Planning Commission Meeting Regular Minutes
Thursday, June 4, 2026
South Salt Lake Council Chambers
220 East Morris Avenue
Time: 7:00 PM

Commission Members Present:	Jeremy Carter, Chair Kathy Self Suzanne Slifka Mary Anna Southey Olivia Spencer
Staff Members Present:	Jonathan Weidenhamer, Community Development Director Brieanne Brass, Deputy City Attorney Eliza Ungricht, Deputy Director Spencer Cawley, Senior City Planner Jed Shum, City Planner
Other Attendees:	Fred Cox Patrick Wong Jason Terry Sara Jenson Gary Ballentine Eileen Rojas Kendra Babitz Blake Wellard Victoria _____ Michael Stevenson (via Zoom) Bruce Moore (via Zoom) Matt Connolly (via Zoom) Patrick Yu (via Zoom) Ryan Graycheck (via Zoom) Ben Langston (via Zoom) Mike Doran (via Zoom)

Chair Jeremy Carter called the Planning Commission Meeting to order at 7:00 PM.

PLANNING COMMISSION MEETING

Pledge of Allegiance:	**Commissioner Spencer**
Motion to Approve Agenda:	
Motion:	**Commissioner Southey**
Second:	**Commissioner Self**

Vote: **Commissioner Self – Yes;**
Commissioner Southey – Yes;
Commissioner Slifka– Yes;
Commissioner Spencer– Yes;
Chair Carter – Yes.

The vote was unanimous.

STAFF BUSINESS – INFORMATION ITEMS

1. Online Training.

Deputy Community Development Director, Eliza Ungricht, reported that she emailed information on online training to each Commissioner, including training on the mandatory Open and Public Meetings Act and other topics. She asked that they inform her when each training was completed so she could accurately track their hours.

2. Planning Commission Applications.

Ms. Ungricht reported that there were two open Planning Commission seats. They were specifically looking for representation from Districts 2, 4, and 5, but anyone interested in joining could apply on the City website. She would forward a link to the application to the Commission.

PLANNING COMMISSION BUSINESS

1. Approval of the May 7, 2026, Planning Commission Work Meeting Minutes. ACTION ITEM

Motion to APPROVE the May 7, 2026, Planning Commission Work Meeting Minutes:

Motion: **Commissioner Self**

Second: **Commissioner Spencer**

Vote: **Commissioner Self – Yes;**
Commissioner Southey – Yes;
Commissioner Slifka– Yes;
Commissioner Spencer– Yes;
Chair Carter – Yes.

The vote was unanimous.

2. Approval of the May 7, 2026, Planning Commission Minutes.
ACTION ITEM

Motion to APPROVE the May 7, 2026, Planning Commission Minutes:

Motion:	**Commissioner Southey**
Second:	**Commissioner Self**
Vote:	**Commissioner Self – Yes;** **Commissioner Southey – Yes;** **Commissioner Slifka– Yes;** **Commissioner Spencer– Yes;** **Chair Carter – Yes.** **The vote was unanimous.**

CONTINUING BUSINESS

1. None.

NEW BUSINESS

1. PUBLIC HEARING
An application for Preliminary Subdivision Plat for a one-lot plat, located at 3432 S State Street.
ACTION ITEM
Applicant: Fred Cox
Address: 3432 South State Street

City Planner, Jed Shum, presented the Staff Report and indicated that the application was for preliminary plat approval to plat three parcels into one at 3432 South State Street in the Commercial Corridor ("CC") Zone. A satellite image was reviewed, and Mr. Shum reported that Ichiban Sushi and Grill and Chicken Express were currently operating on two of the parcels. The purpose of the Subdivision Plat was to build a new structure at the location.

The proposed Preliminary Subdivision Plat, Site Plan, and elevations were reviewed. The Alta Survey submitted by the applicant verified that there were no outstanding easements or issues with the property. The new structure will be 2,800 total square feet, with 1,400 square feet per floor. Twelve additional parking stalls will be added for a total of 100 stalls to meet parking requirements. The building will maintain the design style of the existing Ichiban Sushi and Grill restaurant. All site landscaping will be brought up to current landscaping standards.

Staff determined that the amendment met the Following General Plan considerations:

- Economic Development Goal 3: Continue to support existing and future businesses through the City's partnership with the South Salt Lake Chamber of commerce and comprehensive business retention and recruitment program.
    - The plat application allows the landowner of 3432 South State Street to build a new commercial structure, to increase local opportunities, development density, and local destinations.

Based upon the information submitted in the application, supporting documentation, and analysis of the relevant code sections and general plan goals, Staff recommends the Planning Commission move to approve the preliminary subdivision plat amendment to plat three parcels into one lot located at 3432 South State Street, based on the Findings of Fact, Conclusions of Law, and Conditions of Approval for the subdivision in the Staff Report. The Planning Commission had the option to approve, deny, or continue the item.

In response to a question from Chair Carter, Mr. Shum confirmed that the lots in question were 101005, 101006, and 101023.

The applicant, Fred Cox was present behalf of the property owner. Ichiban Sushi and Grill and Chicken Express will continue operating at the location. The landscape areas around the buildings will be increased slightly and the driveways combined, which will add more parking in front of Chicken Express. Additional landscaping will also be installed along State Street. The potential tenant for the main floor of the proposed new building was a barber shop.

Chair Carter opened the public hearing. There were no comments. The public hearing was closed.

Motion to APPROVE the application by Fred Cox, for a Preliminary Subdivision Plat to create one lot located at 3432 South State Street, based on the following:

Findings of Fact:

1. **On July 29, 2025, Fred Cox submitted a Plat Application to plat parcels 16-31-101-005-0000, 16-31-101-023-0000, and 16-31-101-006-0000.**

2. **The purpose of the proposed subdivision plat amendment is to plat the parcel for a new commercial building.**

3. **The subject location 3432 S State St is in the Commercial Corridor (CC) and Commercial General (CG) land use district.**

4. **The total development area of the three (3) lots is 1.38 acres.**

5. **The minimum acreage requirement in the CC land use district is 1 acre.**

6. **Section 17.07.010 of the South Salt Lake Municipal Code states that new buildings are required to comply with all IBC, IFC, development, and design standards.**

7. **No impact is expected as part of the business on environmentally sensitive lands. There is no environmentally sensitive land on site.**

8. **No specific hazards or adverse impacts are expected due to the proposed use.**

9. **Commercial uses such as "Office", "Restaurant", "Retail" land uses are permitted in the CC land use district.**

10. **Staff have reviewed this subdivision application for compliance with South Salt Lake Municipal Code Sections 17.10.120, 17.10.130, 17.10.140, 17.10.150, 17.10.160, 17.10.170, 17.10.180, 17.10.190 and 17.10.200, and found that this subdivision application is compliant with this section, as o**utlined above.

Conclusions of Law:

1. **The plat and proposed use, as specifically conditioned below, is consistent with the South Salt Lake City General Plan.**

2. **The plat and proposed use, as specifically conditioned below, is compatible in use, scale, and design with allowed uses in the CC district.**

3. **The plat and proposed use, as specifically conditioned below, does not compromise the health, safety, or welfare of: Persons employed within or using the proposed development; Those residing or working in the vicinity of the proposed use or development; or Property or improvements in the vicinity of the proposed use or development.**

4. **The plat and proposed use, as specifically conditioned below, does not impose disproportionate burdens on the citizens of the city.**

Conditions of Approval:

1. **The applicant will continue to work with City staff to make all technical corrections necessary prior to recording;**

2. **Prior to plat recordation and any additional development of the subsequent lot, the applicant must provide city staff the final plat mylar to include notarized signatures of owners' consent to dedication; obtain signatures of all entities indicated on the subdivision plat attached hereto;**

3. **The applicant shall complete (or post an adequate improvement completion assurance), warrant and post required warranty assurance for all required landscaping and public infrastructure improvements including street lights;**

4. **The curb cuts along State Street shall be consolidated per the approved Site Plan;**

5. **The applicant shall ensure that all site improvements are installed consistent with the requirements of the South Salt Lake City Municipal Code;**

6. **The applicant shall dedicate a 10' foot public utility easement to the City of South Salt Lake for purposes of storm water management practices and ensure the plat includes language of the dedication of such easement, in a form as approved by the City Attorney's Office;**

7. **The proposed development shall meet all requirements of the South Salt Lake Community Development Department, South Salt Lake Fire Marshal, the South Salt Lake Building Official, and the South Salt Lake Engineering Department;**

8. **The applicant shall comply with all applicable International Building Codes and International Fire Codes and must obtain and complete a South Salt Lake building permit;**

9. **The applicant shall record the plat with the Salt Lake County Recorder's Office within two years of receiving final plat approval or the applicant elects to install Infrastructure Improvements prior to Plat recordation, the applicant shall have applied for the proper permits, deposited a 10% Warranty Assurance and be actively working on the issued permit;**

10. **All utilities shall be undergrounded.**

11. **All items of the Staff Report.**

Motion: **Commissioner Southey_**

Second: **Commissioner Self**

Vote: **Commissioner Self – Yes;**
Commissioner Southey – Yes;
Commissioner Slifka– Yes;
Commissioner Spencer– Yes;
Chair Carter – Yes.

The vote was unanimous.

2. PUBLIC HEARING

An application for preliminary subdivision plat approval consolidating seven parcels into a one-lot subdivision, and vacating lots 11-23 of the Longview Park Subdivision.

ACTION ITEM

Applicant: SLC OPC Land, LLC
Address: 3711 South State Street

Senior City Planner, Spencer Cawley, presented the Staff Report and indicated that the subject property is located at 3711 South State Street in the CC Zone. The site had primarily been utilized for automotive uses since the late 1970s. A recreational vehicle dealership closed in 2024, and a car rental business was currently operating on the northern portion of the property. The proposed lot would have four points of access on State Street, Helm Avenue, 200 East, and Secord Street.

The proposal would combine seven existing parcels into one 8.144-acre lot. In order to do so, lots from the 1910 Longview Park Addition must be vacated. The plat would also correct a Salt Lake County recording discrepancy on the 200 East right-of-way. The applicant intended to construct a 113,000-square-foot United States Department of Veterans Affairs ("VA") outpatient clinic.

Mr. Cawley reported that, as conditioned, the one-lot subdivision would comply with CC Zoning District requirements outlined in § 17.03.050 of the Land Use and Development Ordinance. An outpatient clinic or medical office is a permitted use in the CC Zone, and the proposal complied with lot size and large-format commercial building form requirements. The proposed height was 34 feet with a parapet to screen rooftop mechanical equipment. Setbacks would comply as conditioned.

The proposal complied with parking ratio requirements specified in § 17.06.160. A total of 451 off-street parking spaces was required, and 600 were proposed with 362 garage and 238 surface spaces. Parking for 24 bicycles was required, and 26 were proposed.

The proposed Subdivision Plat, as conditioned, complied with the following requirements of § 17.10, Subdivision and Platting:

1. § 17.10.120 – Requirements for Improvements & Design.
   - The petition complies.

2. § 17.10.140 – Subdivision Development Lot Standards.
   - The Applicant shall ensure that driveways are designed and arranged to avoid vehicles backing onto surrounding Streets.

3. § 17.10.160 – Drainage, Storm Sewers, and Stormwater Facilities.
   - Approval of the Subdivision is contingent upon Compliance with the City Engineer's review for this standard.

4. § 17.10.170 – Water Facilities.
   - The final civil plans for the project shall show the location of all fire hydrants and all water and storage supply improvements.

5. § 17.10.180 – Sewer Facilities.
    - The Applicant shall install sanitary sewer facilities as required by Mt. Olympus Improvement District.
    - The Applicant shall ensure sanitary sewer facilities connect with the public sanitary sewer at sizes required by Mt. Olympus Improvement District.

6. § 17.10.190 – Utilities.
    - All utilities shall be located underground.

7. § 17.10.200 – Sidewalks, Trails, and Bike Paths
    - The proposed Subdivision complies with the Standard Road Profiles for State Street, Helm Avenue, 200 East, and Secord Street. A discrepancy with the 200 East ROW and the Salt Lake County Assessor's Map will be resolved when the Subdivision Plat is recorded. The Applicant has dedicated 4,535 square feet of 200 East to South Salt Lake.

The proposed Subdivision Plat was reviewed. An existing public utility easement near Secord Street will remain, and a proposed new public utility easement would run along the south, west, and north sides of the property.

Due to the subject property's proximity to a residential district, the applicant was required to provide a traffic study. Traffic was expected to increase by approximately 47% during peak morning and evening hours. The study determined that several access improvements should be made, and it was Staff's recommendation that they be included as Conditions of Approval.

1. Construct right-in/right-out driveways and install appropriate stop signs along State Street.

2. Construct a full-access driveway with appropriate signage along Secord Street, to the satisfaction of the Fire Marshal.

3. Construct a full-access driveway with appropriate signage along 200 East.

As conditioned, the proposal complied with landscape standards outlined in § 17.06.300. A number of trees will be removed from the site, and City Code requires that each non-invasive/non-noxious tree be replaced with at least four other trees with a minimum caliper of four inches. The applicant's arborist inventoried 428 trees, of which 401 were invasive or noxious. Based on City requirements, a total of 108 trees would need to be installed to replace the 27 non-invasive trees being removed. The applicant proposed installation of 118 trees.

State Code requires good cause to vacate lots, and Staff determined that there was good cause to vacate Lots 11 through 23 of the Longview Park Addition Subdivision due to the following:

- No public street or municipal utility or easement has been vacated or amended.

- There is good cause for the vacation or amendment because doing so would allow development of the site to support the health and wellbeing of a vulnerable population in and around South Salt Lake City. The proposed subdivision aligns with the goals of the General Plan, utilizes best planning practices, and protects the health, safety, and welfare of the community. Furthermore, the vacation does not vacate or amend any public street, municipal utility, or easement.

Public notice was published on the City website and Utah Public Notice website and posted at the site. Courtesy notices were mailed to property owners within 600 feet of the subject property on May 22, 2026. Public comments were received prior to the meeting and provided to the Planning Commission as part of the official record.

Matt Connolly of Molasky Development spoke on behalf of the applicant, SSLC OPC Venture LLC, which was selected in 2025 to build a clinic and lease it back to the VA. The Salt Lake City clinic will be part of the Sergeant First Class Heath Robinson Honoring our Promise to Address Comprehensive Toxics ("PACT") Act of 2022, which approved 30 clinics throughout the country to bring community care to veterans.

Lead architect, Bruce Moore of Perkins Eastman reviewed the Site Plan. The VA South Salt Lake Outpatient Clinic will have the following features:

- Two-stories and 109,795 gross square feet
- Approximately 90 total exam and consultation rooms
- Services will include:
    - Primary care
    - Dedicated women's clinic
    - Residency clinic
    - Dedicated tele-health
    - Outpatient laboratory, pharmacy, and prosthetics services
    - Shared medical group and conference spaces to group therapy and classes

Mr. Moore reviewed a circulation plan. The main entrances will be on State Street and Helm Avenue, with secondary access from 200 East and Secord Street. Most visitors will access the clinic from State Street. A dedicated ambulance pickup is located on the 200 East side of the building, and a loading dock will be accessed from Secord Street. Staff parking will be in the rear lot and parking structure.

Concept renderings were reviewed. The façade will consist of masonry and metal panel construction with large expanses of curtain wall that are reflective of the region. The main entrance will include a drop-off area near the women's clinic.

Lead designer, Michael Stevenson reported that the design placed a high priority on intuit movement and safe, convenient drop-offs. The parking structure was needed to meet parking count requirements, and it was important that the structure be visible from the main entrances. There will be a clear line-of-sight and movement from the entry to the drop-off and parking areas. The building's architectural emphasis is on State Street, with a large graphic that clearly identifies the

building. The entrance will have a two-story glass feature and canopy. Mr. Moore noted that the east elevation includes a staff entrance and ambulance pick-up area. The parking structure will be perforated metal in colors that complement the region.

Chair Carter asked if the property would be tax exempt. Mr. Conolly reported that the privately developed and owned facility will be leased to the VA, and to his knowledge it was not tax exempt.

Commissioner Slifka asked if 600 parking spaces will be adequate for both patients and visitors. Mr. Cawley reported that the applicant was providing more parking than required. Based on the building's square footage, only 451 spaces were required. Mr. Connolly stated that the facility would be the 12th VA clinic they had developed across the country, and parking of six spaces per 1,000 square feet was a proven ratio. Recent procurements had reduced the count to five per 1,000, so 600 spaces will be more than sufficient. In response to a follow-up question, he indicated that there was little risk of needing overflowing parking, but if so they would need to utilize public parking or public transportation.

Commissioner Slifka asked for more information on the projected 47% increase in traffic and how it would impact residents on 200 East. Mr. Moore stated that the majority of traffic should use the primary entrances on State Street and Helm Avenue. The clinic's hours of operation will be 7:30 a.m. to 5:30 p.m. Monday through Saturday, so it will be closed on evenings and Sundays and should not have significant negative impacts on the neighborhood on 200 East. Dedicated staff parking will be in the Secord Street parking lot south of the loading dock.

In response to a follow-up question from Commissioner Slifka, Mr. Moore confirmed that the rear of the parking garage will face 200 East. He displayed the east elevation of the structure and indicated that it was intended to have a low scale with landscaping extending across the façade to provide a buffer between the facility and street. Civil engineer, Michael Stevenson added that the structure is one story with an elevated second parking deck.

Commissioner Slifka asked if the sidewalk and landscaping would be up to current code. Mr. Cawley confirmed that Conditions of Approval will require that sidewalks be installed in accordance with the City's engineering standards. Existing right-of-way widths were in compliance.

Commissioner Slifka asked for information on the current population of veterans who will benefit from the facility and if there were existing facilities in the area. Mr. Connolly stated that he did not have population information but could obtain it from the VA. The VA hospital near the University of Utah provides similar services. There is also a smaller facility in West Jordan. The new facility will primarily serve the primary care and outpatient needs of veterans who previously went to the hospital for that care.

Mr. Cawley reported that the Utah Department of Transportation ("UDOT") has authority over State Street and would dictate any crosswalk or other safety improvements. There is a median in the area, so people crossing the road must use the crosswalk. Other improvements may be required by the City Engineer. Commissioner Slifka remarked that the Planning Commission had discussed how difficult it can be to cross, and people in need of care may have additional difficulty. Mr.

Cawley indicated that the applicant must obtain UDOT approval prior to moving forward, so those concerns should be addressed by UDOT.

In response to a question raised by Chair Carter, Mr. Connolly reported that demolition of the existing buildings on the site would begin within the next month, and the project was expected to be completed by mid-2028. The site would then be turned over to the VA for activation, and the first patients would likely be seen in late 2028 or early 2029.

Commissioner Spencer asked if it was a VA requirement to have so many entrances and exits. She was concerned about traffic on Helm Avenue and 200 East as they are residential streets and there are homes directly across the street from the subject property. The property was currently fenced off and could not be accessed from 200 East. Mr. Cawley reported that code only requires an entrance on the frontage road, but the City could not limit the number of entrances.

Chair Carter remarked that there is a traffic island on Helm Avenue, so vehicles exiting there would have to turn onto Helm Avenue and disburse throughout the neighborhood. He agreed with Commissioner Spencer that it may not be a good practice for this type of use. Part of the Planning Commission's role is to mitigate impacts. If there was a way to remove the Helm Avenue entrance, that would help alleviate traffic concerns, although he understood that the most traffic would occur when the neighborhood is mostly empty. His primary concerns about the application were impacts on the neighborhood and the grove of trees. Most of the trees were undesirable, so removing them could be beneficial to the long-term health of the area. The impact of removing desirable trees would be mitigated by requiring four trees to be planted for every desirable tree that is removed.

Commissioner Spencer commented that there is a school nearby, as well as a daycare on 200 East. They have similar hours of operation, and peak times for the facility would coincide with drop-offs and pick-ups at the daycare. Because of the barrier on Helm Avenue, traffic will flow down 200 East to 3900 South.

The site circulation map was reviewed. Commissioner Slifka asked if the 200 East entrance could be restricted to ambulances only. Chair Carter remarked that entrances are sometimes for fire access only and agreed that the option would mitigate public traffic through that entrance. Deputy City Attorney, Brieanne Brass reminded the Planning Commission that they often discuss mitigating impacts of conditional uses, but the application was for a permitted use. If a petition complies with City Code, any Conditions of Approval must be tied to specific ordinances. Any conditions to mitigate traffic concerns must be tied to City Code.

Chair Carter asked if the item could be tabled to provide Staff time to review City Code for ways to mitigate impacts through traffic calming, private entrances, or other measures. Community Development Director, Jonathan Weidenhamer reported that there were no applicable ordinances. Staff worked at length with the application to determine if they would take additional measures, but they had met the intent and recommendations of the traffic study. The application met code requirements as presented. However, Staff would be pursuing additional changes to City Code to ensure that those tools are available moving forward.

Mr. Weidenhamer reported that the traffic study forecasted an existing level of service from State Street, and spreading trips out across the site was the best result they could currently achieve.

Commissioner Slifka asked if it would be possible to move the Helm Avenue access or remove the median so vehicles can exit left. Mr. Weidenhamer reported that the remedy was discussed with the City Engineer, but there are existing utilities that cannot be relocated. Commissioner Slifka asked if the entrance could be moved west toward State Street so the median does not block left turns. Mr. Cawley reported that the applicant did not own the parcels to the east and west.

Commissioner Self asked if the entrances would be closed off when the clinic is not in operation or if private security would be hired to patrol the parking lot at night. Mr. Moore stated that the VA has a robust police force that patrols its outpatient clinics during hours of operation. There will also be interior and exterior cameras throughout the site that are monitored 24 hours per day.

Commissioner Slifka asked about parking lot and garage lighting. Mr. Moore reported that the photometric analysis for the site was in alignment with South Salt Lake City Code. They spent a lot of time ensuring that they could provide the minimum foot candles requested by the VA while also making sure that the light does not spill over the property line. Light poles will be placed strategically around the site, and the parking structure will be well-lit and comply with all light trespass requirements. No light will extend past the property line. Mr. Connelly added that they could explore the option of muting lighting levels after hours. Commissioner Spencer indicated that residents would appreciate that mitigation.

Commissioner Southey stated that she was relieved the property would not be tax exempt. She appreciated that four new trees would be planted for each non-invasive tree that is removed but asked if attempts had been made to save any non-invasive trees. She also asked if a circular drive could be installed at the State Street entrance to keep traffic off of Helm Avenue.

Mr. Moore reported that they looked for opportunities to maintain the non-invasive trees where possible, especially in the staff parking area, but were unable to do so. Landscape architect, Ryan Graycheck confirmed that efforts were made to preserve the trees, but the grove was located in a designated surface parking area. Out of 401 trees on the site, only 27 were identified as non-invasive, and at least four trees would be planted for each non-invasive tree that is removed.

Commissioner Spencer asked how staff will access their entrance. Mr. Moore reported that staff can enter through the loading dock or ambulance entrance. Some employees will park on the upper level of the parking garage, and others will park in the designated staff parking area. Mr. Connolly stated that staff is not limited to a single access point. If they feel it is more convenient to access the property from State Street or Helm Avenue, they can do so. Commissioner Spencer asked if they would be able to access the parking lot from Rigdon Avenue. Mr. Connolly reported that they could use the Secord Street access from Rigdon Avenue, but the majority of traffic would be from State Street. Commissioner Spencer stated that there are homes on Rigdon Avenue, and she was concerned about increased traffic. Ms. Ungricht indicated that the Secord Street entrance and associated traffic was included in the traffic study.

In response to a question raised by Commissioner Slifka, Mr. Connolly confirmed that the parking structure will have an elevator.

Chair Carter opened the public hearing.

Jason Terry stated that he has been a resident of the City for 20 years. His home is near the proposed staff parking lot. He asked how the subject property would be separated from his parcel. His and his three neighbors' garages all face the easement, and they use it to access their garages. He understood that they were replacing the trees, but the current trees were 50 years old, and 10 saplings would not replace them. He was also curious why the trees were considered invasive, as they did not require watering. They were installing 100 extra parking spaces, and he questioned why parking was being proposed in that area if there was adequate garage and surface parking without it.

Blake Wellard stated that he is a restoration ecologist who had lived in South Salt Lake for 10 years. The trees are largely Siberian Elms, which do not have legal noxious weed status in Utah. The word "invasive" was being used incorrectly as there was no legal mandate to remove them. The trees will be difficult to replace. They do not need supplemental water, which is why they are so successful in Utah's climate.

Sara Jensen stated that she lives on Helm Avenue and was concerned about the Helm Avenue entrance. The median is covered during heavy snow, and drivers who are unfamiliar with the area try to jump it and bottom out. She believes that will be a much bigger problem with people exiting the clinic. She recommended that the project be designed to eliminate that exit. If vehicles turn right onto Helm Avenue, they will travel through the residential area, past the daycare and school. If they try to jump the curb, it will stop traffic for hours.

Gary Ballentine stated that he lives on 200 East across from the proposed parking structure. He asked about the garage height. He understood that property was previously contaminated by petroleum and they planned to inject something into the ground to mitigate it, and he was concerned because he has a spring on his property and groundwater from the immediate area flows into his yard. He was also concerned about traffic. It will be tempting for people to exit onto Helm Avenue or 200 East and travel south to the light at 3900 South. It is difficult to turn onto State Street without a traffic signal, so a lot of people will take that route through the neighborhood.

Kendra Babitz stated that she is a long-time resident of the City who recently moved to 200 East. She asked if emergency care was being provided at the clinic, and if so whether that would result in increased speeds, light pollution, and noise pollution on 200 East. She lives directly across from the stand of trees, which act as both a noise buffer and wildlife habitat, and removing the trees would reduce quality of life in the area.

Victoria _____ stated that she lives on 200 East and was concerned about parking. There were already issues with resident and non-resident vehicles and high speeds. The area was very dark, and she asked if the project would add lighting to the street or only to the clinic. She also asked if patients would stay at the clinic or if it would only operate during daytime hours, as well as how the parking lot would be monitored after hours.

Eileen Rojas stated that she and her husband own 3763 Secord Street, adjacent to the grove of trees. Her biggest concern was traffic and parking Secord Street. She was also curious about any planned improvements for the area. Removal of the wildlife habitat in the grove of trees may affect nearby residences and businesses. She was concerned about safety during construction and outside of business hours.

There were no further comments. The public hearing was closed.

Chair Carter encouraged residents to contact Director of Neighborhoods, Sharen Hauri for more information on the types of trees the City requires. He asked the applicant to respond to other questions.

Mr. Moore stated that the ambulance area will be for pick-ups and staff entry only. Its primary purpose is to be able to quickly move a patient to an emergency vehicle if necessary, and it will not be used for drop-offs. Surgical or invasive procedures will not be offered at the clinic. Hours of operation are 7:30 a.m. to 5:30 p.m. Monday through Saturday with no overnight stays. Mr. Connolly added that janitorial staff may be onsite after hours, but the building will close at 5:30 p.m.

In response to a question from Chair Carter, Mr. Cawley reported that the alleyway near the stand of trees was not being vacated, so those residents will still have access to their garages. No improvements to the alleyway were required by code. In response to a follow-up question from Commissioner Slifka, he reported that commercial uses are required to buffer along property lines, and buffers touching residential properties must be 10 feet with an eight-foot-tall fence.

Mr. Graycheck reported that eight canopy trees were proposed along the east property line, and the privacy fence is along the south side of the parking structure. No fence was proposed along the alleyway. In response to a question from Commissioner Slifka, he confirmed that residents would look at the buffer and parking lot.

Commissioner Slifka referred to the public comment about vehicles jumping the curb and asked if signs or other mitigation measures could be implemented. Mr. Weidenhamer stated that the concerns were realistic, and the Traffic Calming Committee can address the issue quickly. Staff and the applicant had also discussed potential improvements in the area, and he did not believe they would be opposed to adding signs.

Commissioner Slifka asked about the height of the parking structure. Mr. Stevenson confirmed that the elevated deck is 11 feet from grade or approximately 15 feet with the railing.

Regarding the comment about fuel contamination, Mr. Connolly reported that an environmental study identified where the RV business had hydraulic lifts, and the soil in the area would need to be removed. Contamination leeched to the northwest of the building, and there were no issues on the remainder of the site. A corrective action plan was in review with the State. The spring had been mapped.

Commissioner Slifka asked if the City had any plans to increase lighting on 200 East. Mr. Weidenhamer reported that the streets budget was recently increased by $4.3 million to address street lighting, but he did not know if the area was included in those plans. Staff would follow up with resident regarding her concerns. Street lighting is subjective, as some residents want more lighting and others want less. However, the City was in the process of updating its Lighting Master Plan.

Commissioner Slifka asked about safety and access during construction and residents' wildlife concerns. Chair Carter stated that when an apartment complex was built near his home, he had a mouse problem for six to 12 months.

Commissioner Spencer asked about if the City could require that the Siberian Elms remain on the property. Mr. Graycheck indicated that the February 2012 Utah Invasive Species List stated that the Siberian Elm is considered a non-native, invasive plant. All trees would be from the South Salt Lake City recommended water-efficient plant list. Commissioner Spencer stated that Mr. Wellard is a restoration ecologist, and he indicated that Siberian Elm is not an invasive species. Chair Carter stated that he has Siberian Elms in his yard that he must cut back every year because they grow like weeds, and they are an invasive species in North America. Ms. Ungricht reported that Ms. Hauri reviewed the plan and agreed that, while it is unfortunate to remove so many mature trees, they are an invasive species and should be replaced. The proposal also met landscaping code.

Commissioner Spencer remarked that it can be difficult to turn left onto 3900 South from 200 East, and the daycare is located at that intersection.

Commissioner Slifka asked about access to existing businesses during construction. Mr. Moore stated that all construction will be contained within the property, and they anticipated limited access to the site during construction.

Motion to TABLE the application by SSLC OPC Venture, LLC for a Preliminary Subdivision Plat for a One-Lot Subdivision located at 3711 South State Street to a date certain to allow the Applicant and Staff time to respond to specific inquiries or concerns raised by the Planning Commission, or to allow the Planning Commission more time to consider the proposal.

Motion:	**Commissioner Spencer**
Second:	**Commissioner Slifka**
Vote:	**Commissioner Self – Yes;** **Commissioner Southey – Yes;** **Commissioner Slifka– Yes;** **Commissioner Spencer– Yes;** **Chair Carter – No.** **The vote was 4-to-1 in favor.**

Commissioner Spencer directed Staff to address traffic concerns expressed by residents, including entrances and exits on multiple streets and how they will impact residents. The Planning Commission had also brought up concerns about trees, although she understood that that issue could no longer be addressed. Her primary concern was safety for residents. Chair Carter asked if Ms. Hauri could attend the next meeting to discuss the tree issue. Ms. Ungricht reported that City Code calls for removal of any invasive or noxious tree.

Commissioner Slifka stated that she would like more information on what residents can expect to see in the area of the staff parking lot, including the mature tree height. She was also concerned about traffic patterns as all vehicles must exit right from three access points, and would like to see suggestions for mitigation. Commissioner Spencer requested a concept rendering of what the parking structure will look like from 200 East indicating actual materials that will be used. Mr. Graycheck stated that along the alley, there will be a mix of deciduous trees, deciduous and evergreen shrubs, and ornamental grasses. The mature trees will be between 20 and 80 feet in height.

Chair Carter stated that renderings would be very helpful for both the Planning Commission and the public. He requested that the renderings include the anticipated 10-year tree height for all buffers that face residences.

Commissioner Slifka stated that photographs of similar existing structures would be helpful.

In response to a question raised by Commissioner Spencer, Ms. Brass clarified that the City cannot impose conditions that are not tied to an ordinance. If the application complies with all ordinances, restrictions on access points cannot be imposed as a condition.

Commissioner Slifka stated that she originally thought the small plot of land between the parking lot and Helm Avenue would be a good meeting area for patients and their families, but the clinic was outpatient only so the area would likely go unused.

Chair Carter reported that, per Planning Commission vote, the item would be tabled to the June 18, 2026 Planning Commission meeting for further discussion. The public was invited to attend the hearing, but no comments would be taken.

Motion to ADJOURN the Planning Commission Meeting:

Motion:	**Commissioner Southey**
Second:	**Commissioner Spencer**
Vote:	**Commissioner Self – Yes;** **Commissioner Southey – Yes;** **Commissioner Slifka– Yes;** **Commissioner Spencer– Yes;** **Chair Carter – Yes.**

The vote was unanimous.

The Planning Commission Meeting adjourned at 8:51 PM.

PLANNING COMMISSION STAFF REPORT

MEETING DATE:	June 04, 2026
PROJECT NUMBER:	S25-00011
REQUEST:	An application for approval of a preliminary subdivision plat amendment to plat three (3) parcels located at 3432 S State St.
ADDRESS:	3432 S State St.
PARCEL NUMBER:	16-31-101-005-0000, 16-31-101-023-0000, and 16-31-101-006-0000.
PROPERTY OWNER:	WANG'S INVESTMENT LLC
APPLICANT:	Fred Cox
TYPE OF APPLICATION:	Administrative – Subdivision Plat Approval

SYNOPSIS:

On July 29, 2025, Fred Cox submitted a Plat Application to plat three (3) parcels. The parcel numbers are 16-31-101-005-0000, 16-31-101-023-0000, and 16-31-101-006-0000. The current land use districts of the parcels are Commercial Corridor (CC) and Commercial General (CG). The address for the project is 3432 S State St, currently there are two operating restaurants within the parcels. This plat application is to plat and combine the existing parcels, so the landowner can build a new commercial building on the parcel. Mainly, commercial uses surround the property. The subject parcel currently subject to right of way easements in favor of Utah Power and Light Company and Mountain States Telephone and Telegraph Company, Cross-Access Easement to Utah Department of Transportation (UDOT). The proposed consolidated lot will be approximately 1.38 acres, meeting the minimum one (1) acre lot size requirement in the Commercial Corridor (CC) Land Use District.

The Planning Commission is the land use authority over all Plat Applications.

STAFF RECOMMENDATION:

Staff recommend approval for a preliminary subdivision plat amendment to plat one parcel.

EXISTING ZONING	EXISTING LAND USE	SURROUND ZONING	SIZE OF PROPERTY
CC, CG	Commercial	North – CC South – CC East – CC West – CG	1.38 acres

PLANNING COMMISSION STAFF REPORT

GENERAL INFORMATION:

Location: 3432 S State St.

