TOWN OF APPLE VALLEY, UTAH

NOTICE TO RETAIL WATER CUSTOMERS

PROPOSED WATER RATE ORDINANCE AND AMENDMENT TO COMMERCIAL WATER RATES

Town Council Public Meeting	Proposed Water Rates, Fees, and Charges
Date	September 23, 2026
Time	6:00 PM
Location	Apple Valley Town Hall, 1777 N. Meadowlark Drive, Apple Valley, Utah 84737

NOTICE IS HEREBY GIVEN that the Town Council of the Town of Apple Valley, Utah, will consider a proposed ordinance establishing the Town's culinary water rates, fees, and charges by ordinance, ratifying and confirming existing water rates previously adopted by resolution, and amending Title 01.20.020, Commercial. The Town will also consider the corresponding amendments to the Town Fee Schedule.

IMPORTANT: Except where specifically identified below as a proposed amendment, the existing water rates, fees, and charges listed in this notice have already been approved by the Town Council and are currently in effect. They are included because the Town proposes to ratify, confirm, and establish those existing rates by ordinance in accordance with Utah Code § 10-8-22. Their inclusion does not, by itself, represent a proposed increase.

PROPOSED AMENDMENT - TITLE 01.20.020 COMMERCIAL

The proposed amendment would establish the following commercial water usage tiers:

Gallons Used	Charge per 1,000 Gallons
0-5,000 gallons	\$1.50

CUSTOMER PARTICIPATION AND REVIEW

Utah Code § 10-8-22 requires municipalities to provide retail customers notice of proposed rate changes and the same opportunity to appear and participate in a public meeting addressing water rates. All Town of Apple Valley retail water customers are invited to attend the September 23, 2026 Town Council meeting and provide comments regarding the proposed ordinance and commercial rate amendment.

Copies of the proposed ordinance and proposed Town Fee Schedule are available for public review at the Apple Valley Town Office, 1777 N. Meadowlark Drive, Apple Valley, Utah, during regular business hours and may also be made available on the Town website.

For additional information, please contact the Town of Apple Valley at 435-877-1190.

TOWN OF APPLE VALLEY, UTAH

ORDINANCE NO. O-2026-22

AN ORDINANCE OF THE TOWN OF APPLE VALLEY, UTAH, ESTABLISHING MUNICIPAL CULINARY WATER RATES, FEES, AND CHARGES BY ORDINANCE; RATIFYING AND CONFIRMING WATER RATES, FEES, AND CHARGES PREVIOUSLY ESTABLISHED BY RESOLUTION; AMENDING TITLE 01.20.020, COMMERCIAL; ADOPTING THE CURRENT SCHEDULE OF WATER RATES, FEES, AND CHARGES; INCORPORATING CULINARY WATER PRICING AND CONSERVATION REQUIREMENTS; COORDINATING THOSE WATER RATES WITH THE TOWN FEE SCHEDULE; AMENDING CERTAIN WATER RATES; AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the Town of Apple Valley, Utah (the "Town") owns and operates a municipal culinary water system and furnishes culinary water service to retail customers within its designated water service area; and

WHEREAS, Utah Code Section 10-8-22 provides that a municipality shall fix the rates to be paid for the use of water furnished by the municipality and expressly provides that the setting of municipal water rates is a legislative act; and

WHEREAS, Utah Code Section 10-8-22 requires a municipality, within its designated water service area, to establish by ordinance reasonable rates for services provided to retail water customers, to use the same method of providing notice to all retail customers of proposed rate changes, and to allow all retail customers the same opportunity to appear and participate in a public meeting addressing water rates; and

WHEREAS, Utah Code Section 10-8-22 permits different rates for different classifications of retail customers when the classifications and rates have a reasonable basis; and

WHEREAS, the Town has historically established and amended culinary water rates, fees, and charges through resolutions of the Town Council and through the Town Fee Schedule and Appendix A, Schedule of Water Rates, Fees, and Charges; and

