B. REVIEW AND APPROVAL OF MINUTES

- | | | |
|----|-----------------------------|---------------|
| 1. | Mar. 20, 2026 DAC Meeting | DAC Members |
| 2. | Jan. 16, 2026 Board Meeting | Board Members |

Rebecca Benally motioned to approve the March 20, 2026 DAC Meeting Minutes as presented. Jamie Harvey seconded the motion and all DAC members voted in favor, none opposed. Vote: 5-0-0.

Evan Curtis motioned to approve the January 16, 2026 meeting minutes as presented. Van Christensen seconded the motion and all members voted in favor of the motion, none opposed. Vote: 3-0-0.

C. PRESENTATIONS:

1. Presentation: Proposed Waiver on UNTF Residency Policy, Consultation & Chapter Priorities & Issues Carma Claw, Aneth Chapter President

Carma Claw, President of the Aneth Chapter, requested a waiver on the policies, provided recommendations, and a report of ongoing projects in Aneth.

- Policy and Consultation Concerns: she expressed concerns regarding a recent UNTF Rule change regarding the investment reporting format to the Native American Legislative Liaison Committee (NALLC). She said that the Aneth Chapter and other Utah Navajo Chapters should have been consulted and notified of the proposed changes before it was brought to the legislature.
- Proposed Waiver: The chapter requested a waiver of the five-year residency requirement for a specific community member that is seeking housing assistance because she says that member is originally from Aneth and was out of the county to receive specific services for her health.
- Database Verification: There were disagreements at the Chapter level regarding the process for verifying community members using the UNTF database so she requested to stop the process for a while.
- Infrastructure & Building Project Reports:
 - New Courthouse: the funding has been secured and a groundbreaking ceremony was held on Feb. 12, 2026. The utilities are being coordinated with NTUA and UDOT to bring the lines under the highway and the start of construction is slated for late summer of 2026.
 - Senior Center: This \$4 million project has finally gotten a Project Manager assigned by the Navajo Nation Capital Projects Management Department (CPMD).

- Multi-Purpose Building (aka Community Center or Recreation Center in Montezuma Creek, old Swimming Pool Building): this project is facing significant delays due to CPMD contract signing issues. The rise in costs have resulted in the removal of the paved parking lot from the current project scope of work.
 - New Chapter House: the Chapter is working with CPMD on a New Chapter House Building along with a Water Treatment Facility that is within the 24-acre development area.
 - Current Chapter House: is in dire need of a full roof replacement due to prolonged water damage and potential mold issues.
 - Broadband Initiative: The chapter is collaborating with the State of Utah and Utah Education and Telehealth Network (UETN) to bring fiber optic internet to Aneth.
2. Land Lease for Mont. Creek Child Care Center Presentation Michael Jensen, CEO, Byron Clarke COO

This item was postponed because neither of the UNHS team could be in attendance. UNHS was celebrating their 25th anniversary.

D. NEW BUSINESS

Note: the Dine' Advisory Committee conducted a meeting on March 20, 2026 at the Red Mesa Chapter House in which Business Items No. D. 1-7 were recommended for approval, so the following items 1-7 are for just for the Board of Trustees to entertain and approve. Business Items No. 8-12 will have to be entertained and approved by both the DAC and the Board.

1. The Aneth Chapter is requesting \$650.00 from their "UNTF Chapter Projects" budget for archaeological clearance and a land survey that is needed to process the Homesite Lease (HSL) for Phillip & Judith Rentz from Chapter Projects. The Chapter will also request \$407.00 from the NRF for a total of \$1,057.00 this project. All documentation has been received and the UNTF staff recommends approval.

Evan Curtis motioned to approve \$650.00 for Phillip & Judith Rentz HSL expenses as presented. Van Christensen seconded the motion and all members voted in favor, none opposed. Vote: 3-0-0.

2. The Mexican Water Chapter is requesting \$69,480.00 from their "UNTF Chapter Projects" budget towards the construction of a new 28' x 36' two-bedroom house for Clara Yellowman. The Chapter will request \$41,400.00 from NRF for a total project cost of \$110,880.00. The Chapter has requested the UNTF work crews to build this house. All documentation has been received and the UNTF staff recommends approval.

Van Christensen motioned to approve \$69,480.00 for the Clara Yellowman new house project as presented. Evan Curtis seconded the motion and all members voted in favor, none opposed. Vote: 3-0-0.

3-4. The Naatsis' Aan Chapter is requesting approval for two projects as follows:

3. \$450.00 from their "UNTF Chapter Projects" budget for an archaeological clearance and a land survey that is needed to process the Homesite Lease (HSL) for Cryshal Graymountain. The Chapter will also request \$450.00 from the NRF for a total of \$900.00 this project. All documentation has been received and the UNTF staff recommends approval.

4. Requesting \$10,000 from their "UNTF Chapter Projects" budget for renovation expenses to the "Learning Center," which is a building originally constructed in the 1970s by UNDC and used for Adult Education, Headstart, workshops, and other educational functions and events. The Chapter plans to use this facility as a temporary office space for the Chapter staff during the renovation of the regular Chapter House. The Chapter will request NRF for \$10,000 and the Chapter will contribute \$5,528.80 of their own Chapter Funds for a total project cost of \$25,528.80. All documentation is in order on both projects and the UNTF staff recommends approval.

Evan Curtis motioned to approve \$450.00 for the Cryshal Graymountain HSL expenses and \$10,000.00 for the building renovation expenses of the Utah Learning Center as presented. Van Christensen seconded the motion and all members voted in favor, none opposed. Vote: 3-0-0.

5-6. Oljato Chapter: The Oljato Chapter requested approval for two projects as follows:

5. Requesting \$85,008.00 from their "UNTF Chapter Projects" budget towards the construction of a new 28' x 44' three-bedroom house for Henry & Rita Haycock, who lost their house to a fire in July of 2024. The Chapter will request \$56,672.00 from NRF for a total project cost of \$141,680.00. The Chapter has requested the UNTF work crews to build this house. All documentation has been received and the UNTF staff recommends approval.

6. Requesting \$950.00 from their "UNTF Chapter Projects" budget for an archaeological clearance and a land survey that is needed to process the Homesite Lease (HSL) for Dawny Clark. There was no match funding on this request. All documentation has been received and the UNTF staff recommends approval.

Van Christensen motioned to approve \$85,008.00 for the Henry & Rita Haycock new house project and \$950.00 for the Dawny Clark HSL expenses as presented. Evan Curtis seconded the motion and all members voted in favor, none opposed. Vote: 3-0-0.