Parcel Size: 1.38 acres after consolidation

Surrounding Land Use Districts: North – CC
South – CC
East – CC
West – CG

Figure 1: Existing Parcel Lines

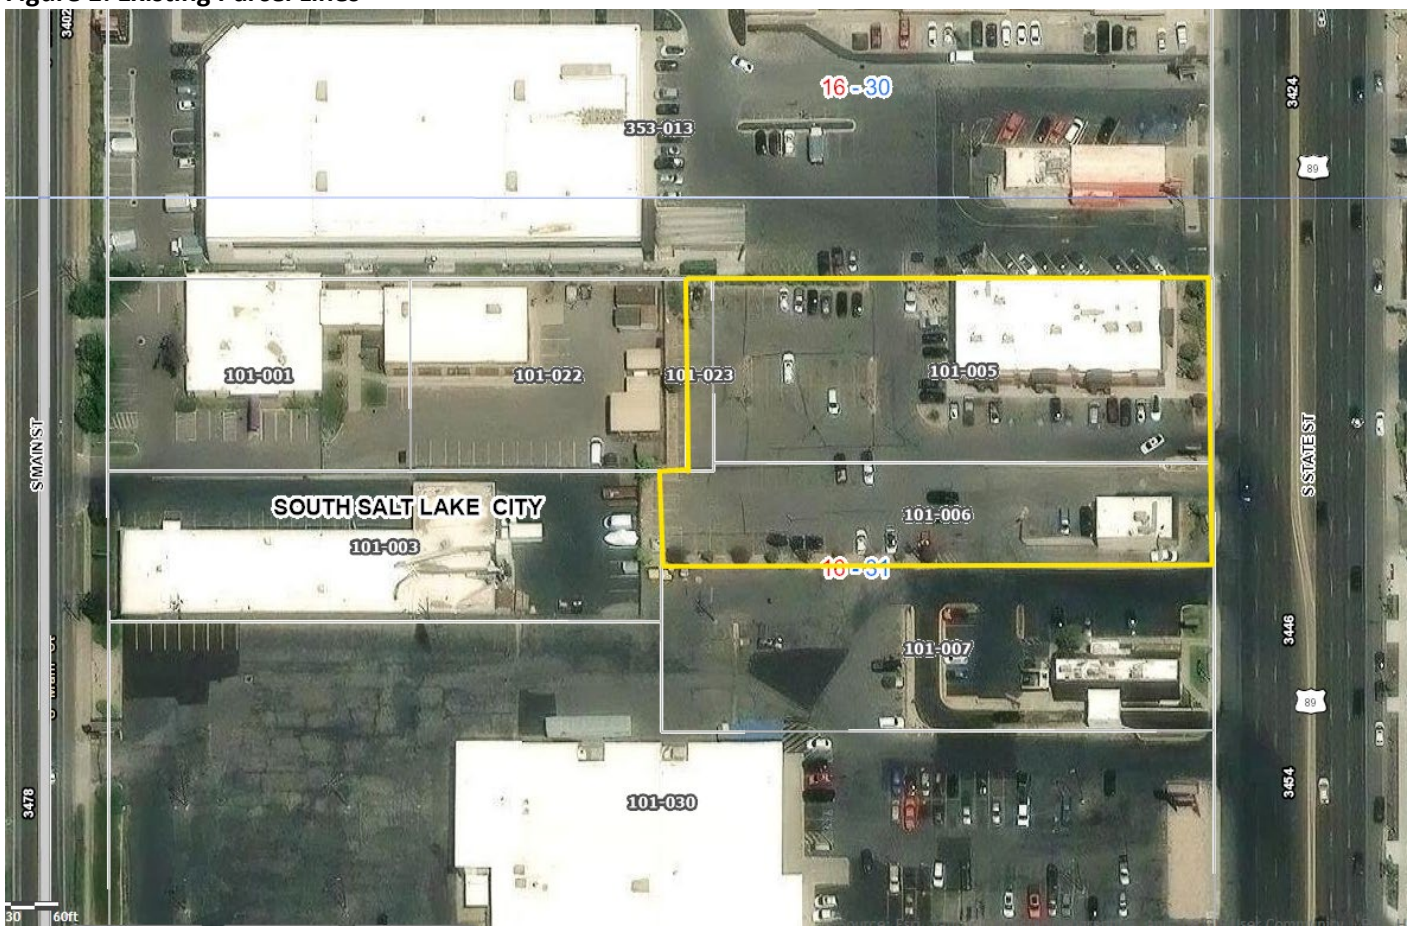

Figure 2: Existing Condition (120 E Spencer)

Figure 4: Proposed Preliminary Plat

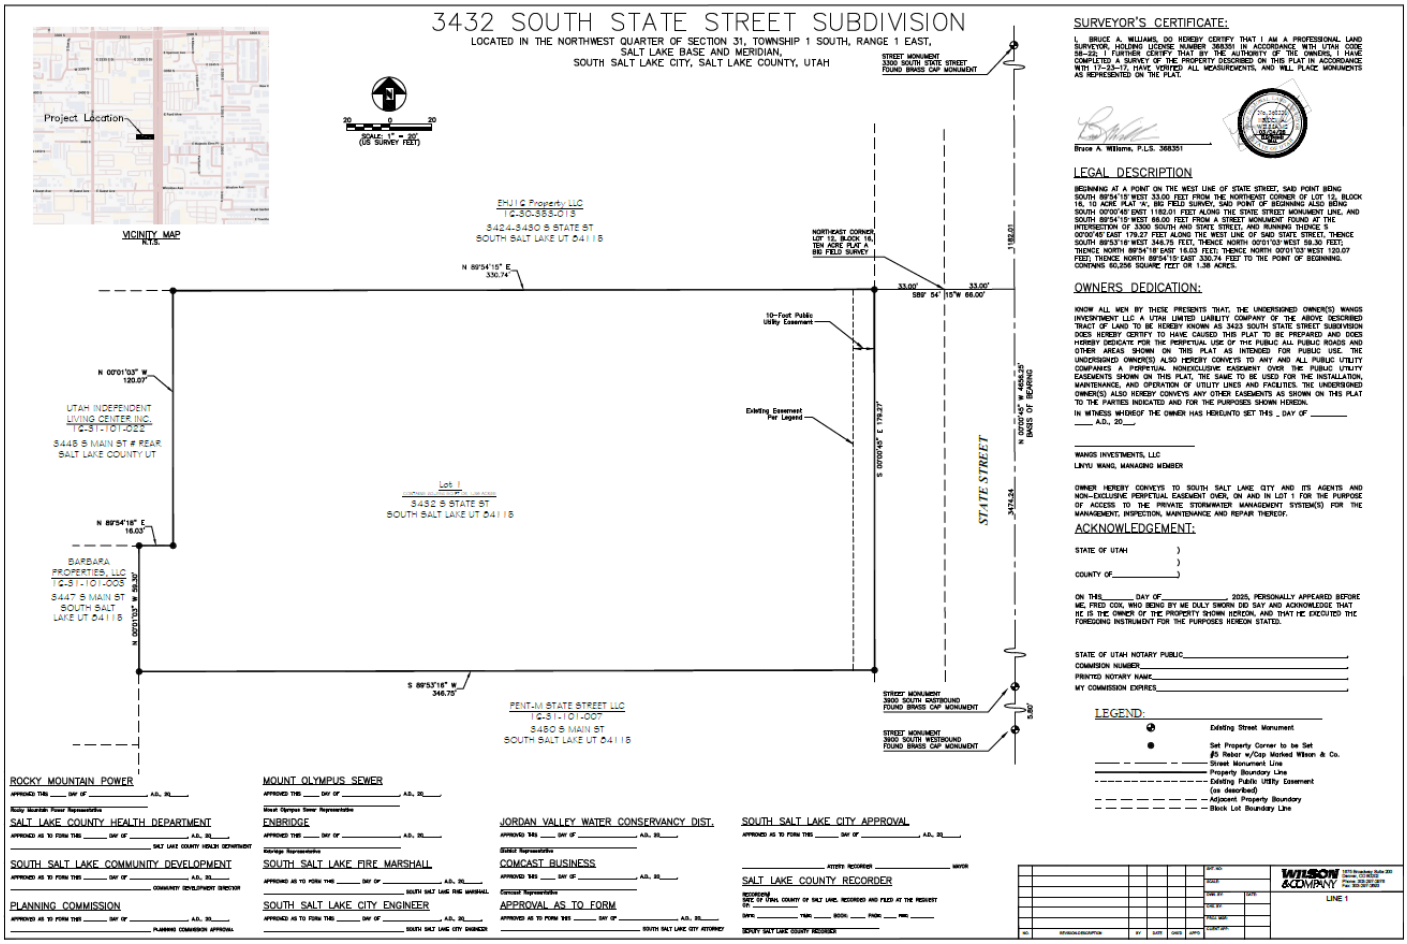

Figure 5: Site Plan

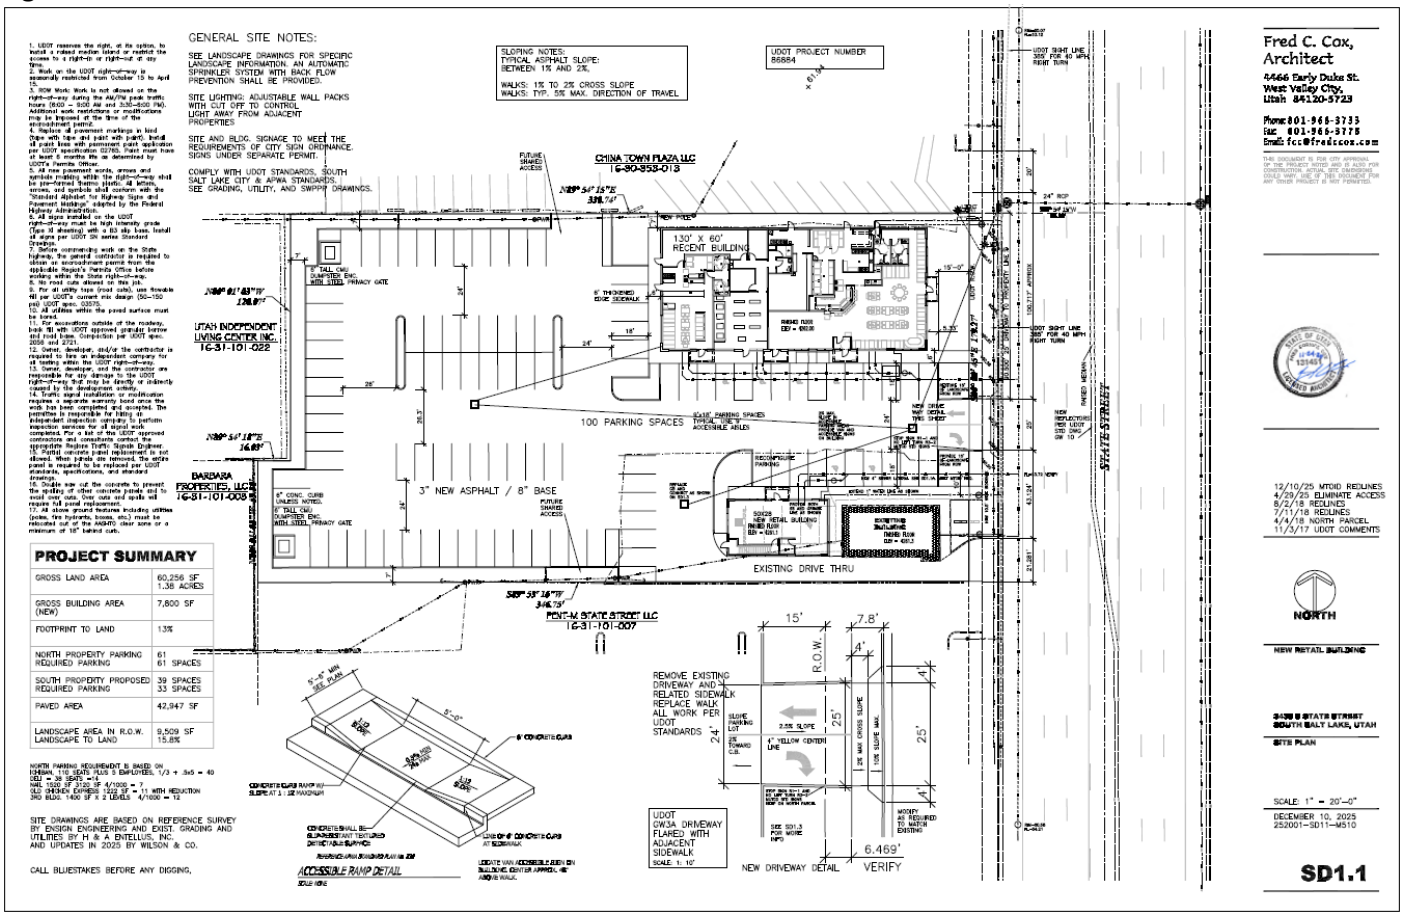

Figure 6: Alta Survey

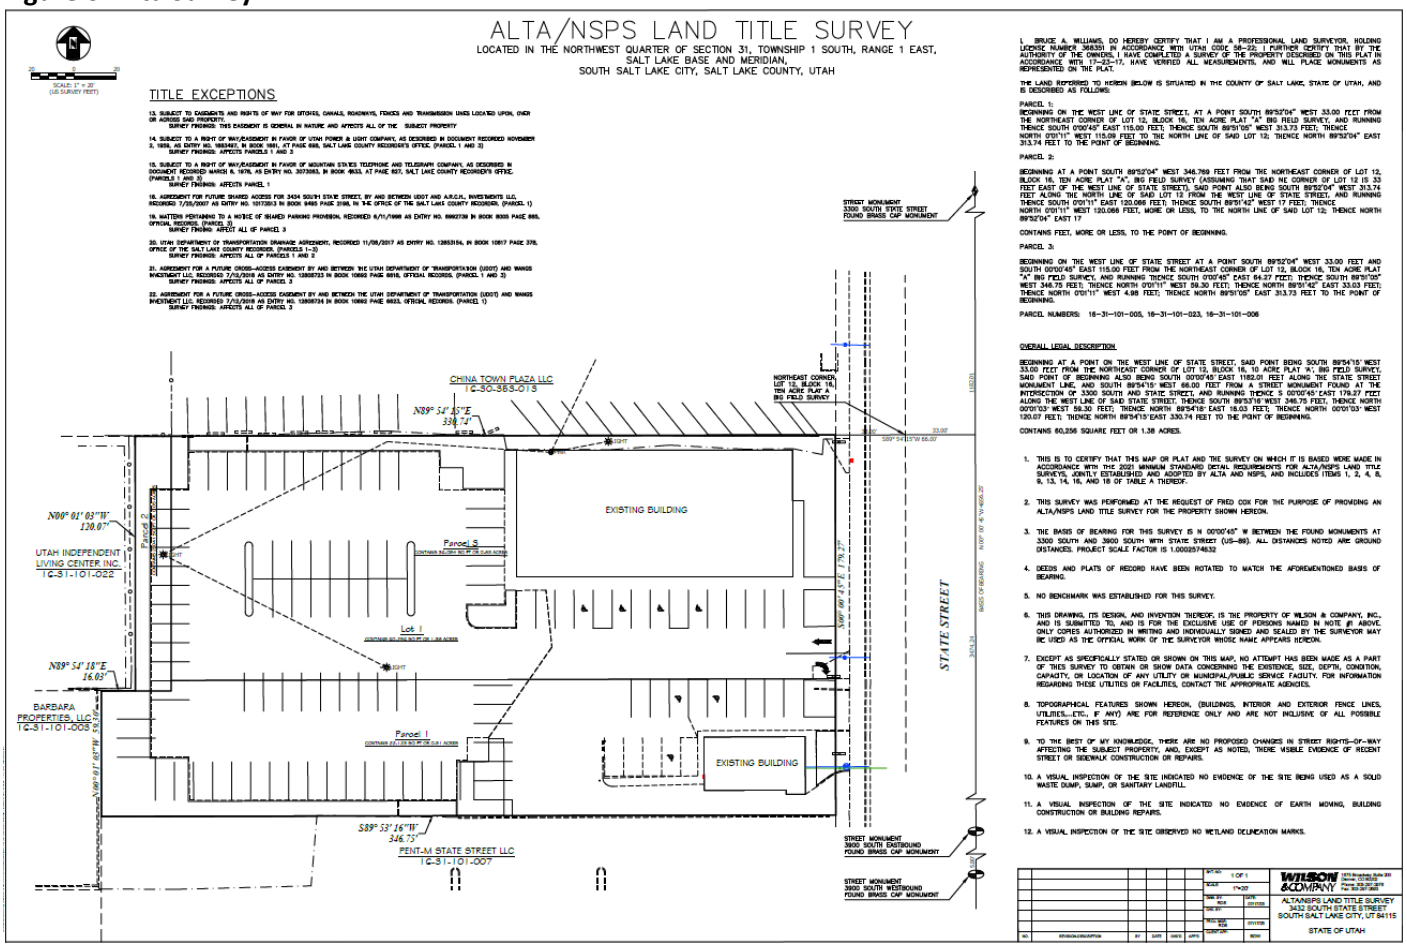

Figure 7: Elevations

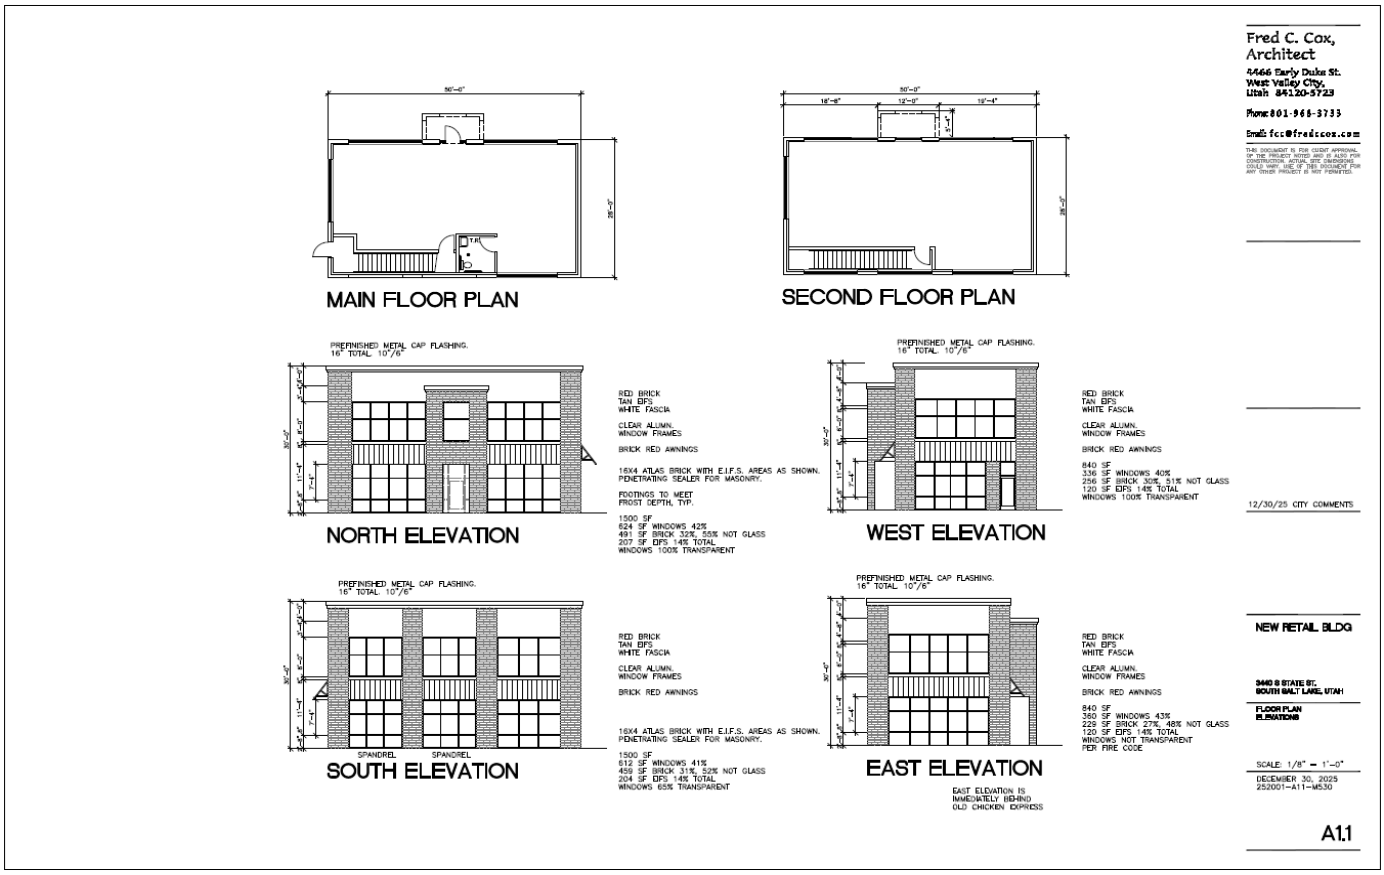

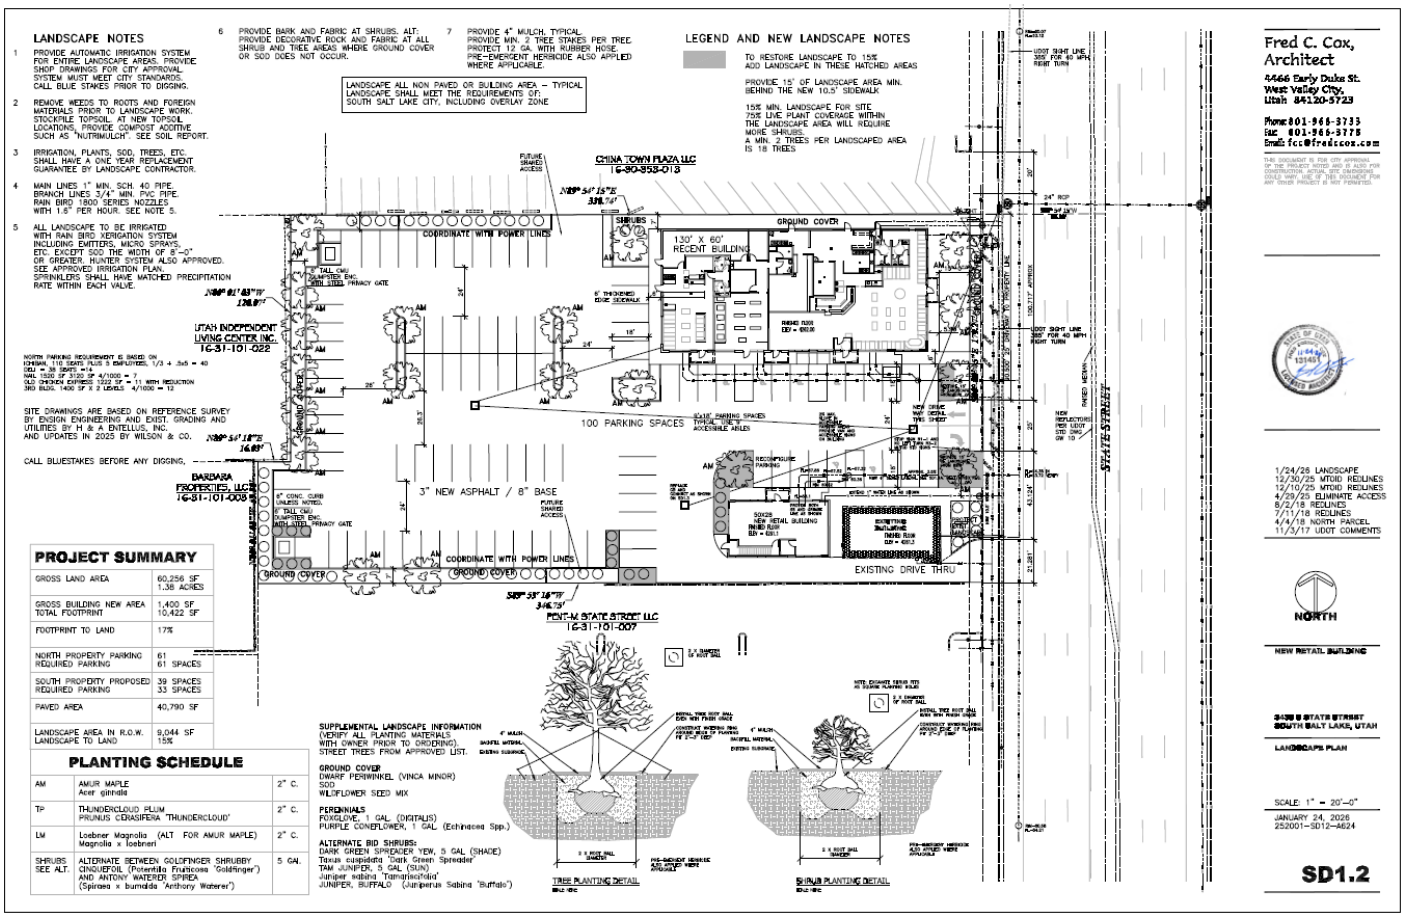

Figure 8: Landscape Plan

PLANNING COMMISSION AUTHORITY:

17.11.030. Land use authority designations.
Pursuant to state law, the following administrative land use authority designations are made:

A. Planning Commission. The planning commission is the land use authority on issues of: **subdivision and subdivision plat approval**, vacating, altering or amending a Subdivision Plat; Conditional Use Permit Applications; design review for Building Heights as established in this Title; design review for projects on Parcels where any portion of the Parcel abuts any residential district; and the issuance of a Building or demolition permit in a Historic and Landmark district.

GENERAL PLAN CONSIDERATIONS:

Economic Development Goal 3: Continue to support existing and future businesses through the city's partnership with the South Salt Lake Chamber of Commerce and comprehensive business retention and recruitment program.

Analysis: This plat application allows the landowner of 3432 S State St to build a new commercial structure, to increase local opportunities, development density, and local destinations.

ORDINANCE ANALYSIS:

Ordinance	Finding	Notes / Insufficiency
Downtown District Code		
17.10.120 – Requirements for Improvements & Design		
A. Compliance with laws, rules and regulations	Petition complies.	
B. South Salt Lake construction specifications and standard drawings (Road profile dedications)	The applicant met with the Engineering Department to meet all Right of Way requirements.	
C. Self-Imposed restrictions	The applicant has proposed no restriction.	
D. Restrictions due to character of the land	Not applicable	
17.10.140 – Subdivision Development Lot Standards		
A. All Final Plats shall result in the creation of compliant Lots and Building sites.	The total acreage of the subdivided lot will be 1.38 acres. The proposed lot does comply with the standards in Section 17 of the SSL Municipal Code. The minimum lot size standard in the CC is 1-acre.	
B. Frontage on public street	The newly subdivided lot will have frontage on public street.	
C. Street right-of-way shall be separate and distinct from subdivided lots.	Not applicable	
D. Minimum area and dimensions shall conform.	There is a 1-acre minimum requirement in the CC District for commercial uses.	
E. Side boundary lines shall be at right angles to the street.	All newly created side boundary lines are at right angles to all adjacent streets.	

F. Side boundary lines of lots shall be radial to center of a Cul-de-Sac	Not Applicable	
G. Corner lots for residential uses shall be platted wider than interior lots	Not Applicable	
H. Lots shall not divide City boundary	All existing and proposed parcels are located within South Salt Lake City.	
I. Double frontage SF residential lots	Not Applicable	
J. Multiple building yard areas	Not Applicable	
K. Side lot lines shall be at right angles to street lines	The newly created side lot lines are at a right angle to street lines.	
L. Dimensions of Corner Lots shall be large enough to allow for erection of Buildings	Not Applicable	
M. Depth and width of properties shall be adequate to provide for off-street parking and loading facilities	The development site plan provides sufficient off-street parking with 100 total off-street parking stalls.	
N. New Single-Family lots	Not Applicable	
O. If Access from an Arterial or Collector Street is necessary for new adjoining lots, such lots shall be served by separate local street	Not Applicable	
P. Driveways shall be designed and arranged to avoid vehicles backing onto Streets	Not Applicable	
Q. Lots shall be laid out to provide positive drainage away from all buildings.	Per the Engineering review, there is positive drainage away from all buildings.	
17.10.160(A) - Drainage and Storm Sewers General Requirements		
A. Each plat shall make adequate provision for storm or flood water runoff.	Per the Engineering review, there is adequate provision for storm or flood water runoff.	
17.10.160(B) – Nature of Stormwater Facilities		
A. Applicants may be required to carry away by pipe or open channel any spring or surface water that may exist either previously to or as a result of the subdivision.	Not applicable	
B. Adequate underground stormwater systems shall be constructed and maintained.	Per the Engineering review, there is an adequate underground stormwater system.	
C. Accommodation of Upstream Drainage Areas.	Not applicable	
D. Adequate storm / flood water drainage will be provided to an approved drainage watercourse or facility with capacity.	Per the Engineering review, there is adequate storm or flood water drainage.	
E. Areas of poor drainage shall be remediated as applicable.	Sufficient drainage is provided per Engineering review.	
F. Flood plain areas shall be preserved upon recommendation of City Engineer when necessary for the health, safety, or welfare of the population of the area.	No floodplain areas exist to be preserved upon recommendation of the South Salt Lake City Engineer.	

17.10.170 - Water Facilities		
A. Applicant shall extend public culinary water supply-system for the purpose of providing an adequate water-supply to the Plat	Adequate water supply provisions are proposed per South Salt Lake Engineering review.	
B. Applicant shall install adequate water facilities including fire hydrants.	All proposed water infrastructure has been reviewed by South Salt Lake Engineering and complies with city standards.	
C. Water extensions shall meet City's standards	Not applicable	
D. Fire flow shall be approved by the Fire Marshal.	The Fire Marshal has reviewed and approved the proposed development plan.	
E. Location of all fire hydrants, all water and storage supply improvements shall be shown on the approved site plan and the cost of installing shall be included on the performance guaranty.	The Fire Marshal has reviewed and approved the proposed development plan.	
F. A determination shall be made as to location or extent of facilities to be maintained by South Salt Lake City, if any.	There are no private facilities at this location to be maintained by South Salt Lake City.	
G. Fire hydrants required for all plats.	The Fire Marshal has reviewed and approved the proposed development plan.	
17.10.180 - Sewer Facilities		
A. The applicant shall install sanitary sewer facilities in a manner prescribed by the applicable sanitary sewer authority.	The Engineering Department has reviewed and approved the proposed development plan.	
B. Sanitary sewer facilities shall connect with the public sanitary sewer at sizes required by the sanitary sewer authority	South Salt Lake Engineering has reviewed and approved the civil plans for the proposed development. All proposed infrastructure complies with South Salt Lake requirements.	
17.10.190 – Utilities		
A. Utility facilities shall be located underground in new subdivisions.	There are no existing utility facilities on the surface in this lot.	
B. Easements centered on Rear Lot Lines shall be provided for private and municipal utilities; such easements shall be at least 10' wide.	There will be a 10 ft PUE easement on the front lot line of the proposed development.	
17.10.200 - Sidewalks, Trails, and Bike Paths		
A. Subdivision shall comply with the applicable road profile – including sidewalks, landscaping, bike lanes, curb and gutter, etc.	The new proposed roadways and access will comply with the current Public Right of Way standards. With the consolidation the property owner will need to consolidate their curb cuts along State Street, which they have called out on their Site Plan.	
B. Trails, pedestrian paths, and bike paths shall relate appropriately to topography.	Public and internal pathways relate appropriately to topography on the site and comply with South Salt Lake code.	

C. Trails, pedestrian paths, and bike paths shall be provided in accordance with the Trails Master Plan.	The Trails Master Plan does not include any facilities adjacent to the subject property.	

STAFF RECOMMENDATION:

Based upon the information submitted in the application, supporting documentation, and analysis of the relevant code sections and general plan goals, Staff recommends the Planning Commission move to approve the preliminary subdivision plat amendment to plat three (3) parcels into one lot located at 3432 S State St., based on the findings of fact, conclusions of law and conditions of approval for the subdivision in the staff report.

Findings of Fact:

1. On July 29, 2025, Fred Cox submitted a Plat Application to plat parcels 16-31-101-005-0000, 16-31-101-023-0000, and 16-31-101-006-0000.

2. The purpose of the proposed subdivision plat amendment is to plat the parcel for a new commercial building.

3. The subject location 3432 S State St is in the Commercial Corridor (CC) and Commercial General (CG) land use district.

4. The total development area of the three (3) lots is 1.38 acres.

5. The minimum acreage requirement in the CC land use district is 1 acre.

6. Section 17.07.010 of the South Salt Lake Municipal Code states that new buildings are required to comply with all IBC, IFC, development, and design standards.

7. No impact is expected as part of the business on environmentally sensitive lands. There is no environmentally sensitive land on site.

8. No specific hazards or adverse impacts are expected due to the proposed use.

9. Commercial uses such as “Office”, “Restaurant”, “Retail” land uses are permitted in the CC land use district.

10. Staff have reviewed this subdivision application for compliance with South Salt Lake Municipal Code Sections 17.10.120, 17.10.130, 17.10.140, 17.10.150, 17.10.160, 17.10.170, 17.10.180, 17.10.190 and 17.10.200, and found that this subdivision application is compliant with this section, as outlined above.

Conclusions of Law:

1. The plat and proposed use, as specifically conditioned below, is consistent with the South Salt Lake City General Plan.

2. The plat and proposed use, as specifically conditioned below, is compatible in use, scale, and design with allowed uses in the CC district.

3. The plat and proposed use, as specifically conditioned below, does not compromise the health, safety, or welfare of: Persons employed within or using the proposed development; Those residing or working in the

vicinity of the proposed use or development; or Property or improvements in the vicinity of the proposed use or development.

4. The plat and proposed use, as specifically conditioned below, does not impose disproportionate burdens on the citizens of the city.

Conditions of Approval:

1. The applicant will continue to work with City staff to make all technical corrections necessary prior to recording;

2. Prior to plat recordation and any additional development of the subsequent lot, the applicant must provide city staff the final plat mylar to include notarized signatures of owners' consent to dedication; obtain signatures of all entities indicated on the subdivision plat attached hereto;

3. The applicant shall complete (or post an adequate improvement completion assurance), warrant and post required warranty assurance for all required landscaping and public infrastructure improvements including street lights;

4. The curb cuts along State Street shall be consolidated per the approved Site Plan;

5. The applicant shall ensure that all site improvements are installed consistent with the requirements of the South Salt Lake City Municipal Code;

6. The applicant shall dedicate a 10' foot public utility easement to the City of South Salt Lake for purposes of storm water management practices and ensure the plat includes language of the dedication of such easement, in a form as approved by the City Attorney's Office;

7. The proposed development shall meet all requirements of the South Salt Lake Community Development Department, South Salt Lake Fire Marshal, the South Salt Lake Building Official, and the South Salt Lake Engineering department;

8. The applicant shall comply with all applicable International Building Codes and International Fire Codes and must obtain and complete a South Salt Lake building permit;

9. The applicant shall record the plat with the Salt Lake County Recorder's Office within 2 years of receiving final plat approval or the applicant elects to install Infrastructure Improvements prior to Plat recordation, the applicant shall have applied for the proper permits, deposited a 10% Warranty Assurance and be actively working on the issued permit;

10. All utilities shall be undergrounded.

11. All items of the staff report.

PLANNING COMMISSION OPTIONS:

Option 1: Approval

Move to approve the application by Fred Cox, for a Preliminary Subdivision Plat to create one lot located at 3432 S State St., based on the findings and conclusions in the staff report, with the conditions enumerated in the staff report and on the record.

Option 2: Denial

Move to deny the application by Fred Cox, for a Preliminary Subdivision Plat to create one lot located at 3432 S State St., based on the findings and conclusions in the staff report, with the conditions enumerated in the staff report and on the record.

Option 3: Continuance

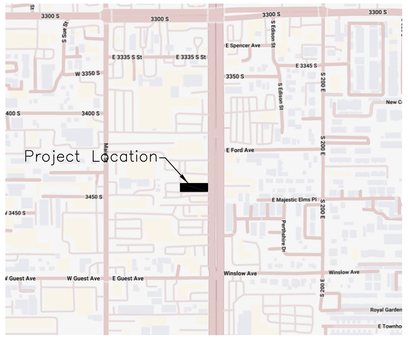

Move to table the application Fred Cox, for a Preliminary Subdivision Plat to create one lot located at 3432 S State St. to a date certain to allow the Applicants and Staff time to respond to specific inquiries or concerns raised by the Planning Commission, or to allow the Planning Commission more time to consider the proposal.