WHEREAS, the Town Council desires to ratify and confirm, for historical purposes, the water rates, fees, and charges previously established by resolution to the extent those rates, fees, and charges are reflected in Exhibit A to this Ordinance, while prospectively establishing the Town's current water rates, fees, and charges by ordinance; and

WHEREAS, the Town Council further desires to adopt the current Schedule of Water Rates, Fees, and Charges and any amendments reflected therein as part of this Ordinance; and

WHEREAS, the Town Council specifically desires to amend Title 01.20.020, Commercial, to establish the commercial base/standby rates, commercial usage rates, commercial impact fee schedule, and commercial retail connection fee provisions reflected in Exhibit A; and

WHEREAS, the Town Council is concurrently considering amendments to the Town's general Fee Schedule, which includes the water rates, fees, and charges established by this Ordinance for administrative convenience and public reference; and

WHEREAS, the inclusion of water rates, fees, and charges in the Town Fee Schedule is intended as a convenient reference and does not replace the legislative authority of this Ordinance; in the event of any conflict between the Town Fee Schedule and this Ordinance or Exhibit A, this Ordinance and Exhibit A shall control; and

WHEREAS, the Town Council finds that the customer classifications, rates, fees, and charges established by this Ordinance have a reasonable basis and are reasonably related to the operation, maintenance, administration, conservation, capacity, service demands, and costs of the Town's culinary water system.

WHEREAS, Utah Code Section 73-10-32.5 requires an applicable retail water supplier to consider water conservation, including at least one water conservation effort, when setting water rates with the goal of encouraging efficient water use and eliminating wasteful or excessive water use; and

WHEREAS, Utah Code Section 73-10-32.5 requires an applicable culinary water rate structure to incorporate increasing block units of water used and to provide for an increase in the rate charged for additional block units as usage increases from one block unit to the next; and

WHEREAS, the residential culinary water rate structure reflected in Exhibit A incorporates increasing usage blocks and progressively higher usage rates at higher levels of consumption and is intended to encourage efficient water use and discourage wasteful or excessive water use; and

WHEREAS, Utah Code Section 73-10-32.5 further requires applicable retail water suppliers to base the culinary water rate structure on a generally accepted rate-setting method, provide customers with block-unit rates and the customer billing cycle on billing notices or through a notice distributed at least annually, include individual customer water usage on customer billing notices, and consider urban farming in setting rates; and

WHEREAS, beginning no later than July 1, 2027, Utah Code Section 73-10-32.5 requires one or more water conservation efforts to be included as an element in determining the rate charged for at least the highest usage block unit of water for a customer classification that primarily serves residential customers; and

WHEREAS, the Town Council desires that the Town administer, document, review, and amend its culinary water rate structure in a manner consistent with the applicable requirements of Utah Code Sections 10-8-22 and 73-10-32.5.

NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF APPLE VALLEY, UTAH, AS FOLLOWS:

SECTION 1. PURPOSE AND INTENT

The purpose of this Ordinance is to establish the Town of Apple Valley's municipal culinary water rates, fees, and charges by ordinance; ratify and confirm prior Town Council actions establishing water rates, fees, and charges by resolution to the extent reflected in Exhibit A; adopt the Town's current water rate schedule; incorporate applicable culinary water pricing and conservation requirements under Utah Code Section 73-10-32.5; coordinate those water rates with the Town's general Fee Schedule for administrative and public-reference purposes; and provide a clear legislative basis for the assessment and collection of such rates, fees, and charges going forward.

SECTION 2. RATIFICATION AND CONFIRMATION OF PRIOR WATER RATE RESOLUTIONS

The Town Council hereby ratifies and confirms the water rates, fees, and charges previously established, amended, approved, or continued by resolution of the Town Council, but only to the extent those rates, fees, and charges are restated in Exhibit A to this Ordinance.

