

CITY COUNCIL MINUTES

Wednesday, July 08, 2026

Amended July 7, 2026 @ 3:30 p.m.*

Approved August 11, 2026

The following are the minutes of the City Council meeting of the Herriman City Council. The meeting was held on **Wednesday, July 7, 2026, at 5:30 p.m.** in the Herriman City Council Chambers, 5355 West Herriman Main Street, Herriman, Utah. Adequate notice of this meeting, as required by law, was posted in the City Hall, on the City's website, and delivered to members of the Council, media, and interested citizens.

Presiding: Mayor Lorin Palmer

Councilmembers Present: Terrah Anderson, Matt Basham, Jared Henderson, Teddy Hodges

Staff Present: City Manager Nathan Cherpeski, Assistant City Manager Wendy Thomas, City Recorder Jackie Nostrom, Finance Director Kyle Maurer, City Attorney Todd Sheeran, Communications Manager Jonathan LaFollette, Police Chief Cody Stromberg, Assistant to the City Manager Trevor Ram, Community Development Director Blake Thomas, City Planner Michael Maloy, Public Works Director Justun Edwards, Operations Director Monte Johnson, City Engineer Bryce Terry, Building Official Cathryn Nelson.

5:30 PM – WORK MEETING: (Fort Herriman Conference Room)

1. Council Business

Mayor Lorin Palmer called the meeting to order at 5:30 p.m.

1.1. Review of this Evening's Agenda

Council and staff briefly reviewed the agenda.

1.2. Future Agenda Items

At the request of Community Development Director Blake Thomas, the Council briefly discussed a proposed joint meeting with the Planning Commission, tentatively scheduled for September 30, 2026. The purpose of the meeting would be to align the Planning Commission's priorities with the City's strategic plan, ensuring that the Commission, Council, and staff are all working in a unified direction. City Manager Nathan Cherpeski noted the meeting would be kept to a specified timeframe, with a focused scope limited to priority-setting and explicitly excluding discussion of individual projects. The Council acknowledged their availability.

1.3. Council discussion of future citizen recognitions

The Council noted there were three different recognitions scheduled for this evening.

2. Administrative Reports

2.1. Southwest Athletic Complex Project Update – Wendy Thomas, Assistant City Manager
Assistant City Manager Wendy Thomas presented an update on the Southwest Athletic Complex project, outlining the proposed site layout, which included 14 athletic fields, a trailhead maintenance building, complex operations facilities, parking, restroom facilities, and adjacent access to the park.

Assistant City Manager Thomas explained that the project had been divided into phases for grant application purposes. Phase 1 included five fields, two restroom facilities, a maintenance and operations building, a complex operations building, and supporting infrastructure. The estimated cost for Phase 1 is approximately half of the total project build-out, and the City submitted a grant application for nearly \$25 million through the Salt Lake County ZAP Recreation Grant program. The application included the required City match. Assistant City Manager Thomas noted that the engineer's cost estimate included design and feasibility expenses but excluded land acquisition costs, with the value of the applicable acreage estimated at approximately \$19 million.

Recognizing that available grant funding may be limited, staff also developed a scaled Phase 1A consisting of two fields, a restroom facility, parking, and supporting infrastructure, with an estimated cost of just over \$12 million. A \$10 million grant request was submitted for this phase. Assistant City Manager Thomas explained that Phase 1A was intended to serve as an initial catalyst for private investment and donations and presented preliminary revenue projections based on an assumed 75 percent field rental rate.

Assistant City Manager Thomas further reported that an application had also been submitted to the Tourism, Recreation, Cultural, and Convention (TRCC) grant program for a Phase 1A Plus project, which includes the two fields, roadways, and the trailhead. The application requested \$2.5 million for the trailhead component and is contingent upon receipt of ZAP Recreation Grant funding. A

separate TRCC grant application was also submitted to support design work for the Butterfield Arena and Event Center.

