COMMUNITY COMMENTS

There were no public comments.

Sarah Beeson made the motion to close the public hearing, and it was seconded by Dr. Mark Clement.

Dr. Mark Clement explained that state law requires separate public hearings for specific budget and tax-related matters and clarified that the hearing process is established by statute. He encouraged community members to provide input not only during public hearings but also at any time by contacting Board members directly regarding these or other issues. Dr. Clement noted that while there may appear to be limited discussion during budget hearings, the Board has spent significant time reviewing and working through budget matters throughout the year and is familiar with the details of the budget. He stated that the Board strives to balance the interests of taxpayers with the needs of District employees. He explained that the current budget year presented significant financial challenges, as much of the available funding was allocated to step and lane increases and rising insurance costs, leaving limited resources for additional compensation adjustments. He further noted that the Board has worked to prepare for the transition to the new districts without creating financial obligations that would be difficult to sustain. Because state law requires the new districts to maintain the existing salary structure at the outset, the Board sought to ensure that compensation decisions would be financially feasible for the new districts moving forward. Dr. Clement acknowledged the challenges associated with the budget process and stated that the Board explored opportunities to provide additional salary increases whenever possible. He offered these comments to provide context for the Board's budget decisions and the considerations that informed them.

Board President King added that the budget development process is extensive and involves the contributions of many individuals across the District. She noted that a large team collaborates on budget-related matters, particularly those involving capital outlay, maintenance, and operations. President King expressed appreciation to the Business Services and Operations teams, specifically recognizing Craig Carter, Crystal, Robert, and Ryan for their efforts. She highlighted the significant amount of work completed behind the scenes to ensure compliance with state and federal requirements, as well as the legal obligations associated with the public hearing process. President King stated that preparing the budget is a substantial undertaking each year and acknowledged that, while the budget packet is smaller this year, it still requires considerable time, coordination, and effort. She concluded by expressing her gratitude to the entire Business Services team for their dedication and hard work. **Superintendent Smith** echoed the appreciation expressed for the Business Services team, describing them as dedicated professionals who consistently work to maximize resources while providing thoughtful guidance and recommendations. He specifically thanked Craig Carter for his leadership and steady influence, noting that it has been a privilege to work with him. Superintendent Smith referenced several slides from the budget presentation that help explain the District's current financial circumstances. He noted that developing the budget has been particularly challenging due to declining enrollment, a trend affecting many districts across the state and nation. He

explained that the District has experienced a loss of nearly a thousand students over the past two years, resulting in a significant reduction in state funding, the District's primary source of revenue. Despite these financial challenges, the District remains committed to supporting employees and their families while continuing to meet the needs of students. Superintendent Smith also expressed appreciation to Robert, Ryan, Crystal, Krystal, and the entire Business Services team, commending their expertise, professionalism, and commitment to advising and supporting the District. He concluded by thanking them for their ongoing efforts and contributions.

Dr. Mark Clement noted that, in addition to their regular responsibilities, the Business Services team has been heavily involved in supporting the District transition and the creation of the new districts. He explained that responsibilities have been redistributed among the new districts, requiring team members to assume new positions, responsibilities, and roles throughout the process. Dr. Clement expressed appreciation to those who have stepped into unfamiliar roles and taken on additional responsibilities to support the transition. He described the work as a significant undertaking under normal circumstances and noted that many individuals are accomplishing it while adapting to new positions and expectations. He thanked the team for their dedication and professionalism, emphasizing that they have continued to perform at a high level despite the challenges associated with the District reorganization.

The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Dr. Mark Clement, Stacy Bateman, Julie King, Emily Peterson, and Sarah Beeson.

Board President King declared the public hearing closed at 6:29 PM.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance was led by Cami Harper.

INSPIRATIONAL THOUGHT OR REFLECTION

An inspirational thought was given by Kate Ross of Oak Canyon Jr High School.

RECOGNITIONS

Vice President Emily Peterson recognized Lucy Mecham from Oak Canyon Jr. High School, who was named a grand prize winner in the Utah State Board of Education's America 250 Essay and Art Contest.

Sarah Beeson recognized Lone Peak High School for winning the 6A Girls Golf State Championship and the 6A Boys Soccer State Championship; American Fork High School for winning the 6A Boys Baseball State Championship; Skyridge High School for winning the 6A Boys Lacrosse State Championship; and Mountain View High School for winning the 4A Boys Track State Championship.

Board President King invited **Craig Carter**, Business Administrator, to present the FY2027 Annual Budget Report. Mr. Carter reviewed the final legal FY2026 budget and the tentative FY2027 budget, including the executive summary, financial section, and glossary, which contain five years of financial data beginning in 2022. He provided an overview of the proposed budget, noting that state funding remains the District's primary source of revenue, followed by local property taxes. He also explained that federal funding represents a smaller portion of District revenues than many members of the public assume. Mr. Carter reviewed ten years of enrollment trends and presented charts showing proposed budget expenditures by object category and percentage. He highlighted that approximately 90% of District expenditures support employees who work directly with students. Additional discussion included the allocation of funds between personnel and operational costs. Mr. Carter also reviewed the District's five-year history of General Obligation (GO) Bond levies and reported that the District plans to accept the certified tax rate this year, eliminating the need for a Truth in Taxation hearing. He noted that the District is awaiting final tax rates and that an updated budget book will be provided once those rates are received.

Dr. Mark Clement expressed appreciation for the efforts made to increase teacher salaries. He thanked all those involved in supporting the salary increase, noting that teachers have one of the greatest impacts on students, families, and the community.

Ada Wilson motioned to close the Board meeting, and it was seconded by **Sarah Beeson**. The Board Members who voted in favor were **Ada Wilson, Joylin Lincoln, Dr. Mark Clement, Stacy Bateman, Julie King, Emily Peterson, and Sarah Beeson**. The Board meeting closed at 6:19 PM.

COMMUNITY COMMENTS

Chris Dowling of Orem, addressed concerns regarding the student body election process at Timpanogos High School. He stated that the election process has changed from being primarily student-led to one in which faculty members have a greater role. Mr. Dowling alleged that a faculty advisor involved in the process provided advantages to certain candidates, improperly handled ballots, and altered candidate evaluation scores, which he believes affected the election results. He requested that the District investigate the matter, review the individual's involvement in student government activities, and take appropriate action. Mr. Dowling expressed concern about the example such actions would set for students.

