue Budget has received 40% in revenues. The Collection System is 31% expended; Treatment Plants are 27% expended; Industrial Pretreatment is 22% expended; Capital Expansion is 15% expended; Water Quality Group (JR/FB) is 18% expended; OU2 Remediation is 28% expended; Water Quality Group (UT LK) is 23% expended; and General & Admin is 33% expended. The budget ratio to calendar months is 33%.

7. INVESTMENT REPORT:

Current investments (April/2026) are maintained by Zions Bank, Public Treasurers Investment Fund (PTIF) and Meeder Investment Management. Zions Trust held approximately \$25.9 million at an interest rate of 3.8566% (funds are with PTIF); PTIF held approximately \$22.3 million at an interest rate of 3.8566%; and Meeder held approximately \$2.1 million at an interest rate of 3.9444%.

8. APPROVAL OF DISBURSEMENTS:

Trustees reviewed Zions Bank check numbers 37349, 37361, 37363, 37465, 37472, 37490, 37506, 37510 and 37559. After further consideration motion was made by Brian Horrocks seconded by Ryan Westergard to accept the Disbursements as presented. Motion carried unanimously with Trustees Burningham, Romney, Horrocks, Murri and Westergard voting "aye".

9. APPROVAL OF SEWER LINE AGREEMENTS:

A. THE YARD - PROJECT NO. 2-26.

Matt Myers recommended the Agreement for The Yard, located at 1155 North Redwood Road in North Salt Lake, be accepted.

B. CLIFTON PLACE SOUTH PUD PHASE 1 - DISTRICT PROJECT NO. 3-26.

Matt Myers recommended the Agreement for Clifton Place South PUD Phase 1, located at 1095 N Redwood Road in North Salt Lake, be accepted

Motion was made by Matt Murri seconded by Brian Horrocks to accept the Agreements for The Yard and Clifton Place South PUD Phase 1. Motion carried unanimously with Trustees Burningham, Romney, Horrocks, Murri and Westergard voting "aye".

10. CONSIDER AMENDMENT FOUR TO THE WASATCH FRONT WATER QUALITY COUNCIL (WFWQC) INTERLOCAL AGREEMENT:

Matt Myers provided a history of the WFWQC and District involvement for the benefit of our new Trustees. The original Interlocal Cooperation Agreement establishing the WFWQC became effective on 23 December 2008. The research and policy initiatives undertaken by the WFWQC have provided valuable and direct benefits to the District.

Motion was made by Ryan Westergard seconded by Matt Murri to approve Amendment Four to the Wasatch Water Quality Council Interlocal Agreement subject to legal review and approval. Motion carried unanimously with Trustees Burningham, Romney, Horrocks, Murri and Westergard voting "aye".

11. RINGCENTRAL PHONE NUMBER FOR BOARD MEMBERS:

Lanese Hendrickson revisited the District's ability to provide direct phone number extensions for members of our Board of Trustee and sought final input on whether such extensions would be beneficial. Trustees indicated that they are comfortable using their personal cell numbers for District purposes and do not see a need for separate District phone extensions at this time.

12. DECLARE SURPLUS PROPERTY - OFFICE FURNISHINGS & APPLIANCES:

The Board reviewed a listing of miscellaneous items no longer needed or used by the District. We would like to put these items out to bid through the Public Surplus website. These items include the office desks, tables, file cabinets and kitchen appliances from the old office building which were not able to be used in the new administration building. We have re-purposed many of the usable items in other areas of the new building as well as other departments.

Motion was made by Ryan Westergard seconded by Brian Horrocks to declare the items presented as surplus. Motion carried unanimously with Trustees Burningham, Romney, Horrocks, Murri and Westergard voting "aye".

13. CONSIDER APPROVAL OF MUNICIPAL WASTEWATER PLANNING PROGRAM (MWPP) ANNUAL REPORT FOR 2025:

The Annual Self-Assessment Report questionnaire from the Division of Water Quality addressing performance and planning issues for both operational and financial planning for the District was submitted for review by Matt Myers. The BOD (biochemical oxygen demand) and TSS (total suspended solids) loadings have been steadily increasing over the past seven years at the North Plant and we are approaching design capacity for TSS, further confirming the need for solids processing upgrades in addition to upgrades for ammonia compliance. Similar increases have been seen at the South Plant as well.

The Collection System had a good year in 2025 with zero Class 1 (significant) sanitary sewer overflows (SSOs) and only one Class 2 (non-significant) sanitary sewer overflows. Several other statistics and information items were presented as part of the report and approval of the MWPP.

Motion was made by Ryan Westergard seconded by Brian Horrocks to approve the MWPP Annual Report for 2025. Motion carried unanimously with Trustees Burningham, Romney, Horrocks, Murri and Westergard voting "aye".

14. CONSIDER SANITARY SEWER MANAGEMENT PLAN (SSMP) UPDATE:

Lanese Hendrickson informed the Board that staff had completed an internal audit of the SSMP. The review resulted in only one revision for the Board's consideration - an update to the District's office hours listed on page 5.

Motion was made by Brian Horrocks seconded by Ryan Westergard to approve the update to the SSMP as presented. Motion carried unanimously with Trustees Burningham, Romney, Horrocks, Murri and Westergard voting "aye".

15. ANNUAL BIOSOLIDS REPORT - REVIEW:

Matt Myers reviewed the annual biosolids report as a general information item. The report is part of the District's annual regulatory requirement for tracking production and end use/disposal of solids generated in the wastewater treatment process.

16. NORTH PLANT REHABILITATION AND NUTRIENT REMOVAL PROJECT - REPORT:

A. CONSIDER CHANGE ORDER NO. 8.

This Change Order includes the following: 1) Add a new manhole outside the MBBR pump station to house the trickling filter meter on the new recycle line including all required electrical components, 2) Notch the corners of the dewatering building stem wall so the overhead door and mounting hardware can be installed flush with the wall surface, 3) Revise the headworks duct bank due to a conflict with the existing screened influent pipe elevation, core through the new headworks wall and install link seals and associated conduits, 4) Perform additional excavation beneath the main switchgear, fuel tank and generator pads to remove unsuitable soils, including removal of said soil and placing backfill for stabilization and structural support. The change order also includes the following revision to the project scope, with no change to the contract amount: The District will demolish and remove Analyzer No. 2 from the existing building and provide temporary power relocation to support the relocation and installation of the new PLC by the electrical contractor. This Change Order results in a contract increase of \$54,184.00.

Motion was made by Matt Murri seconded by Ken Romney to approve Change Order No. 8 as presented. Motion carried unanimously with Trustees Burningham, Romney, Horrocks, Murri and Westergard voting "aye".

B. CONSIDER WEST BOUNTIFUL TRAIL/PATH IN LIEU OF SIDEWALK, CURB AND GUTTER.

Matt Myers reported on progress on this item. As part of the conditional use permit issued by West Bountiful, the District is afforded the option to construct a path to the Bountiful Pond in lieu of construction of curb, gutter and sidewalk along the frontage road. This is a cost savings to the District, but was not included in the overall price for the North Plant Improvements.

C. NORTH PLANT FUNDING SCENARIOS: IMPLICATIONS ON TAX AND/OR RATE INCREASES FOR 2027 FORWARD - REPORT.

Matt Myers reported that unless directed otherwise, staff will prepare for all options for the Board for a final round of financing. This includes noticing for a Tax increase to offset operating costs equivalent to the future finance expense. This could be a significant property tax increase of up to 40-50%. Alternately, the board could elect to split the revenue need between property taxes and fees, or increase fees alone, but to maintain all options, the maximum property tax need will be public noticed.

17. WASATCH RESOURCE RECOVERY (WRR) PROJECT - REPORT:

The quarterly meeting of the Project Management Committee was held on 4/1/26. Opal continues to make progress with WRR.

18. GENERAL MANAGER'S REPORT:

A. BOARD MEETING TRAINING REQUIREMENTS:

Board Meeting Training requirements were reviewed with the board.

19. NEXT MEETING SCHEDULED:

The next regular meeting has been scheduled for Thursday, 18 June 2026, 5:00 p.m.

20. DISMISSAL:

The Chair declared the meeting adjourned at 7:25 p.m.

Chair, Board of Trustees

Assistant Clerk

Account Summary

South Davis Sewer District

Account Number : 25893700

Report Period : 5/01/2026 - 5/31/2026

ACCOUNT SUMMARY (BOOK):

BEGINNING BALANCE:	2,129,225.22
DEPOSITS DURING PERIOD:	-
WITHDRAWALS DURING PERIOD:	-
REALIZED GAIN/LOSS:	-
GROSS INCOME:	3,044.09
MANAGEMENT FEE (0.147%):	(267.25)
ENDING BALANCE:	2,132,002.06

PERFORMANCE SUMMARY:

INTEREST EARNED:	7,667.86
AMORTIZATION/ACCRETION (Month to Date):	(48.26)
REALIZED GAIN/LOSS:	-
GROSS EARNINGS:	7,619.60
MANAGEMENT FEE (0.147%):	(267.25)
NET EARNINGS:	7,352.35
AVERAGE DAILY BALANCE:	2,144,332.81
GROSS EARNINGS RATE :	4.1265%
NET EARNINGS RATE:	3.9818%

NOTES:

All rates are quoted on a 360-day basis.

Please note that amortization/accretion make up a portion of the gross earning figure.

Amortization/accretion is expense/income that comes from purchasing a security at a premium/discount.

Meeder provides monthly statements for its investment management clients to provide information about the investment portfolio.

The information should not be used for audit or confirmation purposes. Please review your custodial statements and report any inaccuracies or discrepancies.

Investing involves risk. Past performance is no guarantee of future results. Debt and fixed income securities are subject to credit and interest rate risk.

The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted.

Meeder Public Funds, Inc. is a registered investment adviser and affiliate of Meeder Investment Management, Inc. Investment advisory services are provided through Meeder Public Funds, Inc. Please contact us if you would like to receive a copy of our current ADV disclosure brochure or privacy policy.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
South Davis Sewer District

Report on the Basic Financial Statements

Opinion

We have audited the statements of net position of South Davis Sewer District (the District) as of December 31, 2025 and 2024, the statements of revenues, expenses, and changes in net position and statements of cash flows for the years then ended, and the related notes to the financial statements, which collectively comprise the District's basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of South Davis Sewer District as of December 31, 2025 and 2024, and the changes in its financial position and cash flows, where applicable, thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of South Davis Sewer District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

South Davis Sewer District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and

therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, the modified approach for eligible infrastructure assets, the schedules of the District's proportionate share of the net pension liability (asset), schedules of District contributions, and notes to required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report, dated June 18, 2026, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

SOUTH DAVIS SEWER DISTRICT
Management's Discussion and Analysis
For the Fiscal Years Ended December 31, 2025 and 2024
(unaudited)

This section presents management's discussion and analysis of the financial position and performance of the South Davis Sewer District for the fiscal year ending December 31, 2025, with comparative totals for December 31, 2024. It is presented as a narrative overview and analysis of the financial activities of the District. Please read it in conjunction with the Basic Financial Statements and Notes to the Financial Statements, and the other information which is presented in the Financial Section.

Financial Highlights

- The assets and deferred outflows of resources of the District exceeded their liabilities and deferred inflows of resources at the close of the fiscal year 2025 by \$125,755,842, a 7.6% increase from 2024. In 2024 and 2023 the District's net position was \$116,858,452 and \$105,590,968, respectively. Net investment in capital assets is 75.8% of the District's total net position at the close of 2025.
- Operating revenues increased by \$2,183,464 and operating expenses increased by \$1,311,526 during 2025 compared to 2024.
- The District transferred \$21,471,652 of capital assets to their joint venture Wasatch Resource Recovery, LLC (WRR) during 2025. This transfer increased the District's investment in WRR.
- During 2025, the District abandoned a capital asset project causing a loss on capital assets of \$1,773,216.
- The District issued new bonds (series 2025) totaling \$35,000,000 to fund construction at the South Plant.