1. UDOT reserves the right, at its option, to install a raised median island or restrict the access to a right-in or right-out at any time.
2. Work on the UDOT right-of-way is seasonally restricted from October 15 to April 15.
3. ROW Work: Work is not allowed on the right-of-way during the AM/PM peak traffic hours (6:00 – 9:00 AM and 3:30–6:00 PM). Additional work restrictions or modifications may be imposed at the time of the encroachment permit.
4. Replace all pavement markings in kind (tape with tape and paint with paint). Install all paint lines with permanent paint application per UDOT specification 02765. Paint must have at least 6 months life as determined by UDOT's Permits Officer.
5. All new pavement words, arrows and symbols marking within the right-of-way shall be pre-formed thermo plastic. All letters, arrows, and symbols shall conform with the "Standard Alphabet for Highway Signs and Pavement Markings" adopted by the Federal Highway Administration.
6. All signs installed on the UDOT right-of-way must be high intensity grade (Type XI sheeting) with a B3 slip base. Install all signs per UDOT SN series Standard Drawings.
7. Before commencing work on the State highway, the general contractor is required to obtain an encroachment permit from the applicable Region's Permits Office before working within the State right-of-way.
8. No road cuts allowed on this job.
9. For all utility taps (road cuts), use flowable fill per UDOT's current mix design (50–150 psi) UDOT spec. 03575.
10. All utilities within the paved surface must be bored.
11. For excavations outside of the roadway, back fill with UDOT approved granular borrow and road base. Compaction per UDOT spec. 2056 and 2721.
12. Owner, developer, and/or the contractor is required to hire an independent company for all testing within the UDOT right-of-way.
13. Owner, developer, and the contractor are responsible for any damage to the UDOT right-of-way that may be directly or indirectly caused by the development activity.
14. Traffic signal installation or modification requires a separate warranty bond once the work has been completed and accepted. The permittee is responsible for hiring an independent inspection company to perform inspection services for all signal work completed. For a list of the UDOT approved contractors and consultants contact the appropriate Regions Traffic Signals Engineer.
15. Partial concrete panel replacement is not allowed. When panels are removed, the entire panel is required to be replaced per UDOT standards, specifications, and standard drawings.
16. Double saw cut the concrete to prevent the spalling of other concrete panels and to avoid over cuts. Over cuts and spalls will require full panel replacement.
17. All above ground features including utilities (poles, fire hydrants, boxes, etc.) must be relocated out of the AASHTO clear zone or a minimum of 18" behind curb.

GENERAL SITE NOTES:

SEE LANDSCAPE DRAWINGS FOR SPECIFIC LANDSCAPE INFORMATION. AN AUTOMATIC SPRINKLER SYSTEM WITH BACK FLOW PREVENTION SHALL BE PROVIDED.

SITE LIGHTING: ADJUSTABLE WALL PACKS WITH CUT OFF TO CONTROL LIGHT AWAY FROM ADJACENT PROPERTIES

SITE AND BLDG. SIGNAGE TO MEET THE REQUIREMENTS OF CITY SIGN ORDINANCE. SIGNS UNDER SEPARATE PERMIT.

COMPLY WITH UDOT STANDARDS, SOUTH SALT LAKE CITY & APWA STANDARDS. SEE GRADING, UTILITY, AND SWPPP DRAWINGS.

PLANNING COMMISSION STAFF REPORT

MEETING DATE:	June 6, 2026
PROJECT NUMBER:	S26-00003
REQUEST:	An application for Preliminary Subdivision Plat approval consolidating seven parcels into a one-Lot subdivision, and vacating Lots 11-23 of the Longview Park Addition Subdivision.
ADDRESS:	3711 S State Street
PARCEL NUMBERS:	16-31-152-003, 16-31-152-011, 16-31-152-012, 16-31-152-014, 16-31-152-015, 16-31-178-001, and 16-31-178-002
PROPERTY OWNER:	SLC OPC Land LLC
APPLICANT:	SSLC OPC Venture, LLC
TYPE OF APPLICATION:	Administrative – Subdivision Plat
AUTHOR:	Spencer Cawley, Senior Planner

STAFF RECOMMENDATION:
Staff recommends the Planning Commission approve, with conditions, a preliminary Subdivision Plat for a one-Lot subdivision located at 3711 S State Street based on the Findings of Fact, Conclusions of Law, and Conditions of Approval outlined in this Staff Report.

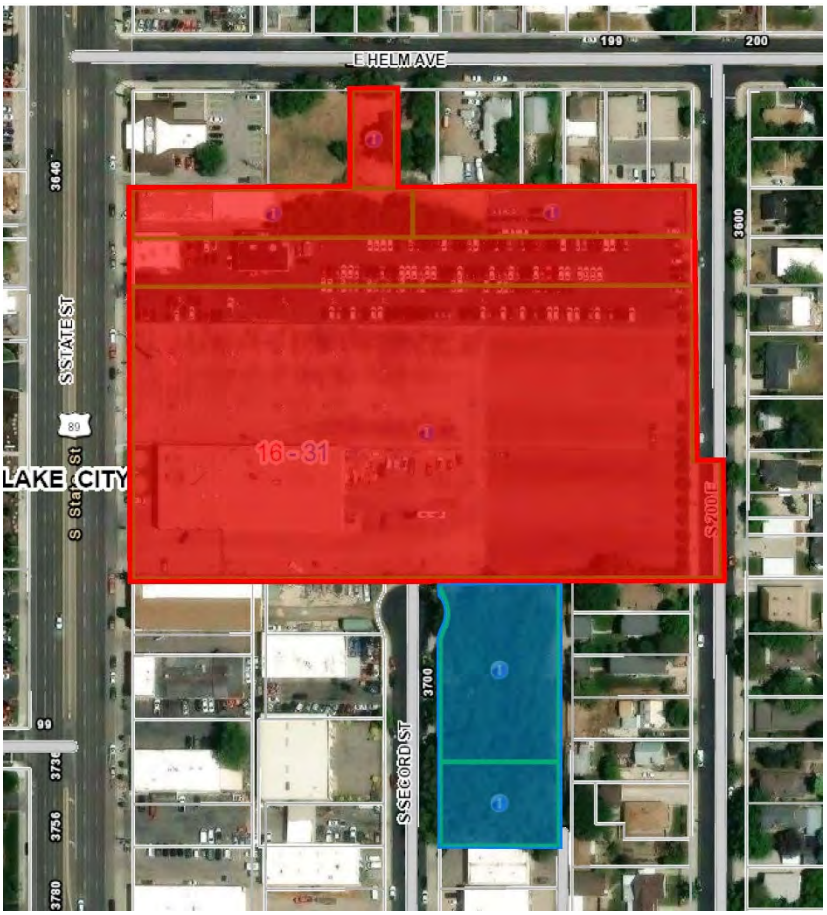

SYNOPSIS: SSLC OPC Venture, LLC, represented by Matt Connolly, petitions the Planning Commission for approval of a preliminary Subdivision Plat, creating one Lot, to construct a VA Outpatient Clinic. The site contains seven parcels, two of which contain Lots 11-23 of the Longview Park Addition Subdivision. The Planning Commission will review the proposal to consolidate the parcels into a single 8.144-acre Lot and to vacate the Lots from the Longview Park Addition Subdivision. Additionally, this Subdivision Plat will ensure that the 200 East Right-of-Way (ROW) is consistent with the existing ROW line.

The proposed outpatient clinic is a Permitted Use in the Commercial Corridor. The Subdivision Plat is the only land-use application required for the developer to entitle the project. Once the Subdivision Plat is approved and recorded, the developer will proceed to obtain the permits required to commence construction of the clinic.

REASON FOR REVIEW: The Planning Commission is the Land Use Authority on all Subdivision Plat approvals, vacations, and amendments.

EXISTING ZONING	EXISTING USE	ADJACENT LAND USES	SIZE OF PROPERTY
Commercial Corridor	Car Rental and Vacant (former RV Dealership)	Commercial, Multi-Family Residential, and Single-Family Residential	Parcel 1: 0.134 acres Parcel 2: 0.437 acres Parcel 3: 0.440 acres Parcel 4: 0.875 acres Parcel 5: 5.247 acres Parcel 6: 0.689 acres Parcel 6A: 0.322 acres **TOTAL: 8.144 acres**

BACKGROUND

The proposed Subdivision consists of seven parcels located at approximately 3711 S State Street. Five of the parcels originate from the Pioneer-era Big Field Survey (highlighted in red in the image to the right). The remaining two parcels along Secord Street are made up of Lots 11-23 of the Longview Park Addition (highlighted in blue in the image to the right).

The Longview Park Addition Subdivision was established in 1910, encompassing the Lots between State Street and 300 East, 3700 South and 3900 South.

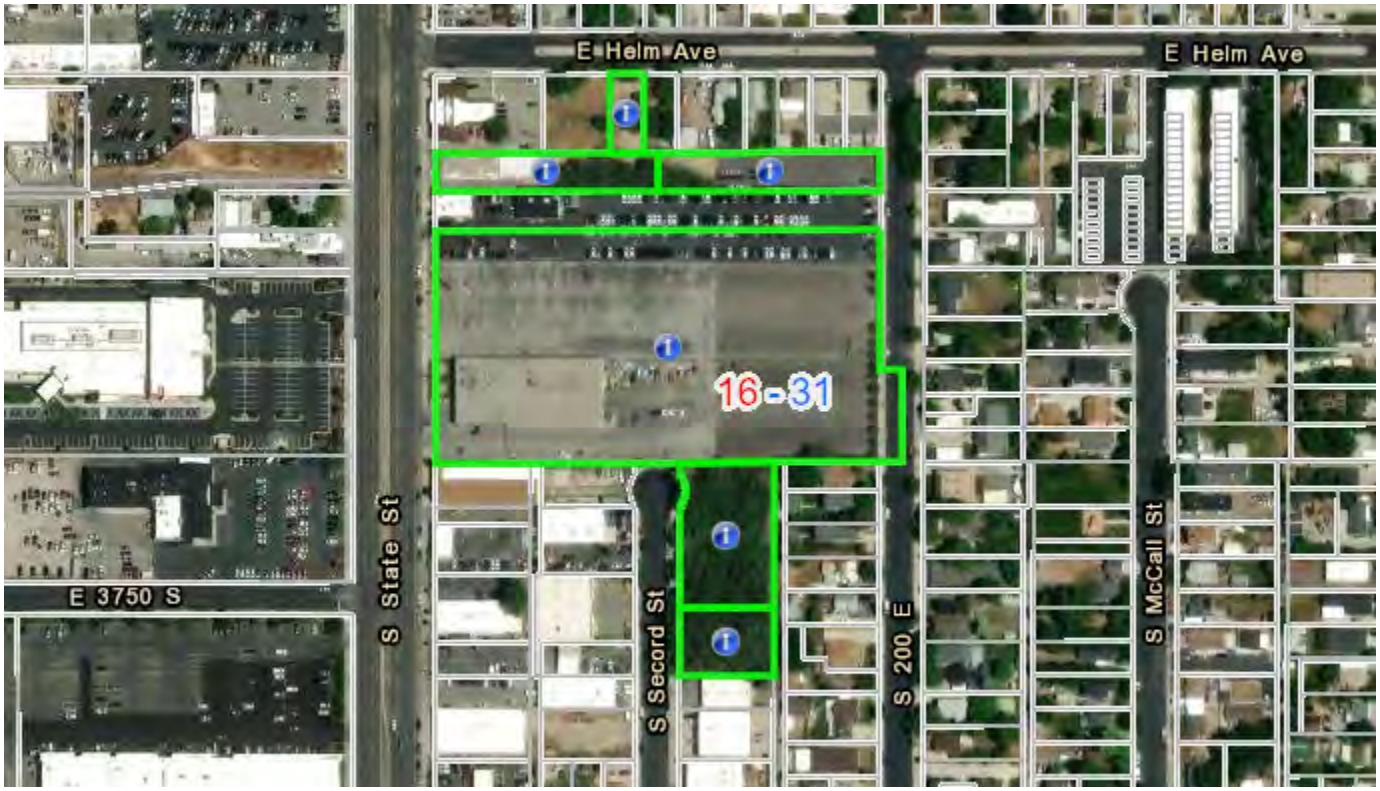

In 1998, South Salt Lake annexed this area, integrating the established commercial area into the city. The site has continuously maintained auto-related land uses since the 1970s. Historically, the property housed at least two new/used car dealerships (1977-2012) and an RV dealership (2018-2024). Currently, a portion of the property to the north is occupied by a car rental business.

The Applicant, SSLC OPC Venture, LLC, proposes to consolidate all seven parcels into a one-Lot Subdivision. This consolidation is intended to facilitate the construction of a Veterans Affairs (VA) Outpatient Clinic (image of the clinic shown below), an associated parking garage, a surface parking lot, and various site and landscaping improvements.

The following images are intended to provide additional context to the site and proposed Subdivision Plat. Technical documents, including the Preliminary Subdivision Plat, are attached as Exhibits to this staff report.

Looking south from Helm Avenue

Looking west from 200 East

Looking north from Secord Street

PLANNING COMMISSION AUTHORITY

§ 17.11.030 Land use authority designations.

Pursuant to state law, the following administrative land use authority designations are made:

A. Planning Commission. The planning commission is the land use authority on issues of: **Subdivision and Subdivision Plat approval, vacating, altering or amending a Subdivision Plat**; Conditional Use Permit Applications; design review for Building Heights as established in this Title; design review for projects on Parcels where any portion of the Parcel abuts any residential district; and the issuance of a Building or demolition permit in a Historic and Landmark District.

GENERAL PLAN CONSIDERATIONS

Land Use & Neighborhoods Goal 3.
Enhance urban and streetscape design in the city to support South Salt Lake's distinct image and enhance community pride.

Analysis: The proposed Development will improve the streetscape along State Street, 200 East, and Secord Street.

ANALYSIS

(I) The one-Lot Subdivision, as conditioned, complies with the Commercial Corridor Zoning District requirements outlined in § 17.03.050 of the Land Use and Development Ordinance.

An outpatient clinic (medical office) is a Permitted Use in the Commercial Corridor (CC) Zoning District. The following table outlines the requirements of the CC District and the proposed Subdivision's compliance with these standards.

ORDINANCE STANDARDS	FINDINGS
The minimum area for a new non-residential Lot is one acre.	**Complies**. The new Subdivision will create one Lot containing 8.144 acres.
The maximum Height for any Structure is dependent upon the Building Form found in Chapter 17.07.	**Complies.** The proposed clinic is consistent with the Large Format Commercial Building Form and contains 112,595 square feet. Per § 17.07.110, the minimum Height is 26 feet, and the maximum Height is 36 feet. The proposed height for the outpatient clinic is approximately 34 feet. The Applicant's design proposes adding a parapet roof to screen rooftop mechanical equipment.
Required Setbacks/Build-to Standard.	**CONDITION OF APPROVAL.** The required Setbacks for the CC District are:

	• Front – 10 feet • Side – 0 feet • Rear – 0 feet The required Build-to Standard for the CC District is 10 – 25 feet. The frontage for the Development is based off the street address, which is State Street. The proposed Subdivision allows for the Development to meet these standards. However, the Applicant shall ensure that the plans submitted to Community Development for a Building Permit meet the required Setbacks and Build-to Standard for the CC District.

(II) The proposal complies with the parking ratio requirements found in § 17.06.160.

Medical Offices require four off-street parking spaces for every 1,000 square feet of floor area. According to the application, the proposed outpatient clinic will have 112,595 square feet of floor area, which requires 451 off-street parking spaces. The Applicant proposes 600 off-street parking spaces across the parking garage (362 spaces) and the surface parking lot (238 spaces). The proposed number of parking spaces will accommodate the VA's parking requirements, which are more restrictive than Title 17, and include 350 patient/visitor spaces and 250 staff spaces.

Additionally, the Applicant proposes to provide 26 bicycle parking spaces. The code requires one bicycle parking space for every 25 parking spaces. Therefore, the Applicant is providing two more bicycle parking spaces than required by code.

(III) The proposed Subdivision Plat, as conditioned, complies with the requirements of Chapter 17.10, *Subdivision and Platting,* of the Land Use and Development Ordinance.

Pursuant to the City's *Land Use and Development Code*, the purpose of the Subdivision application and review process is to ensure the efficient, orderly growth, and beneficial Development of the city while protecting the public's health, safety, and general welfare. This review process provides a standardized procedure for Platting and consolidating land to ensure that the resulting Subdivision has proper legal descriptions, adequate infrastructure and utility capacity, and aligns with the city's General Plan.

Prior to the Planning Commission's review of a Preliminary Subdivision Plat, Staff from the Engineering, Fire, and Community Development departments, along with Salt Lake County, review the Subdivision Plat for compliance with the Subdivision and Platting requirements found in Chapter 17.10. After an initial round of internal review, the Applicant is provided an opportunity to respond to these comments and make corrections.

The following list outlines each section of the code and any corrections needed to issue Final Plat. The Applicant shall continue to make all technical corrections prior to issuance of Final Plat approval.

1. **§ 17.10.120 – Requirements for Improvements & Design.**

- The petition complies.

2. **§ 17.10.140 – Subdivision Development Lot Standards.**
    - The Applicant shall ensure that driveways are designed and arranged to avoid vehicles backing onto surrounding Streets. See **Analysis Section IV** for further information.

3. **§ 17.10.160 – Drainage, Storm Sewers, and Stormwater Facilities.**
    - Approval of the Subdivision is contingent upon Compliance with the City Engineer's review for this standard.

4. **§ 17.10.170 – Water Facilities**
    - The final civil plans for the project shall show the location of all fire hydrants and all water and storage supply improvements.

5. **§ 17.10.180 – Sewer Facilities**
    - The Applicant shall install sanitary sewer facilities as required by Mt. Olympus Improvement District.
    - The Applicant shall ensure sanitary sewer facilities connect with the public sanitary sewer at sizes required by Mt. Olympus Improvement District.

6. **§ 17.10.190 – Utilities**
    - All utilities shall be located underground.

7. **§ 17.10.200 – Sidewalks, Trails, and Bike Paths**
    - The proposed Subdivision complies with the Standard Road Profiles for State Street, Helm Avenue, 200 East, and Secord Street. A discrepancy with the 200 East ROW and the Salt Lake County Assessor's Map will be resolved when the Subdivision Plat is recorded. The Applicant has dedicated 4,535 square feet of 200 East to South Salt Lake.

(IV) Traffic and Circulation Impact Study

Due to the site's proximity to the Residential (R-1) District, Staff requested that the Applicant conduct a Traffic Impact Study to mitigate the impacts of vehicles on the surrounding residential streets. The study was prepared by Lokahi, LLC, and is attached as Exhibit D.

The analysis shows that after buildout in 2028, the outpatient clinic is projected to generate 2,415 daily weekday trips. Based on the analysis of trips generated at the site today, this is an increase of 1,653 daily trips.

To further mitigate traffic impacts on the surrounding neighborhood, the study recommends that the Applicant configure the site access points to accommodate increased daily traffic. Staff supports these recommendations and has included them as a Condition of Approval.

The recommendations include:

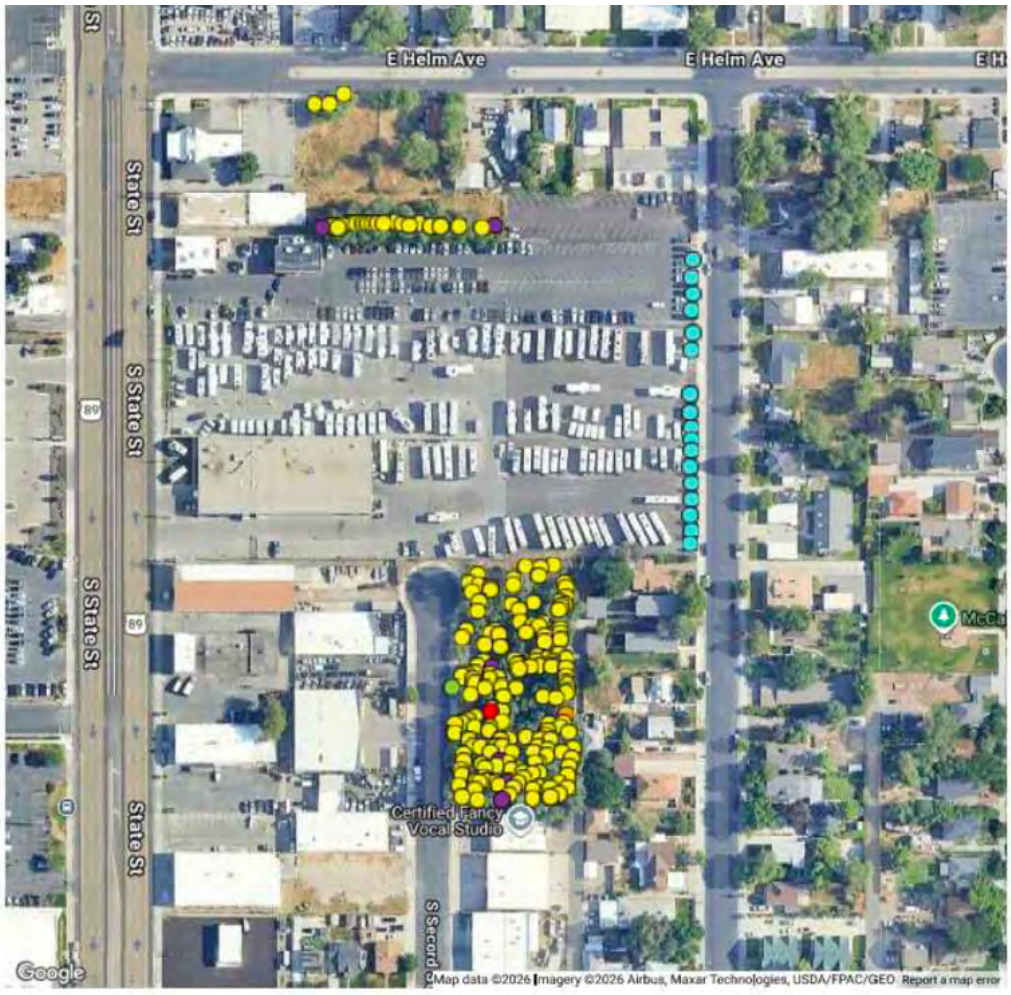

1. Construct a right-in/right-out driveway along State Street, approximately 335 feet south of Helm Avenue (centerline to centerline). The outbound approach must include a standard stop sign layout to slow vehicles turning right (north) onto State Street.

2. Construct a right-in/right-out driveway along Helm Avenue, approximately 335 feet east of State Street (centerline to centerline). The outbound approach must include a standard stop sign layout to slow vehicles turning right (east) onto Helm Avenue.
3. Construct a full-access driveway along Secord Street, to the satisfaction of the Fire Marshal, and include a standard stop sign for outbound vehicles.
4. Construct a full-access driveway along 200 East. The exit approach must include a standard stop sign.

Because State Street is a under the jurisdiction of the Utah Department of Transportation (UDOT), the final design, encroachment, and access are subject to their review and approval. The Applicant is required to coordinate directly with UDOT to secure the necessary approvals and permits. Staff has included this requirement as a Condition of Approval to ensure compliance with UDOT standards before issuance of a building permit.

(V) The proposal, as conditioned, complies with the landscape standards in § 17.06.300.

As part of the Subdivision application, the Applicant provided a landscape plan for Staff review. While the final form of the landscape plan is approved through the building permit process, Planning staff has worked with the Applicant to mitigate loss of significant vegetation. Specifically, the site contains groves of trees and shrubs toward the north and south ends of the Development area, as well as trees along the eastern property line, as shown in the image below. For a more detailed view, please see Exhibit E.

§ 17.06.300(D)(2)(b)(v) requires the following:

Existing trees that are non-invasive and not noxious and that are preserved and incorporated into the Landscape Plan shall be credited toward the minimum number of trees required by this Chapter. Trees must be in healthy condition and free of injury to receive this credit. Any credited tree that is not preserved or is significantly damaged during construction shall be removed and replaced with four (4) trees, each with a minimum caliper of four (4) inches. Tree replacement shall conform to the tree and shrub requirements.

To evaluate the Development's alignment with this preservation standard, a comprehensive assessment of the on-site vegetation was conducted. Because the Development will impact the trees, the Applicant provided an inventory of each tree on the property and found the following:

- Total trees inventoried: 428
- Invasive/Noxious trees: 401
- Non-invasive trees: 27

The non-invasive trees include Box Elder, Honey Locust, Callery Pear, Crabapple, and Northern Catalpa. The invasive species, as identified by the state, include Siberian Elm. The applicant proposes to replace the 27 non-invasive species with 118 trees throughout the development, which includes Bigtooth Maple, Common Hackberry, Shademaster Honey Locust, White Oak, Woodward Columnar Juniper, Colorado Spruce, and Amur Maple.

While the proposed replacement of 118 trees meets the requirements for replacement of non-invasive species, the final landscape plan shall meet all requirements of this section and all commercial buffering requirements prior to issuance of a building permit.

(VI) There is good cause to vacate Lots 11-23 of the Longview Park Addition Subdivision.

Pursuant to Utah Code § 10-20-812, the land use authority may approve the vacation or amendment of a plat . . . if the land use authority finds that:

a. There is good cause for the vacation or amendment; and
b. No public street or municipal utility or easement has been vacated or amended.

Staff finds good cause to vacate Lots 11-23 of the Longview Park Addition Subdivision because doing so will allow the Development of the site to support the health and well-being of a vulnerable population in and around South Salt Lake. The proposed Subdivision aligns with the goals of the General Plan, utilizes best planning practices, and protects the health, safety, and welfare of the community. Furthermore, the vacation does not vacate or amend any public street, municipal utility, or easement.

PUBLIC NOTICE

Staff published notice on the City's website and the Utah Public Notice website and posted notice to the property on May 22, 2026. Staff mailed courtesy notices to property owners within 600 feet of the property on May 22, 2026. Staff did not receive any public input at the time this report was published.

STAFF RECOMMENDATION

Based upon the information submitted in the application, supporting documentation, and analysis of the relevant code sections and general plan goals, Staff recommends the Planning Commission move to approve with conditions, a preliminary Subdivision Plat for a one-Lot Subdivision located at 3711 S State Street based on the Findings of Fact, Conclusions of Law, and Conditions of Approval outlined in this Staff Report.

FINDINGS OF FACT:

1. The property is located at 3711 South State Street in the Commercial Corridor District.

2. The parcel numbers are: 16-31-152-003, 16-31-152-011, 16-31-152-012, 16-31-152-014, 16-31-152-015, 16-31-178-001, and 16-31-178-002.

3. The parcels contain 8.144 acres.

4. The property is currently vacant, with the exception of a parcel to the north, which is used for a car rental business.

5. The purpose of the proposed Subdivision is to consolidate seven parcels into one Lot to construct a VA Outpatient Clinic, an associated parking garage, a surface parking lot, and various site and landscaping improvements.

6. The proposal will also vacate Lots 11-23 of the Longview Park Addition Subdivision.

7. The proposed VA Outpatient Clinic (medical office) is a Permitted Use in the Commercial Corridor.

8. The proposed clinic is consistent with the Large Format Commercial Building Form and will contain 112,595 square feet.

9. Staff reviewed this Subdivision Application for compliance with the Commercial Corridor District requirements.

10. The Applicant proposes providing 600 off-street parking spaces and 26 bicycle parking spaces for patients and employees of the outpatient clinic. South Salt Lake Municipal Code requires 451 off-street parking spaces and 24 bicycle parking spaces.

11. The proposed development will remove 428 trees of which 401 are invasive or noxious species. The remaining 27 trees will be replaced with 118 trees, ten more than required by code.

12. Staff reviewed this Subdivision Application for compliance with the requirements of Chapter 17.10, Subdivision and Platting, of the Land Use and Development Ordinance, and finds that the application is compliant, as conditioned below.

13. The Subdivision will comply with all requirements of the South Salt Lake Municipal Code.

CONCLUSIONS OF LAW:

1. The proposed Subdivision, as specifically conditioned below, is consistent with the South Salt Lake General Plan.

2. The proposed Subdivision, as specifically conditioned below, is compatible in Use, scale, and design with the Commercial Corridor District.

3. There is good cause for the Subdivision Plat, and no public street or easement is vacated.

4. The proposal, as specifically conditioned below, does not impose disproportionate burdens on the citizens of South Salt Lake.

CONDITIONS OF APPROVAL:

1. The Applicant shall continue working with city staff to make all necessary technical corrections to the Plat before issuing Final Plat approval.

2. Prior to Plat recordation and any additional Development, the Applicant shall provide city staff the final Mylar with notarized signatures or owner's consent to dedication and obtain signatures of all entities indicated on the Subdivision Plat attached hereto.

3. The Applicant shall ensure that the plans submitted to Community Development for a Building Permit meet the required Setbacks and Build-to Standard for the Commercial Corridor District.

4. Approval of the Subdivision is contingent upon compliance with the City Engineer's review of drainage, storm sewers, and stormwater facilities.

5. The final civil plans for the project shall show the location of all fire hydrants and all water and storage supply improvements.

6. The Applicant shall install sanitary sewer facilities as required by Mt. Olympus Improvement District.

7. The Applicant shall ensure sanitary sewer facilities connect with the public sanitary sewer at sizes required by Mt. Olympus Improvement District.

8. All utilities shall be underground.

9. The Applicant shall design and develop each site access point and driveway to accommodate increased daily traffic as recommended by the Traffic Impact Study and as outlined in the Staff Report.

10. Prior to issuance of a building permit or any work occurring within the State Street ROW, the Applicant shall submit to Community Development the necessary UDOT approvals for the improvements along State Street.

11. The final landscape plan shall meet all requirements of § 17.06.300 and all commercial buffering requirements prior to issuance of a building permit.

12. The Applicant shall complete (or post an adequate improvement completion assurance), warrant, and post required warranty assurance for all public infrastructure improvements, including streetlights.

13. The Applicant shall ensure that all site improvements are installed consistent with the requirements of the South Salt Lake Municipal Code.

14. The proposed Development shall meet all requirements of the South Salt Lake Community Development Department, South Salt Lake Fire Marshal, the South Salt Lake Building Official, and the South Salt Lake Engineering Department.

15. The Applicant shall comply with all applicable International Building Codes and International Fire Codes and must obtain a South Salt Lake Building Permit prior to commencing construction.

16. The Applicant shall record the Plat with the Salt Lake County Recorder's Office prior to issuance of a Building Permit. Otherwise, the Applicant shall record the Plat within two years of receiving Final Plat approval.

17. All items of the Staff Report.

PLANNING COMMISSION OPTIONS

Option 1: Approval
Move to approve the application by SSLC OPC Venture, LLC for a Preliminary Subdivision Plat for a one-Lot Subdivision located at 3711 South State Street based on the Findings of Fact, Conclusions of Law, and Conditions of Approval in the Staff Report and enumerated on the record.

Option 2: Denial
Move to deny the application by SSLC OPC Venture, LLC for a Preliminary Subdivision Plat for a one-Lot Subdivision located at 3711 South State Street based on the Findings of Fact and Conclusions of Law and enumerated on the record.

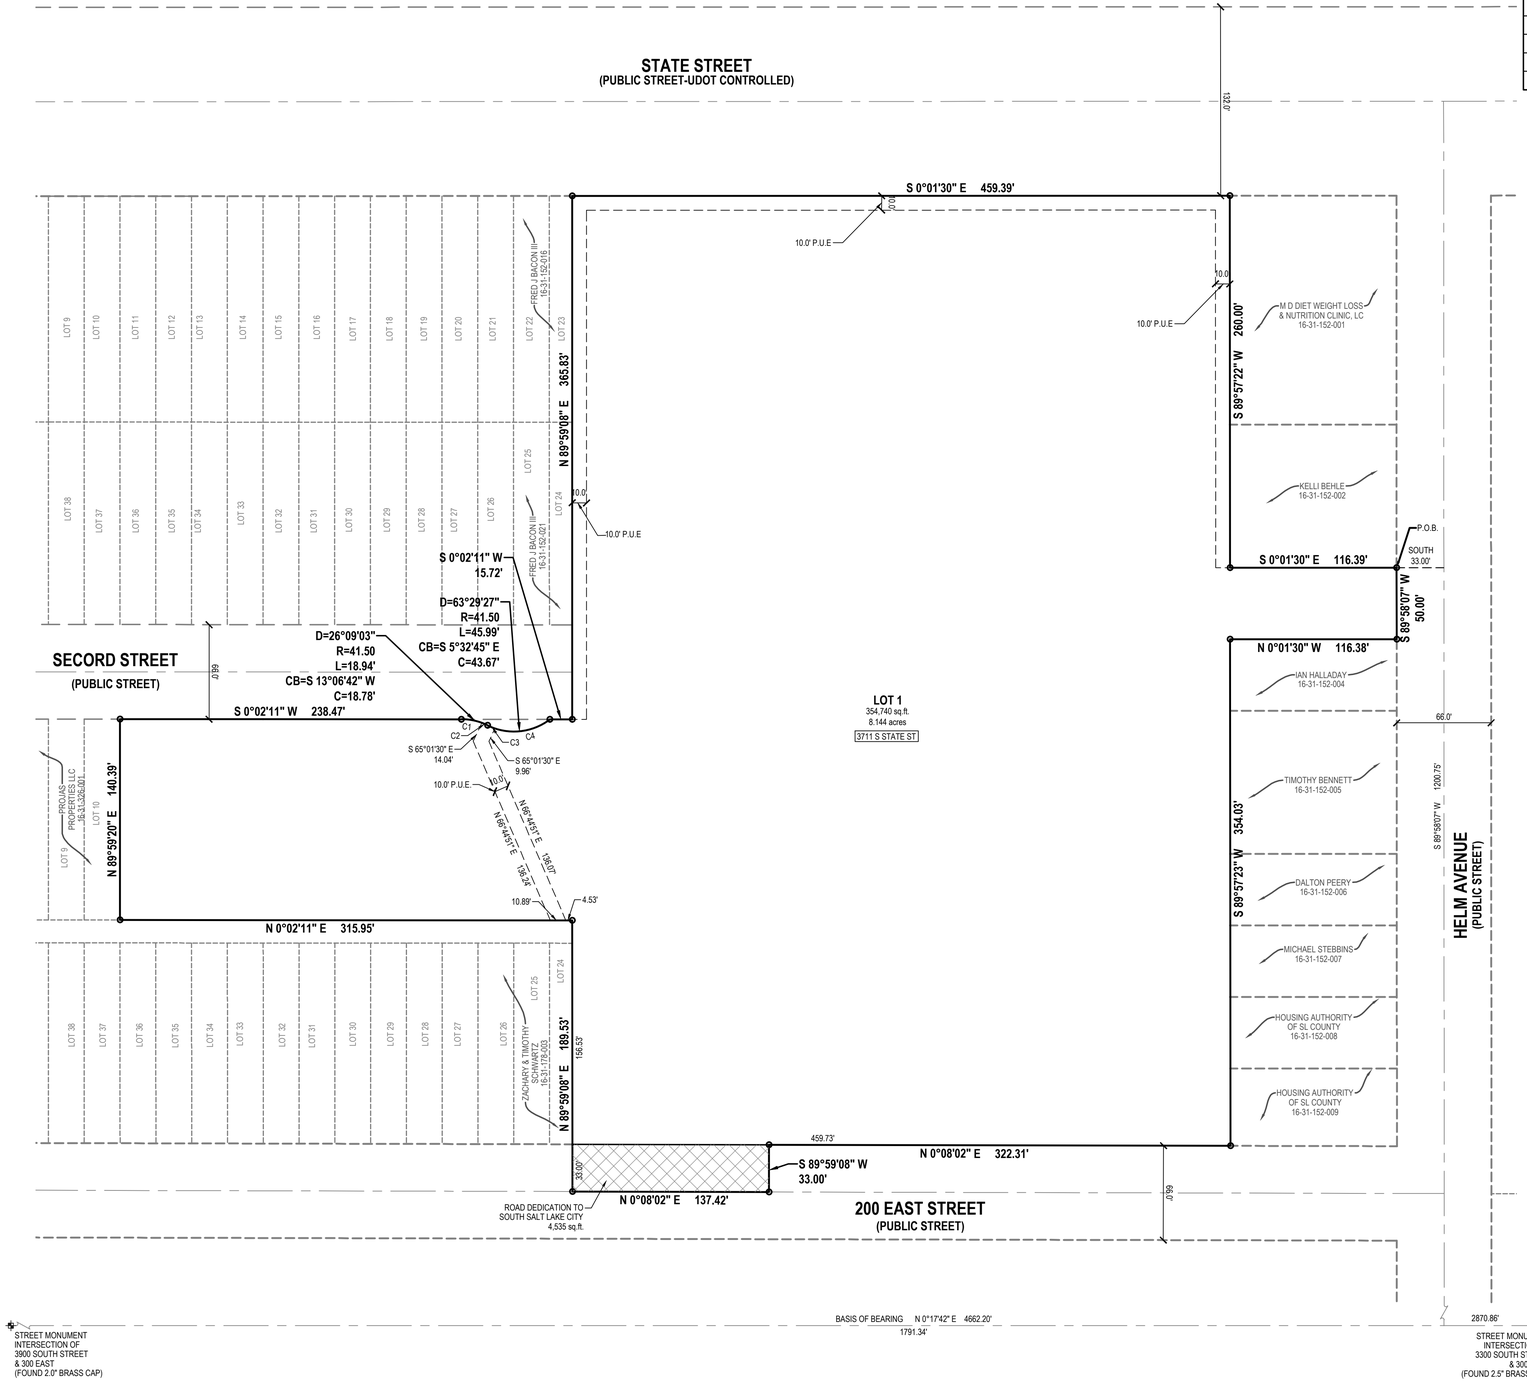

Option 3: Continuance
Move to table the application by SSLC OPC Venture, LLC for a Preliminary Subdivision Plat for a one-Lot Subdivision located at 3711 South State Street to a date certain to allow the Applicant and Staff time to respond to specific inquiries or concerns raised by the Planning Commission, or to allow the Planning Commission more time to consider the proposal.