Joe Nielson of Lehi, speaking on behalf of AESP, stated that the association has accepted the proposed compensation package and expressed appreciation for the collaborative process. He noted that AESP looks forward to working with the new districts moving forward.

Molly Barrington of Lehi, shared that her son, Johnny, attended Extended School for the first time that morning. While the experience included some emotions, she reported that he had a successful first day and was excited to be reunited with several former classmates. Ms. Barrington expressed appreciation for the dedication and commitment of the teachers, paraprofessionals, and school nurse who support students in the program. She thanked the Board and District for their efforts to continue providing quality educational opportunities for students with special needs. She also expressed appreciation for the budget presentation highlighting increased funding for special education services, noting that investments in special education teachers and paraprofessionals make a meaningful difference for many students and families. She commented on the strong sense of support and community she has experienced through these programs. Ms. Barrington shared that her son will be attending junior high school next year and reflected on the growth and learning he has experienced at Highland. She thanked District employees for their work during the transition to the new districts, acknowledging that many staff members have already assumed new roles while continuing to support ongoing operations. She stated that their efforts are noticed and appreciated and wished everyone a successful transition and an enjoyable summer.

DISCUSSION/ACTION ITEMS

1. Naming of Two Special Schools in the Timpanogos School District Area

Superintendent Smith expressed appreciation for those in attendance and offered brief remarks. He thanked Superintendent Jensen for being present, as well as Katie Bowman for her participation and for earlier discussions. He also recognized Dan Heaps and Melanie Adams for their attendance and involvement in the school naming process. He noted that a structured process had been used to develop naming recommendations for the new schools, incorporating feedback from the Timpanogos School District Board. He explained that recommendations were also developed for the new special school opening this fall, which will serve students in grades Pre-K through 12, and acknowledged Dan Heaps as the incoming principal of that school. Superintendent Smith reviewed the three proposed school names: Peak View School, Silver Peak School, and Valley Ridge School. He stated that one survey indicated a committee preference for Peak View School, while a subsequent survey of the Timpanogos School Board reflected Silver Peak School receiving the majority of responses. He noted the differing outcomes between the two surveys and indicated uncertainty regarding a final consensus. He invited Board Member Wilson to provide further input or requested that Mr. Heaps share additional information if needed.

Ada Wilson stated that she did not have access to the document referenced earlier and requested that it be shared with her. She also invited the appropriate representative to present the findings on behalf of the Timpanogos School District.

Dan Heaps, principal of the new Special School (PK-12), presented the school naming recommendations to the Board and expressed appreciation for the Board's support throughout the process. He reported that a

naming committee was formed in collaboration with Ryan Hemming, six parents, and Katie Bowman. A parent and staff survey was conducted in May over approximately one and a half weeks to gather input on potential school names. The committee met in June, during which they established norms, reviewed Board policy, and developed naming guidelines. They also reviewed survey results and identified top name recommendations along with potential mascot options. Mr. Heaps noted that a common theme among submissions was references to “peak” or “ridge,” reflecting ideas of perseverance, achievement, and the school’s broad geographic reach across four cities. He explained that these themes emphasized striving toward goals and overcoming challenges. The top three proposed names were Peak View, Silver Peak, and Valley Ridge. He reported that the committee’s preferred option, based on parent feedback, was Peak View School.

Superintendent Smith apologized for any overlap or interruption to the presentation and acknowledged the thorough work that had been prepared. He thanked staff for the comprehensive presentation and noted that he regretted having preempted discussion of the three proposed names for the new school.

Dr. Mark Clement stated that among the best experiences he has had as a board member, a significant portion of those experiences have been at Dan Peterson. He remarked that while no school is perfect, he believes staff, Board members, and District employees consistently strive to provide the best possible support for students. He referenced a recent survey in which Silver Peak was identified as the preferred option. Dr. Clement shared that he personally liked the name Silver Peak, noting that it conveys a sense of striving for excellence. He offered these comments as a suggestion for consideration.

Ada Wilson stated that she was not particularly supportive of any of the proposed school names and expressed a desire for a name that more strongly reflects the purpose and mission of the school. She indicated that she is looking for a name that is more impactful and has not yet seen an option that meets that expectation. She suggested that the Board further discuss the naming options, if appropriate. Ms. Wilson also expressed appreciation for the efforts of parents and staff who participated in the input process, noting that she is seeking additional alternatives for consideration.

Vice President Bateman stated that she had anticipated a motion would be made at the meeting. She thanked Dan for his work in leading the process and acknowledged the effort required to align multiple perspectives toward a common direction. She commented that she believed the three proposed school names were all strong options and expressed appreciation for Dan’s leadership of the committee. Vice President Bateman indicated she was prepared to proceed with a motion and noted she was uncertain of other Board members’ positions at that time.

President King stated that the item could remain a discussion item or be moved forward as an action item if a motion were made regarding the naming of both special schools in the Timpanogos School District area. She noted that there did not appear to be consensus to proceed with a motion at this time. She indicated that Dan Heaps would be placed on the agenda for the next Board meeting in July for further discussion.

Vice President Bateman requested clarification regarding the next steps in the naming process. She asked whether the Board’s intent was to continue discussion of the three existing options or whether additional name options were expected to be brought forward.

Ada Wilson stated that she is hoping for additional naming options to be considered. She indicated that she would like the Timpanogos School Board to include the possibility of new options as part of the ongoing discussion.

Superintendent Smith thanked Board Member Wilson for her comments and noted that the District is navigating a unique situation as it transitions into three separate districts. He explained that while the Alpine Board is responsible for naming the new school during the transition period, input from the future Timpanogos Board is also being sought to inform the decision-making process. He asked Superintendent Jensen whether there was any clarity regarding the Timpanogos Board’s preference or position on the school name that would assist the Board in either reaching a decision or guiding further discussion. Superintendent Smith noted that this collaborative approach is particularly important as other schools, such as ATEC West, will invite feedback from the new Lake Mountain Board. He emphasized that although the schools will initially open under the Alpine District, the intent is for the future governing boards to have meaningful input and ownership of the school names moving forward. He expressed appreciation to Dan

Heaps and the naming committee for their work and reiterated the request for feedback from Superintendent Jensen regarding the Timpanogos Board's perspective.

Superintendent Jensen of Timpanogos School District reported that a survey was distributed to Board members regarding the school naming options. He noted that five Board members responded to the survey, and one member abstained due to not favoring the provided options. He explained that the responses were divided among the remaining members, with two selecting Silver Peak, one selecting Peak View, and one selecting Valley Ridge.