Overview of the Financial Statements

This analytical review and communication aim to introduce the District's financial position. The District's basic financial statements include (1) the Statement of Net Position, (2) the Statement of Revenues, Expenses, and Changes in Net Position, (3) the Statement of Cash Flows, (4) Notes to Financial Statements, and (5) Required Supplementary Information.

The scope of the District's financial statements covers the entire entity. The basis of accounting is accrual, and the measurement focus encompasses all economic resources. All revenues and expenses are recorded, irrespective of when the cash transactions occur.

The District uses an enterprise fund to account for fiscal activities related to wastewater collection and treatment in south Davis County. An enterprise fund is a type of proprietary fund used by governments to report activities where users pay fees for services provided. The financial statements of the District are designed to offer readers a comprehensive overview of its finances, similar to a private sector business. The District's accounting cycle follows the calendar year.

The *Statements of Net Position* show the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statements of Revenues, Expenses, and Changes in Net Position* show how the District's net position changed during the years presented. Changes in net position are reported as the event giving rise to the change occurs, regardless of the timing of related cash flows (e.g. uncollected fees charged and earned but unused leave).

The *Statements of Cash Flows* detail the District's cash receipts and payments within the reporting period. It covers operating, investing, and financing activities, explaining the sources, uses, and changes in cash balance.

The *Notes to Financial Statements* offer additional information necessary to understand the data in the financial statements.

Required Supplementary Information provides additional details beyond the basic financial statements and notes on infrastructure assets and pensions.

Financial Analysis of the District

The District's net position may serve over time as a useful indicator of a government's financial position. In the case of the South Davis Sewer District, the net position at the end of fiscal year 2025 was \$125,755,842.

The following tables summarize information presented in the financial statements:

SOUTH DAVIS SEWER DISTRICT
Condensed Statements of Net Position
December 31, 2025, 2024, and 2023

	2025	2024	2023
Current and other assets	\$ 83,362,124	\$ 51,042,341	\$ 19,584,555

SOUTH DAVIS SEWER DISTRICT'S
Revenues, Expenses, and Changes in Net Position
Year Ended December 31, 2025, 2024, and 2023

	2025	2024	2023
Operating revenues	\$ 16,300,457	\$ 14,116,993	\$ 12,468,819
Operating expenses	<u>(11,873,255)</u>	<u>(10,561,729)</u>	<u>(10,959,547)</u>
Operating income	4,427,202	3,555,264	1,509,272
Nonoperating revenues	9,967,707	9,096,003	7,470,025
Nonoperating expenses	<u>(7,205,256)</u>	<u>(3,093,260)</u>	<u>(3,013,929)</u>
Total nonoperating revenues (expenses)	<u>2,762,451</u>	<u>6,002,743</u>	<u>4,456,096</u>
Increase in net position before capital contributions	7,189,653	9,558,007	5,965,368
Capital contributions	<u>1,707,737</u>	<u>1,709,477</u>	<u>1,407,967</u>
Increase in net position	8,897,390	11,267,484	7,373,335
Net position at beginning of year	<u>116,858,452</u>	<u>105,590,968</u>	<u>98,217,633</u>
Net position at end of year	<u><u>\$ 125,755,842</u></u>	<u><u>\$ 116,858,452</u></u>	<u><u>\$ 105,590,968</u></u>

The largest portion of the District's net position reflects its investment in capital assets (\$95,260,973 or 75.8%) less any related debt used to acquire those assets. The District uses these capital assets to provide wastewater services to its customers (citizens). It should be noted that resources needed to repay debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of net position is unrestricted (\$30,494,869 or 24.2%) and may be used to meet the District's ongoing obligations. This balance includes the District's proportionate share of the net pension liability and related deferred outflows and inflows of resources of the defined benefit pension plans administered by the Utah Retirement Systems.

In comparing 2025 with 2024, the following items should be noted:

The 2025 operating revenues were \$16,300,457, an increase of 15.5% compared to \$14,116,993 in 2024 mainly due to new construction of homes and businesses within the District as well as a \$1/month sewer service fee increase.

The 2025 operating expenses were \$11,873,255, an increase of 12.4% compared to \$10,561,729 in 2024. In 2025, personnel services (salaries and benefit) expenses increased due to cost-of-living adjustments and repairs and maintenance increased.

Nonoperating revenues and expenses decreased by \$3,240,292 for a total of \$2,762,451. The key changes were increased investment earnings due to more cash on hand offset by increased interest expense with new bonds, loss on disposal of capital asset as a result of the abandonment of a capital asset project, and larger allocated losses from its investment in WRR.

Capital contributions were \$1,707,737 and \$1,709,477 for 2025 and 2024, respectively. Capital contributions primarily come from deeded sewer lines to the District from developers and contractors.

In comparing 2024 with 2023, the following items should be noted:

In 2024 the operating revenues were \$14,116,993, an increase of 13.2% compared to \$12,468,819 in 2023 mainly from new construction of homes and businesses within the District as well as an \$8/month sewer service fee increase to fund construction at the North Plant. The increase was for half of the year's billings.

In 2024 the operating expenses were \$10,561,729, a decrease of 3.6% compared to \$10,681,088 in 2023. In 2024, personnel services (salaries and benefit) expenses decreased 5.0% from 2023. Despite a tight labor market, increasing health care costs and the increase in the cost of living (COLA) were offset by changes to pension-related accounts, some personnel retirements, and other staff attrition.

Nonoperating revenues and expenses increased by \$1,546,647 for a total of \$6,002,743. The key changes were increased property taxes due to a 50.0% tax increase enacted by the District in 2023 to offset increased operating costs and the reduction of federal revenue due to an expiring grant.

Capital contributions were \$1,709,477 and \$1,407,967 for 2024 and 2023, respectively. Capital contributions primarily comes from deeded sewer lines to the District from developers and contractors.

Capital Assets

The capital assets of the District are made up of land, buildings and treatment plant facilities, a collection system of lines and pipes, and equipment.

The District had \$149,305,021, \$138,498,122, and \$124,698,018 as of 2025, 2024, and 2023, respectively, (net of depreciation) in capital assets. Most of the increase in 2025 was the South Plant and North Plant construction and rehabilitation projects. There was also decrease due to the transfer of assets to WRR and the abandonment of a project. This represents a net increase of 7.8% in 2025 as shown in the tables below:

SOUTH DAVIS SEWER DISTRICT'S
Condensed Capital Assets, net of depreciation
December 31, 2025, 2024, and 2023

	2025	2024	2023
Land	\$ 3,070,568	\$ 3,070,568	\$ 3,070,568
Construction in progress	44,024,639	28,962,868	16,705,693
Infrastructure	97,566,399	97,076,686	95,367,209
Equipment	4,643,415	9,388,000	9,554,549
Total capital assets	\$ 149,305,021	\$ 138,498,122	\$ 124,698,018

Studies have shown that every dollar of preventative maintenance spent in the first 10 years of an asset will save \$4-5 over the second 10 years (Iowa Department of Transportation). The District has an aggressive asset management program to prolong the useful life of its assets.

Additional information on the District's capital assets can be found in Note 7.

Debt Administration and Long-Term Liabilities

The District issued 20-year taxable revenue bonds (Series 2017A) to finance the construction of the Wasatch Resource Recovery (WRR) renewable energy project. The par amount of these bonds was \$21,195,000. The outstanding bonds payable (net book value) amount was \$14,863,918 as of the end of 2025. The closing date for the bonds was May 17, 2017, and the maturity date is December 1, 2037. The average coupon rate is 4.2%. Bonds maturing on and after December 1, 2027, are callable at par on December 1, 2026.

On December 3, 2019, the District issued revenue bonds (Series 2019) in the amount of \$12,179,000. These bonds will mature on December 1, 2039, and have an average coupon rate of 2.2%. The purpose of the Series 2019 bonds is to fund treatment plant rehabilitation and ABNR projects that are required by the State of Utah, Division of Water Quality (DWQ) and the Environmental Protection Agency (EPA) to meet new wastewater standards.

On December 21, 2021, the District issued combined utility revenue bonds (Series 2021) in the amount of \$10,000,000 to fund additional treatment plant rehabilitation and the ABNR project. These bonds mature in 20 years (2041). The average coupon rate is 2.1%.

On December 18, 2024, the District closed on direct placement revenue bonds to continue financing North Plant Construction in the amount of \$30,610,000. The interest rate for these bonds is 4.8%, and the maturity date is December 1, 2054.

On December 18, 2025, the District closed on direct placement revenue bonds to continue financing South Plant Construction in the amount of \$35,000,000. The interest rate for these bonds is 6.5%, and the maturity date is December 1, 2055.

SOUTH DAVIS SEWER DISTRICT'S
Condensed Outstanding Debt, net of unamortized premiums and discounts
December 31, 2025, 2024, and 2023

	<u>2025</u>	<u>2024</u>	<u>2023</u>
Revenue bonds payable	<u>\$ 99,934,533</u>	<u>\$ 65,135,873</u>	<u>\$ 36,415,526</u>

For additional information on the District's debt see Note 9.

Modified Approach to Accounting for Infrastructure

Starting January 1, 2004, the District elected to use the Modified Approach instead of the Depreciation Approach to manage capital assets and correct any deficiencies of its qualifying networks or subsystems of infrastructure assets (Collection system, lift stations and treatment plant facilities) as defined by *GASB Statement No. 34*. The Modified Approach reflects a more accurate portrayal of infrastructure value. Using the Depreciation Approach does not consider the value added or maintained due to maintenance and rehabilitation efforts to extend the life of the asset. When possible, the District utilizes the experience and knowledge of its employees to perform most of the preservation procedures to its infrastructure assets to keep costs low.

The District's Asset Management Plan (AMP) defines a condition rating scale between 1 and 5, with 1 being very good and 5 being very poor. The District's target level of service is a rating between 1 and 3.

Funds totaling \$893,000 were budgeted and funds expended were \$1,214,955 in 2025 to rehabilitate and correct those identified deficiencies in the collection system, treatment plants and lift station systems. Funds totaling \$1,725,000 have been budgeted for 2026. The District has always budgeted and expended significant funds for this purpose. The estimated budget required to maintain and preserve the current overall condition through the fiscal year ending December 31, 2031, is \$865,000 per year.

There have been no significant changes in the condition level of the collection system, treatment plants, lift stations and their related subsystems compared to the target levels, except for the cogeneration system, it has a conditional level of 5 and has been taken out of service due to problems with siloxane and digester gas. The next conditional assessment sample is scheduled for 2027 for all infrastructure assets.

Additional information about the Modified Approach can be found in the Supplementary Information Section of this report.