This ratification and confirmation recognizes the historical actions of the Town Council and the rates, fees, and charges assessed and collected under those actions. Nothing in this Ordinance is intended to retroactively convert a prior resolution into an ordinance.

Nothing in this Ordinance shall be construed to invalidate, reverse, refund, or otherwise disturb amounts previously billed, paid, collected, credited, or owing under rates, fees, and charges in effect before the effective date of this Ordinance, subject to applicable law.

SECTION 3. CURRENT WATER RATES, FEES, AND CHARGES ESTABLISHED BY ORDINANCE

The Town Council hereby establishes and adopts by ordinance the Schedule of Water Rates, Fees, and Charges attached as Exhibit A and incorporated herein by this reference. From and after the effective date of this Ordinance, Exhibit A shall constitute the Town's current schedule of culinary water rates, fees, and charges unless subsequently amended in accordance with applicable law. The provisions of Exhibit A are

adopted as the operative water-rate provisions of the Town, including the amendment to Title 01.20.020, Commercial.

SECTION 4. AMENDMENT TO TITLE 01.20.020, COMMERCIAL, AND CURRENT RATE AMENDMENTS

Title 01.20.020, Commercial, of the Apple Valley Municipal Code is hereby amended and replaced with the commercial water rates, fees, and provisions set forth in Exhibit A to this Ordinance. The amendment includes the commercial base/standby rates by meter size, commercial usage-rate tiers, commercial impact fee schedule, and commercial retail connection fee provisions stated in Exhibit A. Any other amendments reflected in Exhibit A are also adopted as part of this Ordinance and shall take effect with this Ordinance. To the extent a prior resolution, fee schedule, or other Town action establishes a water rate, fee, or charge that differs from Exhibit A, Exhibit A shall control prospectively from the effective date of this Ordinance.

SECTION 5. RELATIONSHIP TO TOWN FEE SCHEDULE

The Town's general Fee Schedule may reproduce the water rates, fees, and charges established by this Ordinance and Exhibit A for administrative convenience, billing reference, and public access. The concurrent approval or amendment of the Town Fee Schedule does not independently establish or amend a municipal retail water rate required by Utah Code Section 10-8-22 to be established by ordinance. In the event of any inconsistency between the Town Fee Schedule and this Ordinance or Exhibit A, this Ordinance and Exhibit A shall control.

SECTION 6. CUSTOMER CLASSIFICATIONS

The Town Council finds that the classifications reflected in Exhibit A, including residential, commercial, standby, meter-size, bulk water, and emergency conservation classifications, have a reasonable basis, including differences in service characteristics, meter capacity, demand, usage, conservation objectives, system impacts, administrative requirements, and other identifiable factors associated with providing municipal water service.

SECTION 7. CULINARY WATER PRICING STRUCTURE AND CONSERVATION

To the extent applicable to the Town as a retail water supplier, the Town shall administer and periodically review the culinary water rate structure established by this Ordinance consistent with Utah Code Section 73-10-32.5.

The residential rate structure in Exhibit A incorporates increasing block units of water used and increases the usage rate as consumption moves into higher block units. The Town Council finds that this structure is intended to encourage efficient water use and reduce wasteful or excessive water use.

When establishing or amending culinary water rates, the Town shall consider water conservation, including at least one water conservation effort, and shall maintain documentation in the rate-setting record identifying the generally accepted rate-setting method used to support the rate structure.

The Town shall provide customers with the applicable block-unit rates and the customer billing cycle either on customer billing notices or in a notice distributed to customers at least annually, and customer billing notices shall include the individual customer water usage as required by applicable law.

In setting or amending culinary water rates, the Town Council shall consider urban farming that improves food security, reduces pollution, and creates green spaces, as provided in Utah Code Section 73-10-32.5.