Ada Wilson stated that, in her view, there was not a strong positive response from the Board toward any of the proposed school names. She requested that the Board revisit the naming options and return to the matter at a future meeting.

Vice President Bateman stated that the Board should proceed carefully in the naming process, emphasizing that the decision should reflect the families and community who will be part of the school rather than personal preferences of Board members or advisory groups. She cautioned against actions that could be perceived as dismissing or undervaluing the input and efforts already provided by stakeholders.

Ada Wilson stated that she hopes the message conveyed during the discussion was not that stakeholder input was being dismissed. She emphasized that the final decision regarding the school name rests with the Board.

Dr. Mark Clement stated that he would like to add a comment and acknowledged he may be off in his understanding. He noted that it is mid-June and the new school is scheduled to open in September, emphasizing the need to finalize a school name in a timely manner. **Dan Heaps** noted the school would be opening in August, not September. **Dr. Clement** corrected the timeline and acknowledged that delaying the process to gather additional input from another parent group would extend the timeline further, potentially into mid-July or later. He also noted that the Board typically meets once per month and expressed concern about whether there is sufficient time to continue delaying a decision.

President King asked a question related to the timeline and funding implications of the school naming process. She noted that the school will be located in the existing Sharon facility and inquired whether the school name has any impact on programs such as TSSA and Trust Lands, specifically regarding the appropriate allocation of those funds. She asked for clarification as to whether resolving the school name is necessary in order to proceed with those funding-related and administrative processes.

Vice President Bateman asked whether, in light of anticipated preparations such as ordering signage, equipment, and other school-related materials, there is sufficient time to delay a final decision on the school name. She directed the question to Dan Heaps for clarification on timing and operational needs.

Dan Heaps stated that once a school name is finalized, the team will need to move quickly to complete ordering and other preparations, noting that the timeline is very tight. He reported that a one-page document outlining the three naming options and supporting rationale was sent to both Boards following the June 2 meeting, but no additional feedback or alternative options were received in response. He expressed concern regarding the limited timeframe for branding and the completion of necessary materials and preparations. He also stated that he remains open to considering any additional naming options the Board may wish to propose.

Ada Wilson stated that she did not intend to disrupt the process. She noted that the naming decision represents a significant, long-term opportunity, as the school will serve the community for many years. She added that the Board is free to make a motion and proceed as it determines appropriate, while emphasizing that the decision ultimately involves input from two Boards.

Dan Heaps stated that the final decision on the school name rests with the Alpine School District Board.

Vice President Peterson stated that there appears to be a need to finalize a school name in order to proceed with necessary setup and preparations. She expressed support for the name "Silver Peak Hedgehogs." **Dan Heaps** clarified that the discussion pertained to only one of the two schools and noted that Melanie Adams still had a separate presentation to be considered. **Vice President Peterson** acknowledged this clarification and confirmed that another decision would still need to be made regarding the second school.

Dr. Mark Clement motioned to name the new Special K-12 School in the Timpanogos boundary, Silver Peak School, and it was seconded by Vice President Bateman.

Ada Wilson stated that the option was not her preferred choice; however, among the three options presented, it would be the one she would select due to its stronger overall tone. She expressed concern that the name may reflect more for the elderly than with younger students, and noted this as her primary reservation.

Vice President Bateman stated that she supports the recommendation based on the family survey results. She indicated a desire to align with the preference of the community and expressed her support for the proposed name.

The Board Members who voted in favor were Joylin Lincoln, Dr. Mark Clement, Stacy Bateman, Julie King, Emily Peterson, and Sarah Beeson. The Board Members who voted against was Ada Wilson. The motion passed, 6:1.

President King invited Melanie Adams up to present on the suggested names for the new Post Secondary school in the Timpanogos District area.

Melanie Adams, principal of the new Post High Special School, explained that a similar naming process was followed as with the previous school, though with a smaller stakeholder group. She reported that there were 14 total respondents, including four parents on the committee. She noted that consistency was an important consideration for students transitioning from ATEC and that stakeholders preferred a name that clearly reflected the purpose of the program. She also shared that students expressed a preference for a name that did not include the word “school,” as many of them are adults. Ms. Adams presented the three naming options developed through the process: Timpanogos Transition & Education Center (TTEC), Timpanogos Transition & Learning Center (TTLC), and Timpanogos Learning Center (TLC).

President King thanked Melanie Adams for her presentation and expressed appreciation for her efforts. She asked whether the item should remain a discussion item or if a motion was forthcoming.

Sarah Beeson requested clarification on which of the three options was the preferred name. **Ms. Adams** responded that the preferred option was TTEC (Timpanogos Transition & Education Center), citing the importance of maintaining consistency for students and providing a name that would support a smooth transition for students and families.

Ada Wilson asked whether concerns had been raised regarding the use of “Tech” in the school name and whether it implied something inconsistent with the school’s purpose.

Melanie Adams responded that the concern had been raised by faculty rather than parents. She explained that staff noted “Tech” could be interpreted as referring to a college or technical institution. She stated that she views the naming as an opportunity to clearly communicate the school’s purpose and services, and indicated that neither she nor parents have concerns regarding the term.

Sarah Beeson asked whether the transition from “ATEC” to “TTEC” was intended to provide a smoother transition for students due to familiarity with the existing name. **Ms. Adams** responded affirmatively, stating that maintaining consistency was important for both students and parents, as students are already familiar with the current naming structure.

Ada Wilson motioned to name the new Post High Special School, Timpanogos Transition & Education Center or TTEC, and it was seconded by Vice President Peterson. The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Dr. Mark Clement, Stacy Bateman, Julie King, Emily Peterson, and Sarah Beeson.

Joylin Lincoln expressed appreciation for the work of the committees, staff, and members of the public involved in the process. She noted her gratitude for the effort and time dedicated to developing the proposal and acknowledged that, although the Board meeting discussion may appear brief, the work has been ongoing for several months. She thanked all involved for their time, effort, and commitment to the process.

Vice President Bateman stated that she has served on the finance committee throughout her tenure on the Board. She reflected on changes observed over the past six years, noting that the Business Services team includes a deep pool of talented and capable staff members. She expressed appreciation for the opportunity to observe staff growth and professional advancement within the department. She recalled her early experiences in finance meetings, noting that the initial lack of discussion led her to believe there was dissatisfaction, but that over time the meetings evolved into more engaged and substantive conversations. She described this change as a positive development. Vice President Bateman thanked Robert and Crystal for their work on the budget and expressed appreciation for their contributions, stating that the Board is grateful for their expertise and service.