Economic Factors, Next Year's (2026) Budget, and Rates

- The District continues to approach budgeting for revenues conservatively with the focus on long-term sustainability. Utah's economy is projected to remain strong and stable in 2026, characterized by low 3.3% forecasted unemployment, moderate job and wage growth, continued population growth, and steady consumer spending. Economic growth is expected to continue at a measured pace despite national economic uncertainties. (2026 Governor Economic Report)
- The 2026 debt service for the five 20-30 year revenue bonds, (series 2017A, 2019, 2021, 2024 and 2025), will be interest payments totaling \$4,122,606 and principal payments totaling \$2,525,000. Total debt service for 2026 will be \$6,647,606. This debt service will include the 2025 revenue bond series that was issued in December 2025.
- The Utah State Tax Commission proposed a certified tax rate property tax values for 2026 of \$15,036,798,935. According to the Davis County Assessor, property values are to increase modestly or level off in 2026. The certified tax revenue for 2026 is projected to be \$6,495,897. The proposed property tax rate for 2026 is 0.000432, a 4.4% decrease from 2025.
- Interest rates remain elevated relative to long-term historical averages, with the Federal Funds Rate currently in the 3.50%–3.75% range. While rates have moderated from recent highs, they remain sufficient to support strong investment earnings while continuing to influence borrowing costs for future capital financing.
- \$1,725,000 is budgeted for repairs and maintenance of the District's infrastructure and is broken down as follows: \$1,225,000 for the collection system and lift stations and \$500,000 for treatment plants. It is projected that 2 new employees, at a projected cost of \$300,000, will be needed to operate the treatment plants.
- It's probable a sewer service rate increase will take place in 2027. The current monthly sewer service rate is \$27 and could increase to \$32 in 2027. The purpose of this rate increase is to cover additional debt service for the District's treatment plant, rehabilitation and construction expenses mandated by the Utah Division of Water Quality and the Environmental Protection Agency (EPA), and operation costs due to inflation.

Requests for Information

This financial report is designed to provide a general overview of the South Davis Sewer District finances and to demonstrate accountability and transparency in its operations. If you have questions about this report or need additional information, please contact the District's Office, at 1800 W 1200 N, West Bountiful, mailing address P. O. Box 140111, Salt Lake City, Utah 84114-0111, by phone at (801) 295-3469.

Net purchases of investments	(85,823)	(88,311)
Contributions made to WRR, LLC	(900,986)	(2,511,936)
Interest received	1,487,780	830,671
Net cash provided (used) by investing activities	500,971	(1,769,576)
Net Change in Cash	11,563,417	27,651,130
Cash at Beginning of Year	40,299,860	12,648,730
Cash at End of Year (see Note 2)	\$ 51,863,277	\$ 40,299,860
A reconciliation of operating income to cash flows provided (used) by operating activities follows:		
Operating income	\$ 4,427,202	\$ 3,555,264
Depreciation	460,056	321,377
Changes in operating assets and liabilities:		
Receivables	(349,305)	(304,691)
Prepays	39,807	(25,425)
Inventory	5,933	(2,384)
Reimbursable costs	3,048	5,404
Accounts and construction retention payable	(5,209,693)	(996,914)
Accrued expenses	51,498	41,151
Net pension asset, liability, and related deferrals	280,760	(124,267)
Net cash provided (used) by operating activities	\$ (290,694)	\$ 2,469,515
Noncash financing, capital, or investing activities:		
Loss on investment in WRR, LLC	\$ (2,160,222)	\$ (1,437,358)
Assets transferred to WRR, LLC	(21,287,119)	-
Accounts payable and retainage payable acquisition of capital assets	(3,834,585)	(5,648,619)
Developer contributed sewer lines	1,707,737	1,709,477
Change in fair value of investments	4,227	23,884
Recording of lease receivable	(349,713)	(613,553)
Recording of deferred inflows of resources related to leases	349,713	613,553
Pass-through property taxes contributed to other governments	377,704	246,755

The accompanying notes are an integral part of these financial statements.

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of South Davis Sewer District (the District) are in compliance with generally accepted accounting principles applicable to local governmental units. The following is a summary of the more significant policies.

The Reporting Entity

South Davis Sewer District is organized as a special service district in Davis County. The District's purpose is to provide sewage treatment and disposal services and facilities for participating cities and customers.

The District accounts for its operations as an enterprise (proprietary-type) fund; activities are financed and operated in a manner similar to private business enterprises where the intent of the Board is that the costs (expenses, including depreciation) of providing goods or services to members and the general public on a continuing basis be financed or recovered primarily through user charges.

Measurement Focus and Basis of Accounting

The financial statements are maintained on the accrual basis of accounting, under which revenues are recognized in the period in which they are earned and become measurable, and expenses are recorded in the period incurred if measurable.

The District distinguishes operating revenues and expenses from nonoperating items by whether or not transactions are related to the District's daily operations of its wastewater treatment and disposal services and facilities.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Budgetary Basis

The basis of budgeting is the same as the basis required by accounting principles generally accepted in the United States of America (GAAP) except for the following: 1) bond principal payments, 2) depreciation, and 3) capital expenditures are budgeted as nonoperating expenditures. The District is required by state statute to adopt a budget prior to the beginning of each fiscal year. The budgetary report is reconciled to the basic financial statements (GAAP basis) as noted in the other supplementary information.

Cash and Cash Equivalents

For cash flow reporting, cash and cash equivalents include amounts in demand deposits, investments in the Utah Public Treasurers' Investment Fund, as well as short-term investments with original maturities of three months or less from the date of acquisition.

Accounts Receivable

Accounts receivable from customers primarily represent assessments to member cities. An allowance for doubtful accounts has been established of \$1,607,296 at December 31, 2025 and 2024.

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

Leases

The District is a lessor for noncancelable leases of land. The District recognizes a lease receivable and a deferred inflow of resources in the financial statements.

At the commencement of the leases, the District initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the District determines (a) the discount rate it uses to discount the expected lease receipts to present value, (b) least term, and (c) lease receipts.

- The District uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessees.

The District monitors changes in the circumstances that would require a remeasurement of its leases and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of lease receivable.

Inventory and Prepaids

Inventory is valued at cost using the first-in/first-out method and consist of expendable supplies.

Certain payments to vendors reflect costs applicable to future accounting periods and are reported as prepaids. The cost of prepaids is recorded as an expense when consumed rather than when purchased.

Capital Assets

The District elects to use the *Modified Approach* for infrastructure reporting for its sewer treatment facility and collection system. Infrastructure assets accounted for under the modified approach are not depreciated, and maintenance and preservation costs are expensed. Capital assets are recorded at cost. The capitalization threshold is defined to be assets with an initial or individual cost greater than \$5,000.

Donated capital assets are recorded at their estimated acquisition value at the date of donation. When constructing capital assets, interest expense incurred relating to activities is not capitalized, but expensed in the period in which the cost is incurred. Capital assets, except land and easements, are depreciated using the straight-line method over the estimated useful lives of the assets as follows:

Machinery and equipment	7 to 15 years
Mobile equipment	5 to 10 years
Office furniture and equipment	2 to 10 years

Upon the sale or retirement of capital assets, the related asset's cost and accumulated depreciation are removed from the applicable accounts and a gain or loss on disposal is recorded.

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

Compensated Absences

The District records compensated absences for leave that has not been used and leave that has been used but not yet paid in cash or settled through noncash means. A liability is recognized if the leave is attributable to services already rendered, accumulates, and is more likely than not to be used for time off or paid out upon termination or retirement.

The District permits eligible employees to accumulate earned, but unused, vacation and sick leave benefits while they are working for the District. There are also a few eligible employees who earn compensatory leave. When an employee terminates or retires, the District pays 100 percent of their vacation and compensatory leave. In addition to the vacation and compensatory payout, the District also pays that employee 50 percent of their accrued sick leave.

Pensions

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems (URS) and additions to/deductions from the URS's fiduciary net position have been determined on the same basis as they are reported by the URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension plan investments are reported at fair value.

Long-Term Obligations

Bond discounts are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of unamortized bond discounts.

Deferred Outflows of Resources

In addition to assets, financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Deferred Inflows of Resources

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Net Position

Net position is divided into three components: net investment in capital assets (capital assets net of related debt less unspent bond proceeds and other capital-related liabilities), restricted, and unrestricted. Net position is reported as restricted when constraints are placed upon it by external parties or are imposed by constitutional provisions or enabling legislation.

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

Impact Fees

The District collects connection fees that are defined as impact fees. The District must expend these impact fees on capital expenditures relating to the infrastructure of the District. The District had impact fee reserves (impact fees collected and not spent on capital expenditures) of \$0 at December 31, 2025 and 2024. Revenues from impact fees were \$593,263 and \$258,508 for the years ended December 31, 2025 and 2024, respectively.

NOTE 2 – DEPOSITS AND INVESTMENTS

Deposits and investments are carried at fair value. A reconciliation of cash and investments, as shown on the financial statements, is as follows at December 31, 2025 and 2024:

	2025	2024
Carrying amount of deposits	\$ 767,872	\$ 774,379
Carrying amount of investments	53,215,716	41,555,742
Total deposits and investments	<u>\$ 53,983,588</u>	<u>\$ 42,330,121</u>
Current assets - cash and cash equivalents	\$ 16,685,199	\$ 9,994,593
Current assets - investments	2,120,311	2,030,261
Other assets - restricted cash and cash equivalents	35,178,078	30,305,267
Total deposits and investments	<u>\$ 53,983,588</u>	<u>\$ 42,330,121</u>

The District complies with the State Money Management Act (Utah Code Section 51, Chapter 7) (Act) and related Rules of the Money Management Council (Council) in handling its depository and investing transactions. The District funds are deposited in qualified depositories as defined by the Act. The Act also authorizes the District to invest in the Utah Public Treasurers' Investment Fund (PTIF), certificates of deposit, U.S. Treasury obligations, U.S. agency issues, high-grade commercial paper, bankers' acceptances, repurchase agreements, corporate bonds, money market mutual funds, and obligations of governmental entities within the state of Utah.

The Act and Council rules govern the financial reporting requirements of qualified depositories in which public funds may be deposited and prescribe the conditions under which the designation of a depository shall remain in effect. The District considers the actions of the Council to be necessary and sufficient for adequate protection of its uninsured bank deposits.

Deposits

The District's carrying amount of bank deposits at December 31, 2025 is \$767,872 and the bank balance is \$961,171 (\$250,000 of which is covered by federal depository insurance). Uninsured deposits are not collateralized.

Custodial Credit Risk – Custodial credit risk for deposits is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal policy for custodial credit risk in regard to the custody of the District's deposits.

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

Investments

The District had a balance of \$51,095,405 held in the PTIF at December 31, 2025. The PTIF is an external local government investment pool managed by the Utah State Treasurer. The PTIF is authorized and makes investments in accordance with the Act. Participant accounts with the PTIF are not insured or otherwise guaranteed by the state. Participants in the PTIF share proportionally in the income, costs, gains and losses from investment activities. The degree of risk of the PTIF depends upon the underlying portfolio, which consists of debt securities held by the state or in the state's name by the state's custodial banks, primarily consisting of corporate bonds and notes. The portfolio has a weighted average maturity of 90 days or less. The majority of the PTIF's corporate bonds and notes are variable-rate securities, which reset every three months to prevailing market interest rates. The PTIF has no debt securities with more than 5% of its total investments in a single issuer. The PTIF is not rated. The reported fair value of the pool is the same as the fair value of the pool shares and is not required to be reported in the fair value hierarchy.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's policy for reducing its exposure to credit risk is to comply with the Act and related rules.

The District had the following investment and quality ratings as of December 31, 2025:

Investment Type	Fair Value	Quality Rating						
		Aaa	Aa3	A1	A2	A3	Baa1	Unrated
Investments:								
PTIF	\$ 15,917,327	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 15,917,327
Mutual funds	168,949	168,949	-	-	-	-	-	-
Certificates of deposits	1,546,486	-	306,834	-	-	-	98,649	1,141,003
Corporate bonds	404,875	-	-	202,254	101,252	101,369	-	-
	18,037,637	168,949	306,834	202,254	101,252	101,369	98,649	17,058,330
Restricted investments:								
PTIF	35,178,078	-	-	-	-	-	-	35,178,078
Total investments	\$ 53,215,715	\$ 168,949	\$ 306,834	\$ 202,254	\$ 101,252	\$ 101,369	\$ 98,649	\$ 52,236,408

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages its exposure to interest rate risk by complying with the Act, which requires that the remaining term to maturity of investments to not exceed the period of availability of the funds invested. Except for endowments, the Act further limits the remaining term to maturity on all investments in commercial paper and bankers' acceptances to 270 days or less and fixed-income securities to 365 days or less. In addition, variable-rate securities may not have a remaining term to final maturity exceeding two years.

