START THE REVIEW OF THE 2026 NEC

Ryan Jackson has created a chart to track the changes in new code, costs, and committee recommendations for the 2026 NEC.

The committee began their review of the 2026 NEC, with Ryan Jackson presenting and explaining the changes in the new code.

The committee agreed that Articles 110.16 and 110.26 will need to be reviewed further and they will consider possible amendments for the IRC in connection with Articles 120.41, 120.82(D) and 120.83 as there are cost savings with the new requirements.

During the review of Chapter 2, it was noted that there is

an amendment for Article 210.52(c) that will need to be reviewed further.

Ryan Jackson will update the spreadsheet, and the committee will start their review of Chapter 3 at the next meeting.

The meeting adjourned at 4:54.
