## **“Savanna Sunset”**

**Jack Morford**

**\$5,500**

**20”W x 56”H x 12”D**

The symbolism is the woman represents humanity, the lion represents the animal kingdom, and the tree represents nature. The colors of the piece represent the end of a beautiful day.

**“Fish Tales”**

**Dan Hill**  
**\$5,600**

**13”W x 24”H x 14”D**

Dan's grandson Sawyer was the model for this whimsical bronze that captures the excitement and wonder of a young boy with his catch.

**“BAREFOOT TRUMPET PLAYER”**

**Ronny Walker**  
**\$4,700**

**11”W x 37”H x 10”D**

Ronny has been a professional sculptor for over twenty-five years. Ronny is inspired by music, especially jazz, capturing spirit, emotion and movement in all her work. Other subjects include children, family, animals and historical characters.

## "New Dancing Moon IV"

**Reven Swanson**

**\$6,800**

4' x 4' x 3.5'

Steel and fused glass

This sculpture is part of a building series of "New Dancing Moons". It represents the moon's halo of shimmering and bouncing light.

Similar sculptures in the series are part of the permanent collection for the cities of Glenwood Springs, Evergreen, Castle Rock and Greeley

## **“Jericho II”**

**Doug Adams**

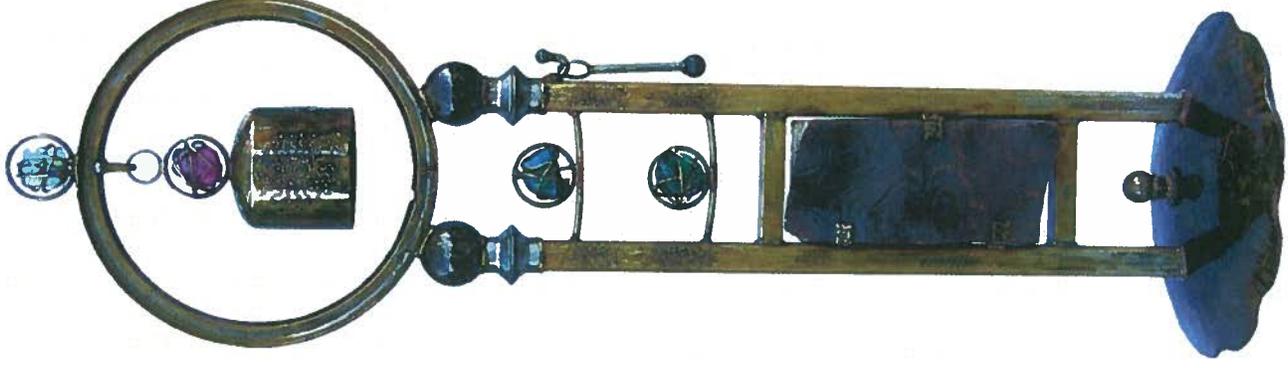

**\$4,200**

**23”W x 80”H x 23”D**

This piece was created using all recycled materials, the unusual piece of stone in the lower 1/2 was given to me by a German stonemason from Provo Utah, (John Hectle) it reminded me of a well traveled road hence the name JERICHO, I love working with circles representing (one eternal round) there are 18 circular rings or shapes on this piece!

Also used in its creation was West Virginia Slag glass from a windshield manufacturer, old wine bottle fused glass from park city Utah, discarded Slitter rolls from Nucor steel where I was employed for 30 years, huge Grinding balls used in coal mining operations that crush the Ore into usable material, the Sun embellished bell hangs in a old split rim off of a large truck tire and a well used plow disc base!

We are such a disposable society and I am very pleased to be able to salvage, design and create my sculptures using materials that might otherwise fill our landfills with these treasures!