Assistant City Manager Thomas reported that staff had met with several private investors and potential partners, who expressed strong interest in the project but indicated they were waiting to see tangible progress before making financial commitments. City Manager Nathan Cherpeski confirmed that prospective partners had continued to express interest in future collaboration. Assistant City Manager Thomas noted that presentations to the ZAP Recreation committee and the TRCC board were scheduled as the next steps in the grant review process.

Mayor Palmer provided additional context regarding the ZAP Recreation Bond program, explaining that approximately 40 percent of the bond funding is allocated to deferred maintenance of existing county parks, 30 percent to existing regional parks, and approximately 30 percent to new projects. He noted that county staff had consistently indicated that new projects in the southwest valley would be prioritized due to continued population growth. The City's application for up to \$25 million represents the largest request submitted within the new-project category.

Councilmember Jared Henderson observed that the project presents a strong economic opportunity for county and state agencies through the generation of transient room tax and sales tax revenues. Assistant City Manager Thomas added that she had requested a meeting with South Jordan City to discuss the potential formation of a joint recreation taxing district similar to the Sandy/Draper model, which would allow participating communities to capture additional hotel tax revenue. She noted that the presence of hotels in Herriman and renewed interest from South Jordan could make such a partnership timely.

Councilmember Matt Basham recognized Assistant City Manager Thomas and the project team for their work. Assistant City Manager Thomas acknowledged the contributions of Communications Manager Jonathan LaFollette, Staff Engineer John Nunley, and Assistant to the City Manager Trevor Ram.

2.2. Discussion of the Thomas Butterfield Community Service Scholarship Program –

Jackie Nostrom, Deputy Director of Administrative Services

City Recorder Jackie Nostrom opened a roundtable discussion to ensure the Thomas Butterfield Community Service Scholarship program was functioning in alignment with the Council's vision and to identify any recommended changes.

City Recorder Nostrom noted that the program budget had been set at approximately \$2,200, with first place historically receiving \$1,000, second place \$700, and third place \$500. She reported that the program had recently transitioned to a model allowing the selection committee to exercise

discretion in allocating funds, rather than adhering to fixed award amounts. The committee is composed of two Councilmembers and a City Manager appointee; for the most recent cycle, this included Councilmember Terrah Anderson and Councilmember Matt Basham.

Councilmember Anderson offered several observations based on her experience serving on the committee. She noted that the application itself needed to be revised, pointing out that the essay prompt and the long-answer questions were so similar in nature as to create confusion for applicants. She recommended consolidating or clarifying those components. Councilmember Anderson also raised the question of how the interview and written components were weighted, expressing a preference for equal weighting, and suggesting that a heavy emphasis on interview performance may disadvantage introverted applicants who otherwise demonstrate strong service records. The Council discussed whether strong interview performance was a meaningful criterion for a community service scholarship and reached general consensus that the weighting should be reconsidered in favor of the written application and documented service hours.

Regarding the verification of service hours, Mayor Palmer noted that earlier iterations of the program lacked accountability metrics. Councilmember Anderson clarified that the current application requires applicants to document their service hours and have them signed by a supervising individual, which could be a city official or a nonprofit leader. She indicated that the quality and depth of applicants' ability to discuss their service was a meaningful signal of genuine engagement.

The Council discussed increasing the scholarship budget. Councilmember Anderson noted that while \$2,200 was the historic budget, tuition costs have risen considerably since the program's inception approximately 20 years ago, and the current amounts, particularly the \$600 awarded to tied second and third place finishers this cycle, do not represent meaningful financial support. Councilmember Henderson acknowledged that while the program serves important recognition purposes rather than full educational funding, some increase was warranted. Mayor Palmer proposed a budget of \$3,100, as Finance Director Kyle Maurer noted that the FY2027 budget had in fact already been set at \$3,000. The Council expressed satisfaction with this figure.

The Council expressed a preference for retaining flexibility in how the award amounts were distributed across recipients, rather than prescribing fixed amounts in policy. It was agreed that communications messaging would describe available scholarships as "up to" the budgeted total amount, divided among up to three recipients, allowing the committee to exercise judgment based on applicant quality.