7. UNTF Resolution Request for NRF Non-Chapter Funds

Non-Chapter Funding Request to the Utah Navajo Revitalization Fund (NRF): The UNTF Administration is requesting approval of a UNTF Resolution to request \$117,281.70 from NRF from the "Non-Chapter" funding to cover budget shortfalls for 23 existing housing projects. These shortfalls are a result of either inflationary costs or under funding from the original grants. These projects were originally requested by Utah Navajo Chapters for the constituents in their area and approved but now additional funding is needed to complete the projects. UNTF is requesting these amounts because it is difficult for the Chapters to request additional funds for the same project that they had approved previously because it has to be presented to the public in a town hall meeting setting in which the participants will object to the additional funding request. The following schedule shows the amounts requested:

Client	Chapter	Amount
William Stanley	Dennehotso	\$ 474.07
Nancy Tsosie	Dennehotso	15,000.00
Luther Deswood	Dennehotso	8,100.00
Johnson Skow	Mexican Water	4,300.00
Gordon Folgheraiter	Navajo Mountain	587.67
Leonora Lameman	Navajo Mountain	613.30
Loretta King & Gordon Warren	Navajo Mountain	8,000.00
Teddy & Pearlinda Bitsinnie	Navajo Mountain	7,500.00
Winifred Atene	Oljato	6,500.00
Jimmy Chee	Oljato	293.77
Jean Cly	Oljato	348.68
Greg Holiday	Oljato	1,584.35
Roger & Evelyn Nelson	Oljato	26,300.00
Francine Shorty Begay	Oljato	18,500.00
Leo Blackhorse	Red Mesa	977.09
Lucille Murphy	Red Mesa	57.20
Evaline Yellowman	Red Mesa	595.41
Marilyn Robinson	Red Mesa	7,000.00
Kenneth & Colleen Slim	Red Mesa	5,500.00
Herbert Dee, Sr.	Tecnospos	603.37
Lillian Johnson	Tecnospos	1,115.18
Harvey Yazzie	Tecnospos	2,766.64
Karen Begay	Tecnospos	564.97
Total		\$ 117,281.70

Van Christensen motioned to approve the UNTF Resolution that is requesting \$117,281.70 of NRF Non-Chapter Funding as presented. Evan Curtis seconded the motion and all members voted in favor, none opposed. Vote: 3-0-0.

Note: the DAC meeting was called to order at 2:41 pm when one more committee member (Jamie Harvey) was able to join the meeting that established a quorum.

8. Outstanding Senior Award Program (OSAP) Awards

Dorothy Phillips presented the recommended list of high school seniors for the 2026 Outstanding Senior Award Program. Each recipient will receive a \$1,000.00 monetary award with \$100.00 that will be presented by a DAC member or UNTF staff during their high school awards night or graduation ceremonies. The remaining \$900.00 will be granted to the student when they register for their first semester of college. The following is a list of the recipients and their scoring. The list shows the student names, the combined score of their portfolio and interview, the Chapter they are registered with, the Chapter Spot they are being awarded with, and the amount. UNTF provides one Spot for every Utah Navajo Chapter and BMDC with two spots for the Aneth and Oljato Chapters. When a Spot is not being used and a student from another Chapter has at least 70 points, they are awarded with that spot:

Student	Score	Chapter	Spot	Amount
---------	-------	---------	------	--------

Wachaykeah Martin	131.2	Aneth	Aneth	\$ 1,000.00
Noah Begay	123.2	BMDC	BMDC	1,000.00
Ayainna Cly	118.2	Oljato	Oljato	1,000.00
Saylor Dandy	117.4	BMDC	Nav. Mtn	1,000.00
Kaidence Mitchell	115.6	Aneth	Mex. Water	1,000.00
Ethan Begay	109.6	Aneth	Red Mesa	1,000.00
Brayden John	107.6	Aneth	Aneth	1,000.00
Keira Chee	102.2	Aneth	Oljato	1,000.00
			Total	\$ 8,000.00

Rebecca Benally motioned to recommend approval of the eight OSAP awards of \$1,000.00 to every student listed as presented. Anna Mae Jim seconded the motion and all DAC members voted in favor, none opposed. Vote: 5-0-0.

Evan Curtis motioned to approve the eight OSAP awards of \$1,000.00 to every student listed as presented. Van Christensen seconded the motion and all members voted in favor of the motion, none opposed. Vote: 3-0-0.

9-12. Aneth Chapter Project Requests: The Board reviewed and approved four housing project funding requests for the Aneth Chapter for a total of \$304,326.00 from UNTF and a total of \$202,884.00 from NRF and a total Project Cost of \$507,210.00. The Chapter conducted an Invitation for Bids (IFB) and awarded the contract to Ed Yazzie Construction to build these four houses. The project is expected to begin within a 180-day timeframe following the signing of the contract.

9. Requesting \$76,081.50 from the "UNTF Chapter Projects" budget towards the construction of a new 24x40 two-bedroom house for Joe & Jane F. Ben. NRF has approved \$50,721.00 for a total project cost of \$126,802.50.
10. Requesting \$76,081.50 from the "UNTF Chapter Projects" budget towards the construction of a new 24x40 two-bedroom house for Catherine E. Deschene. NRF has approved \$50,721.00 for a total project cost of \$126,802.50.
11. Requesting \$76,081.50 from the "UNTF Chapter Projects" budget towards the construction of a new 24x40 two-bedroom house for Lolita A. Lansing. NRF has approved \$50,721.00 for a total project cost of \$126,802.50.
12. Requesting \$76,081.50 from the "UNTF Chapter Projects" budget towards the construction of a new 24x40 two-bedroom house for Selena H. Sandoval. NRF has approved \$50,721.00 for a total project cost of \$126,802.50.

Jamie Harvey motioned to recommend approval of \$304,326.00 for the four Aneth Chapter new house construction projects (Joe Ben & others) as presented. Rebecca Benally seconded the motion and all DAC members voted in favor, none opposed. Vote: 5-0-0.

Evan Curtis motioned to approve \$304,326 for the four Aneth Chapter new house construction projects (Joe Ben & others) as presented. Van Christensen seconded the motion and all members voted in favor of the motion, none opposed. Vote: 3-0-0.