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

The District's investment balances by investment type and maturity are as follows at December 31, 2025:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1-5	5-10	More Than 10
Investments:					
PTIF	\$ 15,917,327	\$ 15,917,327	\$ -	\$ -	\$ -
Mutual funds	168,949	168,949	-	-	-
Certificates of deposits	1,546,486	358,439	1,188,047	-	-
Corporate bonds	404,875	101,369	303,506	-	-
	18,037,637	16,546,084	1,491,553	-	-
Restricted investments:					
PTIF	35,178,078	35,178,078	-	-	-
Total investments	\$ 53,215,715	\$ 51,724,162	\$ 1,491,553	\$ -	\$ -

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The District's policy for managing this risk is to comply with the Act and related rules. The Act limits investments in commercial paper and or corporate obligations to 5% of the District's total portfolio with a single issuer. The District places no other limits on the amount it may invest in any one issuer.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy is to follow the Utah Money Management Act and to invest mainly in the PTIF. The District's investment policy does not limit the amount that can be held by counterparties.

NOTE 3 – FAIR VALUE MEASUREMENTS

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has the following recurring fair value measurements as of December 31, 2025:

Mutual funds are valued at the daily closing price as reported by the fund (Level 1 inputs).

Certificates of deposit are valued at the original amount deposited at the financial institution plus the interest earned on the certificate through the end of the fiscal year (Level 2 inputs).

Corporate bonds are valued using a matrix pricing model (Level 2 inputs).

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – PROPERTY TAXES

District Property Tax Revenue

The property tax revenue of the District is collected and distributed by the Davis County treasurer as an agent of the District. Utah statutes establish the process by which taxes are levied and collected. The county assessor is required to assess real property as of January 1 (the legal lien date) and complete the tax rolls by May 15. By July 21, the county auditor is to mail assessed value and tax notices to property owners. A taxpayer may then petition the County Board of Equalization between August 1 and August 15 for a revision of the assessed value. The county auditor makes approved changes in assessed value by November 1 and on this same date the county auditor is to deliver the completed assessment rolls to the county treasurer. Tax notices are mailed with a due date of November 30.

An annual uniform fee based on the value of motor vehicles is levied in lieu of an ad valorem tax on motor vehicles. This uniform fee was 1.5% of the fair market statewide value of the property, as established by the State Tax Commission. Legislation requires motor vehicles be subject to an “age-based” fee that is due each time a vehicle is registered. The revenues collected in each county from motor vehicle fees is distributed by the county to each taxing entity in which the property is located in the same proportion in which revenue collected from ad valorem real property tax is distributed. The District recognizes motor vehicle fees as property tax revenue when collected.

As of December 31, 2025, property taxes receivable by the District includes uncollected taxes assessed as of January 1, 2022 or earlier. It is expected that all assessed taxes (including delinquencies plus accrued interest and penalties) will be collected within a five-year period, after which time the county treasurer may force sale of property to collect the delinquent portion.

In addition to property taxes the District levies for its own purposes, the District levies property taxes for community development agencies (located within their boundaries). During the years ended December 31, 2025 and 2024, taxes levied by the District for community development agencies were recorded as revenue with an equivalent amount of expenses in the amount of \$377,704 and \$246,755, respectively.

NOTE 5 – JOINT VENTURE

In 2017, the District entered into a joint venture with ALPRO SD, LLC (ALPRO), a Utah limited liability company to construct a project that would be jointly owned by the District and ALPRO. During 2025 OPAL Energy Group, LLC (OPAL) bought ALPRO. OPAL and the District each have a 50 percent investment in the Resource Recovery Project. Operations of the jointly-owned project are managed by Wasatch Resource Recovery, LLC (WRR), a Utah limited liability company. The District has a 50 percent member interest in WRR.

The new agreement with OPAL does give daily management operations of WRR to OPAL and they have an option to increase their ownership portion to 80 percent based on meeting certain benchmarks. The agreement also called for the District and OPAL to contribute the assets of WRR, that were previously held by the District and OPAL, to the financial statements of WRR. The District transferred assets valued at \$21,287,119 to WRR in 2025.

At December 31, 2025 and 2024, the District’s investment in WRR of \$23,872,807 and \$3,844,924, respectively, represents amounts contributed to WRR less the District’s equity in the accumulated earnings (losses) as of December 31, 2025 and 2024 and any adjustments for impairment.

SOUTH DAVIS SEWER DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

The Company evaluates the recoverability of the investment in the joint venture whenever events or changes in circumstances indicate that the investment's carrying amount may not be recoverable. Such circumstances could include, but are not limited to (1) a significant decrease in the market value of an asset, (2) a significant adverse change in the extent or manner in which an asset is used, or (3) an accumulation of operating losses in the joint venture. No adjustments were made during the years ended December 31, 2025 and 2024. Management's estimate is based on assumptions that require significant judgment and actual results may differ from estimated amounts.

Summary financial information for WRR is as follows:

WRR, LLC		
Summary Financial Information		
As of and for the Years Ended December 31, 2025 and 2024		
	2025	2024
Cash	\$ 96,260	\$ 87,713
Accounts receivable	373,169	282,372
Other current assets	360	-
Net capital assets	42,788,287	13,500
Total assets	43,258,076	383,585
Accounts payable	270,459	288,329
Related party payable	5,719,450	-
Total liabilities	5,989,909	288,329
Members' equity	\$ 37,268,167	\$ 95,256
Operating revenues	\$ 3,129,138	\$ 3,362,817
Operating expenses	(7,449,581)	(6,237,534)
Net loss	\$ (4,320,443)	\$ (2,874,717)

NOTE 6 – LEASE RECEIVABLE

The District leases a site to a third party for cell tower operations under lease terms of 26 years. The District will receive monthly payments of \$1,149 escalating by 2 percent a year.

The District leases a site to WRR for the operations of the joint venture under lease terms of 30 years. The District will receive monthly payments of \$3,500 escalating by 2.3 percent a year.

For the years ended December 31, 2025 and 2024, the District recognized lease revenue of \$13,130 and \$14,331 and interest revenue of \$40,904 and \$34,183, respectively. At December 31, 2025 and 2024, the District reports a lease receivable and an equal deferred inflow of resources related to leases of \$1,183,356 and \$846,773, respectively.

SOUTH DAVIS SEWER DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

A summary of principal and interest to be received from the leases for the years following December 31, 2025 are as follows:

Year Ending December 31,	Principal	Interest	Total
2026	\$ 9,622	\$ 47,163	\$ 56,785
2027	11,301	46,747	58,048
2028	13,078	46,263	59,341
2029	14,955	45,706	60,661
2030	16,940	45,072	62,012
2031-2035	118,563	212,831	331,394
2036-2040	187,324	182,657	369,981
2041-2045	276,253	136,823	413,076
2046-2050	300,131	77,292	377,423
2051-2055	235,189	16,204	251,393
	<u>\$ 1,183,356</u>	<u>\$ 856,758</u>	<u>\$ 2,040,114</u>

NOTE 7 – CAPITAL ASSETS

The following changes occurred with respect to capital assets during the year ended December 31, 2025:

	Balance at Jan. 1, 2025	Additions	Deletions	Balance at Dec. 31, 2025
Capital assets not being depreciated:				
Land	\$ 3,070,568	\$ -	\$ -	\$ 3,070,568
Construction in progress	28,962,868	31,732,352	(16,670,581)	44,024,639
Infrastructure (sewer treatment facility)	97,076,686	14,975,509	(14,485,796)	97,566,399
Total capital assets not being depreciated	129,110,122	46,707,861	(31,156,377)	144,661,606
Capital assets being depreciated:				
Machinery and equipment	9,714,626	1,643,168	(6,985,855)	4,371,939
Mobile equipment	4,263,292	1,187,294	(630,585)	4,820,001
Office furniture and equipment	771,191	44,523	-	815,714
Total capital assets being depreciated	14,749,109	2,874,985	(7,616,440)	10,007,654
Accumulated depreciation for:

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

The following changes occurred with respect to capital assets during the year ended December 31, 2024:

	Balance at Jan. 1, 2024	Additions	Deletions	Balance at Dec. 31, 2024
Capital assets not being depreciated:				
Land	\$ 3,070,568	\$ -	\$ -	\$ 3,070,568
Construction in progress	16,705,693	12,257,175	-	28,962,868
Infrastructure (sewer treatment facility)	95,367,209	1,709,477	-	97,076,686
Total capital assets not being depreciated	115,143,470	13,966,652	-	129,110,122
Capital assets being depreciated:				
Machinery and equipment	9,714,626	-	-	9,714,626
Mobile equipment	4,154,254	429,563	(320,525)	4,263,292
Office furniture and equipment	771,191	-	-	771,191
Total capital assets being depreciated	14,640,071	429,563	(320,525)	14,749,109
Accumulated depreciation for:				
Machinery and equipment	(2,058,211)	(98,100)	-	(2,156,311)
Mobile equipment	(2,350,396)	(202,018)	45,790	(2,506,624)
Office furniture and equipment	(676,915)	(21,259)	-	(698,174)
Total accumulated depreciation	(5,085,522)	(321,377)	45,790	(5,361,109)
Net capital assets being depreciated	9,554,549	108,186	(274,735)	9,388,000
Net capital assets	\$ 124,698,019	\$ 14,074,838	\$ (274,735)	\$ 138,498,122

The District's construction commitments as of December 31, 2025 are as follows:

Project	Project Authorized	Costs to Date	Costs to Complete
North Plant Rehab	\$ 91,412,914	\$ 43,841,933	\$ 47,570,981
South Plant Odor	2,000,000	182,706	1,817,294

During the year ended December 31, 2025, the District disposed of \$1,773,216 of capitalized construction in progress and abandoned the project. The loss on the disposal is shown on the statements of revenues, expenses, and changes in net position. In addition the District transferred assets in the amount of \$21,471,652 to its joint venture in WRR (see Note 5).

NOTE 8 – RETIREMENT PLANS

Description of Plans

Eligible employees of the District are provided with the following plans through the Utah Retirement Systems (URS) administered by the URS:

Defined Benefit Pension Plans (cost-sharing, multiple-employer plans):

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

- Public Employees Noncontributory Retirement System (Tier 1 Noncontributory System)
- Public Employees Contributory Retirement System (Tier 1 Contributory System)
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Contributory System)

Defined Contribution Plans (individual account plans):

- 401(k) Plan (includes the Tier 2 Defined Contribution Plan)
- 457 Plan and other individual plans

District employees qualify for membership in the retirement systems if a) employment, contemplated to continue during a fiscal or calendar year, normally requires an average of 20 or more hours per week and the employee receives benefits normally provided by the District as approved by the Utah State Retirement Board, b) the employee is a classified school employee whose employment normally requires an average of 20 hours or more per week regardless of benefits, c) the employee is a teacher who teaches half-time or more and receives benefits normally provided by the District as approved by the Utah State Retirement Board, or d) the employee is an appointed officer.

The Tier 2 systems became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with URS, are members of the Tier 2 systems.

The plans are established and governed by the respective sections of Title 49 of the *Utah Code*. The plans are amended statutorily by the Utah State Legislature. Title 49 provides for the administration of the plans under the direction of the Utah State Retirement Board, whose members are appointed by the Governor.

The URS (a component unit of the State of Utah) issues a publicly available financial report that can be obtained at www.urs.org.

Benefits Provided

The URS provides retirement, disability, and death benefits to participants in the plans.

Retirement benefits in the defined benefit pension plans are determined from 1.50% to 2.00% of the employee's highest 3 or 5 years of compensation times the employee's years of service depending on the pension plan; benefits are subject to cost-of-living adjustments up to 2.50% or 4.00%, limited to the actual Consumer Price Index increase for the year. Employees are eligible to retire based on years of service and age.

