

## Small Expansion Application

Charter School Name:

The Northern Utah Academy for Math, Engineering & Science (NUAMES)

Charter School Director:

Kelli Booth

Does this request meet the definition of a small expansion, as found in R277-550, which: is for 100 or fewer students; would not necessitate a significant renovation; and is for no more than one additional grade?

☒ Yes

☐ No

What is the school requesting specifically? [example: adding 7th grade and 100 students]

What school year does the small expansion start? [example: SY 2026-2027]

Explanation from the charter school of justified need, as allowed by R277-552-5.

NUAMES requests approval of a Small School Expansion beginning in SY27-28, grades 10-12, to accommodate increased student demand and career-focused educational opportunities. NUAMES has submitted an application for the Utah APEX Grant and anticipates significant growth in student participation should funding be awarded. The proposed expansion would allow NUAMES to serve an additional 100 students through its instructional site located on the Davis Technical College campus, providing enhanced access to high demand pathways in Cybersecurity and Artificial Intelligence, Manufacturing and Automation, Aerospace and Defense technologies, Electrical systems and Smart Technologies. This expansion supports Utah workforce priorities and regional labor market needs. Students will remain under the governance of NUAMES Board of Directors and remain as NUAMES students. The requested expansion does not require significant facility renovation, utilizes existing educational space through established partnerships, and represents a responsible and strategic approach to meeting documented student demand and workforce development needs.

Signature from the school's governing board chair and director, as allowed by R277-552-5. Add additional page or lines as needed.