E. REPORTS

1. DAC Member Reports

DAC Members

Jamie Harvey reported that the road conditions in the Montezuma Creek housing community have deteriorated drastically and need repairs. When UDOT was re-building Highway 162, they diverted traffic into the housing subdivision along with heavy trucks that caused damage to the streets. UDOT should be held responsible to repair or pay for the damages caused. He also noted there were water runoff that form ponds in the neighborhood. He added that someone should be held responsible for roads and drainage engineering for that area.

Anna Mae Jim mentioned that she has received questions from students that had been denied scholarships and she was inquiring as to why they were denied. Some of the students and their family members levied complaints during the meeting that they were denied and not informed of reasons why. Dorothy Phillips said she can't answer those questions without knowing specific names and cases and she will obtain the names from Anna Mae and research each situation.

Rebecca Benally also commented on the scholarship program and was questioning why additional money above the financial needs analysis can't be awarded. Discussion followed with Melvin Capitan Jr. suggesting that the scholarship policies and procedures be discussed at the next strategic planning meeting. Carma Claw, Aneth Chapter President also commented that she has had students comment to her about the necessity of the required, one-time orientation course. Spencer Singer, San Juan School District representative commented on the scholarship process as well, suggesting the student receive notification of their award sooner.

2. BOT Member Reports

BOT Members

There were no BOT reports

3. Financial Report

Maury Bergman

Maury Bergman reported that as of March 31, 2026 the UNTF had total assets of \$124.5 million and of that total, \$118 million were investments. Income for the month was \$1,106,238 that included investment returns, oil & gas royalties, and rent receipts. He also reported on each Chapter's starting "UNTF Chapter Projects" budget amounts, expenditures, and ending balances.

UNTF Board Chair & State Treasurer Marlo Oaks presented an investment report of UNTF funds ending December 31, 2025 noting the balances on the Capital Appreciation and Capital Preservation accounts. The total of the two balances were \$112,666,588. The overall performance for the year averaged a 19.3% return, which was significant and Marlo emphasized that it was unlikely that those yields would continue year after year.

4. Education Report

Dorothy Phillips

Dorothy Phillips reported on the college financial aid recipients as of Spring Semester 2026. Fifty-five (55) students were awarded for a sum of \$160,796.00. Sixteen (16) of those students received \$45,902 from the USU Endowment Fund, two students were awarded a total of \$4,547 for short term training or certificates, and thirty-seven (37) students were awarded from the UNTF regular financial aid/scholarship project for a sum of \$110,347.00.

5. Project Manager Report

John Nakai, Project Manager

John Nakai reported on the progress being made at the West Water Community including: Preliminary tree clearing on empty lots, environmental testing with the non-profit COA (engineering group) to arrange for test pits (10ft x 6ft) on individual lots to determine the feasibility of septic tank/leach field systems. The field inspections will be conducted through a partnership between San Juan County and the Navajo Nation EPA Program.

6. Housing Report

Tony Dayish

Tony Dayish reported on the 11 active housing projects that the UNTF crews are working on currently. He added that Avery Atene's project may be deferred until Fall due to extreme sandy road conditions during the summer. Most of the houses are currently in the "house shell" phase, meaning the entire outside of the house is completed with the exterior walls, siding, painting, trusses, soffit system, roofing, windows, doors, and trim being installed. The interior of the house is not completed yet and the work remains to be done.

The three Aneth Chapter housing projects that are being completed by Ed Yazzie Construction are approximately 70% complete. The Chapter is working on the four new housing projects that are planned to be approved today in the DAC-BOT meeting. The Chapter has conducted their Invitation for Bids process and is planning to award the contract to Ed Yazzie Construction.

Red Mesa Chapter is currently working on a proposal and funding package for 17 new house projects using UNTF & NRF Chapter Projects funding, NRF Non-Chapter funding, and UNTF Big Projects funding.

2. Administrator's Report

Tony Dayish

Tony Dayish reported that several Trust Fund rules (including public facilities projects and short-term training programs) were renewed with no changes. Each rule has a five-year time frame and when the expiration occurs, UNTF completes the renewal process.

Mr. Dayish reported that House Bill 61 regarding the UNTF investment reporting procedure amendments was approved. He said he did not receive any comments that were germane to the bill. The comments he did receive had to do with informing the chapters ahead of time before the bills are presented.

He added that House Bill 68 moved the Division of Housing and Community Development (along with NRF) from the Department of Workforce Services (DWS) to the Governor's Office of Economic Development (GOED).

F. ISSUES, CONCERNS, & RECOMMENDATIONS

DAC/BOT Members

Jamie Harvey raised a concern regarding renovations for 22 homes in the old UNDC (Utah Navajo Development Council) housing section in Montezuma Creek. It was stated that there is ongoing ambiguity regarding the ownership of these homes that were built in the 1970s but most of the original documentation has been lost. However, it is possible for UNTF to provide renovation assistance with an Aneth Chapter resolution utilizing their chapter projects allocation to do so. Mr. Dayish responded that the land belongs to UNTF but the ownership is unclear regarding the house structure. As the landowner, UNTF will not object if the Chapter wants to assist one or more of their constituents with a house renovation project that live in this housing sub-division.

Jamie Harvey also recommended a re-evaluation of the residency rules. He noted that community members who leave for employment or education often face barriers when attempting to return and access UNTF benefits. It was emphasized that any rule or policy change must be agreed upon by all seven chapters and go through a formal State publishing and public comment period. This subject can also be one of the items to be discussed at the next strategic planning meeting.

G. NEXT MEETING

A combined, in-person DAC/BOT meeting is scheduled for June 12, 2026, from 1:30 pm to 4:30 pm at the Aneth Chapter House. If the internet capability is lacking at the Chapter House, the meeting will be held either at the UNHS (Utah Navajo Health System) Conference Room in Montezuma Creek or the Trust Fund office in Blanding.