ROCKY MOUNTAIN POWER NOTES:
1. Pursuant to Utah Code Ann. § 54-3-27 this plat conveys to the owner(s) or operators of utility facilities a public utility easement along with all the rights and duties described therein.
2. Pursuant to Utah Code Ann. § 10-20-803 and § 17-79-703 Rocky Mountain Power accepts delivery of the PUE as described in this plat and approves this plat solely for the purpose of confirming that the plat contains public utility easements and approximates the location of the public utility easements but does not warrant their precise location. Rocky Mountain Power may require other easements in order to serve this development. This approval does not affect any right that Rocky Mountain Power has under:
   (1) a recorded easement or right-of way
   (2) the law applicable to prescriptive rights
   (3) Title 54, Chapter 8a, Damage to Underground Utility Facilities or
   (4) any other provision of law.

SURVEYOR'S CERTIFICATE

I, **PATRICK M. HARRIS**, do hereby certify that I am a Professional Land Surveyor in the State of Utah and that I hold License No. **286882** in accordance with Title 58, Chapter 22, of the Professional Engineers and Land Surveyor's Act; I further certify that by authority of the Owners, I have completed a survey of the property described on this subdivision plat in accordance with Section 17-23-17 and have verified all measurements; that the reference monuments shown on this plat are located as indicated and are sufficient to accurately establish the lateral boundaries of the herein described tract of real property; and has been drawn correctly to the designated scale and is a true and correct representation of the herein described lands included in said subdivision, based upon data compiled from records of the county recorders office. I further certify that all lots meet frontage width and area requirements of the applicable zoning ordinances.

BOUNDARY DESCRIPTION

A parcel of land situate in the Northwest Quarter of Section 31, Township 1 South, Range 1 East, Salt Lake Base and Meridian, being more particularly described as follows:

Beginning at a point on the South line of Helm Avenue, said point being North 0°17'42" East 1791.34 feet along the centerline of 300 East Street and South 89°58'07" West 1200.75 feet along the centerline of Helm Avenue and South 33.00 feet from the street monument located at the intersection of 3900 South Street and 300 East Street; and running

thence South 0°01'30" East 116.39 feet;
thence South 89°57'22" West 260.00 feet to the East line of State Street;
thence South 0°01'30" East 459.39 feet along said East line of State Street;
thence North 89°59'08" East 365.83 feet;
thence along the East line of Secord Street the following four (4) courses:
(1) South 0°02'11" West 15.72 feet;
(2) Southerly 45.99 feet along the arc of a 41.50 foot radius curve to the right (center bears South 52°42'31" West and the chord bears South 05°32'45" East 43.67 feet with a central angle of 63°29'27");
(3) Southerly 18.94 feet along the arc of a 41.50 foot radius curve to the left (center bears South 63°48'47" East and the chord bears South 13°06'42" West 18.78 feet with a central angle of 26°09'03");
(4) South 0°02'11" West 238.47 feet;
thence North 89°59'20" East 140.39 feet;
thence North 0°02'11" East 315.95 feet;
thence North 89°59'08" East 189.53 feet to the centerline of 200 East Street;
thence North 0°08'02" East 137.42 feet;
thence South 89°59'08" West 33.00 feet to the West line of 200 East Street;
thence North 0°08'02" East 322.31 feet along said West line of 200 East Street;
thence South 89°57'23" West 354.03 feet;
thence North 0°01'30" West 116.38 feet to the South line of Helm Avenue;
thence South 89°58'07" West 50.00 feet along said South line of Helm Avenue to the point of beginning.

Contains 359,275 Square Feet or 8.249 Acres, and 1 Lot

STREET MONUMENT
LOCATED AT THE INTERSECTION OF
3300 SOUTH STREET & 300 EAST

ELEV = 4261.90'

SURVEYOR'S NARRATIVE

I, Patrick M. Harris do hereby state that I am a Professional Land Surveyor and that I hold certificate no. 286882 as prescribed by the laws of the State of Utah and represent that I have made a survey of the following described property. The Purpose of this survey is to provide an ALTA/NSPS Land Title and Topography Survey for use by the client. The Basis of Bearing is the line between the street monument at the intersection of 3300 South Street & 300 East Street and the street monument at the intersection of 3900 South Street & 300 East Street, measuring South 0°17'42" West 4662.20 feet.

COMMITMENT DESCRIPTIONS

For informational purposes only:
Tax Parcel No. 16-31-152-003-0000

PARCEL 2:

Commencing at a point 2 rods East and South 0°04' East 114.7 feet from the Northwest corner of Lot 4, Block 17, Ten Acre Plat "A", Big Field Survey, and running thence North 89° 55' East 331.23 feet; thence South 00°04' East 57.42 feet; thence South 89° 55' West 331.23 feet; thence North 00°04' West 57.42 feet to the point of beginning.

For informational purposes only:
Tax Parcel No. 16-31-152-011-0000

PARCEL 3:

The East Half of the following described premises:
Commencing at a point 114.70 feet South 0°04' East from the Northwest Corner of Lot 4, Block 17, Ten Acre Plat "A", Big Field Survey, and running thence North 89°55' East 662.46 feet; thence South 00°04' East 57.42 feet; thence South 89°55' West 662.46 feet; thence North 00°04' West 57.37 feet to the place of beginning.

For informational purposes only:
Tax Parcel No. 16-31-152-012-0000

PARCEL 4:

Beginning 2 rods East and South 0°04' East 172.12 feet from the Northwest corner of Lot 4, Block 17, Ten Acre Plat "A". Big Field Survey, thence North 89°55' East 662.42 feet: South 00°04' East 57.42 feet; South 89°55' West 662.46 feet; North 00°04' West 57.42 feet to beginning.

For informational purposes only:
Tax Parcel No. 16-31-152-014-0000

PARCEL 5:

Commencing at a point East 33 feet and South 0°04' East 229.54 feet from the Northwest corner of Lot 4, Block 17, Ten Acre Plat "A" Big Field Survey and running thence North 89°55' East 662.46 feet; thence South 00°04' East 45.42 feet; thence South 89°55' West 537.95 feet; thence South 00°04' East 12 feet; thence South 89°55' West 125 feet more or less to the East side of State Street; thence North 00°04' West 57.37 feet to the point of beginning.

ALSO, AND INCLUDING:

Beginning at a point on the East line of State Street East 33 feet and North 137.425 feet from the Southwest corner of Lot 4, Block 17, Ten Acre Plat "A," Big Field Survey, and running thence North along said East line of Street 149.68 feet to the North line of the South half of said Lot 4, thence East 125 feet; thence North 12 feet; thence East 537.95 feet; more or less to the West line of Second East Street; thence South along said West line 161.68 feet; thence West 662.95 feet; more or less to beginning.

ALSO, AND INCLUDING:

The South 137.425 feet of Lot 4, Block 17, Ten Acre Plat ''A" Big Field Survey.

For informational purposes only:
Tax Parcel No. 16-31-152-015-0000

PARCEL 6:

All of Lots 11 to 23 inclusive, Block 5, Longview Park Addition, according to the official plat thereof, on file and of record in the office of the Salt Lake County Recorder.

LESS AND EXCLUDING therefrom, that portion conveyed to the City of South Salt Lake by Warranty Deed, recorded June 15, 2004 as Entry No. 9090560 in Book 9001 at Page 2656 of Official Records, being further described as follows:

Commencing at a point on the westerly boundary of Lot 23, Block 5, Longview Park Addition, said point being 15.34 feet South 00°03'16" West from the Northwest corner of said Lot 23; and running thence, South 00°03'16" West 61.76 feet along the westerly boundary of said entire tract to a point on a 41.50 foot radius curve to the right; said curve having a central angle of 26°09'26" and being subtended by a chord bearing North 13°07'59" East a distance of 18.78 feet, thence along the arc of said curve a distance of 18.95 feet to a point on a 41.50 foot radius curve to the left; said curve having a central angle of 63°29'13" and being subtended by a chord bearing North 5°31'51" West a distance of 43.67 feet, thence along the arc of said curve a distance of 45.98 feet to the point of beginning.

For informational purposes only:
Tax Parcel No. 16-31-178-001-0000 and 16-31-178-002-0000

AS-SURVEYED DESCRIPTIONS

Parcel 1

A parcel of land situate in the Northwest Quarter of Section 31, Township 1 South, Range 1 East, Salt Lake Base and Meridian, being more particularly described as follows:

Beginning at a point on the South line of Helm Avenue, said point being North 0°17'42" East 1791.34 feet along the centerline of 300 East Street and South 89°58'07" West 1200.75 feet along the centerline of Helm Avenue and South 33.00 feet from the street monument located at the intersection of 3900 South Street and 300 East Street, and running;

thence South 00°01'30" East 116.39 feet;
thence North 89°57'22" East 50.00 feet;
thence North 00°01'30" West 116.38 feet to the South line of Helm Avenue;
thence South 89°58'07" West 50.00 feet along said South line to the point of beginning.

Contains 5,819 square feet or 0.134 acres.

Parcel 2

A parcel of land situate in the Northwest Quarter of Section 31, Township 1 South, Range 1 East, Salt Lake Base and Meridian, being more particularly described as follows:

Beginning at a point on the East line of State Street, said point being North 0°17'42" East 1791.34 feet along the centerline of 300 East Street and South 89°58'07" West 1460.76 feet along the centerline of Helm Avenue and South 0°01'30" East 149.45 feet along the East line of State Street from the street monument located at the intersection of 3900 South Street and 300 East Street, and running;

thence North 89°57'22" East 331.23 feet;
thence South 00°01'30" East 57.51 feet;
thence South 89°58'07" West 331.23 feet to the East line of State Street;
thence North 00°01'30" West 57.43 feet along said East line to the point of beginning.

Contains 19,036 square feet or 0.437 acres.

Parcel 3

A parcel of land situate in the Northwest Quarter of Section 31, Township 1 South, Range 1 East, Salt Lake Base and Meridian, being more particularly described as follows:

Beginning at a point being North 0°17'42" East 1791.34 feet along the centerline of 300 East Street and South 89°58'07" West 1460.76 feet along the centerline of Helm Avenue and South 0°01'30" East 149.45 feet along the East line of State Street and North 89°57'22" East 331.23 feet from the street monument located at the intersection of 3900 South Street and 300 East Street, and running;

thence North 89°57'22" East 332.80 feet to the West line of 200 East Street;
thence South 00°08'02" West 57.58 feet along said West line;
thence South 89°58'07" West 332.64 feet;
thence North 00°01'30" West 57.51 feet to the point of beginning.

Contains 19,145 square feet or 0.440 acres.

Parcel 4

A parcel of land situate in the Northwest Quarter of Section 31, Township 1 South, Range 1 East, Salt Lake Base and Meridian, being more particularly described as follows:

Beginning at a point on the East line of State Street, said point being North 0°17'42" East 1791.34 feet along the centerline of 300 East Street and South 89°58'07" West 1460.76 feet along the centerline of Helm Avenue and South 0°01'30" East 206.88 feet along the East line of State Street from the street monument located at the intersection of 3900 South Street and 300 East Street, and running;

thence North 89°58'07" East 663.87 feet to the West line of 200 East Street;
thence South 00°08'02" West 57.42 feet along said West line;
thence South 89°58'07" West 663.71 feet to the East line of State Street;
thence North 00°01'30" West 57.42 feet along said East line to the point of beginning.

Contains 38,115 square feet or 0.875 acres.

Parcel 5

A parcel of land situate in the Northwest Quarter of Section 31, Township 1 South, Range 1 East, Salt Lake Base and Meridian, being more particularly described as follows:

Beginning at a point on the East line of State Street, said point being North 0°17'42" East 1791.34 feet along the centerline of 300 East Street and South 89°58'07" West 1460.76 feet along the centerline of Helm Avenue and South 0°01'30" East 264.30 feet along the East line of State Street from the street monument located at the intersection of 3900 South Street and 300 East Street, and running;

thence North 89°58'07" East 663.71 feet to the West line of 200 East Street;
thence South 00°08'02" West 344.73 feet along said West line;
thence South 89°59'08" West 662.75 feet to the East line of State Street;
thence North 00°01'30" West 344.54 feet along said East line to the point of beginning.

Contains 228,571 square feet or 5.247 acres.

Parcel 6

A parcel of land situate in the Northwest Quarter of Section 31, Township 1 South, Range 1 East, Salt Lake Base and Meridian, being more particularly described as follows:

Beginning at a point being North 0°17'42" East 965.87 feet along the centerline of 300 East Street and West 950.17 feet, and running;

thence South 89°59'20" West 140.39 feet to the East line of Secord Street;
thence along said East line of Secord Street the following four (4) courses:
North 00°02'11" East 138.47 feet;
Northerly 18.94 feet along the arc of a 41.50 feet radius curve to the right (center bears South 89°57'49" East and the chord bears North 13°06'42" East 18.78 feet with a central angle of 26°09'03");
Northerly 45.99 feet along the arc of a 41.50 feet radius curve to the left (center bears North 63°48'02" West and the chord bears North 05°32'45" West 43.67 feet with a central angle of 63°29'27");
North 00°02'11" East 15.72 feet;
thence North 89°59'08" East 140.39 feet;
thence South 00°02'11" West 215.95 feet to the point of beginning.

Contains 30,015 square feet or 0.689 acres.

Parcel 6a

A parcel of land situate in the Northwest Quarter of Section 31, Township 1 South, Range 1 East, Salt Lake Base and Meridian, being more particularly described as follows:

Beginning at a point being North 0°17'42" East 965.87 feet along the centerline of 300 East Street and West 950.17 feet, and running;

thence South 00°02'11" West 100.00 feet;
thence South 89°59'20" West 140.39 feet to the East line of Secord Street;
thence North 00°02'11" East 100.00 feet along said East line;
thence North 89°59'20" East 140.39 feet to the point of beginning.

Contains 14,039 square feet or 0.322 acres.

Total Parcel Description

A parcel of land situate in the Northwest Quarter of Section 31, Township 1 South, Range 1 East, Salt Lake Base and Meridian, being more particularly described as follows:

Beginning at a point on the South line of Helm Avenue, said point being North 0°17'42" East 1791.34 feet along the centerline of 300 East Street and South 89°58'07" West 1200.75 feet along the centerline of Helm Avenue and South 33.00 feet from the street monument located at the intersection of 3900 South Street and 300 East Street, and running;

thence South 00°01'30" East 116.39 feet;
thence South 89°57'22" West 260.00 feet to the East line of State Street;
thence South 00°01'30" East 459.39 feet along said East line of State Street;
thence North 8°59'08" East 365.83 feet;
thence along the East line of Secord Street the following four (4) courses:
South 00°02'11" West 15.72 feet;
Southerly 45.99 feet along the arc of a 41.50 feet radius curve to the right (center bears South 52°42'31" West and the chord bears South 05°32'45" East 43.67 feet with a central angle of 63°29'27");
Southerly 18.94 feet along the arc of a 41.50 feet radius curve to the left (center bears South 63°48'47" East and the chord bears South 13°06'42" West 18.78 feet with a central angle of 26°09'03");
South 00°02'11" West 238.47 feet;
thence North 89°59'20" East 140.39 feet;
thence North 00°02'11" East 315.95 feet;
thence North 89°59'08" East 156.53 feet to the West line of 200 East Street;
thence North 00°08'02" East 459.73 feet along said West line of 200 East Street;
thence South 89°57'23" West 354.03 feet;
thence North 00°01'30" West 116.38 feet to the South line of Helm Avenue;
thence South 89°58'07" West 50.00 feet along said South line of Helm Avenue to the point of beginning.

Contains 354,740 square feet or 8.144 acres

To: (i)Legacy Investment and Management, LLC, a Nevada limited liability company and its successors and assigns; (ii)T. and S. Watkins Family LLC, a Utah limited liability company; and (iii)Fidelity National Title Insurance Company

1. INTRODUCTION AND EXECUTIVE SUMMARY

1.1. PURPOSE OF REPORT AND STUDY OBJECTIVES

Lōkahi, LLC (Lōkahi) was retained by Molasky Development to complete a Traffic Impact Analysis for the proposed VA Salt Lake City Outpatient Clinic, located approximately 115 feet south of the southeast corner of Helm Avenue and State Street in South Salt Lake City, Utah.

The objective of this Traffic Impact Study is to analyze the anticipated traffic related impacts of the proposed development to the adjacent roadway network. See **Figure 1** for the vicinity map.

1.2. EXECUTIVE SUMMARY

The proposed VA Salt Lake City Outpatient Clinic is located on the southeast corner of Helm Avenue and State Street in South Salt Lake City, Utah. The development will consist of a Veterans Affairs (VA) outpatient medical clinic with approximately 205 employees and is anticipated to open in 2028.

This Transportation Impact and Mitigation Analysis include:

- Level of service analysis of existing conditions for the weekday AM and PM peak hours
- Trip Generation for the existing development
- Trip Generation for the proposed development
- Trip Generation comparison
- Level of service analysis for the opening year (2028) weekday AM and PM peak hours
    - 2028 No Build
    - 2028 Build
- Queue analysis

The following are the intersections included in this study:

- State Street and Helm Avenue/ Existing Driveway I (1)
- State Street and 3750 S/ Existing Driveway II (2)
- State Street and Rigdon Avenue (3)
- State Street and 3900 S (4)
- Secord Street and Rigdon Avenue/ Existing Driveway III (5)
- 200 E and Helm Avenue (6)
- 200 E and Rigdon Avenue (7)
- 300 E and Helm Avenue (8)
- 300 E and Rigdon Avenue (9)
- State Street and Driveway A (10)
- Helm Avenue and Driveway B (11)
- Secord Street and Driveway C (12)

- 200 E and Driveway D (13)

Existing Capacity Analysis

The AM and PM peak hour existing conditions capacity analyses were completed for the existing study intersections.

The results of the capacity analysis reveal that all study intersections and movements operate at LOS D or better, except the following:

State Street and 3750 S/ Existing Driveway II (2)

- Eastbound shared left-through-right operates at LOS E during the PM peak hour

State Street and 3900 S (4)

- Westbound shared through-right operates at LOS E during the AM and PM peak hour

Trip Generation

The trip generation was calculated based on collected traffic volumes at utilizing ITE Code 720 – Medical-Dental Office (Stand-Alone). The proposed development is anticipated to generate 1,653 new weekday trips with 194 new AM peak hour trips and 87 new PM peak hour trips, compared to the existing development.

Trip Generation – Proposed Development

Land Use	ITE Code	Qty	Unit	Weekday	AM Peak Hour			PM Peak Hour		
				Total	Total	In	Out	Total	In	Out
Medical-Dental Office Building (Stand-Alone)	720	205	Employees	2,415	254	178	76	193	87	106
Total Trips -Proposed Development				**2,415**	**254**	**178**	**76**	**193**	**87**	**106**
Automobile Sales (Used)	841	28.143	1000 SF GFA	762	60	45	15	106	50	56
Total Trips - Existing Development				**762**	**60**	**45**	**15**	**106**	**50**	**56**
Difference				**1,653**	**194**	**133**	**61**	**87**	**37**	**50**

Future Conditions - Year 2028

The proposed development is anticipated to open in the year 2028. An annual growth rate of 1.60% was applied to the existing traffic volumes.

A capacity analysis was completed for both the AM and PM peak hours for the year 2028, without the build out of the proposed development. The results of the capacity analysis reveal that all intersection movements are expected to operate at a LOS D or better, with the exception of the following:

State Street and 3750 S/ Existing Driveway II (2)

- Eastbound shared left-through-right operates at LOS F during the PM peak hour
- Northbound left operates at LOS E during the PM peak hour

The capacity and level of service for the study area intersections were evaluated for the 2028 build traffic volumes. All intersection movements are projected to operate at a LOS D or better or will be maintained at the 2028 no build level of service.

Recommendations

- **State Street and Driveway A (10)**
  - Construction of a RIRO driveway, located along State Street, approximately 335 feet south of Helm Avenue (centerline to centerline)
  - Installation of a stop sign on the westbound approach

- **Helm Avenue and Driveway B (11)**
  - Construction of a RIRO driveway located along Helm Avenue, approximately 355 feet east of State Street (centerline to centerline)
  - Installation of a stop sign on the northbound approach

- **Secord Street and Driveway C (12)**
  - Construction of a full-access driveway, located along Secord Street, approximately 460 feet north of Rigdon Avenue (centerline to centerline)
  - Installation of a stop sign on the westbound approach

- **200 E and Driveway D (13)**
  - Construction of a full-access driveway, located along 200 E, approximately 185 feet south of Helm Avenue (centerline to centerline)
  - Installation of a stop sign on the eastbound approach

- **Monitor and Adjust Signal Timing**

It is the responsibility of the agency that owns and operates the traffic signals within the study area to monitor traffic conditions and make signal timing adjustments as necessary.

2. PROPOSED DEVELOPMENT

The proposed VA Salt Lake City Outpatient Clinic development will consist of a Veterans Affairs (VA) outpatient medical clinic with approximately 205 employees and is anticipated to open in 2028.

The existing RV dealership and rental car facility currently located on the site will be demolished to accommodate the proposed development.

The development will be accessible via four (4) driveways:

State Street and Driveway A (10) is a proposed right-in/right-out (RIRO) driveway located along State Street, approximately 335 feet south of Helm Avenue (centerline to centerline).

Helm Avenue and Driveway B (11) is a proposed RIRO driveway located along Helm Avenue, approximately 355 feet east of State Street (centerline to centerline).

Secord Street and Driveway C (12) is a proposed full-access driveway located along Secord Street, approximately 460 feet north of Rigdon Avenue (centerline to centerline).

200 E and Driveway D (13) is a proposed full-access driveway located along 200 E, approximately 185 feet south of Helm Avenue (centerline to centerline).

See **Figure 2** and **Appendix A** for the proposed site plan.

FIGURE 1 | VICINITY MAP

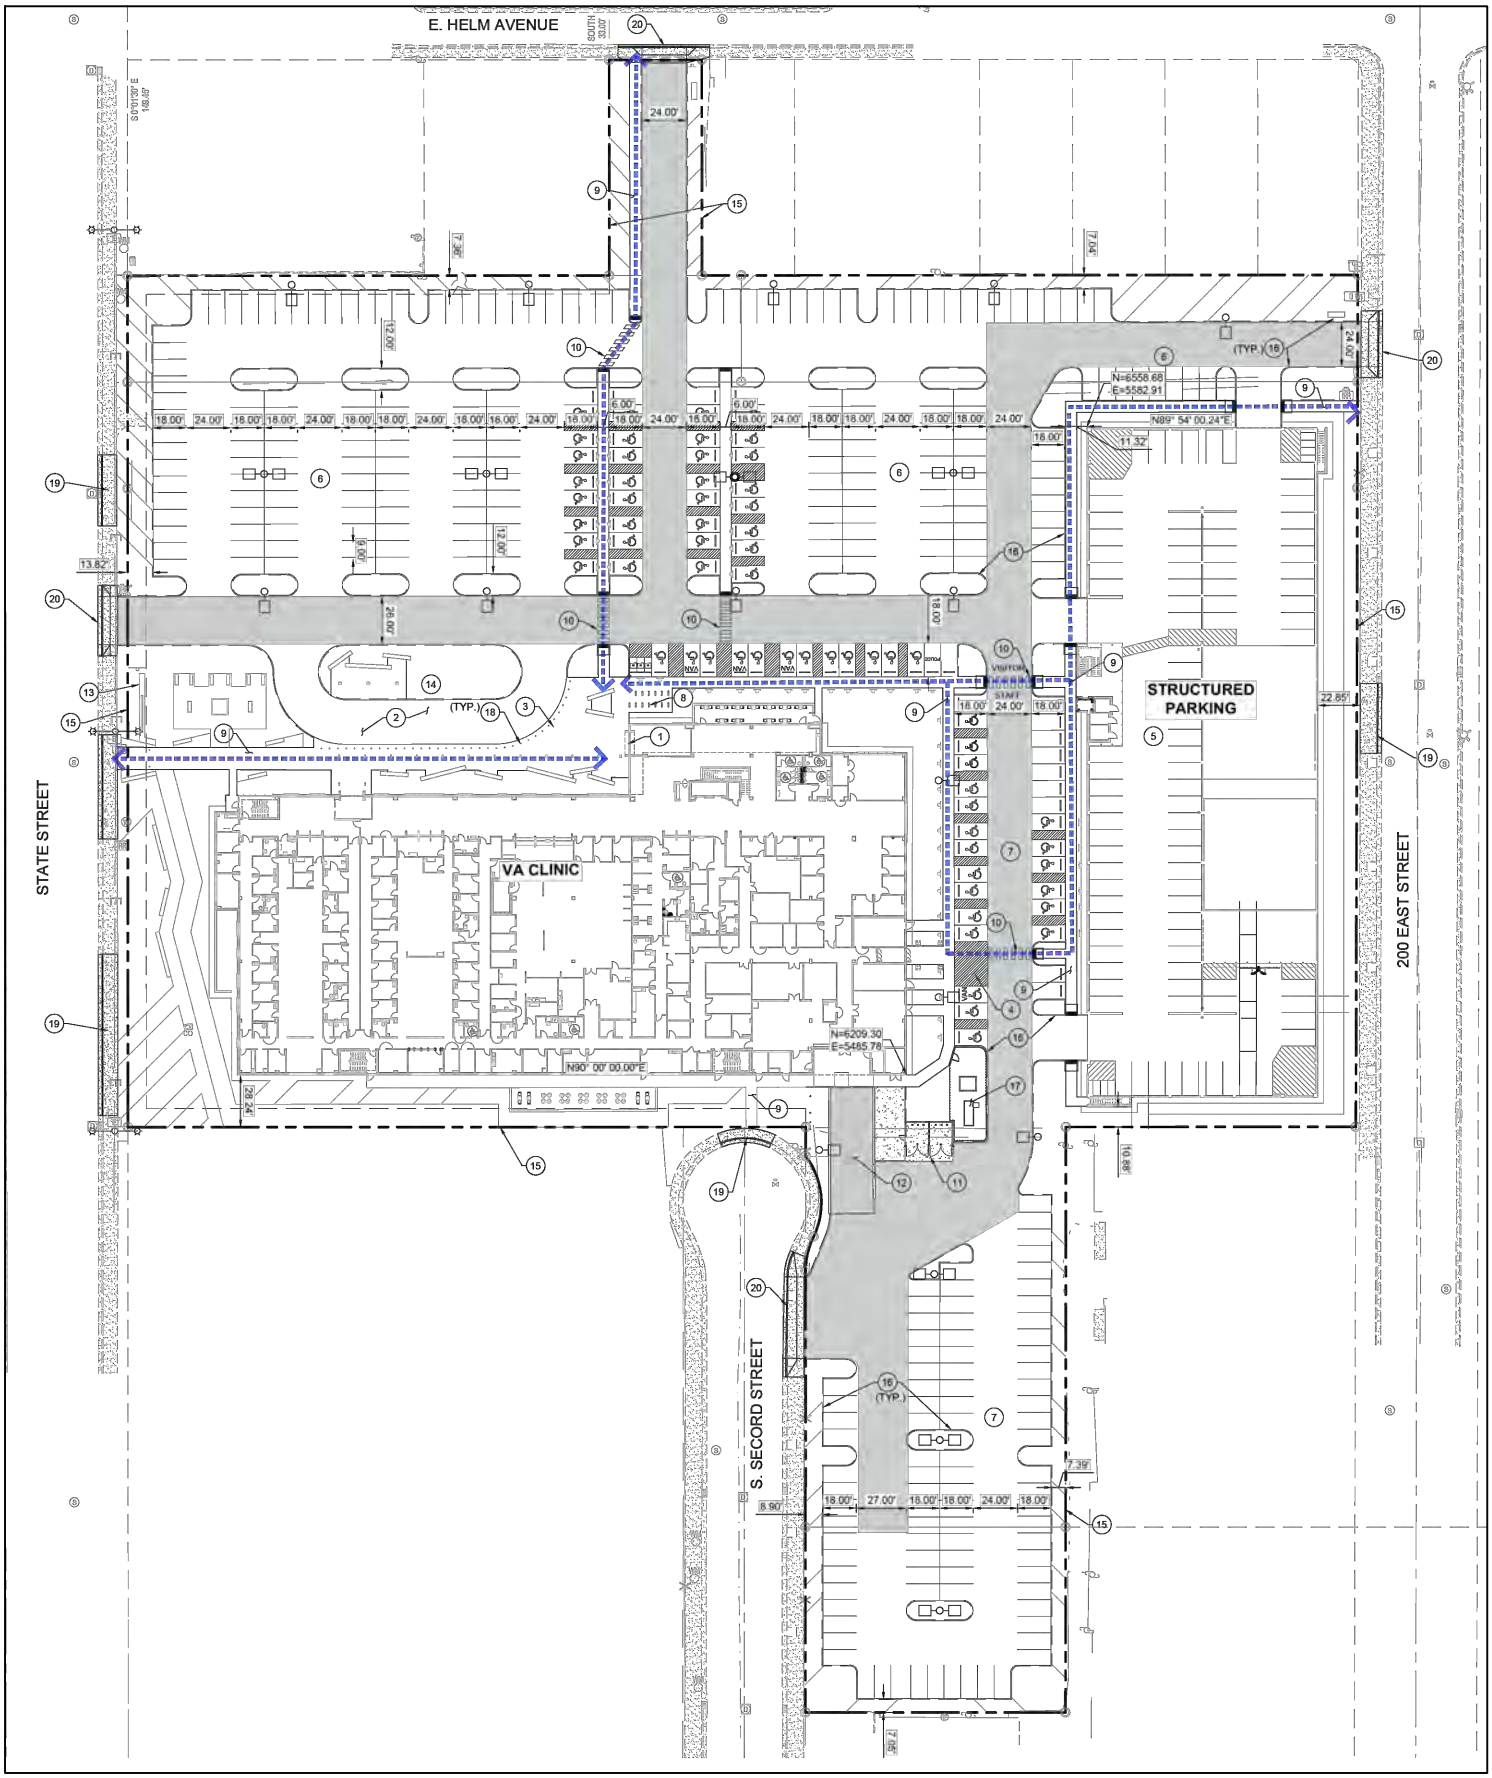

FIGURE 2 | SITE PLAN

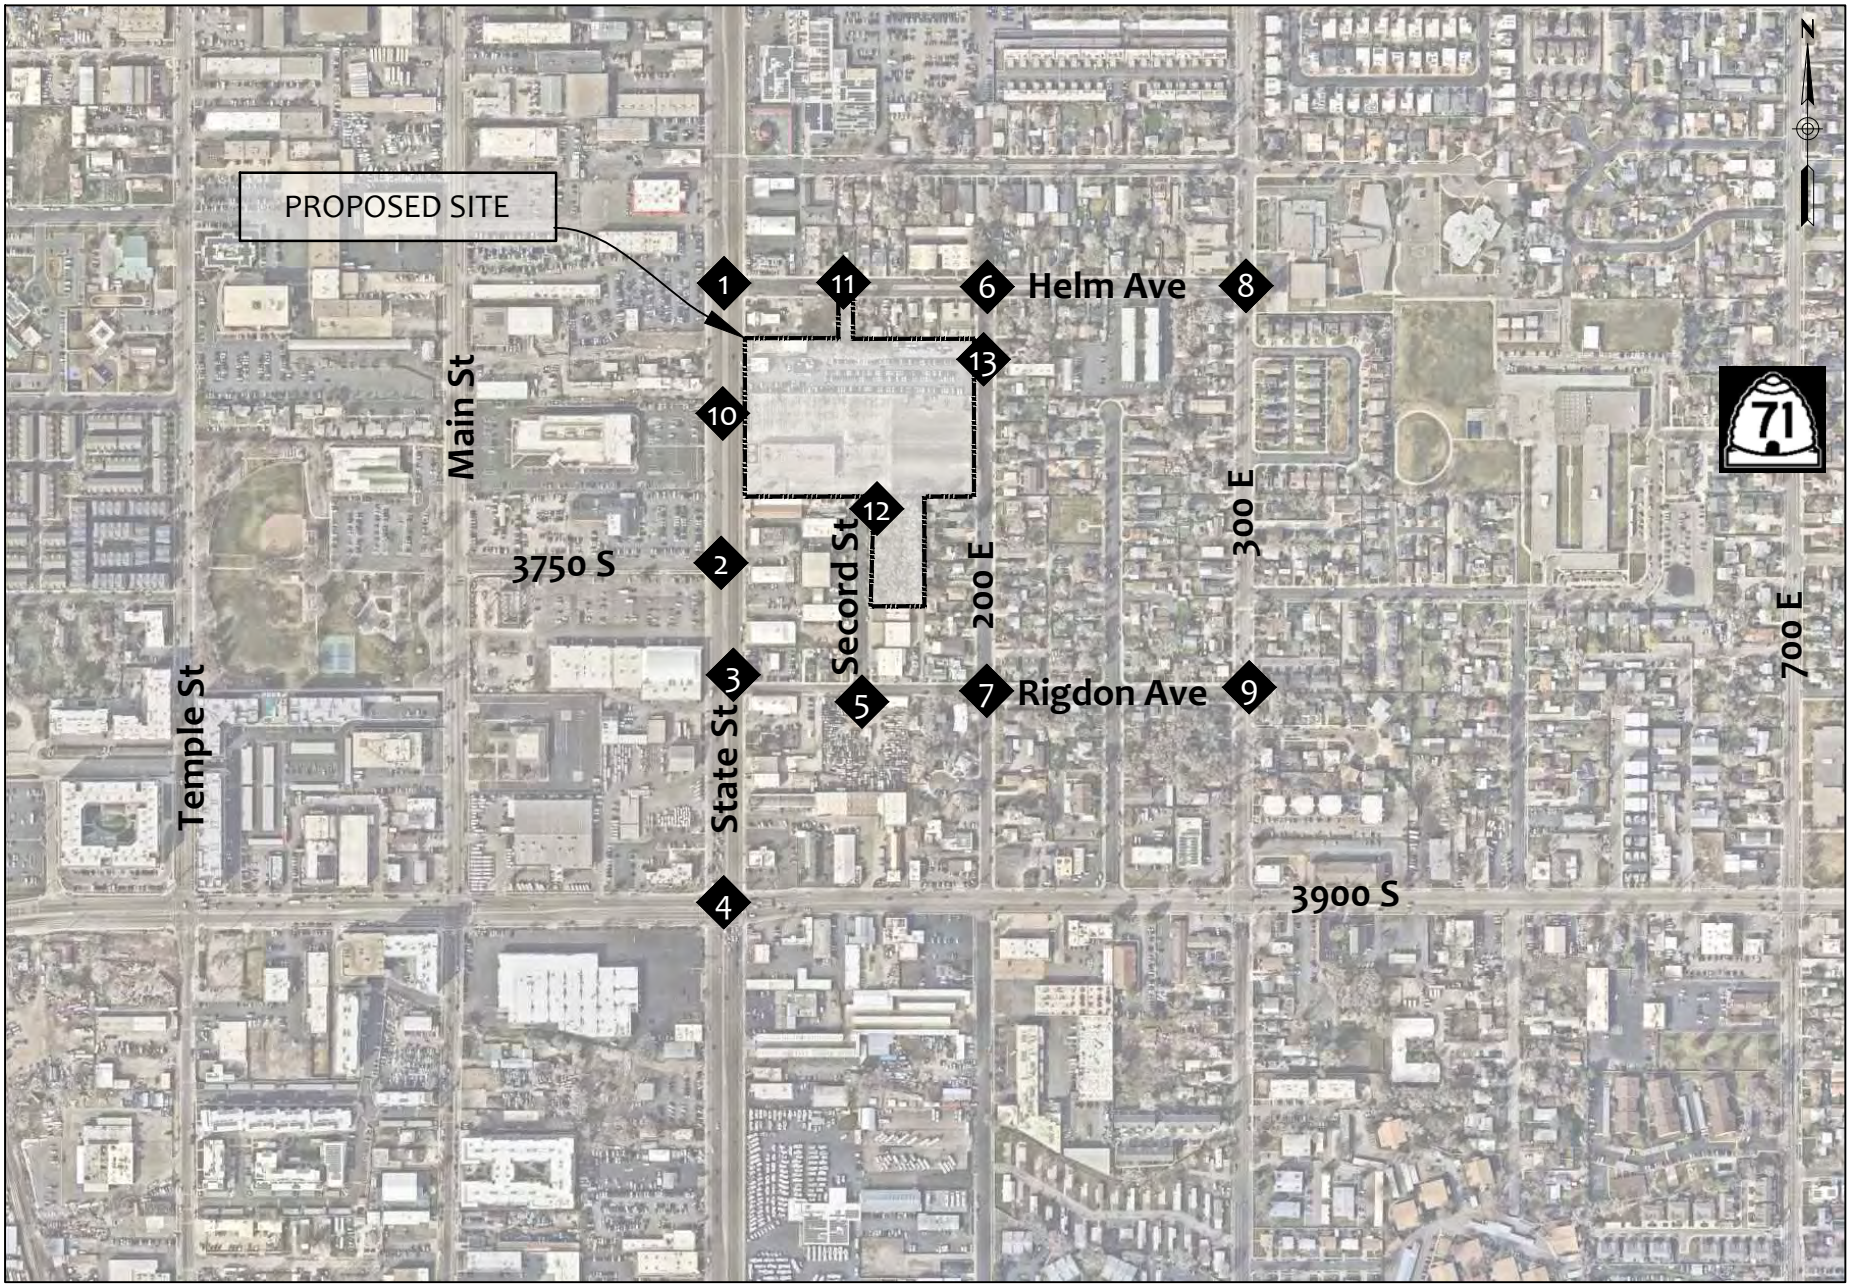

FIGURE 3 | STUDY AREA

3. AREA CONDITIONS

The study area is in South Salt Lake City, Utah. **Sections 3.1** and **3.2** provide detailed descriptions of the study roadway segments and intersections. See **Figure 3** for study area.