Ada Wilson acknowledged that Alpine has historically been an award-winning district in terms of budget development. She noted that pursuing the same recognition this year represents an unnecessary additional effort given current circumstances. She thanked Craig Carter for guiding the process to completion and recognized the District's long-standing commitment to transparency and providing public access to available information. She asked Superintendent Smith how many years the District has been recognized, to which he responded approximately three decades. Ms. Wilson noted that this reflects a long history of accountability and responsible stewardship of taxpayer funds. She expressed appreciation for those who have contributed over the years to maintaining a financially healthy and well-managed District.

The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Dr. Mark Clement, Stacy Bateman, Julie King, Emily Peterson, and Sarah Beeson.

3. ATEC West Capital Costs for Lake Mountain School District

Superintendent Smith stated that the item before the Board was approval of capital costs associated with ATEC West for Lake Mountain School District. He explained that the costs include an initial one-month lease payment, a security deposit, and capital contributions totaling four installments of \$250,000 each to support the establishment of the school. He noted that supporting materials, including the classroom footprint, were included in the Board packet and commended the layout and planning completed by Lake Mountain Board members to support student success. Superintendent Smith emphasized the collaborative effort among the three new districts and referenced that, consistent with prior arrangements for Timpanogos capital costs at Sharon, Alpine will cover these initial costs for LMSD as the school is currently under Alpine's purview. He stated that the action supports the establishment of three strong districts focused on serving students and families. He added that a future Board meeting will include discussion of the official school naming. Superintendent Smith recommended approval of the ATEC West capital costs as presented.

President King expressed appreciation for the negotiating teams representing the three new districts. She noted that, in addition to the capital costs associated with Sharon, there was a shared commitment across all parties to prioritize the needs of Alpine School District students. She thanked those involved in the negotiations for ensuring that students remained the central focus throughout the process.

Joylin Lincoln motioned to approve the ATEC West Capital Costs for the Lake Mountain School District, and it was seconded by Ada Wilson. The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Dr. Mark Clement, Stacy Bateman, Julie King, Emily Peterson, and Sarah Beeson.

4. Resolution# 2026-009: Sale of the Walker Property
Superintendent Smith Presented a resolution regarding the sale of the Walker property located off Redwood Road. He noted that a concurrent resolution had previously been approved by Lake Mountain School District. The resolution authorizes the sale of approximately 26.23 acres to St. John Properties for \$10.5 million to support future development. Proceeds from the sale will benefit Lake Mountain School District. Superintendent Smith recommended approval of the resolution.
Joylin Lincoln motioned to approve Resolution# 2026-009: Sale of the Walker Property for the Lake Mountain School District, and it was seconded by Vice President Bateman. The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Dr. Mark Clement, Stacy Bateman, Julie King, Emily Peterson, and Sarah Beeson.
5. Resolution# 2026-010: APA Lease for the Cedar Valley Elementary School Site
Superintendent Smith presented a resolution regarding the lease agreement for the Cedar Valley Elementary School campus to American Preparatory Academy, noting that items 5 and 6 were part of the same action. He noted that proceeds from the lease would initial flow to Alpine School District, then to benefit the Lake Mountain School District after July 1, 2027. Superintendent Smith recommended approval of the resolution as presented.
Joylin Lincoln motioned to approve Resolution# 2026-010: APA Lease for the Cedar Valley Elementary School Site, and it was seconded by Vice President Bateman.
Ada Wilson asked whether, in the first year of operation, there would be any gap in liability coverage for the school and whether an umbrella organization would assume responsibility if needed.
President King responded that the school has already received approval from the Utah State Charter Board based on current enrollment. She stated that she does not anticipate liability concerns, noting that the organization is large and operates multiple campuses.
The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Dr. Mark Clement, Stacy Bateman, Julie King, Emily Peterson, and Sarah Beeson.
6. Easement of Wander Property
Superintendent Smith presented the final action item, a request for an easement from Oakwood Homes on a parcel of property located within the Lake Mountain School District boundary, identified as the "Wander property" within the Wander development. He explained that the easement is intended for utility access and is consistent with standard easements required to support construction and development. He noted that the parcel is relatively small and that maps and site layouts were included in the Board materials, showing its location in relation to a potential future elementary school site. Superintendent Smith recommended approval.
Joylin Lincoln motioned to approve the Easement of the Wander Property, and it was seconded by Vice President Peterson.
Ada Wilson inquired about the underground right-of-way easement document, noting that the measurements had not been completed and asked whether this is typical for such agreements.
Superintendent Smith responded that more detailed information is typically included; however, in this case, the item required expedited approval of the easement. He stated that the remaining details would be completed and added to the document.
The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Dr. Mark Clement, Stacy Bateman, Julie King, Emily Peterson, and Sarah Beeson.

REPORT

1. Membership Report

Superintendent Smith reported that enrollment typically declines toward the end of the school year and noted that there were no unusual concerns at this time. He stated that while some school sites are experiencing increases in enrollment, the majority are seeing decreases. He also referenced the UTEC summary and expressed appreciation to Paul Lewis and the enrollment team for their work. Superintendent Smith noted that the District is down approximately 1,000 ADM, and that the report will require additional review prior to final submission. He indicated that the data reflects ongoing changes in District

demographics.

2. Alpine by the Numbers

Superintendent Smith reviewed the State Testing results, including final figures and student notifications. He recognized the significant effort of teachers and testing teams in administering the assessments. He emphasized that assessments represent one measure of student learning, not the sole indicator, and are used as tools to inform instructional practice and support student success. He noted that the assessment data aligns with the District's strategic plan and its three areas of focus. He reviewed the number of students who participated in testing and thanked all staff involved in the process. Superintendent Smith stated that parents can access assessment information through Skyward and may enable notifications to receive updates. He explained that reports include both assessment results and informational context to support understanding of student performance. He also reviewed key takeaways from the data, noting that not all results have been released due to an ongoing validation process to ensure accuracy. He further explained that when statewide data is combined with local data, it provides meaningful information to evaluate programs and guide instructional planning. He encouraged parents to review assessment information and to contact teachers or principals with questions. Superintendent Smith reiterated that assessments do not provide a complete picture of student learning, emphasizing the District's broader goal of supporting student growth, learning, and readiness for life.