The Council also discussed revising the time window within which recipients must claim their scholarship funds. City Recorder Nostrom noted that under the current policy, a two-year window

had resulted in awards being claimed which created budget tracking complications. Councilmember Anderson recommended shortening this window, with a general acknowledgment that awards deposited into a 529 college savings plan should be processed more promptly after the award date. It was agreed that policy should specify a defined deadline, suggested at approximately six months from the award date, by which recipients must initiate a 529 account or provide deposit instructions, with staff providing guidance on the process.

Councilmember Anderson also noted the value of presenting the awards at high school ceremonies, as it provided positive community visibility for the City and reinforced Herriman's emphasis on service. City Recorder Nostrom confirmed that policy already allowed for notification of recipients in advance of the public awards ceremony, and that accommodations could also be made for recognition at a City Council meeting. The Council expressed support for continued participation in school recognition events and adding a recognition at a Council meeting.

Councilmember Basham moved to temporarily recess the City Council meeting to convene in a closed session to discuss the character, professional competence, or physical or mental health of an individual, pending or reasonable imminent litigation, and the purchase, exchange, or lease of real property, as provided by Utah Code Annotated §52-4-205 at 5:55 p.m. Councilmember Hodges seconded the motion.

The vote was recorded as follows:

<i>Councilmember Terrah Anderson</i>	<i>Aye</i>
<i>Councilmember Matt Basham</i>	<i>Aye</i>
<i>Councilmember Jared Henderson</i>	<i>Aye</i>
<i>Councilmember Teddy Hodges</i>	<i>Aye</i>
<i>Mayor Lorin Palmer</i>	<i>Aye</i>

The motion passed unanimously.

The Council reconvened the Council meeting at 6:34 p.m.

3. Adjournment

Councilmember Basham moved to adjourn the City Council work session at 6:34 p.m. Councilmember Hodges seconded the motion and all voted aye.

7:00 PM – GENERAL MEETING:

4. Call to Order

Mayor Palmer called the meeting to order at 7:01 p.m.

4.1. Invocation/Thought/Reading and Pledge of Allegiance

Youth Council Member Gabriel Jimenez led the audience in the Pledge of Allegiance.

4.2. City Council Comments

Councilmember Basham recognized the success of the recent Herriman Town Days event. He specifically acknowledged Events Manager Lorren Mitchell and city staff for their extensive work in organizing the event, as well as the Herriman Police Department and Unified Fire Authority for their presence and contributions to public safety during the festivities. Councilmember Hodges echoed the remarks, specifically highlighting the quality of the parade and the effort required to execute it safely.

5. Public Comment

Maddie Clement addressed the Council to introduce herself as the new Community Outreach Representative for Congressman Owen's office, replacing Alex Johnson

6. City Council Reports

6.1. Councilmember Jared Henderson

Councilmember Henderson reported on behalf of the Unified Fire Authority Board, urging the community to exercise caution with lithium battery charging, particularly in hot garages, citing a recent house fire. He also noted that fire numbers were down following the Fourth of July holiday with no major incidents reported. He reminded residents that Assistant Fire Chief Widdison was actively engaged in wildfire suppression efforts and asked the public to refrain from campfires, burning weeds, and parking vehicles over dry vegetation due to the elevated fire danger.

6.2. Councilmember Teddy Hodges

Councilmember Hodges had nothing to report.

6.3. Councilmember Matt Basham

Councilmember Basham reported on behalf of the Jordan Valley Water Conservancy District, noting that water conservation efforts were producing measurable results. He also highlighted the district's ongoing "Flip Your Strip" incentive program, which provides financial incentives to property owners who convert unused grass to water-efficient landscaping and encouraged residents to participate.

6.4. Councilmember Terrah Anderson

Councilmember Anderson had nothing to report.

7. Mayor Report

Mayor Palmer had nothing to report.