14. REPORT					
a. Description of Undertaking: The clients propose for a construction of a house and installation of associated utilities within the 1-acre homesite location. There will be extensive surface and subsurface disturbances within the 1-acre area of effect.					
b. Existing Data Review: On March 16, 2022, records check at the NNHHPD office in Window Rock, indicated that there are no previously recorded sites within a 100-meter (305 ft) radius of the project area. There are two previous projects in the vicinity (HPD-88-99C and 94-619). On that same day, a record search at the TCP office revealed no TCP areas within a 1-mi radius of the project area.					
c. Area Environmental & Cultural Setting: The homesite is situated at cobblestone terrace east of the community of Aneth. The elevation is about 4690 ft. The soil is sandy loam. The vegetation environment consists of rabbitbrush, shadscale, cacti, annuals, and grasses. The nearest intermittent drainage is 760 ft west of the project area. Development in the area includes homesites, power lines, water lines, and dirt roads. Disturbances include natural erosion along with residential and grazing activities.					
d. Field Methods: The survey and ethnographic interview was conducted by Julia Chavez. A Class III pedestrian survey was performed by walking parallel transects spaced about 12 m apart at each homesite lease location. The survey area at the homesite is 400 ft in diameter (2.88 acres) and encompasses a total of 2.88 acres. A GPS point was taken at the center point of the proposed homesite location using a handheld Garmin GPS unit. The client, Sherylissa, stated there are no TCPs and is unaware of any unmarked burials in the vicinity of the project area.					
15. CULTURAL RESOURCE FINDINGS:					
a. Location/Identification of Each Resource: One in-use area (IUA) was encountered during the survey. The IUA has been occupied by the client's family since the 1960s. There are several occupied structures and in-use features within the IUA. There is a hogan that has been blessed.					
b. Evaluation of Significance of Each Resource: The IUA does not meet the requirements necessary for classification as archaeological resources under ARPA and does not merit protection as Register-eligible property. The IUA does merit protection under AIRFA.					
16. MANAGEMENT SUMMARY (RECOMMENDATIONS): Since no significant cultural resources were encountered, the archaeologist recommends cultural resources approval be granted for the undertaking.

The General Land Development Department's Environmental Compliance Determination (ECD) is established using the environmental clearance criteria of the Navajo Nation General Leasing Regulations of 2013 (16 N.N.C. § 2301 et. Seq.). Violations found through field investigation or reporting, by Navajo Nation cognizant agencies, can result in disciplinary actions and/or termination of lease.

Approved ☒

Conditional Approval

Denied

Findings: the ECD is valid so long as the "Effect/Conditions of Compliance" out-lined on "Cultural Resources Compliance Form" and the "Home Site Biological Clearance Form" are implemented.

The Environmental Compliance Determination (ECD) issued by the General Land Development Department confirms that the above-mentioned home site lease (HSL) application meets the environmental clearance criteria of the Navajo Nation General Leasing Regulations (16 N.N.C. 2301 et seq.). The proposed HSL has no significant impact(s) on the Navajo Nation's cultural, biological, or natural environments.

Action: the leasee and individuals in the immediate area have the primary responsibility to address violations by remediating according to all environmental laws, regulations, policies, and recommendations set forth by the Environmental Reviewer.

Compliance standards have been met and finalization of Homesite Lease application is recommended.

12. Report Attachments	
a. Description of Undertaking: The clients propose to construct a home and install associated facilities within their 1-acre homestead location. There will be extensive surface and subsurface disturbances within each of the 1-acre areas of effect.	
b. Existing Data Review: A records check at the NNHPD office in Window Rock, Arizona indicated that there are no previously recorded sites located within a 100-meter (305 ft) radius of the four homestead locations. There is one previous inventory located within the 100-meter radius of one homestead location, Utona Little. The project is HPD 95-068. There are no previous inventories located within the 100-meter radius of the three homestead locations, Latonya Little, Swarovski Little and Ashlee Silversmith. A check of Van Valkenburgh revealed the nearest sacred place is Sleeping Ute Mountain (<i>Dzinaazhini</i> , Black Mountain Sloping Down) located approximately 28.3 km (17.6 mi.) northeast of the homestead locations.	
Van Valkenburgh, Richard F.	
1974 Navajo Sacred Places. In <i>Navajo Indians III</i> , edited by Clyde Kluckhohn, pp. 9-199. Garland Publishing, New York, New York.	
c. Area Environmental & Cultural Setting: The project areas are located on the rolling hills west of a low mesa and east of Mail Trail Mesa. The elevation ranges from 4998 feet (1524 m) to 5036 feet (1535 m). The soils are sandy loam with basalt and shale outcrops. The sparsely scattered vegetation consists of shadscale, snakeweed, Russian thistle, prickly pear cactus, and grasses. There are two intermittent drainages located within 300 feet to 600 feet from the homestead locations that eventually flow into McElmo Creek to the southeast. Current development includes homes, dirt roads, pipelines, power lines and waterlines.	

d. Field Methods: The survey and ethnographic interview was conducted by Julia Chavez. A Class III pedestrian survey was performed by walking parallel transects spaced about 12 m apart at each of the homesite locations. The survey areas encompass a 2.88-acre area at each of the homesite locations. Each of the clients and their mother, Seraphine Little, verified the locations of the proposed homesite areas. The center point of each homesite location was taken using a handheld Garmin GPS unit.

13. CULTURAL RESOURCE FINDINGS:

- a. Location/Identification of Each Resource: No cultural resources were encountered in the survey area of each of the homesite locations.
- b. Evaluation of Significance of Each Resource: N/A

14. MANAGEMENT SUMMARY (RECOMMENDATIONS): Since no cultural resources were encountered during the survey of the four homesite locations, it is recommended that a determination of no historic properties affected be made for the proposed undertakings.

12. Report attachments.

a. Description of Undertaking: Utah Navajo Trust Fund is requesting archaeological clearance for Ursula Lansing's homesite lease to help her complete her homesite lease package so that she may have all paperwork necessary to apply for needed assistance. Any surface and/or subsurface disturbances will occur within the area of effect 1.0 ac/0.4 ha.

b. Existing Data Review: A check of NNHHPD records indicated that no cultural resource projects were conducted within 100-meters, with no sites recorded. A review of NNHHPD-Traditional Cultural Program (TCP) files revealed that no known Traditional Cultural Properties (TCP) occur within 2 miles of the project area. After consulting with the Traditional Cultural Program it was concluded that the project will have no effect on any TCP's (See Attachment A).

c. Area Environmental & Cultural Setting: The project area is located within Aneth Chapter

MBC-20-091

(44)

approximately 8 miles northeast of the Aneth Chapter House. The project area is located on top of Mail Trail Mesa with the topography characterized as sloping down to the east. Elevation at the project area is 5,130 feet. The project area is located in the Great Basin Conifer Woodland biotic community. Vegetation at the project area consists of Russian Thistle (*Salsola*), snakeweed (*Cutierrezia*), rabbitbrush (*Chrysothamnus*), saltbush (*Atriplex*), juniper (*Juniperus*), prickly-pear cactus (*Opuntia*), narrow leaf yucca (*Yucca*), and other bunch grasses. Soils in the project area are described as light-brown eolian and alluvial soil with outcrops of sandstone eroding out of the Whit very fine sandy loam. Drainage at the project area is to the east towards an unnamed ephemeral drainage that eventually drains into the East McElmo Creek located 1.7 miles to the south. Disturbances in the area include natural erosion, livestock grazing, and some vehicular traffic.