BOARD MEMBERS' AND SUPERINTENDENT'S REPORTS AND INFORMATION ITEMS

Vice President Bateman reported on a recent Alpine Foundation field visit to Forbes Elementary for the Stars Summer program. She noted that the program operates under the direction of Kerry Milner, Director of Elementary Literacy Curriculum, with support from Rebekah Stauffer and Dr. Mary Newbold. She provided program participation details, including 48 teachers and reading interventionists, 16 paraprofessionals, 26 schools across 16 locations, 32 classrooms, and approximately 530 students served. She explained that the program previously focused primarily on rising first and second grade students and has recently expanded to include third grade, and she highlighted the positive impact the summer program has had on student learning. Vice President Bateman noted that 12 of the participating schools are in Timpanogos School District, 6 in Aspen Peaks School District, and 8 in Lake Mountain School District. She expressed appreciation for all staff and partners involved in the program and emphasized the value of seeing student engagement and excitement during learning. She concluded by thanking the Alpine Foundation for its work and support of the program.

Dr. Mark Clement provided a brief report from an education appropriation meeting held earlier in the day. He noted ongoing discussion regarding the process for resolving parent complaints, indicating that the Legislature appears interested in further examining this area. He also referenced federal funding for special education, stating that approximately 19% of special education funding is provided through federal sources and that there has been a reported 6% decrease in funding for FY25 and FY26. He explained that, as a result, local education agencies (LEAs) have increasingly supplemented special education services using general education funds. He noted claims that LEAs are contributing approximately 4% of general education funding toward special education and expressed a desire for more accurate data to be provided to the Legislature regarding this allocation. He referenced Davis School District as an example, noting an estimated \$20 million contribution. Dr. Clement stated he anticipates legislative action related to special education funding this year and emphasized the importance of providing accurate information regarding the extent of general education dollars used to support special education programs. He also referenced comments from Cindy Davis indicating that nearly 100% of Section 504 complaints are resolved to parent satisfaction. He noted that such complaints are initially directed to the Utah State Board of Education and then returned to districts for resolution. Dr. Clement expressed appreciation for district staff who handle 504 complaints and acknowledged their efforts in achieving positive outcomes for families.

President King acknowledged the work of the negotiations teams, noting that they have met and completed a substantial portion of the negotiations related to the district split. She expressed appreciation for all participants, including the Superintendent, Board President, and Vice President from each of the new districts. She reported that the memorandum of understanding (MOU) developed through this process was approved by Aspen Peaks School District last week, is scheduled for consideration on the Timpanogos School District agenda the following

day, and is expected to be placed on the Lake Mountain School District agenda the following week. President King noted the significant time, energy, and effort invested in reaching an agreement that ensures all districts and students are appropriately supported. She expressed personal gratitude to those involved and stated that, although the process was not always easy, it resulted in mutual respect among participants and a shared commitment to employees and students. She added that the expectation is for the process to be finalized by July 1, providing each new district with a full year to prepare for implementation.

Ada Wilson reported that Utah School Boards Association (USBA) representatives throughout the state have met and worked to establish legislative priorities. She thanked Dr. Mark Clement and others who led the District through the process of developing these priorities. She noted that the primary priority identified was special education funding and expressed appreciation for any support from legislators in addressing and strengthening funding for these services.

ADJOURNMENT

On motion by Dr. Mark Clement and seconded by Sarah Beeson, the meeting adjourned at 7:31 PM. The Board Members who voted in favor were Ada Wilson, Joylin Lincoln, Dr. Mark Clement, Stacy Bateman, Julie King, Emily Peterson, and Sarah Beeson.

Rules & Regulations

1. ATTENDANCE RULES FOR ELEMENTARY SCHOOL

- 1.1. Utah Compulsory Education ~~Attendance~~ Law Utah Code ~~53G-6-20253A-11-101(9)(e)~~ directs the parent/guardian to enroll and send school-age minors to a public or regularly established private school during the school year of the district in which the school-age minor resides, except as provided in Sections [53G-6-204](#) or [53G-6-702](#) ~~53A-11-102.5~~. In order to support elementary student attendance and the associated learning that occurs in schools, it is expected that each local school will make Earnest and Persistent Effort (EPE) to cooperate with the parent/guardian to ensure regular school attendance.
- 1.2. Guidelines:

- 1.2.1. Students are expected to attend class, on time, every school day, unless properly excused by parent or guardian.
- 1.2.2. Teachers should keep rolls and record accurate daily attendance for all students assigned to their class.
- 1.2.3. Teachers will report to the principal anytime their class absences exceed 10% of enrollment.
- 1.2.4. Electronic roll books are the official attendance records of Alpine School District and will be available for inspection in accordance with the District records policy.
- 1.2.5. Teachers should contact the parent or guardian after three student absences. Unexcused absences will be referred to the appropriate authority.
- 1.2.6. Elementary schools maintain a closed campus. Students should not leave the school grounds from the time school begins in the morning until it ends in the afternoon. Parents or guardians may authorize students to go home for lunch with an annual written release. Students may be checked out in the office by a parent or guardian, or in the event of an emergency by those designated on the emergency release form.
- 1.2.7. Excuses for absences typically include an illness, a family death, an approved school activity, an absence approved by the child's IEP or Accommodation Plan, or any other excuse established as valid under 53G-6-201(13). An extended absence can be preapproved if the school administration collaborates with the parent/guardian to define the absence and provide reasonable make-up opportunities.
- 1.2.8. School administrators should consider the following checklist when investigating student absences:
 - 1.2.8.1. Student is falling behind his/her peers academically
 - 1.2.8.2. Student's absences are consecutive

- 1.2.8.3. Student has a prior history of absences
- 1.2.8.4. Parent effort to contact the school to excuse absences
- 1.2.8.5. Teacher or school secretary's knowledge of the absences
- 1.2.8.6. Student history of tardiness
- 1.2.8.7. Attendance pattern of other members of the student's family
- 1.2.8.8. Friendship or social issues, such as bullying
- 1.2.8.9. EPE pattern of poor attendance

2. ATTENDANCE RULES FOR SECONDARY SCHOOL

- 2.1. Students are expected to be in attendance every possible day of the school year in order to receive maximum benefit from their educational opportunities.
- 2.2. In all cases of absence, including truancy and suspension, students will be required to make up work if assigned by the teacher. This would include, but not be limited to tests, quizzes, papers and daily assignments. A student's grade may be affected by participation as determined by the teacher.
- 2.3. Teachers will be required to give students who are absent and/or tardy an opportunity to make up missed work.
- 2.4. Students missing a class to participate in any school sponsored activity will not be considered absent from that class provided they have followed proper excusing procedures. However, excessive absence of this kind cannot be permitted under the participation and attendance standard. To earn full grade or credit these students will be required to make up work if assigned by the teacher.