3.1. STUDY ROADWAY SEGMENTS

Helm Avenue is an east-west roadway that provides one (1) lane in each direction of travel with a raised median. According to the *South Salt Lake General Plan Update* (August 17, 2021), Helm Avenue is classified as a local roadway. On Tuesday, April 14, 2026, a local traffic data collection firm recorded 24-hour bi-directional traffic counts along Helm Avenue, east of State Street. The recorded counts indicate an average daily traffic (ADT) volume of 869 vpd. There is an unposted speed limit of 20 miles per hour (mph).

3750 S is an east-west undivided roadway that provides one (1) lane in each direction of travel. According to the *South Salt Lake General Plan Update* (August 17, 2021), 3750 S is classified as a local roadway. There is an unposted speed limit of 20 mph.

Rigdon Avenue is an east-west undivided roadway that provides one (1) lane in each direction of travel. According to the *South Salt Lake General Plan Update* (August 17, 2021), Rigdon Avenue is classified as a local roadway. There is an unposted speed limit of 20 mph.

3900 S is an east-west roadway that provides two (2) lanes in each direction of travel. East of State Street, 3900 S features a center two-way left-turn lane. West of State Street, 3900 S is divided by a raised concrete median. According to the *South Salt Lake General Plan Update* (August 17, 2021), 3900 S is classified as a major arterial and is under the jurisdiction of the Utah Department of Transportation (UDOT). The UDOT *Traffic Statistics* report that 3900 S carried an annual average daily traffic (AADT) of 27,000 vehicles per day (vpd), between State Street and 700 E in 2024. There is a posted speed limit of 40 mph.

State Street (US 89) is a north-south roadway that is part of U.S. Route 89 (US 89) and provides three (3) lanes in each direction of travel separated by a raised concrete median. According to the *South Salt Lake General Plan Update* (August 17, 2021), State Street is classified as a major arterial and is under the jurisdiction of UDOT. On Tuesday, April 14, 2026, a local traffic data collection firm recorded 24-hour bi-directional traffic counts along State Street, south of Helm Avenue. The recorded counts indicate an ADT volume of 29,843 vpd. There is a posted speed limit of 35 mph.

Secord Street is a north-south undivided roadway that provides one (1) lane in each direction of travel. Secord Street intersects Rigdon Avenue and extends approximately 540 feet north, terminating at a cul-de-sac. According to the *South Salt Lake General Plan Update* (August 17, 2021), Secord Street is classified as a local roadway. On Tuesday, April 14, 2026, a

local traffic data collection firm recorded 24-hour bi-directional traffic counts along Secord Street, north of Rigdon Avenue. The recorded counts indicate an ADT volume of 285 vpd. There is an unposted speed limit of 20 mph.

200 E is a north-south undivided roadway that provides one (1) lane in each direction of travel. According to the *South Salt Lake General Plan Update* (August 17, 2021), 200 E is classified as a local roadway. On Tuesday, April 14, 2026, a local traffic data collection firm recorded 24-hour bi-directional traffic counts along 200 E, south of Helm Avenue. The recorded counts indicate an ADT volume of 438 vpd. There is an unposted speed limit of 20 mph.

300 E is a north-south undivided roadway that provides one (1) lane in each direction of travel. According to the *South Salt Lake General Plan Update* (August 17, 2021), 300 E is classified as a major collector. The UDOT *Traffic Statistics* report that 300 E carried an AADT of 6,800 vpd between 3300 S and 3900 S in 2024. There is a posted speed limit of 30 mph

3.2. STUDY INTERSECTIONS

At the direction of the UDOT and South Salt Lake City, the following intersections were analyzed:

State Street and Helm Avenue/ Existing Driveway I (1) operates as a stop-controlled T-intersection with the stop control on the westbound approach. The northbound approach provides two (2) through lanes and one (1) shared through-right turn lane. The southbound approach provides one (1) dedicated left turn lane, two (2) through lanes and one (1) shared through-right turn lane. The eastbound and westbound approaches each provides one (1) shared left-through-right turn lane.

State Street and 3750 S / Existing Driveway I (2) operates as a two-way stop-controlled intersection with stop controls on the eastbound and westbound approaches. The northbound approach provides one (1) dedicated left turn lane, two (2) through lanes, and one (1) shared through-right turn lane. The southbound approach provides two (2) through lanes and one (1) shared through-right turn lane. The eastbound and westbound approaches each provide one (1) shared left-through-right turn lane.

State Street and Rigdon Avenue/ Existing Driveway II (3) operates as a stop-controlled T-intersection with the stop control on the westbound approach. The northbound approach provides two (2) through lanes and one (1) shared through-right turn lane. The southbound approach provides three (3) through lanes. The westbound approach provides one (1) dedicated right turn lane.

State Street and 3900 S (4) operates as a signalized intersection. The northbound and southbound approaches each provide one (1) dedicated left turn lane, three (3) through lanes, and one (1) dedicated right turn lane. The eastbound approach provides one (1) dedicated left turn lane, two (2)

through lanes, and one (1) dedicated right turn lane. The westbound approach provides one (1) dedicated left turn lane, one (1) through lane, and one (1) shared through-right turn lane.

Secord Street and Rigdon Avenue (5) operates as a stop-controlled T-intersection with stop control on the southbound approach. The southbound approach provides one (1) shared left-right turn lane. The eastbound approach provides one (1) shared left-through turn lane. The westbound approach provides one (1) shared through-right turn lane.

200 E and Helm Avenue (6) operates as a stop-controlled T-intersection with stop control on the northbound approach. The northbound approach provides one (1) shared left-right turn lane. The eastbound approach provides one (1) shared through-right turn lane. The westbound approach provides one (1) shared left-through turn lane.

200 E and Rigdon Avenue (7) operates as a four-way stop controlled intersection. Each approach provides one (1) shared left-through-right turn lane.

300 E and Helm Avenue (8) operates as a one-way stop-controlled T-intersection with stop control on the eastbound approach. The northbound approach provides one (1) shared left-through turn lane. The southbound approach provides one (1) shared through-right turn lane. The eastbound approach provides one (1) shared left-right turn lane.

300 E and Rigdon Avenue (9) operates as a one-way stop-controlled T-intersection with stop control on the eastbound approach. The northbound approach provides one (1) shared left-through turn lane. The southbound approach provides one (1) shared through-right turn lane. The eastbound approach provides one (1) shared left-right turn lane.

3.3. SURROUNDING AREA LAND USE

The proposed development is in South Salt Lake City, Utah. The proposed development is bordered by single-family homes, a medical clinic, and Helm Avenue to the north; Rigdon Avenue, single-family homes and commercial uses to the south; 200 E and single-family homes to the west; Secord Street, State Street, and single-family homes to the east.

Surrounding land use generally consists of residential and commercial use.

3.4. SITE ACCESSIBILITY

Roadway System

US 89 (State Street) runs directly along to the site's western frontage, providing regional connectivity to the Salt Lake City metropolitan area and interstate access to Arizona and Montana. Within the vicinity of the proposed site, there is a well-developed roadway network.

Pedestrian Facilities

Sidewalks are provided along all study roadway segments within the study area.

Marked crosswalks are provided across all legs of State Street and 3900 S (4) and the southern leg of 300 E and Helm Avenue (8).

There are no other pedestrian facilities currently provided within the study area.

Bicycle Facilities

Bike lanes are not currently provided within the study area.

Transit Facilities

The Utah Transit Authority (UTA) provides public transportation within the study area and serves the Salt Lake City metropolitan area.

UTA Route 39, which provides east-west service, and Route 200, which provides north-south service, operate within the immediate study area and are both located within a 10-miute walking distance of the proposed development.

4. EXISTING CONDITIONS

4.1. EXISTING LAND USE

The proposed VA Salt Lake City Outpatient Clinic development is located on the following parcel numbers (APN): 16-31-178-002-0000, 16-31-178-001-0000, 16-31-152-015-0000, 16-31-152-014-0000, 16-31-152-012-0000, 16-31-152-011-0000, 16-31-152-003-0000. Currently, it is developed with a 24,207 square-foot (SF) RV dealership (Legacy RV Center) and a 3,936 SF used car dealership (Hertz Car Sales). According to the *SSLC Zoning Map* reports that the site is zoned Commercial Corridor (CC), except for APN 16-31-152-012-0000, which is zoned Residential Single Family (R-1).

See **Appendix B** for detailed parcel information.

4.2. EXISTING TRAFFIC COUNTS

A local data collection firm, All Traffic Data Services, LLC, was utilized to collect traffic counts at the study intersections on Tuesday, April 14, 2026. Typical weekday turning movement counts were obtained during the AM (7:00 to 9:00 am) and PM (4:00 to 6:00 pm) peak hours at the following intersections:

- State Street and Helm Avenue (1)
- State Street and 3750 S (2)
- State Street and Rigdon Avenue (3)
- State Street and 3900 S (4)
- Secord Street and Rigdon Avenue (5)
- 200 E and Helm Avenue (6)
- 200 E and Rigdon Avenue (7)
- 300 E and Helm Avenue (8)
- 300 E and Rigdon Avenue (9)

Additionally, bi-directional tube counts for 24-hours in 15-minute intervals were along the following roadway segments:

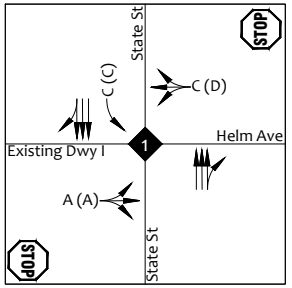

- State Street, south of Helm Avenue
- Helm Avenue, east of State Street
- 200 E, south of Helm Avenue
- Secord Street, north of Rigdon Avenue

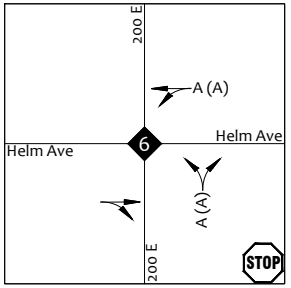

The turning movement counts were then analyzed for the highest 1-hour within each time period. The following peak hours were analyzed throughout this study.

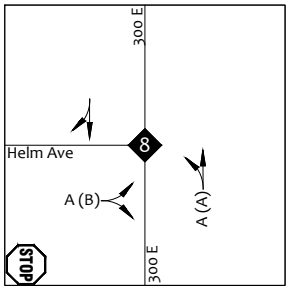

AM Peak Hour	7:00 am – 8:00 am
PM Peak Hour	4:00 pm – 5:00 pm

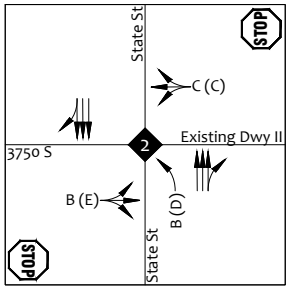

See **Appendix C** for detailed count data. See **Figure 4** for the existing AM and PM peak hour weekday traffic volumes.

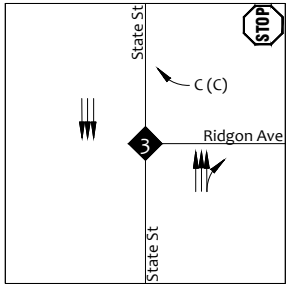

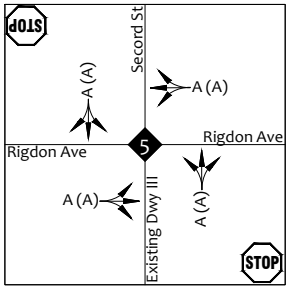

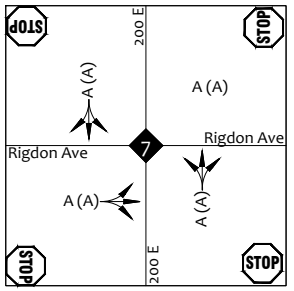

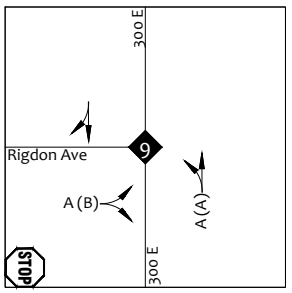

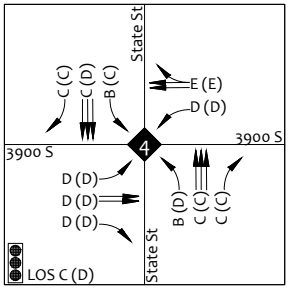

LEGEND

AM (PM)	Peak Hour Capacity Analysis
X	Intersection
	Lane Configuration

FIGURE 5 | EXISTING CAPACITY ANALYSIS

4.3.EXISTING CAPACITY ANALYSIS

The existing conditions capacity analysis was completed for the existing study intersections using the methodology presented in the *7th Edition of the Highway Capacity Manual (HCM)*. Traffic analysis software, Synchro Version 12, was used to perform the analyses based on signal timing provided by the Utah Department of Transportation. Existing peak hour factors (PHF) were used. U turn movements were evaluated as left turns as Synchro does not explicitly analyze U turns. See **Appendix D** for the existing signal timing.

Table 1 is from the *7th Edition of the Highway Capacity Manual* Exhibit 19-8 and 20-2, which lists the Level of Service (LOS) thresholds for signalized and stop-controlled intersections.

Table 1 – Level of Service Criteria

Level of Service (LOS)	Control Delay per Vehicle (s/veh)	
	Signalized Intersection	Unsignalized Intersection
A	≤ 10	0 - 10
B	> 10-20	> 10-15
C	> 20-35	> 15-25
D	> 35-55	> 25-35
E	> 55-80	> 35-50
F	> 80	> 50

The results of the capacity analysis reveal that all the study intersections and movements operate at LOS D or better, except the following:

State Street and 3750 S/ Existing Driveway II (2)

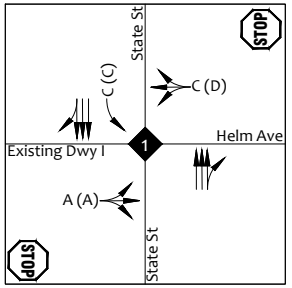

- Eastbound shared left-through-right operates at LOS E during the PM peak hour

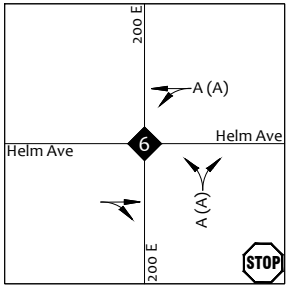

State Street and 3900 S (4)

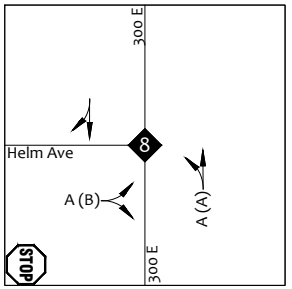

- Westbound shared through-right operates at LOS E during the AM and PM peak hour

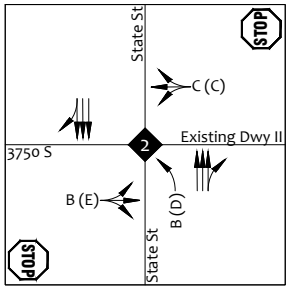

See **Figure 5** for the existing AM and PM peak hour capacity analysis. The detailed capacity analysis sheets can be found in **Appendix E**.

FIGURE 5 | EXISTING CAPACITY ANALYSIS

5. PROJECTED TRAFFIC

5.1. TRIP GENERATION

The trip generation for the proposed development was calculated utilizing the Institute of Transportation Engineers (ITE) publication entitled *Trip Generation Manual, 12th Edition*. This publication is the standard for the transportation engineering profession. Detailed trip generation calculations are provided in **Appendix F**.

5.1.1. TRIP GENERATION - PROPOSED DEVELOPMENT

The trip generation of the proposed development was calculated utilizing ITE Code 720 – Medical-Dental Office (Stand-Alone). The trip generation calculations of the proposed development are shown in **Table 1**.

Table 2 – Trip Generation - Proposed Development

Land Use	ITE Code	Qty	Unit	Weekday	AM Peak Hour			PM Peak Hour		
				Total	Total	In	Out	Total	In	Out
Medical-Dental Office Building (Stand-Alone)	720	205	Employees	2,415	254	178	76	193	87	106

The proposed development is anticipated to generate a total of 2,415 new daily weekday trips with 254 trips during the AM peak hour and 193 trips during the PM peak hour.

5.1.2. TRIP GENERATION – EXISTING DEVELOPMENT

The trip generation for the existing development was calculated utilizing ITE Code 841 – Automobile Sales (Used). The trip generation calculations of the existing development are shown in **Table 3**.

Table 3 – Trip Generation - Existing Development

Land Use	ITE Code	Qty	Unit	Weekday	AM Peak Hour			PM Peak Hour		
				Total	Total	In	Out	Total	In	Out
Automobile Sales (Used)	841	28.143	1000 SF GFA	762	60	45	15	106	50	56

The existing development generates approximately 762 weekday trips, with 60 trips during the AM peak hour and 106 trips during the PM peak hour.

5.1.3. TRIP GENERATION COMPARISON - PROPOSED VS. EXISTING DEVELOPMENT

The trip generation of the proposed development was compared to the trip generation of the existing development, as show in **Table 4**.

Table 4 – Trip Generation Comparison – Proposed vs. Existing Development

Land Use	ITE Code	Qty	Unit	Weekday	AM Peak Hour			PM Peak Hour		
				Total	Total	In	Out	Total	In	Out
Medical-Dental Office Building (Stand-Alone)	720	205	Employees	2,415	254	178	76	193	87	106
Total Trips -Proposed Development				**2,415**	**254**	**178**	**76**	**193**	**87**	**106**
Automobile Sales (Used)	841	28.143	1000 SF GFA	762	60	45	15	106	50	56
Total Trips - Existing Development				**762**	**60**	**45**	**15**	**106**	**50**	**56**
Difference				**1,653**	**194**	**133**	**61**	**87**	**37**	**50**

Compared to the existing development, the proposed development is anticipated to generate 1,653 more weekday trips with 194 new trips during the AM peak hour and 87 new trips during the PM peak hour.

5.2. TRIP DISTRIBUTION AND ASSIGNMENT

The trip distribution procedure determines the general pattern of travel for vehicles entering and leaving the proposed development. The trip distribution for the proposed development is based on the distribution of the existing traffic along the surrounding roadway network, permitted movements at the proposed site driveways, and probable routes.

The trip distribution is shown in **Figure 6.** The trip assignment was based on proximity of driveways, permitted turning movements, and the ease and probability of use. The site generated traffic volumes are shown in **Figure 7**.

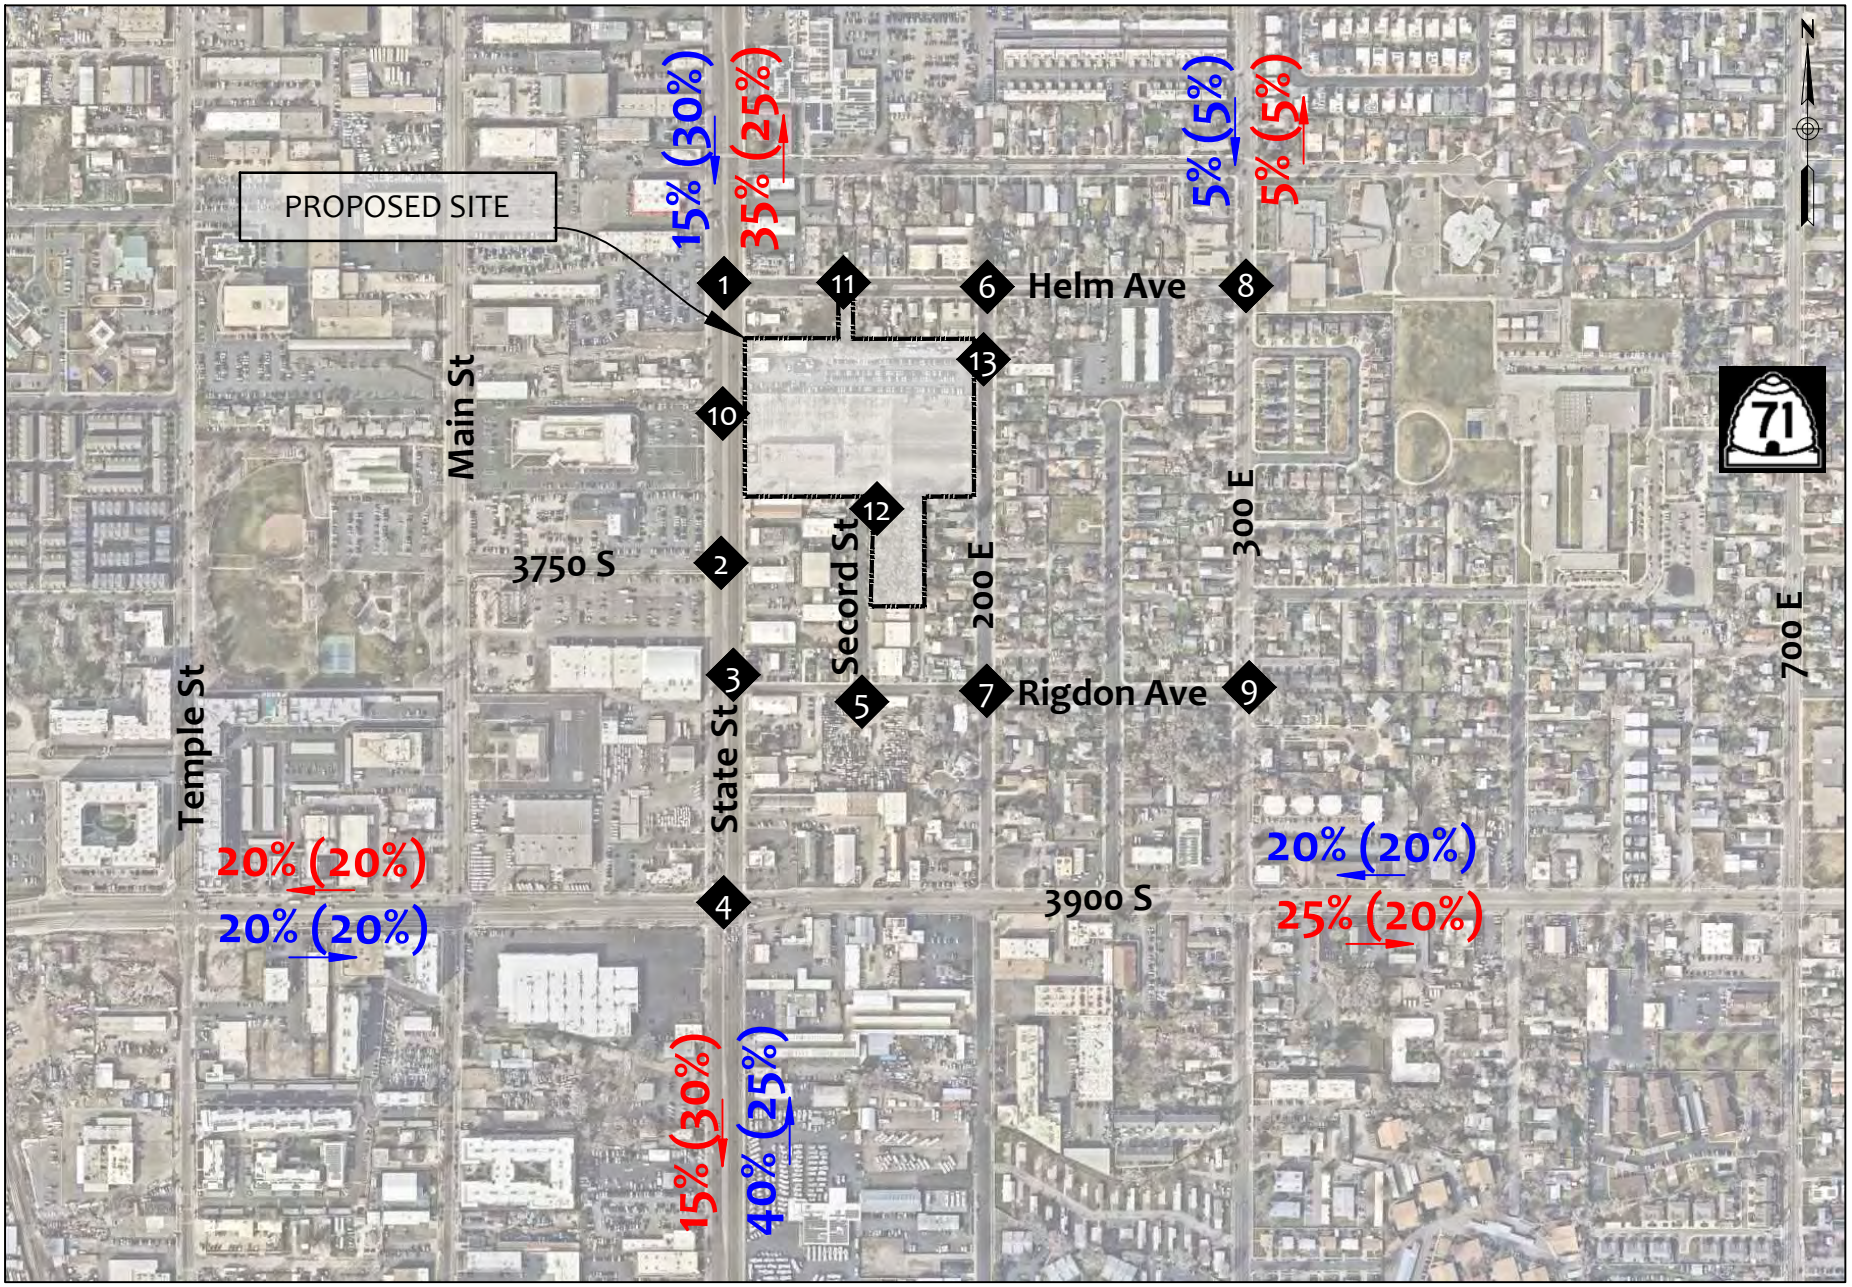

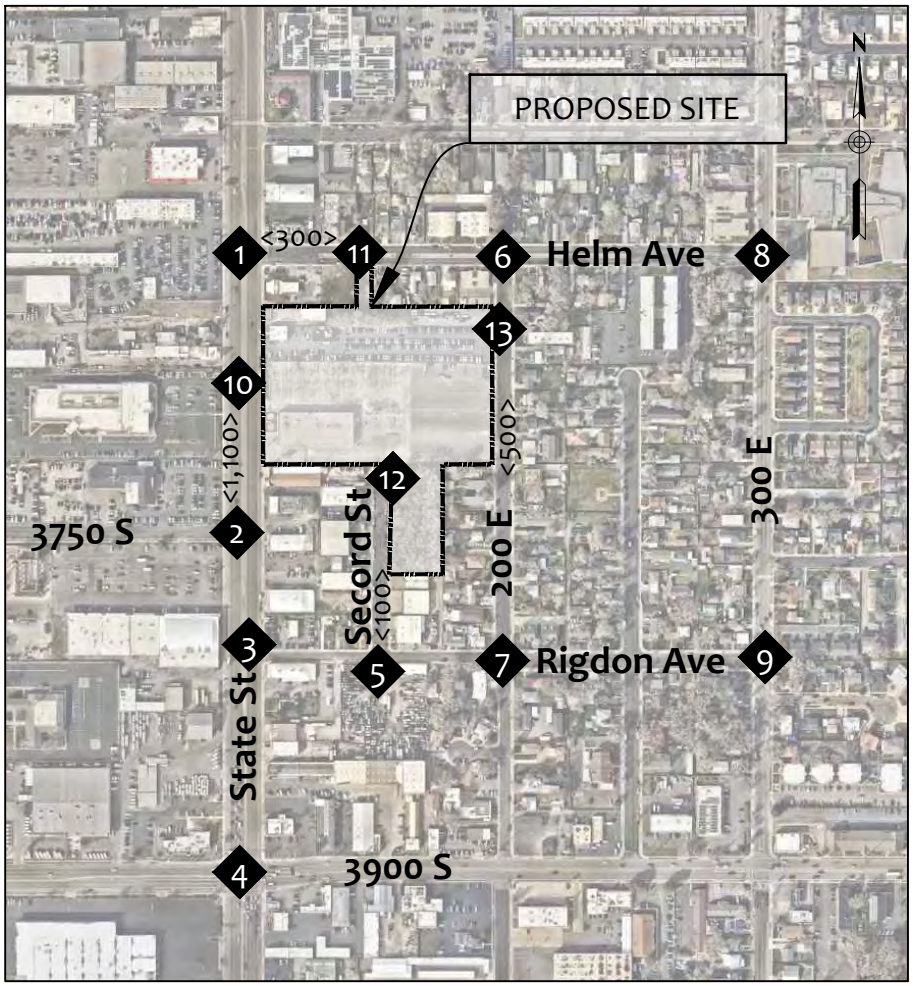

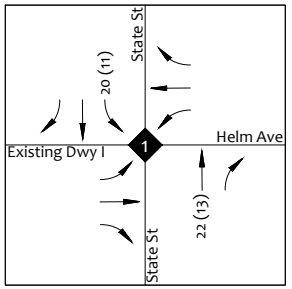

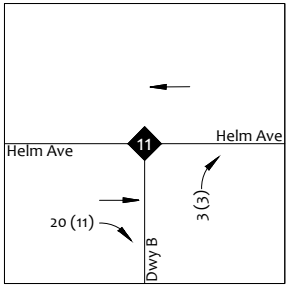

FIGURE 6 | TRIP DISTRIBUTION

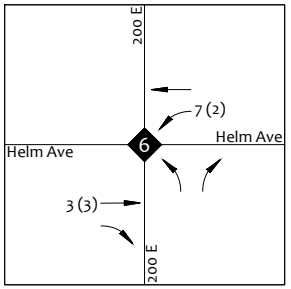

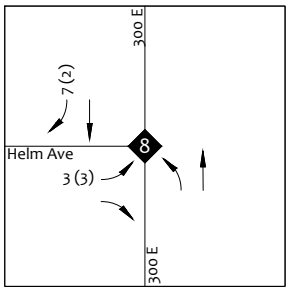

LEGEND

X	Intersection
<ADT>	Average Daily Traffic

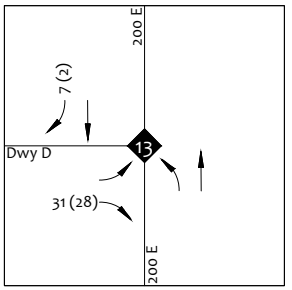

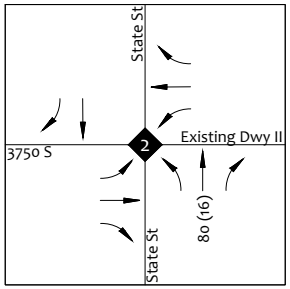

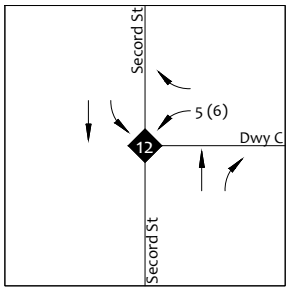

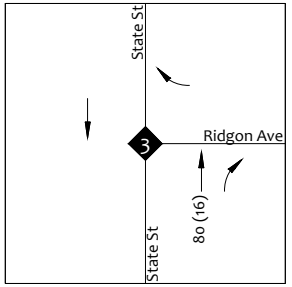

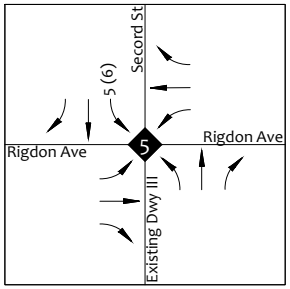

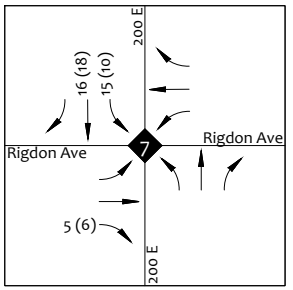

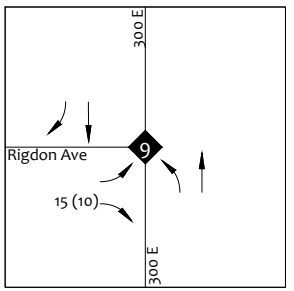

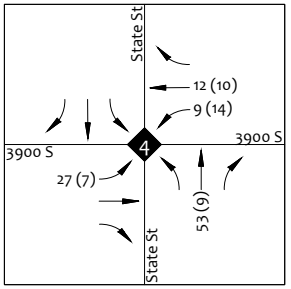

FIGURE 7 | NEW SITE TRAFFIC VOLUMES

6. FUTURE CONDITIONS (YEAR 2028)

The proposed development is scheduled for opening and completion in the year 2028. This section analyzes the anticipated impacts of the proposed development on the surrounding roadway network during the opening year 2028.

