

Dear Get Healthy Utah and the Utah League of Cities and Towns,

On behalf of the Mayor and City Council of Coalville City, I am pleased to submit our community for renewal of the Healthy Utah Community designation. We recognize that a healthy community is the foundation of a high quality of life, and we remain committed to creating opportunities that support the health and well-being of all who live, work, and visit Coalville.

Since receiving the Healthy Utah Community designation, Coalville City has made meaningful progress toward improving community health through collaboration with the Summit County Health Department, local partners, and residents. Over the past three years, we have:

- Partnered with the Summit County Health Department and community stakeholders to identify local health priorities and develop strategies to address them.
- Expanded access to healthy foods by supporting initiatives such as the Senior Farmers Market Nutrition Program and a Senior Community Garden.
- Continued to evaluate opportunities to improve pedestrian safety, walkability, and access to recreation, helping create a community where residents can safely be active and connected.

Looking ahead, Coalville City is committed to building on these accomplishments. We will continue working toward the goals outlined in our Community Health Improvement Plan, strengthening partnerships, and considering health impacts as part of local planning and decision-making.

As the Mayor and City Council, we understand that local government plays a vital role in shaping the environments where people live, work, and play. We are proud to prioritize health, safety, and quality of life in our community and remain dedicated to making Coalville a place where everyone has the opportunity to thrive.

Thank you for your consideration of Coalville City for redesignation as a Healthy Utah Community. We appreciate the opportunity to continue participating in this important initiative and look forward to building an even healthier future for our residents.

Sincerely,