8. Reports, Presentations and Appointments

8.1. 2026-2027 Youth Council Oath of Office

City Recorder Nostrom noted that the incoming Youth Council consisted of 38 members, who were each invited to introduce themselves and identify their respective school affiliations. Members were drawn from a range of schools including Mountain Ridge High School, Herriman High School, American Preparatory Academy, Riverton High School, Providence Hall, Hillcrest High School, Copper Mountain Middle School, South Hills Middle School, Corner Canyon High School, and several homeschool programs. Following introductions, the Oath of Office was administered to the Youth Council.

Councilmember Anderson additionally encouraged any youth in attendance who were not yet members to consider applying during the next open application cycle in the spring.

8.2. City Council Recognitions – Wendy Thomas, Assistant City Manager

The Council recognized Sunny and Summer as recipients of the Thomas Butterfield Community Service Scholarship for their volunteer service through the Herriman City Youth Council. Both recipients were commended for completing community service projects benefiting Herriman City and its residents. Sunny announced plans to attend Utah State University to study International Studies, and Summer announced plans to serve a mission in California before attending Brigham Young University.

Mayor Palmer recognized the Herriman High School cross country and track programs for winning the 6A State Cross Country Championship and the 6A Boys Track and Field State Championship. Coach Josh Pugel credited the athletes' year-round dedication and thanked Herriman City for providing trails and parks that support the program. He also acknowledged the coaching staff and noted continued efforts to strengthen the girls' program. Team members introduced themselves, and Jackson Spencer was recognized for his accomplishments as a 10-time individual national champion.

Mayor Palmer also recognized the Herriman High School Rugby Program for winning the 2026 National High School Rugby Championship, the program's second national title. Coach Jeff Wilson highlighted the team's commitment, sportsmanship, and success despite competing against well-funded private school programs. He expressed appreciation for the City's support in providing

a dedicated home field and noted the team's strong performance throughout the season. Players in attendance introduced themselves and their positions.

Mayor Palmer announced the Herriman Town Days Parade award winners. Providence Hall received the Community Pride Award, Sandy City received the Best America 250 Theme Float Award, the Herriman South Stake received the Community Choice Award, and the Columbus Center received the Best America 250 Themed Entry Award.

8.3. Mountain West Chamber of Commerce Presentation

President of the Mountain West Chamber of Commerce Heather Higgins addressed the Council to present an overview of the Chamber's mission and activities in the Herriman, Riverton, and Bluffdale communities. She described the Chamber's 28-year history of service to the area and emphasized that its core purpose is not merely to host networking events, but to build relationships that strengthen communities and create opportunities for local businesses of all sizes.

She outlined the Chamber's key programmatic activities, including a scholarship golf tournament, educator recognition events, a first responder appreciation program, and nonprofit showcases, collectively representing approximately 1,600 volunteer hours annually contributed by business owners, board members, and community partners.

Ms. Higgins shared a specific account of this year's scholarship recipient, a Herriman High School graduate who overcame the loss of her father, her mother's chronic depression, and a period of leaving school to work, ultimately becoming the first member of her family to graduate from high school. The Mountain West Chamber awarded her a \$1,500 scholarship. She noted that the Chamber has awarded over 68 scholarships totaling more than \$86,000 to resilient graduating seniors since its founding.

Ms. Higgins also announced two new organizational initiatives: the creation of a Mountain West Chamber Foundation to provide long-term sustainability for the scholarship program and to allow businesses to contribute through charitable donation vehicles, and improvements to the Chamber's communications infrastructure, including a new CRM system and website.

Councilmember Hodges expressed appreciation for the Chamber's signature events, noting that they represent the community's essential contributors. Mayor Palmer thanked Ms. Higgins and the Chamber for their continued focus on local small businesses and community investment.