6.1. YEAR 2028 ROADWAY NETWORK

The roadway improvements described below are anticipated to be implemented in 2028 in conjunction with the buildout of the proposed development. All improvements will be the responsibility of the developer.

State Street and Driveway A (10)

- Construction of a RIRO driveway, located along State Street, approximately 335 feet south of Helm Avenue (centerline to centerline)
- Installation of a stop sign on the westbound approach

Helm Avenue and Driveway B (11)

- Construction of a RIRO driveway located along Helm Avenue, approximately 355 feet east of State Street (centerline to centerline)
- Installation of a stop sign on the northbound approach

Secord Street and Driveway C (12)

- Construction of a full-access driveway, located along Secord Street, approximately 460 feet north of Rigdon Avenue (centerline to centerline)
- Installation of a stop sign on the westbound approach

200 E and Driveway D (13)

- Construction of a full-access driveway, located along 200 E, approximately 185 feet south of Helm Avenue (centerline to centerline)
- Installation of a stop sign on the eastbound approach

6.2. YEAR 2028 NO BUILD TRAFFIC VOLUMES

According to the *South Salt Lake General Plan Update* (August 17, 2021), South Salt Lake City had a population of 26,794 in 2020. It is projected that the population will reach 36,638 in the year 2040. This results in an average annual growth rate of 1.6%. Accordingly, an 1.6% annual growth rate will be applied to existing traffic counts to project future traffic volumes.

See **Figure 8** for the year 2028 no build traffic volumes.

6.3.YEAR 2028 BUILD TRAFFIC VOLUMES

When the site traffic volumes (**Figure 7**) are added to the 2028 no build traffic volumes (**Figure 8**), the result is the 2028 build traffic volumes. The year 2028 build traffic volumes are shown in **Figure 9**.

6.4. YEAR 2028 NO BUILD CAPACITY ANALYSIS

The capacity and level of service for the study area intersections were evaluated for the 2028 no build traffic volumes (**Figure 8**). The signal timing splits were adjusted for future traffic volumes, and the PHFs for future conditions were assumed to be 0.92 as directed by South Salt Lake City staff.

The results of the year 2028 no build capacity analysis are shown in **Figure 10**. The results of the capacity analysis reveal that all movements are expected to operate at a LOS D or better, with the exception of the following:

State Street and 3750 S/ Existing Driveway II (2)

- Eastbound shared left-through-right operates at LOS F during the PM peak hour
- Northbound left operates at LOS E during the PM peak hour

This condition is typical of unsignalized access points on high volume roadways, where heavily opposing traffic limits acceptable gaps for left turns during peak periods. As a result, increased delays are expected. Drivers may adjust by using alternative routes, reducing demand for these constrained movements.

The detailed capacity analysis sheets can be found in **Appendix G**.

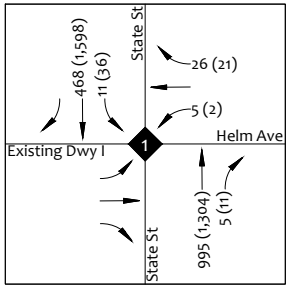

6.5. YEAR 2028 BUILD CAPACITY ANALYSIS

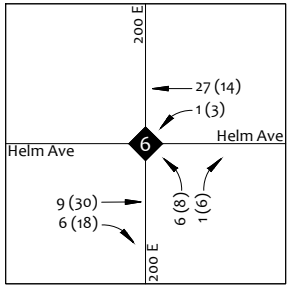

The capacity and level of service for the study area intersections were evaluated for the year 2028 build traffic volumes (**Figure 9**). The signal timing splits were adjusted for future traffic volumes, and the PHFs for future conditions were assumed to be 0.92 as directed by South Salt Lake City staff.

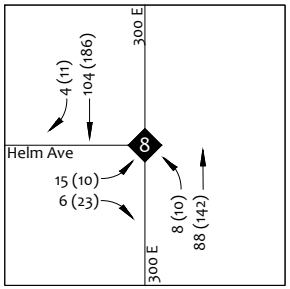

The results of the year 2028 build capacity analysis are shown in **Figure 11**. All movements are expected to operate at a LOS D or better or are maintained at the 2028 no build level of service.

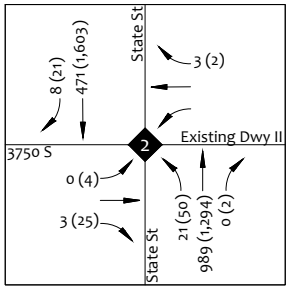

The detailed capacity analysis sheets can be found in **Appendix H**.

7. QUEUE ANALYSIS

A queueing analysis was performed using the 95th percentile queue lengths reported by *Synchro* for the year 2028 build capacity scenario, supplemented by AASHTO. Storage lane lengths were evaluated based on the average peak hour volumes. See **Table 5**.

Table 5 – Queue Analysis

Intersection	Traffic Control	Movement	Volumes		Queue Storage (ft)				
			AM	PM	AASHTO	95th %tile	Average	Existing	Recommended
State St and Helm Ave/Existing Dwy I (1)	Stop	SBL	31	47	50	25	50	110	Existing
State St and 3900 S (4)	Signal	EBL	123	149	170	163	175	335	Existing
		WBL	122	212	209	200	225	135*	Existing

Additional storage provided within TWLTL*

8. RECOMMENDATIONS & CONCLUSIONS

The proposed VA Salt Lake City Outpatient Clinic development will consist of a Veterans Affairs (VA) outpatient medical clinic with approximately 205 employees and is anticipated to open in 2028.

Operational analysis indicates that all existing access points are expected to operate at acceptable levels of service under 2028 build year conditions. The existing turn lane storage lengths provide sufficient storage to accommodate the projected site traffic volumes.

The proposed development is anticipated to generate 1,653 new weekday trips with 194 new AM peak hour trips and 87 new PM peak hour trips, compared to the existing development.

The following is recommended:

- **State Street and Driveway A (10)**
  - Construction of a RIRO driveway, located along State Street, approximately 335 feet south of Helm Avenue (centerline to centerline)
  - Installation of a stop sign on the westbound approach

- **Helm Avenue and Driveway B (11)**
  - Construction of a RIRO driveway located along Helm Avenue, approximately 355 feet east of State Street (centerline to centerline)
  - Installation of a stop sign on the northbound approach

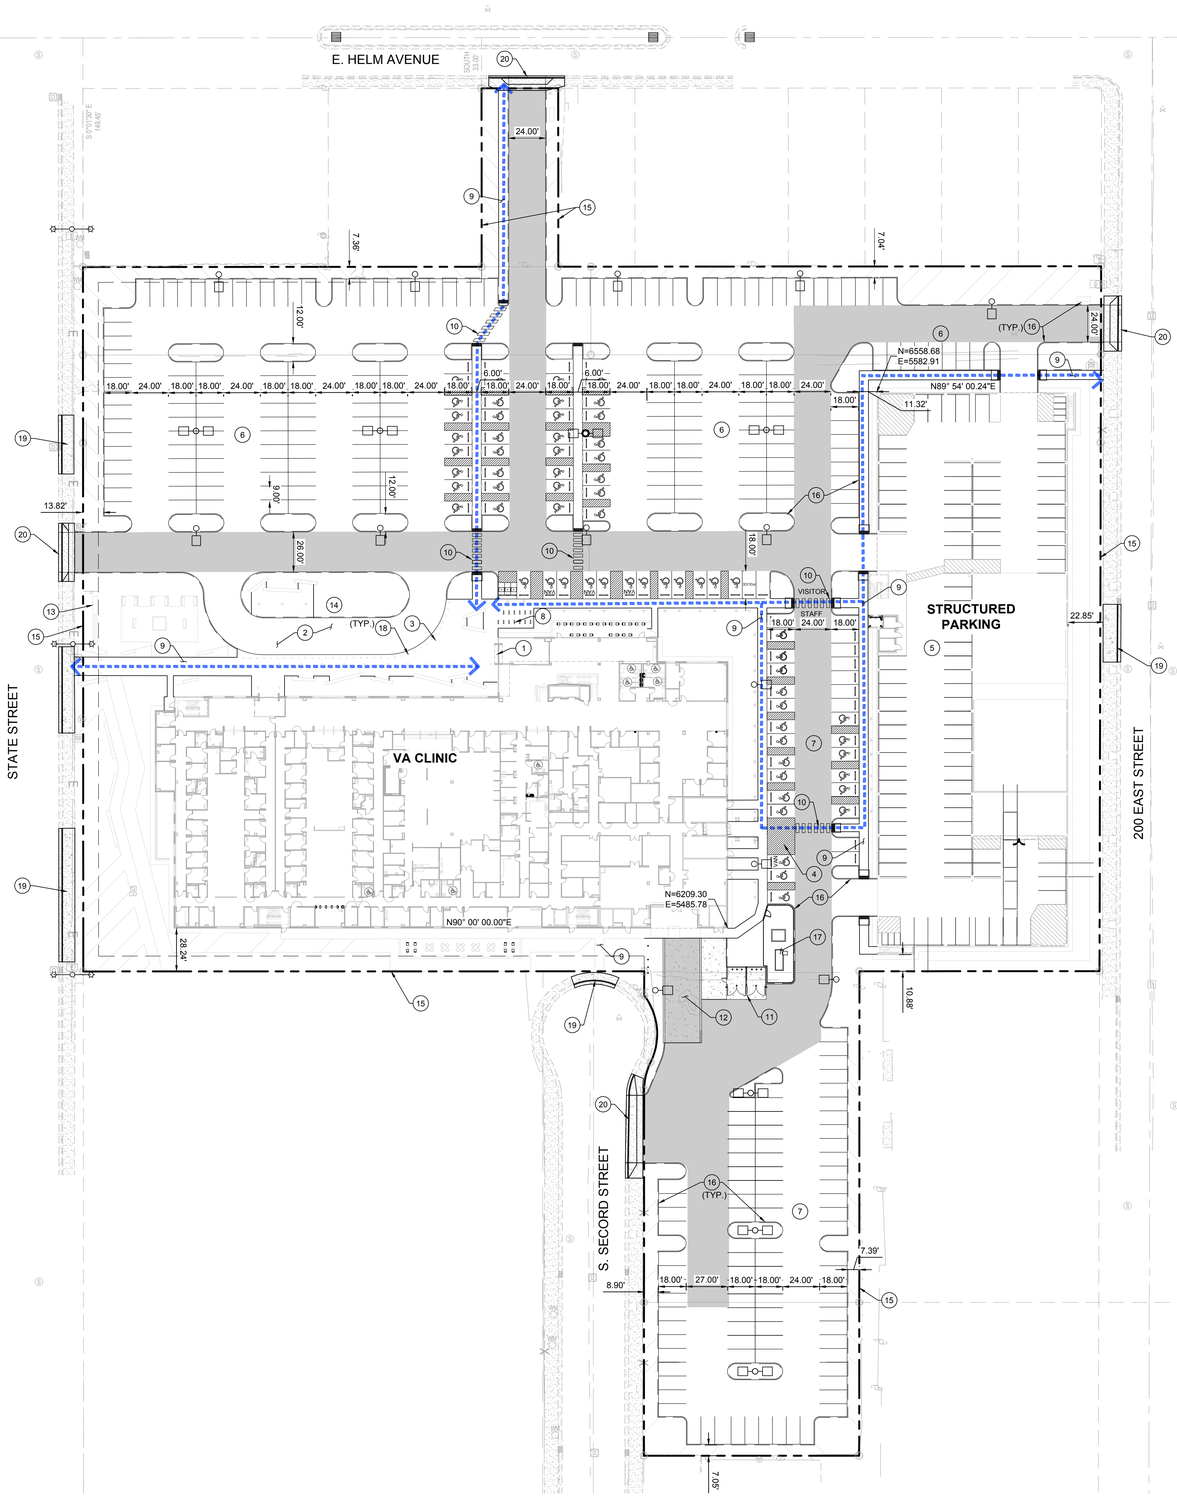

- **Secord Street and Driveway C (12)**
  - Construction of a full-access driveway, located along Secord Street, approximately 460 feet north of Rigdon Avenue (centerline to centerline)
  - Installation of a stop sign on the westbound approach

- **200 E and Driveway D (13)**
  - Construction of a full-access driveway, located along 200 E, approximately 185 feet south of Helm Avenue (centerline to centerline)
  - Installation of a stop sign on the eastbound approach

- **Monitor and Adjust Signal Timing**

It is the responsibility of the agency that operates the traffic signals in the study area to monitor traffic patterns and make any signal timing adjustments, as necessary.

MaxView Controller Information

Controller Number	7156
Controller Name	3900 S @ State St (US-89)
Main St.	3900 S
Side St.	State St (US-89)
IP Address	10.208.11.143
NTCIP Receive Port	Automatic
NTCIP Send Port	161
NTCIP Timeout	1000

The information above is taken from the MaxView Central System, not directly from the controller.

GENERAL LANDSCAPE NOTES

1. CONTRACTOR SHALL VERIFY EXISTING SITE CONDITIONS PRIOR TO INITIATING CONSTRUCTION ACTIVITES, INFORMATION INCLUDING, BUT NOT LIMITED TO STREET GRADES, UTILITIES, PROPERTY LINES, LIMITS OF ROADWAYS, CURBS AND GUTTERS TAKEN FROM THE SURVEY OR CIVIL ENGINEERS DRAWINGS.
2. CONTRACTOR SHALL NOTIFY ALL NECESSARY UTILITY COMPANIES 48 HOURS MINIMUM PRIOR TO DIGGING FOR VERIFICATION OF ALL UNDERGROUND UTILITIES, IRRIGATION AND ALL OTHER OBSTRUCTIONS AND COORDINATE WITH OWNER'S REPRESENTATIVE PRIOR TO INITIATING OPERATIONS. DRAWINGS ARE PREPARED ACCORDING TO THE BEST INFORMATION VAILABLE AT THE TIME OF PREPARING THESE DOCUMENTS.
3. CONTRACTOR SHALL LOCATE UTILITIES MARK, PROTECT AND MAINTAIN LOCATIONS DURING ALL PHASES OF WORK. CONTRACTOR SHALL BE RESPONSIBLE FOR ANY DAMAGE AND REPAIR OF UTILITY LINES/STRUCTURES AND INJURIES THEREFROM. CONTRACTOR SHALL NOTIFY OWNER'S REPRESENTATIVE OF ANY DISCREPANCIES BEFORE STARTING ANY WORK.RUSSELL + MILLS STUDIOS IS NOT RESPONSIBLE FOR THE LOCATION OF UNDERGROUND UTILITIES OR STRUCTURES, WHETHER OR NOT SHOWN, OR DETAILED AND INSTALLED BY ANY OTHER CONTRACT. RESTORATION OF UTILITIES DAMAGED BY THE CONTRACTOR SHALL BE AT THE CONTRACTORS EXPENSE TO THE OWNER'S SATISFACTION.
4. CONTRACTOR IS TO REFER TO SPECIFICATIONS FOR ADDITIONAL INFORMATION. ANYTHING MENTIONED IN THE TECHNICAL SPECIFICATIONS AND NOT SHOWN ON THE DRAWINGS, OR SHOWN ON THE DRAWINGS AND NOT MENTIONED IN THE TECHNICAL SPECIFICATIONS SHALL BE OF LIKE EFFECT AS IF SHOWN ON, OR MENTIONED IN BOTH. IN CASE OF DISCREPANCY IN DRAWINGS OR TECHNICAL SPECIFICATIONS, THE MATTER SHALL BE IMMEDIATELY SUBMITTED TO RUSSELL+MILLS STUDIOS.; WITHOUT RUSSELL+MILLS STUDIOS DECISION, SAID DISCREPANCY SHALL NOT BE ADJUSTED BY THE CONTRACTOR.
5. CONTRACTOR SHALL THOROUGHLY REVIEW THE SITE CONDITIONS, DRAWINGS, AND TECHNICAL SPECIFICATIONS PRIOR TO BIDDING AND CONSTRUCTION. CONTRACTOR WILL BE REQUIRED TO COMPLETE THE WORK OF THIS PROJECT IN ACCORDANCE WITH THESE DRAWINGS. ANY INCONSISTENCIES SHALL BE REPORTED TO THE OWNER AND RUSSELL+MILLS STUDIOS BEFORE COMMENCING WITH ANY WORK. PROVIDE WRITTEN NOTIFICATION OF ALL DISCREPANCIES BETWEEN EXISTING AND PROPOSED SITE IMPROVEMENTS.
6. PERMITS TO BE OBTAINED BY CONTRACTOR BEFORE WORK BEGINS. CONTRACTOR IS RESPONSIBLE FOR LICENSING AND BONDS REQUIRED BY THE COUNTY, OR BY THE STATE OF THE PROPOSED WORK.
7. ALL WORKS SHALL CONFORM TO THE REQUIREMENTS OF THE LATEST ADOPTED EDITION OF THE UNIFORM BUILDING CODE AND ALL OTHER APPLICABLE LOCAL AND STATE CODES, ORDINANCES AND REGULATIONS
8. CONTRACTOR SHALL PROVIDE ALL NECESSARY SAFETY MEASURES DURING DEMOLITION OPERATIONS TO PROTECT THE PUBLIC ACCORDING TO ALL APPLICABLE CODES AND RECOGNIZED LOCAL PRACTICES.
9. CONTRACTOR SHALL COORDINATE ALL WORK WITH RELATED CONTRACTORS AND WITH THE GENERAL CONSTRUCTION OF THE PROJECT IN ORDER NOT TO IMPEDE THE PROGRESS OF THE WORK OF OTHERS OR THE CONTRACTOR'S OWN WORK. CONTRACTOR SHALL ALSO COORDINATE ACCESS AND STAGING AREA WITH THE OWNER'S REPRESENTATIVE.
10. CONTRACTOR SHALL LAYOUT ALL CONSTRUCTION LINES AND VERIFY WITH OWNER'S REPRESENTATIVE PRIOR TO BEGINNING OF ANY CONSTRUCTION OPERATIONS.
11. REFERENCES TO NORTH REFERS TO TRUE NORTH UNLESS OTHERWISE INDICATED ON DRAWINGS. REFERENCES TO SCALE IS FOR FULL SIZED DRAWINGS ONLY, DO NOT SCALE FROM DRAWINGS.
12. TAKE ALL DIMENSIONS FROM BACK OF CURB, FACE OF WALL OR BUILDING, AND CENTERLINE OF TREES UNLESS OTHERWISE INDICATED ON DRAWINGS. ALL DIMENSIONS CALLED OUT AS 'EQUAL' ARE EQUIDISTANT MEASUREMENTS. ALL DIMENSIONS ARE PERPENDICULAR TO ANY REFERENCE LINE, FACE OF BUILDING, FACE OF WALL, CENTERLINE, OR BACK OF CURB. ALL ANGLES ARE TO BE 90 DEGREES UNLESS OTHERWISE INDICATED ON DRAWINGS. MAINTAIN HORIZONTAL ALIGNMENT OF ADJACENT ELEMENTS AS INDICATED ON DRAWINGS.
13. ALL DIMENSIONS DERIVED FROM SURVEY AND ORIGINAL SITE CONSTRUCTION DOCUMENTS. CONTRACTOR SHALL VERIFY ALL DIMENSIONS NECESSARY TO ASSURE FOR THE ACCURATE COMPLETION OF THE PROJECT PRIOR TO INITIATING WORK. WRITTEN DIMENSIONS SUPERCEDE SCALED DIMENSIONS. DO NOT SCALE DRAWINGS, IF THERE IS A QUESTION OR DISCREPANCY REGARDING DIMENSIONS, CONTACT THE OWNER'S REPRESENTATIVE FOR VERIFICATION.
14. CONTRACTOR SHALL REFER TO ALL PAVEMENT, WALLS AND SITE FURNISHING PLANS, THE PROJECT MANUAL, AND SPECIFICATIONS FOR FURTHER AND COMPLETE INFORMATION.
15. SEE PAVEMENT DETAILS FOR ALL CONCRETE EXPANSION JOINTS AND CONTROL/CONTRACTION JOINT DETAILS. PROVIDE EXPANSION JOINTS A MAXIMUM DISTANCE OF 30 FEET APART AND AT ALL INTERSECTIONS, WHERE NEW CONCRETE ABUTS EXISTING CONCRETE PAVING, BUILDINGS, CURBS AND WALLS UNLESS OTHERWISE NOTED.PROVIDE CONTROL JOINTS EVENLY SPACED BETWEEN EXPANSION JOINTS AS SHOWN ON DRAWINGS.
16. ALL CONCRETE SLABS FOR VEHICULAR USE, RETAINING WALLS, AND FOOTINGS/FOUNDATIONS SHALL BE CONSTRUCTED PER STRUCTURAL ENGINEER'S DRAWINGS.
17. SEE GRADING PLANS FOR PAVEMENT ELEVATIONS. MATCH GRADES WITH EXISTING CONDITIONS AND FLUSH CONDITIONS WITH ADJACENT EXISTING CONCRETE PAVEMENT TO REMAIN.
18. LIMITS OF CONSTRUCTION ARE NOTED ON THE DRAWINGS UNLESS OTHERWISE NOTED.
19. CONTRACTOR SHALL BE RESPONSIBLE FOR ALL EROSION CONTROL/PROTECTION BY LOCALLY APPROVED MEANS. CONTRACTOR SHALL ADHERE TO ALL GOVERNING CODES AND ORDINANCES.
20. CONTRACTOR SHALL CLEAN THE WORK AREAS AT THE END OF EACH WORKING DAY. CONTRACTOR IS RESPONSIBLE FOR KEEPING STREETS AND SIDEWALKS ADJACENT TO THE PROJECT FREE OF MUD AND DEBRIS FROM THE CONSTRUCTION AT ALL TIMES. ALL MATERIALS, PRODUCTS AND EQUIPMENT SHALL BE STORED IN AN ORGANIZED FASHION AS DIRECTED BY THE OWNER'S REPRESENTATIVE.

GENERAL LANDSCAPE NOTES:

1. PLANT QUALITY: ALL PLANT MATERIAL SHALL BE A-GRADE OR NO. 1 GRADE – FREE OF ANY DEFECTS, OF NORMAL HEALTH, HEIGHT, LEAF DENSITY AND SPREAD APPROPRIATE TO THE SPECIES AS DEFINED BY THE AMERICAN ASSOCIATION OF NURSERYMEN (AAN) STANDARDS. ALL TREES SHALL BE BALL AND BURLAP OR EQUIVALENT.
2. IRRIGATION: ALL LANDSCAPE AREAS WITHIN THE SITE INCLUDING TURF, SHRUB BEDS AND TREE AREAS SHALL BE IRRIGATED WITH AN AUTOMATIC IRRIGATION SYSTEM. THE IRRIGATION PLAN MUST BE REVIEWED AND APPROVED BY THE CHERRY HILLS VILLAGE PRIOR TO THE ISSUANCE OF A BUILDING PERMIT. ALL TURF AREAS SHALL BE IRRIGATED WITH AN AUTOMATIC POP-UP IRRIGATION SYSTEM. ALL SHRUB BEDS AND TREES, INCLUDING IN NATIVE SEED AREAS, SHALL BE IRRIGATED WITH AN AUTOMATIC DRIP (TRICKLE) IRRIGATION SYSTEM. OR WITH AN ACCEPTABLE ALTERNATIVE APPROVED BY THE CITY WITH THE IRRIGATION PLANS. THE IRRIGATION SYSTEM SHALL BE ADJUSTED TO MEET THE WATER REQUIREMENTS OF THE INDIVIDUAL PLANT MATERIAL. IRRIGATION SYSTEMS TO BE TURNED OVER TO THE CITY PARKS DEPARTMENT FOR MAINTENANCE MUST BE APPROVED BY THE PARKS MANAGER AND MEET PARKS IRRIGATION STANDARDS. DESIGN REVIEW SHALL OCCUR DURING UTILITIES DEPARTMENT IRRIGATION REVIEW PRIOR TO THE ISSUANCE OF A BUILDING PERMIT AND CONSTRUCTION OBSERVATION AND INSPECTION BY PARKS SHALL BE INCORPORATED INTO THE CONSTRUCTION PROCESS.
3. TOPSOIL: TO THE MAXIMUM EXTENT FEASIBLE, TOPSOIL THAT IS REMOVED DURING CONSTRUCTION ACTIVITY SHALL BE CONSERVED FOR LATER USE ON AREAS REQUIRING REVEGETATION AND LANDSCAPING.
4. IMPORTED SOILS SHALL NOT INCLUDE THE FOLLOWING: SOILS DEFINED REGIONALLY BY THE NATURAL RESOURCES CONSERVATION SERVICE WEB SOIL SURVEY (OR LOCAL EQUIVALENT FOR PROJECTS OUTSIDE THE U.S.) AS PRIME FARMLAND, UNIQUE FARMLAND, OR FARMLAND OF STATEWIDE OR LOCAL IMPORTANCE, SOILS FROM OTHER GREENFIELD SITES, OR SPHAGNUM PEAT MOSS.
5. SOIL AMENDMENTS: SOIL AMENDMENTS SHALL BE PROVIDED AND DOCUMENTED. THE SOIL IN ALL LANDSCAPE AREAS, INCLUDING PARKWAYS AND MEDIANS, SHALL BE THOROUGHLY LOOSENED TO A DEPTH OF NOT LESS THAN EIGHT(8) INCHES AND SOIL AMENDMENT SHALL BE THOROUGHLY INCORPORATED INTO THE SOIL OF ALL LANDSCAPE AREAS TO A DEPTH OF AT LEAST SIX(6) INCHES BY TILLING, DISCING OR OTHER SUITABLE METHOD, AT A RATE OF AT LEAST THREE (3) CUBIC YARDS OF SOIL AMENDMENT PER ONE THOUSAND (1,000) SQUARE FEET OF LANDSCAPE AREA. PRIOR TO THE ISSUANCE OF ANY CERTIFICATE OF OCCUPANCY, A WRITTEN CERTIFICATION MUST BE SUBMITTED TO THE CITY THAT ALL PLANTED AREAS, OR AREAS TO BE PLANTED, HAVE BEEN THOROUGHLY LOOSENED AND THE SOIL AMENDED, CONSISTENT WITH THE REQUIREMENTS SET FORTH IN SECTION 12-132.
6. INSTALLATION AND GUARANTEE: ALL LANDSCAPING SHALL BE INSTALLED ACCORDING TO SOUND HORTICULTURAL PRACTICES IN A MANNER DESIGNED TO ENCOURAGE QUICK ESTABLISHMENT AND HEALTHY GROWTH. ALL LANDSCAPING FOR EACH PHASE MUST BE EITHER INSTALLED OR THE INSTALLATION MUST BE SECURED WITH AN IRREVOCABLE LETTER OF CREDIT, PERFORMANCE BOND, OR ESCROW ACCOUNT FOR 125% OF THE VALUATION OF THE MATERIALS AND LABOR PRIOR TO ISSUANCE OF A CERTIFICATE OF OCCUPANCY FOR ANY BUILDING IN SUCH PHASE.
7. MAINTENANCE: TREES AND VEGETATION, IRRIGATION SYSTEMS, FENCES, WALLS AND OTHER LANDSCAPE ELEMENTS WITH THESE FINAL PLANS SHALL BE CONSIDERED AS ELEMENTS OF THE PROJECT IN THE SAME MANNER AS PARKING, BUILDING MATERIALS AND OTHER SITE DETAILS. THE APPLICANT, LANDOWNER OR SUCCESSORS IN INTEREST SHALL BE JOINTLY AND SEVERALLY RESPONSIBLE FOR THE REGULAR MAINTENANCE OF ALL LANDSCAPING ELEMENTS IN GOOD CONDITION. ALL LANDSCAPING SHALL BE MAINTAINED FREE FROM DISEASE, PESTS, WEEDS AND LITTER, AND ALL LANDSCAPE STRUCTURES SUCH AS FENCES AND WALLS SHALL BE REPAIRED AND REPLACED PERIODICALLY TO MAINTAIN A STRUCTURALLY SOUND CONDITION.
8. REPLACEMENT: ANY LANDSCAPE ELEMENT THAT DIES, OR IS OTHERWISE REMOVED, SHALL BE PROMPTLY REPLACED IN ACCORDANCE WITH THE REQUIREMENTS OF THESE PLANS.
9. THE FOLLOWING SEPARATIONS SHALL BE PROVIDED BETWEEN TREES/SHRUBS AND UTILITIES:
   - 40 FEET BETWEEN CANOPY TREES AND STREET LIGHTS
   - 15 FEET BETWEEN ORNAMENTAL TREES AND STREETLIGHTS
   - 10 FEET BETWEEN TREES AND PUBLIC WATER, SANITARY AND STORM SEWER MAIN LINES
   - 6 FEET BETWEEN TREES AND PUBLIC WATER, SANITARY AND STORM SEWER SERVICE LINES.
   - 4 FEET BETWEEN SHRUBS AND PUBLIC WATER AND SANITARY AND STORM SEWER LINES
   - 4 FEET BETWEEN TREES AND GAS LINES
10. ALL STREET TREES SHALL BE PLACED A MINIMUM EIGHT (8) FEET AWAY FROM THE EDGES OF DRIVEWAYS.
11. PLACEMENT OF ALL LANDSCAPING SHALL BE IN ACCORDANCE WITH THE SIGHT DISTANCE CRITERIA AS SPECIFIED BY CHERRY HILLS VILLAGE. NO STRUCTURES OR LANDSCAPE ELEMENTS GREATER THAN 24" SHALL BE ALLOWED WITHIN THE SIGHT DISTANCE TRIANGLE OR EASEMENTS WITH THE EXCEPTION OF DECIDUOUS TREES PROVIDED THAT THE LOWEST BRANCH IS AT LEAST 8' FROM GRADE. ANY FENCES WITHIN THE SIGHT DISTANCE TRIANGLE OR EASEMENT MUST BE NOT MORE THAN 42" IN HEIGHT AND OF AN OPEN DESIGN.
12. THE FINAL LANDSCAPE PLAN SHALL BE COORDINATED WITH ALL OTHER FINAL PLAN ELEMENTS SO THAT THE PROPOSED GRADING, STORM DRAINAGE, AND OTHER DEVELOPMENT IMPROVEMENTS DO NOT CONFLICT WITH NOR PRECLUDE INSTALLATION AND MAINTENANCE OF LANDSCAPE ELEMENTS ON THIS PLAN.
13. MINOR CHANGES IN SPECIES AND PLANT LOCATIONS MAY BE MADE DURING CONSTRUCTION -- AS REQUIRED BY SITE CONDITIONS OR PLANT AVAILABILITY. OVERALL QUANTITY, QUALITY, AND DESIGN CONCEPT MUST BE CONSISTENT WITH THE APPROVED PLANS. IN THE EVENT OF CONFLICT WITH THE QUANTITIES INCLUDED IN THE PLANT LIST, SPECIES AND QUANTITIES ILLUSTRATED SHALL BE PROVIDED. ALL CHANGES OF PLANT SPECIES AND LOCATION MUST HAVE WRITTEN APPROVAL BY THE CITY PRIOR TO INSTALLATION.
14. ALL PLANTING BEDS SHALL BE MULCHED TO A MINIMUM DEPTH OF THREE INCHES.

NATIVE SEED MIXES

TOTAL AREA 4,549 SF.

LOW GROW MIX - Loamy To Clay Soils

Common Name	Scientific Name	Growth Season	Growth Form	% Mix	LB / ACRE (PLS)
Grasses					
Crested Wheatgrass		Cool	Bunch	30	7.5
Perennial Ryegrass		Cool	Sod	25	6.25
Sheep Fescue		Cool	Sod	20	5
Chewing Fescue		Cool	Sod	15	3.75
Forage Bluegrass		Cool	Sod	10	2.5
TOTAL PLS POUNDS / ACRE				100	25

* PLS = Pure Live Seed - If broadcast seeding, double the rate

LOW GROW WILDFLOWER MIX - Loamy To Clay Soils

Common Name	Scientific Name	Growth Season	Growth Form	% Mix	LB / ACRE (PLS)
Wildflower					
Candy Tuft	Iberis umbellate	Cool	Bunch	0.2	0.2
Siberian Wallflower	Cheiranthus allionii	Warm	Sod		0.2
Dwarf Cornflower	centaurea cyanus	Warm	Sod		0.2
California Poppy	Eschscholzia californica	Cool	Sod		0.2
Dwarf Lance-leaved Coreopsis	Coreopsis lanceolata dwarf	Warm	Sod		0.2
Dwarf Spurred Snapdragon	Linaria maroccana				0.2
California Bluebell	Phacelia campanularia				0.2
African Daisy	Dimorphotheca sinuata				0.2
Dwarf Godetia	Clarkia amoena				0.2
Cottage Pinks	Dianthus plumarius				
Tall Sweet Alysum	Lobularia maritima				
Dwarf Evening Primrose	Oenothera missouriensis				
Catchfly	Silene armeria				
Moss Verbena	Verbena tenuisecta				
Dwarf Plains Coreopsis	Coreopsis tinctoria				
Tussocks Bellflower	Campanula carpatica				
Iceland Poppy	Papaver nudicaule				
Johnny Jump-Up	Viola tricolor				
African Stick Daisy	Dimorphotheca sinuata, stick				
TOTAL PLS POUNDS / ACRE				3	3

* PLS = Pure Live Seed - If broadcast seeding, double the rate

TOTAL AREA 10,133 SF.