- 2.5. When students are tardy for class, it disrupts the classroom's instructional and learning process. It is the student's responsibility to explain the reason for their tardiness to the teacher prior to leaving class that day. The tardy is to be marked excused if it were beyond the control of the student. Tardies not judged excused by the teacher will be considered "unexcused." A student's grade may be affected by participation as determined by the teacher.
- 2.6. When new term or semester courses commence, teachers must submit disclosure documents in writing to enrolled students outlining the attendance and class participation guidelines of the class which will be used for the student's grade and credit determination.
- 2.7. Administrators and teachers will coordinate extracurricular activities so students' attendance and participation will only be disrupted minimally.
- 2.8. An absence may be excused by a parent or guardian ("for reasons they deem necessary") up to ten (10) school days following an absence. After ten (10) days, an absence may be excused through an administrator.

4.3. In the case of truancy, the decision of whether a student will be allowed to make up the work is left strictly up to the teacher. For example, if a student is knowingly truant in order to avoid an examination or a responsibility, the teacher is not required to allow the work missed due to truancy to be made up.

4.4. Students should not fail a class solely because they have been truant. Alternative ways need to be found to help these students find success and meet the goals of the course.

~~4.5. Students and parents/guardians can find the attendance policies and expectations of their school on the school's website or handbook.~~

4.6. When a secondary aged student has the equivalent of five (5) or more days of unexcused absences; or the equivalent of ten (10) or more unexcused

days of school absence (~~whether excused or unexcused~~) they may be identified as at-risk and having a chronic attendance problem.

4.6.1. If after consultation with the parent/guardian, there is not an ~~appropriate documentable reason~~ **valid excuse** for the student missing school; and

4.6.3. The school will issue ~~Chronic Attendance/Habitual Truancy~~ Letter #1 and apply a minimum of the following interventions to change the attendance pattern:

~~4.6.3.3. 4.7. If after the initial interventions have been implemented, the student misses the equivalent of another five (5) **unexcused** days of school, the school **will issue Attendance Letter #2, via Certified Mail, and create an Attendance Improvement Plan (including who will attend).**~~may communicate to the parents/guardians that due to the student's continuance of chronic attendance/habitual truancy and the impact this is having on learning, restrictions will be applied on excusing student absences.~~

4.7.1. Parent/guardian, student, administrator, counselor or social worker will conference to discuss attendance/truancy problem and create a written Attendance Improvement Plan for improving the student's attendance within the current school year (preferably in-person). The plan may include goals and positive reinforcement for improved attendance and should be signed by the parent/guardian, student, and administrator.

~~4.7.1.1.1. Referral to a tracker~~

~~4.7.1.1.2. Change of schedule~~

~~4.7.1.1.3. Home visit~~

attendance and should be signed by the parent/guardian, student, and administrator.

4.11. If after the implementation of the Attendance Improvement Plan, the student misses the equivalent of an additional five (5) unexcused days of school, the school will issue Attendance Letter #6, via Certified Mail, and refer the student to Youth Services or Mediation. The school will:

4.11.1. Inform parent/guardian of the referral to Youth Services or Mediation.

Electronic Communication Devices

Statement of Policy

The Alpine School District Board of Education acknowledges the value of electronic communication devices as learning tools, and recognizes that electronic communication devices such as cell phones, tablets, and smartwatches are commonly used by parents and their children to communicate with each other. While electronic communication devices can assist in crisis response, provide essential medical functionalities, and facilitate certain 504 or IEP accommodations, these same devices have the potential to disrupt the orderly operation of the school and increase student anxiety while distracting students from learning. In accordance with UCA [53G-7-227](#), the Board hereby enacts this policy implementing the restrictions outlined herein in order to govern the possession and use of electronic communication devices.

In the absence of school consequences, the following will apply:
- 4.2. Teachers may remind students at the beginning of class to silence and put away electronic communication devices at the beginning of class, and to warn students of the consequences for violations of this policy as needed.

5. SCHOOL RULES

- 5.1. The Board further permits a school to establish more restrictive guidelines to enforce reasonable rules relating to electronic communication devices in public schools including discipline and enforcement, so long as they are included in the school's handbook and posted on their website with annual communication to students and parents and do not violate UCA [53G-7-227](#). Rules established at each school may include, among other things:
 - 5.1.1.1. Imposing a bell-to-bell restriction on student use of electronic communication devices;
 - 5.1.1.2. Extending the existing restrictions on student use of electronic communication devices (for example, by prohibiting use during lunch or passing periods);
 - 5.1.1.3. Establishing acceptable places for students to maintain electronic communication devices during classroom hours (for example, requiring students to check electronic communication devices into school-provided receptacles);
 - 5.1.1.4. Outlining different procedures for allowing use of electronic communication devices in the event of an imminent threat to the health or safety of an individual, a school-wide emergency, a medical necessity, or as necessary to use the [SafeUT Crisis Line](#) or to access an IEP or 504 accommodation;
 - 5.1.1.5. Establishing different consequences for student violations;
and

- 5.1.1.6. Establishing procedures for the confiscation and return of electronic communication devices which are used in violation of this policy.
- 5.1.2. For the avoidance of doubt, school-specific rules or guidelines may not prohibit a student from using an electronic communication device for the purposes listed in Section 2.1, but may establish parameters for such approved uses (for example, by establishing how electronic communication devices will be allowed in the event of a school-wide emergency or determining a process for students to access their electronic communication devices to use the [SafeUT Crisis Line](#)).
- 5.2. The school principal and leadership team are encouraged to involve teachers, staff, parents, students, and community members in establishing the guidelines and recommending revisions as needed ([R277-495-3](#)(3)).
- 5.3. Parents and students shall receive annual notice of any school-based rules or policies that modify the use of electronic communication devices established by this district policy.
- 5.4. Notice of the school rules regarding electronic communication devices, shall be made available annually to parents and students (i) in writing, and (ii) on the school's web page and in the student handbook.
- 5.5. The notice of rules shall include a statement that the school and district accept no responsibility for the loss of or damage to any device including theft.