9. Consent Agenda

9.1. Approval of the May 13, 2026, City Council meeting minutes

9.2. Approval of the May 27, 2026, City Council meeting minutes

9.3. Fiscal Year 2027 Asphalt Preservation Contract Renewals – Justun Edwards, Public Works Director

9.4. Consideration to Approve Construction Contract and Construction Orders for the Upper Juniper Canyon Trailhead (Phase 3) – Bryce Terry, City Engineer

9.5. Consideration to Award the Construction Contracts for the Fiscal Year 2027 Asphalt Preservation Treatments – Justun Edwards, Public Works Director

9.6. Resolution authorizing the filing of an easement, right-of-way, lease, license or permit application for the placement of a Zone 5 & 6 Water Tank, Pipeline, and access road on Federal Lands, specifically the Bureau of Land Management Property | Justun Edwards, Director of Public Works

9.7. Interlocal Cooperation Agreement for the HOME Investment Partnership Program (FFY 2027-2029)

9.8. Accounting of Recently Approved Change Orders – Bryce Terry, City Engineer

9.9. Cooperative Agreement with UDOT for Drainage Along MTN View Corridor – Bryce Terry, City Engineer

9.10. Review and consider a Resolution to re-appoint an Alternate Member of the Herriman City Planning Commission to an additional one-year term of voluntary service on the Planning Commission. Michael Maloy, City Planner

9.11. Award of the Fiscal Year 2026 Herriman Roadway Striping Contract Extension #2 – Justun Edwards, Director of Public Works

9.12. Consideration of a Resolution amending the fiscal year 2027-2028 Job Classification and Salary Plan – Kyle Maurer, Director of Finance and Administrative Services

9.13. *Approval of a Local Consent for SMPL MFG, LLC, to be issued and regulated by the Utah Department of Alcoholic Beverage Services – Sandra Llewellyn, Economic

Councilmember Basham moved to approve the consent agenda as written. Councilmember Anderson seconded the motion.

The vote was recorded as follows:

<i>Councilmember Terrah Anderson</i>	<i>Aye</i>
<i>Councilmember Matt Basham</i>	<i>Aye</i>
<i>Councilmember Jared Henderson</i>	<i>Aye</i>
<i>Councilmember Teddy Hodges</i>	<i>Aye</i>
<i>Mayor Lorin Palmer</i>	<i>Aye</i>

The motion passed unanimously.

10. Discussion and Action Items

10.1. Discussion Regarding a Petition to Vacate a Public Trail near Rose Creek Estates Subdivision – Bryce Terry, City Engineer

City Engineer Bryce Terry presented an update on the petition to vacate the public trail near the Rose Creek Estates subdivision. He reviewed the history of the request, noting that a petition from adjacent property owners was received in 2025, followed by Council direction to evaluate the request and gather additional public input. A community survey found that a majority of respondents opposed vacating the trail, while a subsequent survey of adjacent property owners showed most respondents supported the request, although support had declined from the original petition.

City Engineer Terry outlined two options for vacating the trail: dividing the property between adjacent owners or transferring the entire corridor to one side. He explained that both options would require plat amendments, with vacating the trail to the west side being the simpler approach.

Based on mixed feedback from adjacent property owners, broader neighborhood opposition, and the complexity of the vacation process, staff recommended retaining the trail. Staff proposed mitigation measures to address maintenance and access concerns, including increasing maintenance, installing bollards to prevent unauthorized vehicle access, and adding asphalt millings along the trail edges to reduce weed growth.

Mayor Palmer opened the public comment portion of the meeting for this item.

Adam Jacobson noted he was one of the original petition organizers, urged the Council to consider the west-side vacation option, noting that all property owners on the Phase 7A side of the trail had expressed support and that the plat amendment cost would be approximately \$225 per property, roughly equivalent to two water bills. He also suggested that some survey responses may have

been unclear due to the absence of specific cost figures in the survey questions. He noted that the trail would save users approximately 60 seconds compared to walking the surrounding public infrastructure and argued that closure would save the city ongoing maintenance expenditure.