No later than July 1, 2027, the Town shall include one or more water conservation efforts as an element in determining the rate charged for at least the highest usage block unit of water for a customer classification that primarily serves residential customers, as required by Utah Code Section 73-10-32.5.

SECTION 8. EMERGENCY WATER RATES

Emergency residential water rates set forth in Exhibit A shall apply only while the corresponding water conservation stage has been activated by written declaration of the Mayor pursuant to the Town of Apple

Valley Water Conservation Plan. The residential base fee and standby fee shall remain as established in Exhibit A. Upon termination of the applicable declaration, the regular residential water rates shall resume. Emergency rates shall be administered based on the Town's meter-reading and billing cycles, with reasonable notice to affected customers before or as soon as practicable after activation.

SECTION 9. PRIOR RESOLUTIONS AND CONFLICTING PROVISIONS

Prior resolutions establishing water rates, fees, or charges shall remain part of the Town's legislative and administrative history. To the extent a prior resolution, policy, or Town Fee Schedule provision is inconsistent with this Ordinance or Exhibit A, this Ordinance and Exhibit A shall control prospectively from the effective date of this Ordinance. Other ordinances, resolutions, policies, and fee schedule provisions are superseded only to the extent of an actual conflict with this Ordinance.

SECTION 10. ADMINISTRATION

The Mayor, Town staff, and other authorized representatives of the Town are authorized to administer and collect the rates, fees, and charges established by this Ordinance consistent with the Apple Valley Municipal Code, adopted Town policies, applicable agreements, and state law. Town staff are further authorized to implement customer billing notices, annual rate notices, rate-setting recordkeeping, and other administrative measures necessary to carry out Sections 10-8-22 and 73-10-32.5 of the Utah Code. Administrative calculation or application of an established rate based upon metered usage does not constitute an amendment to the rate.

SECTION 11. SEVERABILITY

If any section, subsection, sentence, clause, phrase, provision, or portion of this Ordinance or Exhibit A is held invalid or unenforceable by a court of competent jurisdiction, the remaining portions shall remain in full force and effect.

SECTION 12. EFFECTIVE DATE

This Ordinance shall become effective upon adoption and posting, publication, or other action required by Utah law.

PASSED AND ADOPTED by the Town Council of the Town of Apple Valley, Utah, this 23rd day of September, 2026.

Master Development Agreements (MDAs), water agreements, reimbursement agreements, utility agreements, road agreements, development agreements, or other agreements requiring Town Attorney, Town Engineer, consultant, or administrative review

Initial Deposit / Retainer \$10,000.00 minimum deposit required for Master Development Agreements (MDAs), water agreements, reimbursement agreements, utility agreements, road agreements, development agreements, or other agreements requiring Town Attorney, Town Engineer, consultant, or administrative review. The deposit shall function as a retainer account for project-related review and processing costs.

The Town shall draw from the deposit as costs are incurred. If the deposit balance falls below \$5,000.00, the applicant shall replenish the deposit upon request by the Town before additional processing or review occurs.

Applicants shall reimburse the Town for all actual costs incurred related to the review, drafting, processing, negotiation, administration, inspection, recording, and enforcement of the agreement.

Recoverable costs may include attorney fees, engineering fees, consultant fees, recording fees, administrative processing costs, staff review and coordination costs, mayoral review and coordination time, planning and zoning review time, finance and clerk administrative time, inspection costs, and other direct costs incurred by the Town.

The Mayor, in consultation with Town staff, may require increased deposit amounts, up to \$25,000.00, based upon project complexity, anticipated review costs, or project scope.

Any unused portion of the deposit shall be refunded to the applicant following completion of the project or agreement.

The Town reserves the right to suspend processing of an application or agreement if the applicant fails to maintain sufficient deposit balances.

These fees are intended for cost recovery purposes and not for revenue generation.