6. GUIDELINES FOR SCHOOL RULES

- 6.1. When creating school-based policies, the school should reference in their policy or guidelines the requirements found within Utah Administrative Rule [R277-495](#)-4 for electronic device use.

- 6.2. The principal of the school is hereby given the authority to make determinations as to additional locations and situations where possession or use of electronic communication devices and cameras are prohibited.
- 6.3. Exceptions to this policy may be granted **by school administration for students who are participating in off-campus learning opportunities, and as** ~~as school administration works with parents to accommodations for~~ as school administration works with parents to accommodate students with a physical or mental disability, family emergency or medical necessity that would require access to an electronic communication device.
- 6.4. Administrators, classroom teachers, and coaches may prohibit the possession or use of such devices at specific times and in specific circumstances not otherwise explicitly addressed in this policy.
- 6.5. Electronic communication devices and cameras may not be activated or utilized in school situations where a reasonable expectation of personal privacy exists. These locations include but are not limited to locker rooms, shower rooms, restrooms and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes.
- 6.6. At no time at school or in connection with a school activity may an electronic communication device be used by any student in a manner that violates [Policy No. 5181 | Bullying Prevention](#) or that might reasonably create in the mind of another person who is associated with the school an impression of being threatened, humiliated, harassed, embarrassed or intimidated.
- 6.7. At no time can pornography be disseminated or accessed through electronic communication devices.
- 6.8. The use of an electronic communication device to threaten, intimidate or embarrass another or to capture and transmit test information or any other information in a manner constituting fraud, theft or academic dishonesty, will result in suspension as referenced in [Policy No. 5180 | Discipline](#).

Authority: [R277-495](#) (Authority, Purpose and Oversight) and; [R277-495-4](#) (LEA Electronic Device Policy Requirements)

7. COMMUNICATION WITH STUDENTS

- 7.1. Because not all students have access to a school-issued electronic device or personal electronic communication device, when a school is using electronic means to send communications to students, the school should also take care to ensure that students have non-electronic notification of and access to:
 - 7.1.1. school activities and events, including:
 - 7.1.1.1. schedule changes;
 - 7.1.1.2. extracurricular activities; and
 - 7.1.1.3. sporting events; and
 - 7.1.2. emergency response plans.
- 7.2. If the school provides each student with a school-issued electronic device, and the school-issued electronic device is capable of receiving electronic notification of and access to school activities and events as described in [Section 5.1](#), then the school may provide electronic communications. If an emergency, unforeseen circumstance, or other incident arises and an LEA cannot reasonably provide timely non-electronic notification, the school should make its best effort to communicate essential information to all students through any means available.
- 7.3. The school may not require the use of a privately owned electronic device to complete course work. [UCA 53G-4-402](#)(22)

Substance Use

Statement of Policy

The Board of Education recognizes that every student should have the opportunity to learn in a school environment which is safe, conducive to the learning process, and free from unnecessary disruption. Certain prohibited substances can threaten safe school environments and alter a student's ability to properly reason and learn. The use, possession, influence, distribution, or sale of prohibited substances by students, staff, or visitors jeopardizes a safe school environment and constitutes a hazard to the welfare of students and faculty, in addition to being illegal under federal law and state law ([Utah Code § 76-18-258-37-8](#) and [Utah Code § 76-18-30158-37a-3](#)). The Board recognizes the benefits of helping students avoid and overcome substance abuse and intends that the District apply restorative practices before discipline that is strictly punitive.

1. Definitions

- 1.1. "Alcohol" refers to a chemical and a drug typically found in drinks such as beer, wine, vodka, and whiskey as well as other products. Alcohol includes alcoholic beverages and alcoholic products as defined in the Utah Alcoholic Beverage Control Act, [Utah Code § 32B-1-102](#).

Distribution encompasses the selling of a prohibited substance, but does not require an exchange of money, goods, or services. Any sharing of a prohibited substance, whether in exchange for something of value or not, constitutes distribution and is prohibited by this policy.

- 1.3. “Electronic Cigarette” refers to anything used in relation to vaping. As defined in [Utah Code § 76-9-1101](#)~~10-101~~, it means any electronic oral device that provides an aerosol or a vapor of nicotine or other substance; and which simulates smoking through the use or inhalation with the device or a component of the device.

- Rewritten December 2020
- Revised: [], 2026

Procedures

1. General Provisions

- 1.1. Point of information: Effective July 2020, [Utah Code § 76-9-1106](#)~~10-104~~ requires that an individual must be 21 years old to purchase, possess, or use tobacco products, electronic cigarette products, and nicotine products. Likewise, effective July 2018, [Utah Code § 32B-4-409](#) requires that an individual must be 21 years old to purchase, possess, or consume an alcoholic product.
- 1.2. The Board recognizes that new substances are continually being developed, marketed, and used in society. Many become available to students before laws and policies can address them by name, and many have multiple names and variations, making a comprehensive list not feasible. Therefore, the definitions and lists of prohibited substances in this policy are meant to be interpreted broadly to give District and school administrators wide latitude in addressing safety. The omission of a specific name, product, or substance from this policy does not remove an administrator’s ability to prohibit it or issue discipline under Alpine School District [Policy 5180](#) Discipline.
- 1.3. Any student to whom an over-the-counter or prescription drug is administered by the school must be in compliance with Alpine School

District [Policy 5410](#), Dispensing Medication in School. Likewise, any student possessing an Epinephrine/Auto-Injector or prescription medication for asthma or diabetes must have all required forms completed and on file at the school. Failure to do so constitutes a violation of this policy.

- 1.4. Whenever a student receiving special education and related services under the Individuals with Disabilities Education Act or accommodations under Section 504 of the Rehabilitation Act of 1973 violates this policy, the student is still subject to discipline. However, discipline due process procedures prescribed by applicable state and federal laws and regulations shall be followed. See Alpine School District [Policy 5180](#).
- 1.5. Signage indicating the District is an environment free of alcohol, tobacco, and other illegal substances will be posted throughout the district at building entrances and other appropriate locations.
- 1.6. Students and parents/guardians will be notified of this Substance Use policy through student handbooks.