**“Alex”**

**Dan Toone**  
**\$10,000**

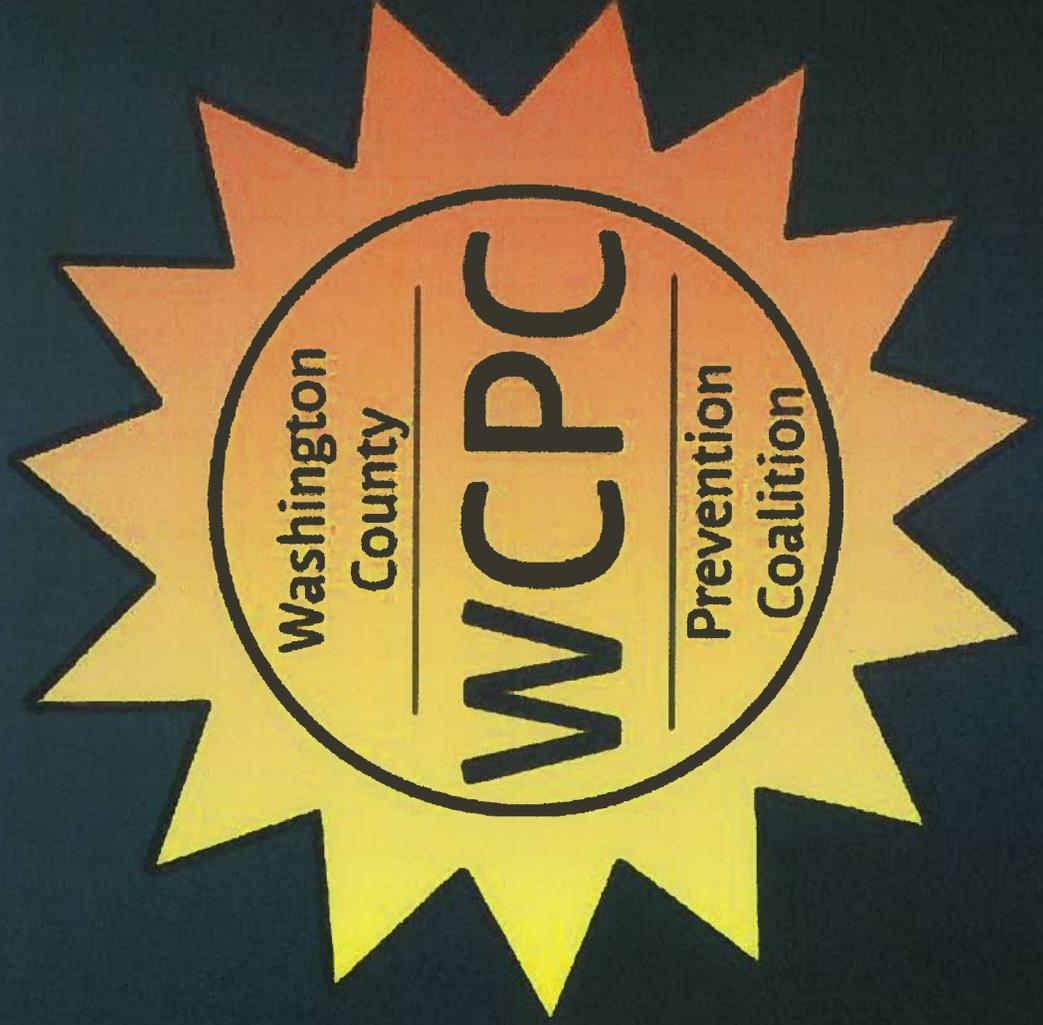

**6”W x 12’H x 1’D**

After 30 years welding in the dairy and food industry, Dan is following his dream to be a metal sculpture artist. To him, it is like a second childhood. He enjoys taking what is normally rigid and structural steel and forming it into smooth unrestrained flowing lines, shapes and forms.

## School of Life Overview and Report

- The School of Life Foundation is a 501(c)3 organization which offers an after-school character-education program to students with a mission to "Increase High School Graduation Rates."
- List the Washington County High Schools that we are in:
  - Snow Canyon
  - Dixie
  - Hurricane
  - Pineview
  - Desert Hills
  - Millcreek
  - Southwest
  - Water Canyon
  - Lava Ridge Intermediate (Pilot)
  - Plans for expansion into Middle Schools and Elementary Schools.
- Impact:
  - Taught over 400 students last year
  - 70% had an average of 14% increase in GPA
  - Increase in character attributes recorded by 100% of the students with the top five areas as follows:
    - Disposition toward attendance
    - Disposition toward high school graduation
    - Disposition toward peer pressure
    - Disposition toward academic homework
    - Disposition toward gratitude
  - Out of the 71 students who were officially "off track" to graduate last year, 62 of them went onto graduate with their class (85%). That is the same graduation for the school district as a whole, but specifically with students who are already at-risk of not graduating.
  - **You saw the statistic in the video... students who do not graduate experience increased poverty, crime, and poor health resulting in a cost to society of approximately \$292,000. The 61 students who were off track to graduate in the Washington County School District during the 2013/2014 Academic Year, who then went on to graduate with their class, represent an economic savings to Washington County totaling \$17,812,000.00**
- Explain how the classes are taught
  - 8 Hours of character education that is interactive and engaging. It's divided into four 2-hour classes held after school over four consecutive weeks, and covers the Straight A's of Life, including Appreciate, Assist, Attitude, Aim, Align, Action, Associate, Avoid & Adapt.
  - The first three weeks we cover the first 9 character traits, three per week.
  - The fourth week each student presents his or her final project.
- Student Experience
  - Erin's Letter
  - Calvin's Story

Dear Kip & Stacy,

Before I started the School of Life, I was honestly thinking about throwing in the towel on high school... I never really saw much for my future. I stopped trying in school and ditched almost everyday. When I got called into the counselor's office two weeks ago I was expecting it to be another embarrassing meeting with teachers and my mom. When I realize it had nothing to do with my mom I relaxed a little bit, and took the time to listen to him. He offered me a chance to take the School of Life program and something told me to give it a shot.

In my mind I was thinking, "Okay, it's going to be boring like restitution, just prepare to shut out." I was dead wrong to even think like that. When I entered the room there were smiles and dedicated people; people that cared. I felt really connected to the trainers.

This class has changed me and I am grateful. So, thank you.

Sincerely,

Erin

2. Events or assemblies in conjunction with school events on school property, church events on church property if designed for that use or government sponsored public hearings.
3. Events or assemblies at privately owned golf facilities or other licensed recreational sites during normal day-to-day operations when the event involves spectators in a number equal to or less than can be served by existing facilities.

### **1-5 Exemption from Permit**

The provisions of this chapter shall not be applied to regulate the use of traditional public forums as alternative channels of communication by the public, provided such use is for the free exercise of constitutionally protected activities and does not disrupt or interfere with traffic on public streets or the use of public places by other members of the public.