Defined contribution plans are available as supplemental plans to the basic retirement benefits of the defined benefit pension plans and as a primary retirement plan for some Tier 2 participants. Participants in the defined contribution plans are fully vested in employer and employee contributions at the time the contributions are made, except Tier 2 required contributions and associated earnings are vested during the first four years of employment. If an employee terminates prior to the vesting period, employer contributions and associated earnings for that employee are subject to forfeiture. Forfeitures are used to cover a portion of the plan's administrative expenses paid by participants. Benefits depend on amounts contributed to the plans plus investment earnings. Individual accounts are provided for each employee and are available at termination, retirement, death, or unforeseeable emergency.

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

Contributions

As a condition of participation in the plans, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable), is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability.

District required contribution rates for the plans were as follows for the year ended December 31, 2025:

	Defined Benefit Plans Rates				District Rates for 401(k) Plan	Totals
	District Contribution *	Amortization of UAAL **	Paid by District for Employee	Paid by Employee		
Tier 1 Noncontributory System	11.86%	4.11%	-	-	-	15.97 %
Tier 1 Contributory System	6.09%	5.87%	6.00%	-	-	17.96 %
Tier 2 Public Employees System	10.08%	4.11%	-	0.81%	-	15.00 %
Tier 2 Defined Contribution System	0.08%	4.11%	-	-	10.00%	14.19 %

* District contribution includes 0.08% of covered-employee payroll of the Tier 2 plans for death benefits.

** Required contributions include an additional amount to finance any unfunded actuarial accrued liability in the Tier 1 plans.

Employees can make additional contributions to defined contribution plans subject to limitations.

District and employee contributions to the plans were as follows for the year ended December 31, 2025:

	District Contributions *	Employee Contributions
Tier 1 Noncontributory System	\$ 343,687	\$ -
Tier 1 Contributory System	53,768	25,908
Tier 2 Public Employees System	185,388	9,513
Tier 2 Defined Contribution System	7,221	-
401(k) Plan	15,391	170,997
457 Plan and other individual plans	-	51,870

* A portion of required contributions in the Tier 2 plans is used to finance the unfunded actuarial accrued liability in the Tier 1 plans.

SOUTH DAVIS SEWER DISTRICT **NOTES TO THE FINANCIAL STATEMENTS**

Pension Assets and Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2025, the District reported a net pension asset of \$0 and a net pension liability of \$1,221,221 for the following plans:

	Net Pension Asset	Net Pension Liability
Tier 1 Noncontributory System	\$ -	\$ 665,037
Tier 1 Contributory System	-	433,240
Tier 2 Public Employees System	-	122,945
Total	<u>\$ -</u>	<u>\$ 1,221,221</u>

The net pension liability (asset) was measured as of December 31, 2024 and the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of January 1, 2024, rolled-forward using generally accepted actuarial procedures. The District's proportion of the net pension liability (asset) is equal to the ratio of actual contributions compared to the total of all employer contributions during the plan year.

The following presents the District's proportion (percentage) of the collective net pension liability (asset) at December 31, 2024 and the change in its proportion since the prior measurement date for each plan:

	Proportionate Share	
	2024	Change
Tier 1 Noncontributory System	0.2097166 %	(0.0144966)%
Tier 1 Contributory System	3.4569046 %	0.4703947 %
Tier 2 Public Employees System	0.0412237 %	(0.0034056)%

The District recognized pension expense for the plans as follows at December 31, 2025:

	Pension Expense
Defined benefit pension plans:	
Tier 1 Noncontributory System	\$ 613,204
Tier 1 Contributory System	122,734
Tier 2 Public Employees System	134,772
Total	<u>\$ 870,710</u>
Defined contribution plans:	
Tier 2 Defined Contribution Plan	\$ 7,221
401(k) Plan	15,391
Total	<u>\$ 22,612</u>

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

The District reported deferred outflows of resources related to defined benefit pension plans from the following sources at December 31, 2025:

	Deferred Outflows of Resources Related to Pensions			
	Tier 1 Noncontributory System	Tier 1 Contributory System	Tier 2 Public Employees System	Total
Differences between expected and actual experience	\$ 396,269	\$ -	\$ 53,150	\$ 449,419
Changes of assumptions	55,011	-	41,062	96,073
Net difference between projected and actual earnings on pension plan investments	200,319	232,609	7,858	440,786
Changes in proportion and differences between District contributions and proportionate share of contributions	3,125	-	23,878	27,003
Contributions subsequent to the measurement date	343,687	53,768	192,609	590,064
Total	<u>\$ 998,411</u>	<u>\$ 286,377</u>	<u>\$ 318,557</u>	<u>\$ 1,603,345</u>

The District reported deferred inflows of resources related to defined benefit pension plans from the following sources at December 31, 2025:

	Deferred Inflows of Resources Related to Pensions			
	Tier 1 Noncontributory System	Tier 1 Contributory System	Tier 2 Public Employees System	Total
Differences between expected and actual experience	\$ -	\$ -	\$ 847	\$ 847
Changes of assumptions	-	-	13	13
Changes in proportion and differences between District contributions and proportionate share of contributions	928	-	2,873	3,801
Total	<u>\$ 928</u>	<u>\$ -</u>	<u>\$ 3,733</u>	<u>\$ 4,661</u>

The \$590,064 reported as deferred outflows of resources related to pensions resulting from our contributions subsequent to the measurement date of December 31, 2025 will be recognized as a reduction of the net pension liability (asset) in the year ending December 31, 2026. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to defined benefit pension plans will be recognized in pension expense as follows:

Year Ending December 31,	Tier 1 Noncontributory System	Tier 1 Contributory System	Tier 2 Public Employees System	Total
2026	\$ 382,496	\$ (1,937)	\$ 14,667	\$ 395,226
2027	367,423	331,826	22,411	721,660
2028	(81,283)	(83,451)	10,030	(154,704)
2029	(14,840)	(13,829)	12,294	(16,375)
2030	-	-	28,220	28,220
Thereafter	-	-	34,593	34,593

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

Actuarial Assumptions

The total pension liability (asset) in the January 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	3.50% to 9.50%, average, including inflation
Investment rate of return	6.85%, net of pension plan investment expense, including inflation

Mortality rates were based on actual experience and mortality tables, considering gender, occupation, and age, as appropriate, with adjustments for future improvement in mortality based on Scale AA, a model developed by the Society of Actuaries.

The actuarial assumptions used in the January 1, 2024, valuation were based on an experience study of the demographic assumptions for the period ending December 31, 2022. Assumptions remained unchanged that affect measurement of the net pension liability since the prior measurement date.

The long-term expected rate of return on defined benefit pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Equity securities	35%	2.45%
Debt securities	20%	0.51%
Real assets	18%	0.98%
Private equity	12%	1.21%
Absolute return	15%	0.65%
Total	100%	

Discount Rate

The discount rate used to measure the total pension liability (asset) was 6.85%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates, actuarially determined and certified by the Utah State Retirement Board. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.85%, as well as what its proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.85%) or 1-percentage-point higher (7.85%) than the current rate:

	1% Decrease (5.85%)	Discount Rate (6.85%)	1% Increase (7.85%)
District's proportionate share of the net pension (asset) liability:			
Tier 1 Noncontributory System	\$ 2,812,555	\$ 665,037	\$ (1,136,038)
Tier 1 Contributory System	1,840,243	433,240	(769,581)
Tier 2 Public Employees System	367,207	122,945	(67,067)
Total	<u>\$ 5,020,005</u>	<u>\$ 1,221,221</u>	<u>\$ (1,972,686)</u>

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued URS financial report.

Payables to the Pension Plans

The District reported payables of \$24,370 and \$16,699 for contributions to defined benefit pension plans and defined contribution plans at December 31, 2025 and 2024, respectively.

NOTE 9 – LONG-TERM LIABILITIES

Long-term liabilities were as follows for the year ended December 31, 2025:

	Balance at Jan. 1, 2025	Additions	Deletions	Balance at Dec. 31, 2025	Due Within One Year
Revenue bonds	\$ 16,015,000	\$ 35,000,000	\$ (960,000)	\$ 50,055,000	\$ 995,000

SOUTH DAVIS SEWER DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

Revenue bonds payable with their outstanding balance are comprised of the following individual issues at December 31, 2025:

Series	Purpose	Original Amount	Interest Rate Range	Final Maturity Date	Outstanding Balance
2017A	Investment in WRR	\$ 21,195,000	3.50% - 4.50%	December 1, 2037	\$ 15,055,000
2019 (Direct placement)	North and South Plant Rehab	12,179,000	2.05% - 2.29%	December 1, 2039	9,418,000
2021 (Direct placement)	North and South Plant Rehab	10,000,000	2.05%	December 1, 2041	8,302,000
2024 (Direct placement)	North Plant Rehab	30,610,000	4.79%	December 1, 2054	30,065,000
2025	North Plant Rehab	35,000,000	5.00%	December 1, 2055	35,000,000
					<u>\$ 97,840,000</u>

NOTE 10 – CONDUIT DEBT

The District issued revenue bonds to provide financial assistance to a private-sector entity for acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private sector entity served by the bond issuance. The District is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. The District has made a limited commitment to maintain the issue's tax-exempt status.

At December 31, 2025 and 2024, the principal amount payable was \$19,585,000 and \$20,740,000, respectively.

NOTE 11 – ECONOMIC DEPENDENCY

The District has contracted with its participating cities, exclusively, to receive, treat, and dispose of the participating cities' municipal wastewater. In the event that participating cities, for economic or environmental reasons, were unable to continue using the District's facilities, the District would be susceptible to risk of closure.

NOTE 12 – RISK MANAGEMENT

The District maintains insurance coverage for general, automobile, personal injury, errors and omissions, employee dishonesty, and malpractice liability up to \$3,000,000 per occurrence through policies administered by the Utah Local Governments Trust. The District also insures its buildings, including those under construction, and contents against all insurable risks of direct physical loss or damage with the Utah Local Governments Trust. This all-risk insurance coverage provides for repair or replacement of damaged property at a replacement cost basis subject to a deductible of \$1,000 per occurrence. Settled claims have not exceeded the District's insurance coverage for any of the past three years.

The District also maintains a public treasurer's fidelity bond with a private carrier. All District employees are covered for workers' compensation by the Utah Local Governments Trust. Unemployment insurance is covered by the District on a pay-as-you-go basis. Claims have been minimal for the past three years.

SOUTH DAVIS SEWER DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 13 – ENVIRONMENTAL REMEDIATION LIABILITY

The nature of the District's operations is such that the District may be held liable for environmental clean-up costs. The District is unaware of any such issues and has taken extensive measures to prevent potential environmental problems caused by its activities. The costs of potential remediation are not estimable since no knowledge of environmental problems currently exists. Therefore, no liability has been accrued.

REQUIRED SUPPLEMENTARY INFORMATION

SOUTH DAVIS SEWER DISTRICT
Modified Approach for Eligible Infrastructure Assets
For the Year Ended December 31, 2025

In accordance with GASB Statement No. 34, the District is required to account for and report infrastructure capital assets. The District defines infrastructure as the basic physical assets of the wastewater collection system and treatment plant facilities. Infrastructure assets are capital assets which normally are stationary in nature and can be preserved for significantly more years than other capital assets. The District's major infrastructure system consists of the collection system, treatment plant facilities and the resource recovery facility and it can be divided into subsystems such as trunk lines, collection lines, manholes, lift stations, plant facilities, and other appurtenances. Subsystem details are not presented in the basic financial statements. However, the District maintains detailed information on these subsystems.