2. Disciplinary Action

- 2.1. Students are prohibited from using, possessing, being under the influence of, selling, or distributing the prohibited substances as defined in this policy and will be disciplined for any violation. Disciplinary action will be consistent with Alpine School District [Policy 5180](#) Discipline, and with the following provisions.
- 2.2. Administrators shall investigate reports, suspicion, and evidence of violations of this policy.
- 2.3. Alpine School District is committed to apply restorative practices before discipline that is strictly punitive. A process of tiered consequences as described in 2.5, shall be applied.
- 2.4. Students may be subject to suspension or expulsion for violation of this policy and will be afforded due process. School principals and assistant principals have the authority to suspend a student for up to ten (10) school

days. Recommendations for a suspension beyond ten (10) school days must be determined at a District Administrative Hearing. The Board of Education may expel or suspend a student for a fixed or indefinite period of time.

- 2.5. Administrators shall consult the [Substance Use Violation Protocols](#) when considering appropriate restorative and disciplinary action for students found to have violated this policy. Discipline shall be issued in accordance with the recommended actions listed in the protocols unless a mitigating circumstance exists, in which case an administrator may adjust the discipline accordingly.
- 2.6. Mitigating circumstances may include the student's age and maturity, remorse, addiction, physical or mental illness or disability, role in the offense, personal or home circumstances, willingness to seek help, the type and amount of the substance involved, the intent of the student, and lack of cooperation with school officials.
- 2.7. A school employee who discovers a prohibited substance or paraphernalia on school property or in the possession of a student shall immediately confiscate and deliver the items and the student to the building administrator.
- 2.8. A school administrator shall dispose of or destroy an electronic cigarette product confiscated on school property or at a school-sponsored event. The administrator may release a confiscated electronic cigarette product to a school resource officer or local law enforcement to dispose of or destroy safely if preferred.
 - 2.8.1. If the administrator has a reasonable suspicion that it contains an illegal substance, it should be released to local law enforcement.
- 2.9. Administrators should provide a continuum of intervention strategies such as school counseling services, parent/student conferences, behavior contracts, and drug treatment programs at every level of discipline for violations of this policy. Such intervention strategies should be in conjunction with the [Substance Use Violation Protocols](#).

2.10. A school administrator, school administrator's designee, or school resource officer shall refer a student directly to court if:

2.10.1. The student is alleged to have committed a drug possession offense on school property; and the student has allegedly committed a drug possession offense on school property on at least two (2) previous occasions. (~~53G-8-211~~(9))

Search and Seizure

Statement of Policy

The Alpine Board of Education recognizes that school administrators are charged with protecting the health and safety of all students as well as promoting the effective operation of the schools. The interest of individual members of society in securing personal privacy must be balanced against the collective interest of society in obtaining the results of the search.

1. SEARCH AND SEIZURE

~~1.1. School authorities are charged with protecting the health and safety of all students as well as promoting the effective operation of the schools. The interest of individual members of society in securing personal privacy must be balanced against the collective interest of society in obtaining the results of the search.~~

- 1.1.1. Any search conducted shall be carried out by the principal or designee.
- 1.1.2. A student shall be free from searches by school officials of his/her clothing and other personal property, unless there is reasonable suspicion that something is concealed that may be of danger to the student or to other students or the staff. School officials may require a student to remove all items from pockets or other personal effects. No strip searches may be conducted by school employees.
- 1.1.3. Student lockers are the property of the school district and school officials retain the right to inspect lockers. School authorities may inspect student lockers at any time there is reasonable suspicion to do so, regardless of whether the student is present.

- 1.1.3.1. Inspection of student lockers may occur as part of a general inspection of all lockers for the purpose of returning school property such as library books.
- 1.1.3.2. Inspection of student lockers may occur when school authorities have reasonable suspicion that conditions or circumstances exist which threaten the health or safety of those in the school.
- 1.1.4. When school authorities have reasonable suspicion that items are concealed in a school locker which violates school rules or the law, they shall inspect the locker, regardless of whether the student is present. If the student is present, the parent or guardian shall be called, but such contact is not required in order to search the student locker. In the case of possible criminal activity, the police shall be called.
- 1.1.5. The school administration regulates admission to parking lots and the parking of vehicles, and has the right and the responsibility to inspect and search any vehicle parked on the lot of their school if they suspect drugs, weapons, dangerous illegal or prohibited matter, or stolen goods are likely to be present. The school administration may ask the driver of the vehicle to open the vehicle and may inspect in the driver's presence. If a driver fails to comply with the requests of the officials, or if an inspection turns up any of the above-mentioned evidence, the official may take reasonable measures to maintain the safety and proper control and management of the school, until police can be summoned.
- 1.1.6. School principals may turn over to the police anything found by the search for inspection or examination. Students may then be subject to criminal or juvenile court prosecution and/or school disciplinary proceedings.

Changes made for clarity, formatting, or in response to changes in technology do not require parents to give consent again.

1.3.2. The District will create and maintain a [Use of Instructional Technology Property Agreement](#) to be used when students are assigned an individual computer or device for use outside of the school building. Schools will keep a record of this agreement. Parents will need to give consent to this agreement before devices are assigned for use outside of the school building. This agreement is in addition to the student AUA and does not replace or nullify that agreement.

1.3.2.1. Schools are authorized to assign school or District owned devices for student use outside of the school building when necessary to satisfy student needs as part of a 504, IEP or other individual documented student learning plan.

1.3.2.2. Schools may be authorized through District administrative approval for a more widespread distribution of technology devices for use within and outside of the school building. In these cases, parental consent is required to the terms of the Use of Instructional Technology Property Agreement.

1.3.2.2.1. When parental consent is not given for at-home use of district computers or devices, students will not be prohibited from participating in any school course or activity.

1.4. EMPLOYEES

- 1.4.1. Technology Resources provided by the District are intended primarily for educational use or to facilitate the work of the employee. All use must adhere to guidelines in the applicable Acceptable Use Agreements , other district policy, and applicable laws pertaining to acceptable use and political involvement.
- 1.4.2. [EMPLOYEE AUA](#). District employees are notified of the Employee AUA upon receipt of an assigned device that is used to accomplish the functions of a position. If an employee is not assigned a computer or device, the terms of the AUA still apply to any employee use of technology resources.

2. INTERNET ACCESS AND ONLINE SAFETY

- 2.1. One component of the technology resources is internet access. The District provides internet access to employees, students, and guests through an agreement with Utah Education Network (UEN).
- 2.2. Internet content filtering is provided for all District internet services in order to block access to content or online activities which are illegal, objectionable, **obscene** or inappropriate to the school environment.
