
Fw: Online Form Submittal: Contact the Mayor and Council

From Lacey Smith <lacees@paysonutah.gov>

Date Fri 6/5/2026 2:42 PM

To Jill Spencer <jills@paysonutah.gov>; Anders Bake <andersb@paysonutah.gov>; Michael Bryant <michaelb@paysonutah.gov>

Can I get the information they are talking about? What was planned before and what is being proposed?

Just trying to understand this since I think the first proposal/ plan was before I was around!

Thanks

Dear Mr. and Mrs. Zeeman--

Thank you for your email. I have included the Development Services staff in this response so your comments can be part of the record. We appreciate you expressing your concerns for the planning commission and city council to consider.

If you have any additional feedback, please let us know.

Take care,

ROBERT MILLS

Assistant City Manager

Contact the Mayor and Council

Name	Robert and Lynette Zeeman
Subject	east side Zone Changes
Email	nettiezeeman@yahoo.com
Phone	8013768065
Send Message Attention to	All - Mayor and Council Members
Your Message	parcels 30030009, 30030008,030050024,0300500023. I do not agree with the rezoning. The area was set up as residential single-family homes. 100 south is a road that cannot maintain the parking that happens further to the east on said road. It is a mess and i believe this same thing would happen here if higher density housing was allowed. What is the long range goal of our city? In general, individual houses set on at least 1/4 acre attract people that are more concerned with their yards and city. I do not think the developers should be allowed to change the zoning! It is upsetting that people that done even live in the area make these changes that do not affect them, All they are concerned about it the dollar! keep this acreage the same as what surrounds it! The rentals east of the hospital have impacted this area already. There is More traffic, more transient people and more dog poop. VOTE NO!