d. **Field Methods:** A Class III pedestrian inventory was conducted by Mathilda Burke, using parallel pedestrian transects spaced no more than 7.5 meters apart. A cultural survey was conducted on the project area making the area of effect 1.0 ac/0.4 ha. A 200-foot radius was also surveyed around the project area making the total area surveyed 2.88 ac/1.16 ha. This method provided 100% coverage of the project area. A *Garmin extrex 20* (GPS Unit, NAD 83) was used to obtain UTM points for the project area boundary. An ethnographic interview was conducted with Ursula Lansing, concerning burials, sacred places, and plant/herb gathering areas in order to determine if there were any potential TCP's in or near the project area. She stated he had no knowledge of any known TCP's occurring in or near the project area.

13. CULTURAL RESOURCE FINDING(S):

a. **Location /Identification of Each Resource:** No cultural resources were encountered during the time of survey.

b. **Evaluation of Significance of Each Resource:** No cultural resources were encountered during the time of survey.

14. **MANAGEMENT SUMMARY (RECOMMENDATIONS):** A determination of "no historic properties affected" is recommended for the proposed undertaking. We recommend that the client be allowed to proceed as planned. In the event that any other cultural resources are encountered, the Navajo Nation Heritage & Historic Preservation Department should be contacted immediately (928) 871-7198.

ELIGIBILITY REQUIREMENTS

- 1 The Navajo Nation shall not deny an application for a homesite lease based on the applicant's sex, religious association, clan membership, political philosophy, personal grudges, chapter affiliation, income, education, public or private status, or tribal affiliation so long as the applicant meets all requirements required by law.
- 2 Applicant(s) must be over 18 years of age.
- 3 An applicant can apply for only one homesite lease, with such withdrawal limited to one (1) acre or less of tribal trust or fee land, excluding withdrawals of lands for residential subdivisions and other types of withdrawals, pursuant to 2 N.N.C. § 501.
- 4 Applicant must be an enrolled member of the Navajo Nation, however, a non-member of the Navajo Nation who is legally married to an enrolled member of the Navajo Nation may be eligible through joint husband-wife application, with proof of such legal marriage, by issuance of a valid marriage license under the laws or jurisdiction of the Navajo Nation or any State.

ACKNOWLEDGEMENT

I, (We), acknowledge and understand the homesite lease restrictions and conditions set forth by

1. A Homesite Lease is intended for residential purposes only. All other non-residential uses are prohibited.
2. Homesite lease area shall not be used as a business site, mission site, grazing permit, bingo hall, dance hall, abandoned vehicle storage, or any fund raising activities. Lessee may not charge rent, sublease, lease or act as a landlord within a homesite lease premises.
3. Applicants shall not disturb or commence construction activities on the proposed site until the applicant receives an approved homesite lease. Be advised the Federal Laws may restrict or null application.
4. Homesite lease may be fenced to avoid disputes; animal control; and for ingress and egress.
5. A finalized homesite lease is required prior to transporting mobile homes onto the Navajo Nation and a transportation permit must be obtained from the Navajo Land Department for a fee before any mobile homes enter the Navajo Trust or Fee Land.
6. Lessee shall maintain the lease premises in a safe and sanitary condition. All solid waste, hazardous waste materials such as non-operational vehicles, barrels, etc., must be disposed at approved sanitary landfill or transfer station. Lessee shall present a good appearance both inside and outside of the lease premises.
7. The Lessee's finalized Homesite Lease shall be available upon full payment of one (1) year (\$12 annual payment) payable in money order to the Navajo Nation and shall be paid at the Navajo Land Department.
8. A homesite application is not a homesite lease, therefore, it is not transferable by assignment or court order.
9. Lessee shall not use or cause to be used any part of the homesite lease premises for any unlawful conduct or purpose, including but not limited to bootlegging, gaming, and other illegal drug activities. Any illegal activities conducted on the homesite lease premises shall be considered a breach of the terms of the homesite lease.
10. Burials sites are prohibited within the homesite lease premises. See Resources Resolution No. RCD-216-99.
11. Livestock and corrals are prohibited within the homesite lease premises.
12. Homesite leases cannot be sold, but may be transferred or assigned to another qualified homesite lease applicant through the NLD. For such transfers or assignments, the permanent improvements must be sold to the transferee or assignee at fair market value, subject to the terms of any mortgage(s). For the sale of permanent improvements located on a homesite lease, such sales must also include the transfer or assignment of the homesite lease where the improvement is located.
13. Is the proposed homesite lease within a designated 750 feet corridor of a highway from the Right-of-Way.

MEMORANDUM

TO : Byron Bitsoie Sr., Department Manager III
Navajo Land Department

FROM : *David Mikesic*
David Mikesic, Zoologist
Department of Fish and Wildlife

Susie M. Silas

DATE : May 20, 2024

SUBJECT : HOMESITE LEASE BIOLOGICAL CLEARANCE EXEMPTIONS

The Department of Fish and Wildlife received notification from the Navajo Land Department to consider all Existing Homes established prior to 2016 to be considered as 'grandfathered' for biological clearance purposes; meaning that no biological clearance would be needed for approval of homesite leases. The Navajo Natural Heritage Program has considered this request, and concurs, that homesites that were established and in place prior to 2016 would not require biological clearance, and Homesite Biological Clearance Form for issuance of a Homesite Lease. Homesites that fall under this exception for biological clearance will need to be proven as in-place and occupied prior to 2016. The Department does not encourage, nor condone, Navajo residents to construct or establish homesites prior to obtaining all the necessary clearances, including Biological Clearance from NNHP.

In addition to this exemption for homesite lease clearance, the NNHP considers four other categories, identical to Historic Preservation Dept., as not needing Data Request and Homesite Biological Clearance Form from NNHP for issuance of a Homesite Lease; those categories are:

1. Name changes on an existing Homesite Lease(s);
2. Transfers/Assignment of an existing Homesite Lease to another person;
3. Adding additional names to an approved Homesite Lease; and/or
4. Probate to transfer, extinguish or otherwise modify an existing Homesite Lease.

