

**Public Notice**  
**Great Salt Lake Aquatic Life Use Workshop**

The Division of Water Quality is hosting a workshop to compile all of the available information regarding the aquatic life that inhabits the open waters of Great Salt Lake. This information will be used to develop numeric water quality criteria to ensure Great Salt Lake continues to provide important recreational, ecological, and economic benefits for current and future generations. Scientists and any other interested people are invited to contribute information regarding invertebrates, fish, and algae that inhabit the lake. A report will be prepared that summarizes the information collected up to **April 7, 2015**. The workshop will be held at the Department of Environmental Quality Room 1015 on **March 24, 2015** from 8:30-4:30. For more information see <http://www.deq.utah.gov/locations/G/greatsaltlake/gslnumericcriteria/index.htm> or contact Chris Bittner at [cbittner@utah.gov](mailto:cbittner@utah.gov) or 801-536-4371.