Scott Lathrop noted he was a resident on the opposite side of the trail from Mr. Jacobson, expressed strong support for closure, describing ongoing issues with trash, shopping carts thrown into his yard, and juveniles using the trail for disruptive activities.

Craig Estano, a west-side resident, likewise supported closure, citing privacy concerns and repeated incidents of juvenile loitering on the trail.

Mayor Palmer closed the public comment portion of the meeting.

The Council discussed the petition and expressed differing views on whether the public trail should be vacated. Councilmember Anderson supported retaining the trail, citing feedback from residents who use it, concerns about establishing a precedent for closing public trails and transferring city-owned property, and her own observation that the trail provides a functional pedestrian connection.

Councilmember Hodges acknowledged the concerns raised by adjacent property owners but stated that he would only support vacating the trail if all affected property owners reached unanimous agreement, noting that the decision would impact every property bordering the corridor. Councilmember Basham agreed, emphasizing the importance of maintaining consistency in how the City handles requests involving public property. He also stated that any future transfer of city-owned land should require the benefiting property owners to cover all associated costs.

Councilmember Henderson expressed support for vacating the trail, stating that he believed it provided limited public benefit and primarily functioned as a corridor behind residential properties rather than a meaningful trail connection. He concluded that the impacts experienced by adjacent homeowners outweighed the trail's limited public use.

Mayor Palmer stated that while he agreed the trail had limited utility, concerns regarding the transfer of city-owned property and the precedent such an action could establish ultimately led him to support retaining the trail.

Councilmember Hodges moved to deny the petition to vacate the public trail near the Rose Creek Estates Subdivision and direct staff to implement mitigation improvements. Councilmember Basham seconded the motion.

The vote was recorded as follows:

<i>Councilmember Terrah Anderson</i>	<i>Aye</i>
<i>Councilmember Matt Basham</i>	<i>Aye</i>
<i>Councilmember Jared Henderson</i>	<i>Nay</i>
<i>Councilmember Teddy Hodges</i>	<i>Aye</i>
<i>Mayor Lorin Palmer</i>	<i>Aye</i>

The motion passed with a vote 4:1.

Councilmember Henderson raised concerns about the City's fence ordinance, noting that existing restrictions on fencing adjacent to trails have resulted in inconsistent compliance and enforcement. He encouraged the Council to either enforce the ordinance consistently or consider amending it. Councilmember Hodges supported reviewing the ordinance and suggested exploring options to address the issue in a timely manner.

Staff advised that any ordinance amendment would require review by the Planning Commission and a public hearing before returning to the Council for consideration. Staff also indicated they would prioritize bringing forward a proposed amendment. Community Development Director Blake Thomas added that newer subdivision designs have generally avoided placing trail corridors between residential lots.

Staff confirmed that the recommended trail mitigation measures, including installation of bollards and asphalt millings, could be completed within approximately two months. Councilmember Anderson also encouraged nearby residents to report any incidents on the trail through the police non-emergency line to help document ongoing concerns.

10.2. Notice of a pending ordinance to amend Section 10-16-1 of the Herriman City Code, Table of Uses, for the following land uses in the manufacturing zones: Conference and Reception Center, Charter School, Vocational School, and Reception Center –
Blake Thomas, Community Development Director

Community Development Director Thomas explained that as the City's commercial sector has grown, applications have been received for land uses in the TM, M-1, and M-2 manufacturing zones that are inconsistent with the stated purposes of those zones. For example, reception centers and charter schools are currently permitted in the M-1 zone, which is designated for research, development, office, data centers, light manufacturing, fabrication, processing, storage, warehousing, and wholesale distribution. Staff recommended approval of a resolution providing notice of a pending ordinance to revise the use table for several non-conforming uses across the three manufacturing zones, with the specific code changes to be brought back for formal adoption at a subsequent meeting.

Councilmember Basham moved to approve Resolution No. R22-2026 providing notice of a pending ordinance to amend to Herriman City Code 10-3-6 Land Use Definitions and 10-16-1 Table of uses relating to certain land uses in the T-M, M-1, and M-2 Zones. Councilmember Henderson seconded the motion.