Dear CRCS:

SUBJECT: Request for archaeological approval under project AJMC-

On behalf of Susie M. Silas, I am requesting that the Cultural Resource Compliance Section (CRCS) review the attached documentation and grant archaeological approval for the existing homesite. The homesite is in Aneth Chapter and was previously surveyed in 1997 for the Indian Health Service (HPD-98- 7/NNAD 97-). The homesite is identified as Homesite 70 belonging to Joe Silas, the late husband of Susie M. Silas. The UTM coordinate is 4122665N (NAD 27) in the report. I have attached a USGS map showing location of the homesite and the UTM coordinate in NAD 4122867N

I have verified that the homesite falls within the area surveyed in 1997. I have also verified that no Register eligible cultural resources were identified during the previous inventory within 50 feet of the homesite area.

I ask that you review this request for archaeological approval with the support of the 1997 survey and that you affirm my recommended determination of **no historic properties affected**. Should you require any further information on this approval request, contact me at (505) 686-4111.

Finally, I ask that you inform Susie M. Silas of your decision by providing her with archaeological approval at the address listed below.

Susie M. Silas

Sincerely,

Julia M. Chavez

CULTURAL RESOURCES INVENTORY DETERMINATION FORM

Date: 2/13/2026

CRID NO.: HPD-...

SPONSOR: Susie M. Silas

UNDERTAKING: Homesite Lease

PROJECT TITLE: An Archaeological Survey of Indian Health Service's Aneth Point/Tso Camp Phase II Water Line Project near Aneth, San Juan County, Utah (NA-98-...)

HERITAGE & HISTORIC PRESERVATION DEPARTMENT RECOMMENDATIONS: A Cultural Resources Compliance Form (CROF) may not be included in this "archaeological approval" due to the nature of sensitive cultural resources documented. This in no way affects any authority of the HHPD-Cultural Resource Compliance Section to issue an "archaeological approval" for this undertaking. A cultural resource inventory survey is not required for this undertaking for reason(s) indicated below:

☒ THE PROPOSED PROJECT IS LOCATED WITHIN AN AREA THAT HAS BEEN PREVIOUSLY INVENTORIED FOR CULTURAL RESOURCES AND DOCUMENTED IN THE HHPD REPORT LISTED ABOVE. THE PREVIOUS ARCHAEOLOGICAL INVENTORY FINDS THAT PROPOSED PROJECT WILL HAVE A "NO HISTORIC PROPERTIES WILL BE AFFECTED" WITHIN THE AREA OF THIS UNDERTAKING. ARCHAEOLOGICAL APPROVAL IS HEREBY GRANTED FOR THE UNDERTAKING WITHIN THE AREA NOTED IN ATTACHMENT(S). (CRID only covers the one acre land withdrawal)

ATTACHMENT C:

☐ Previous ground disturbance within the last fifty (50) years has modified the surface so extensively that the likelihood of finding any cultural properties is negligible (e.g., within a flood plain).

☐ Undertaking will not require any surface disturbing activities (e.g. aerial spraying, hand application of chemicals, travel on existing roads, etc.).

☐ Other: In-use area

NOTIFICATION TO PROCEED IS RECOMMENDED: YES

CONDITIONS: NO

In the event of a discovery ("discovery" means any previously unidentified or incorrectly identified cultural resources including but not limited to archaeological resources, human remains, or locations reportedly associated with Native American religious/traditional beliefs or practices) all operations in the immediate vicinity of the discovery must cease and the Navajo Nation Heritage and Historic Preservation Department must be notified at (928) 871-7198

ELIGIBILITY REQUIREMENTS

1. The Navajo Nation shall not deny an application for a homesite lease based on the applicant's sex, religious association, clan membership, political philosophy, personal grudges, chapter affiliation, income, education, public or private status, or tribal affiliation so long as the applicant meets all requirements required by law.
2. Applicant(s) must be over 18 years of age.
3. An applicant can apply for only one homesite lease, with such withdrawal limited to one (1) acre or less of tribal trust or fee land, excluding withdrawals of lands for residential subdivisions and other types of withdrawals, pursuant to 2 N.N.C. § 501.
4. Applicant must be an enrolled member of the Navajo Nation, however, a non-member of the Navajo Nation who is legally married to an enrolled member of the Navajo Nation may be eligible through joint husband-wife application, with proof of such legal marriage, by issuance of a valid marriage license under the laws or jurisdiction of the Navajo Nation or any State.

ACKNOWLEDGEMENT

I, (We), acknowledge and understand the homesite lease restrictions and conditions set forth by

1. A Homesite Lease is intended for residential purposes only. All other non-residential uses are prohibited.
2. Homesite lease area shall not be used as a business site, mission site, grazing permit, bingo hall, dance hall, abandoned vehicle storage, or any fund raising activities. Lessee may not charge rent, sublease, lease or act as a landlord within a homesite lease premises.
3. Applicants shall not disturb or commence construction activities on the proposed site until the applicant receives an approved homesite lease. Be advised the Federal Laws may restrict or null application.
4. Homesite lease may be fenced to avoid disputes; animal control; and for ingress and egress.
5. A finalized homesite lease is required prior to transporting mobile homes onto the Navajo Nation and a transportation permit must be obtained from the Navajo Land Department for a fee before any mobile homes enter the Navajo Trust or Fee Land.
6. Lessee shall maintain the lease premises in a safe and sanitary condition. All solid waste, hazardous waste materials such as non-operational vehicles, barrels, etc., must be disposed at approved sanitary landfill or transfer station. Lessee shall present a good appearance both inside and outside of the lease premises.
7. The Lessee's finalized Homesite Lease shall be available upon full payment of one (1) year (\$12 annual payment) payable in money order to the Navajo Nation and shall be paid at the Navajo Land Department.
8. A homesite application is not a homesite lease, therefore, it is not transferable by assignment or court order.
9. Lessee shall not use or cause to be used any part of the homesite lease premises for any unlawful conduct or purpose, including but not limited to bootlegging, gaming, and other illegal drug activities. Any illegal activities conducted on the homesite lease premises shall be considered a breach of the terms of the homesite lease.
10. Burial sites are prohibited within the homesite lease premises. See Resources Resolution No. RCD-216-99.
11. Livestock and corrals are prohibited within the homesite lease premises.
12. Homesite leases cannot be sold, but may be transferred or assigned to another qualified homesite lease applicant through the NLD. For such transfers or assignments, the permanent improvements must be sold to the transferee or assignee at fair market value, subject to the terms of any mortgage(s). For the sale of permanent improvements located on a homesite lease, such sales must also include the transfer or assignment of the homesite lease where the improvement is located.