The District has elected to use the Modified Approach as defined by GASB Statement No. 34 for infrastructure reporting for its capital assets. Under GASB Statement No. 34, eligible infrastructure capital assets are not required to be depreciated if the following requirements are met:

1. The District manages the eligible infrastructure capital assets using an asset management (AMP) system meeting the following minimum requirement: (A) have up-to-date inventory records, (B) perform condition assessments at least once every three years and summarize the results using a measurement scale, and (C) estimate annual amount to maintain and preserve at the established condition assessment level.
2. The District documents that the eligible infrastructure systems and sub-systems (capital assets) are being preserved approximately at or above the established and disclosed condition assessment level.

Using the Modified Approach, both preservation and maintenance costs are expensed and only those costs for additions and improvements must be capitalized.

The District makes use of a physical condition assessment of its collection system, treatment plant facilities and the resource recovery facility that began January 1, 2004. The District's objective is to complete an assessment annually (or at least once every three years) of all infrastructure assets covered by its asset management system in accordance with GASB Statement No. 34. The District's condition assessments are performed using statistical samples that are representative of infrastructure assets. The latest condition assessment was performed in 2025 according to GASB Statement No. 34. This allows the District to ensure that assets are maintained at a prescribed condition and analyze future funding needs. The District's collection system and treatment plant facilities are composed of approximately 379 miles of sewer lines, 9,298 sections of line, 9,076 manholes, 11 lift stations, 2 treatment plants that can treat up to 16 million gallons (capacity) per day (MGD) of wastewater and one resource recovery facility.

In 2025, approximately 17.9% of the District's collection system was cleaned and 16.9% were inspected by closed circuit television (CCTV) (see Collection System GIS TV and Cleaning Maps in this section).

The District spent approximately \$1,214,955 on maintenance and/or preservation of its infrastructure assets for the year ended December 31, 2025. These expenses add service life to capital assets. A study by the Iowa Department of Transportation reported that for every dollar of preventative maintenance spent in the first 10 years

of an asset, \$4-5 will be saved over the next 10 years. The District has an aggressive asset management program to prolong the useful life of its capital assets.

The District is using trenchless technology or cured-in-place-pipe (CIPP) as a means of being more efficient in repairing and maintaining the sewer collection system. CIPP equipment, resin, and liners are used to complete rehabilitation projects of the collection system. The collection system operators performed 239, 257, and 232 rehabilitation projects for CIPP on sewer lateral lines and main lines in 2025, 2024, and 2023, respectively.

The District developed condition grade scales to provide a means of rating the assets during each condition assessment. The assets are assessed for several possible defects which are assigned a relative weight. Those weights are then normalized to sum to one (100.0%). The assigned condition grade score for each possible defect is multiplied by the normalized relative weight to yield a weighted defect score. The weighted defect scores are totaled for each asset yielding a total asset rating that will range from 1 to 5. The District has set a minimum service level of 3 (moderate/fair) for all infrastructure assets.

The following table makes known the most recent conditional assessments (GASB Statement No. 34, paragraph 132).

Condition	<u>Treatment Facilities</u>			<u>Collection Line Segments</u>			<u>Manholes</u>			<u>Lift Stations</u>		
	2025	2024	2023	2025	2024	2023	2025	2024	2023	2025	2024	2023
Very Good	649	639	641	1294	627	653	1456	1376	1540	11	11	11
Good	64	64	63	234	226	24	24	32	32			
Fair	20	20	21	71	73	75	12	13	12			
Poor							7	6	8			
Very Poor												

In 2025, the District performed condition assessments of line segments for the collection system, calculated in accordance with GASB Statement No. 34 guidelines. The District also performed assessments of both treatment plants, manholes, lift stations and the WRR facility. The results of the condition assessments indicated that the District's infrastructure assets were generally maintained at or above the established minimum service level.

The following condition assessments were noted:

The collection system, treatment plant equipment and subsystems are in clean, orderly and workmanlike condition. There is no deferred maintenance. The next condition assessment sample is scheduled for 2027.

The actual amounts the District expended on rehabilitation, repair and replacement of the collection system and treatment plant facilities over the current and past five reporting periods are as follows:

	2021	2022	2023	2024	2025
Estimated	\$693,000	\$903,000	\$930,000	\$900,000	\$893,000
Actual	\$885,754	\$868,000	\$935,000	\$1,155,009	\$1,214,955

The budget required to maintain and preserve the current overall condition through the year ended December 31, 2031, is estimated to be approximately \$865,000 per year. This figure was arrived at by taking the average expenditure from 2019 to 2025 and adding 4.0% for inflation.

Funds totaling \$893,000 were budgeted for fiscal year 2025 for the continued maintenance and preservation of the District's infrastructure assets and are allocated as follows:

\$545,000 Collection System

\$348,000 Plant & Equipment Facilities

The amount estimated to achieve the 2025 minimal target conditional assessment was \$893,000, the actual cost was approximately \$1,214,955. The actual cost was much higher than anticipated due to the completion of the South Plant Upgrades Project, and the rolling of those new and renewed assets to the District asset register.

The EPA reports that much of the nation's infrastructure is deteriorating due to old age and lack of maintenance. Neglecting or deferring maintenance of an asset to the point of failure will cost more in the long run than carrying out routine maintenance.

SOUTH DAVIS SEWER DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

NOTE A – CHANGES IN ASSUMPTIONS – UTAH RETIREMENT SYSTEMS

The information presented was determined as part of actuarial valuations performed. Over time the actuarial assumptions are periodically changed. Amounts reported in the current and prior plan years include the following significant actuarial assumption changes:

<u>Plan Year</u>	<u>Discount Rate</u>	<u>Payroll Growth Rate</u>	<u>Wage Inflation Rate</u>	<u>Inflation Rate</u>
2024	6.85%	2.90%	3.50 to 9.50%	2.50%
2023	6.85%	2.90%	3.50 to 9.50%	2.50%
2022	6.85%	2.90%	3.25 to 9.25%	2.50%
2021	6.85%	2.90%	3.25 to 9.25%	2.50%
2020	6.95%	2.90%	3.25 to 9.25%	2.50%
2019	6.95%	3.00%	3.25 to 9.25%	2.50%
2018	6.95%	3.00%	3.25 to 9.25%	2.50%
2017	6.95%	3.00%	3.25 to 9.25%	2.50%
2016	7.20%	3.25%	3.35 to 9.35%	2.60%
2015	7.50%	3.25%	3.50 to 9.50%	2.75%

NOTE B – SCHEDULES OF DISTRICT CONTRIBUTIONS – UTAH RETIREMENT SYSTEMS

Contributions as a percentage of covered payroll may be different than the Utah State Retirement Board certified rate due to rounding or other administrative issues. A portion of the required contributions in the Tier 2 plans is used to finance the unfunded actuarial accrued liability of the Tier 1 plans.

COMPLIANCE SECTION

Independent Auditor's Report on Internal Control over Financial
Reporting and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards*

Board of Trustees
South Davis Sewer District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of South Davis Sewer District (the District), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 18, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the

financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Orem, Utah
June 18, 2026

Independent Auditor's Report on Compliance
and Report on Internal Control over Compliance
Required by the *State Compliance Audit Guide*

Board of Trustees
South Davis Sewer District

Report on Compliance

Opinion on Compliance

We have audited South Davis Sewer District's (the District) compliance with the following applicable state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the Utah State Auditor, for the year ended December 31, 2025:

- Budgetary Compliance
- Fund Balance
- Restricted Taxes and Other Related Restricted Revenue
- Fraud Risk Assessment
- Cash Management
- Utah Retirement Systems

In our opinion, South Davis Sewer District complied, in all material respects, with the state compliance requirements referred to above for the year ended December 31, 2025.

Basis for Opinion on Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*, issued by the Office of the Utah State Auditor. Our responsibilities under those standards and the *State Compliance Audit Guide* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the state compliance requirements referred to above.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the *State Compliance Audit Guide* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the *State Compliance Audit Guide* as a whole

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *State Compliance Audit Guide*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not

identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *State Compliance Audit Guide*. Accordingly, this report is not suitable for any other purpose.

Orem, Utah

SOUTH DAVIS SEWER DISTRICT

WEST BOUNTIFUL, UTAH

We, the undersigned, Howard G. Burningham, Chair of the Board of Trustees of the South Davis Sewer District, and Candice L. Venn, Clerk of said Board, hereby certify that at a regular meeting of the Board of Trustees duly and regularly called and held on the 18th day of June, 2026, at the hour of 5:00 p.m., at the office of the District, 1800 West 1200 North, West Bountiful, Davis County, Utah, at which meeting a quorum of said Board was present, it was duly and regularly determined by the Board that the amount of money necessary to be raised by taxation for the year 2026, as provided in Sections 17B-1-616, and in Sections 59-2-912 and 913, and other applicable Sections of Chapter 1, Title 17B, Chapter 2, Title 59, Utah Code Annotated 1953, as amended, taking into consideration the other sources of revenue of said District, is the sum of \$6,495,897.00, that at said meeting the Board of Trustees adopted the certified tax rate of the District and fixed the rate of levy upon every dollar of assessed valuation of property within the District at .000432 of said assessed valuation for the year 2026, and the Board hereby certifies to the Boards of County Commissioners of Davis and Salt Lake Counties that the rate so fixed shall be levied upon every dollar of assessed valuation of property in the District within said Counties and directs that at the time and in the manner required by law for fixing the tax rate and for levying of taxes for County purposes for the year 2026, said Boards of County Commissioners shall levy such tax at said rate upon the assessed valuation of all property in each County located within said District, in addition to such other taxes as may be fixed and levied by said Boards of County Commissioners, all of which is pursuant to the following Resolution duly and regularly adopted by a majority of said Board of Trustees at said meeting, which Resolution reads as follows:

SOUTH DAVIS SEWER DISTRICT

WEST BOUNTIFUL, UTAH

RESOLUTION NO. 113-26

BE IT RESOLVED by the Board of Trustees of the South Davis Sewer District, at a regular meeting duly called and held on the 18th day of June, 2026, at 5:00 p.m., at the office of the District, 1800 West 1200 North, West Bountiful, Davis County, Utah, that it be determined by said Board of Trustees, and said Board does hereby determine that the amount of money necessary to be raised by taxation for the year 2026, as provided in Sections 17B-1-616 and in Sections 59-2-912 and 913, and other applicable Sections of Chapter 1, Title 17B, Chapter 2, Title 59, Utah Code Annotated 1953, as amended, taking into consideration other sources of revenue of the District, is the sum of **\$6,495,897.00**, to supply funds for carrying out the purpose for which the District was created and for the payment of principal and interest on the bonds of the District as provided by Statute.

BE IT FURTHER RESOLVED that the Board of Trustees fix and does adopt the certified tax rate of the District and does hereby fix the rate of levy which when levied upon every dollar of assessed valuation of property within the District and with other revenues will raise the amount required by the District for the year 2026, at **.000432** of said assessed valuation.

BE IT ALSO RESOLVED that the Board of Trustees certify and it does hereby certify to the Boards of County Commissioners of Davis and Salt Lake Counties the rate so fixed as aforesaid and hereby directs that at the time and in the manner required by law for fixing the tax rate and for the levying of taxes for County purposes for the year 2026 such Boards of County Commissioners shall levy such tax at said rate upon the assessed valuation of all property within the District in addition to such other taxes which may be fixed and levied by such Board of County Commissioners.

Dated this 18th day of June 2026, under the seal of said District.

Chair, Board of Trustees
South Davis Sewer District

Clerk

RESOLUTION NO. 110-7
SCHEDULE OF CHARGES & FEES
ADMINISTRATIVE

This Resolution fixes and prescribes the schedule of charges and fees for services to be rendered by the South Davis Sewer District, Davis and Salt Lake Counties, Utah.