The vote was recorded as follows:

<i>Councilmember Terrah Anderson</i>	<i>Aye</i>
<i>Councilmember Matt Basham</i>	<i>Aye</i>
<i>Councilmember Jared Henderson</i>	<i>Aye</i>
<i>Councilmember Teddy Hodges</i>	<i>Aye</i>
<i>Mayor Lorin Palmer</i>	<i>Aye</i>

The motion passed unanimously.

10.3. Amending Public Infrastructure Governing Documents for Olympia PIDs 1-7 and amending the Interlocal Agreement between the Olympia PIDS 1-7 and the City of Herriman – Nathan Cherpeski, City Manager

City Manager Nathan Cherpeski presented two related actions concerning the Olympia Public Infrastructure Districts (PIDs) 1 through 7. The first action involved amendments to the PID governing documents to bring them into greater compliance with guidance from the State Auditor, who had expressed concerns that the existing documents did not sufficiently demonstrate the PIDs' independence as separate legal entities from the city. The proposed language changes were intended to address that finding directly.

The second action involved amendments to the interlocal agreement between the city and the Olympia PIDs, which governs the collection of contract fees. The amendment addressed a prior concern in which the PIDs sought to change the fee amount on short notice without an adequate process for city review. The revised agreement establishes a clear process and timeline for any such changes. The amendments also incorporated updated property descriptions to reflect the PIDs' growth through annexation from their original boundaries.

Councilmember Henderson moved to approve Resolution No. R23-2026 authorizing an amendment to the Governing Documents for the Olympia Development Public Infrastructure District. Councilmember Hodges seconded the motion.

The vote was recorded as follows:

<i>Councilmember Terrah Anderson</i>	<i>Aye</i>
<i>Councilmember Matt Basham</i>	<i>Aye</i>
<i>Councilmember Jared Henderson</i>	<i>Aye</i>

Councilmember Teddy Hodges Aye
Mayor Lorin Palmer Aye

The motion passed unanimously.

Councilmember Henderson moved to approve Resolution No. R24-2026 authorizing an amendment to the Interlocal Cooperative Agreement between Herriman City and Olympia Public Infrastructure District No 1-7. Councilmember Hodges seconded the motion.

The vote was recorded as follows:

Councilmember Terrah Anderson Aye
Councilmember Matt Basham Aye
Councilmember Jared Henderson Aye
Councilmember Teddy Hodges Aye
Mayor Lorin Palmer Aye

The motion passed unanimously.

11. Future Meetings

- 11.1.** Next Planning Meeting: July 15, 2026
- 11.2.** Next City Council Meeting: August 11, 2026
- 11.3.** HCSEA Truth in Taxation Public Hearing: August 12, 2026 6:00 p.m.
- 11.4.** HCFSA Truth In Taxation Public Hearing: August 12, 2026 7:00 p.m.

12. Events

- 12.1.** Hungry Herriman Food Truck Roundup: Mondays @ Crane Park 5:00 p.m.
- 12.2.** Pioneer Day: July 24, 2026, Herriman City Offices Closed

13. Closed Session

The Herriman City Council may temporarily recess the City Council meeting to convene in a closed session to discuss the character, professional competence, or physical or mental health of an individual, pending or reasonable imminent litigation, and the purchase, exchange, or lease of real property, as provided by Utah Code Annotated §52-4-205

The Closed Session was conducted during the work session.

14. Adjournment

Councilmember Basham moved to adjourn the City Council meeting at 8:46 p.m. Councilmember Henderson seconded the motion and all present voted aye.

15. Recommence to Work Meeting (If Needed)

I, Jackie Nostrom, City Recorder for Herriman City, hereby certify that the foregoing minutes represent a true, accurate and complete record of the meeting held on July 8, 2026. This document constitutes the official minutes for the Herriman City Council Meeting.

Jackie Nostrom, MMC
City Recorder