MEMORANDUM

TO : Byron Bitsoie Sr., Department Manager III
Navajo Land Department

FROM : *David Mikesic*
David Mikesic, Zoologist
Department of Fish and Wildlife

Clara Jean Farley & Larry Farley

DATE : May 20, 2024

SUBJECT : HOMESITE LEASE BIOLOGICAL CLEARANCE EXEMPTIONS

The Department of Fish and Wildlife received notification from the Navajo Land Department to consider all Existing Homes established prior to 2016 to be considered as 'grandfathered' for biological clearance purposes; meaning that no biological clearance would be needed for approval of homesite leases. The Navajo Natural Heritage Program has considered this request, and **concurs, that homesites that were established and in place prior to 2016 would not require biological clearance, and Homesite Biological Clearance Form for issuance of a Homesite Lease.** Homesites that fall under this exception for biological clearance will need to be proven as in-place and occupied prior to 2016. The Department does not encourage, nor condone, Navajo residents to construct or establish homesites prior to obtaining all the necessary clearances, including Biological Clearance from NNHP.

In addition to this exemption for homesite lease clearance, the NNHP considers four other categories, identical to Historic Preservation Dept., as not needing Data Request and Homesite Biological Clearance Form from NNHP for issuance of a Homesite Lease; those categories are:

1. Name changes on an existing Homesite Lease(s);
2. Transfers/Assignment of an existing Homesite Lease to another person;
3. Adding additional names to an approved Homesite Lease; and/or
4. Probate to transfer, extinguish or otherwise modify an existing Homesite Lease.

RE: Approved Homesite Leases on Navajo Nation Trust Lands -Cultural Resource Compliance for
Administrative Actions

CC: W. Mike Halona, Division Director, Division of Natural Resources

The Homesite Lease Services has been requiring cultural resources compliance for approved homesite leases pursuant to the National Historic Preservation Act (NHPA) as well as the Navajo Nation Cultural Resources Protection Act (CRPA) for purely administrative actions. HHPD will no longer issue compliance forms (Cultural Resources Compliance Form, CRCF, or Cultural Resources Inventory Documentation, CRID) for the following Administrative Actions:

1. Name changes on the Homesite Lease
2. Transfers/Assignment of a Homesite Lease to another person
3. Adding additional names to an approved Homesite Lease
4. Probate to transfer, extinguish or otherwise modify a Homesite Lease

The Administrative Actions identified above no longer involve a federal actions, federal funds, or land disturbances. These actions essentially only require "paperwork" to modify approved Homesite Leases.

HHPD will no longer issue the CRCF or CRID for the Administrative Actions identified above beginning on June 5, 2023. I may be reached at 928-871-7198, or at r.begay@navajo-nsn.gov if you have any questions or concerns.

Thank you.

Utah Dineh Advisory Committee (UDAC) Utah Navajo Trust Fund Board of Trustees (UNTF BoT) Navajo Revitalization Fund (NRF) Board

Subject: Request for Authorization to Expend UNTF and NRF Chapter Project Funds for MPB #1 Roof and HVAC Repairs

Dear Committee and Board Members,

On behalf of the Mexican Water Chapter, I respectfully submit the enclosed Chapter project and Resolution **MWCNOV25-017A**, approved by the Chapter membership on November 6, 2025, requesting authorization to expend project funds from both the Utah Navajo Trust Fund (UNTF) and the Navajo Revitalization Fund (NRF).

The Mexican Water Chapter seeks approval to utilize the following project budgets:

- **UNTF Chapter Projects Budget:** \$242,063
- **NRF Chapter Projects Budget:** \$242,063
- **Total Project Cost:** \$484,126

These funds will be used for roof and HVAC repairs for MPB #1 – the Administration Building, which serves as the primary facility for Chapter operations, community services, and public meetings. The building's deteriorating roof and aging HVAC system pose ongoing safety, structural, and operational concerns that require immediate attention.

The Chapter further requests approval to utilize DFCM Project Management Services, including Architectural & Engineering services and a qualified building contractor. DFCM will conduct all advertising, procurement, and contracting processes in accordance with applicable regulations and standards.

The Mexican Water Chapter greatly values the partnership and support of UDAC, the UNTF Board of Trustees, and the NRF Board in addressing critical infrastructure needs within our community. Approval of this request will ensure the continued safety, functionality, and longevity of our Administration Building for the benefit of our residents.

Should you require additional documentation, project details, or follow-up information, please contact our office at your convenience. I can be reached at (928) 429-1054 or via email lmomchee@nnchapters.org.

We appreciate your consideration and look forward to your favorable response.

RESOLUTION OF MEXICAN WATER CHAPTER

Approving to request the Utah Dineh Advisory Committee (UDAC)/Utah Navajo Trust Fund Board Of Trustees (UNTF BOT) and the Navajo Revitalization Fund (NRF) Board to authorize the expenditure of \$484,126.00 for Roof and Heating Ventilation Air Conditioning (HVAC) system Replacements for the Multi-Purpose Building (MPB) #1 Administration Building and to utilize the State of Utah, Division of Facilities Construction Management (DFCM) Project Management Services, Architectural & Engineering, and a Building Contractor.

WHEREAS:

1. Pursuant to CAP-34-98, the Navajo Nation Council enacted the Navajo Nation Local Governance Act (LGA) codified in Title 26 of the Navajo Nation Code; and
2. The Mexican Water Chapter is a duly certified local governance entity of the Navajo Nation under the Navajo Nation Code, Title 26, Local Governance Act (LGA), which grants authority to certified Chapters to plan, approve, and manage community development projects and capital improvements for the benefit of their local citizens; and
3. Pursuant to Mexican Water Chapter resolution MWCJUL11-105, the Mexican Water Chapter has approved its Five Management System Policies and Procedures Manuals; and
4. Pursuant to the legislative action of the Resources and Development Committee, the Mexican Water Chapter is certified having met the requirements under 26 NNC 102 (A) on February 07, 2012; and
5. Pursuant to 26 NNC § 103 the Mexican Water Chapter is an established local government entity of the Navajo Nation vested with the authority to review all matters affecting the Chapter and submit appropriate recommendations to the Navajo Nation Government or other local agencies by resolution; and
6. Pursuant to 26 NNC § 1, the Navajo Nation Council delegates to Chapter governmental authority with respect to local matters consistent with Navajo law, including custom and tradition; and
7. The Mexican Water Chapter has the power and authority to approve and amend resolution enacted by legislation through its membership, as a duly certified chapter of the Navajo Nation, pursuant to 2 Navajo Nation Code, Section 4002; and,
8. The Mexican Water Chapter is a political subdivision of the Navajo Nation and is governed by the authority vested in it by the Navajo Nation Council through the Navajo Nation Title 26 Local Governance Act (LGA); and
9. The Navajo Nation Council, through Title 2 N.N.C. § 164, encourages partnerships and collaborations between the Navajo Nation, educational institutions, and health entities that promote culturally responsive and community-driven research; and
10. The Chapter acknowledges the need to maintain, repair, and improve community infrastructure to ensure the safety, functionality, and longevity of public buildings used to serve Chapter members; and