WETLAND SEED MIX - Loamy To Clay Soils

Common Name	Scientific Name	Growth Season	Growth Form	% Mix	LB / ACRE (PLS)
Grasses					
American Sloughgrass	Beckmannia syzigachne	Cool	Sod	15	0.8
Prairie cordgrass	Spartina pectinata	Warm	Sod	15	4.6
Switchgrass	panicum virgatum	Warm	SodBunch	15	2.3
Western Wheatgrass	pascopyrum smithii	Cool	Sod	10	5.5
Fowl mannagrass	Glyceria striata	Cool	Sod	10	3.3
Hardstem bulrush	Scirpus acutus			10	1.6
Baltic rush	Juncus balticus			10	0.1
Creeping spikerush	Eleocharis palustris			10	1.0
Wildflowers					
Blue Vervain	Verbena hastata			2.5	0.1
Nuttall's Sunflower	Helianthus nuttalli			2.5	0.5
TOTAL PLS POUNDS / ACRE				100	19.8

* PLS = Pure Live Seed - If broadcast seeding, double the rate

SITE DATA SUMMARY

TOTAL AREA OF SITE: 354,740 SF

TOTAL AREA OF SITE IN LANDSCAPED AREAS: 70,360 SF
TOTAL PERCENTAGE OF SITE IN LANDSCAPED AREAS- 19.83% LANDSCAPED AREA

TOTAL AREA OF TURF GRASS (NATIVE SEED): 14,682 SF
TOTAL PERCENTAGE OF SITE IN TURF GRASS (NATIVE SEED): 4.13%

TOTAL AREA OF WATER-EFFICIENT PLANTS- 55,678 SF
TOTAL PERCENTAGE OF SITE IN WATER EFFICIENT PLANTS- 15.70%

INVENTORY SUMMARY

Total trees inventoried: 428
Trees 1"-6" DBH: 282
Trees greater than 6" DBH: 146
Invasive/ noxious trees identified: 401
Non-invasive trees identified: 27

*The site is predominantly composed of state-identified invasive species, with a significant concentration of smaller diameter trees occuring in dense groupings.

MITIGATION REQUIREMENTS

Article III. Landscaping
D. 2. V.Existing trees that are non-invasive and not noxious and that are preserved and incorporated into the Landscape Plan shall be credited towards the minimum number of trees required by this Chapter. Trees must be in healthy condition and free of injury to receive this credit. Any credited tree that is not preserved or is significantly damaged during construction shall be removed or replaced with four (4) trees, each with a minimum caliper of four (4) inches. Tree replacement shall conform to the tree and shrub requirements.

Total non invasive trees identified for mitigation: 27
Total mitigation trees required: 108

Total Trees in Planting Plan: 118

ON-GRADE

NOTES:
1. REFERENCE PLANS & SPECIFICATIONS FOR COLOR AND/OR FINISH
2. REFER TO SPECS FOR CONCRETE STRENGHT AND REINFORCEMENT REQ.
3. REFER TO PLANS FOR EXPANSION JOINT LOCATIONS
4. REFER TO PLANS FOR CONTROL JOINT LOCATIONS. CONTROL JOINTS ARE TO BE MAX. 2x THE THICKNESS OF THE CONCRETE.
5. PROVIDE ISOLATION JOINTS AT ALL WALLS AND BUILDINGS TYP.
6. CONCRETE SHALL HAVE A MAXIMUM 1.8% AND A MINIMUM OF 1% CROSS SLOPE.

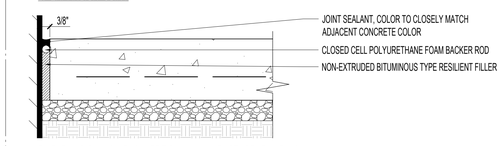

A CONCRETE PAVING
Scale: 1 1/2" = 1'-0"

1. SAWCUT JOINT

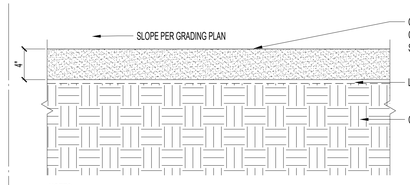

2. EXPANSION JOINT

3. EXPANSION JOINT @ VERTICAL WALL FACE OR BUILDING

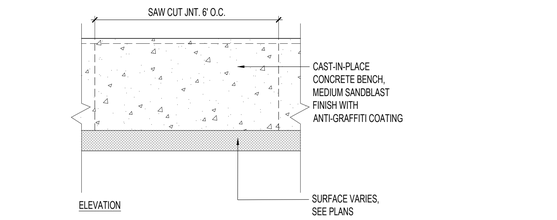

NOTES:
1. REFER TO MATERIAL SCHEDULE & DETAILS FOR COLOR, PATTERN, TEXTURE AND FINISH OF CONCRETE PAVING
2. REFER TO PLANS FOR LOCATION OF ALL CONSTRUCTION JOINTS.
3. ALL CONNECTIONS BETWEEN EXISTING AND NEW CONCRETE PAVING SHALL BE SMOOTH AND FLUSH TRANSITIONS

B TYPICAL CONSTRUCTION JOINTS
Scale: 1" = 1'-0"

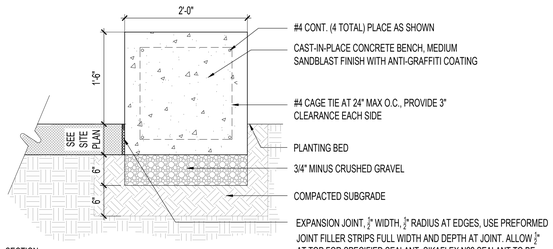

NOTES:
1. STABILIZER TO BE BLENDED AT THE RATE OF 10 LBS. PER TON OF CRUSHER FINES.
2. CRUSHER FINES TO BE LOCALLY AVAILABLE. MAX. SCREEN SIZE ¼". COLOR TO BE SELECTED BY LANDSCAPE ARCHITECT.

C CRUSHER FINES PAVING
Scale: 1 1/2" = 1'-0"

ELEVATION

SECTION

NOTES:
1. CONTRACTOR TO INSTALL ANTI-GRAFFITI COATING PER MANUFACTURERS REQ.
2. CONTRACTOR TO USE MASONITE (OR APPROVED EQUAL) FORMS TO ENSURE SMOOTH SURFACE FOR SANDBLAST FINISH
3. INSTALL SKATEBOARD DETERRENT

D CAST-IN-PLACE CONCRETE SEATWALL
Scale: N.T.S.

IRRIGATION NOTES

1. BOOSTER PUMP STATION MAY BE NEEDED IF PRESSURE IS TOO LOW. 40 PSI IS NEEDED AT THE SPRAY HEAD FOR PEAK PERFORMANCE.
2. ALL VALVE BOXES SHALL BE TAN IN COLOR.
3. ALL VALVE BOXES TO BE IN LANDSCAPE AREAS.
4. ALL VALVE BOXES TO BE EITHER CARSON OR OLD CASTLE
5. ALL CONTROL WIRING SHALL BE 14 G AWG-UF DIRECT BURIAL WIRE.
6. ALL PIPE AND WIRING UNDER PAVED SURFACES SHALL BE IN SCHEDULE 40 PVC SLEEVES, WHETHER OR NOT SHOWN. INSTALL 2" WIRE SLEEVE ADJACENT TO PIPE SLEEVE FOR ALL PAVEMENT CROSSINGS.
7. MAINLINE, LATERAL PVC PIPE OR POLYETHYLENE TUBING FROM DIFFERENT VALVES SHALL BE UNCONNECTED, WHETHER OR NOT SHOWN.
8. CONTRACTOR SHALL FIELD VERIFY PRESSURE PRIOR TO ORDERING MATERIALS OR STARTING ANY IRRIGATION INSTALLATION AND NOTIFY CONSULTANT OF ANY DIFFERENCE FROM STATED PRESSURE. IF CONTRACTOR FAILS TO NOTIFY CONSULTANT HE ASSUMES FULL RESPONSIBILITY FOR ANY SYSTEM ALTERATIONS AS DIRECTED BY THE CONSULTANT.
8. INSTALL HUNTER DRIP EMITTERS TO PLANT MATERIAL PER DETAILS AND THE FOLLOWING SCHEDULE.

PLANT SIZE	EMITTER NUMBER	QUANTITY
CACTUS/ACCENTS	HEB-050	1 EACH
1 GAL. SHRUB	HEB-10	2 EACH
3 GAL. SHRUB	HEB-10	2 EACH
5 GAL. SHRUB	HEB-10	2 EACH
24" BOX TREE	HEB-20	4 EACH
36" BOX TREE	HEB-20	6 EACH
42" BOX TREE	HEB-20	8 EACH
48" BOX TREE	HEB-20	8 EACH

CONTRACTOR SHALL INCREASE OR DECREES EMITTER SIZING FOR SHRUBS AND SUCCULENTS BASED ON EXPOSURE. EMITTERS ONLY ARE TO BE INSTALLED ABOVE GRADE AND ALL PIPING SHALL BE THOROUGHLY FLUSHED PRIOR TO EMITTER INSTALLATION AS PER DETAILS AND SPECIFICATIONS. CONTRACTOR IS RESPONSIBLE FOR ANY NECESSARY FLUSHING OF EMITTERS DUE TO CLOGGING FOR THE DURATION OF THE MAINTENANCE PERIOD AS OUTLINED IN THE LANDSCAPE SPECIFICATION. CONTRACTOR IS RESPONSIBLE FOR REPLACEMENT OF ANY PLANT MATERIAL WHICH DIES DURING THE MAINTENANCE PERIOD AS A RESULT OF EMITTER CLOGGING.

VALVE TAG:

SHRUB / A-01 / 1" / 5
- VALVE TYPE
- CONTROLLER AND STATION
- GALLONS PER MINUTE
- VALVE SIZE

9. INSTALL IRRIGATION SLEEVES UNDER ALL SIDEWALKS PER THE FOLLOWING SCHEDULE:

PIPE SIZE OR WIRE QUANTITY	REQUIRED SLEEVE(S)
DRIP TUBING	1 - 2" SCH 40 PVC
¾" LATERAL	1 - 2" SCH 40 PVC
1" LATERAL	1 - 2" SCH 40 PVC
1¼" LATERAL	1 - 2" SCH 40 PVC
1½" LATERAL	1 - 4" SCH 40 PVC
2" LATERAL	1 - 4" SCH 40 PVC
1" PRESSURE SUPPLY PIPE	1 - 4" SCH 40 PVC
1½" PRESSURE SUPPLY PIPE	1 - 4" SCH 40 PVC
2" PRESSURE SUPPLY PIPE	1 - 4" SCH 40 PVC
2½" PRESSURE SUPPLY PIPE	1 - 6" SCH 40 PVC
3" PRESSURE SUPPLY PIPE	1 - 6" SCH 40 PVC
1 - 20 CONTROL WIRES	1 - 2" SCH 40 PVC
21 - 40 CONTROL WIRES	2 - 2" SCH 40 PVC

10. CONTRACTOR TO FIELD VERIFY SIZE, LOCATION AND QUANTITY OF EXISTING SLEEVES INSTALLED UNDER STREET IMPROVEMENT PACKAGE PRIOR TO INSTALLATION OF IRRIGATION SYSTEM, AND NOTIFY CONSULTANT OF ANY DIFFERENCES.
11. CONTRACTOR SHALL COMPLETE THE FOLLOWING PRIOR TO FINAL WALK-THROUGH:
    A. CONSTRUCTION RECORD (AS-BUILT) DRAWINGS.
    B. CONTROLLER DATA SHEETS, INCLUDING IN DIGITAL FORMAT.
12. THESE IRRIGATION CONSTRUCTION DOCUMENTS, INCLUDING ALL PLANS, NOTES, DETAILS, AND SPECIFICATIONS ARE INTENDED TO FACILITATE THE INSTALLATION CONTRACTOR BY PROVIDING GENERAL GUIDELINES FOR DESIGN INTENT. CONTRACTOR SHALL PROVIDE 100% COVERAGE FOR ALL PLANT MATERIAL, THEREFORE, ALL IRRIGATION ELEMENTS GRAPHICALLY REPRESENTED IN THESE CONSTRUCTION DOCUMENTS ARE SCHEMATIC. FIELD MODIFICATIONS MAY OCCUR IN ORDER TO FULFILL THE DESIGN INTENT OF THE DRAWINGS. CONTRACTOR SHALL CONSULT WITH IRRIGATION DESIGNER AND PREPARE AS-BUILT PLANS SHOULD FIELD MODIFICATIONS BE NECESSARY.

PIPE SIZING SCHEDULE:

GPM	SIZE	GPM	SIZE
0 - 8	¾"	20 - 30	1½"
8 - 12	1"	30 - 50	2"
12 - 20	1¼"	50 - 80	2½"

NOTE ; MINIMUM PIPE SIZE TO EACH SPRINKLER SHALL BE THE SAME SIZE OF THE SPRINKLER HEAD INLET.

IRRIGATION NOTES

1. BOOSTER PUMP STATION MAY BE NEEDED IF PRESSURE IS TOO LOW. 40 PSI IS NEEDED AT THE SPRAY HEAD FOR PEAK PERFORMANCE.
2. ALL VALVE BOXES SHALL BE TAN IN COLOR.
3. ALL VALVE BOXES TO BE IN LANDSCAPE AREAS.
4. ALL VALVE BOXES TO BE EITHER CARSON OR OLD CASTLE
5. ALL CONTROL WIRING SHALL BE 14 G AWG-UF DIRECT BURIAL WIRE.
6. ALL PIPE AND WIRING UNDER PAVED SURFACES SHALL BE IN SCHEDULE 40 PVC SLEEVES, WHETHER OR NOT SHOWN. INSTALL 2" WIRE SLEEVE ADJACENT TO PIPE SLEEVE FOR ALL PAVEMENT CROSSINGS.
7. MAINLINE, LATERAL PVC PIPE OR POLYETHYLENE TUBING FROM DIFFERENT VALVES SHALL BE UNCONNECTED, WHETHER OR NOT SHOWN.
8. CONTRACTOR SHALL FIELD VERIFY PRESSURE PRIOR TO ORDERING MATERIALS OR STARTING ANY IRRIGATION INSTALLATION AND NOTIFY CONSULTANT OF ANY DIFFERENCE FROM STATED PRESSURE. IF CONTRACTOR FAILS TO NOTIFY CONSULTANT HE ASSUMES FULL RESPONSIBILITY FOR ANY SYSTEM ALTERATIONS AS DIRECTED BY THE CONSULTANT.
8. INSTALL HUNTER DRIP EMITTERS TO PLANT MATERIAL PER DETAILS AND THE FOLLOWING SCHEDULE.

PLANT SIZE:	EMITTER NUMBER	QUANTITY
CACTUS/ACCENTS	HEB-050	1 EACH
1 GAL. SHRUB	HEB-10	2 EACH
3 GAL. SHRUB	HEB-10	2 EACH
5 GAL. SHRUB	HEB-10	2 EACH
24" BOX TREE	HEB-20	4 EACH
36" BOX TREE	HEB-20	6 EACH
42" BOX TREE	HEB-20	8 EACH
48" BOX TREE	HEB-20	8 EACH

CONTRACTOR SHALL INCREASE OR DECREES EMITTER SIZING FOR SHRUBS AND SUCCULENTS BASED ON EXPOSURE. EMITTERS ONLY ARE TO BE INSTALLED ABOVE GRADE AND ALL PIPING SHALL BE THOROUGHLY FLUSHED PRIOR TO EMITTER INSTALLATION AS PER DETAILS AND SPECIFICATIONS. CONTRACTOR IS RESPONSIBLE FOR ANY NECESSARY FLUSHING OF EMITTERS DUE TO CLOGGING FOR THE DURATION OF THE MAINTENANCE PERIOD AS OUTLINED IN THE LANDSCAPE SPECIFICATION. CONTRACTOR IS RESPONSIBLE FOR REPLACEMENT OF ANY PLANT MATERIAL WHICH DIES DURING THE MAINTENANCE PERIOD AS A RESULT OF EMITTER CLOGGING.

9. INSTALL IRRIGATION SLEEVES UNDER ALL SIDEWALKS PER THE FOLLOWING SCHEDULE:

PIPE SIZE OR WIRE QUANTITY	REQUIRED SLEEVE(S)
DRIP TUBING	1 - 2" SCH 40 PVC
¾" LATERAL	1 - 2" SCH 40 PVC
1" LATERAL	1 - 2" SCH 40 PVC
1¼" LATERAL	1 - 2" SCH 40 PVC
1½" LATERAL	1 - 4" SCH 40 PVC
2" LATERAL	1 - 4" SCH 40 PVC
1" PRESSURE SUPPLY PIPE	1 - 4" SCH 40 PVC
1½" PRESSURE SUPPLY PIPE	1 - 4" SCH 40 PVC
2" PRESSURE SUPPLY PIPE	1 - 4" SCH 40 PVC
2½" PRESSURE SUPPLY PIPE	1 - 6" SCH 40 PVC
3" PRESSURE SUPPLY PIPE	1 - 6" SCH 40 PVC
1 - 20 CONTROL WIRES	1 - 2" SCH 40 PVC
21 - 40 CONTROL WIRES	2 - 2" SCH 40 PVC

10. CONTRACTOR TO FIELD VERIFY SIZE, LOCATION AND QUANTITY OF EXISTING SLEEVES INSTALLED UNDER STREET IMPROVEMENT PACKAGE PRIOR TO INSTALLATION OF IRRIGATION SYSTEM, AND NOTIFY CONSULTANT OF ANY DIFFERENCES.
11. CONTRACTOR SHALL COMPLETE THE FOLLOWING PRIOR TO FINAL WALK-THROUGH:
    A. CONSTRUCTION RECORD (AS-BUILT) DRAWINGS.
    B. CONTROLLER DATA SHEETS, INCLUDING IN DIGITAL FORMAT.
12. THESE IRRIGATION CONSTRUCTION DOCUMENTS, INCLUDING ALL PLANS, NOTES, DETAILS, AND SPECIFICATIONS ARE INTENDED TO FACILITATE THE INSTALLATION CONTRACTOR BY PROVIDING GENERAL GUIDELINES FOR DESIGN INTENT. CONTRACTOR SHALL PROVIDE 100% COVERAGE FOR ALL PLANT MATERIAL. THEREFORE, ALL IRRIGATION ELEMENTS GRAPHICALLY REPRESENTED IN THESE CONSTRUCTION DOCUMENTS ARE SCHEMATIC. FIELD MODIFICATIONS MAY OCCUR IN ORDER TO FULFILL THE DESIGN INTENT OF THE DRAWINGS. CONTRACTOR SHALL CONSULT WITH IRRIGATION DESIGNER AND PREPARE AS-BUILT PLANS SHOULD FIELD MODIFICATIONS BE NECESSARY.

IRRIGATION NOTES

1. BOOSTER PUMP STATION MAY BE NEEDED IF PRESSURE IS TOO LOW. 40 PSI IS NEEDED AT THE SPRAY HEAD FOR PEAK PERFORMANCE.
2. ALL VALVE BOXES SHALL BE TAN IN COLOR.
3. ALL VALVE BOXES TO BE IN LANDSCAPE AREAS.
4. ALL VALVE BOXES TO BE EITHER CARSON OR OLD CASTLE
5. ALL CONTROL WIRING SHALL BE 14 G AWG-UF DIRECT BURIAL WIRE.
6. ALL PIPE AND WIRING UNDER PAVED SURFACES SHALL BE IN SCHEDULE 40 PVC SLEEVES, WHETHER OR NOT SHOWN. INSTALL 2" WIRE SLEEVE ADJACENT TO PIPE SLEEVE FOR ALL PAVEMENT CROSSINGS.
7. MAINLINE, LATERAL PVC PIPE OR POLYETHYLENE TUBING FROM DIFFERENT VALVES SHALL BE UNCONNECTED, WHETHER OR NOT SHOWN.
8. CONTRACTOR SHALL FIELD VERIFY PRESSURE PRIOR TO ORDERING MATERIALS OR STARTING ANY IRRIGATION INSTALLATION AND NOTIFY CONSULTANT OF ANY DIFFERENCE FROM STATED PRESSURE. IF CONTRACTOR FAILS TO NOTIFY CONSULTANT HE ASSUMES FULL RESPONSIBILITY FOR ANY SYSTEM ALTERATIONS AS DIRECTED BY THE CONSULTANT.
8. INSTALL HUNTER DRIP EMITTERS TO PLANT MATERIAL PER DETAILS AND THE FOLLOWING SCHEDULE.

PLANT SIZE	EMITTER NUMBER	QUANTITY
CACTUS/ACCENTS	HEB-050	1 EACH
1 GAL. SHRUB	HEB-10	2 EACH
3 GAL. SHRUB	HEB-10	2 EACH
5 GAL. SHRUB	HEB-10	2 EACH
24" BOX TREE	HEB-20	4 EACH
36" BOX TREE	HEB-20	6 EACH
42" BOX TREE	HEB-20	8 EACH
48" BOX TREE	HEB-20	8 EACH

CONTRACTOR SHALL INCREASE OR DECREES EMITTER SIZING FOR SHRUBS AND SUCCULENTS BASED ON EXPOSURE. EMITTERS ONLY ARE TO BE INSTALLED ABOVE GRADE AND ALL PIPING SHALL BE THOROUGHLY FLUSHED PRIOR TO EMITTER INSTALLATION AS PER DETAILS AND SPECIFICATIONS. CONTRACTOR IS RESPONSIBLE FOR ANY NECESSARY FLUSHING OF EMITTERS DUE TO CLOGGING FOR THE DURATION OF THE MAINTENANCE PERIOD AS OUTLINED IN THE LANDSCAPE SPECIFICATION. CONTRACTOR IS RESPONSIBLE FOR REPLACEMENT OF ANY PLANT MATERIAL WHICH DIES DURING THE MAINTENANCE PERIOD AS A RESULT OF EMITTER CLOGGING.

9. INSTALL IRRIGATION SLEEVES UNDER ALL SIDEWALKS PER THE FOLLOWING SCHEDULE:

PIPE SIZE OR WIRE QUANTITY	REQUIRED SLEEVE(S)
DRIP TUBING	1 - 2" SCH 40 PVC
¾" LATERAL	1 - 2" SCH 40 PVC
1" LATERAL	1 - 2" SCH 40 PVC
1¼" LATERAL	1 - 2" SCH 40 PVC
1½" LATERAL	1 - 4" SCH 40 PVC
2" LATERAL	1 - 4" SCH 40 PVC
1" PRESSURE SUPPLY PIPE	1 - 4" SCH 40 PVC
1½" PRESSURE SUPPLY PIPE	1 - 4" SCH 40 PVC
2" PRESSURE SUPPLY PIPE	1 - 4" SCH 40 PVC
2½" PRESSURE SUPPLY PIPE	1 - 6" SCH 40 PVC
3" PRESSURE SUPPLY PIPE	1 - 6" SCH 40 PVC
1 - 20 CONTROL WIRES	1 - 2" SCH 40 PVC
21 - 40 CONTROL WIRES	2 - 2" SCH 40 PVC

10. CONTRACTOR TO FIELD VERIFY SIZE, LOCATION AND QUANTITY OF EXISTING SLEEVES INSTALLED UNDER STREET IMPROVEMENT PACKAGE PRIOR TO INSTALLATION OF IRRIGATION SYSTEM, AND NOTIFY CONSULTANT OF ANY DIFFERENCES.
11. CONTRACTOR SHALL COMPLETE THE FOLLOWING PRIOR TO FINAL WALK-THROUGH:
    A. CONSTRUCTION RECORD (AS-BUILT) DRAWINGS.
    B. CONTROLLER DATA SHEETS, INCLUDING IN DIGITAL FORMAT.
12. THESE IRRIGATION CONSTRUCTION DOCUMENTS, INCLUDING ALL PLANS, NOTES, DETAILS, AND SPECIFICATIONS ARE INTENDED TO FACILITATE THE INSTALLATION CONTRACTOR BY PROVIDING GENERAL GUIDELINES FOR DESIGN INTENT. CONTRACTOR SHALL PROVIDE 100% COVERAGE FOR ALL PLANT MATERIAL THEREFORE, ALL IRRIGATION ELEMENTS GRAPHICALLY REPRESENTED IN THESE CONSTRUCTION DOCUMENTS ARE SCHEMATIC. FIELD MODIFICATIONS MAY OCCUR IN ORDER TO FULFILL THE DESIGN INTENT OF THE DRAWINGS. CONTRACTOR SHALL CONSULT WITH IRRIGATION DESIGNER AND PREPARE AS-BUILT PLANS SHOULD FIELD MODIFICATIONS BE NECESSARY.

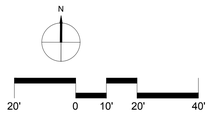

VALVE TAG:

SHRUB / A-01 / 1" | 5
- SHRUB — VALVE TYPE
- A-01 — CONTROLLER AND STATION
- 5 — GALLONS PER MINUTE
- 1" — VALVE SIZE

PIPE SIZING SCHEDULE:

GPM	SIZE	GPM	SIZE
0 - 8	¾"	20 - 30	1½"
8 - 12	1"	30 - 50	2"
12 - 20	1¼"	50 - 80	2½"

NOTE : MINIMUM PIPE SIZE TO EACH SPRINKLER SHALL BE THE SAME SIZE OF THE SPRINKLER HEAD INLET.

1 SCHEMATIC IRRIGATION LAYOUT

SCALE: NTS

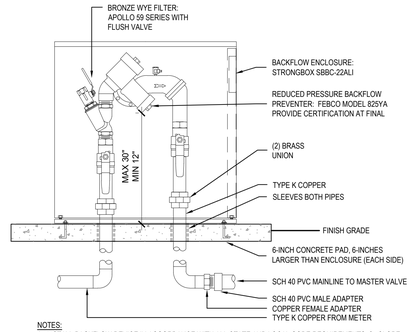

NOTE:
CONTRACTOR TO COORDINATE WITH MAINTENANCE AND GENERAL CONTRACTOR FOR CONTROLLER GROUNDING.

NOTE:
- Electrical Contractor shall make all 120V connections per local and national codes.
- Refer to Pipe Sizing Schedule for conduit sizes.
- Paint all conduit and J-Boxes to match wall.

2 WALL MOUNT CONTROLLER

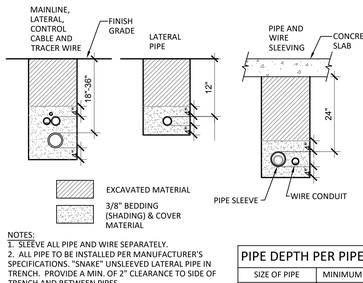

SCALE: NTS

NOTES:
1. INSTALL BACKFLOW DEVICE IN ACCORDANCE WITH ALL STATE AND LOCAL CODE REQUIREMENTS. 2. SLOPE TOP SURFACE OF PAD AT 0.5 % WITH BROOM FINISH. MAKE PIPE SLEEVES WITH 1-1/2 INCH LARGER DIAMETER PIPE THAN PENETRATING PIPE SIZE.
3. ALL HINGED CONNECTION LOCATIONS AND HARDWARE TO BE TAMPER PROOF.
4. ALL WELD JOINTS SHALL BE CONTINUOUS AND GROUND SMOOTH.

3 BACKFLOW PREVENTER

SCALE: NTS

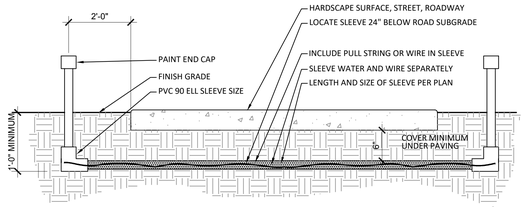

NOTES:
1. SLEEVE ALL PIPE AND WIRE SEPARATELY.
2. ALL PIPE TO BE INSTALLED PER MANUFACTURER'S SPECIFICATIONS. "SNAKE" UNSLEEVED LATERAL PIPE IN TRENCH. PROVIDE A MIN. OF 2" CLEARANCE TO SIDE OF TRENCH AND BETWEEN PIPES.
3. ALL 120-V WIRING SHALL BE INSTALLED IN ACCORDANCE WITH LOCAL CODE REQUIREMENTS.

PIPE DEPTH PER PIPE SIZE	
SIZE OF PIPE	MINIMUM DEPTH
¾" - 2" LATERAL	12"
1" - 2" MAINLINE	18" - 24"
2"+ MAINLINE	36"

4 TRENCH DEPTH

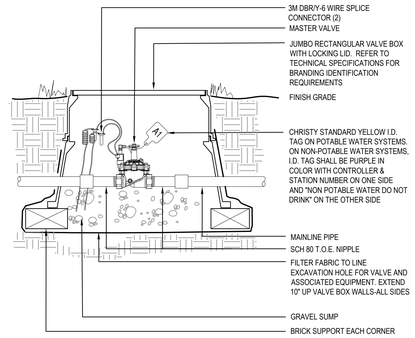

SCALE: NTS

NOTE:
- SIMILAR TREATMENTS AT WALLS, WALKS OR PATIOS.
- COORDINATE SLEEVES INSTALLED BY UNDERGROUND UTILITY CONTRACTOR UNLESS OTHERWISE NOTED.
- RISER DOES NOT HAVE TO MATCH SLEEVE SIZE, AS LONG AS RISER IS VISIBLE POST ROAD INSTALLATION

A1.1

Proposed Landscape Plan

General Plan Considerations

Economic Development Goal 3: Continue to support existing and future businesses through the city's partnership with the South Salt Lake Chamber of Commerce and comprehensive business retention and recruitment program.

Analysis: This plat application allows the landowner of 3432 S State St to build a new commercial structure, to increase local opportunities, development density, and local destinations.

SOUTH SALT LAKE

Staff Recommendation

Based upon the information submitted in the application, supporting documentation, and analysis of the relevant code sections and general plan goals, Staff recommends the Planning Commission move to approve the preliminary subdivision plat amendment to plat three (3) parcels into one lot located at 3432 S State St., based on the findings of fact, conclusions of law and conditions of approval for the subdivision in the staff report.

SOUTH SALT LAKE

Planning Commission Options

Option 1: Approval

Move to approve the application by Fred Cox, for a Preliminary Subdivision Plat to create one lot located at 3432 S State St., based on the findings and conclusions in the staff report, with the conditions enumerated in the staff report and on the record.

Option 2: Denial

Move to deny the application by Fred Cox, for a Preliminary Subdivision Plat to create one lot located at 3432 S State St., based on the findings and conclusions in the staff report, with the conditions enumerated in the staff report and on the record.

SOUTH SALT LAKE

Planning Commission Options

Option 3: Continuance

Move to deny the application by Fred Cox, for a Preliminary Subdivision Plat to create one lot located at 3432 S State St., based on the findings and conclusions in the staff report, with the conditions enumerated in the staff report and on the record.

