**4. Public Comment:** Braden present to discuss speed bumps. The one near the horse corral – with the Gem & Rock Show next week they will be using the overflow parking lot near Old Bryce Town where the horse wagon swings through. They must reroute for those three days, and the speed bumps damage the wagon. Ruby's Inn will need to run semi-trucks through there for asphalt project has well and will need to move them for that project. Council okay to remove them for the month of July until asphalt project is finished. Tanner will pull them.

Concerns also with the speed bump by city park – damage to equipment even if driving slowly. Can we put the speed humps back instead of speed bumps there? Council okay with Tanner swapping out to the speed bumps to the speed humps.