This Resolution cancels and supersedes Resolutions #10, #55, #62, #62A, #97, #101, #110, #110-1, #110-2, #110-3, #110-4, #110-5 and #110-6 in their entirety as well as any formal Minutes which are different from or contrary to the intent of this Resolution.

The invalidity of any section, clause, sentence or provision of this Resolution shall not affect the validity of any other part of this Resolution which can be given effect without such invalid part or parts.

This Resolution shall take effect upon its passage, approval and recording of the District as provided by law.

PASSED AND ADOPTED by the Board of Trustees of the South Davis Sewer District, State of Utah, on the 18th day of May 2023.

Chair, Board of Trustees

Clerk

RESOLUTION NO. 110-7

SUMMARY OF CHARGES & FEES

Impact Fee (Page 5)	\$2,453.00 per EDU
Inspection Fee (Page 6)	\$ 60.00 per EDU
Re-Inspection Fee (Page 6)	\$ 60.00 per EDU
Overtime/Weekend Inspections (Page 6)	\$ 90.00 per EDU
Illegal Connection Fee (Page 6)	\$4,906.00 per EDU
Subdivision/Development Application Fee (Page 6)	\$ 500.00 Plus \$250.00/EDU/ <u>Case-By-Case</u>
Escrow Deposit (Page 6)	\$ 250.00/EDU or \$6,000.00 Minimum (whichever greater)
Manhole Re-Inspections (Page 6)	\$ 65.00 Plus \$10.00/Manhole
Buried Building Sewer/Lateral (Page 6)	\$ 400.00 Each
Basic Rate Per EDU Per Month	<u>Basic Rate</u>
Residential, Commercial, Industrial (Page 7)	\$ 27.00 Mo.
Trailers (Page 7)	\$ 22.00 Mo.
Extraterritorial EDU's/Outside District Boundaries (Page 7)	\$ 54.00 Mo.
Administrative Fee - Certified Delinquent Accounts	See Page 8
Return Check Fee (Page 8)	\$ 25.00
Business/Commercial/Industrial Users (Page 9)	
... up to 94,900 gal/yr/EDU	Basic Rate
... excess water over 94,900 gal/yr/EDU	\$ 1.60 per 1,000 Gal.
Business/Commercial/Industrial Users - Special Treatment Surcharges	See Page 10
Industrial Pretreatment Discharge Permit (Page 11)	\$ 300.00 Annual
Industrial Pretreatment Sampling Fee	See Page 11
Septage (Page 11)	\$ 25.00 Minimum Load \$ 25.00 Per Each 1,000 Gal.
Building Sewer (Lateral Lining) Program	See Page 11
Septic Tank Program	See Page 12

Document Research Fee	See Resolution No. 120, Section 10

RESOLUTION NO. 110-7

SCHEDULE OF CHARGES & FEES

SECTION 1: GENERAL

A. EQUIVALENT DWELLING UNIT.

The term "equivalent dwelling unit" (EDU) shall include each family unit in a single-family residence, multiple dwelling, apartment complex, condominium or mobile dwelling. One (1) EDU shall be defined as twenty (20) fixture units. The number of fixture units in a building shall be determined using the most recent edition of the Uniform Plumbing Code as adopted by the International Association of Plumbing and Mechanical Officials as a guide. Any fraction of an EDU shall be assessed an impact fee on a pro-rated basis at the rate of \$122.65 per fixture unit with a minimum impact fee of one EDU of \$2,453.00. The above provisions for an EDU shall only apply to "dry" businesses that do not use water as part of an industrial or manufacturing process. Impact fees for any business, manufacturer or industrial user that proposes to discharge process water to the District's facilities shall be determined on a case-by-case basis.

B. ADD-ON OR REMODEL OF COMMERCIAL OR INDUSTRIAL FACILITIES.

Any add-on or remodeling of an existing structure will be charged for additional sanitary fixtures on a fixture unit basis.

C. ADDITIONAL BUILDING SEWERS (LATERALS).

Any residence or business having more than one (1) building sewer connected to the District's public sewer line will require an inspection fee for each such connection.

D. PAID-UP CONNECTIONS.

Any residential or building unit which has had an impact and inspection fee paid, but the ownership or use of the property has changed will be allowed credit for previously paid-up connections.

E. ROUGHED-IN PLUMBING.

Roughed-in plumbing will be counted as though fixtures were installed for assessing both sewer impact and service fees. Large projects with a significant amount of unfinished area may be allowed an exemption to this policy if prior arrangements are made which assures proper and timely notification when roughed-in plumbing is completed.

F. COMMENCEMENT OF SEWER SERVICE BILLING.

The owner of a building to be connected to the public sewer shall, at their own expense, extend the building sewer from the building to the public sewer and make the physical connection thereto. However, no construction shall commence until approved by the District, an application form completed, and the required impact/inspection fees are paid. Said application form is to be signed by the owner of the property or a representative acting on behalf of the owner. Sewer service charges shall commence the first of the month following one hundred twenty (120) days after the inspection fee is paid or up to one (1) year if prior arrangements have been made. An exception to this policy is that the owner of a building sewer placed to a vacant lot will not be required to pay the sewer service fee until such time as the building sewer is connected to a building. In this case, the sewer service fee shall commence as outlined above.

SECTION 2: NEW PROJECTS AND CONNECTIONS

A. IMPACT, INSPECTION AND RE-INSPECTION FEES.

Except as otherwise provided herein, application for sewer service to any EDU shall pay an impact fee of \$2,453.00 for each EDU and an inspection fee of \$60.00 for each building sewer as herein provided. Inspection of the building sewer shall be in accordance with Resolution No. 104, as amended. A re-inspection fee of \$60.00 will be charged for each additional inspection if District personnel must make additional visits to the site. Overtime or weekend inspections are to be discouraged and only provided in case of extreme hardship and in such case the fee shall be \$90.00 (\$60.00 plus \$30.00 per hour with a one (1) hour minimum). Inspection hours are Monday through Thursday 8:00 a.m. to 4:30 p.m., excluding holidays.

B. ILLEGAL CONNECTION.

An illegal connection is one made to the District's sewer lines without having previously filed an application for sewer service, paid the impact and inspection fees and received inspection by the District. Illegal building sewer connections discovered by the District will be charged an impact fee equal to the sum of twice the current impact fee of \$2,453.00 plus the accumulated sewer service fee. The accumulated sewer service fee shall be based on the period commencing with the issuance of a building permit or other documentary evidence of occupancy to the present.

C. SUBDIVISION/NEW DEVELOPMENT APPLICATION FEES.

Any subdivision, development or line extension review application will be accompanied by a fee of \$500.00 plus \$250.00 per lot or EDU for each application. On a case-by-case basis, District staff may adjust or establish an alternate application fee, consistent with the intent of paragraph B.2 of Resolution No. 109, as amended, to ensure coverage of costs associated with application and plan review, inspections, and other related services.

D. ESCROW DEPOSIT.

The escrow deposit to cover any outstanding project costs will be \$250.00 per lot/EDU or \$6,000.00, whichever is greater (see Resolution No. 109 for details on escrow deposit).

E. NEW DEVELOPMENT - MANHOLE REINSPECTIONS.

If the District is notified by the developer or developer's representative that the project is ready for either the preliminary or final inspection and upon either the preliminary or final inspection District personnel find deficiencies that require a re-inspection after the deficiencies have been corrected a re-inspection charge of \$65.00 plus \$10.00/manhole for each additional site visit.

F. BURIED BUILDING SEWER (LATERAL) WITHOUT DISTRICT INSPECTION.

If a new building sewer is buried without District inspection there are two (2) options for an approved inspection:

1. Re-excavate the building sewer for inspection.
2. The District will perform a closed-circuit television (CCTV) inspection to check for compliance with District standards and ensure there is no infiltration. The cost for this CCTV inspection is \$400.00.

SECTION 3: BILLING POLICIES

A. BASIC RATE - SEWER SERVICE FEES.

The schedule of charges and fees for services rendered by the District shall be as follows:

	<u>Basic Rate Per EDU Per Month</u>
Residential, Commercial, Industrial	\$27.00
Trailers	\$22.00

The basic rate for business, commercial, industrial, etc. users discharging wastewater within the District's boundaries shall be based on 94,900 gallons of wastewater per year.

B. EXTRATERRITORIAL SERVICE FEES.

The District provides sewer collection and treatment services to a small number of properties located outside the District. These properties do not pay the Districts' property tax assessment. These properties will be assessed twice the sewer service fee paid by District's residents. They will also be assessed the impact fee charged to District residents.

For properties located in the Central Davis Sewer District sewer service fees are collected by the Central Davis Sewer District and remitted to the South Davis Sewer District. This arrangement is embodied in an Interlocal Cooperation Agreement.

	<u>Basic Rate Per EDU Per Month</u>
Extraterritorial Service Fee (EDU's Outside District Boundaries by Interlocal Cooperation Agreement)	\$54.00

C. BILLING AND PAYMENT.

Residential, business, commercial, industrial, etc. sewer service fees (flat rate) shall be billed semi-annually in advance in January for the period January 1st to June 30th, and in July for the period July 1st to December 31st. All connections made after January 1st or July 1st shall be billed on a pro-rated basis from the start of service (see Section 1.F.). Special Treatment charges shall be billed quarterly. Excess water charges shall be billed annually. Large excess water charges may be billed quarterly.

Any payment not post-marked or received at the District Office by March 31st of the following year subsequent to billing will be delinquent and processed in accordance with Item E. of this Section.

Sewer service fees and charges shall be billed to the Owner of each residential, business, commercial or industrial unit. The District will not bill or attempt to collect sewer service fees and charges from renters or lessees except in extreme circumstances to be determined on a case-by-case basis.

D. DISCONTINUANCE OF SEWER SERVICE FEES.

Any sewer service fee can be discontinued by submitting a written request to the District. Adequate proof must be furnished with the request establishing that the connection will no longer be used for discharging wastewater into District facilities. If a building has been demolished the building sewer must be permanently capped in order for sewer service fees to be discontinued. This work must be inspected by the District prior to being backfilled. If the building sewer has been backfilled without inspection and property owner does not wish to re-excavate the building sewer, the building sewer can be inspected for infiltration by CCTV at the property owner's expense (Section 2.F.2.). It must be demonstrated that the building sewer is not contributing infiltration into the public sewer. If the building sewer is contributing infiltration the property owner must take whatever steps are necessary to stop the infiltration. If the property owner is unwilling or unable to rectify the infiltration problem, the District will have this work performed and the costs will be certified to the County as a Class D tax against the property.

If the change in sewer service fees is due to a change of use in the building these changes must be the result of a physical reconfiguration, such as the elimination of restrooms, apartment units, etc. These changes must be verified by on-site inspection by the District.

The impact and inspection fee will not be refunded upon discontinuance of sewer service. Credit for the connection will be given if used within five (5) years.

E. DISPUTED BILLINGS.

Disputed billings will be reviewed by the Board of Trustees on a case-by-case basis and adjustments made as they deem proper. The Board will not consider billings older than four (4) years, counting the current year as year number one (1).

F. DELINQUENT ACCOUNTS.

The Board may from time to time and at its discretion change the method of billing sewer service charges.

The Board will use any method which is legally available to collect delinquent charges. An administration fee of \$25.00 will be charged on each delinquent account which is certified to the Treasurer or Assessor of the County as prescribed below and provided further that whenever the delinquent account shall involve charges for special treatment services exceeding \$150.00, the fee shall be increased by twelve percent (12%) of the amount of said account in excess of \$150.00.

After the account is delinquent the Board shall cause to be certified to the Treasurer or Assessor of the County in which the property is located any delinquent sewer service fees and applicable administrative fees. Immediately upon such certification, the delinquent amount and penalty shall become a Class D tax on a parity with and collectible at the same time and in the same manner as general county taxes, all as provided in Section 17B-1-902, Utah Code Annotated 1953, as amended.