SOUTH SALT LAKE

VA SLC SUBDIVISION

Preliminary Plat
Planning Commission
June 4, 2026

SOUTH SALT LAKE

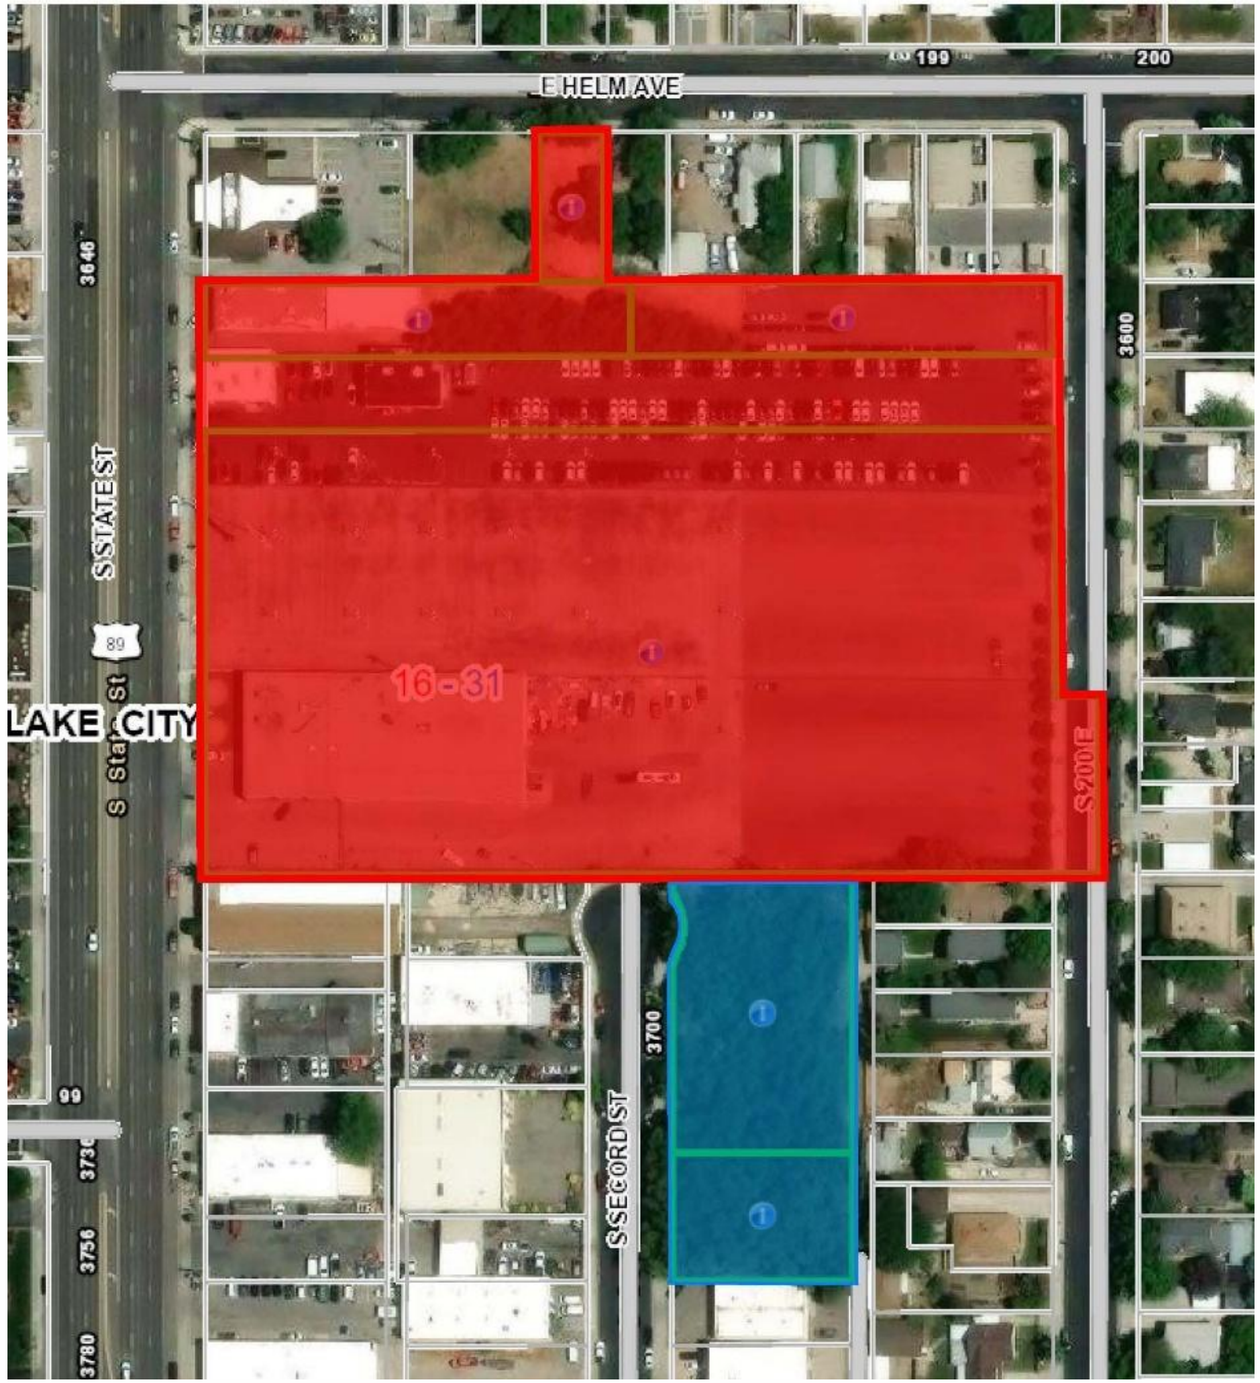

BACKGROUND

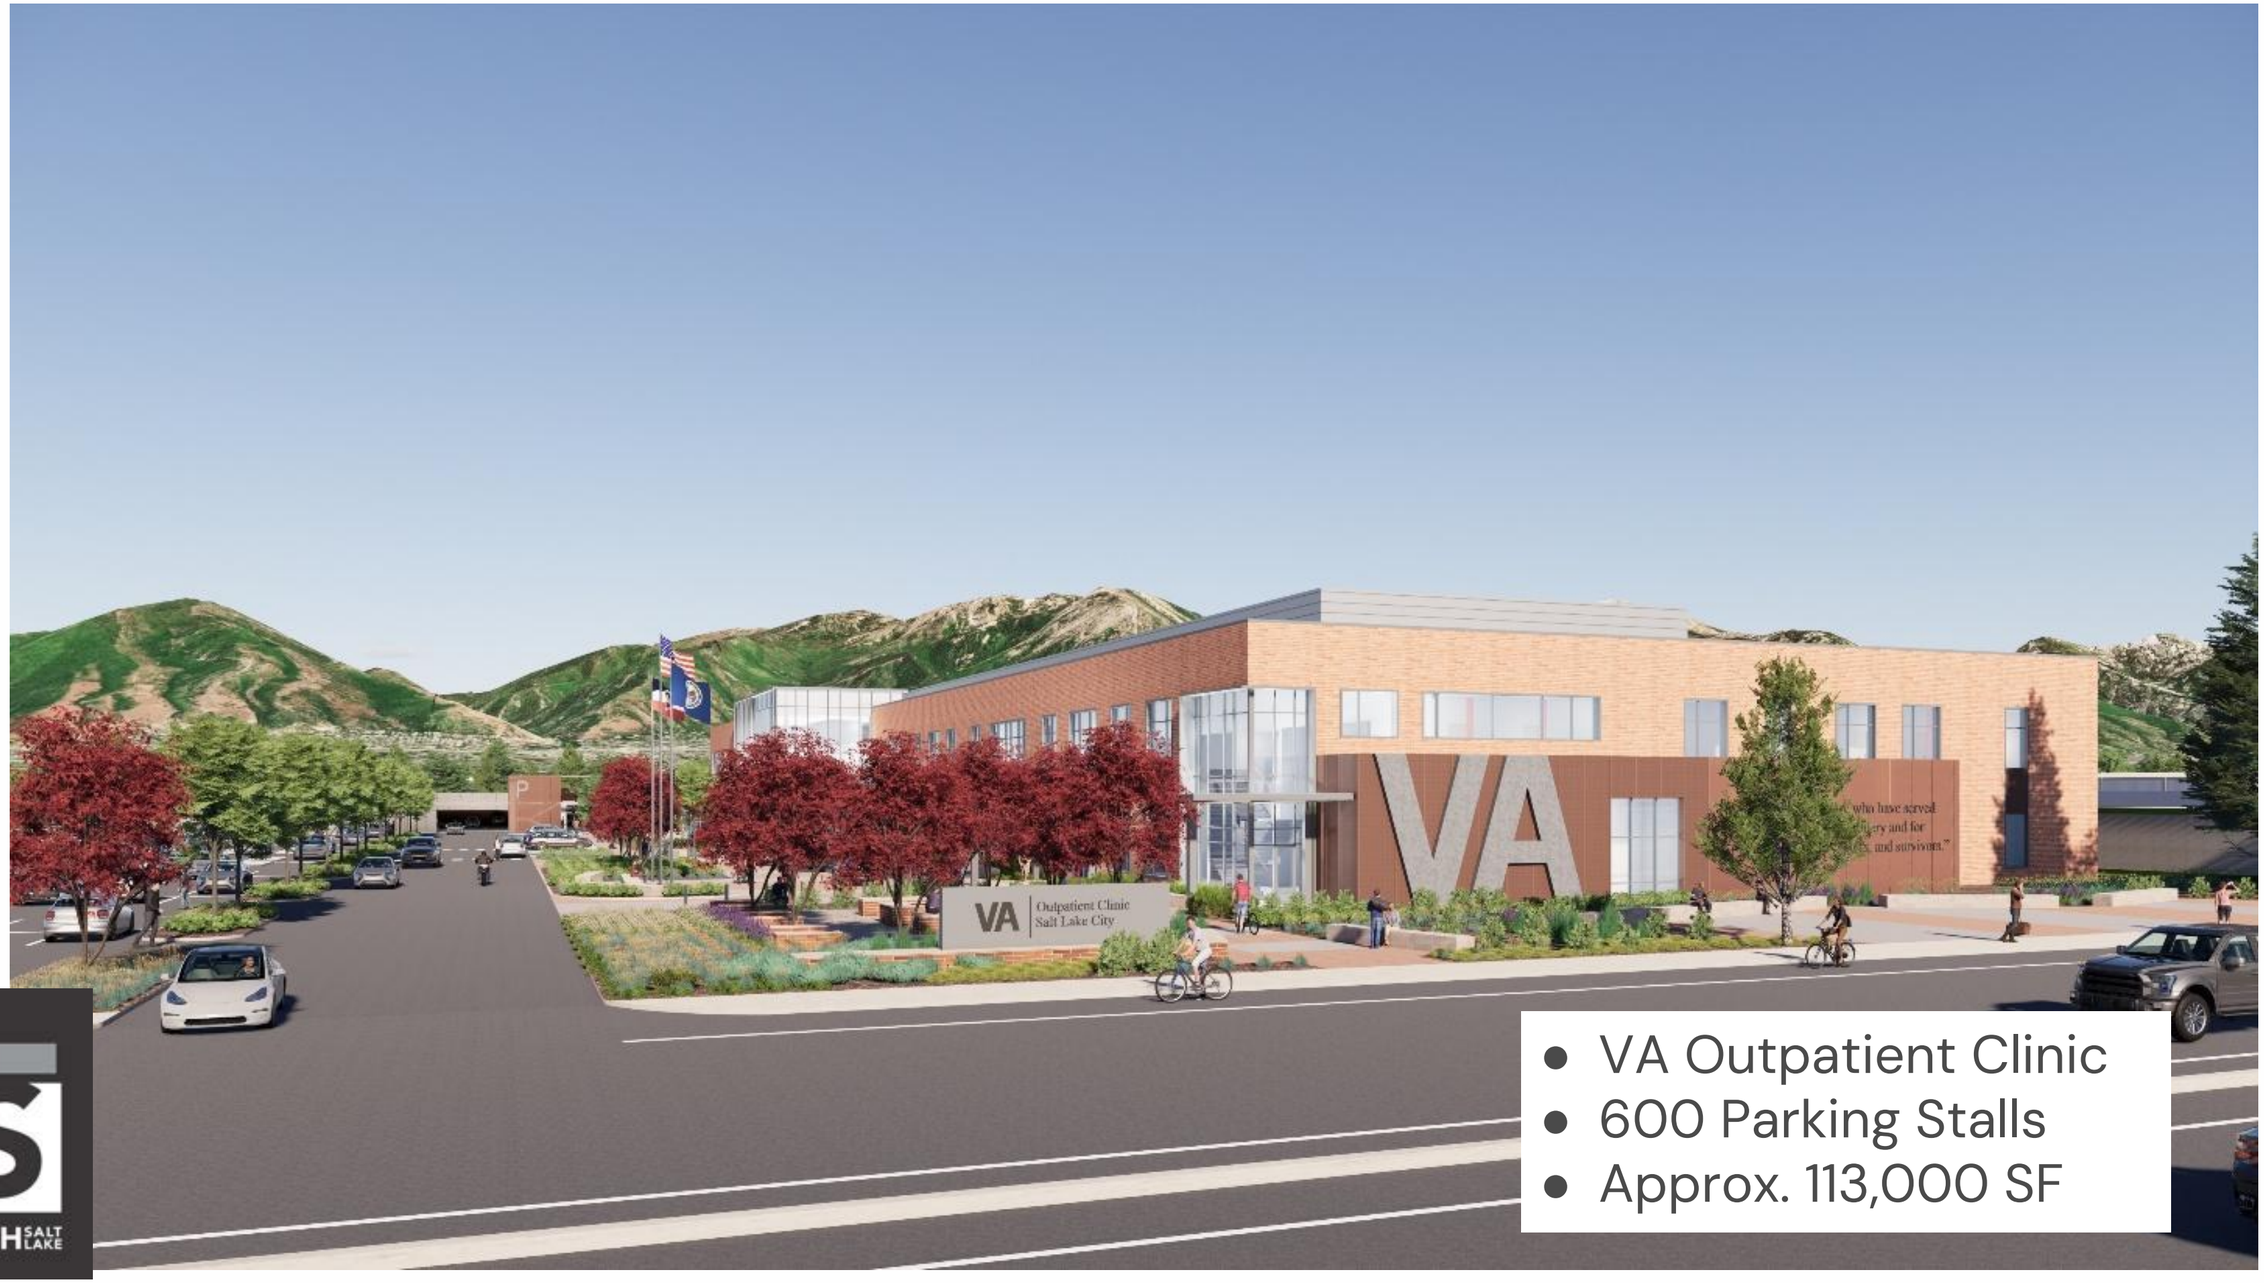

- Commercial Corridor District
- Two new/used car dealerships (1977-2012)
- RV dealership (2018-2024)
- Car rental (current)
- Four points of access

BACKGROUND

- Seven Parcels
- 8.144 Acres
- Vacate Longview Park Addition (1910)
- Corrects 200 East ROW Discrepancy

PROPOSAL

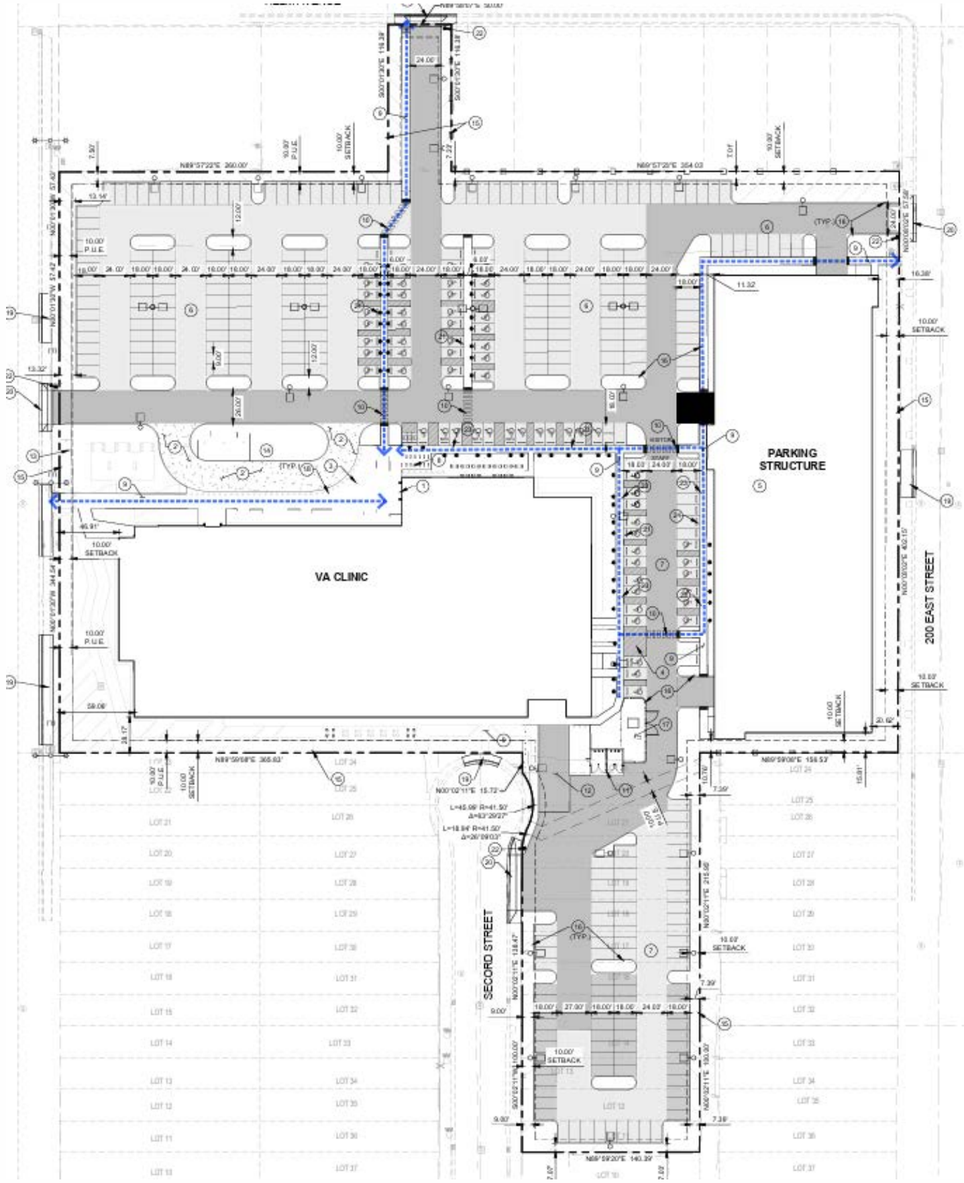

- VA Outpatient Clinic
- 600 Parking Stalls
- Approx. 113,000 SF

(I) The one-Lot Subdivision, as conditioned, complies with the Commercial Corridor Zoning District requirements outlined in § 17.03.050 of the Land Use and Development Ordinance.

- Outpatient Clinic (medical office) is permitted - **COMPLIES**
- Minimum lot size 1 acre - **COMPLIES**
- Maximum height based on building form - **COMPLIES**
- Setbacks/Build-to Standard - **CONDITIONED**

(II) The proposal complies with the parking ratio requirements found in § 17.06.160.

- Medical Office = 4 parking space per 1,000 sq. ft. of floor area
- 112,595 sq. ft. requires 451 off-street parking spaces
- Applicant will provide 600 off-street parking spaces
- Parking Garage = 362
- Surface Parking Lot = 238
- Bicycle Parking = 1 space per 25 parking spaces
- Required to provide 24, Applicant providing 26

(III) The proposed Subdivision Plat, as conditioned, complies with the requirements of Chapter 17.10, Subdivision and Platting, of the Land Use and Development Ordinance.

1. **§ 17.10.120 – Requirements for Improvements & Design.**
    - The petition complies.

1. **§ 17.10.140 – Subdivision Development Lot Standards.**
    - The Applicant shall ensure that driveways are designed and arranged to avoid vehicles backing onto surrounding Streets.

1. **§ 17.10.160 – Drainage, Storm Sewers, and Stormwater Facilities.**
    - Approval of the Subdivision is contingent upon Compliance with the City Engineer's review for this standard.

1. **§ 17.10.170 – Water Facilities**
    - The final civil plans for the project shall show the location of all fire hydrants and all water and storage supply improvements.

1. **§ 17.10.180 – Sewer Facilities**
    - The Applicant shall install sanitary sewer facilities as required by Mt. Olympus Improvement District.
    - The Applicant shall ensure sanitary sewer facilities connect with the public sanitary sewer at sizes required by Mt. Olympus Improvement District.

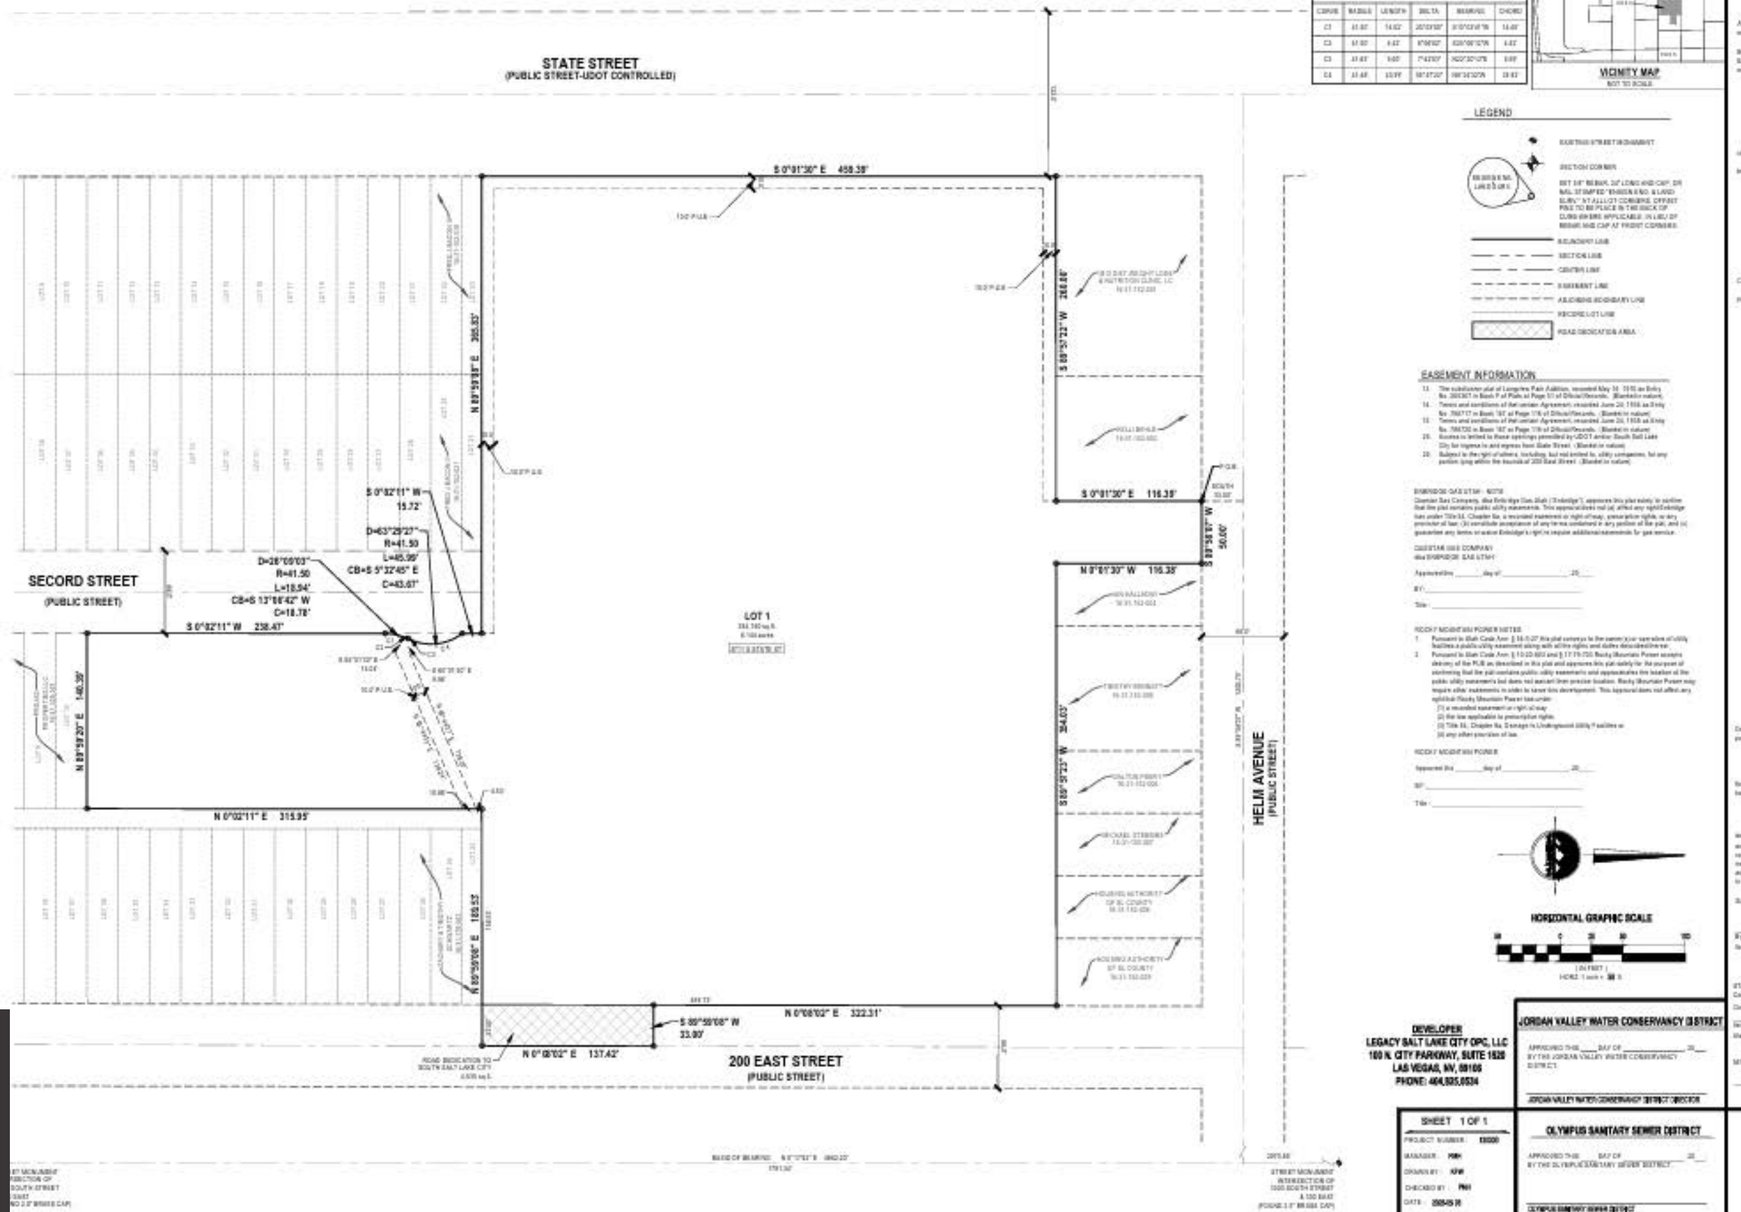

1. **§ 17.10.190 – Utilities**
    - All utilities shall be located underground.

1. **§ 17.10.200 – Sidewalks, Trails, and Bike Paths**
    - The proposed Subdivision complies with the Standard Road Profiles for State Street, Helm Avenue, 200 East, and Secord Street. A discrepancy with the 200 East ROW and the Salt Lake County Assessor's Map will be resolved when the Subdivision Plat is recorded. The Applicant has dedicated 4,535 square feet of 200 East to South Salt Lake.

ROCKY MOUNTAIN POWER NOTES

1. Pursuant to Utah Code Ann. § 54-3-27 this plat conveys to the owner(s) or operator(s) of utility facilities a public utility easement along with all the rights and duties described therein.
2. Pursuant to Utah Code Ann. § 10-9a-393 and § 17-79-703, Rocky Mountain Power accepts delivery of the PUE as described in this plat and approves this plat solely for the purpose of confirming that the plat contains public utility easements and approximates the location of the public utility easements but does not warrant their precise location. Rocky Mountain Power may require other easements in order to serve this development. This approval does not affect any right that Rocky Mountain Power has under:
   (1) a recorded easement or right-of-way;
   (2) the law applicable to prescription rights;
   (3) Title 54, Chapter 8a, Damage to Underground Utility Facilities; or
   (4) any other provision of law.

SURVEYOR'S CERTIFICATE

I, PATRICK M. HARRIS, do hereby certify that I am a Professional Land Surveyor in the State of Utah and that I hold License No. 286882, in accordance with Title 58, Chapter 22, of the Professional Engineers and Land Surveyor's Act. I further certify that by authority of the Owners, I have completed a survey of the property described on this subdivision plat in accordance with Section 17-23-17 and have verified all measurements, that the reference monuments shown on the plat are located as indicated and are sufficient to accurately establish the street boundaries of the herein described tract of real property, and has been drawn correctly to the designated scale and is a true and correct representation of the herein described lands included in said subdivision, based upon data compiled from records of the county recorders office. I further certify that all lots meet frontage/width and area requirements of the applicable zoning ordinances.

BOUNDARY DESCRIPTION

A parcel of land situate in the Southwest Quarter of Section 31, Township 1 South, Range 1 East, Salt Lake Base and Meridian, being more particularly described as follows:

Beginning at a point on the South line of Helia Avenue, said point being South 0°01'30" East 1791.38 feet along the centerline of 300 East Street and South 89°58'30" West 1255.75 feet along the centerline of Helia Avenue and South 33.00 feet from the street monument located at the intersection of 3900 South Street and 300 East Street; and running

thence South 0°01'30" East 116.38 feet;
thence South 89°58'30" West 50.00 feet to the East line of State Street;
thence South 0°01'30" East 458.38 feet along said East line of State Street;
thence North 89°58'08" East 305.85 feet;
thence along the East line of Secord Street the following four (4) courses:
(1) South 0°02'11" West 15.72 feet;
(2) Southerly 45.99 feet along the arc of a 41.50 foot radius curve to the right (center bears South 89°57'49" West and the chord bears South 5°32'45" East 43.67 feet) with a central angle of 63°29'27";
(3) Southerly 18.94 feet along the arc of a 41.50 foot radius curve to the left (center bears North 63°32'43" East and the chord bears South 13°56'42" West 18.78 feet) with a central angle of 26°09'03";
(4) South 0°02'11" West 238.47 feet;
thence North 89°58'20" East 140.39 feet;
thence North 0°02'11" East 315.95 feet;
thence North 89°59'20" East 189.52 feet to the centerline of 200 East Street;
thence North 0°08'02" East 137.42 feet;
thence South 89°59'08" West 33.00 feet to the West line of 200 East Street;
thence North 0°08'02" East 322.31 feet along said West line of 200 East Street;
thence North 89°57'23" West 354.65 feet;
thence North 0°01'30" West 116.38 feet to the South line of Helia Avenue;
thence South 89°58'57" West 50.00 feet along said South line of Helia Avenue to the point of beginning.

(IV) Traffic and Circulation Impact Study

- Due to the proximity to the R-1 District, the Applicant provided a Traffic Study, prepared by Lokahi, LLC.
- Projected daily weekday trips = 2,415 (a 47% increase from 1,635 daily trips)
- The study recommends the Applicant configure the site access points to accommodate the increase in traffic.

1. Construct a right-in/right-out driveway along State Street, approximately 335 feet south of Helm Avenue (centerline to centerline). The outbound approach must include a standard stop sign layout to slow vehicles turning right (north) onto State Street.

1. Construct a right-in/right-out driveway along Helm Avenue, approximately 335 feet east of State Street (centerline to centerline). The outbound approach must include a standard stop sign layout to slow vehicles turning right (east) onto Helm Avenue.

1. Construct a full-access driveway along Secord Street, to the satisfaction of the Fire Marshal, and include a standard stop sign for outbound vehicles.

1. Construct a full-access driveway along 200 East. The exit approach must include a standard stop sign.

(V) The proposal, as conditioned, complies with the landscape standards in § 17.06.300.

INVENTORY SUMMARY

Total trees inventoried: 428
Trees 1"-6" DBH: 282
Trees greater than 6" DBH: 146
Invasive/ noxious trees identified: 401
Non-invasive trees identified: 27

*The site is predominantly composed of state-identified invasive species, with a significant concentration of smaller diameter trees occuring in dense groupings.

MITIGATION REQUIREMENTS

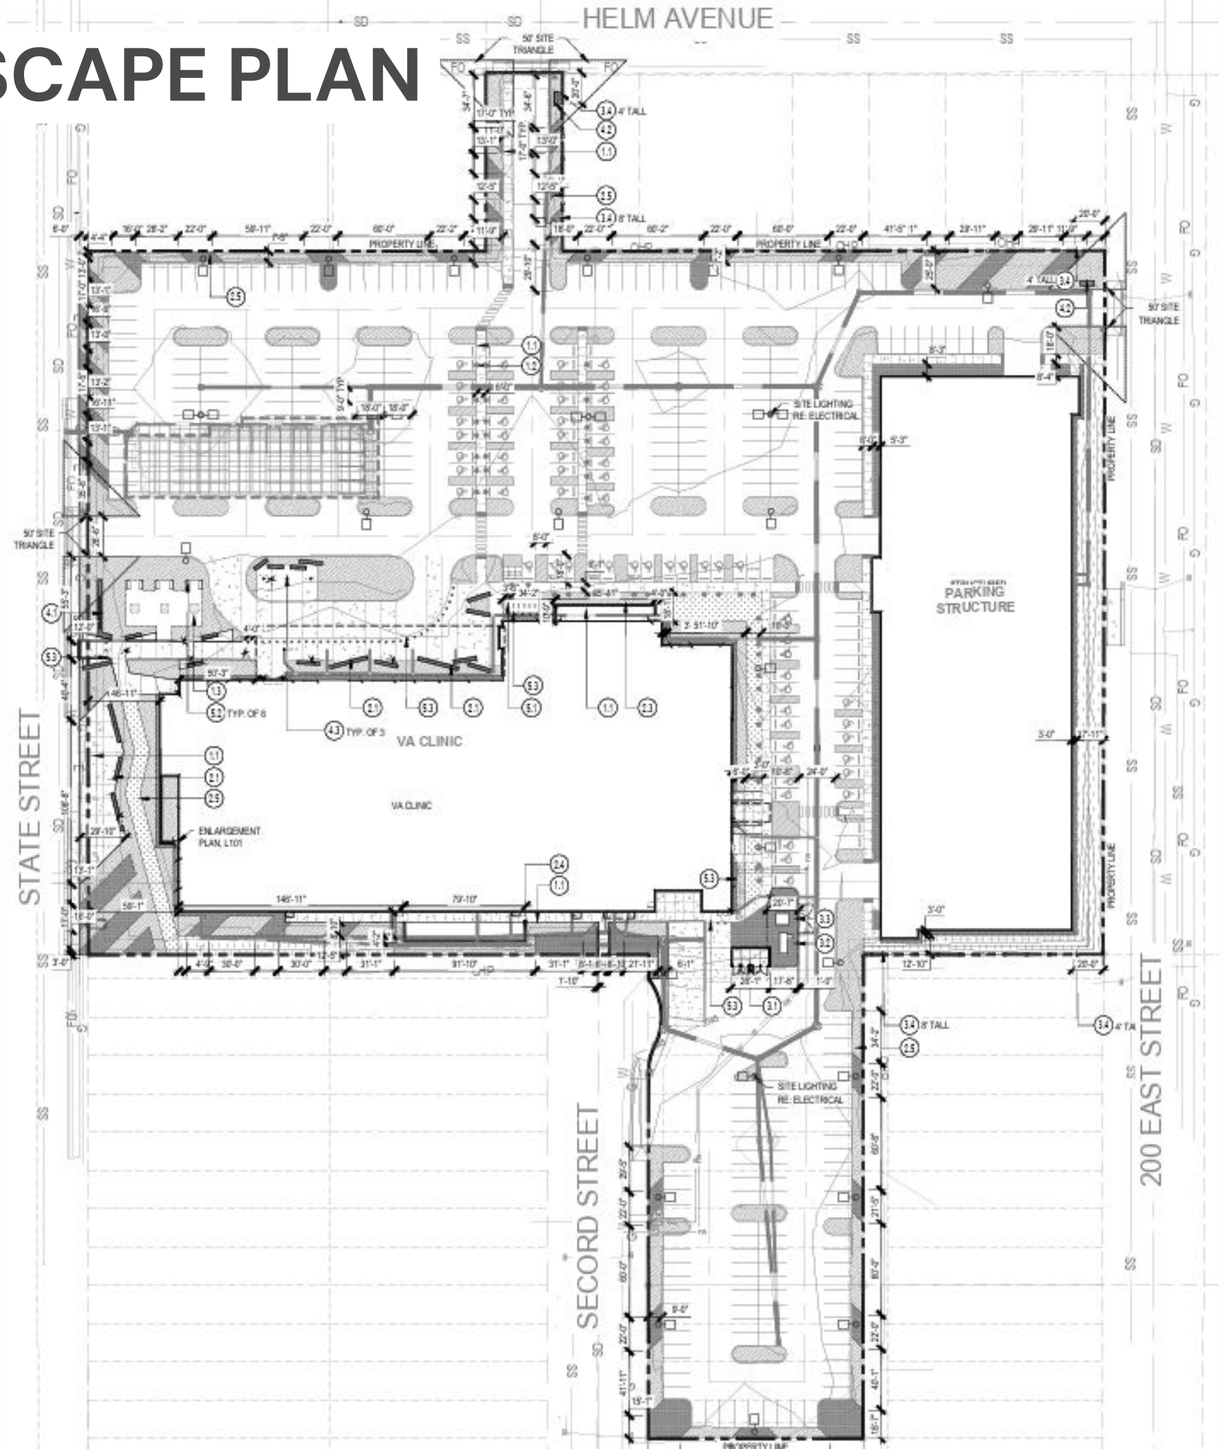

Article III. Landscaping
D. 2. V.Existing trees that are non-invasive and not noxious and that are preserved and incorporated into the Landscape Plan shall be credited towards the minimum number of trees required by this Chapter. Trees must be in healthy condition and free of injury to receive this credit. Any credited tree that is not preserved or is significantly damaged during construction shall be removed or replaced with four (4) trees, each with a minimum caliper of four (4) inches. Tree replacement shall conform to the tree and shrub requirements.

Total non invasive trees identified for mitigation: 27
Total mitigation trees required: 108

Total Trees in Planting Plan: 118

SOUTH SALT LAKE

PROPOSED LANDSCAPE PLAN

(VI) There is good cause to vacate Lots 11-23 of the Longview Park Addition Subdivision.

Pursuant to Utah Code § 10-20-812, the land use authority may approve the vacation or amendment of a plat . . . if the land use authority finds that:

a. There is good cause for the vacation or amendment; and
b. No public street or municipal utility or easement has been vacated or amended.

PUBLIC NOTICE

Staff published notice on the City's website and the Utah Public Notice website and posted notice to the property on May 22, 2026. Staff mailed courtesy notices to property owners within 600 feet of the property on May 22, 2026.

Staff received public comment prior to this meeting which was provided to the Planning Commission and is part of the official record.

RECOMMENDATION

Based upon the information submitted in the application, supporting documentation, and analysis of the relevant code sections and general plan goals, Staff recommends the Planning Commission move to approve with conditions, a preliminary Subdivision Plat for a one-Lot Subdivision located at 3711 S State Street based on the Findings of Fact, Conclusions of Law, and Conditions of Approval outlined in this Staff Report.

PLANNING COMMISSION OPTIONS

Option 1: Approval
Move to approve the application by SSLC OPC Venture, LLC for a Preliminary Subdivision Plat for a one-Lot Subdivision located at 3711 South State Street based on the Findings of Fact, Conclusions of Law, and Conditions of Approval in the Staff Report and enumerated on the record.

Option 2: Denial
Move to deny the application by SSLC OPC Venture, LLC for a Preliminary Subdivision Plat for a one-Lot Subdivision located at 3711 South State Street based on the Findings of Fact and Conclusions of Law and enumerated on the record.

Option 3: Continuance
Move to table the application by SSLC OPC Venture, LLC for a Preliminary Subdivision Plat for a one-Lot Subdivision located at 3711 South State Street to a date certain to allow the Applicant and Staff time to respond to specific inquiries or concerns raised by the Planning Commission, or to allow the Planning Commission more time to consider the proposal.