14.02.080 Impact Fee Schedules And Formulas

Maximum Supportable Impact Fees. The fee schedules included herein represent the maximum impact fees which the Town may impose on development within the defined Impact Fee Service Area and are based upon general demand characteristics and potential demand that can be created by each class of user. The Town reserves the right under the Impact Fees Act (Utah Code § 11-36-202(2)(c,d)) to assess an adjusted fee to respond to unusual circumstances to ensure that fees are equitably assessed.

This adjustment may result in a higher impact fee if the Town determines that a user would create a greater than normal impact on any of the systems. The Town may also decrease the impact fee if the developer can provide documentation that the proposed impact will be less than what could be expected given the type of user (Utah Code § 11-36-202(3)(a)).

Impact Fee Schedules:

STORMWATER IMPACT FEES. The impact fees for stormwater as set forth in the attached Table 3, shall be paid at the time of application for a building permit for any property located within the drainage boundary.

Table 1 - Storm Water Impact Fee

Zoning	Adopted Impact Fee Per Acre within Drainage Boundary
Residential	\$2,885.79/acre

Commercial	\$2,885.79/acre
------------	-----------------

PARKS, TRAILS, AND OPEN SPACE IMPACT FEES. The impact fees for parks, trails and open space as set forth in the attached Table 2, shall be paid at the time of application for a building permit.

Zoning	Adopted Impact Fee Per Household (2.38 Persons)
Residential	\$725
Commercial	None

NON-STANDARD PARK IMPACT FEES: The Town reserves the right under the Impact Fees Act to assess an adjusted fee that more closely matches the true impact that a land-use will have upon public facilities. The adjustment for Non-Standard Park Impact Fees could result in a different impact fee if the Town determines that a particular user may create a different impact than what is standard for its land use. The non-standard impact fee is calculated based on the following formula:

Estimated Population per Unit x Estimate of Impact Fee Per Capita (\$305) = Impact Fee per Unit

FIRE AND EMS IMPACT FEES. The impact fees for public safety as set forth in the attached Table 3, shall be paid at the time of application for a building permit.

	Cost per SFE	SFE Conversion	Total Impact Fee per Unit
Residential			
Single Family Dwelling Unit	\$844	1.00	\$844
Multi-Family Dwelling Unit	\$844	0.68	\$571
Non-Residential			
Shopping Center (per 1K SF)	\$11,443	2.81	\$32,117
General Office (per 1K SF)	\$11,443	1.43	\$16,413
Light Industrial (per 1K SF)	\$11,443	0.84	\$9,594

NON-STANDARD FIRE AND EMS IMPACT FEES: The Town reserves the right under the Impact Fees Act to assess an adjusted fee that more closely matches the true impact that the land use will have upon public facilities. This adjustment could result in a different impact fee if the Town determines that a particular user may create a different impact than what is standard for its land use. To determine the impact fee for a non-standard use, the Town should use the following formula:

Formula for Non-Standard Fire Impact Fees: Residential Fee: SFE Conversion x \$844 = Recommended Impact Fee
Non-Residential Fee: SFE Conversion x \$11,443 = Recommended Impact Fee

TRANSPORTATION IMPACT FEES. The impact fees for transportation as set forth in the attached Table 4, shall be paid at the time of application for a building permit.

LAND USE:	Impact Fee per Unit
Singe Family Residential	\$2,660
Multi-Family Residential	\$1,800
Shopping Center	\$7,466

NON STANDARD IMPACT FEES: The Town reserves the right under the Impact Fees Act to assess an adjusted fee that more closely matches the true impact that a specific land use will have upon the Town's transportation system. This adjustment could result in a different impact fee if evidence suggests a particular user will create a different impact than what is standard for its category. The Town may adjust the impact fee if the developer can provide documentation, evidence, or other credible analysis that the proposed impact will be different than what is proposed in this analysis.

Formula for Non-Standard Transportation Impact Fees: Total Units x Estimate of PM Peak Hour Trips per Unit x Adjustment Factor x \$2,687 = Impact Fee per Unit