G. RETURNED CHECK FEE.

A fee of \$25.00 will be charged for each returned check.

SECTION 4: ACCESSORY DWELLING UNITS

The term “accessory dwelling unit” (ADU) shall include any dwelling 1) within or attached to a single-family residential building, or 2) within a detached accessory structure associated with a single-family dwelling that has its own eating, sleeping and sanitation facilities. These may be further defined by the municipal code of the cities within the District’s boundaries.

A. TRACKING.

Because ADUs are permitted or otherwise authorized by the city in which the ADU is located, the District shall request and use lists of registered ADUs provided by the cities for tracking and billing. Updated lists will generally be requested at least semi-annually.

B. IMPACT AND INSPECTION FEES.

The District shall not charge an impact fee for an ADU. Notwithstanding the foregoing, the property owner shall be required to pay an inspection fee for any portion of the building sewer to serve the ADU outside of the building foundation in accordance with Section 2.A. This requirement applies to work associated with connections to the existing building sewer for the primary residence or connection of a separate building sewer directly to the District’s public sewer line.

C. SEWER SERVICE FEES.

The property owner shall be billed for two (2) EDUs at the basic rate for residential users. Billing for two (2) EDUs shall remain in effect until records provided by the city in which the ADU is located show the property no longer has a registered ADU. The District may consider exceptions to this policy on a case-by-case basis.

D. DETACHED ACCESSORY DWELLING UNITS.

For a detached ADU, the property owner shall have the option of connecting to the existing building sewer for the primary residence or connecting a separate building sewer directly to the District’s public sewer line.

In the event that a detached ADU is connected to the existing building sewer for the primary residence, the District shall require the property owner to execute and record a Notice of Warning (Building Sewer Standards Waiver) in accordance with Resolution No. 104, as amended.

SECTION 5: EXCESS WATER & SPECIAL TREATMENT CHARGES

The following schedule of charges and fees for special treatment services furnished by the District shall be charged and collected by the District as follows:

A. BUSINESS, COMMERCIAL AND INDUSTRIAL EXCESS WATER USERS.

For all water used on the premises of any single non-residential account (defined as any user including schools, churches, business, commercial, industrial, etc. regardless of the number of building sewers) and discharged into the public sewer in excess of 94,900 gallons per EDU as evidenced by water metered to said user by the municipality or utility furnishing such water service or by actual measurement of the wastewater, the District shall bill annually in November for water used from the previous October 1st to September 30th and collect the sum of \$1.60 per 1,000 gallons for all additional water used in excess of 94,900 gallons per EDU. In the event all or a portion of the user’s water is furnished from private unmetered sources or a portion of the water

used does not enter as wastewater (at the option of the District or the user) the volume of wastewater discharged in the building sewer shall be determined by the installation of a suitable measuring device installed and maintained by the user and satisfactory to the District. If the user elects not to install a metering device for the wastewater then the District will use the information available from the incoming water meter or direct that a suitable measuring device be installed by the user.

Excess Water Surcharge:

\$1.60 per 1,000 gallons for all flow in excess of 94,900 gallons per EDU.

B. SPECIAL TREATMENT USERS.

Where the wastewater discharged by any single account into the public sewer exceeds the strength or character of typical domestic wastewater in the District, additional treatment charges shall be paid by the user, said charges to be in addition to any gallonage charged for volume of wastewater as set forth hereinabove, and to be determined in accordance with the schedule hereinbelow set forth.

The most common constituents requiring a surcharge are Biochemical Oxygen Demand (BOD) and/or Chemical Oxygen Demand (COD) and Total Suspended Solids (TSS). If these constituents enter the sewer system exceeding the limits allowed by the District, the following special treatment charges shall apply in addition to the basic sewer service fees and/or charges for excess wastewater volume as hereinabove mentioned.

BOD/COD/TSS:

BOD less than 300 mg/l	No Charge
COD less than 700 mg/l	No Charge
TSS less than 300 mg/l	No Charge
BOD greater than 300 mg/l	\$0.50/lb.
COD greater than 700 mg/l	\$0.50/lb.
TSS greater than 300mg/l	\$0.50/lb.

NOTE: Only one of these constituents will be surcharged, whichever is greater.

FATS/OIL/GREASE (FOG): (These limits are enforced under the District's Industrial Pretreatment Program/Resolution No. 123.)

FOG will not be surcharged. The cost of treating these materials is incorporated into the BOD surcharges above.

Limits for petroleum-based FOG are:

Monthly average not to exceed 50 mg/l.
Individual samples not to exceed 100 mg/l.

pH:

\$2.50 for the first monthly sample. No charge for additional monthly samples.

DISCHARGE PERMIT:

An annual inspection is performed by the District for each industrial user (IU) identified by the District's Industrial Pretreatment Program and a Discharge Permit issued. The annual charge for this permit is \$300.00.

INDUSTRIAL PRETREATMENT SAMPLE FEE:

The frequency of sampling is outlined in each IU's annual discharge permit. The District collects the necessary samples and forwards to the laboratory for analysis. Each IU receives a copy of the laboratory analysis. The laboratory analysis costs are passed on to each IU without additional charge. The sample collection fee is charged per sample date/event as follows:

Category 1/Significant Access Time & Sampler Setup	\$250.00
Category 2/Straight Forward Time & Sampler Setup	\$170.00
Category 3/Batch Discharge & Grab Sample Only	\$ 90.00
No Sample/Periodic Monitoring to Ensure Compliance	N/C

C. SEPTAGE.

Septage discharged to the District's facilities in accordance with the regulations found in Resolution No. 123, will be charged \$25.00 per 1,000 gallons with a minimum charge of \$25.00 per load. In addition, any special sampling costs associated with a load of septage will be billed directly to the septage hauler.

SECTION 6: BUILDING SEWER (LATERAL) LINING PROGRAM

In accordance with Resolution No. 104 (as amended), the District, with consent of the homeowner, may take responsibility for the portion of the building sewer located in public rights-of-way. When repairs to this portion of the building sewer are needed the District's preferred repair method is cured-in-place-pipe (CIPP). The District has the equipment and expertise to perform these repairs itself. Frequently when such repairs are needed the homeowner has similar problems in its portion of the building sewer. In such cases the District can reduce its costs and assist the homeowner by lining the homeowner's portion of the building sewer at the same time as that portion located in the public right-of-way. The terms for lining the private property portion of the building sewer are:

- The District is allowed to excavate on the homeowner's property to access the building sewer for both repairs.
- The District will restore to its original condition grass, plantings, sprinkler system or other improvements that have been disturbed during excavation.
- The homeowner agrees to pay for the cost of materials for the repair to their portion of the building sewer. The amount to be determined by examining invoices for bulk materials from time to time.

This policy does not extend to properties in developments with private roadways, condominium or apartment complexes, rented single-family residences or industrial or commercial properties.

SECTION 7: ACTIVE-DUTY MILITARY SEWER SERVICE WAIVER PROGRAM

The District recognizes the great service and sacrifice performed for our community and our nation by members of our military. The District also recognizes that active-duty deployment can cause financial hardships for military families. Therefore, the District has approved waiving sewer service fees for heads-of-households who are deployed on military duty. The following guidelines must be met to claim the waiver of sewer service fees:

- The utility account must be in the name of the military member or the spouse of the member.
- A copy of the deployment orders must be presented at the District's Office.
- A "Military Sewer Service Fee Waiver" application must be completed.
- The waiver will be issued for a 12-month period or until deactivation. It is the customer's responsibility to renew the waiver if needed.
- The fee waiver includes only the base rate for sewer service. Impact fees, project fees, lateral lining fees and other fees still apply.
- Customer agrees to notify the District immediately upon deactivation of deployment.

SECTION 8: SEPTIC TANK PROGRAM

There are still some properties in the District that are served by septic tanks. Connecting to the District's sewer system is often a hardship for these properties. These properties have paid the District's property tax assessment for many years. In recognition of this contribution the District offers these property owners assistance as follows:

- The District will finance the cost of construction to connect to the District's system and the cost of the impact fee required to connect to the system.
- The terms are a 30-year interest free loan.
- This obligation must be reflected in a lien agreement recorded with Davis County.
- This lien must be paid in full upon any change in ownership.
- The District will allow one subordination.

SECTION 9: EQUIPMENT CHARGES

In the event a governmental entity, contractor or private individual is experiencing problems affecting the collection system or treatment plants, the solution of which is in the best interest of the District, the General Manager is authorized to make District equipment available on a limited basis. The following schedule of charges and fees shall govern the use of District equipment and shall be subject to increase and revision from time to time as may be necessary:

1. TV UNIT w/1 Operator (2 Hr. Min.)	\$ 250.00/Hr.
2. JET/VAC UNIT w/2 Operators (2 Hr. Min.)	\$ 250.00/Hr.
3. MINIJETTER w/1 Operator (2 Hr. Min.)	\$ 345.00/Hr.
4. LATERAL CAMERA:	\$ 310.00/Hr.
5. LARGE EXCAVATOR w/1 Operator:	\$1,500.00/Day
6. MINI EXCAVATOR w/1 Operator:	\$ 900.00/Day
7. FRONT END LOADER w/1 Operator:	\$1,440.00/Day
8. DUMP TRUCK (includes Operator):	\$ 125.00/Hr.
9. 1-TON OR BOBTAIL TRUCK w/1 Operator:	\$ 115.00/Hr.
10. CEMENT TRUCK w/1 Operator:	\$ 125.00/Hr.
11. TADANO 33-TON CRANE w/1 Operator (4 Hr. Min.)	\$ 250.00/Hr.
12. FORKLIFT w/1 Operator:	\$ 100.00/Hr.
13. JACKHAMMER w/AIR COMPRESSOR w/1 Operator:	\$ 90.00/Hr.
14. TOOL TRUCK and/or TRAILER:	\$ 35.00/Hr.
15. LABORER	\$ 65.00/Hr.
16. GENERATORS:	
a. 30 KW (24 HR)	\$ 425.00/Day
b. 150 KW (24 HR)	\$1,115.00/Day
17. 8" SUBMERSIBLE PUMP (Electric Bypass w/1 Operator):	\$ 715.00/Day
18. 6" PUMP (Trailer Mount) w/1 Operator:	\$ 860.00 Day
19. 3" PUMP (Trash) w/1 Operator:	\$ 575.00/Day
20. ALUMINUM PIPING (all bypass hoses & clamps) (per week)	\$ 16.00/20-ft. Section

Date of Issuance: 6/8/26

Effective Date: 6/8/26

Owner: South Davis Sewer District

Owner's Contract No.:

Contractor: ALDER Construction

Contractor's Project No.:

Engineer: AQUA Engineering

Engineer's Project No.: 001709

Project: North Plant Upgrade

Contract Name:

The Contract is modified as follows upon execution of this Change Order:

Description: This Change Order includes the following Items:

- Revision to the HVAC units serving the Blower Building to accommodate revised ductwork routing and mounting orientation resulting from conflicts between the unit size and roof joists.
- Credit for providing the Clarifier #4 bridge with a galvanized finish in lieu of the specified coating system.
- Cost to insulate all blower air piping from the Blower Building to the wall penetrations prior to entering the MBBR tanks.
- Relocation of the Dewatering Building HVAC split unit from the roof to the east side of the building.
- Installation of conduits at the chemical tank pad to accommodate a future option for heat tracing of the Headworks chemical tanks.
- Installation of revised louvers sized to match the wall openings in the Blower Building and Dewatering Building.
- Installation of additional spare conduits stubbed from the new switchgear, network panel, and lighting panel for future use, with conduits extending beyond the concrete pad and capped.

Attachments: The change order backup documents from Alder have been attached along with a cost summary spreadsheet.