11. The MPB #1 Administration Building is a critical public facility that houses Chapter administration and community services, and it requires urgent roof and HVAC repairs to maintain a safe, efficient, and operable environment for Chapter operations; and
12. The Utah Navajo Trust Fund (UNTF) was established under Utah Code Annotated §63L-7-201 et seq., to manage and administer trust funds and assets for the benefit of the Utah Navajo people, and is overseen by the Utah Dineh Advisory Committee (UDAC) and the Utah Navajo Trust Fund Board of Trustees (BoT); and
13. The Navajo Revitalization Fund (NRF) was established under Utah Code Annotated §9-9-701 et seq., to provide financial assistance for capital projects, infrastructure, housing, and community facilities that enhance the health, safety, and welfare of Utah Navajo residents, in accordance with the Navajo Revitalization Fund Administrative Rules (R990-200); and
14. Both UNTF and NRF are statutorily obligated to ensure that project funding is expended for the direct benefit of Utah Navajo Chapters and communities, and that such expenditures comply with Utah State fiscal management, auditing, and construction standards; and
15. The Chapter's FY2025 project budgets designated under both funds are as follows:
 - Utah Navajo Trust Fund (UNTF) Chapter Projects Budget: \$242,063
 - Navajo Revitalization Fund (NRF) Chapter Projects Budget: \$242,063
 - Total Project Cost: \$484,126.00
16. The Chapter supports the Utah Division of Facilities Construction and Management (DFCM) serving as the project manager for this capital project, consistent with the Big Projects Rules and State of Utah procurement policies, which require that design and construction services be publicly advertised, competitively bid, and properly contracted; and
17. The Mexican Water Chapter understands that DFCM will advertise, procure, and enter into contracts for architectural/engineering design and building construction on behalf of the project, ensuring compliance with Utah's construction management and procurement laws; and
18. The Mexican Water Chapter seeks to formally request authorization from the UDAC/UNTF Board of Trustees and the NRF Board to approve and release the respective Chapter Project budgets totaling \$484,126.00 for the MPB #1 Administration Building Roof and HVAC Repair Project, consistent with their statutory responsibilities to Utah Navajos; and

NOW THEREFORE IT BE RESOLVED THAT:

1. The Mexican Water Chapter hereby approves and supports this request to the Utah Dineh Advisory Committee (UDAC)/Utah Navajo Trust Fund Board of Trustees (UNTF BoT) and the Navajo Revitalization Fund (NRF) Board to authorize the expenditure of \$484,126.00 (\$242,063 UNTF and \$242,063 NRF) for the MPB #1 Administration Building Roof and HVAC Replacement Project; and
2. The Mexican Water Chapter recognizes and affirms the statutory duty of both the UNTF and NRF to expend trust and revitalization funds solely for the benefit of Utah Navajo communities, including capital improvement projects that enhance public safety, health, and essential government services; and

3. The Mexican Water Chapter approves and authorizes the Utah Division of Facilities Construction and Management (DFCM) to provide project management, advertisement, procurement, and contracting services in compliance with State of Utah procurement and construction standards; and
4. Upon approval by the UNTF Board and NRF Board, DFCM shall oversee the design, bidding, and construction phases of the project to ensure full compliance with applicable Utah State laws, Big Project Rules, and fiscal accountability requirements; and
5. This resolution shall serve as the official Mexican Water Chapter authorization and request to initiate funding approval, coordination, and project implementation through DFCM, UDAC/UNTF, and NRF for the completion of the MPB #1 Administration Building Roof and HVAC Replacement Project.

CERTIFICATION

We hereby certify that the foregoing resolution was duly considered at a duly called meeting at Mexican Water Chapter, (Navajo Nation), Utah at which a quorum was present and that same was passed by a vote of 18 in favor and 00 opposed, 01 abstained on the 6th day of November 2025.

14. REPORT a. Description of Undertaking: The client proposes to construct a house and install associated utilities within the 1-acre homesite lease. There will be extensive surface and subsurface disturbances within the 1.00-acre area of effect. b. Existing Data Review: On April 19, 2023, records check at the NNHHPD office in Window Rock indicated that there are no previously recorded sites within a 100-meter (305 ft) radius of the project area. There is one previous project in the vicinity of the project area (HPD-96-106). On that same day, a records search at the TCP office revealed no TCP areas within a 1-mi radius of the project area. c. Area Environmental & Cultural Setting: The homesite location is situated on a gently north-facing slope of White Mesa Mountain. The elevation is about 4800 ft. The soil is sandy loam. The sparse vegetation environment consists of greasewood, shadscale, snakeweed, cacti, annuals, and grasses. The nearest drainage is located about 1140 ft east of the project area. Development in the area includes homesites, power lines, waterlines, oil/gas infrastructures, and dirt roads. Disturbances include natural erosion along with grazing activities. d. Field Methods: The survey and ethnographic interview was conducted by Julia Chavez. A Class III pedestrian survey was performed by walking parallel transects spaced about 12 m apart at the homesite lease location. The survey area at the homesite is 400-ft in diameter and encompasses 2.88 acres. A GPS point was taken at the center point of the homesite location using a handheld Garmin GPS unit. The client verified the location and stated there are no TCPs or unmarked burials in the vicinity of the homesite location.			
15. CULTURAL RESOURCE FINDINGS: a. Location/Identification of Each Resource: No cultural resources were encountered during the survey. b. Evaluation of Significance of Each Resource: N/A			
16. MANAGEMENT SUMMARY (RECOMMENDATIONS): Since no cultural resources were encountered, the archaeologist recommends archaeological clearance for the proposed undertaking.
